EDITORIAL NOTES

REFERENCES IN TEXT

Title 58 of the Revised Statutes, referred to in text, was in the original "this Title" meaning title 58 of the Revised Statutes, consisting of R.S. §§4792 to 4800, which were classified to sections 88 to 91, 97, and 112 to 114 of this title and section 8 of former Title 4, Flag and Seal, Seat of Government, and the States. Such section 8 of former Title 4 was repealed by act July 30, 1947, ch. 389, §2, 61 Stat. 645, and reenacted by the first section thereof as section 73 of Title 4. For complete classification of R.S. §§4792 to 4800 to the Code, see Tables.

CODIFICATION

R.S. §4792 derived from act Feb. 23, 1799, ch. 12, §1, 1 Stat. 619.

STATUTORY NOTES AND RELATED SUBSIDIARIES

CHANGE OF NAME

"Secretary of Health and Human Services" substituted in text for "Secretary of Health, Education, and Welfare" pursuant to section 509(b) of Pub. L. 96-88, which is classified to section 3508(b) of Title 20, Education.

TRANSFER OF FUNCTIONS

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

"Coast Guard vessels" substituted in text for "revenue-cutters", Revenue Cutter Service and Life-Saving Service having been combined to form Coast Guard by section 1 of act Jan. 28, 1915. That act was repealed by section 20 of act Aug. 4, 1949, section 1 of which reestablished the Coast Guard by enacting Title 14, Coast Guard.

EDITORIAL NOTES

CODIFICATION

Section was formerly classified to section 18 of Title 29, Labor.

STATUTORY NOTES AND RELATED SUBSIDIARIES

CHANGE OF NAME

"Department of Health and Human Services" substituted in text for "Department of Health, Education, and Welfare" pursuant to section 509(b) of Pub. L. 96–88, which is classified to section 3508(b) of Title 20, Education.

TRANSFER OF FUNCTIONS

Functions authorized by section 192 of this title and such other functions of Federal Security Agency as Administrator might designate were to be administered through Children's Bureau under his direction and control.

Functions of Children's Bureau under sections 201 to 216, 217 to 219 of Title 29, Labor, transferred to Secretary of Labor.

Act Apr. 9, 1912, established Children's Bureau in Department of Commerce and Labor. Act Mar. 4, 1913, transferred Children's Bureau to Department of Labor, which was created by that act, and was authority for substitution of "Department of Labor" for "Department of Commerce and Labor".

EXECUTIVE DOCUMENTS

TRANSFER OF FUNCTIONS

Functions of Federal Security Administrator transferred to Secretary of Health, Education, and Welfare and all agencies of Federal Security Agency transferred to Department of Health, Education, and Welfare by section 5 of Reorg. Plan No. 1 of 1953, set out as a note under section 3501 of this title. Federal Security Agency and office of Administrator abolished by section 8 of Reorg. Plan No. 1 of 1953.

"Federal Security Agency" substituted for "Department of Labor" pursuant to Reorg. Plan No. 2 of 1946, set out in the Appendix to Title 5, Government Organization and Employees, which transferred Children's

Bureau, exclusive of its Industrial Division, from Department of Labor to Federal Security Agency. Functions of Bureau, its Chief, and of Secretary of Labor relating to such functions transferred to Federal Security Administrator.

For transfer of personnel, property, records and funds, see section 12 of Reorg. Plan No. 2 of 1946.

§192. Chief of bureau; investigations and reports

The Children's Bureau shall be under the direction of a chief, to be appointed by the President, by and with the advice and consent of the Senate. The said bureau shall investigate and report to the Secretary of Health and Human Services, upon all matters pertaining to the welfare of children and child life among all classes of our people, and shall especially investigate the questions of infant mortality, the birth rate, orphanage, juvenile courts, desertion, dangerous occupations, accidents and diseases of children, employment, legislation affecting children in the several States and Territories. But no official, or agent, or representative of said bureau shall, over the objection of the head of the family, enter any house used exclusively as a family residence. The chief of said bureau may from time to time publish the results of these investigations in such manner and to such extent as may be prescribed by the Secretary.

EDITORIAL NOTES

CODIFICATION

In the first sentence of this section, provisions which specified an annual compensation of \$5,000 for the chief of the Children's Bureau have been omitted superseded. Following enactment of the Classification Act of 1923, the compensation was fixed in accordance with that Act. See act Feb. 27, 1925, title IV, 43 Stat. 1050. Sections 1202 and 1204 of the Classification Act of 1949, 63 Stat. 972, 973, repealed the Classification Act of 1923 and all other laws or parts of laws inconsistent with the 1949 Act. The Classification Act of 1949 was repealed by Pub. L. 89-554, Sept. 6, 1966, §8(a), 80 Stat. 632, and reenacted as chapter 51 and subchapter III of chapter 53 of Title 5, Government Organization and Employees. Section 5102 of Title 5 now contains the applicability provisions of the 1949 Act, and section 5103 of Title 5 authorizes the Office of Personnel Management to determine the applicability to specific positions and employees.

Section was formerly classified to section 18a of Title 29, Labor.

EDITORIAL NOTES

REFERENCES IN TEXT

Section 246(g) of this title, referred to in subsec. (f), was repealed by Pub. L. 96–398, title I, §107(d), Oct. 7, 1980, 94 Stat. 1571.

Section 247c(c)(1) of this title, referred to in subsec. (f), was repealed by Pub. L. 94–317, title II, §203(f)(1), June 23, 1976, 90 Stat. 704.

Section 254d(h)(3) of this title, referred to in subsec. (f), was redesignated section 254d(i)(4) of this title by Pub. L. 100–177, title II, §202(b)(5), title III, §301(1), Dec. 1, 1987, 101 Stat. 996, 1003, and was subsequently redesignated section 254d(j)(4) of this title by Pub. L. 107–251, title III, §301(b)(1), Oct. 26, 2002, 116 Stat. 1643.

Section 263c(5) of this title, referred to in subsec. (f), was in the original a reference to section 355(5) of the Public Health Service Act which was redesignated section 531(5) of the Federal Food, Drug, and Cosmetic Act by Pub. L. 101–629, §19(a)(3), Nov. 28, 1990, 104 Stat. 4530, and is now classified to section 360hh(5) of Title 21, Food and Drugs.

Section 292a of this title, referred to in subsec. (f), contained definitions for purposes of subchapter V of this chapter prior to the general revision of subchapter V by Pub. L. 102–408, title I, §102, Oct. 13, 1992, 106 Stat. 1994. See sections 292o and 295p of this title.

Section 300n of this title, referred to in subsec. (f), was repealed by Pub. L. 99–660, title VII, §701(a), Nov. 14, 1986, 100 Stat. 3799.

Section 4731(g) of title 26, referred to in subsec. (j), was repealed by Pub. L. 91–513, title III, §1101(b)(3)(A), Oct. 27, 1970, 84 Stat. 1292. A definition of "opiate" is contained in section 102 of Pub. L. 91–513, which is classified to section 802 of Title 21, Food and Drugs. Reference to section 4731(g) of title 26 was substituted for "section 3228(f) of title 26" on authority of section 7852(b) of Title 26, Internal Revenue Code, which provides that a reference in other laws to the Internal Revenue Code of 1939 is deemed a reference to the corresponding provision of the Internal Revenue Code of 1986.

CODIFICATION

Section was enacted as part of title I of act July 1, 1944, ch. 373, 58 Stat. 682, and not as part of title II of such Act which comprises this subchapter.

REORGANIZATION PLAN NO. 3 OF 1966

EFF. JUNE 25, 1966, 31 F.R. 8855, 80 STAT. 1610

Prepared by the President and transmitted to the Senate and the House of Representatives in Congress

assembled, April 25, 1966, pursuant to the provisions of the Reorganization Act of 1949, 63 Stat. 203, as amended [see 5 U.S.C. 901 et seq.].

PUBLIC HEALTH SERVICE

SECTION 1. TRANSFER OF FUNCTIONS

(a) Except as otherwise provided in subsection (b) of this section, there are hereby transferred to the Secretary of Health, Education, and Welfare (hereinafter referred to as the Secretary) all functions of the Public Health Service, of the Surgeon General of the Public Health Service, and of all other officers and employees of the Public Health Service, and all functions of all agencies of or in the Public Health Service.

(b) This section shall not apply to the functions vested by law in any advisory council, board, or committee of or in the Public Health Service which is established by law or is required by law to be established.

SEC. 2. PERFORMANCE OF TRANSFERRED FUNCTIONS

The Secretary may from time to time make such provisions as he shall deem appropriate authorizing the performance of any of the functions transferred to him by the provisions of this reorganization plan by any officer, employee, or agency of the Public Health Service or of the Department of Health, Education, and Welfare.

SEC. 3. ABOLITIONS

(a) The following agencies of the Public Health Service are hereby abolished:

(1) The Bureau of Medical Services, including the office of Chief of the Bureau of Medical Services.

(2) The Bureau of State Services, including the office of Chief of the Bureau of State Services.

(3) The agency designated as the National Institutes of Health (42 U.S.C. 203), including the office of Director of the National Institutes of Health (42 U.S.C. 206(b)) but excluding the several research Institutes in the agency designated as the National Institutes of Health.

(4) The agency designated as the Office of the Surgeon General (42 U.S.C. 203(1)), together with the office held by the Deputy Surgeon General (42 U.S.C. 206(a)).

(b) The Secretary shall make such provisions as he shall deem necessary respecting the winding up of any outstanding affairs of the agencies abolished by the provisions of this section.

SEC. 4. INCIDENTAL TRANSFERS

As he may deem necessary in order to carry out the provisions of this reorganization plan, the Secretary may from time to time effect transfers within the Department of Health, Education, and Welfare of any of the records, property, personnel and unexpended balances (available or to be made available) of appropriations, allocations, and other funds of the Department which relate to functions affected by this reorganization plan.

[The Secretary and Department of Health, Education, and Welfare were redesignated the Secretary and Department of Health and Human Services, respectively, by 20 U.S.C. 3508.]

MESSAGE OF THE PRESIDENT

To the Congress of the United States:

I transmit herewith Reorganization Plan No. 3 of 1966, prepared in accordance with the Reorganization Act of 1949, as amended, and providing for reorganization of health functions of the Department of Health, Education, and Welfare.

I

Today we face new challenges and unparalleled opportunities in the field of health. Building on the progress of the past several years, we have truly begun to match the achievements of our medicine to the needs of our people.

The task ahead is immense. As a nation, we will unceasingly pursue our research and learning, our training and building, our testing and treatment. But now our concern must also turn to the organization of our Federal health programs.

As citizens we are entitled to the very best health services our resources can provide.

As taxpayers, we demand the most efficient and economic health organizations that can be devised.

I ask the Congress to approve a reorganization plan to bring new strength to the administration of Federal health programs.

I propose a series of changes in the organization of the Public Health Service that will bring to all Americans a structure modern in design, more efficient in operation and better prepared to meet the great and growing needs of the future. Through such improvements we can achieve the full promise of the landmark

health legislation enacted by the 89th Congress.

I do not propose these changes lightly. They follow a period of careful deliberation. For many months the Secretary of Health, Education, and Welfare, and the Surgeon General have consulted leading experts in the Nation—physicians, administrators, scientists, and public health specialists. They have confirmed my belief that modernization and reorganization of the Public Health Service are urgently required and long overdue.

II

The Public Health Service is an operating agency of the Department of Health, Education, and Welfare. It is the principal arm of the Federal Government in the field of health. Its programs are among those most vital to our well-being.

Since 1953 more than 50 new programs have been placed in the Public Health Service. Its budget over the past 12 years has increased tenfold—from \$250 million to \$2.4 billion.

Today the organization of the Public Health Service is clearly obsolete. The requirement that new and expanding programs be administered through an organizational structure established by law more than two decades ago stands as a major obstacle to the fulfillment of our Nation's health goals.

As presently constituted, the Public Health Service is composed of four major components:

- National Institutes of Health.
- Bureau of State Services.
- Bureau of Medical Services.
- Office of the Surgeon General.

Under present law, Public Health Service functions must be assigned only to these four components.

This structure was designed to provide separate administrative arrangements for health research, programs of State and local aid, health services, and executive staff resources. At a time when these functions could be neatly compartmentalized, the structure was adequate. But today the situation is different.

Under recent legislation many new programs provide for an integrated attack on specific disease problems or health hazards in the environment by combining health services, State and local aid, and research. Each new program of this type necessarily is assigned to one of the three operating components of the Public Health Service. Yet none of these components is intended to administer programs involving such a variety of approaches.

Our health problems are difficult enough without having them complicated by outmoded organizational arrangements.

But if we merely take the step of integrating the four agencies within the Public Health Service we will not go far enough. More is required.

III

The Department of Health, Education, and Welfare performs major health or health-related functions which are not carried out through the Public Health Service, although they are closely related to its functions. Among these are:

- Health insurance for the aged, administered through the Social Security Administration;
- Medical assistance for the needy, administered through the Welfare Administration;
- Regulation of the manufacture, labeling, and distribution of drugs, carried out through the Food and Drug Administration; and
- Grants-in-aid to States for vocational rehabilitation of the handicapped, administered by the Vocational Rehabilitation Administration.

Expenditures for health and health-related programs of the Department administered outside the Public Health Service have increased from \$44 million in 1953 to an estimated \$5.4 billion in 1967.

As the head of the Department, the Secretary of Health, Education, and Welfare is responsible for the Administration and coordination of all the Department's health functions. He has clear authority over the programs I have just mentioned.

But today he lacks this essential authority over the Public Health Service. The functions of that agency are vested in the Surgeon General and not in the Secretary.

This diffusion of responsibility is unsound and unwise.

To secure the highest possible level of health services for the American people the Secretary of Health, Education, and Welfare must be given the authority to establish—and modify as necessary—the organizational structure for Public Health Service programs.

He must also have the authority to coordinate health functions throughout the Department. The reorganization plan I propose will accomplish these purposes. It will provide the Secretary with the flexibility to create new and responsive organizational arrangements to keep pace with the changing and dynamic nature

of our health programs.

My views in this respect follow a basic principle of good government set by the Hoover Commission in 1949 when it recommended that "the Department head should be given authority to determine the organization within his Department."

IV

In summary, the reorganization plan would:

Transfer to the Secretary of Health, Education, and Welfare the functions now vested in the Surgeon General of the Public Health Service and in its various subordinate units (this transfer will not affect certain statutory advisory bodies such as the National Advisory Cancer and Heart Councils);

Abolish the four principal statutory components of the Public Health Service, including the offices held by their heads (the Bureau of Medical Services, the Bureau of State Services, the National Institutes of Health exclusive of its several research institutes such as the National Cancer and Heart Institutes, and the Office of the Surgeon General); and

Authorize the Secretary to assign the functions transferred to him by the plan to officials and entities of the Public Health Service and to other agencies of the Department as he deems appropriate.

Thus, the Secretary would be—

Enabled to assure that all health functions of the Department are carried out as effectively and economically as possible;

Given authority commensurate with his responsibility; and

Made responsible in fact for matters for which he is now, in any case, held accountable by the President, the Congress, and the people.

V

I have found, after investigation, that each reorganization included in the accompanying reorganization plan is necessary to accomplish one or more of the purposes set forth in section 2(a) of the Reorganization Act of 1949, as amended.

Should the reorganizations in the accompanying reorganization plan take effect, they will make possible more effective and efficient administration of the affected health programs. It is, however, not practicable at this time to itemize the reductions in expenditures which may result.

I strongly recommend that the Congress allow the reorganization plan to become effective.

LYNDON B. JOHNSON.

THE WHITE HOUSE, April 25, 1966.

INTERNATIONAL HEALTH ADMINISTRATION

Ex. Ord. No. 10399, Sept. 27, 1952, 17 F.R. 8648, designated Surgeon General to perform certain duties under International Sanitary Regulations of World Health Organization.

EXECUTIVE ORDER NO. 10506

Ex. Ord. No. 10506, Dec. 10, 1953, 18 F.R. 8219, which delegated certain functions of the President relating to the Public Health Service, was superseded by Ex. Ord. No. 11140, Jan. 30, 1964, 29 F.R. 1637, set out below.

EX. ORD. NO. 11140. DELEGATION OF FUNCTIONS

Ex. Ord. No. 11140, Jan. 30, 1964, 29 F.R. 1637, as amended by Ex. Ord. No. 12608, Sept. 9, 1987, 52 F.R. 34617, provided:

By virtue of the authority vested in me by Section 301 of Title 3 of the United States Code, and as President of the United States, it is ordered as follows:

SECTION 1. The Secretary of Health and Human Services is hereby authorized and empowered, without the approval, ratification, or other action of the President, to perform the following-described functions vested in the President under the Public Health Service Act (58 Stat. 682), as amended [42 U.S.C. 201 et seq.]:

(a) The authority under Section 203 (42 U.S.C. 204): to appoint commissioned officers of the Reserve Corps [now Ready Reserve Corps].

(b) The authority under Section 206(b) (42 U.S.C. 207(b)) to prescribe titles, appropriate to the several grades, for commissioned officers of the Public Health Service other than medical officers.

(c) The authority under Section 207(a)(2) (42 U.S.C. 209(a)(2)) to terminate commissions of officers of the Reserve Corps without the consent of the officers concerned.

(d) The authority under Section 210(a), (k), and (l) (42 U.S.C. 211(a), (k), and (l)) to make or terminate

temporary promotions of commissioned officers of the Regular Corps and Reserve Corps.

(e) The authority under Section 211(a)(5) (42 U.S.C. 212(a)(5)) to approve voluntary retirements under that section.

(f) The authority to prescribe regulations under the following-designated Sections: 207(a), 207(b), 208(e), 210(a), 210(b), 210(d)(1), 210(h), 210(i), 210(j)(1), 210(k), 215(a), 218(a), 219(a), and 510 (42 U.S.C. 209(a), 209(b), 210(e), 211(a), 211(b), 211(d)(1), 211(h), 211(i), 211(j)(1), 211(k), 216(a), 218a(a), 210–1(a), and 228).

(g) The authority under Sections 321(a) and 364(a) (42 U.S.C. 248(a) and 267(a)) to approve the selection of suitable sites for and the establishment of additional institutions, hospitals, stations, grounds, and anchorages; subject, however, to the approval of the Director of the Office of Management and Budget, except as he may otherwise provide.

SEC. 2. The Surgeon General is hereby authorized and empowered, without the approval, ratification, or other action of the President, to perform the function vested in the President by Sections 203 and 207(a)(2) of the Public Health Service Act (58 Stat. 683, 685), as amended (42 U.S.C. 204 and 209(a)(2)), or otherwise, of accepting voluntary resignations of commissioned officers of the Regular Corps or the Reserve Corps [now Ready Reserve Corps].

SEC. 3. The Secretary of Health and Human Services is hereby authorized and empowered, without the approval, ratification, or other action of the President, to exercise the authority vested in the President by Section 704 of Title 37 of the United States Code to prescribe regulations.

SEC. 4. The Secretary of Health and Human Services is hereby authorized to redelegate all or any part of the functions set forth under (a), (b), (c), and (d) of Section 1 hereof to the Surgeon General of the Public Health Service or other official of that Service who is required to be appointed by and with the advice and consent of the Senate.

SEC. 5. All actions heretofore taken by appropriate authority with respect to the matters affected by this order and in force at the time of the issuance of this order, including any regulations prescribed or approved with respect to such matters, shall, except as they may be inconsistent with the provisions of this order, remain in effect until amended, modified, or revoked pursuant to the authority conferred by this order.

SEC. 6. As used in this order, the term "functions" embraces duties, powers, responsibilities, authority, or discretion, and the term "perform" may be construed to mean "exercise".

SEC. 7. (a) Executive Order No. 10506 of December 10, 1953, entitled "Delegating Certain Functions of the President under the Public Health Service Act," is hereby superseded.

(b) Executive Orders Nos. 9993 of August 31, 1948, 10031 of January 26, 1949, 10280 of August 16, 1951, 10354 of May 26, 1952, and 10497 of October 27, 1953, which prescribed regulations relating to commissioned officers and employees of the Public Health Service, are hereby revoked. Nothing in this subsection shall be deemed to alter or otherwise affect the regulations prescribed by the Surgeon General (42 CFR Parts 21 and 22) to replace the regulations prescribed by the orders described in the preceding sentence.

§203. Organization of Service

The Service shall consist of (1) the Office of the Surgeon General, (2) the National Institutes of Health, (3) the Bureau of Medical Services, and ¹(4) the Bureau of State Services, and ²the Agency for Healthcare Research and Quality. The Secretary is authorized and directed to assign to the Office of the Surgeon General, ³to the National Institutes of Health, to the Bureau of Medical Services, and to the Bureau of State Services, respectively, the several functions of the Service, and to establish within them such divisions, sections, and other units as he may find necessary; and from time to time abolish, transfer, and consolidate divisions, sections, and other units and assign their functions and personnel in such manner as he may find necessary for efficient operation of the Service. No division shall be established, abolished, or transferred, and no divisions shall be consolidated, except with the approval of the Secretary. The National Institutes of Health shall be administered as a part of the field service. The Secretary may delegate to any officer or employee of the Service such of his powers and duties under this chapter, except the making of regulations, as he may deem necessary or expedient.

EDITORIAL NOTES

AMENDMENTS

1999—Pub. L. 106–129 substituted "Agency for Healthcare Research and Quality" for "Agency for Health Care Policy and Research".

1993—Pub. L. 103–43, §2008(g)(2), inserted ", and the Agency for Health Care Policy and Research" in first sentence.

Pub. L. 103–43, §2008(g)(1), which directed the amendment of this section by striking "Surgeon General" the second and subsequent times that such term appears and inserting "Secretary", was executed by making the substitution before "is authorized and directed" and before "may delegate to any officer" and by leaving unchanged "Surgeon General" in the phrase "assign to the Office of the Surgeon General" in second sentence, to reflect the probable intent of Congress.

1948—Act June 16, 1948, substituted "National Institutes of Health" for "National Institute of Health" in cl. (2).

§204. Commissioned Corps and Ready Reserve Corps

(a) Establishment

(1) In general

There shall be in the Service a commissioned Regular Corps and, for service in time of a public health or national emergency, a Ready Reserve Corps.

(2) Requirement

All commissioned officers shall be citizens of the United States and shall be appointed without

regard to the civil-service laws and compensated without regard to the Classification Act of 1923, as amended.

(3) Appointment

Commissioned officers of the Ready Reserve Corps shall be appointed by the President and commissioned officers of the Regular Corps shall be appointed by the President.

(4) Active duty

Commissioned officers of the Ready Reserve Corps shall at all times be subject to call to active duty by the Surgeon General, including active duty for the purpose of training.

(5) Warrant officers

Warrant officers may be appointed to the Service for the purpose of providing support to the health and delivery systems maintained by the Service and any warrant officer appointed to the Service shall be considered for purposes of this chapter and title 37 to be a commissioned officer within the Commissioned Corps of the Service.

(b) Assimilating Reserve Corps officers into the Regular Corps

Effective on March 23, 2010, all individuals classified as officers in the Reserve Corps under this section (as such section existed on the day before March 23, 2010) and serving on active duty shall be deemed to be commissioned officers of the Regular Corps.

(c) Purpose and use of Ready Reserve Corps

(1) Purpose

The purpose of the Ready Reserve Corps is to fulfill the need to have additional Commissioned Corps personnel available on short notice (similar to the uniformed service's reserve program) to assist regular Commissioned Corps personnel to meet both routine public health and emergency response missions during public health or national emergencies.

(2) Uses

The Ready Reserve Corps shall, consistent with paragraph (1)—

(A) participate in routine training to meet the general and specific needs of the Commissioned Corps;

(B) be available and ready for involuntary calls to active duty during national emergencies and public health crises, similar to the uniformed service reserve personnel;

(C) be available for backfilling critical positions left vacant during deployment of active duty Commissioned Corps members during such emergencies, as well as for deployment to respond to public health emergencies, both foreign and domestic; and

(D) be available for service assignment in isolated, hardship, and medically underserved communities (as defined in section 295p of this title) to improve access to health services, consistent with subparagraph (C).

(3) Statutory references to reserve

A reference in any Federal statute, except in the case of subsection (b), to the "Reserve Corps" of the Public Health Service or to the "reserve" of the Public Health Service shall be deemed to be a reference to the Ready Reserve Corps.

(d) Funding

For the purpose of carrying out the duties and responsibilities of the Commissioned Corps under this section, there are authorized to be appropriated \$5,000,000 for each of fiscal years 2010 through 2014 for recruitment and training and \$12,500,000 for each of fiscal years 2010 through 2014 for the Ready Reserve Corps.

REFERENCES IN TEXT

The Classification Act of 1923, as amended, referred to in subsec. (a)(2), is act Mar. 4, 1923, ch. 265, 42 Stat. 1488, which was classified to section 661 et seq. of former Title 5, Executive Departments and Government Officers and Employees, and was repealed by act Oct. 28, 1949, ch. 782, title XII, §1202, 63 Stat. 972.

AMENDMENTS

2020—Subsec. (a)(1). Pub. L. 116–136, §3214(a)(1), substituted ", for service in time of a public health or national emergency, a Ready Reserve Corps" for "a Ready Reserve Corps for service in time of national emergency".

Subsec. (c). Pub. L. 116–136, §3214(a)(2)(A), substituted "Reserve Corps" for "Research" in heading.

Subsec. (c)(1). Pub. L. 116–136, §3214(a)(2)(B), inserted "during public health or national emergencies" before period at end.

Subsec. (c)(2). Pub. L. 116–136, §3214(a)(2)(C)(i), inserted ", consistent with paragraph (1)" after "shall" in introductory provisions.

Subsec. (c)(2)(C). Pub. L. 116–136, §3214(a)(2)(C)(ii), inserted "during such emergencies" after "members".

Subsec. (c)(2)(D). Pub. L. 116–136, §3214(a)(2)(C)(iii), inserted ", consistent with subparagraph (C)" before period at end.

Subsec. (c)(3). Pub. L. 116–136, §3214(a)(2)(D), added par. (3).

2012—Subsec. (a)(3). Pub. L. 112–166 struck out "with the advice and consent of the Senate" before period at end.

2010—Pub. L. 111–148 inserted section catchline and amended text generally. Prior to amendment, text read as follows: "There shall be in the Service a commissioned Regular Corps and, for the purpose of securing a reserve for duty in the Service in time of national emergency, a Reserve Corps. All commissioned officers shall be citizens and shall be appointed without regard to the civil-service laws and compensated without regard to chapter 51 and subchapter III of chapter 53 of title 5. Commissioned officers of the Reserve Corps shall be appointed by the President and commissioned officers of the Regular Corps shall be appointed by him by and with the advice and consent of the Senate. Commissioned officers of the Reserve Corps shall at all times be subject to call to active duty by the Surgeon General, including active duty for the purpose of training and active duty for the purpose of determining their fitness for appointment in the Regular Corps. Warrant officers may be appointed to the Service for the purpose of providing support to the health and delivery systems maintained by the Service and any warrant officer appointed to the Service shall be considered for purposes of this chapter and title 37 to be a commissioned officer within the commissioned corps of the Service."

1979—Pub. L. 96–76 inserted provisions relating to appointment and status of warrant officers.

1949—Act Oct. 28, 1949, substituted "Classification Act of 1949" for "Classification Act of 1923".

1948—Act Feb. 28, 1948, struck out provision that all active service in Reserve Corps, as well as service in Regular Corps, shall be credited for purpose of promotion in Regular Corps.

EXECUTIVE DOCUMENTS

DELEGATION OF AUTHORITY TO APPOINT COMMISSIONED OFFICERS OF THE READY RESERVE CORPS OF THE PUBLIC HEALTH SERVICE

Memorandum of President of the United States, June 1, 2010, 75 F.R. 32245, provided:

Memorandum for the Secretary of Health and Human Services

By virtue of the authority vested in me as President by the Constitution and the laws of the United States, including section 301 of title 3, United States Code, I hereby assign to you the functions of the President under section 203 of the Public Health Service Act, as amended by Public Law 111-148, to appoint commissioned officers of the Ready Reserve Corps. The exercise of this authority is limited to appointments of individuals who were extended offers of employment for appointment and call to active duty in the Reserve Corps of the Public Health Service with an appointment date subsequent to March 23, 2010, the date of enactment of Public Law 111-148, but who were not on active duty on that date, and those individuals who are selected for the 2010 Commissioned Officer Student Training and Extern Program. This authority may not be re-delegated.

You are authorized and directed to publish this memorandum in the Federal Register.

BARACK OBAMA.

Memorandum of President of the United States, May 31, 2011, 76 F.R. 33117, which delegated functions of the President under section 203 of the Public Health Service Act to the Secretary of Health and Human Services, was revoked by Memorandum of President of the United States, Mar. 29, 2013, 78 F.R. 20225, set out below.

Memorandum of President of the United States, Mar. 29, 2013, 78 F.R. 20225, provided:

Memorandum for the Secretary of Health and Human Services

By virtue of the authority vested in me as President by the Constitution and the laws of the United States, including section 301 of title 3, United States Code, I hereby assign to you the functions of the President under section 203 of the Public Health Service Act, as amended by Public Law 111-148, to appoint commissioned officers of the Ready Reserve Corps of the Public Health Service. Commissions issued under this delegation of authority may not be for a term longer than 6 months except for commissions that place officers in the Centers for Disease Control and Prevention's Epidemiological Intelligence Service, the Senior Commissioned Officer Student Training and Extern Program, the Indian Health Service Pharmacy Residency Program, the Indian Health Service Health Professions Scholarship Program, or the National Health Service Corps Scholarship Program, which may not be for a term longer than 2 years. Officers appointed pursuant to this delegation may not be appointed to the Ready Reserve Corps of the Public Health Service for a term greater than those outlined in this memorandum other than by the President. This authority may not be re-delegated.

My memorandum of May 31, 2011 (Delegation of Authority to Appoint Commissioned Officers of the Ready Reserve Corps of the Public Health Service), is hereby revoked.

You are authorized and directed to publish this memorandum in the Federal Register.

§204a. Deployment readiness

(a) Readiness requirements for Commissioned Corps officers

(1) In general

The Secretary, with respect to members of the following Corps components, shall establish requirements, including training and medical examinations, to ensure the readiness of such components to respond to urgent or emergency public health care needs that cannot otherwise be met at the Federal, State, and local levels:

- (A) Active duty Regular Corps.
- (B) Ready Reserve Corps.

(2) Annual assessment of members

The Secretary shall annually determine whether each member of the Corps meets the applicable readiness requirements established under paragraph (1).

(3) Failure to meet requirements

A member of the Corps who fails to meet or maintain the readiness requirements established under paragraph (1) or who fails to comply with orders to respond to an urgent or emergency public health care need shall, except as provided in paragraph (4), in accordance with procedures established by the Secretary, be subject to disciplinary action as prescribed by the Secretary.

(4) Waiver of requirements

(A) In general

The Secretary may waive one or more of the requirements established under paragraph (1) for an individual who is not able to meet such requirements because of—

- (i) a disability;
- (ii) a temporary medical condition; or
- (iii) any other extraordinary limitation as determined by the Secretary.

(B) Regulations

The Secretary shall promulgate regulations under which a waiver described in subparagraph (A) may be granted.

(5) Urgent or emergency public health care need

For purposes of this section and section 215 of this title, the term "urgent or emergency public health care need" means a health care need, as determined by the Secretary, arising as the result of—

- (A) a national emergency declared by the President under the National Emergencies Act (50 U.S.C. 1601 et seq.);
- (B) an emergency or major disaster declared by the President under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.);
- (C) a public health emergency declared by the Secretary under section 247d of this title; or
- (D) any emergency that, in the judgment of the Secretary, is appropriate for the deployment of members of the Corps.

(b) Corps management for deployment

The Secretary shall—

- (1) organize members of the Corps into units for rapid deployment by the Secretary to respond to urgent or emergency public health care needs;
- (2) establish appropriate procedures for the command and control of units or individual members of the Corps that are deployed at the direction of the President or the Secretary in response to an urgent or emergency public health care need of national, State or local significance;

(3) ensure that members of the Corps are trained, equipped and otherwise prepared to fulfill their public health and emergency response roles; and

(4) ensure that deployment planning takes into account—

(A) any deployment exemptions that may be granted by the Secretary based on the unique requirements of an agency and an individual's functional role in such agency; and

(B) the nature of the urgent or emergency public health care need.

(c) Deployment of detailed or assigned officers

For purposes of pay, allowances, and benefits of a Commissioned Corps officer who is detailed or assigned to a Federal entity, the deployment of such officer by the Secretary in response to an urgent or emergency public health care need shall be deemed to be an authorized activity of the Federal entity to which the officer is detailed or assigned.

PURPOSE

Pub. L. 109–417, title II, §206(a), Dec. 19, 2006, 120 Stat. 2851, provided that: "It is the purpose of this section [enacting this section and amending sections 215 and 254d of this title] to improve the force management and readiness of the Commissioned Corps to accomplish the following objectives:

"(1) To ensure the Corps is ready to respond rapidly to urgent or emergency public health care needs and challenges.

"(2) To ensure the availability of the Corps for assignments that address clinical and public health needs in isolated, hardship, and hazardous duty positions, and, when required, to address needs related to the well-being, security, and defense of the United States.

"(3) To establish the Corps as a resource available to Federal and State Government agencies for assistance in meeting public health leadership and service roles."

§205. Appointment and tenure of office of Surgeon General; reversion in rank

The Surgeon General shall be appointed from the Regular Corps for a four-year term by the President by and with the advice and consent of the Senate. The Surgeon General shall be appointed from individuals who (1) are members of the Regular Corps, and (2) have specialized training or significant experience in public health programs. Upon the expiration of such term the Surgeon General, unless reappointed, shall revert to the grade and number in the Regular Corps or Ready Reserve Corps that he would have occupied had he not served as Surgeon General.

EXECUTIVE DOCUMENTS

TRANSFER OF FUNCTIONS

Office of Surgeon General abolished by section 3 of Reorg. Plan No. 3 of 1966, eff. June 25, 1966, 31 F.R. 8855, 80 Stat. 1610, and functions thereof transferred to Secretary of Health, Education, and Welfare by section 1 of Reorg. Plan No. 3 of 1966, set out as a note under section 202 of this title. Office of Surgeon General reestablished within the Office of the Assistant Secretary for Health, see Notice of Department of Health and Human Services, Office of the Assistant Secretary for Health, Mar. 30, 1987, 52 F.R. 11754.

§206. Assignment of officers

(a) Deputy Surgeon General

The Surgeon General shall assign one commissioned officer from the Regular Corps to administer the Office of the Surgeon General, to act as Surgeon General during the absence or disability of the Surgeon General or in the event of a vacancy in that office, and to perform such other duties as the Surgeon General may prescribe, and while so assigned he shall have the title of Deputy Surgeon General.

(b) Assistant Surgeons General

The Surgeon General shall assign eight commissioned officers from the Regular Corps to be, respectively, the Director of the National Institutes of Health, the Chief of the Bureau of State Services, the Chief of the Bureau of Medical Services, the Chief Medical Officer of the United States Coast Guard, the Chief Dental Officer of the Service, the Chief Nurse Officer of the Service, the Chief Pharmacist Officer of the Service, and the Chief Sanitary Engineering Officer of the Service, and while so serving they shall each have the title of Assistant Surgeon General.

(c) Creation of temporary positions as Assistant Surgeons General

(1) The Surgeon General, with the approval of the Secretary, is authorized to create special temporary positions in the grade of Assistant Surgeons General when necessary for the proper staffing of the Service. The Surgeon General may assign officers of either the Regular Corps or the Ready Reserve Corps to any such temporary position, and while so serving they shall each have the title of Assistant Surgeon General.

(2) Except as provided in this paragraph, the number of special temporary positions created by the Surgeon General under paragraph (1) shall not on any day exceed 1 per centum of the highest number, during the ninety days preceding such day, of officers of the Regular Corps on active duty

and officers of the Ready Reserve Corps on active duty for more than thirty days. If on any day the number of such special temporary positions exceeds such 1 per centum limitation, for a period of not more than one year after such day, the number of such special temporary positions shall be reduced for purposes of complying with such 1 per centum limitation only by the resignation, retirement, death, or transfer to a position of a lower grade, of any officer holding any such temporary position.

(d) Designation of Assistant Surgeon General with respect to absence, disability, or vacancy in offices of Surgeon General and Deputy Surgeon General

The Surgeon General shall designate the Assistant Surgeon General who shall serve as Surgeon General in case of absence or disability, or vacancy in the offices, of both the Surgeon General and the Deputy Surgeon General.

EXECUTIVE DOCUMENTS

TRANSFER OF FUNCTIONS

Office of Surgeon General, together with office held by Deputy Surgeon General, Bureau of Medical Services, including office of Chief of Bureau of Medical Services, Bureau of State Services, including office of Chief of Bureau of State Services, and National Institutes of Health, including office of Director of

National Institutes of Health, abolished by section 3 of Reorg. Plan No. 3 of 1966, eff. June 25, 1966, 31 F.R. 8855, 80 Stat. 1610, and functions thereof transferred to Secretary of Health, Education, and Welfare by section 1 of Reorg. Plan No. 3 of 1966, set out as a note under section 202 of this title.

Functions of Federal Security Administrator transferred to Secretary of Health, Education, and Welfare and all agencies of Federal Security Agency transferred to Department of Health, Education, and Welfare, by section 5 of Reorg. Plan No. 1 of 1953, set out as a note under section 3501 of this title. Federal Security Agency and office of Administrator abolished by section 8 of Reorg. Plan No. 1 of 1953.

§207. Grades, ranks, and titles of commissioned corps

(a) Grades of commissioned officers

The Surgeon General, during the period of his appointment as such, shall be of the same grade as the Surgeon General of the Army; the Deputy Surgeon General and the Chief Medical Officer of the United States Coast Guard, while assigned as such, shall have the grade corresponding with the grade of major general; and the Chief Dental Officer, while assigned as such, shall have the grade as is prescribed by law for the officer of the Dental Corps selected and appointed as Assistant Surgeon General of the Army. During the period of appointment to the position of Assistant Secretary for Health, a commissioned officer of the Public Health Service shall have the grade corresponding to the grade of General of the Army. Assistant Surgeons General, while assigned as such, shall have the grade corresponding with either the grade of brigadier general or the grade of major general, as may be determined by the Secretary after considering the importance of the duties to be performed:

Provided, That the number of Assistant Surgeons General having a grade higher than that corresponding to the grade of brigadier general shall at no time exceed one-half of the number of positions created by subsection (b) of section 206 of this title or pursuant to subsection (c) of section 206 of this title. The grades of commissioned officers of the Service shall correspond with grades of officers of the Army as follows:

- (1) Officers of the director grade—colonel;
- (2) Officers of the senior grade—lieutenant colonel;
- (3) Officers of the full grade—major;
- (4) Officers of the senior assistant grade—captain;
- (5) Officers of the assistant grade—first lieutenant;
- (6) Officers of the junior assistant grade—second lieutenant;
- (7) Chief warrant officers of (W-4) grade—chief warrant officer (W-4);
- (8) Chief warrant officers of (W-3) grade—chief warrant officer (W-3);
- (9) Chief warrant officers of (W-2) grade—chief warrant officer (W-2); and
- (10) Warrant officers of (W-1) grade—warrant officer (W-1).

(b) Titles of medical officers

The titles of medical officers of the foregoing grades shall be respectively (1) medical director, (2) senior surgeon, (3) surgeon, (4) senior assistant surgeon, (5) assistant surgeon, and (6) junior assistant surgeon. The President is authorized to prescribe titles, appropriate to the several grades, for commissioned officers of the Service other than medical officers. All titles of the officers of the Ready Reserve Corps shall have the suffix "Reserve".

(c) Repealed. Pub. L. 96-76, title III, §304(b), Sept. 29, 1979, 93 Stat. 584

(d) Maximum number in grade for each fiscal year

Within the total number of officers of the Regular Corps authorized by the appropriation Act or Acts for each fiscal year to be on active duty, the Secretary shall by regulation prescribe the maximum number of officers authorized to be in each of the grades from the warrant officer (W-1) grade to the director grade, inclusive. Such numbers shall be determined after considering the anticipated needs of the Service during the fiscal year, the funds available, the number of officers in each grade at the beginning of the fiscal year, and the anticipated appointments, the anticipated promotions based on years of service, and the anticipated retirements during the fiscal year. The

number so determined for any grade for a fiscal year may not exceed the number limitation (if any) contained in the appropriation Act or Acts for such year. Such regulations for each fiscal year shall be prescribed as promptly as possible after the appropriation Act fixing the authorized strength of the corps for that year, and shall be subject to amendment only if such authorized strength or such number limitation is thereafter changed. The maxima established by such regulations shall not require (apart from action pursuant to other provisions of this chapter) any officer to be separated from the Service or reduced in grade.

(e) Exception to grade limitations for officers assigned to Department of Defense

In computing the maximum number of commissioned officers of the Public Health Service authorized by law to hold a grade which corresponds to the grade of brigadier general or major general, there may be excluded from such computation not more than three officers who hold such a grade so long as such officers are assigned to duty and are serving in a policymaking position in the Department of Defense.

(f) Exception to maximum number limitations for officers assigned to Department of Defense

In computing the maximum number of commissioned officers of the Public Health Service authorized by law or administrative determination to serve on active duty, there may be excluded from such computation officers who are assigned to duty in the Department of Defense.

TRANSFER OF FUNCTIONS

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

EXECUTIVE DOCUMENTS

TRANSFER OF FUNCTIONS

Office of Surgeon General, together with office held by Deputy Surgeon General, abolished by section 3 of Reorg. Plan No. 3 of 1966, eff. June 25, 1966, 31 F.R. 8855, 80 Stat. 1610, and functions thereof transferred to Secretary of Health, Education, and Welfare by section 1 of Reorg. Plan No. 3 of 1966, set out as a note under section 202 of this title. Office of Surgeon General reestablished within the Office of the Assistant Secretary for Health, see Notice of Department of Health and Human Services, Office of the Assistant Secretary for Health, Mar. 30, 1987, 52 F.R. 11754.

Functions of Federal Security Administrator transferred to Secretary of Health, Education, and Welfare and all agencies of Federal Security Agency transferred to Department of Health, Education, and Welfare by section 5 of Reorg. Plan No. 1 of 1953, set out as a note under section 3501 of this title. Federal Security Agency and office of Administrator abolished by section 8 of Reorg. Plan No. 1 of 1953.

DELEGATION OF FUNCTIONS

Functions of President delegated to Secretary of Health and Human Services, see Ex. Ord. No. 11140, Jan. 30, 1964, 29 F.R. 1637, as amended, set out as a note under section 202 of this title.

§208. Repealed. Feb. 28, 1948, ch. 83, §5(a), 62 Stat. 40

Section, act July 1, 1944, ch. 373, title II, §207, 58 Stat. 685, related to establishment of special temporary provisions. See sections 206(c) and 207(c) of this title.

§209. Appointment of personnel

(a) Original appointments to Regular and Ready Reserve Corps; limitation on appointment and call to active duty

(1) Except as provided in subsections (b) and (e) of this section, original appointments to the Regular Corps may be made only in the warrant officer (W-1), chief warrant officer (W-2), chief warrant officer (W-3), chief warrant officer (W-4), junior assistant, assistant, and senior assistant grades and original appointments to a grade above junior assistant shall be made only after passage of an examination, given in accordance with regulations of the President, in one or more of the several branches of medicine, dentistry, hygiene, sanitary engineering, pharmacy, psychology, nursing, or related scientific specialties in the field of public health.

(2) Original appointments to the Ready Reserve Corps may be made to any grade up to and including the director grade but only after passage of an examination given in accordance with regulations of the President. Reserve commissions shall be for an indefinite period and may be terminated at any time, as the President may direct.

(3) No individual who has attained the age of forty-four shall be appointed to the Regular Corps, or called to active duty in the Ready Reserve Corps for a period in excess of one year, unless (A) he has had a number of years of active service (as defined in section 212(d) of this title) equal to the number of years by which his age exceeds forty-four, or (B) the Surgeon General determines that he possesses exceptional qualifications, not readily available elsewhere in the Commissioned Corps of the Public Health Service, for the performance of special duties with the Service, or (C) in the case of an officer of the Ready Reserve Corps, the Commissioned Corps of the Service has been declared by the President to be a military service.

(b) Grade and number of original appointments

(1) Not more than 10 per centum of the original appointments to the Regular Corps authorized to be made during any fiscal year may be made to grades above that of senior assistant, but no such appointment (other than an appointment under section 205 of this title) may be made to a grade above that of director. For the purpose of this subsection the number of original appointments authorized to be made during a fiscal year shall be (1) the excess of the number of officers of the Regular Corps authorized by the appropriation Act or Acts for such year over the number of officers on active duty in the Regular Corps on the first day of such year, plus (2) the number of such officers of the Regular Corps who, during such fiscal year, have been or will be retired upon attainment of age sixty-four or have for any other reason ceased to be on active duty. In determining the number of appointments authorized by this subsection an appointment shall be deemed to be made in the fiscal year in which the nomination is transmitted by the President to the Senate.

(2) In addition to the number of original appointments to the Regular Corps authorized by paragraph (1) to be made to grades above that of senior assistant, original appointments authorized to be made to the Regular Corps in any year may be made to grades above that of senior assistant, but not above that of director, in the case of any individual who—

(A)(i) was on active duty in the Ready Reserve Corps on July 1, 1960, (ii) was on such active duty continuously for not less than one year immediately prior to such date, and (iii) applies for appointment to the Regular Corps prior to July 1, 1962; or

(B) does not come within clause (A)(i) and (ii) but was on active duty in the Ready Reserve Corps continuously for not less than one year immediately prior to his appointment to the Regular Corps and has not served on active duty continuously for a period, occurring after June 30, 1960, of more than three and one-half years prior to applying for such appointment.

(3) No person shall be appointed pursuant to this subsection unless he meets standards established in accordance with regulations of the President.

(c) Issuance of commissions

Commissions evidencing the appointment by the President of officers of the Regular Corps or Ready Reserve Corps shall be issued by the Secretary under the seal of the Department of Health and Human Services.

(d) Date of appointment; credit for service

(1) For purposes of basic pay and for purposes of promotion, any person appointed under

subsection (a) to the grade of senior assistant in the Regular Corps, and any person appointed under subsection (b), shall, except as provided in paragraphs (2) and (3) of this subsection, be considered as having had on the date of appointment the following length of service: Three years if appointed to the senior assistant grade, ten years if appointed to the full grade, seventeen years if appointed to the senior grade, and eighteen years if appointed to the director grade.

(2) For purposes of basic pay, any person appointed under subsection (a) to the grade of senior assistant in the Regular Corps, and any person appointed under subsection (b), shall, in lieu of the credit provided in paragraph (1) of this subsection, be credited with the service for which he is entitled to credit under any other provision of law if such service exceeds that to which he would be entitled under such paragraph.

(3) For purposes of promotion, any person originally appointed in the Regular Corps to the senior assistant grade or above who has had active service in the Ready Reserve Corps shall be considered as having had on the date of appointment the length of service provided for in paragraph (1) of this subsection, plus whichever of the following is greater: (A) The excess of his total active service in the Ready Reserve Corps (above the grade of junior assistant) over the length of service provided in such paragraph, to the extent that such excess is on account of service in the Ready Reserve Corps in or above the grade to which he is appointed in the Regular Corps or (B) his active service in the same or any higher grade in the Ready Reserve Corps after the first day on which, under regulations in effect on the date of his appointment to the Regular Corps, he would have had the training and experience necessary for such appointment.

(4) For purposes of promotion, any person whose original appointment is to the assistant grade in the Regular Corps shall be considered as having had on the date of appointment service equal to his total active service in the Ready Reserve Corps in and above the assistant grade.

(e) Reappointment; credit for service

(1) A former officer of the Regular Corps may, if application for appointment is made within two years after the date of the termination of his prior commission in the Regular Corps, be reappointed to the Regular Corps without examination, except as the Surgeon General may otherwise prescribe, and without regard to the numerical limitations of subsection (b).

(2) Reappointments pursuant to this subsection may be made to the permanent grade held by the former officer at the time of the termination of his prior commission, or to the next higher grade if such officer meets the eligibility requirements prescribed by regulation for original appointment to such higher grade. For purposes of pay, promotion, and seniority in grade, such reappointed officer shall receive the credits for service to which he would be entitled if such appointment were an original appointment, but in no event less than the credits he held at the time his prior commission was terminated, except that if such officer is reappointed to the next higher grade he shall receive no credit for seniority in grade.

(3) No former officer shall be reappointed pursuant to this subsection unless he shall meet such standards as the Secretary may prescribe.

(f) Special consultants

In accordance with regulations, special consultants may be employed to assist and advise in the operations of the Service. Such consultants may be appointed without regard to the civil-service laws.

(g) Designation for fellowships; duties; pay

In accordance with regulations, individual scientists, other than commissioned officers of the Service, may be designated by the Surgeon General to receive fellowships, appointed for duty with the Service without regard to the civil-service laws, may hold their fellowships under conditions prescribed therein, and may be assigned for studies or investigations either in this country or abroad during the terms of their fellowships.

(h) Aliens

Persons who are not citizens may be employed as consultants pursuant to subsection (f) and may be appointed to fellowships pursuant to subsection (g). Unless otherwise specifically provided, any

prohibition in any other Act against the employment of aliens, or against the payment of compensation to them, shall not be applicable in the case of persons employed or appointed pursuant to such subsections.

(i) Civil service appointments by Secretary

The appointment of any officer or employee of the Service made in accordance with the civil-service laws shall be made by the Secretary, and may be made effective as of the date on which such officer or employee enters upon duty.

EDITORIAL NOTES

CODIFICATION

In subsec. (f), the words "and their compensation may be fixed without regard to the Classification Act of 1923, as amended", and in subsec. (g), the words "and compensated without regard to the Classification Act of 1923, as amended" were omitted as obsolete. Sections 1202 and 1204 of the Classification Act of 1949, 63 Stat. 972, 973, repealed the 1923 Act and all laws or parts of laws inconsistent with the 1949 Act. While section 1106(a) of the 1949 Act provided that references in other laws to the 1923 Act should be held and considered to mean the 1949 Act, it did not have the effect of continuing the exceptions contained in subsecs. (f) and (g) because of section 1106(b) which provided that the application of the 1949 Act to any position, officer, or employee shall not be affected by section 1106(a). The Classification Act of 1949 was repealed by Pub. L. 89–554, Sept. 6, 1966, §8(a), 80 Stat. 632 (of which section 1 revised and enacted Title 5, Government Organization and Employees, into law). Section 5102 of Title 5 contains the applicability provisions of the 1949 Act, and section 5103 of Title 5 authorizes the Office of Personnel Management to determine the applicability to specific positions and employees.

In subsec. (h), the references to subsections (f) and (g) of this section were, in the original, references to subsections (e) and (f) and were changed to reflect the probable intent of Congress.

PRIOR PROVISIONS

A prior section 207 of act July 1, 1944, was classified to section 208 of this title, prior to repeal by act Feb. 28, 1948, ch. 83, §5(a), 62 Stat. 40.

AMENDMENTS

2020—Subsecs. (a), (b). Pub. L. 116–136, §3214(e)(3), substituted "Ready Reserve Corps" for "Reserve Corps" wherever appearing.

Subsec. (c). Pub. L. 116–136, §3214(e)(1), substituted "Regular Corps or Ready Reserve Corps" for "Regular or Reserve Corps".

Subsec. (d). Pub. L. 116–136, §3214(e)(3), substituted "Ready Reserve Corps" for "Reserve Corps" wherever appearing.

1983—Subsec. (a)(1). Pub. L. 97–414 inserted "psychology," after "pharmacy,".

1981—Subsec. (b)(1). Pub. L. 97–35 inserted provisions relating to exception for an appointment under section 205 of this title.

1979—Subsec. (a)(1). Pub. L. 96–76 inserted applicability to warrant officers and chief warrant officers.

1960—Subsec. (a)(3). Pub. L. 86–415, §2, added par. (3).

Subsec. (b). Pub. L. 86–415, §3, designated first, second and third sentences as par. (1), fourth sentence as par. (3), and added par. (2).

1956—Subsec. (a)(1). Act Apr. 27, 1956, §3(a), inserted reference to subsection (e) of this section.

Subsec. (a)(2). Act Apr. 27, 1956, §3(c)(1), substituted "an indefinite period" for "a period of not more than five years".

Subsecs. (e) to (i). Act Apr. 27, 1956, §3(b), added subsec. (e) and redesignated former subsecs. (e) to (h) as (f) to (i), respectively.

1949—Subsec. (d). Act Oct. 12, 1949, substituted "base pay" for "pay and pay period" wherever appearing.

1948—Subsec. (a)(1). Act Feb. 28, 1948, struck out "surgery" after "several branches of medicine".

Subsec. (a)(2). Act Feb. 28, 1948, struck out "any such commission" before "may be terminated", and "in his discretion" after "at any time".

Subsec. (b). Act Feb. 28, 1948, provided for grade and number of original appointments.

Subsecs. (c) to (f). Act Feb. 28, 1948, added subsecs. (c) and (d) and redesignated former subsecs. (c) and (d) as (e) and (f), respectively. Former subsecs. (e) and (f) redesignated (g) and (h).

Subsec. (g). Act Feb. 28, 1948, redesignated former subsec. (e) as (g) and changed reference in text from "subsection (c)" to "subsection (e)", and "subsection (d)" to "subsection (g)".

Subsec. (h). Act Feb. 28, 1948, redesignated former subsec. (f) as (h).

1946—Subsec. (b). Act July 3, 1946, authorized appointment of additional officers to grades above that of senior assistant but not above that of director, and limits the number so appointed to 20.

Subsec. (b)(2). Act Aug. 13, 1946, inserted "(A)" before "to assist", substituted "clause" for "paragraphs", and inserted cl. (B).

Commissioned officers on active duty and retired officers entitled to retired pay pursuant to section 211(g)(3), 212, or 213a(a) of this title, shall be permitted to purchase supplies from the Army, Navy, Air Force, and Marine Corps at the same price as is charged officers thereof.

(c) Members of national advisory or review councils or committees

Members of the National Advisory Health Council and members of other national advisory or review councils or committees established under this chapter, including members of the Technical Electronic Product Radiation Safety Standards Committee and the Board of Regents of the National Library of Medicine, but excluding ex officio members, while attending conferences or meetings of their respective councils or committees or while otherwise serving at the request of the Secretary, shall be entitled to receive compensation at rates to be fixed by the Secretary, but at rates not exceeding the daily equivalent of the rate specified at the time of such service for grade GS–18 of the General Schedule, including traveltime; and while away from their homes or regular places of business they may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5 for persons in the Government service employed intermittently.

(d) Field employees

Field employees of the Service, except those employed on a per diem or fee basis, who render part-time duty and are also subject to call at any time for services not contemplated in their regular part-time employment, may be paid annual compensation for such part-time duty and, in addition, such fees for such other services as the Surgeon General may determine; but in no case shall the total

paid to any such employee for any fiscal year exceed the amount of the minimum annual salary rate of the classification grade of the employee.

(e) Additional pay for service at Gillis W. Long Hansen's Disease Center

Any civilian employee of the Service who is employed at the Gillis W. Long Hansen's Disease Center on April 7, 1986, shall be entitled to receive, in addition to any compensation to which the employee may otherwise be entitled and for so long as the employee remains employed at the Center, an amount equal to one-fourth of such compensation.

(f) Allowances included in fellowships

Individuals appointed under section 209(g) of this title shall have included in their fellowships such stipends or allowances, including travel and subsistence expenses, as the Surgeon General may deem necessary to procure qualified fellows.

(g) Positions in professional, scientific and executive service; compensation; appointment

The Secretary is authorized to establish and fix the compensation for, within the Public Health Service, not more than one hundred and seventy-nine positions, of which not less than one hundred and fifteen shall be for the National Institutes of Health, not less than five shall be for the National Institute on Alcohol Abuse and Alcoholism for individuals engaged in research on alcohol abuse and alcoholism, not less than ten shall be for the National Center for Health Services Research, not less than twelve shall be for the National Center for Health Statistics, and not less than seven shall be for the National Center for Health Care Technology, in the professional, scientific, and executive service, each such position being established to effectuate those research and development activities of the Public Health Service which require the services of specially qualified scientific, professional and administrative personnel: *Provided*, That the rates of compensation for positions established pursuant to the provisions of this subsection shall not be less than the minimum rate of grade 16 of the General Schedule nor more than (1) the highest rate of grade 18 of the General Schedule, or (2) in the case of two such positions, the rate specified, at the time the service in the position is performed, for level II of the Executive Schedule (5 U.S.C. 5313); and such rates of compensation for all positions included in this proviso shall be subject to the approval of the Director of the Office of Personnel Management. Positions created pursuant to this subsection shall be included in the classified civil service of the United States, but appointments to such positions shall be made without competitive examination upon approval of the proposed appointee's qualifications by the Director of the Office of Personnel Management or such officers or agents as it may designate for this purpose.

Classified civil service, referred to in subsec. (g), as meaning "competitive service", see section 2102(c) of Title 5, Government Organization and Employees.

PRIOR PROVISIONS

A prior section 208 of act July 1, 1944, was renumbered section 207 and is classified to section 209 of this title.

AMENDMENTS

2020—Subsec. (a). Pub. L. 116–136 substituted "Regular Corps and Ready Reserve Corps" for "Regular and Reserve Corps" wherever appearing.

2017—Subsec. (a)(2). Pub. L. 115–91 inserted "or 373" after "section 303a(b)".

2000—Subsec. (a)(2). Pub. L. 106–398 added par. (2) and struck out former par. (2) which read as follows: "(2)(A) Except as provided in subparagraph (B), commissioned medical and dental officers in the Regular and Reserve Corps shall while on active duty be paid special pay in the same amounts as, and under the same terms and conditions which apply to, the special pay now or hereafter paid to commissioned medical and dental officers of the Armed Forces under chapter 5 of title 37.

"(B) A commissioned medical officer in the Regular or Reserve Corps (other than an officer serving in the Indian Health Service) may not receive additional special pay under section 302(a)(4) of title 37 for any period during which the officer is providing obligated service under (i) section 254m of this title, (ii) section 234(e) of this title (as such section was in effect prior to October 1, 1977), or (iii) section 294u of this title (as such section was in effect between October 1, 1977, and August 13, 1981)."

Subsec. (a)(3). Pub. L. 106–398, §1 [[div. A], title VI, §634(b)(1)], struck out par. (3) which read as follows: "Commissioned nurse officers in the Regular and Reserve Corps shall, while in active duty, be paid incentive special pay in the same amounts as, and under the same terms and conditions which apply to, the incentive special pay now or hereafter paid to commissioned nurse officers of the Armed Forces under chapter 5 of title 37."

1988—Subsec. (a)(3). Pub. L. 100–607 added par. (3).

1986—Subsec. (a)(2)(B). Pub. L. 99–272, §17002(a)(1), inserted "(other than an officer serving in the Indian Health Service)".

Subsec. (e). Pub. L. 99–272, §17002(b), amended subsec. (e) generally. Prior to amendment, subsec. (e) read as follows: "Whenever any noncommissioned officer or other employee of the Service is assigned for duty which the Surgeon General finds requires intimate contact with persons afflicted with leprosy, he may be entitled to receive, as provided by regulations of the President, in addition to any pay or compensation to which he may otherwise be entitled, not more than one-half of such pay or compensation."

1985—Subsec. (a)(2). Pub. L. 99–117 substituted "(A) Except as provided in subparagraph (B), commissioned" for "Commissioned", and added subpar. (B).

1980—Subsec. (a). Pub. L. 96–398 designated existing provisions as par. (1) and added par. (2).

1979—Subsec. (c). Pub. L. 96–32 substituted "section 5703 of title 5" for "section 5703(b) of title 5".

1978—Subsec. (g). Pub. L. 95–623 increased limitation on establishment of positions to one hundred and seventy-nine from one hundred and fifty-five and required minimum number of positions for certain National Centers: ten, National Center for Health Services Research; twelve, National Center for Health Statistics; and seven, National Center for Health Care Technology.

1977—Subsec. (g). Pub. L. 95–83 increased limitation on establishment of positions to one hundred and fifty-five from one hundred and fifty and required not less than five for the National Institute on Alcohol Abuse and Alcoholism for individuals engaged in research on alcohol abuse and alcoholism.

1971—Subsec. (f). Pub. L. 92–157, which directed that "subsection (g)" be substituted for "section 209(f)", was executed by substituting "section 209(g) of this title" for "section 209(f) of this title", to reflect the probable intent of Congress.

1970—Subsec. (c). Pub. L. 91–515 extended coverage to encompass members of other national review councils or national advisory or review committees established under this chapter, including members of the Technical Electronic Product Radiation Safety Standards Committee and the Board of Regents of the National Library of Medicine, authorized service to be at the request of the Secretary in place of the Surgeon General, and revised rates of compensation and travel allowances.

1968—Subsec. (g). Pub. L. 90–574 inserted "(1)" after "nor more than" and added cl. (2).

1962—Subsec. (b). Pub. L. 87–649 struck out sentence which permitted commissioned officers on active duty to make allotments from their pay, and substituted "Commissioned officers on active duty and retired officers" for "Such officers, and retired officers." See section 704 of Title 37, Pay and Allowances of the Uniformed Services.

Subsec. (g). Pub. L. 87–793 substituted provisions requiring the rates of compensation to be not less than the minimum rate of grade 16 nor more than the highest rate of grade 18 of the General Schedule, for provisions which prescribed annual rates of compensation of not less than \$12,500 nor more than \$19,000.

1960—Subsec. (b). Pub. L. 86–415 authorized retired officers entitled to retired pay pursuant to section 211(g)(3), 212, or 213a(a) of this title, to purchase supplies, and included the purchase of supplies from the Air Force.

Subsec. (g). Pub. L. 86–703 substituted "one hundred and fifty" for "eighty-five" and "one hundred and fifteen" for "seventy-three".

1958—Subsec. (g). Pub. L. 85–929 substituted "in the professional, scientific, and executive service" for "in the professional and scientific service", and substituted "of specially qualified scientific, professional, and administrative personnel" for "of specially qualified scientific or professional personnel".

Pub. L. 85–462, substituted "eighty-five positions, of which not less than seventy-three shall be for the National Institutes of Health" for "sixty positions".

1956—Subsec. (g). Act June 29, 1956, substituted "\$20,000" for "\$15,000".

1955—Subsec. (g). Act Aug. 1, 1955, increased from thirty to sixty the number of positions which the Administrator may establish in the professional and scientific service.

1950—Subsec. (b). Act Aug. 9, 1950, struck out "and may be granted leaves of absence without any deduction from their pay" after "allotments from their pay" in first sentence.

Subsec. (c). Act Aug. 15, 1950, §3(e), made provisions applicable to members of all national advisory councils.

Subsec. (g). Act Aug. 15, 1950, §4(b), added subsec. (g).

1949—Subsec. (a). Act Oct. 12, 1949, made section applicable to Reserve officers.

Subsec. (b). Act Oct. 12, 1949, redesignated subsec. (c) as (b) and repealed former subsec. (b) relating to Reserve officers.

Subsec. (c). Act Oct. 12, 1949, redesignated subsec. (e) as (c). Former subsec. (c) redesignated (b).

Subsec. (d). Act Oct. 12, 1949, redesignated subsec. (f) as (d) and repealed former subsec. (d) relating to female commissioned officers and defining "dependent".

Subsec. (e). Act Oct. 12, 1949, redesignated subsec. (g) as (e) and struck out references to allowances. Former subsec. (e) redesignated (c).

Subsec. (f). Act Oct. 12, 1949, redesignated subsec. (h) as (f). Former subsec. (f) redesignated (d).

Subsecs. (g), (h). Act Oct. 12, 1949, redesignated subsecs. (g) and (h) as (e) and (f), respectively.

1948—Subsec. (b). Act Feb. 28, 1948, inserted "except as otherwise provided by law".

Subsec. (e). Acts June 16, 1948, §4(d), and June 24, 1948, §4(d), made section applicable to the National Advisory Heart Council and increased the per diem of all members from \$25 to \$50, and made section applicable to the National Advisory Dental Research Council, respectively.

Subsec. (h). Act Feb. 28, 1948, substituted "section 209(f) of this title" for "section 209(d) of this title".

1946—Subsec. (e). Act July 3, 1946, inserted "members of the National Advisory Mental Health Council".

§210a. Repealed. Pub. L. 87-649, §14b, Sept. 7, 1962, 76 Stat. 499

Section, act Feb. 28, 1948, ch. 83, §5(e), (f), 62 Stat. 41, related to service credit for commissioned officers on active duty Feb. 28, 1948, and to service credit for pay and promotion purposes of certain appointees during period Feb. 28, 1948, to July 1, 1948.

§210b. Professional categories

(a) Division of corps; basis of categories

For the purpose of establishing eligibility of officers of the Regular Corps for promotions, the Surgeon General shall by regulation divide the corps into professional categories. Each category shall, as far as practicable, be based upon one of the subjects of examination set forth in section 209(a)(1) of this title or upon a subdivision of such subject, and the categories shall be designed to group officers by fields of training in such manner that officers in any one grade in any one category will be available for similar duty in the discharge of the several functions of the Service.

(b) Assignment of officers

Each officer of the Regular Corps on active duty shall, on the basis of his training and experience, be assigned by the Surgeon General to one of the categories established by regulations under subsection (a). Except upon amendment of such regulations, no assignment so made shall be changed unless the Surgeon General finds (1) that the original assignment was erroneous, or (2) that the officer is equally well qualified to serve in another category to which he has requested to be transferred, and that such transfer is in the interests of the Service.

(c) Maximum number of officers in each category

Within the limits fixed by the Secretary in regulations under section 207(d) of this title for any fiscal year, the Surgeon General shall determine for each category in the Regular Corps the maximum number of officers authorized to be in each of the grades from the warrant officer (W-1)

grade to the director grade, inclusive.

(d) Vacancies in grade for purposes of promotion

The excess of the number so fixed for any grade in any category over the number of officers of the Regular Corps on active duty in such grade in such category (including in the case of the director grade, officers holding such grade in accordance with section 207(c) of this title) shall for the purpose of promotions constitute vacancies in such grade in such category. For purposes of this subsection, an officer who has been temporarily promoted or who is temporarily holding the grade of director in accordance with section 207(c) of this title shall be deemed to hold the grade to which so promoted or which he is temporarily holding; but while he holds such promotion or grade, and while any officer is temporarily assigned to a position pursuant to section 206(c) of this title, the number fixed under subsection (c) of this section for the grade of his permanent rank shall be reduced by one.

(e) Absence of vacancy in grade as affecting promotion

The absence of a vacancy in a grade in a category shall not prevent an appointment to such grade pursuant to section 209 of this title, a permanent length of service promotion, or the recall of a retired officer to active duty; but the making of such an appointment, promotion, or recall shall be deemed to fill a vacancy if one exists.

(f) Vacancy in grade as affecting maximum number for each category

Whenever a vacancy exists in any grade in a category the Surgeon General may increase by one the number fixed by him under subsection (c) for the next lower grade in the same category, without regard to the numbers fixed in regulations under section 207(d) of this title; and in that event the vacancy in the higher grade shall not be filled except by a permanent promotion, and upon the making of such promotion the number for the next lower grade shall be reduced by one.

(July 1, 1944, ch. 373, title II, §209, as added Feb. 28, 1948, ch. 83, §5(i), 62 Stat. 41; amended 1953 Reorg. Plan No. 1, §§5, 8, eff. Apr. 11, 1953, 18 F.R. 2053, 67 Stat. 631; Pub. L. 96-76, title III, §306, Sept. 29, 1979, 93 Stat. 585.)

EXECUTIVE DOCUMENTS

TRANSFER OF FUNCTIONS

Office of Surgeon General abolished by section 3 of Reorg. Plan No. 3 of 1966, eff. June 25, 1966, 31 F.R. 8855, 80 Stat. 1610, and functions thereof transferred to Secretary of Health, Education, and Welfare by section 1 of Reorg. Plan No. 3 of 1966, set out as a note under section 202 of this title. Office of Surgeon

General reestablished within the Office of the Assistant Secretary for Health, see Notice of Department of Health and Human Services, Office of the Assistant Secretary for Health, Mar. 30, 1987, 52 F.R. 11754.

Functions of Federal Security Administrator transferred to Secretary of Health, Education, and Welfare and all agencies of Federal Security Agency transferred to Department of Health, Education, and Welfare by section 5 of Reorg. Plan No. 1 of 1953, set out as a note under section 3501 of this title. Federal Security Agency and office of Administrator abolished by section 8 of Reorg. Plan No. 1 of 1953.

§211. Promotion of commissioned officers

(a) Permanent or temporary promotions; examination

Promotions of officers of the Regular Corps to any grade up to and including the director grade shall be either permanent promotions based on length of service, other permanent promotions to fill vacancies, or temporary promotions. Permanent promotions shall be made by the President, and temporary promotions shall be made by the President. Each permanent promotion shall be to the next higher grade, and shall be made only after examination given in accordance with regulations of the President.

(b) Promotion to certain grades only to fill vacancies; regulations; "restricted grade" defined

The President may by regulation provide that in a specified professional category permanent promotions to the senior grade, or to both the full grade and the senior grade, shall be made only if there are vacancies in such grade. A grade in any category with respect to which such regulations have been issued is referred to in this section as a "restricted grade".

(c) Examinations

Examinations to determine qualification for permanent promotions may be either noncompetitive or competitive, as the Surgeon General shall in each case determine; except that examinations for promotions to the assistant or senior assistant grade shall in all cases be noncompetitive. The officers to be examined shall be selected by the Surgeon General from the professional category, and in the order of seniority in the grade, from which promotion is to be recommended. In the case of a competitive examination the Surgeon General shall determine in advance of the examination the number (which may be one or more) of officers who, after passing the examination, will be recommended to the President for promotion; but if the examination is one for promotions based on length of service, or is one for promotions to fill vacancies other than vacancies in the director grade or in a restricted grade, such number shall not be less than 80 per centum of the number of officers to be examined.

(d) Permanent promotions to qualified officers on length of service

Officers of the Regular Corps, found pursuant to subsection (c) to be qualified, shall be given permanent promotions based on length of service, as follows:

(1) Officers in the warrant officer (W-1) grade, chief warrant officer (W-2) grade, chief warrant officer (W-3) grade, chief warrant officer (W-4) grade, and junior assistant grade shall be promoted at such times as may be prescribed in regulations of the President.

(2) Officers with permanent rank in the assistant grade, the senior assistant grade, and the full grade shall (except as provided in regulations under subsection (b)) be promoted after completion of three, ten, and seventeen years, respectively, of service in grades above the junior assistant grade; and such promotions, when made, shall be effective, for purposes of pay and seniority in grade, as of the day following the completion of such years of service. An officer with permanent rank in the assistant, senior assistant, or full grade who has not completed such years of service shall be promoted at the same time, and his promotion shall be effective as of the same day, as any officer junior to him in the same grade in the same professional category who is promoted under this paragraph.

(e) Promotion of professional category officers to fill certain vacancies

Officers in a professional category of the Regular Corps, found pursuant to subsection (c) to be

qualified, may be given permanent promotions to fill any or all vacancies in such category in the senior assistant grade, the full grade, the senior grade, or the director grade; but no officer who has not had one year of service with permanent or temporary rank in the next lower grade shall be promoted to any restricted grade or to the director grade.

(f) Reexamination upon failure of promotion; effective date of promotion

If an officer who has completed the years of service required for promotion to a grade under paragraph (2) of subsection (d) fails to receive such promotion, he shall (unless he has already been twice examined for promotion to such grade) be once reexamined for promotion to such grade. If he is thereupon promoted (otherwise than under subsection (e)), the effective date of such promotion shall be one year later than it would have been but for such failure. Upon the effective date of any permanent promotion of such officer to such grade, he shall be considered as having had only the length of service required for such promotion which he previously failed to receive.

(g) Separation from service upon failure of promotion

If, for reasons other than physical disability, an officer of the Regular Corps in the warrant officer (W-1) grade or junior assistant grade is found pursuant to subsection (c) not to be qualified for promotion he shall be separated from the Service. If, for reasons other than physical disability, an officer of the Regular Corps in the chief warrant officer (W-2), chief warrant officer (W-3), assistant, senior assistant, or full grade, after having been twice examined for promotion (other than promotion to a restricted grade), fails to be promoted—

(1) if in the chief warrant officer (W-2) or assistant grade he shall be separated from the Service and paid six months' basic pay and allowances;

(2) if in the chief warrant officer (W-3) or senior assistant grade he shall be separated from the Service and paid one year's basic pay and allowances;

(3) if in the full grade he shall be considered as not in line for promotion and shall, at such time thereafter as the Surgeon General may determine, be retired from the Service with retired pay (unless he is entitled to a greater amount by reason of another provision of law)—

(A) in the case of an officer who first became a member of a uniformed service before September 8, 1980, at the rate of 2½ percent of the retired pay base determined under section 1406(h) of title 10 for each year, not in excess of 30, of his active commissioned service in the Service; or

(B) in the case of an officer who first became a member of a uniformed service on or after September 8, 1980, at the rate determined by multiplying—

(i) the retired pay base determined under section 1407 of title 10; by

(ii) the retired pay multiplier determined under section 1409 of such title for the number of years of his active commissioned service in the Service.

(h) Separation from service upon refusal to stand examination

If an officer of the Regular Corps, eligible to take an examination for promotion, refuses to take such examination, he may be separated from the Service in accordance with regulations of the President.

(i) Review of record; separation from service

At the end of his first three years of service, the record of each officer of the Regular Corps originally appointed to the senior assistant grade or above, shall be reviewed in accordance with regulations of the President and, if found not qualified for further service, he shall be separated from the Service and paid six months' pay and allowances.

(j) Determination of order of seniority

(1) The order of seniority of officers in a grade in the Regular Corps shall be determined, subject to the provisions of paragraph (2) of this subsection, by the relative length of time spent in active service after the effective date of each such officer's original appointment or permanent promotion to that grade. When permanent promotions of two or more officers to the same grade are effective on the same day, their relative seniority shall be the same as it was in the grade from which promoted.

In all other cases of original appointments or permanent promotions (or both) to the same grade effective on the same day, relative seniority shall be determined in accordance with regulations of the President.

(2) In the case of an officer originally appointed in the Regular Corps to the grade of assistant or above, his seniority in the grade to which appointed shall be determined after inclusion, as service in such grade, of any active service in such grade or in any higher grade in the Ready Reserve Corps, but (if the appointment is to the grade of senior assistant or above) only to the extent of whichever of the following is greater: (A) His active service in such grade or any higher grade in the Ready Reserve Corps after the first day on which, under regulations in effect on the date of his appointment to the Regular Corps, he had the training and experience necessary for such appointment, or (B) the excess of his total active service in the Ready Reserve Corps (above the grade of junior assistant) over three years if his appointment in the Regular Corps is to the senior assistant grade, over ten years if the appointment is to the full grade, or over seventeen years if the appointment is to the senior grade.

(k) Temporary promotions; fill vacancy in higher grade; war or national emergency; selection of officers; termination of appointment

Any commissioned officer of the Regular Corps in any grade in any professional category may be recommended to the President for temporary promotion to fill a vacancy in any higher grade in such category, up to and including the director grade. In time of war, or of national emergency proclaimed by the President, any commissioned officer of the Regular Corps in any grade in any professional category may be recommended to the President for promotion to any higher grade in such category, up to and including the director grade, whether or not a vacancy exists in such grade. The selection of officers to be recommended for temporary promotions shall be made in accordance with regulations of the President. Promotion of an officer recommended pursuant to this subsection may be made without regard to length of service, without examination, and without vacating his permanent appointment, and shall carry with it the pay and allowances of the grade to which promoted. Such promotions may be terminated at any time, as may be directed by the President.

(l) Determination of requirements of Service by Secretary; assignment of Reserve Officers to professional categories; temporary promotions; termination of temporary promotions

Whenever the number of officers of the Regular Corps on active duty, plus the number of officers of the Ready Reserve Corps who have been on active duty for thirty days or more, exceeds the authorized strength of the Regular Corps, the Secretary shall determine the requirements of the Service in each grade in each category, based upon the total number of officers so serving on active duty and the tasks being performed by the Service; and the Surgeon General shall thereupon assign each officer of the Ready Reserve Corps on active duty to a professional category. If the Secretary finds that the number of officers fixed under section 210b(c) of this title for any grade and category (or the number of officers, including officers of the Ready Reserve Corps, on active duty in such grade in such category, if such number is greater than the number fixed under section 210b(c) of this title) is insufficient to meet such requirements of the Service, officers of either the Regular Corps or the Ready Reserve Corps may be recommended for temporary promotion to such grade in such category. Any such promotion may be terminated at any time, as may be directed by the President.

(m) Acceptance of promotion; oath and affidavit

Any officer of the Regular Corps, or any officer of the Ready Reserve Corps on active duty, who is promoted to a higher grade shall, unless he expressly declines such promotion, be deemed for all purposes to have accepted such promotion; and shall not be required to renew his oath of office, or to execute a new affidavit as required by section 3332 of title 5.

§211b. Repealed. Pub. L. 94-412, title V, §501(f), Sept. 14, 1976, 90 Stat. 1258

Section, act Feb. 28, 1948, ch. 83, §6(b)-(f), 62 Stat. 45, dealt with promotion of Public Health Service officers.

STATUTORY NOTES AND RELATED SUBSIDIARIES

SAVINGS PROVISION

Repeal not to affect any action taken or proceeding pending at the time of repeal, see section 501(h) of Pub. L. 94-412, set out as a note under section 1601 of Title 50, War and National Defense.

§211c. Promotion credit for medical officers in assistant grade

Any medical officer of the Regular Corps of the Public Health Service who—

(1)(A) was appointed to the assistant grade in the Regular Corps and whose service in such Corps has been continuous from the date of appointment or (B) may hereafter be appointed to the assistant grade in the Regular Corps, and

(2) had or will have completed a medical internship on the date of such appointment,

shall be credited with one year for purposes of promotion and seniority in grade, except that no

such credit shall be authorized if the officer has received or will receive similar credit for his internship under other provisions of law. In the case of an officer on active duty on the effective date of this section who is entitled to the credit authorized herein, the one year shall be added to the promotion and seniority-in-grade credits with which he is credited on such date.

(July 1, 1944, ch. 373, title II, §220, as added Apr. 30, 1956, ch. 223, §3, 70 Stat. 121.)

CHANGE OF NAME

"Secretary of Health and Human Services" substituted for "Secretary of Health, Education, and Welfare" pursuant to section 509(b) of Pub. L. 96-88, which is classified to section 3508(b) of Title 20, Education.

EXECUTIVE DOCUMENTS

TRANSFER OF FUNCTIONS

Functions of Public Health Service, Surgeon General of Public Health Service, and all other officers and employees of Public Health Service, and functions of all agencies of or in Public Health Service transferred to Secretary of Health, Education, and Welfare by Reorg. Plan No. 3 of 1966, eff. June 25, 1966, 31 F.R. 8855, 80 Stat. 1610, set out as a note under section 202 of this title.

§212. Retirement of commissioned officers

(a) Age; voluntariness; length of service; computation of retired pay

(1) A commissioned officer of the Regular Corps shall, if he applies for retirement, be retired on or after the first day of the month following the month in which he attains the age of sixty-four years. This paragraph does not permit or require the involuntary retirement of any individual because of the age of the individual.

(2) A commissioned officer of the Regular Corps may be retired by the Secretary, and shall be retired if he applies for retirement, on the first day of any month after completion of thirty years of active service.

(3) Any commissioned officer of the Regular Corps who has had less than thirty years of active service may be retired by the Secretary, with or without application by the officer, on the first day of any month after completion of twenty or more years of active service of which not less than ten are years of active commissioned service in any of the uniformed services.

(4) Except as provided in paragraph (6), a commissioned officer retired pursuant to paragraph (1), (2), or (3) who was on active duty with the Regular Corps on the day preceding such retirement shall be entitled to receive retired pay calculated by multiplying the retired pay base determined under section 1406 of title 10 by the retired pay multiplier determined under section 1409 of such title for the numbers of years of service credited to the officer under this paragraph and in which, in the case of a temporary promotion to such grade, he has performed active duty for not less than six months, (A) for each year of active service, or (B) if it results in higher retired pay, for each of the following years:

(i) his years of active service (determined without regard to subsection (d)) as a member of a uniformed service; plus

(ii) in the case of a medical or dental officer, four years and, in the case of a medical officer,

who has completed one year of medical internship or the equivalent thereof, one additional year, the four years and the one year to be reduced by the period of active service performed during such officer's attendance at medical school or dental school or during his medical internship; plus

(iii) the number of years of service with which he was entitled to be credited for purposes of basic pay on May 31, 1958, or (if higher) on any date prior thereto, reduced by any such year included under clause (i) and further reduced by any such year with which he was entitled to be credited under paragraphs (7) and (8) of section 205(a) of title 37 on any date before June 1, 1958;

except that (C) in the case of any officer whose retired pay, so computed, is less than 50 per centum of such basic pay, who retires pursuant to paragraph (1) of this subsection, who has not less than twelve whole years of active service (computed without the application of subsection (e)), and who does not use, for purposes of a retirement annuity under subchapter III of chapter 83 of title 5, any service which is also creditable in computing his retired pay from the Regular Corps, it shall, instead, be 50 per centum of such pay, (D) the retired pay of an officer shall in no case be more than 75 per centum of such basic pay, and (E) in the case of any officer who participates in the modernized retirement system by reason of section 1409(b) of title 10 (including pursuant to an election under subparagraph (B) of that section), subparagraph (C) shall be applied by substituting "40 per centum" for "50 per centum" each place the term appears.

(5) With the approval of the President, a commissioned officer whose service as Surgeon General, Deputy Surgeon General, or Assistant Surgeon General has totaled four years or more and who has had not less than twenty-five years of active service in the Regular Corps may retire voluntarily at any time; and except as provided in paragraph (6), his retired pay shall be at the rate of 75 per centum of the basic pay of the highest grade held by him as such officer.

(6) The retired pay of a commissioned officer retired under this subsection who first became a member of a uniformed service after September 7, 1980, is determined by multiplying—

(A) the retired pay base determined under section 1407 of title 10; by

(B) the retired pay multiplier determined under section 1409 of such title for the number of years of service credited to the officer under paragraph (4).

(7) Retired pay computed under section 211(g)(3) of this title or under paragraph (4) or (5) of this subsection, if not a multiple of \$1, shall be rounded to the next lower multiple of \$1.

(b) Basic pay of highest temporary grade

For purposes of subsection (a), the basic pay of the highest grade to which a commissioned officer has received a temporary promotion means the basic pay to which he would be entitled if serving on active duty in such grade on the date of his retirement.

(c) Recall to active duty

A commissioned officer, retired for reasons other than for failure of promotion to the senior grade, may (1) if an officer of the Regular Corps entitled to retired pay under subsection (a) or under section 213a(a)(19) of this title, be involuntarily recalled to active duty during such times as the Commissioned Corps constitutes a branch of the land or naval forces of the United States, and (2) if an officer of either the Regular Corps or Ready Reserve Corps, be recalled to active duty at any time with his consent.

(d) "Active service" defined

The term "active service", as used in subsection (a), includes:

(1) all active service in any of the uniformed services;

(2) active service with the Public Health Service, other than as a commissioned officer, which the Surgeon General determines is comparable to service performed by commissioned officers of the Regular Corps, except that, if there are more than five years of such service only the last five years thereof may be included;

(3) all active service (other than service included under the preceding provisions of this subsection) which is creditable for retirement purposes under laws governing the retirement of

members of any of the uniformed services; and

(4) service performed as a member of the Senior Biomedical Research Service established by section 237 of this title, except that, if there are more than 5 years of such service, only the last 5 years thereof may be included.

(e) Crediting of part of year

For the purpose of determining the number of years by which a percentage of the basic pay of an officer is to be multiplied in computing the amount of his retired pay pursuant to section 211(g)(3) of this title or paragraph (4) of subsection (a) of this section, each full month of service that is in addition to the number of full years of service credited to an officer is counted as one-twelfth of a year and any remaining fractional part of a month is disregarded.

(f) Retirement or separation for physical disability

For purposes of retirement or separation for physical disability under chapter 61 of title 10, a commissioned officer of the Regular Corps shall be credited, in addition to the service described in section 1208(a)(2) of that title, with active service with the Public Health Service, other than as a commissioned officer, which the Surgeon General determines is comparable to service performed by commissioned officers of the Regular Corps, except that, if there are more than five years of such service, only the last five years thereof may be so credited. For such purposes, such section 1208(a)(2) shall be applicable to officers of the Regular Corps.

EDITORIAL NOTES

CODIFICATION

In subsec. (a)(4), "subchapter III of chapter 83 of title 5" substituted for "the Civil Service Retirement Act" on authority of Pub. L. 89–554, §7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted Title 5, Government Organization and Employees.

AMENDMENTS

2020—Pub. L. 116–136, §3214(c)(1), substituted "the Regular Corps" for "the Service" wherever appearing except in subsec. (c)(1), where "the Regular Corps" already appeared.

Subsec. (a)(4). Pub. L. 116–136, §3214(c)(2), struck out "(in the case of an officer in the Reserve Corps)" after "who was" in introductory provisions.

Subsec. (c)(1). Pub. L. 116–136, §3214(c)(3)(A), struck out "or an officer of the Reserve Corps" after "Regular Corps" and inserted "or under section 213a(a)(19) of this title" after "subsection (a)".

Subsec. (c)(2). Pub. L. 116–136, §3214(c)(3)(B), substituted "Regular Corps or Ready Reserve Corps" for "Regular or Reserve Corps".

Subsec. (f). Pub. L. 116–136, §3214(c)(4), struck out "the Regular or Reserve Corps of" after "applicable to officers of".

2015—Subsec. (a)(4). Pub. L. 114–92, §631(c)(4)(A), substituted "calculated by multiplying the retired pay base determined under section 1406 of title 10 by the retired pay multiplier determined under section 1409 of such title for the numbers of years of service credited to the officer under this paragraph" for "at the rate of 2½ per centum of the basic pay of the highest grade held by him as such officer".

Subsec. (a)(4)(E). Pub. L. 114–92, §631(c)(4)(B), added subpar. (E).

1990—Subsec. (d)(4). Pub. L. 101–509 added par. (4).

1986—Subsec. (a)(6). Pub. L. 99–348 amended par. (6) generally. Prior to amendment, par. (6) read as follows: "In computing retired pay under paragraph (4) or (5) in the case of any commissioned officer who first became a member of a uniformed service on or after September 8, 1980, the monthly retired pay base computed under section 1407(h) of title 10 shall be used in lieu of using the basic pay of the highest grade held by him as such officer."

1983—Subsec. (a)(7). Pub. L. 98–94, §922(d), added par. (7).

Subsec. (e). Pub. L. 98–94, §923(f), substituted "each full month of service that is in addition to the number of full years of service credited to an officer is counted as one-twelfth of a year and any remaining fractional part of a month is disregarded" for "a part of a year that is six months or more is counted as a whole year, and a part of a year that is less than six months is disregarded".

1981—Subsec. (a)(1). Pub. L. 97–35 substituted "shall, if he applies for retirement, be retired on or after" for "shall be retired on", and substituted provisions relating to involuntary retirement as a result of age, for provisions relating to inapplicability to the Surgeon General.

Pub. L. 97–25 inserted provision that this paragraph does not apply to Surgeon General.

1980—Subsec. (a)(4). Pub. L. 96–342, §813(h)(2)(A), substituted "Except as provided in paragraph (6), a" for "A".

Subsec. (a)(5). Pub. L. 96–342, §813(h)(2)(B), substituted "except as provided in paragraph (6), his" for "his".

Subsec. (a)(6). Pub. L. 96–342, §813(h)(2)(C), added par. (6).

1979—Subsec. (e). Pub. L. 96–76 struck out requirement respecting active service for purposes of credit.

1970—Subsec. (a)(4). Pub. L. 91–253 inserted "plus" after the semicolon at end of cl. (ii) and added cl. (iii).

1960—Pub. L. 86–415 amended section generally, and among other changes, authorized retirement of commissioned officers who have had less than 30 years of active service any time after the completion of 20 years of active service, permitted persons who have served as Deputy Surgeons General or Assistant Surgeons General for four or more years and who have had at least 25 years of active service to retire voluntarily at any time, provided for the recall to active duty of officers of the Reserve Corps entitled to retired pay under subsection (a) of this section during such times as the Corps constitutes a branch of the land or naval forces of the United States, authorized credit, for retirement purposes, of active service in the uniformed services and limited to five years the crediting of active service with the Public Health Service other than as a commissioned officer, and established the methods for computation of retired pay for active duty officers retiring for age or length of service.

1956—Subsec. (a). Act Apr. 27, 1956, §5(a), authorized crediting of noncommissioned service for purposes of retirement.

Subsec. (b)(1). Act Apr. 27, 1956, §5(b), authorized crediting of noncommissioned service in the Service for purposes of retirement.

Subsec. (c). Act Apr. 27, 1956, §5(c), permitted recall of retired officers of the Regular Corps without their consent whenever the Regular Corps has military status, and authorized recall of retired officers of the Regular or Reserve Corps with their consent at any time.

Subsec. (g). Act Aug. 10, 1956, provided for crediting of service for purposes of retirement or separation for physical disability under chapter 61 of title 10.

1949—Subsec. (a). Act Oct. 12, 1949, redesignated subsec. (b) as (a), substituted "subsection (b)" for "subsection (c)" and repealed former subsec. (a) relating to retirement for disability or disease.

Subsec. (b). Act Oct. 12, 1949, redesignated subsec. (c) as (b) and struck out reference to retirement for disability or disease. Former subsec. (b) redesignated (a).

Subsec. (c). Act Oct. 12, 1949, redesignated subsec. (d) as (c) and struck out reference to recovery from a disability. Former subsec. (c) redesignated (b).

Subsecs. (d) to (f). Act Oct. 12, 1949, redesignated subsecs. (e) to (g) as (d) to (f), respectively. Former subsec. (d) redesignated (c).

Subsecs. (g), (h). Act Oct. 12, 1949, redesignated subsec. (h) as (g) and amended subsection generally to relate to retirement or separation for physical disability. Former subsec. (g) redesignated (f).

1948—Subsec. (b). Act Feb. 28, 1948, inserted length of service for retirement purposes.

Subsec. (c)(2). Act Feb. 28, 1948, made subdivision applicable to grade of Assistant Surgeon General.

Subsec. (d). Act Feb. 28, 1948, substituted "under the provisions of subsection (b) of this section" for "for age".

Subsecs. (g), (h). Act Feb. 28, 1948, added subsecs. (g) and (h).

pursuant to section 509(b) of Pub. L. 96–88, which is classified to section 3508(b) of Title 20, Education.

EFFECTIVE DATE OF 1956 AMENDMENT; APPLICABILITY

Act Aug. 1, 1956, ch. 837, title V, §501(b)(2), 70 Stat. 882, provided that: "The amendment made by this subsection [amending this section] (A) shall apply only with respect to service performed on or after July 4, 1952, (B) shall not be construed to affect the entitlement of any person to benefits under the Veterans' Readjustment Assistance Act of 1952 [act July 16, 1952, ch. 875, 66 Stat. 633], (C) shall not be construed to authorize any payment under section 202(i) of the Social Security Act [42 U.S.C. 402(i)], or under Veterans Regulation Numbered 9(a), for any death occurring prior to January 1, 1957, and (D) shall not be construed to authorize payment of any benefits for any period prior to January 1, 1957."

TRANSFER OF FUNCTIONS

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

RECOMPUTATION OF SOCIAL SECURITY BENEFITS FOR OFFICERS ENTITLED TO OLD-AGE INSURANCE BENEFITS PRIOR TO JANUARY 1, 1957, OR FOR SURVIVORS OF OFFICERS WHO DIED PRIOR TO JANUARY 1, 1957

Act Aug. 1, 1956, ch. 837, title V, §501(b)(3), 70 Stat. 882, provided that: "In the case of any individual—

"(A) who performed active service (i) as a commissioned officer of the Public Health Service at any time during the period beginning July 4, 1952, and ending December 31, 1956, or (ii) as a commissioned officer of the Coast and Geodetic Survey at any time during the period beginning July 29, 1945, and ending December 31, 1956; and

"(B)(i) who became entitled to old-age insurance benefits under section 202(a) of the Social Security Act [42 U.S.C. 402(a)] prior to January 1, 1957, or

"(ii) who died prior to January 1, 1957, and whose widow, child, or parent is entitled for the month of January 1957, on the basis of his wages and self-employment income, to a monthly survivor's benefit under section 202 of such act [42 U.S.C. 402]; and

"(C) any part of whose service described in subparagraph (A) was not included in the computation of his primary insurance amount under section 215 of such act [42 U.S.C. 415] but would have been included in such computation if the amendment made by paragraph (1) of this subsection or paragraph (1) of subsection (d) had been effective prior to the date of such computation,

the Secretary of Health, Education, and Welfare [now Health and Human Services] shall, notwithstanding the provisions of section 215(f)(1) of the Social Security Act [42 U.S.C. 415(f)(1)], recompute the primary insurance amount of such individual upon the filing of an application, after December 1956, by him or (if he dies without filing such an application) by any person entitled to monthly survivor's benefits under section 202 of such act [42 U.S.C. 402] on the basis of his wages and self-employment income. Such recomputation shall be made only in the manner, provided in title II of the Social Security Act [42 U.S.C. 401 et seq.] as in effect at the time of the last previous computation or recomputation of such individual's primary insurance amount, and as though application therefor was filed in the month in which application for such last previous computation or recomputation was filed. No recomputation made under this paragraph shall be regarded as a recomputation under section 215(f) of the Social Security Act [42 U.S.C. 415(f)]. Any such recomputation shall be effective for and after the twelfth month before the month in which the application was filed, but in no case for any month before January 1957."

EDITORIAL NOTES

REFERENCES IN TEXT

Section 1370 of title 10, referred to in subsec. (a)(3), was repealed and new sections 1370 and 1370a of Title 10, Armed Forces, were enacted by Pub. L. 116–283, div. A, title V, §508(a)(1), Jan. 1, 2021, 134 Stat. 3580. For provisions stating that in determining retired grade of certain commissioned officers of the Armed Forces who retire after Jan. 1, 2021, any reference to section 1370 of Title 10 in such determination with respect to such officers is deemed to be a reference to section 1370a of Title 10, see section 508(c) of Pub. L. 116–283, set out as a note under section 1370 of Title 10.

Sections 1374 and 1376(a) of title 10, referred to in subsec. (a)(3), were repealed by Pub. L. 103–337, div. A, title XVI, §1662(k)(2), (3)(A)(i), Oct. 5, 1994, 108 Stat. 3006. See sections 12771 to 12774 of Title 10, Armed Forces.

Formula No. 3 of section 1401 of title 10, referred to in subsec. (a)(4), was struck from the table set forth in section 1401(a) of title 10 by Pub. L. 103–337, div. A, title XVI, §1662(j)(2), Oct. 5, 1994, 108 Stat. 3004.

CODIFICATION

Section was formerly classified to section 316 of title 37 prior to the general revision and enactment of Title 37, Pay and Allowances of the Uniformed Services, by Pub. L. 87–649, §1, Sept. 7, 1962, 76 Stat. 451.

AMENDMENTS

2020—Subsec. (a)(19) to (21). Pub. L. 116–136, §3214(d)(1), added pars. (19) to (21).

Subsec. (b). Pub. L. 116–136, §3214(d)(2)(B)–(D), designated first and second sentences as pars. (1) and (2), respectively, and added par. (3).

Pub. L. 116–136, §3214(d)(2)(A), substituted "Secretary of Health and Human Services or the designee of such Secretary" for "Secretary of Health, Education, and Welfare or his designee".

2012—Subsec. (a)(18). Pub. L. 112–144, §1129(a), added par. (18).

Subsec. (b). Pub. L. 112–144, §1129(b), inserted at end "For purposes of paragraph (18) of subsection (a), the term 'Inspector General' in section 1034 of such title 10 shall mean the Inspector General of the Department of Health and Human Services."

2001—Subsec. (a)(17). Pub. L. 107–107 added cl. (17).

1997—Subsec. (a)(16). Pub. L. 105–85 added cl. (16).

1985—Subsec. (a)(15). Pub. L. 99–117 added cl. (15).

1980—Subsec. (a)(3). Pub. L. 96–513 inserted reference to section 1370 of title 10.

1979—Subsec. (a)(12) to (14). Pub. L. 96–76 added cls. (12) to (14).

1972—Subsec. (a)(5). Pub. L. 92–425 substituted "Retired Serviceman's Family Protection Plan; Survivor Benefit Plan" for "Annuities Based on Retired or Retainer Pay".

1966—Subsec. (a)(11). Pub. L. 89–538 added cl. (11).

1964—Subsec. (a)(10). Pub. L. 88–431 added cl. (10).

1963—Subsec. (b). Pub. L. 88–132 inserted reference to Secretary of Defense.

1962—Subsec. (a). Pub. L. 87–555 added cl. (9). Notwithstanding directory language that section be amended by "adding the following new clause at the end thereof", the amendment was executed to subsec. (a) to reflect the probable intent of Congress since the "new" clause was numbered "(9)" and subsec. (a) contained cls. (1) to (8).

1959—Subsec. (a). Pub. L. 86–160 added cl. (1) and renumbered former cls. (1) to (7) as (2) to (8).

1958—Subsec. (a). Pub. L. 85–861 substituted "provisions" for "chapters" in opening clause, struck out former cl. (1) which related to chapter 55 of title 10, renumbered former cls. (2) to (6) as (1) to (5), amended cl. (1), as renumbered, to make sections 1201 to 1203 of title 10, inapplicable to commissioned officers of the Public Health Service who have been ordered to active duty for training for a period of more than 30 days, inserted a reference to section 1374 of title 10 in cl. (2), as renumbered, struck out "Care of the Dead" after "Benefits" in cl. (5), as renumbered, and added cl. (6).

PRIOR PROVISIONS

A prior section 214, acts July 1, 1944, ch. 373, title II, §213, 58 Stat. 689; Apr. 27, 1956, ch. 211, §2(a), 70 Stat. 116, authorized allowances for uniforms, prior to repeal by Pub. L. 87–649, §14b, Sept. 7, 1962, 76 Stat. 499. See section 415 of Title 37, Pay and Allowances of the Uniformed Services.

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE

Section applicable with respect to releases from service described in section on or after Oct. 1, 1999, see section 652(d) of Pub. L. 106–65, set out as a note under section 12605 of Title 10, Armed Forces.

§214a. Repealed. Sept. 1, 1954, ch. 1211, §5, 68 Stat. 1130

Section, act July 31, 1953, ch. 296, title II, §204, 67 Stat. 257, related to allowances for use of taxicabs, etc., around duty posts.

§215. Detail of Service personnel

(a) Other Government departments

The Secretary is authorized, upon the request of the head of an executive department, to detail officers or employees of the Service to such department for duty as agreed upon by the Secretary and the head of such department in order to cooperate in, or conduct work related to, the functions of such department or of the Service. When officers or employees are so detailed their salaries and allowances may be paid from working funds established as provided by law or may be paid by the Service from applicable appropriations and reimbursement may be made as agreed upon by the Secretary and the head of the executive department concerned. Officers detailed for duty with the Army, Air Force, Navy, or Coast Guard shall be subject to the laws for the government of the service to which detailed.

(b) State health or mental health authorities

Upon the request of any State health authority or, in the case of work relating to mental health, any

State mental health authority, personnel of the Service may be detailed by the Surgeon General for the purpose of assisting such State or a political subdivision thereof in work related to the functions of the Service.

(c) Congressional committees and nonprofit educational, research, or other institutions engaged in health activities for special studies and dissemination of information

The Surgeon General may detail personnel of the Service to any appropriate committee of the Congress or to nonprofit educational, research¹ or other institutions engaged in health activities for special studies of scientific problems and for the dissemination of information relating to public health.

(d) Availability of funds; reimbursement by State; detailed services deemed service for computation of pay, promotion, etc.

Personnel detailed under subsections (b) and (c) shall be paid from applicable appropriations of the Service, except that, in accordance with regulations such personnel may be placed on leave without pay and paid by the State, subdivision, or institution to which they are detailed. In the case of detail of personnel under subsections (b) or (c) to be paid from applicable Service appropriations, the Secretary may condition such detail on an agreement by the State, subdivision, or institution concerned that such State, subdivision, or institution concerned shall reimburse the United States for the amount of such payments made by the Service. The services of personnel while detailed pursuant to this section shall be considered as having been performed in the Service for purposes of the computation of basic pay, promotion, retirement, compensation for injury or death, and the benefits provided by section 213 of this title.

(e) Commissioned Corps officers; urgent or emergency public health care needs

Except with respect to the United States Coast Guard and the Department of Defense, and except as provided in agreements negotiated with officials at agencies where officers of the Commissioned Corps may be assigned, the Secretary shall have the sole authority to deploy any Commissioned Corps officer assigned under this section to an entity outside of the Department of Health and Human Services for service under the Secretary's direction in response to an urgent or emergency public health care need (as defined in section 204a(a)(5) of this title).

EDITORIAL NOTES

CODIFICATION

In subsec. (a), Air Force was inserted on the authority of section 207(a), (f) of act July 26, 1947, ch. 343, title II, 61 Stat. 502, which established a separate Department of the Air Force, and Secretary of Defense Transfer Order No. 40 [App. A(74)], July 22, 1949, which transferred certain functions, insofar as they pertain to the Air Force, which were not previously transferred to the Department of the Air Force and Secretary of the Air Force. Section 207(a), (f) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces", which in sections 8010 to 8013 continued the Department of the Air Force under the administrative supervision of a Secretary of the Air Force.

AMENDMENTS

2006—Subsec. (e). Pub. L. 109–417 added subsec. (e).

1979—Subsec. (c). Pub. L. 96–76, §309(a), inserted provisions authorizing detail of personnel to appropriate committees of Congress.

Subsec. (d). Pub. L. 96–76, §309(b), inserted provisions relating to agreements by States, etc., for reimbursement upon detail of personnel.

1949—Subsec. (d). Act Oct. 12, 1949, substituted "the computation of basic pay" for "longevity pay".

1946—Subsec. (b). Act July 3, 1946, provided for detail of personnel on request from a State mental health authority.

STATUTORY NOTES AND RELATED SUBSIDIARIES

CHANGE OF NAME

"Secretary of Health and Human Services" substituted for "Secretary of Health, Education, and Welfare" in subsecs. (a), (d), and (e), and "Department of Health and Human Services" substituted for "Department of Health, Education, and Welfare" in subsec. (e), pursuant to section 509(b) of Pub. L. 96–88, which is classified to section 3508(b) of Title 20, Education.

EFFECTIVE DATE OF 1949 AMENDMENT

Amendment by act Oct. 12, 1949, effective Oct. 1, 1949, see section 533(a) of act Oct. 12, 1949, set out as a note under section 854a of Title 33, Navigation and Navigable Waters.

TRANSFER OF FUNCTIONS

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

TRANSFERS OF PERSONNEL OCCASIONED BY CREATION OF THE ENVIRONMENTAL PROTECTION AGENCY

Pub. L. 91–604, §15(b)(1)–(8)(A), Dec. 31, 1970, 84 Stat. 1710–1712, as amended by Pub. L. 112–81, div. A, title VI, §631(f)(4)(B), Dec. 31, 2011, 125 Stat. 1465; Pub. L. 112–239, div. A, title X, §1076(a)(9), Jan. 2, 2013, 126 Stat. 1948, provided that:

"(1) Subject to such requirements as the Civil Service Commission may prescribe, any commissioned officer of the Public Health Service (other than an officer who retires under section 211 of the Public Health Service Act [42 U.S.C. 212] after his election but prior to his transfer pursuant to this paragraph and paragraph (2)) who, upon the day before the effective date of Reorganization Plan Numbered 3 of 1970 (hereinafter in this subsection referred to as the 'plan'), is serving as such officer (A) primarily in the performance of functions transferred by such plan to the Environmental Protection Agency or its Administrator (hereinafter in this subsection referred to as the 'Agency' and the 'Administrator,' respectively), may, if such officer so elects, acquire competitive status and be transferred to a competitive position in the Agency; or (B) primarily in the performance of functions determined by the Secretary of Health, Education, and Welfare (hereinafter in this subsection referred to as the 'Secretary') to be materially related to the functions so transferred, may, if authorized by agreement between the Secretary and the Administrator, and if such officer so elects, acquire such status and be so transferred.

"(2) An election pursuant to paragraph (1) shall be effective only if made in accordance with such procedures as may be prescribed by the Civil Service Commission (A) before the close of the 24th month after the effective date of the plan [Dec. 2, 1970], or (B) in the case of a commissioned officer who would be liable for training and service under the Military Selective Service Act of 1967 [50 U.S.C. 3801 et seq.] but for the operation of section 6(b)(3) thereof (50 U.S.C. App. 456(b)(3)) [now 50 U.S.C. 3806(b)(3)], before (if it occurs later than the close of such 24th month) the close of the 90th day after the day upon which he has completed his 24th month of service as such officer.

"(3)(A) Except as provided in subparagraph (B), any commissioned officer of the Public Health Service who, pursuant to paragraphs (1) and (2), elects to transfer to a position in the Agency which is subject to chapter 51 and subchapter III of chapter 53 of title 5, United States Code (hereinafter in this subsection referred to as the 'transferring officer'), shall receive a pay rate of the General Schedule grade of such position which is not less than the sum of the following amounts computed as of the day preceding the date of such election:

"(i) the basic pay, the special pay, the continuation pay, and the subsistence and quarters allowances, to which he is annually entitled as a commissioned officer of the Public Health Service pursuant to title 37, United States Code;

"(ii) the amount of Federal income tax, as determined by estimate of the Secretary, which the transferring officer, had he remained a commissioned officer, would have been required to pay on his subsistence and quarters allowances for the taxable year then current if they had not been tax free;

"(iii) an amount equal to the biweekly average cost of the coverages designated 'high option, self and family' under the Government-wide Federal employee health benefits programs plans, multiplied by twenty-six; and

"(iv) an amount equal to 7 per centum of the sum of the amounts determined under clauses (i) through (iii), inclusive.

"(B) A transferring officer shall in no event receive, pursuant to subparagraph (A), a pay rate in excess of the maximum rate applicable under the General Schedule to the class of position, as established under chapter 51 of title 5, United States Code, to which such officer is transferred pursuant to paragraphs (1) and (2).

"(4)(A) A transferring officer shall be credited, on the day of his transfer pursuant to his election under paragraphs (1) and (2), with one hour of sick leave for each week of active service, as defined by section 211(d) of the Public Health Service Act [42 U.S.C. 212(d)].

"(B) The annual leave to the credit of a transferring officer on the day before the day of his transfer, shall, on such day of transfer, be transferred to his credit in the Agency on an adjusted basis under regulations prescribed by the Civil Service Commission. The portion of such leave, if any, that is in excess of the sum of (i) 240 hours, and (ii) the number of hours that have accrued to the credit of the transferring officer during the calendar year then current and which remain unused, shall thereafter remain to his credit until used, and shall be reduced in the manner described by subsection (c) of section 6304 of title 5, United States Code.

"(5) A transferring officer who is required to change his official station as a result of his transfer under this subsection shall be paid such travel, transportation, and related expenses and allowances, as would be provided pursuant to subchapter II of chapter 57 of title 5, United States Code, in the case of a civilian employee so transferred in the interest of the Government. Such officer shall not (either at the time of such transfer or upon a subsequent separation from the competitive service) be deemed to have separated from, or changed permanent station within, a uniformed service for purposes of [former] section 474 of title 37, United States Code.

"(6) Each transferring officer who prior to January 1, 1958, was insured pursuant to the Federal Employees' Group Life Insurance Act of 1954, and who subsequently waived such insurance, shall be entitled to become insured under chapter 87 of title 5, United States Code, upon his transfer to the Agency regardless of age and insurability.

"(7)(A) Effective as of the date a transferring officer acquires competitive status as an employee of the Agency, there shall be considered as the civilian service of such officer for all purposes of chapter 83, title 5, United States Code, (i) his active service as defined by section 211(d) of the Public Health Service Act [42 U.S.C. 212(d)], or (ii) any period for which he would have been entitled, upon his retirement as a commissioned officer of the Public Health Service, to receive retired pay pursuant to section 211(a)(4)(B) of such Act [42 U.S.C. 212(a)(4)(B)]; however, no transferring officer may become entitled to benefits under both subchapter III of such chapter and title II of the Social Security Act [42 U.S.C. 401 et seq.] based on service as such a commissioned officer performed after 1956, but the individual (or his survivors) may irrevocably elect to waive benefit credit for the service under one such law to secure credit under the other.

"(B) A transferring officer on whose behalf a deposit is required to be made by subparagraph (C) and who, after transfer to a competitive position in the Agency under paragraphs (1) and (2), is separated from Federal service or transfers to a position not covered by subchapter III of chapter 83 of title 5, United States Code, shall not be entitled, nor shall his survivors be entitled, to a refund of any amount deposited on his behalf in accordance with this section. In the event he transfers, after transfer under paragraphs (1) and (2), to a position covered by another Government staff requirement system under which credit is allowable for service with respect to which a deposit is required under subparagraph (C), no credit shall be allowed under such subchapter III with respect to such service.

"(C) The Secretary shall deposit in the Treasury of the United States to the credit of the Civil Service Retirement and Disability Fund, on behalf of and to the credit of such transferring officer, an amount equal to that which such individual would be required to deposit in such fund to cover the years of service credited to him for purposes of his retirement under subparagraph (A), had such service been service as an employee as defined in section 8331(1) of title 5, United States Code. The amount so required to be deposited with respect to any transferring officer shall be computed on the basis of the sum of each of the amounts described in paragraph (3)(A) which were received by, or accrued to the benefit of, such officer during the years so credited. The deposits which the Secretary is required to make under this subparagraph with respect to any transferring officer shall be made within two years after the date of his transfer as provided in paragraphs (1) and (2), and the amounts due under this subparagraph shall include interest computed from the period of service credited to the date of payment in accordance with section 8334(e) of title 5, United States Code.

"(8)(A) A commissioned officer of the Public Health Service, who, upon the day before the effective date of the plan, is on active service therewith primarily assigned to the performance of functions described in

paragraph (1)(A), shall, while he remains in active service, as defined by section 211(d) of the Public Health Service Act [42 U.S.C. 212(d)], be assigned to the performance of duties with the Agency, except as the Secretary and the Administrator may jointly otherwise provide."

§217a. Advisory councils or committees

(a) Appointment; purpose

The Secretary may, without regard to the provisions of title 5 governing appointments in the competitive service, and without regard to the provisions of chapter 51 and subchapter III of chapter 53 of such title relating to classification and General Schedule pay rates, from time to time, appoint such advisory councils or committees (in addition to those authorized to be established under other provisions of law), for such periods of time, as he deems desirable with such period commencing on a date specified by the Secretary for the purpose of advising him in connection with any of his functions.

(b) Compensation and allowances of members not full-time employees of United States

Members of any advisory council or committee appointed under this section who are not regular full-time employees of the United States shall, while attending meetings or conferences of such council or committee or otherwise engaged on business of such council or committee receive compensation and allowances as provided in section 210(c) of this title for members of national advisory councils established under this chapter.

(c) Delegation of functions

Upon appointment of any such council or committee, the Secretary may delegate to such council or committee such advisory functions relating to grants-in-aid for research or training projects or programs, in the areas or fields with which such council or committee is concerned, as the Secretary determines to be appropriate.

1993—Pub. L. 103–43 substituted "Health and Human Services" for "Health, Education, and Welfare".

§218. National Advisory Councils on Migrant Health

(a) Appointment; duties

Within 120 days of July 29, 1975, the Secretary shall appoint and organize a National Advisory Council on Migrant Health (hereinafter in this subsection referred to as the "Council") which shall advise, consult with, and make recommendations to, the Secretary on matters concerning the organization, operation, selection, and funding of migrant health centers and other entities under grants and contracts under section 254b ¹ of this title.

(b) Membership

The Council shall consist of fifteen members, at least twelve of whom shall be members of the governing boards of migrant health centers or other entities assisted under section 254b ¹ of this title. Of such twelve members who are members of such governing boards, at least nine shall be chosen from among those members of such governing boards who are being served by such centers or grantees and who are familiar with the delivery of health care to migratory agricultural workers and seasonal agricultural workers. The remaining three Council members shall be individuals qualified by training and experience in the medical sciences or in the administration of health programs.

(c) Terms of office

Each member of the Council shall hold office for a term of four years, except that (1) any member appointed to fill a vacancy occurring prior to the expiration of the term for which his predecessor was appointed shall be appointed for the remainder of such term; and (2) the terms of the members first taking office after July 29, 1975, shall expire as follows: four shall expire four years after such date, four shall expire three years after such date, four shall expire two years after such date, and three shall expire one year after such date, as designated by the Secretary at the time of appointment.

(d) Applicability of section 1013(a) of title 5

Section 1013(a) of title 5 shall not apply to the Council.

EDITORIAL NOTES

REFERENCES IN TEXT

Section 254b of this title, referred to in subsecs. (a) and (b), was in the original a reference to section 329, meaning section 329 of act July 1, 1944, which was omitted in the general amendment of subpart I (§254b et seq.) of part D of subchapter II of this chapter by Pub. L. 104–299, §2, Oct. 11, 1996, 110 Stat. 3626. Section 2 of Pub. L. 104–299 enacted a new section 330 of act July 1, 1944, which is classified to section 254b of this title.

AMENDMENTS

2022—Subsec. (d). Pub. L. 117–286 substituted "Section 1013(a) of title 5" for "Section 14(a) of the Federal Advisory Committee Act".

1986—Pub. L. 99–570 redesignated former subsec. (e)(1) to (4) as subsecs. (a) to (d), respectively, in subsec. (c), further redesignated former cls. (A) and (B) as (1) and (2), respectively, and struck out former subsecs. (a) to (d), which related, respectively, to composition, qualifications, appointment and tenure of the National Advisory Mental Health Council and the National Advisory Council on Alcohol Abuse and Alcoholism; duties of the National Advisory Mental Health Council; duties of the National Advisory Council on Alcohol Abuse and Alcoholism; and the composition, qualifications, and duties of the National Advisory Council on Drug Abuse.

Subsec. (c). Pub. L. 99–660 which directed that "section 300cc of this title" be substituted for "section

300aa of this title" could not be executed because the reference in question appeared in former subsec. (c) which was repealed by Pub. L. 99-570.

1985—Subsec. (a). Pub. L. 99-158, §3(a)(2)(A), in first sentence substituted "National Advisory Mental Health Council and the National Advisory Council on Alcohol Abuse and Alcoholism" for "National Advisory Health Council, the National Advisory Mental Health Council, the National Advisory Council on Alcohol Abuse and Alcoholism, and the National Advisory Dental Research Council", and substituted "by the Secretary" for "by the Surgeon General with the approval of the Secretary of Health, Education, and Welfare".

Pub. L. 99-158, §3(a)(2)(B)(i), in second sentence struck out "in the case of the National Advisory Health Council, are skilled in the sciences related to health, and" after "scientific authorities who,".

Pub. L. 99-158, §3(a)(2)(B)(ii), which directed the substitution in second sentence of "the National Advisory Mental Health Council and the National Advisory Council on Alcohol Abuse and Alcoholism" for "the National Advisory Mental Health Council, the National Advisory Council on Alcohol Abuse and Alcoholism, the National Advisory Heart Council, and the National Advisory Dental Research Council" was executed by making the substitution for "the National Advisory Mental Health Council, the National Advisory Council on Alcohol Abuse and Alcoholism, and the National Advisory Dental Research Council" as the probable intent of Congress in view of the prior deletion of "the National Advisory Heart Council," by Pub. L. 92-423. See 1972 Amendment note below.

Pub. L. 99-158, §3(a)(2)(B)(iii), in second sentence substituted "and alcohol abuse and alcoholism" for ", alcohol abuse and alcoholism, and dental diseases and conditions".

Pub. L. 99-158, §3(a)(2)(C), struck out third sentence which provided that in the case of the National Advisory Dental Research Council, four of the six members selected from among the leading medical or scientific authorities be dentists.

Subsec. (b). Pub. L. 99-158, §3(a)(3), redesignated subsec. (c) as (b) and struck out former subsec. (b) which related to the duties of the National Advisory Health Council.

Subsecs. (c) to (e), (g). Pub. L. 99-158, §3(a)(3), redesignated subsecs. (d), (e), and (g) as (c), (d), and (e), respectively.

1984—Subsec. (a). Pub. L. 98-509 inserted provision requiring the Secretary to assure that the membership of the National Advisory Council on Alcohol Abuse and Alcoholism is broadly representative of experts in the fields of prevention, research, and treatment of alcohol abuse, alcoholism, and rehabilitation of alcohol abusers.

1983—Subsecs. (c), (d). Pub. L. 98-24 substituted "section 300aa of this title" for "section 219 of this title".

1980—Subsec. (a). Pub. L. 96-180 authorized appointees to serve after the expiration of their terms until their successors have taken office.

Subsec. (e)(1). Pub. L. 96-181, in provisions relating to the eligibility for selection of members, inserted officers or employees of State and local drug abuse agencies, and inserted provision that appointed members may serve after the expiration of their terms until their successors have taken office.

1978—Subsec. (f). Pub. L. 95-622 struck out subsec. (f) which related to the establishment of a National Advisory Council for the Protection of Subjects of Biomedical and Behavioral Research.

Subsec. (g)(1), (2). Pub. L. 95-626 substituted "section 254b" for "section 247d".

1976—Subsec. (d). Pub. L. 94-371 inserted provision that the Council advise the Secretary regarding policies and priorities with respect to grants and contracts in the field of alcohol abuse and alcoholism.

1975—Subsec. (g). Pub. L. 94-63 added subsec. (g).

1974—Subsec. (f). Pub. L. 93-348 added subsec. (f).

1972—Subsec. (a). Pub. L. 92-423, §7(a)(1), (2), struck out "the National Advisory Heart Council," after "the National Advisory Council on Alcohol Abuse and Alcoholism" in two places and "heart diseases," after "alcohol abuse and alcoholism," respectively.

Subsec. (b). Pub. L. 92-423, §7(a)(2), struck out "heart," after "alcohol abuse and alcoholism,".

Subsec. (e). Pub. L. 92-255 added subsec. (e).

1971—Subsec. (a). Pub. L. 92-218, §6(a)(1)(A), (B), struck out reference to National Advisory Cancer Council before National Advisory Mental Health Council in two places and struck out "cancer," before "psychiatric disorders".

Pub. L. 92-157 substituted "National Advisory Council on Alcohol Abuse and Alcoholism" for "National Advisory Council on Alcoholic Abuse and Alcoholism" in second sentence.

Subsec. (b). Pub. L. 92-218, §6(a)(1)(B), struck out "cancer," before "mental health" in listing of various diseases.

1970—Subsec. (a). Pub. L. 91-616, §401(a), made subsection applicable to National Advisory Council on Alcohol Abuse and Alcoholism, and inserted alcohol abuse and alcoholism to enumeration of diseases concerning which members of such Council must be skilled, and prescribed manner in which terms of

members of Council would expire.

Subsec. (b). Pub. L. 91-616, §401(b), inserted reference to National Advisory Council on Alcohol Abuse and Alcoholism authorizing the Surgeon General to utilize the services of members of such Council for additional periods.

Pub. L. 91-515 inserted "or committees" after "councils".

Subsec. (d). Pub. L. 91-616, §401(c), added subsec. (d).

1950—Act Aug. 15, 1950, §3(d), amended section catchline to reflect addition of new advisory councils.

Subsec. (a). Act Aug. 15, 1950, §3(a), applied provisions to all of the advisory councils with regard to composition, qualifications, and appointment and tenure of members.

Subsec. (b). Act Aug. 15, 1950, §3(b), made subsection also applicable to new advisory councils.

Subsec. (c). Act Aug. 15, 1950, §3(c), redesignated subsec. (e) as (c) and repealed former subsec. (c).

Subsecs. (d), (f), (g). Act. Aug. 15, 1950, §3(c), repealed subsecs. (d), (f), and (g).

1948—Acts June 16, 1948, §4(c), and June 24, 1948, §4(c), included in section catchline the National Advisory Heart and Dental Research Councils, respectively.

Subsec. (a). Act June 16, 1948, §6(b), substituted "National Institutes of Health" for "National Institute of Health" in second sentence.

Subsec. (b). Acts June 16, 1948, §4(b), and June 24, 1948, §4(b), made subsection applicable to the National Advisory Heart Council and the National Advisory Dental Research Council, respectively.

Subsec. (f). Act June 16, 1948, §4(a), added subsec. (f) which established the National Advisory Heart Council.

Subsec. (g). Act June 24, 1948, §4(a), added subsec. (g) which established the National Advisory Dental Research Council.

1946—Act July 3, 1946, inserted "Mental Health" in section catchline.

Subsec. (b). Act July 3, 1946, inserted "or of the National Advisory Mental Health Council".

Subsecs. (d), (e). Act July 3, 1946, added subsecs. (d) and (e).

§218a. Training of officers

(a) In general

Appropriations available for the pay and allowances of commissioned officers of the Service shall also be available for the pay and allowances of any such officer on active duty while attending any Federal or non-Federal educational institution or training program and, subject to regulations of the President and to the limitation prescribed in such appropriations, for payment of his tuition, fees, and other necessary expenses incident to such attendance.

(b) Voluntary separation within period subsequent to attendance

Any officer whose tuition, fees, and other necessary expenses are paid pursuant to subsection (a) while attending an educational institution or training program for a period in excess of thirty days shall be obligated to pay to the Service an amount equal to two times the total amount of such tuition, fees, and other necessary expenses received by such officer during such period, and two times the total amount of any compensation received by, and any allowance paid to, such officer during such period, if after return to active service such officer voluntarily leaves the Service within (1) six months, or (2) twice the period of such attendance, whichever is greater. Such subsequent period of service shall commence upon the cessation of such attendance and of any further continuous period of training duty for which no tuition and fees are paid by the Service and which is part of the officer's prescribed formal training program, whether such further training is at a Service facility or otherwise. The Surgeon General may waive, in whole or in part, any payment which may be required by this subsection upon a determination that such payment would be inequitable or would not be in the public interest.

(c) Training in leave without pay status

A commissioned officer may be placed in leave without pay status while attending an educational institution or training program whenever the Secretary determines that such status is in the best interest of the Service. For purposes of computation of basic pay, promotion, retirement, compensation for injury or death, and the benefits provided by sections 213 and 233 of this title, an officer in such status pursuant to the preceding sentence shall be considered as performing service in the Service and shall have an active service obligation as set forth in subsection (b) of this section.

STATUTORY NOTES AND RELATED SUBSIDIARIES

CHANGE OF NAME

"Secretary of Health and Human Services" substituted for "Secretary of Health, Education, and Welfare" pursuant to section 509(b) of Pub. L. 96–88, which is classified to section 3508(b) of Title 20, Education.

TRANSFER OF FUNCTIONS

Functions of Federal Works Agency and of all agencies thereof, together with functions of Federal Works Administrator transferred to Administrator of General Services by section 103(a) of act June 30, 1949. Both Federal Works Agency and office of Federal Works Administrator abolished by section 103(b) of that act. See Historical and Revision Notes under section 303(b) of Title 40, Public Buildings, Property, and Works. Section 303(b) of Title 40 was amended generally by Pub. L. 109–313, §2(a)(1), Oct. 6, 2006, 120 Stat. 1734, and, as so amended, no longer relates to the Federal Works Agency and Commissioner of Public Buildings. See 2006 Amendment note under section 303 of Title 40.

EFFECTIVE DATE OF TRANSFER OF FUNCTIONS

Transfer of functions by act June 30, 1949, effective July 1, 1949, see section 605, formerly section 505, of act June 30, 1949, ch. 288, 63 Stat. 403; renumbered by act Sept. 5, 1950, ch. 849, §6(a), (b), 64 Stat. 583.

EXECUTIVE DOCUMENTS

TRANSFER OF FUNCTIONS

Functions of Public Health Service, Surgeon General of Public Health Service, and all other officers and employees of Public Health Service, and functions of all agencies of or in Public Health Service transferred to Secretary of Health, Education, and Welfare by Reorg. Plan No. 3 of 1966, eff. June 25, 1966, 31 F.R. 8855, 80 Stat. 1610, set out as a note under section 202 of this title.

§233. Civil actions or proceedings against commissioned officers or employees

(a) Exclusiveness of remedy

The remedy against the United States provided by sections 1346(b) and 2672 of title 28, or by alternative benefits provided by the United States where the availability of such benefits precludes a remedy under section 1346(b) of title 28, for damage for personal injury, including death, resulting from the performance of medical, surgical, dental, or related functions, including the conduct of clinical studies or investigation, by any commissioned officer or employee of the Public Health Service while acting within the scope of his office or employment, shall be exclusive of any other civil action or proceeding by reason of the same subject-matter against the officer or employee (or his estate) whose act or omission gave rise to the claim.

(b) Attorney General to defend action or proceeding; delivery of process to designated official; furnishing of copies of pleading and process to United States attorney, Attorney General, and Secretary

The Attorney General shall defend any civil action or proceeding brought in any court against any person referred to in subsection (a) of this section (or his estate) for any such damage or injury. Any such person against whom such civil action or proceeding is brought shall deliver within such time after date of service or knowledge of service as determined by the Attorney General, all process served upon him or an attested true copy thereof to his immediate superior or to whomever was designated by the Secretary to receive such papers and such person shall promptly furnish copies of

the pleading and process therein to the United States attorney for the district embracing the place wherein the proceeding is brought, to the Attorney General, and to the Secretary.

(c) Removal to United States district court; procedure; proceeding upon removal deemed a tort action against United States; hearing on motion to remand to determine availability of remedy against United States; remand to State court or dismissal

Upon a certification by the Attorney General that the defendant was acting in the scope of his employment at the time of the incident out of which the suit arose, any such civil action or proceeding commenced in a State court shall be removed without bond at any time before trial by the Attorney General to the district court of the United States of the district and division embracing the place wherein it is pending and the proceeding deemed a tort action brought against the United States under the provisions of title 28 and all references thereto. Should a United States district court determine on a hearing on a motion to remand held before a trial on the merit that the case so removed is one in which a remedy by suit within the meaning of subsection (a) of this section is not available against the United States, the case shall be remanded to the State Court: *Provided*, That where such a remedy is precluded because of the availability of a remedy through proceedings for compensation or other benefits from the United States as provided by any other law, the case shall be dismissed, but in the event the running of any limitation of time for commencing, or filing an application or claim in, such proceedings for compensation or other benefits shall be deemed to have been suspended during the pendency of the civil action or proceeding under this section.

(d) Compromise or settlement of claim by Attorney General

The Attorney General may compromise or settle any claim asserted in such civil action or proceeding in the manner provided in section 2677 of title 28 and with the same effect.

(e) Assault or battery

For purposes of this section, the provisions of section 2680(h) of title 28 shall not apply to assault or battery arising out of negligence in the performance of medical, surgical, dental, or related functions, including the conduct of clinical studies or investigations.

(f) Authority of Secretary or designee to hold harmless or provide liability insurance for assigned or detailed employees

The Secretary or his designee may, to the extent that he deems appropriate, hold harmless or provide liability insurance for any officer or employee of the Public Health Service for damage for personal injury, including death, negligently caused by such officer or employee while acting within the scope of his office or employment and as a result of the performance of medical, surgical, dental, or related functions, including the conduct of clinical studies or investigations, if such employee is assigned to a foreign country or detailed to a State or political subdivision thereof or to a non-profit institution, and if the circumstances are such as are likely to preclude the remedies of third persons against the United States described in section 2679(b) of title 28, for such damage or injury.

(g) Exclusivity of remedy against United States for entities deemed Public Health Service employees; coverage for services furnished to individuals other than center patients; application process; subrogation of medical malpractice claims; applicable period; entity and contractor defined

(1)(A) For purposes of this section and subject to the approval by the Secretary of an application under subparagraph (D), an entity described in paragraph (4), and any officer, governing board member, or employee of such an entity, and any contractor of such an entity who is a physician or other licensed or certified health care practitioner (subject to paragraph (5)), shall be deemed to be an employee of the Public Health Service for a calendar year that begins during a fiscal year for which a transfer was made under subsection (k)(3) (subject to paragraph (3)). The remedy against the United States for an entity described in paragraph (4) and any officer, governing board member, employee, or contractor (subject to paragraph (5)) of such an entity who is deemed to be an employee of the

Public Health Service pursuant to this paragraph shall be exclusive of any other civil action or proceeding to the same extent as the remedy against the United States is exclusive pursuant to subsection (a).

(B) The deeming of any entity or officer, governing board member, employee, or contractor of the entity to be an employee of the Public Health Service for purposes of this section shall apply with respect to services provided—

- (i) to all patients of the entity, and
- (ii) subject to subparagraph (C), to individuals who are not patients of the entity.

(C) Subparagraph (B)(ii) applies to services provided to individuals who are not patients of an entity if the Secretary determines, after reviewing an application submitted under subparagraph (D), that the provision of the services to such individuals—

- (i) benefits patients of the entity and general populations that could be served by the entity through community-wide intervention efforts within the communities served by such entity;
- (ii) facilitates the provision of services to patients of the entity; or
- (iii) are otherwise required under an employment contract (or similar arrangement) between the entity and an officer, governing board member, employee, or contractor of the entity.

(D) The Secretary may not under subparagraph (A) deem an entity or an officer, governing board member, employee, or contractor of the entity to be an employee of the Public Health Service for purposes of this section, and may not apply such deeming to services described in subparagraph (B)(ii), unless the entity has submitted an application for such deeming to the Secretary in such form and such manner as the Secretary shall prescribe. The application shall contain detailed information, along with supporting documentation, to verify that the entity, and the officer, governing board member, employee, or contractor of the entity, as the case may be, meets the requirements of subparagraphs (B) and (C) of this paragraph and that the entity meets the requirements of paragraphs (1) through (4) of subsection (h).

(E) The Secretary shall make a determination of whether an entity or an officer, governing board member, employee, or contractor of the entity is deemed to be an employee of the Public Health Service for purposes of this section within 30 days after the receipt of an application under subparagraph (D). The determination of the Secretary that an entity or an officer, governing board member, employee, or contractor of the entity is deemed to be an employee of the Public Health Service for purposes of this section shall apply for the period specified by the Secretary under subparagraph (A).

(F) Once the Secretary makes a determination that an entity or an officer, governing board member, employee, or contractor of an entity is deemed to be an employee of the Public Health Service for purposes of this section, the determination shall be final and binding upon the Secretary and the Attorney General and other parties to any civil action or proceeding. Except as provided in subsection (i), the Secretary and the Attorney General may not determine that the provision of services which are the subject of such a determination are not covered under this section.

(G) In the case of an entity described in paragraph (4) that has not submitted an application under subparagraph (D):

- (i) The Secretary may not consider the entity in making estimates under subsection (k)(1).
- (ii) This section does not affect any authority of the entity to purchase medical malpractice liability insurance coverage with Federal funds provided to the entity under section 254b, 254b, or 256a of this title.¹

(H) In the case of an entity described in paragraph (4) for which an application under subparagraph (D) is in effect, the entity may, through notifying the Secretary in writing, elect to terminate the applicability of this subsection to the entity. With respect to such election by the entity:

- (i) The election is effective upon the expiration of the 30-day period beginning on the date on which the entity submits such notification.
- (ii) Upon taking effect, the election terminates the applicability of this subsection to the entity

and each officer, governing board member, employee, and contractor of the entity.

(iii) Upon the effective date for the election, clauses (i) and (ii) of subparagraph (G) apply to the entity to the same extent and in the same manner as such clauses apply to an entity that has not submitted an application under subparagraph (D).

(iv) If after making the election the entity submits an application under subparagraph (D), the election does not preclude the Secretary from approving the application (and thereby restoring the applicability of this subsection to the entity and each officer, governing board member, employee, and contractor of the entity, subject to the provisions of this subsection and the subsequent provisions of this section).

(2) If, with respect to an entity or person deemed to be an employee for purposes of paragraph (1), a cause of action is instituted against the United States pursuant to this section, any claim of the entity or person for benefits under an insurance policy with respect to medical malpractice relating to such cause of action shall be subrogated to the United States.

(3) This subsection shall apply with respect to a cause of action arising from an act or omission which occurs on or after January 1, 1993.

(4) An entity described in this paragraph is a public or non-profit private entity receiving Federal funds under section 254b of this title.

(5) For purposes of paragraph (1), an individual may be considered a contractor of an entity described in paragraph (4) only if—

(A) the individual normally performs on average at least 32½ hours of service per week for the entity for the period of the contract; or

(B) in the case of an individual who normally performs an average of less than 32½ hours of services per week for the entity for the period of the contract, the individual is a licensed or certified provider of services in the fields of family practice, general internal medicine, general pediatrics, or obstetrics and gynecology.

(h) Qualifications for designation as Public Health Service employee

The Secretary may not approve an application under subsection (g)(1)(D) unless the Secretary determines that the entity—

(1) has implemented appropriate policies and procedures to reduce the risk of malpractice and the risk of lawsuits arising out of any health or health-related functions performed by the entity;

(2) has reviewed and verified the professional credentials, references, claims history, fitness, professional review organization findings, and license status of its physicians and other licensed or certified health care practitioners, and, where necessary, has obtained the permission from these individuals to gain access to this information;

(3) has no history of claims having been filed against the United States as a result of the application of this section to the entity or its officers, employees, or contractors as provided for under this section, or, if such a history exists, has fully cooperated with the Attorney General in defending against any such claims and either has taken, or will take, any necessary corrective steps to assure against such claims in the future; and

(4) will fully cooperate with the Attorney General in providing information relating to an estimate described under subsection (k).

(i) Authority of Attorney General to exclude health care professionals from coverage

(1) Notwithstanding subsection (g)(1), the Attorney General, in consultation with the Secretary, may on the record determine, after notice and opportunity for a full and fair hearing, that an individual physician or other licensed or certified health care practitioner who is an officer, employee, or contractor of an entity described in subsection (g)(4) shall not be deemed to be an employee of the Public Health Service for purposes of this section, if treating such individual as such an employee would expose the Government to an unreasonably high degree of risk of loss because such individual—

(A) does not comply with the policies and procedures that the entity has implemented pursuant to subsection (h)(1);

(B) has a history of claims filed against him or her as provided for under this section that is outside the norm for licensed or certified health care practitioners within the same specialty;

(C) refused to reasonably cooperate with the Attorney General in defending against any such claim;

(D) provided false information relevant to the individual's performance of his or her duties to the Secretary, the Attorney General, or an applicant for or recipient of funds under this chapter; or

(E) was the subject of disciplinary action taken by a State medical licensing authority or a State or national professional society.

(2) A final determination by the Attorney General under this subsection that an individual physician or other licensed or certified health care professional shall not be deemed to be an employee of the Public Health Service shall be effective upon receipt by the entity employing such individual of notice of such determination, and shall apply only to acts or omissions occurring after the date such notice is received.

(j) Remedy for denial of hospital admitting privileges to certain health care providers

In the case of a health care provider who is an officer, employee, or contractor of an entity described in subsection (g)(4), section 254h(e) of this title shall apply with respect to the provider to the same extent and in the same manner as such section applies to any member of the National Health Service Corps.

(k) Estimate of annual claims by Attorney General; criteria; establishment of fund; transfer of funds to Treasury accounts

(1)(A) For each fiscal year, the Attorney General, in consultation with the Secretary, shall estimate by the beginning of the year the amount of all claims which are expected to arise under this section (together with related fees and expenses of witnesses) for which payment is expected to be made in accordance with section 1346 and chapter 171 of title 28 from the acts or omissions, during the calendar year that begins during that fiscal year, of entities described in subsection (g)(4) and of officers, employees, or contractors (subject to subsection (g)(5)) of such entities.

(B) The estimate under subparagraph (A) shall take into account—

(i) the value and frequency of all claims for damage for personal injury, including death, resulting from the performance of medical, surgical, dental, or related functions by entities described in subsection (g)(4) or by officers, employees, or contractors (subject to subsection (g)(5)) of such entities who are deemed to be employees of the Public Health Service under subsection (g)(1) that, during the preceding 5-year period, are filed under this section or, with respect to years occurring before this subsection takes effect, are filed against persons other than the United States,

(ii) the amounts paid during that 5-year period on all claims described in clause (i), regardless of when such claims were filed, adjusted to reflect payments which would not be permitted under section 1346 and chapter 171 of title 28, and

(iii) amounts in the fund established under paragraph (2) but unspent from prior fiscal years.

(2) Subject to appropriations, for each fiscal year, the Secretary shall establish a fund of an amount equal to the amount estimated under paragraph (1) that is attributable to entities receiving funds under each of the grant programs described in paragraph (4) of subsection (g), but not to exceed a total of \$10,000,000 for each such fiscal year. Appropriations for purposes of this paragraph shall be made separate from appropriations made for purposes of sections 254b, 254b and 256a of this title.¹

(3) In order for payments to be made for judgments against the United States (together with related fees and expenses of witnesses) pursuant to this section arising from the acts or omissions of entities described in subsection (g)(4) and of officers, governing board members, employees, or contractors (subject to subsection (g)(5)) of such entities, the total amount contained within the fund established by the Secretary under paragraph (2) for a fiscal year shall be transferred not later than the December 31 that occurs during the fiscal year to the appropriate accounts in the Treasury.

(l) Timely response to filing of action or proceeding

(1) If a civil action or proceeding is filed in a State court against any entity described in subsection (g)(4) or any officer, governing board member, employee, or any contractor of such an entity for damages described in subsection (a), the Attorney General, within 15 days after being notified of such filing, shall make an appearance in such court and advise such court as to whether the Secretary has determined under subsections (g) and (h), that such entity, officer, governing board member, employee, or contractor of the entity is deemed to be an employee of the Public Health Service for purposes of this section with respect to the actions or omissions that are the subject of such civil action or proceeding. Such advice shall be deemed to satisfy the provisions of subsection (c) that the Attorney General certify that an entity, officer, governing board member, employee, or contractor of the entity was acting within the scope of their employment or responsibility.

(2) If the Attorney General fails to appear in State court within the time period prescribed under paragraph (1), upon petition of any entity or officer, governing board member, employee, or contractor of the entity named, the civil action or proceeding shall be removed to the appropriate United States district court. The civil action or proceeding shall be stayed in such court until such court conducts a hearing, and makes a determination, as to the appropriate forum or procedure for the assertion of the claim for damages described in subsection (a) and issues an order consistent with such determination.

(m) Application of coverage to managed care plans

(1) An entity or officer, governing board member, employee, or contractor of an entity described in subsection (g)(1) shall, for purposes of this section, be deemed to be an employee of the Public Health Service with respect to services provided to individuals who are enrollees of a managed care plan if the entity contracts with such managed care plan for the provision of services.

(2) Each managed care plan which enters into a contract with an entity described in subsection (g)(4) shall deem the entity and any officer, governing board member, employee, or contractor of the entity as meeting whatever malpractice coverage requirements such plan may require of contracting providers for a calendar year if such entity or officer, governing board member, employee, or contractor of the entity has been deemed to be an employee of the Public Health Service for purposes of this section for such calendar year. Any plan which is found by the Secretary on the record, after notice and an opportunity for a full and fair hearing, to have violated this subsection shall upon such finding cease, for a period to be determined by the Secretary, to receive and to be eligible to receive any Federal funds under titles XVIII or XIX of the Social Security Act [42 U.S.C. 1395 et seq., 1396 et seq.].

(3) For purposes of this subsection, the term "managed care plan" shall mean health maintenance organizations and similar entities that contract at-risk with payors for the provision of health services or plan enrollees and which contract with providers (such as entities described in subsection (g)(4)) for the delivery of such services to plan enrollees.

(n) Report on risk exposure of covered entities

(1) Not later than one year after December 26, 1995, the Comptroller General of the United States shall submit to the Congress a report on the following:

(A) The medical malpractice liability claims experience of entities that have been deemed to be employees for purposes of this section.

(B) The risk exposure of such entities.

(C) The value of private sector risk-management services, and the value of risk-management services and procedures required as a condition of receiving a grant under section 254b, 254b, or 256a of this title.¹

(D) A comparison of the costs and the benefits to taxpayers of maintaining medical malpractice liability coverage for such entities pursuant to this section, taking into account—

(i) a comparison of the costs of premiums paid by such entities for private medical malpractice liability insurance with the cost of coverage pursuant to this section; and

(ii) an analysis of whether the cost of premiums for private medical malpractice liability insurance coverage is consistent with the liability claims experience of such entities.

(2) The report under paragraph (1) shall include the following:

(A) A comparison of—

(i) an estimate of the aggregate amounts that such entities (together with the officers, governing board members, employees, and contractors of such entities who have been deemed to be employees for purposes of this section) would have directly or indirectly paid in premiums to obtain medical malpractice liability insurance coverage if this section were not in effect; with

(ii) the aggregate amounts by which the grants received by such entities under this chapter were reduced pursuant to subsection (k)(2).

(B) A comparison of—

(i) an estimate of the amount of privately offered such insurance that such entities (together with the officers, governing board members, employees, and contractors of such entities who have been deemed to be employees for purposes of this section) purchased during the three-year period beginning on January 1, 1993; with

(ii) an estimate of the amount of such insurance that such entities (together with the officers, governing board members, employees, and contractors of such entities who have been deemed to be employees for purposes of this section) will purchase after December 26, 1995.

(C) An estimate of the medical malpractice liability loss history of such entities for the 10-year period preceding October 1, 1996, including but not limited to the following:

(i) Claims that have been paid and that are estimated to be paid, and legal expenses to handle such claims that have been paid and that are estimated to be paid, by the Federal Government pursuant to deeming entities as employees for purposes of this section.

(ii) Claims that have been paid and that are estimated to be paid, and legal expenses to handle such claims that have been paid and that are estimated to be paid, by private medical malpractice liability insurance.

(D) An analysis of whether the cost of premiums for private medical malpractice liability insurance coverage is consistent with the liability claims experience of entities that have been deemed as employees for purposes of this section.

(3) In preparing the report under paragraph (1), the Comptroller General of the United States shall consult with public and private entities with expertise on the matters with which the report is concerned.

(o) Volunteer services provided by health professionals at free clinics

(1) For purposes of this section, a free clinic health professional shall in providing a qualifying health service to an individual, or an officer, governing board member, employee, or contractor of a free clinic shall in providing services for the free clinic, be deemed to be an employee of the Public Health Service for a calendar year that begins during a fiscal year for which a transfer was made under paragraph (6)(D). The preceding sentence is subject to the provisions of this subsection.

(2) In providing a health service to an individual, a health care practitioner shall for purposes of this subsection be considered to be a free clinic health professional if the following conditions are met:

(A) The service is provided to the individual at a free clinic, or through offsite programs or events carried out by the free clinic.

(B) The free clinic is sponsoring the health care practitioner pursuant to paragraph (5)(C).

(C) The service is a qualifying health service (as defined in paragraph (4)).

(D) Neither the health care practitioner nor the free clinic receives any compensation for the service from the individual or from any third-party payor (including reimbursement under any insurance policy or health plan, or under any Federal or State health benefits program). With respect to compliance with such condition:

(i) The health care practitioner may receive repayment from the free clinic for reasonable

expenses incurred by the health care practitioner in the provision of the service to the individual.

(ii) The free clinic may accept voluntary donations for the provision of the service by the health care practitioner to the individual.

(E) Before the service is provided, the health care practitioner or the free clinic provides written notice to the individual of the extent to which the legal liability of the health care practitioner is limited pursuant to this subsection (or in the case of an emergency, the written notice is provided to the individual as soon after the emergency as is practicable). If the individual is a minor or is otherwise legally incompetent, the condition under this subparagraph is that the written notice be provided to a legal guardian or other person with legal responsibility for the care of the individual.

(F) At the time the service is provided, the health care practitioner is licensed or certified in accordance with applicable law regarding the provision of the service.

(3)(A) For purposes of this subsection, the term "free clinic" means a health care facility operated by a nonprofit private entity meeting the following requirements:

(i) The entity does not, in providing health services through the facility, accept reimbursement from any third-party payor (including reimbursement under any insurance policy or health plan, or under any Federal or State health benefits program).

(ii) The entity, in providing health services through the facility, either does not impose charges on the individuals to whom the services are provided, or imposes a charge according to the ability of the individual involved to pay the charge.

(iii) The entity is licensed or certified in accordance with applicable law regarding the provision of health services.

(B) With respect to compliance with the conditions under subparagraph (A), the entity involved may accept voluntary donations for the provision of services.

(4) For purposes of this subsection, the term "qualifying health service" means any medical assistance required or authorized to be provided in the program under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.], without regard to whether the medical assistance is included in the plan submitted under such program by the State in which the health care practitioner involved provides the medical assistance. References in the preceding sentence to such program shall as applicable be considered to be references to any successor to such program.

(5) Subsection (g) (other than paragraphs (3) through (5)) and subsections (h), (i), and (l) apply to a health care practitioner for purposes of this subsection to the same extent and in the same manner as such subsections apply to an officer, governing board member, employee, or contractor of an entity described in subsection (g)(4), subject to paragraph (6) and subject to the following:

(A) The first sentence of paragraph (1) applies in lieu of the first sentence of subsection (g)(1)(A).

(B) This subsection may not be construed as deeming any free clinic to be an employee of the Public Health Service for purposes of this section.

(C) With respect to a free clinic, a health care practitioner is not a free clinic health professional unless the free clinic sponsors the health care practitioner. For purposes of this subsection, the free clinic shall be considered to be sponsoring the health care practitioner if—

(i) with respect to the health care practitioner, the free clinic submits to the Secretary an application meeting the requirements of subsection (g)(1)(D); and

(ii) the Secretary, pursuant to subsection (g)(1)(E), determines that the health care practitioner is deemed to be an employee of the Public Health Service.

(D) In the case of a health care practitioner who is determined by the Secretary pursuant to subsection (g)(1)(E) to be a free clinic health professional, this subsection applies to the health

care practitioner (with respect to the free clinic sponsoring the health care practitioner pursuant to subparagraph (C)) for any cause of action arising from an act or omission of the health care practitioner occurring on or after the date on which the Secretary makes such determination.

(E) Subsection (g)(1)(F) applies to a health care practitioner for purposes of this subsection only to the extent that, in providing health services to an individual, each of the conditions specified in paragraph (2) is met.

(6)(A) For purposes of making payments for judgments against the United States (together with related fees and expenses of witnesses) pursuant to this section arising from the acts or omissions of free clinic health professionals, there is authorized to be appropriated \$10,000,000 for each fiscal year.

(B) The Secretary shall establish a fund for purposes of this subsection. Each fiscal year amounts appropriated under subparagraph (A) shall be deposited in such fund.

(C) Not later than May 1 of each fiscal year, the Attorney General, in consultation with the Secretary, shall submit to the Congress a report providing an estimate of the amount of claims (together with related fees and expenses of witnesses) that, by reason of the acts or omissions of free clinic health professionals, will be paid pursuant to this section during the calendar year that begins in the following fiscal year. Subsection (k)(1)(B) applies to the estimate under the preceding sentence regarding free clinic health professionals to the same extent and in the same manner as such subsection applies to the estimate under such subsection regarding officers, governing board members, employees, and contractors of entities described in subsection (g)(4).

(D) Not later than December 31 of each fiscal year, the Secretary shall transfer from the fund under subparagraph (B) to the appropriate accounts in the Treasury an amount equal to the estimate made under subparagraph (C) for the calendar year beginning in such fiscal year, subject to the extent of amounts in the fund.

(7)(A) This subsection takes effect on the date of the enactment of the first appropriations Act that makes an appropriation under paragraph (6)(A), except as provided in subparagraph (B)(i).

(B)(i) Effective on August 21, 1996—

(I) the Secretary may issue regulations for carrying out this subsection, and the Secretary may accept and consider applications submitted pursuant to paragraph (5)(C); and

(II) reports under paragraph (6)(C) may be submitted to the Congress.

(ii) For the first fiscal year for which an appropriation is made under subparagraph (A) of paragraph (6), if an estimate under subparagraph (C) of such paragraph has not been made for the calendar year beginning in such fiscal year, the transfer under subparagraph (D) of such paragraph shall be made notwithstanding the lack of the estimate, and the transfer shall be made in an amount equal to the amount of such appropriation.

(p) Administration of smallpox countermeasures by health professionals

(1) In general

For purposes of this section, and subject to other provisions of this subsection, a covered person shall be deemed to be an employee of the Public Health Service with respect to liability arising out of administration of a covered countermeasure against smallpox to an individual during the effective period of a declaration by the Secretary under paragraph (2)(A).

(2) Declaration by Secretary concerning countermeasure against smallpox

(A) Authority to issue declaration

(i) In general

The Secretary may issue a declaration, pursuant to this paragraph, concluding that an actual or potential bioterrorist incident or other actual or potential public health emergency makes advisable the administration of a covered countermeasure to a category or categories of individuals.

(ii) Covered countermeasure

The Secretary shall specify in such declaration the substance or substances that shall be considered covered countermeasures (as defined in paragraph (7)(A)) for purposes of administration to individuals during the effective period of the declaration.

(iii) Effective period

The Secretary shall specify in such declaration the beginning and ending dates of the effective period of the declaration, and may subsequently amend such declaration to shorten or extend such effective period, provided that the new closing date is after the date when the declaration is amended.

(iv) Publication

The Secretary shall promptly publish each such declaration and amendment in the Federal Register.

(B) Liability of United States only for administrations within scope of declaration

Except as provided in paragraph (5)(B)(ii), the United States shall be liable under this subsection with respect to a claim arising out of the administration of a covered countermeasure to an individual only if—

- (i) the countermeasure was administered by a qualified person, for a purpose stated in paragraph (7)(A)(i), and during the effective period of a declaration by the Secretary under subparagraph (A) with respect to such countermeasure; and
- (ii)(I) the individual was within a category of individuals covered by the declaration; or
(II) the qualified person administering the countermeasure had reasonable grounds to believe that such individual was within such category.

(C) Presumption of administration within scope of declaration in case of accidental vaccinia inoculation

(i) In general

If vaccinia vaccine is a covered countermeasure specified in a declaration under subparagraph (A), and an individual to whom the vaccinia vaccine is not administered contracts vaccinia, then, under the circumstances specified in clause (ii), the individual—

- (I) shall be rebuttably presumed to have contracted vaccinia from an individual to whom such vaccine was administered as provided by clauses (i) and (ii) of subparagraph (B); and
- (II) shall (unless such presumption is rebutted) be deemed for purposes of this subsection to be an individual to whom a covered countermeasure was administered by a qualified person in accordance with the terms of such declaration and as described by subparagraph (B).

(ii) Circumstances in which presumption applies

The presumption and deeming stated in clause (i) shall apply if—

- (I) the individual contracts vaccinia during the effective period of a declaration under subparagraph (A) or by the date 30 days after the close of such period; or
- (II) the individual has resided with, or has had contact with, an individual to whom such vaccine was administered as provided by clauses (i) and (ii) of subparagraph (B) and contracts vaccinia after such date.

(D) Acts and omissions deemed to be within scope of employment

(i) In general

In the case of a claim arising out of alleged transmission of vaccinia from an individual described in clause (ii), acts or omissions by such individual shall be deemed to have been taken within the scope of such individual's office or employment for purposes of—

- (I) subsection (a); and
- (II) section 1346(b) and chapter 171 of title 28.

(ii) Individuals to whom deeming applies

An individual is described by this clause if—

(I) vaccinia vaccine was administered to such individual as provided by subparagraph (B); and

(II) such individual was within a category of individuals covered by a declaration under subparagraph (A)(i).

(3) Exhaustion; exclusivity; offset

(A) Exhaustion

(i) In general

A person may not bring a claim under this subsection unless such person has exhausted such remedies as are available under part C of this subchapter, except that if the Secretary fails to make a final determination on a request for benefits or compensation filed in accordance with the requirements of such part within 240 days after such request was filed, the individual may seek any remedy that may be available under this section.

(ii) Tolling of statute of limitations

The time limit for filing a claim under this subsection, or for filing an action based on such claim, shall be tolled during the pendency of a request for benefits or compensation under part C of this subchapter.

(iii) Construction

This subsection shall not be construed as superseding or otherwise affecting the application of a requirement, under chapter 171 of title 28, to exhaust administrative remedies.

(B) Exclusivity

The remedy provided by subsection (a) shall be exclusive of any other civil action or proceeding for any claim or suit this subsection encompasses, except for a proceeding under part C of this subchapter.

(C) Offset

The value of all compensation and benefits provided under part C of this subchapter for an incident or series of incidents shall be offset against the amount of an award, compromise, or settlement of money damages in a claim or suit under this subsection based on the same incident or series of incidents.

(4) Certification of action by Attorney General

Subsection (c) applies to actions under this subsection, subject to the following provisions:

(A) Nature of certification

The certification by the Attorney General that is the basis for deeming an action or proceeding to be against the United States, and for removing an action or proceeding from a State court, is a certification that the action or proceeding is against a covered person and is based upon a claim alleging personal injury or death arising out of the administration of a covered countermeasure.

(B) Certification of Attorney General conclusive

The certification of the Attorney General of the facts specified in subparagraph (A) shall conclusively establish such facts for purposes of jurisdiction pursuant to this subsection.

(5) Covered person to cooperate with United States

(A) In general

A covered person shall cooperate with the United States in the processing and defense of a claim or action under this subsection based upon alleged acts or omissions of such person.

(B) Consequences of failure to cooperate

Upon the motion of the United States or any other party and upon finding that such person has failed to so cooperate—

- (i) the court shall substitute such person as the party defendant in place of the United States and, upon motion, shall remand any such suit to the court in which it was instituted if it appears that the court lacks subject matter jurisdiction;
- (ii) the United States shall not be liable based on the acts or omissions of such person; and
- (iii) the Attorney General shall not be obligated to defend such action.

(6) Recourse against covered person in case of gross misconduct or contract violation

(A) In general

Should payment be made by the United States to any claimant bringing a claim under this subsection, either by way of administrative determination, settlement, or court judgment, the United States shall have, notwithstanding any provision of State law, the right to recover for that portion of the damages so awarded or paid, as well as interest and any costs of litigation, resulting from the failure of any covered person to carry out any obligation or responsibility assumed by such person under a contract with the United States or from any grossly negligent, reckless, or illegal conduct or willful misconduct on the part of such person.

(B) Venue

The United States may maintain an action under this paragraph against such person in the district court of the United States in which such person resides or has its principal place of business.

(7) Definitions

As used in this subsection, terms have the following meanings:

(A) Covered countermeasure

The term "covered countermeasure" or "covered countermeasure against smallpox", means a substance that is—

- (i)(I) used to prevent or treat smallpox (including the vaccinia or another vaccine); or
- (II) used to control or treat the adverse effects of vaccinia inoculation or of administration of another covered countermeasure; and
- (ii) specified in a declaration under paragraph (2).

(B) Covered person

The term "covered person", when used with respect to the administration of a covered countermeasure, means a person who is—

- (i) a manufacturer or distributor of such countermeasure;
- (ii) a health care entity under whose auspices—
 - (I) such countermeasure was administered;
 - (II) a determination was made as to whether, or under what circumstances, an individual should receive a covered countermeasure;
 - (III) the immediate site of administration on the body of a covered countermeasure was monitored, managed, or cared for; or
 - (IV) an evaluation was made of whether the administration of a countermeasure was effective;
- (iii) a qualified person who administered such countermeasure;
- (iv) a State, a political subdivision of a State, or an agency or official of a State or of such a political subdivision, if such State, subdivision, agency, or official has established requirements, provided policy guidance, supplied technical or scientific advice or assistance, or otherwise supervised or administered a program with respect to administration of such countermeasures;
- (v) in the case of a claim arising out of alleged transmission of vaccinia from an individual—

(I) the individual who allegedly transmitted the vaccinia, if vaccinia vaccine was administered to such individual as provided by paragraph (2)(B) and such individual was within a category of individuals covered by a declaration under paragraph (2)(A)(i); or

(II) an entity that employs an individual described by clause (I) ² or where such individual has privileges or is otherwise authorized to provide health care;

(vi) an official, agent, or employee of a person described in clause (i), (ii), (iii), or (iv);

(vii) a contractor of, or a volunteer working for, a person described in clause (i), (ii), or (iv), if the contractor or volunteer performs a function for which a person described in clause (i), (ii), or (iv) is a covered person; or

(viii) an individual who has privileges or is otherwise authorized to provide health care under the auspices of an entity described in clause (ii) or (v)(II).

(C) Qualified person

The term "qualified person", when used with respect to the administration of a covered countermeasure, means a licensed health professional or other individual who—

(i) is authorized to administer such countermeasure under the law of the State in which the countermeasure was administered; or

(ii) is otherwise authorized by the Secretary to administer such countermeasure.

(D) Arising out of administration of a covered countermeasure

The term "arising out of administration of a covered countermeasure", when used with respect to a claim or liability, includes a claim or liability arising out of—

(i) determining whether, or under what conditions, an individual should receive a covered countermeasure;

(ii) obtaining informed consent of an individual to the administration of a covered countermeasure;

(iii) monitoring, management, or care of an immediate site of administration on the body of a covered countermeasure, or evaluation of whether the administration of the countermeasure has been effective; or

(iv) transmission of vaccinia virus by an individual to whom vaccinia vaccine was administered as provided by paragraph (2)(B).

(q) Health professional volunteers at public or non-profit private entities

(1) For purposes of this section, a health professional volunteer at a deemed entity described in subsection (g)(4) shall, in providing a health professional service eligible for funding under section 254b of this title to an individual, be deemed to be an employee of the Public Health Service for a calendar year that begins during a fiscal year for which a transfer was made under paragraph (4)(C). The preceding sentence is subject to the provisions of this subsection.

(2) In providing a health service to an individual, a health care practitioner shall for purposes of this subsection be considered to be a health professional volunteer at an entity described in subsection (g)(4) if the following conditions are met:

(A) The service is provided to the individual at the facilities of an entity described in subsection (g)(4), or through offsite programs or events carried out by the entity.

(B) The entity is sponsoring the health care practitioner pursuant to paragraph (3)(B).

(C) The health care practitioner does not receive any compensation for the service from the individual, the entity described in subsection (g)(4), or any third-party payer (including reimbursement under any insurance policy or health plan, or under any Federal or State health benefits program), except that the health care practitioner may receive repayment from the entity described in subsection (g)(4) for reasonable expenses incurred by the health care practitioner in the provision of the service to the individual, which may include travel expenses to or from the site of services.

(D) Before the service is provided, the health care practitioner or the entity described in subsection (g)(4) posts a clear and conspicuous notice at the site where the service is provided of

the extent to which the legal liability of the health care practitioner is limited pursuant to this subsection.

(E) At the time the service is provided, the health care practitioner is licensed or certified in accordance with applicable Federal and State laws regarding the provision of the service.

(F) At the time the service is provided, the entity described in subsection (g)(4) maintains relevant documentation certifying that the health care practitioner meets the requirements of this subsection.

(3) Subsection (g) (other than paragraphs (3) and (5)) and subsections (h), (i), and (l) apply to a health care practitioner for purposes of this subsection to the same extent and in the same manner as such subsections apply to an officer, governing board member, employee, or contractor of an entity described in subsection (g)(4), subject to paragraph (4), and subject to the following:

(A) The first sentence of paragraph (1) applies in lieu of the first sentence of subsection (g)(1)(A).

(B) With respect to an entity described in subsection (g)(4), a health care practitioner is not a health professional volunteer at such entity unless the entity sponsors the health care practitioner. For purposes of this subsection, the entity shall be considered to be sponsoring the health care practitioner if—

(i) with respect to the health care practitioner, the entity submits to the Secretary an application meeting the requirements of subsection (g)(1)(D); and

(ii) the Secretary, pursuant to subsection (g)(1)(E), determines that the health care practitioner is deemed to be an employee of the Public Health Service.

(C) In the case of a health care practitioner who is determined by the Secretary pursuant to subsection (g)(1)(E) to be a health professional volunteer at such entity, this subsection applies to the health care practitioner (with respect to services performed on behalf of the entity sponsoring the health care practitioner pursuant to subparagraph (B)) for any cause of action arising from an act or omission of the health care practitioner occurring on or after the date on which the Secretary makes such determination.

(D) Subsection (g)(1)(F) applies to a health care practitioner for purposes of this subsection only to the extent that, in providing health services to an individual, each of the conditions specified in paragraph (2) is met.

(4)(A) Amounts in the fund established under subsection (k)(2) shall be available for transfer under subparagraph (C) for purposes of carrying out this subsection.

(B)(i) Not later than May 1 of each fiscal year, the Attorney General, in consultation with the Secretary, shall submit to the Congress a report providing an estimate of the amount of claims (together with related fees and expenses of witnesses) that, by reason of the acts or omissions of health professional volunteers, will be paid pursuant to this section during the calendar year that begins in the following fiscal year.

(ii) Subsection (k)(1)(B) applies to the estimate under clause (i) regarding health professional volunteers to the same extent and in the same manner as such subsection applies to the estimate under such subsection regarding officers, governing board members, employees, and contractors of entities described in subsection (g)(4).

(iii) The report shall include a summary of the data relied upon for the estimate in clause (i), including the number of claims filed and paid from the previous calendar year.

(C) Not later than December 31 of each fiscal year, the Secretary shall transfer from the fund under subsection (k)(2) to the appropriate accounts in the Treasury an amount equal to the estimate made under subparagraph (B) for the calendar year beginning in such fiscal year, subject to the extent of amounts in the fund.

(5)(A) This subsection shall take effect on October 1, 2017, except as provided in subparagraph (B).

(B) Effective on December 13, 2016—

- (i) the Secretary may issue regulations for carrying out this subsection, and the Secretary may accept and consider applications submitted pursuant to paragraph (3)(B); and
- (ii) reports under paragraph (4)(B) may be submitted to Congress.

§234. Health care professionals assisting during a public health emergency

(a) Limitation on liability

Notwithstanding any other provision of law, a health care professional who is a member of the

Medical Reserve Corps under section 300hh–15 of this title or who is included in the Emergency System for Advance Registration of Volunteer Health Professionals under section 247d–7b of this title and who—

(1) is responding—

(A) to a public health emergency determined under section 247d(a) of this title, during the initial period of not more than 90 days (as determined by the Secretary) of the public health emergency determination (excluding any period covered by a renewal of such determination); or

(B) to a major disaster or an emergency as declared by the President under section 5170 of this title or under section 1621 of title 50 during the initial period of such declaration;

(2) is alleged to be liable for an act or omission—

(A) during the initial period of a determination or declaration described in paragraph (1) and related to the treatment of individuals in need of health care services due to such public health emergency, major disaster, or emergency;

(B) in the State or States for which such determination or declaration is made;

(C) in the health care professional's capacity as a member of the Medical Reserve Corps or a professional included in the Emergency System for Advance Registration of Volunteer Health Professionals under section 247d–7b of this title; and

(D) in the course of providing services that are within the scope of the license, registration, or certification of the professional, as defined by the State of licensure, registration, or certification; and

(3) prior to the rendering of such act or omission, was authorized by the State's authorization of deploying such State's Emergency System for Advance Registration of Volunteer Health Professionals described in section 247d–7b of this title or the Medical Reserve Corps established under section 300hh–15 of this title, to provide health care services,

shall be subject only to the State liability laws of the State in which such act or omission occurred, in the same manner and to the same extent as a similar health care professional who is a resident of such State would be subject to such State laws, except with respect to the licensure, registration, and certification of such individual.

(b) Volunteer Protection Act

Nothing in this section shall be construed to affect an individual's right to protections under the Volunteer Protection Act of 1997 [42 U.S.C. 14501 et seq.].

(c) Preemption

This section shall supersede the laws of any State that would subject a health care professional described in subsection (a) to the liability laws of any State other than the State liability laws to which such individual is subject pursuant to such subsection.

(d) Definitions

In this section:

(1) The term "health care professional" means an individual licensed, registered, or certified under Federal or State laws or regulations to provide health care services.

(2) The term "health care services" means any services provided by a health care professional, or by any individual working under the supervision of a health care professional, that relate to—

(A) the diagnosis, prevention, or treatment of any human disease or impairment; or

(B) the assessment or care of the health of human beings.

(e) Effective date

(1) In general

This section shall take effect 90 days after June 24, 2019.

(2) Application

This section shall apply to a claim for harm only if the act or omission that caused such harm occurred on or after the effective date described in paragraph (1).

(July 1, 1944, ch. 373, title II, §225, as added Pub. L. 116–22, title II, §208(a), June 24, 2019, 133 Stat. 927.)

LIMITATION ON LIABILITY FOR VOLUNTEER HEALTH CARE PROFESSIONALS DURING COVID–19 EMERGENCY RESPONSE

Pub. L. 116–136, div. A, title III, §3215, Mar. 27, 2020, 134 Stat. 374, provided that:

"(a) **LIMITATION ON LIABILITY.**—Except as provided in subsection (b), a health care professional shall not be liable under Federal or State law for any harm caused by an act or omission of the professional in the provision of health care services during the public health emergency with respect to COVID–19 declared by the Secretary of Health and Human Services (referred to in this section as the 'Secretary') under section 319 of the Public Health Service Act (42 U.S.C. 247d) on January 31, 2020, if—

"(1) the professional is providing health care services in response to such public health emergency, as a volunteer; and

"(2) the act or omission occurs—

"(A) in the course of providing health care services;

"(B) in the health care professional's capacity as a volunteer;

"(C) in the course of providing health care services that—

"(i) are within the scope of the license, registration, or certification of the volunteer, as defined by the State of licensure, registration, or certification; and

"(ii) do not exceed the scope of license, registration, or certification of a substantially similar health professional in the State in which such act or omission occurs; and

"(D) in a good faith belief that the individual being treated is in need of health care services.

"(b) **EXCEPTIONS.**—Subsection (a) does not apply if—

"(1) the harm was caused by an act or omission constituting willful or criminal misconduct, gross negligence, reckless misconduct, or a conscious flagrant indifference to the rights or safety of the individual harmed by the health care professional; or

"(2) the health care professional rendered the health care services under the influence (as determined pursuant to applicable State law) of alcohol or an intoxicating drug.

"(c) **PREEMPTION.**—

"(1) **IN GENERAL.**—This section preempts the laws of a State or any political subdivision of a State to the extent that such laws are inconsistent with this section, unless such laws provide greater protection from liability.

"(2) **VOLUNTEER PROTECTION ACT.**—Protections afforded by this section are in addition to those provided by the Volunteer Protection Act of 1997 (Public Law 105–19) [42 U.S.C. 14501 et seq.].

"(d) **DEFINITIONS.**—In this section—

"(1) the term 'harm' includes physical, nonphysical, economic, and noneconomic losses;

"(2) the term 'health care professional' means an individual who is licensed, registered, or certified under Federal or State law to provide health care services;

"(3) the term 'health care services' means any services provided by a health care professional, or by any individual working under the supervision of a health care professional that relate to—

"(A) the diagnosis, prevention, or treatment of COVID–19; or

"(B) the assessment or care of the health of a human being related to an actual or suspected case of COVID–19; and

"(4) the term 'volunteer' means a health care professional who, with respect to the health care services rendered, does not receive compensation or any other thing of value in lieu of compensation, which compensation—

"(A) includes a payment under any insurance policy or health plan, or under any Federal or State health benefits program; and

"(B) excludes—

"(i) receipt of items to be used exclusively for rendering health care services in the health care professional's capacity as a volunteer described in subsection (a)(1); and

"(ii) any reimbursement for travel to the site where the volunteer services are rendered and any payments in cash or kind to cover room and board, if services are being rendered more than 75 miles from the volunteer's principal place of residence.

"(e) EFFECTIVE DATE.—This section shall take effect upon the date of enactment of this Act [Mar. 27, 2020], and applies to a claim for harm only if the act or omission that caused such harm occurred on or after the date of enactment.

"(f) SUNSET.—This section shall be in effect only for the length of the public health emergency declared by the Secretary of Health and Human Services (referred to in this section as the 'Secretary') under section 319 of the Public Health Service Act (42 U.S.C. 247d) on January 31, 2020 with respect to COVID–19."

§235. Administration of grants in multigrant projects; promulgation of regulations

For the purpose of facilitating the administration of, and expediting the carrying out of the purposes of, the programs established by subchapters V, VI, and VII,¹ and sections 242b, 246(a), 246(b), 246(c), 246(d),¹ and 246(e)¹ of this title in situations in which grants are sought or made under two or more of such programs with respect to a single project, the Secretary is authorized to promulgate regulations—

(1) under which the administrative functions under such programs with respect to such project will be performed by a single administrative unit which is the administrative unit charged with the administration of any of such programs or is the administrative unit charged with the supervision of two or more of such programs;

(2) designed to reduce the number of applications, reports, and other materials required under such programs to be submitted with respect to such project, and otherwise to simplify, consolidate, and make uniform (to the extent feasible), the data and information required to be contained in such applications, reports, and other materials; and

(3) under which inconsistent or duplicative requirements imposed by such programs will be revised and made uniform with respect to such project;

except that nothing in this section shall be construed to authorize the Secretary to waive or suspend, with respect to any such project, any requirement with respect to any of such programs if such requirement is imposed by law or by any regulation required by law.

§236. Orphan Products Board

(a) Establishment; composition; chairman

There is established in the Department of Health and Human Services a board for the development of drugs (including biologics) and devices (including diagnostic products) for rare diseases or conditions to be known as the Orphan Products Board. The Board shall be comprised of the Assistant Secretary for Health of the Department of Health and Human Services and representatives, selected by the Secretary, of the Food and Drug Administration, the National Institutes of Health, the Centers for Disease Control and Prevention, and any other Federal department or agency which the Secretary determines has activities relating to drugs and devices for rare diseases or conditions. The Assistant Secretary for Health shall chair the Board.

(b) Function

The function of the Board shall be to promote the development of drugs and devices for rare diseases or conditions and the coordination among Federal, other public, and private agencies in carrying out their respective functions relating to the development of such articles for such diseases or conditions.

(c) Duties with respect to drugs for rare diseases or conditions

In the case of drugs for rare diseases or conditions the Board shall—

(1) evaluate—

(A) the effect of subchapter B of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 360aa et seq.] on the development of such drugs, and

(B) the implementation of such subchapter; ¹

(2) evaluate the activities of the National Institutes of Health for the development of drugs for such diseases or conditions,

(3) assure appropriate coordination among the Food and Drug Administration, the National Institutes of Health and the Centers for Disease Control and Prevention in the carrying out of their respective functions relating to the development of drugs for such diseases or conditions to assure that the activities of each agency are complementary,

(4) assure appropriate coordination among all interested Federal agencies, manufacturers, and organizations representing patients, in their activities relating to such drugs,

(5) with the consent of the sponsor of a drug for a rare disease or condition exempt under section 505(i) of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 355(i)] or regulations issued under such section, inform physicians and the public respecting the availability of such

drug for such disease or condition and inform physicians and the public respecting the availability of drugs approved under section 505(c) of such Act [21 U.S.C. 355(c)] or licensed under section 262 of this title for rare diseases or conditions,

(6) seek business entities and others to undertake the sponsorship of drugs for rare diseases or conditions, seek investigators to facilitate the development of such drugs, and seek business entities to participate in the distribution of such drugs, and

(7) recognize the efforts of public and private entities and individuals in seeking the development of drugs for rare diseases or conditions and in developing such drugs.

(d) Consultation

The Board shall consult with interested persons respecting the activities of the Board under this section and as part of such consultation shall provide the opportunity for the submission of oral views.

(e) Annual report; contents

The Board shall submit to the Committee on Labor and Human Resources of the Senate and the Committee on Energy and Commerce of the House of Representatives an annual report—

(1) identifying the drugs which have been designated under section 526 of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 360bb] for a rare disease or condition,

(2) describing the activities of the Board, and

(3) containing the results of the evaluations carried out by the Board.

The Director of the National Institutes of Health shall submit to the Board for inclusion in the annual report a report on the rare disease and condition research activities of the Institutes of the National Institutes of Health; the Secretary of the Treasury shall submit to the Board for inclusion in the annual report a report on the use of the credit against tax provided by section 44H ² of title 26; and the Secretary of Health and Human Services shall submit to the Board for inclusion in the annual report a report on the program of assistance under section 360ee of title 21 for the development of drugs for rare diseases and conditions. Each annual report shall be submitted by June 1 of each year for the preceding calendar year.

(July 1, 1944, ch. 373, title II, §227, as added Pub. L. 97–414, §3, Jan. 4, 1983, 96 Stat. 2051; amended Pub. L. 99–514, §2, Oct. 22, 1986, 100 Stat. 2095; Pub. L. 102–321, title I, §163(b)(1), July 10, 1992, 106 Stat. 375; Pub. L. 102–531, title III, §312(d)(1), Oct. 27, 1992, 106 Stat. 3504.)

EDITORIAL NOTES

REFERENCES IN TEXT

The Federal Food, Drug, and Cosmetic Act, referred to in subsec. (c)(1)(A), is act June 25, 1938, ch. 675, 52 Stat. 1040. Subchapter B of the Federal Food, Drug, and Cosmetic Act probably means subchapter B of chapter V of the Federal Food, Drug, and Cosmetic Act which is classified generally to part B (section 360aa et seq.) of subchapter V of chapter 9 of Title 21, Food and Drugs. For complete classification of this Act to the Code, see section 301 of Title 21 and Tables.

Section 44H of title 26, referred to in subsec. (e), was renumbered section 28 of title 26, by Pub. L. 98–369, div. A, title IV, §471(c)(1), July 18, 1984, 98 Stat. 826, and subsequently renumbered section 45C of title 26 by Pub. L. 104–188, title I, §1205(a)(1), Aug. 20, 1996, 110 Stat. 1775.

PRIOR PROVISIONS

A prior section 236, act July 1, 1944, ch. 373, title II, §227, formerly title III, §310B, as added Oct. 30, 1970, Pub. L. 91–515, title II, §280, 84 Stat. 1307; renumbered §227 and amended July 23, 1974, Pub. L. 93–353, title I, §102(f), 88 Stat. 362, related to an annual report by Secretary on activities related to health facilities and services and expenditure of funds, prior to repeal by Pub. L. 97–35, title XXI, §2193(b)(4), Aug. 13, 1981, 95 Stat. 827.

AMENDMENTS

1992—Subsec. (a). Pub. L. 102–531 substituted "Centers for Disease Control and Prevention" for "Centers

for Disease Control".

Subsec. (c)(2). Pub. L. 102–321, §163(b)(1)(A), which directed the striking out of ", and the Alcohol, Drug Abuse, and Mental Health Administration", was executed by striking "and the Alcohol, Drug Abuse, and Mental Health Administration" after "National Institutes of Health" to reflect the probable intent of Congress.

Subsec. (c)(3). Pub. L. 102–531 substituted "Centers for Disease Control and Prevention" for "Centers for Disease Control".

Pub. L. 102–321, §163(b)(1)(B), struck out ", the Alcohol, Drug Abuse, and Mental Health Administration," after "National Institutes of Health".

Subsec. (e). Pub. L. 102–321, §163(b)(1)(C), (D), in concluding provisions, struck out "and the Administrator of the Alcohol, Drug Abuse, and Mental Health Administration" after "National Institutes of Health" the first place appearing and "and the Alcohol, Drug Abuse, and Mental Health Administration" after "National Institutes of Health" the second place appearing.

1986—Subsec. (e). Pub. L. 99–514 substituted "Internal Revenue Code of 1986" for "Internal Revenue Code of 1954", which for purposes of codification was translated as "title 26" thus requiring no change in text.

NATIONAL COMMISSION ON ORPHAN DISEASES

Pub. L. 99-91, §4, Aug. 15, 1985, 99 Stat. 388, as amended by Pub. L. 100-290, §4, Apr. 18, 1988, 102 Stat. 92; Pub. L. 102-321, title I, §163(c)(1), July 10, 1992, 106 Stat. 376, provided that:

"(a) ESTABLISHMENT.—There is established the National Commission on Orphan Diseases (hereinafter referred to as the 'Commission').

"(b) DUTY.—The Commission shall assess the activities of the National Institutes of Health, the Food and Drug Administration, other public agencies, and private entities in connection with—

"(1) basic research conducted on rare diseases;

"(2) the use in research on rare diseases of knowledge developed in other research;

"(3) applied and clinical research on the prevention, diagnosis, and treatment of rare diseases; and

"(4) the dissemination to the public, health care professionals, researchers, and drug and medical device manufacturers of knowledge developed in research on rare diseases and other diseases which can be used in the prevention, diagnosis, and treatment of rare diseases.

"(c) REVIEW REQUIREMENTS.—In assessing the activities of the National Institutes of Health, and the Food and Drug Administration in connection with research on rare diseases, the Commission shall review—

"(1) the appropriateness of the priorities currently placed on research on rare diseases;

"(2) the relative effectiveness of grants and contracts when used to fund research on rare diseases;

"(3) the appropriateness of specific requirements applicable to applications for funds for research on rare diseases taking into consideration the reasonable capacity of applicants to meet such requirements;

"(4) the adequacy of the scientific basis for such research, including the adequacy of the research facilities and research resources used in such research and the appropriateness of the scientific training of the personnel engaged in such research;

"(5) the effectiveness of activities undertaken to encourage such research;

"(6) the organization of the peer review process applicable to applications for funds for such research to determine if the organization of the peer review process could be revised to improve the effectiveness of the review provided to proposals for research on rare diseases;

"(7) the effectiveness of the coordination between the national research institutes of the National Institutes of Health, the Food and Drug Administration, and private entities in supporting such research; and

"(8) the effectiveness of activities undertaken to assure that knowledge developed in research on nonrare diseases is, when appropriate, used in research on rare diseases.

"(d) COMPOSITION.—The Commission shall be composed of twenty members appointed by the Secretary of Health and Human Services as follows:

"(1) Ten members shall be appointed from individuals who are not officers or employees of the Government and who by virtue of their training or experience in research on rare diseases or in the treatment of rare diseases are qualified to serve on the Commission.

"(2) Five members shall be appointed from individuals who are not officers or employees of the Government and who have a rare disease or are employed to represent or are members of an organization concerned about rare disease.

"(3) Four nonvoting members shall be appointed for the directors of the national research institutes of the National Institutes of Health which the Secretary determines are involved with rare diseases.

"(4) One nonvoting member shall be appointed from officers or employees of the Food and Drug Administration who the Secretary determines are involved with rare diseases.

A vacancy in the Commission shall be filled in the manner in which the original appointment was made. If any member of the Commission who was appointed to the Commission as a director of a national research institute or as an officer or employee of the Food and Drug Administration leaves that office or position, or if any member of the Commission who was appointed from persons who are not officers or employees of the Government becomes an officer or employee of the Government, such member may continue as a member of the Commission for not longer than the ninety-day period beginning on the date such member leaves that office or position or becomes such an officer or employee, as the case may be.

"(e) TERM.—Members shall be appointed for the life of the Commission.

"(f) COMPENSATION.—

"(1) Except as provided in paragraph (2), members of the Commission shall each be entitled to receive compensation at a rate not to exceed the daily equivalent of the annual rate of basic pay in effect for grade GS–18 of the General Schedule for each day (including traveltime) during which they are engaged in the actual performance of duties as members of the Commission.

"(2) Members of the Commission who are full-time officers or employees of the Government shall receive no additional pay by reason of their service on the Commission.

"(g) CHAIRMAN.—The Chairman of the Commission shall be designated by the members of the Commission.

"(h) STAFF.—Subject to such rules as may be prescribed by the Commission, the Commission may appoint and fix the pay of such personnel as it determines are necessary to enable the Commission to carry out its functions. Personnel shall be appointed subject to the provisions of title 5, United States Code, governing appointments in the competitive service, and shall be paid in accordance with the provisions of chapter 51 and subchapter III of chapter 53 of such title relating to classification and General Schedule pay rates.

"(i) EXPERTS AND CONSULTANTS.—Subject to such rules as may be prescribed by the Commission, the Commission may procure temporary and intermittent services under section 3109(b) of title 5 of the United States Code, but at rates for individuals not to exceed the daily equivalent of the basic pay payable for grade GS–15 of the General Schedule.

"(j) DETAIL OF PERSONNEL.—Upon request of the Commission, the head of any Federal agency is authorized to detail, on a reimbursable basis, any of the personnel of such agency to the Commission to assist the Commission in carrying out its functions.

"(k) ADMINISTRATIVE SUPPORT SERVICES.—The Administrator of General Services shall provide to the Commission on a reimbursable basis such administrative support services as the Commission may request.

"(l) GENERAL AUTHORITY.—The Commission may, for the purpose of carrying out this section, hold such hearings, sit and act at such times and places, take such testimony, and receive such evidence, as the Commission considers appropriate.

"(m) INFORMATION.—The Commission may secure directly from any department or agency of the United States information necessary to enable it to carry out this section. Upon request of the Chairman, the head of such department or agency shall furnish such information to the Commission.

"(n) REPORT.—The Commission shall transmit to the Secretary and to each House of the Congress a report not later than February 1, 1989, on the activities of the Commission. The report shall contain a detailed statement of the findings and conclusions of the Commission, together with its recommendations for—

"(1) a long range plan for the use of public and private resources to improve research into rare diseases and to assist in the prevention, diagnosis, and treatment of rare diseases; and

"(2) such legislation or administrative actions as it considers appropriate.

"(o) TERMINATION.—The Commission shall terminate 90 days after the date of the submittal of its report under subsection (n).

"(p) FUNDS.—The Director of the National Institutes of Health shall make available \$1,000,000 to the Commission from appropriations for fiscal year 1986 for the National Institutes of Health."

§237. Silvio O. Conte Senior Biomedical Research and Biomedical Product Assessment Service

(a) Creation; number of members

(1) There shall be in the Public Health Service a Silvio O. Conte Senior Biomedical Research and Biomedical Product Assessment Service (in this section referred to as the "Service"), not to exceed 2,000 members, the purpose of which is to recruit and retain outstanding and qualified scientific and technical experts in the fields of biomedical research, clinical research evaluation, and biomedical product assessment.

(2) The authority established in paragraph (1) may not be construed to require the Secretary to reduce the number of employees serving under any other employment system in order to offset the

number of members serving in the Service.

(3) The Secretary shall assign experts under this section to agencies within the Department of Health and Human Services taking into account the need for the expertise of such expert.

(b) Appointments; qualifications; provisions inapplicable to members

The Service shall be appointed by the Secretary without regard to the provisions of title 5 regarding appointment, and shall consist of individuals outstanding in the field of biomedical research, clinical research evaluation, or biomedical product assessment. No individual may be appointed to the Service unless such individual (1) has earned a doctoral level degree in biomedicine or a related field, or a doctoral or master's level degree in engineering, bioinformatics, or a related or emerging field, and (2) meets the qualification standards prescribed by the Office of Personnel Management for appointment to a position at GS–15 of the General Schedule. Notwithstanding any previous applicability to an individual who is a member of the Service, the provisions of subchapter I of chapter 35 (relating to retention preference), chapter 43 (relating to performance appraisal and performance actions), chapter 51 (relating to classification), subchapter III of chapter 53 (relating to General Schedule pay rates), and chapter 75 (relating to adverse actions) of title 5 shall not apply to any member of the Service.

(c) Performance appraisal system

The Secretary shall develop a performance appraisal system designed to—

- (1) provide for the systematic appraisal of the performance of members, and
- (2) encourage excellence in performance by members.

(d) Pay of members

(1) The Secretary shall determine, subject to the provisions of this subsection, the pay of members of the Service.

(2) The pay of a member of the Service shall not be less than the minimum rate payable for GS–15 of the General Schedule and shall not exceed the amount of annual compensation (excluding expenses) specified in section 102 of title 3.

(e) Career and noncareer appointment of certain individuals

Subject to the following sentence, the Secretary may, notwithstanding the provisions of title 5 regarding appointment, appoint an individual who is separated from the Service involuntarily and without cause to a position in the competitive civil service at GS–15 of the General Schedule, and such appointment shall be a career appointment. In the case of such an individual who immediately prior to his appointment to the Service was not a career appointee in the civil service or the Senior Executive Service, such appointment shall be in the excepted civil service and may not exceed a period of 2 years.

(f) Rules and regulations

The Secretary shall promulgate such rules and regulations, not inconsistent with this section, as may be necessary for the efficient administration of the Service.

(July 1, 1944, ch. 373, title II, §228, as added Pub. L. 101–509, title V, §529 [title III, §304(a)], Nov. 5, 1990, 104 Stat. 1427, 1463; amended Pub. L. 103–43, title XX, §2001, June 10, 1993, 107 Stat. 208; Pub. L. 114–255, div. A, title III, §3071(a), Dec. 13, 2016, 130 Stat. 1133.)

EDITORIAL NOTES

REFERENCES IN TEXT

The General Schedule, referred to in subsecs. (b), (d)(2), and (e), is set out under section 5332 of Title 5, Government Organization and Employees.

The provisions of title 5 regarding appointments, referred to in subsecs. (b) and (e), are classified to section 3301 et seq. of Title 5.

AMENDMENTS

2016—Pub. L. 114–255, §3071(a)(1), inserted "and Biomedical Product Assessment" after "Research" in

section catchline.

Subsec. (a)(1). Pub. L. 114–255, §3071(a)(2)(A), substituted "Silvio O. Conte Senior Biomedical Research and Biomedical Product Assessment Service (in this section referred to as the 'Service'), not to exceed 2,000 members, the purpose of which is to recruit and retain outstanding and qualified scientific and technical experts in the fields of biomedical research, clinical research evaluation, and biomedical product assessment" for "Silvio O. Conte Senior Biomedical Research Service, not to exceed 500 members".

Subsec. (a)(2). Pub. L. 114–255, §3071(a)(2)(B), amended par. (2) generally. Prior to amendment, par. (2) read as follows: "The authority established in paragraph (1) regarding the number of members in the Silvio O. Conte Senior Biomedical Research Service is in addition to any authority established regarding the number of members in the commissioned Regular Corps, in the Reserve Corps, and in the Senior Executive Service. Such paragraph may not be construed to require that the number of members in the commissioned Regular Corps, in the Reserve Corps, or in the Senior Executive Service be reduced to offset the number of members serving in the Silvio O. Conte Senior Biomedical Research Service (in this section referred to as the 'Service')."

Subsec. (a)(3). Pub. L. 114–255, §3071(a)(2)(C), added par. (3).

Subsec. (b). Pub. L. 114–255, §3071(a)(3)(A), substituted ", clinical research evaluation, or biomedical product assessment" for "or clinical research evaluation" in introductory provisions.

Subsec. (b)(1). Pub. L. 114–255, §3071(a)(3)(B), inserted "or a doctoral or master's level degree in engineering, bioinformatics, or a related or emerging field," after "related field,".

Subsec. (d)(2). Pub. L. 114–255, §3071(a)(4), substituted "and shall not exceed the amount of annual compensation (excluding expenses) specified in section 102 of title 3" for "and shall not exceed the rate payable for level I of the Executive Schedule unless approved by the President under section 5377(d)(2) of title 5".

Subsecs. (e) to (g). Pub. L. 114–255, §3071(a)(5), (6), redesignated subsecs. (f) and (g) as (e) and (f), respectively, and struck out former subsec. (e). Prior to amendment, text of subsec. (e) read as follows: "The Secretary may, upon the request of a member who—

"(1) performed service in the employ of an institution of higher education immediately prior to his appointment as a member of the Service, and

"(2) retains the right to continue to make contributions to the retirement system of such institution, contribute an amount not to exceed 10 percent per annum of the member's basic pay to such institution's retirement system on behalf of such member. A member who requests that such contribution be made shall not be covered by, or earn service credit under, any retirement system established for employees of the United States under title 5, but such service shall be creditable for determining years of service under section 6303(a) of such title."

1993—Pub. L. 103–43, §2001(b), substituted "Silvio O. Conte Senior Biomedical Research Service" for "Senior Biomedical Research Service" in section catchline.

Subsec. (a). Pub. L. 103–43, §2001(a), amended subsec. (a) generally. Prior to amendment, subsec. (a) read as follows: "There shall be in the Public Health Service a Senior Biomedical Research Service (hereinafter in this section referred to as the 'Service'), not to exceed 350 members at any time."

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE

Section effective on the 90th day following Nov. 5, 1990, see section 529 [title III, §304(c)] of Pub. L. 101–509, set out as an Effective Date of 1990 Amendment note under section 212 of this title.

§237a. Health and Human Services Office on Women's Health

(a) Establishment of Office

There is established within the Office of the Secretary, an Office on Women's Health (referred to in this section as the "Office"). The Office shall be headed by a Deputy Assistant Secretary for Women's Health who may report to the Secretary.

(b) Duties

The Secretary, acting through the Office, with respect to the health concerns of women, shall—

(1) establish short-range and long-range goals and objectives within the Department of Health

and Human Services and, as relevant and appropriate, coordinate with other appropriate offices on activities within the Department that relate to disease prevention, health promotion, service delivery, research, and public and health care professional education, for issues of particular concern to women throughout their lifespan; ¹

(2) provide expert advice and consultation to the Secretary concerning scientific, legal, ethical, and policy issues relating to women's health;

(3) monitor the Department of Health and Human Services' offices, agencies, and regional activities regarding women's health and identify needs regarding the coordination of activities, including intramural and extramural multidisciplinary activities;

(4) establish a Department of Health and Human Services Coordinating Committee on Women's Health, which shall be chaired by the Deputy Assistant Secretary for Women's Health and composed of senior level representatives from each of the agencies and offices of the Department of Health and Human Services;

(5) establish a National Women's Health Information Center to—

(A) facilitate the exchange of information regarding matters relating to health information, health promotion, preventive health services, research advances, and education in the appropriate use of health care;

(B) facilitate access to such information;

(C) assist in the analysis of issues and problems relating to the matters described in this paragraph; and

(D) provide technical assistance with respect to the exchange of information (including facilitating the development of materials for such technical assistance);

(6) coordinate efforts to promote women's health programs and policies with the private sector; and

(7) through publications and any other means appropriate, provide for the exchange of information between the Office and recipients of grants, contracts, and agreements under subsection (c), and between the Office and health professionals and the general public.

(c) Grants and contracts regarding duties

(1) Authority

In carrying out subsection (b), the Secretary may make grants to, and enter into cooperative agreements, contracts, and interagency agreements with, public and private entities, agencies, and organizations.

(2) Evaluation and dissemination

The Secretary shall directly or through contracts with public and private entities, agencies, and organizations, provide for evaluations of projects carried out with financial assistance provided under paragraph (1) and for the dissemination of information developed as a result of such projects.

(d) Reports

Not later than 1 year after March 23, 2010, and every second year thereafter, the Secretary shall prepare and submit to the appropriate committees of Congress a report describing the activities carried out under this section during the period for which the report is being prepared.

(e) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2010 through 2014.

(July 1, 1944, ch. 373, title II, §229, as added Pub. L. 111–148, title III, §3509(a)(1), Mar. 23, 2010, 124 Stat. 531.)

L. 111–148, title III, §3509(j), Mar. 23, 2010, 124 Stat. 537, provided that: "Nothing in this section [enacting this section, sections 242s, 299b–24a, and 914 of this title and section 399b of Title 21, Food and Drugs, amending sections 287d, 290aa, 299b–25, and 299b–26 of this title, and enacting provisions set out as notes under this section] (or the amendments made by this section) shall be construed to limit the authority of the Secretary of Health and Human Services with respect to women's health, or with respect to activities carried out through the Department of Health and Human Services on the date of enactment of this section [Mar. 23, 2010]."

TRANSFER OF FUNCTIONS

Pub. L. 111–148, title III, §3509(a)(2), Mar. 23, 2010, 124 Stat. 533, provided that: "There are transferred to the Office on Women's Health (established under section 229 of the Public Health Service Act [42 U.S.C. 237a], as added by this section), all functions exercised by the Office on Women's Health of the Public Health Service prior to the date of enactment of this section [Mar. 23, 2010], including all personnel and compensation authority, all delegation and assignment authority, and all remaining appropriations. All orders, determinations, rules, regulations, permits, agreements, grants, contracts, certificates, licenses, registrations, privileges, and other administrative actions that—

"(A) have been issued, made, granted, or allowed to become effective by the President, any Federal agency or official thereof, or by a court of competent jurisdiction, in the performance of functions transferred under this paragraph; and

"(B) are in effect at the time this section takes effect, or were final before the date of enactment of this section and are to become effective on or after such date, shall continue in effect according to their terms until modified, terminated, superseded, set aside, or revoked in accordance with law by the President, the Secretary, or other authorized official, a court of competent jurisdiction, or by operation of law."

INFORMATION AND AWARENESS ON EATING DISORDERS

Pub. L. 114–255, div. B, title XIII, §13005, Dec. 13, 2016, 130 Stat. 1286, provided that:

"(a) INFORMATION.—The Secretary of Health and Human Services, acting through the Director of the Office on Women's Health, may—

"(1) update information, related fact sheets, and resource lists related to eating disorders that are available on the public Internet website of the National Women's Health Information Center sponsored by the Office on Women's Health, to include—

"(A) updated findings and current research related to eating disorders, as appropriate; and

"(B) information about eating disorders, including information related to males and females;

"(2) incorporate, as appropriate, and in coordination with the Secretary of Education, information from publicly available resources into appropriate obesity prevention programs developed by the Office on Women's Health; and

"(3) make publicly available (through a public Internet website or other method) information, related fact sheets, and resource lists, as updated under paragraph (1), and the information incorporated into appropriate obesity prevention programs under paragraph (2).

"(b) AWARENESS.—The Secretary of Health and Human Services may advance public awareness on—

"(1) the types of eating disorders;

"(2) the seriousness of eating disorders, including prevalence, comorbidities, and physical and mental health consequences;

"(3) methods to identify, intervene, refer for treatment, and prevent behaviors that may lead to the development of eating disorders;

"(4) discrimination and bullying based on body size;

"(5) the effects of media on self-esteem and body image; and

"(6) the signs and symptoms of eating disorders."

NO NEW REGULATORY AUTHORITY

Pub. L. 111–148, title III, §3509(h), Mar. 23, 2010, 124 Stat. 537, provided that: "Nothing in this section [enacting this section, sections 242s, 299b–24a, and 914 of this title and section 399b of Title 21, Food and Drugs, amending sections 287d, 290aa, 299b–25, and 299b–26 of this title, and enacting provisions set out as notes under this section] and the amendments made by this section may be construed as establishing regulatory authority or modifying any existing regulatory authority."

LIMITATION ON TERMINATION

Pub. L. 111–148, title III, §3509(i), Mar. 23, 2010, 124 Stat. 537, provided that: "Notwithstanding any other provision of law, a Federal office of women's health (including the Office of Research on Women's Health of the National Institutes of Health) or Federal appointive position with primary responsibility over women's health issues (including the Associate Administrator for Women's Services under the Substance Abuse and Mental Health Services Administration) that is in existence on the date of enactment of this section [Mar. 23, 2010] shall not be terminated, reorganized, or have any of its [sic] powers or duties transferred unless such termination, reorganization, or transfer is approved by Congress through the adoption of a concurrent resolution of approval."

PART B—MISCELLANEOUS PROVISIONS

EDITORIAL NOTES

CODIFICATION

This part was classified to subchapter XXV (§300aaa et seq.) of this chapter prior to its renumbering by Pub. L. 103–43, title XX, §2010(a)(1)–(3), June 10, 1993, 107 Stat. 213.

§238. Gifts for benefit of Service

(a) Acceptance by Secretary

The Secretary of Health and Human Services is authorized to accept on behalf of the United States gifts made unconditionally by will or otherwise for the benefit of the Service or for the carrying out of any of its functions. Conditional gifts may be so accepted if recommended by the Surgeon General, and the principal of and income from any such conditional gift shall be held, invested, reinvested, and used in accordance with its conditions, but no gift shall be accepted which is conditioned upon any expenditure not to be met therefrom or from the income thereof unless such expenditure has been approved by Act of Congress.

(b) Depository of funds; availability for expenditure

Any unconditional gift of money accepted pursuant to the authority granted in subsection (a) of this section, the net proceeds from the liquidation (pursuant to subsection (c) or subsection (d) of this section) of any other property so accepted, and the proceeds of insurance on any such gift property not used for its restoration, shall be deposited in the Treasury of the United States and are hereby appropriated and shall be held in trust by the Secretary of the Treasury for the benefit of the Service, and he may invest and reinvest such funds in interest-bearing obligations of the United States or in obligations guaranteed as to both principal and interest by the United States. Such gifts and the income from such investments shall be available for expenditure in the operation of the Service and the performance of its functions, subject to the same examination and audit as is provided for appropriations made for the Service by Congress.

(c) Evidences of unconditional gifts of intangible property

The evidences of any unconditional gift of intangible personal property, other than money, accepted pursuant to the authority granted in subsection (a) of this section shall be deposited with the Secretary of the Treasury and he, in his discretion, may hold them, or liquidate them except that they shall be liquidated upon the request of the Secretary of Health and Human Services, whenever necessary to meet payments required in the operation of the Service or the performance of its functions. The proceeds and income from any such property held by the Secretary of the Treasury shall be available for expenditure as is provided in subsection (b) of this section.

(d) Real property or tangible personal property

The Secretary of Health and Human Services shall hold any real property or any tangible personal property accepted unconditionally pursuant to the authority granted in subsection (a) of this section and he shall permit such property to be used for the operation of the Service and the performance of its functions or he may lease or hire such property, and may insure such property, and deposit the income thereof with the Secretary of the Treasury to be available for expenditure as provided in subsection (b) of this section: *Provided*, That the income from any such real property or tangible personal property shall be available for expenditure in the discretion of the Secretary of Health and Human Services for the maintenance, preservation, or repair and insurance of such property and that any proceeds from insurance may be used to restore the property insured. Any such property when not required for the operation of the Service or the performance of its functions may be liquidated by the Secretary of Health and Human Services, and the proceeds thereof deposited with the Secretary of the Treasury, whenever in his judgment the purposes of the gifts will be served thereby.

OBLIGATIONS RELATED TO AGREEMENT WITH PRIVATE ENTITIES

Pub. L. 105–277, div. A, §101(f) [title II], Oct. 21, 1998, 112 Stat. 2681–337, 2681–349, provided in part: "That hereinafter obligations may be incurred related to agreement with private entities without receipt of advance payment."

§238l. Recovery

(a) Right of United States to recover base amount plus interest

If any facility with respect to which funds have been paid under the Community Mental Health Centers Act [42 U.S.C. 2689 et seq.] (as such Act was in effect prior to October 1, 1981) is, at any time within twenty years after the completion of remodeling, construction, or expansion or after the date of its acquisition—

- (1) sold or transferred to any entity (A) which would not have been qualified to file an application under section 222 of such Act [42 U.S.C. 2689j] (as such section was in effect prior to October 1, 1981) or (B) which is disapproved as a transferee by the State mental health agency or

by another entity designated by the chief executive officer of the State, or

(2) ceases to be used by a community mental health center in the provision of comprehensive mental health services,

the United States shall be entitled to recover from the transferor, transferee, or owner of the facility, the base amount prescribed by subsection (c)(1) plus the interest (if any) prescribed by subsection (c)(2).

(b) Notice of sale, transfer, or change

The transferor and transferee of a facility that is sold or transferred as described in subsection (a)(1), or the owner of a facility the use of which changes as described in subsection (a)(2), shall provide the Secretary written notice of such sale, transfer, or change within 10 days after the date on which such sale, transfer, or cessation of use occurs or within 30 days after October 22, 1985, whichever is later.

(c) Base amount; interest

(1) The base amount that the United States is entitled to recover under subsection (a) is the amount bearing the same ratio to the then value (as determined by the agreement of the parties or in an action brought in the district court of the United States for the district in which the facility is situated) of so much of the facility as constituted an approved project or projects as the amount of the Federal participation bore to the cost of the remodeling, construction, expansion, or acquisition of the project or projects.

(2)(A) The interest that the United States is entitled to recover under subsection (a) is the interest for the period (if any) described in subparagraph (B) at a rate (determined by the Secretary) based on the average of the bond equivalent rates of ninety-one-day Treasury bills auctioned during that period.

(B) The period referred to in subparagraph (A) is the period beginning—

(i) if notice is provided as prescribed by subsection (b), 191 days after the date on which such sale, transfer, or cessation of use occurs, or

(ii) if notice is not provided as prescribed by subsection (b), 11 days after such sale, transfer, or cessation of use occurs,

and ending on the date the amount the United States is entitled to recover is collected.

(d) Waiver of recovery rights

The Secretary may waive the recovery rights of the United States under subsection (a) with respect to a facility (under such conditions as the Secretary may establish by regulation) if the Secretary determines that there is good cause for waiving such rights.

(e) Pre-judgment lien

The right of recovery of the United States under subsection (a) shall not, prior to judgment, constitute a lien on any facility.

AMENDMENTS

1991—Subsec. (d). Pub. L. 102-229 and Pub. L. 102-239 amended subsec. (d) identically, substituting "subsection (a)" for "subsection (a)(2)".

1985—Pub. L. 99-129 amended section generally. Prior to amendment, section read as follows: "If any facility of a community mental health center acquired, remodeled, constructed, or expanded with funds provided under the Community Mental Health Centers Act is, at any time within twenty years after the completion of such remodeling, construction, or expansion or after the date of its acquisition with such funds—

"(1) sold or transferred to any person or entity (A) which is not qualified to file an application under section 222 of the Community Mental Health Centers Act, or (B) which is not approved as a transferee by the State agency of the State in which such facility is located, or its successor; or

"(2) not used by a community mental health center in the provision of comprehensive mental health services, and the Secretary has not determined that there is good cause for termination of such use, the United States shall be entitled to recover from either the transferor or the transferee in the case of a sale or transfer or from the owner in the case of termination of use an amount bearing the same ratio to the then value (as determined by the agreement of the parties or by action brought in the United States district court for the district in which the center is situated) of so much of such facility or center as constituted an approved project or projects, as the amount of the Federal participation bore to the acquisition, remodeling, construction, or expansion cost of such project or projects. Such right of recovery shall not constitute a lien upon such facility or center prior to judgment."

1981—Pub. L. 97-35 substituted "the Community Mental Health Centers Act" for "this subchapter" and "section 222 of the Community Mental Health Centers Act" for "section 2689j of this title".

1978—Pub. L. 95-622 substituted "this subchapter" for "this part".

§238m. Use of fiscal agents

(a) Contracting authority

The Secretary may enter into contracts with fiscal agents—

(1)(A) to determine the amounts payable to persons who, on behalf of the Indian Health Service, furnish health services to eligible Indians,

(B) to determine the amounts payable to persons who, on behalf of the Public Health Service, furnish health services to individuals pursuant to section 247d or 249 of this title,

(2) to receive, disburse, and account for funds in making payments described in paragraph (1),

(3) to make such audits of records as may be necessary to assure that these payments are proper, and

(4) to perform such additional functions as may be necessary to carry out the functions described in paragraphs (1) through (3).

(b) Contracting prerequisites

(1) Contracts under subsection (a) may be entered into without regard to section 6101 of title 41 or any other provision of law requiring competition.

(2) No such contract shall be entered into with an entity unless the Secretary finds that the entity will perform its obligations under the contract efficiently and effectively and will meet such requirements as to financial responsibility, legal authority, and other matters as he finds pertinent.

(c) Advances under contracts

A contract under subsection (a) may provide for advances of funds to enable entities to make payments under the contract.

(d) Applicable statutory provisions

Subsections (d) and (e) ¹ of section 1395u of this title shall apply to contracts with entities under subsection (a) in the same manner as they apply to contracts with carriers under that section.

(e) "Fiscal agent" defined

In this section, the term "fiscal agent" means a carrier described in section 1395u(f)(1) ¹ of this title and includes, with respect to contracts under subsection (a)(1)(A), an Indian tribe or tribal organization acting under contract with the Secretary under the Indian Self-Determination Act (Public Law 93–638) [25 U.S.C. 5321 et seq.].

§238n. Abortion-related discrimination in governmental activities regarding training and licensing of physicians

(a) In general

The Federal Government, and any State or local government that receives Federal financial assistance, may not subject any health care entity to discrimination on the basis that—

(1) the entity refuses to undergo training in the performance of induced abortions, to require or provide such training, to perform such abortions, or to provide referrals for such training or such abortions;

(2) the entity refuses to make arrangements for any of the activities specified in paragraph (1);
or

(3) the entity attends (or attended) a post-graduate physician training program, or any other program of training in the health professions, that does not (or did not) perform induced abortions or require, provide or refer for training in the performance of induced abortions, or make arrangements for the provision of such training.

(b) Accreditation of postgraduate physician training programs

(1) In general

In determining whether to grant a legal status to a health care entity (including a license or certificate), or to provide such entity with financial assistance, services or other benefits, the Federal Government, or any State or local government that receives Federal financial assistance, shall deem accredited any postgraduate physician training program that would be accredited but for the accrediting agency's reliance upon an accreditation standards ¹ that requires an entity to perform an induced abortion or require, provide, or refer for training in the performance of induced abortions, or make arrangements for such training, regardless of whether such standard provides exceptions or exemptions. The government involved shall formulate such regulations or other mechanisms, or enter into such agreements with accrediting agencies, as are necessary to comply with this subsection.

(2) Rules of construction

(A) In general

With respect to subclauses (I) and (II) of section 292d(a)(2)(B)(i) of this title (relating to a program of insured loans for training in the health professions), the requirements in such subclauses regarding accredited internship or residency programs are subject to paragraph (1) of this subsection.

(B) Exceptions

This section shall not—

(i) prevent any health care entity from voluntarily electing to be trained, to train, or to arrange for training in the performance of, to perform, or to make referrals for induced abortions; or

(ii) prevent an accrediting agency or a Federal, State or local government from establishing standards of medical competency applicable only to those individuals who have voluntarily elected to perform abortions.

(c) Definitions

For purposes of this section:

(1) The term "financial assistance", with respect to a government program, includes governmental payments provided as reimbursement for carrying out health-related activities.

(2) The term "health care entity" includes an individual physician, a postgraduate physician training program, and a participant in a program of training in the health professions.

(3) The term "postgraduate physician training program" includes a residency training program.

(July 1, 1944, ch. 373, title II, §245, as added Pub. L. 104–134, title I, §101(d) [title V, §515], Apr. 26, 1996, 110 Stat. 1321–211, 1321–245; renumbered title I, Pub. L. 104–140, §1(a), May 2, 1996, 110 Stat. 1327.)

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE

Section effective Apr. 30, 1997, and applicable to Federal payments made pursuant to obligations incurred after Apr. 30, 1997, for items and services provided on or after such date, subject to also being applicable with respect to contracts entered into, renewed, or extended after Apr. 30, 1997, as well as contracts entered into before Apr. 30, 1997, to the extent permitted under such contracts, see section 11 of Pub. L. 105–12, set out as a note under section 14401 of this title.

§238p. Recommendations and guidelines regarding automated external defibrillators for Federal buildings

(a) Guidelines on placement

The Secretary shall establish guidelines with respect to placing automated external defibrillator devices in Federal buildings. Such guidelines shall take into account the extent to which such devices may be used by lay persons, the typical number of employees and visitors in the buildings, the extent of the need for security measures regarding the buildings, buildings or portions of buildings in which there are special circumstances such as high electrical voltage or extreme heat or cold, and such other factors as the Secretary determines to be appropriate.

(b) Related recommendations

The Secretary shall publish in the Federal Register the recommendations of the Secretary on the appropriate implementation of the placement of automated external defibrillator devices under subsection (a), including procedures for the following:

- (1) Implementing appropriate training courses in the use of such devices, including the role of cardiopulmonary resuscitation.
- (2) Proper maintenance and testing of the devices.
- (3) Ensuring coordination with appropriate licensed professionals in the oversight of training of the devices.
- (4) Ensuring coordination with local emergency medical systems regarding the placement and incidents of use of the devices.

(c) Consultations; consideration of certain recommendations

In carrying out this section, the Secretary shall—

- (1) consult with appropriate public and private entities;
- (2) consider the recommendations of national and local public-health organizations for improving the survival rates of individuals who experience cardiac arrest in nonhospital settings by minimizing the time elapsing between the onset of cardiac arrest and the initial medical response, including defibrillation as necessary; and
- (3) consult with and counsel other Federal agencies where such devices are to be used.

(d) Date certain for establishing guidelines and recommendations

The Secretary shall comply with this section not later than 180 days after November 13, 2000.

(e) Definitions

For purposes of this section:

- (1) The term "automated external defibrillator device" has the meaning given such term in section 238q of this title.
- (2) The term "Federal building" includes a building or portion of a building leased or rented by a Federal agency, and includes buildings on military installations of the United States.

(July 1, 1944, ch. 373, title II, §247, as added Pub. L. 106–505, title IV, §403, Nov. 13, 2000, 114 Stat. 2337.)

STATUTORY NOTES AND RELATED SUBSIDIARIES

FINDINGS

Pub. L. 106–505, title IV, §402, Nov. 13, 2000, 114 Stat. 2336, provided that: "Congress makes the following findings:

- "(1) Over 700 lives are lost every day to sudden cardiac arrest in the United States alone.
- "(2) Two out of every three sudden cardiac deaths occur before a victim can reach a hospital.
- "(3) More than 95 percent of these cardiac arrest victims will die, many because of lack of readily available life saving medical equipment.
- "(4) With current medical technology, up to 30 percent of cardiac arrest victims could be saved if victims had access to immediate medical response, including defibrillation and cardiopulmonary

resuscitation.

"(5) Once a victim has suffered a cardiac arrest, every minute that passes before returning the heart to a normal rhythm decreases the chance of survival by 10 percent.

"(6) Most cardiac arrests are caused by abnormal heart rhythms called ventricular fibrillation. Ventricular fibrillation occurs when the heart's electrical system malfunctions, causing a chaotic rhythm that prevents the heart from pumping oxygen to the victim's brain and body.

"(7) Communities that have implemented programs ensuring widespread public access to defibrillators, combined with appropriate training, maintenance, and coordination with local emergency medical systems, have dramatically improved the survival rates from cardiac arrest.

"(8) Automated external defibrillator devices have been demonstrated to be safe and effective, even when used by lay people, since the devices are designed not to allow a user to administer a shock until after the device has analyzed a victim's heart rhythm and determined that an electric shock is required.

"(9) Increasing public awareness regarding automated external defibrillator devices and encouraging their use in Federal buildings will greatly facilitate their adoption.

"(10) Limiting the liability of Good Samaritans and acquirers of automated external defibrillator devices in emergency situations may encourage the use of automated external defibrillator devices, and result in saved lives."

CERTAIN TECHNOLOGIES AND PRACTICES REGARDING SURVIVAL RATES FOR CARDIAC ARREST

Pub. L. 106–129, §7, Dec. 6, 1999, 113 Stat. 1676, provided that: "The Secretary of Health and Human Services shall, in consultation with the Administrator of the General Services Administration and other appropriate public and private entities, develop recommendations regarding the placement of automatic external defibrillators in Federal buildings as a means of improving the survival rates of individuals who experience cardiac arrest in such buildings, including recommendations on training, maintenance, and medical oversight, and on coordinating with the system for emergency medical services."

§238q. Liability regarding emergency use of automated external defibrillators

(a) Good Samaritan protections regarding AEDs

Except as provided in subsection (b), any person who uses or attempts to use an automated external defibrillator device on a victim of a perceived medical emergency is immune from civil liability for any harm resulting from the use or attempted use of such device; and in addition, any person who acquired the device is immune from such liability, if the harm was not due to the failure of such acquirer of the device—

(1) to notify local emergency response personnel or other appropriate entities of the most recent placement of the device within a reasonable period of time after the device was placed;

(2) to properly maintain and test the device; or

(3) to provide appropriate training in the use of the device to an employee or agent of the acquirer when the employee or agent was the person who used the device on the victim, except that such requirement of training does not apply if—

(A) the employee or agent was not an employee or agent who would have been reasonably expected to use the device; or

(B) the period of time elapsing between the engagement of the person as an employee or agent and the occurrence of the harm (or between the acquisition of the device and the occurrence of the harm, in any case in which the device was acquired after such engagement of the person) was not a reasonably sufficient period in which to provide the training.

(b) Inapplicability of immunity

Immunity under subsection (a) does not apply to a person if—

(1) the harm involved was caused by willful or criminal misconduct, gross negligence, reckless misconduct, or a conscious, flagrant indifference to the rights or safety of the victim who was harmed;

(2) the person is a licensed or certified health professional who used the automated external defibrillator device while acting within the scope of the license or certification of the professional

and within the scope of the employment or agency of the professional;

(3) the person is a hospital, clinic, or other entity whose purpose is providing health care directly to patients, and the harm was caused by an employee or agent of the entity who used the device while acting within the scope of the employment or agency of the employee or agent; or

(4) the person is an acquirer of the device who leased the device to a health care entity (or who otherwise provided the device to such entity for compensation without selling the device to the entity), and the harm was caused by an employee or agent of the entity who used the device while acting within the scope of the employment or agency of the employee or agent.

(c) Rules of construction

(1) In general

The following applies with respect to this section:

(A) This section does not establish any cause of action, or require that an automated external defibrillator device be placed at any building or other location.

(B) With respect to a class of persons for which this section provides immunity from civil liability, this section supersedes the law of a State only to the extent that the State has no statute or regulations that provide persons in such class with immunity for civil liability arising from the use by such persons of automated external defibrillator devices in emergency situations (within the meaning of the State law or regulation involved).

(C) This section does not waive any protection from liability for Federal officers or employees under—

(i) section 233 of this title; or

(ii) sections 1346(b), 2672, and 2679 of title 28 or under alternative benefits provided by the United States where the availability of such benefits precludes a remedy under section 1346(b) of title 28.

(2) Civil actions under Federal law

(A) In general

The applicability of subsections (a) and (b) includes applicability to any action for civil liability described in subsection (a) that arises under Federal law.

(B) Federal areas adopting State law

If a geographic area is under Federal jurisdiction and is located within a State but out of the jurisdiction of the State, and if, pursuant to Federal law, the law of the State applies in such area regarding matters for which there is no applicable Federal law, then an action for civil liability described in subsection (a) that in such area arises under the law of the State is subject to subsections (a) through (c) in lieu of any related State law that would apply in such area in the absence of this subparagraph.

(d) Federal jurisdiction

In any civil action arising under State law, the courts of the State involved have jurisdiction to apply the provisions of this section exclusive of the jurisdiction of the courts of the United States.

(e) Definitions

(1) Perceived medical emergency

For purposes of this section, the term "perceived medical emergency" means circumstances in which the behavior of an individual leads a reasonable person to believe that the individual is experiencing a life-threatening medical condition that requires an immediate medical response regarding the heart or other cardiopulmonary functioning of the individual.

(2) Other definitions

For purposes of this section:

(A) The term "automated external defibrillator device" means a defibrillator device that—

(i) is commercially distributed in accordance with the Federal Food, Drug, and Cosmetic

Act [21 U.S.C. 301 et seq.];

(ii) is capable of recognizing the presence or absence of ventricular fibrillation, and is capable of determining without intervention by the user of the device whether defibrillation should be performed;

(iii) upon determining that defibrillation should be performed, is able to deliver an electrical shock to an individual; and

(iv) in the case of a defibrillator device that may be operated in either an automated or a manual mode, is set to operate in the automated mode.

(B)(i) The term "harm" includes physical, nonphysical, economic, and noneconomic losses.

(ii) The term "economic loss" means any pecuniary loss resulting from harm (including the loss of earnings or other benefits related to employment, medical expense loss, replacement services loss, loss due to death, burial costs, and loss of business or employment opportunities) to the extent recovery for such loss is allowed under applicable State law.

(iii) The term "noneconomic losses" means losses for physical and emotional pain, suffering, inconvenience, physical impairment, mental anguish, disfigurement, loss of enjoyment of life, loss of society and companionship, loss of consortium (other than loss of domestic service), hedonic damages, injury to reputation and all other nonpecuniary losses of any kind or nature.

PART C—SMALLPOX EMERGENCY PERSONNEL PROTECTION

§239. General provisions

(a) Definitions

For purposes of this part:

(1) Covered countermeasure

The term "covered countermeasure" means a covered countermeasure as specified in a Declaration made pursuant to section 233(p) of this title.

(2) Covered individual

The term "covered individual" means an individual—

(A) who is a health care worker, law enforcement officer, firefighter, security personnel, emergency medical personnel, other public safety personnel, or support personnel for such occupational specialities [1](#);

(B) who is or will be functioning in a role identified in a State, local, or Department of Health and Human Services smallpox emergency response plan (as defined in paragraph (7)) approved by the Secretary;

(C) who has volunteered and been selected to be a member of a smallpox emergency response plan described in subparagraph (B) prior to the time at which the Secretary publicly announces that an active case of smallpox has been identified either within or outside of the United States; and

(D) to whom a smallpox vaccine is administered pursuant to such approved plan during the effective period of the Declaration (including the portion of such period before April 30, 2003).

(3) Covered injury

The term "covered injury" means an injury, disability, illness, condition, or death (other than a minor injury such as minor scarring or minor local reaction) determined, pursuant to the procedures established under section 239a of this title, to have been sustained by an individual as the direct result of—

(A) administration to the individual of a covered countermeasure during the effective period of the Declaration; or

(B) accidental vaccinia inoculation of the individual in circumstances in which—

(i) the vaccinia is contracted during the effective period of the Declaration or within 30 days after the end of such period;

(ii) smallpox vaccine has not been administered to the individual; and

(iii) the individual has been in contact with an individual who is (or who was accidentally inoculated by) a covered individual.

(4) Declaration

The term "Declaration" means the Declaration Regarding Administration of Smallpox Countermeasures issued by the Secretary on January 24, 2003, and published in the Federal Register on January 28, 2003.

(5) Effective period of the Declaration

The term "effective period of the Declaration" means the effective period specified in the Declaration, unless extended by the Secretary.

(6) Eligible individual

The term "eligible individual" means an individual who is (as determined in accordance with section 239a of this title)—

(A) a covered individual who sustains a covered injury in the manner described in paragraph (3)(A); or

(B) an individual who sustains a covered injury in the manner described in paragraph (3)(B).

(7) Smallpox emergency response plan

The term "smallpox emergency response plan" or "plan" means a response plan detailing actions to be taken in preparation for a possible smallpox-related emergency during the period prior to the identification of an active case of smallpox either within or outside the United States.

(b) Voluntary program

The Secretary shall ensure that a State, local, or Department of Health and Human Services plan to vaccinate individuals that is approved by the Secretary establishes procedures to ensure, consistent with the Declaration and any applicable guidelines of the Centers for Disease Control and Prevention, that—

(1) potential participants are educated with respect to contraindications, the voluntary nature of the program, and the availability of potential benefits and compensation under this part;

(2) there is voluntary screening provided to potential participants that can identify health conditions relevant to contraindications; and

(3) there is appropriate post-inoculation medical surveillance that includes an evaluation of adverse health effects that may reasonably appear to be due to such vaccine and prompt referral of, or the provision of appropriate information to, any individual requiring health care as a result of such adverse health event.

(July 1, 1944, ch. 373, title II, §261, as added Pub. L. 108–20, §2, Apr. 30, 2003, 117 Stat. 638.)

¹ *So in original. Probably should be "specialties".*

§239a. Determination of eligibility and benefits

(a) In general

The Secretary shall establish procedures for determining, as applicable with respect to an individual—

- (1) whether the individual is an eligible individual;
- (2) whether an eligible individual has sustained a covered injury or injuries for which medical benefits or compensation may be available under sections 239c and 239d of this title, and the amount of such benefits or compensation; and
- (3) whether the covered injury or injuries of an eligible individual caused the individual's death for purposes of benefits under section 239e of this title.

(b) Covered individuals

The Secretary may accept a certification, by a Federal, State, or local government entity or private health care entity participating in the administration of covered countermeasures under the Declaration, that an individual is a covered individual.

(c) Criteria for reimbursement

(1) Injuries specified in injury table

In any case where an injury or other adverse effect specified in the injury table established under section 239b of this title as a known effect of a vaccine manifests in an individual within the time period specified in such table, such injury or other effect shall be presumed to have resulted from administration of such vaccine.

(2) Other determinations

In making determinations other than those described in paragraph (1) as to the causation or severity of an injury, the Secretary shall employ a preponderance of the evidence standard and take into consideration all relevant medical and scientific evidence presented for consideration, and may obtain and consider the views of qualified medical experts.

(d) Deadline for filing request

The Secretary shall not consider any request for a benefit under this part with respect to an individual, unless—

- (1) in the case of a request based on the administration of the vaccine to the individual, the individual files with the Secretary an initial request for benefits or compensation under this part not later than one year after the date of administration of the vaccine; or
- (2) in the case of a request based on accidental vaccinia inoculation, the individual files with the Secretary an initial request for benefits or compensation under this part not later than two years after the date of the first symptom or manifestation of onset of the adverse effect.

(e) Structured settlements at Secretary's option

In any case in which there is a reasonable likelihood that compensation or payment under section 239c, 239d, or 239e(b) of this title will be required for a period in excess of one year from the date an individual is determined eligible for such compensation or payment, the Secretary shall have the discretion to make a lump-sum payment, purchase an annuity or medical insurance policy, or execute an appropriate structured settlement agreement, provided that such payment, annuity, policy, or agreement is actuarially determined to have a value equal to the present value of the projected total amount of benefits or compensation that the individual is eligible to receive under such section or sections.

(f) Review of determination

(1) Secretary's review authority

The Secretary may review a determination under this section at any time on the Secretary's own motion or on application, and may affirm, vacate, or modify such determination in any manner the

Secretary deems appropriate. The Secretary shall develop a process by which an individual may file a request for reconsideration of any determination made by the Secretary under this section.

(2) Judicial and administrative review

No court of the United States, or of any State, District, territory or possession thereof, shall have subject matter jurisdiction to review, whether by mandamus or otherwise, any action by the Secretary under this section. No officer or employee of the United States shall review any action by the Secretary under this section (unless the President specifically directs otherwise).

(July 1, 1944, ch. 373, title II, §262, as added Pub. L. 108–20, §2, Apr. 30, 2003, 117 Stat. 640.)

§239b. Smallpox vaccine injury table

(a) ¹ Smallpox vaccine injury table

(1) Establishment required

The Secretary shall establish by interim final regulation a table identifying adverse effects (including injuries, disabilities, illnesses, conditions, and deaths) that shall be presumed to result from the administration of (or exposure to) a smallpox vaccine, and the time period in which the first symptom or manifestation of onset of each such adverse effect must manifest in order for such presumption to apply.

(2) Amendments

The Secretary may by regulation amend the table established under paragraph (1). An amendment to the table takes effect on the date of the promulgation of the final rule that makes the amendment, and applies to all requests for benefits or compensation under this part that are filed on or after such date or are pending as of such date. In addition, the amendment applies retroactively to an individual who was not with respect to the injury involved an eligible individual under the table as in effect before the amendment but who with respect to such injury is an eligible individual under the table as amended. With respect to a request for benefits or compensation under this part by an individual who becomes an eligible individual as described in the preceding sentence, the Secretary may not provide such benefits or compensation unless the request (or amendment to a request, as applicable) is filed before the expiration of one year after the effective date of the amendment to the table in the case of an individual to whom the vaccine was administered and before the expiration of two years after such effective date in the case of a request based on accidental vaccinia inoculation.

(July 1, 1944, ch. 373, title II, §263, as added Pub. L. 108–20, §2, Apr. 30, 2003, 117 Stat. 641.)

¹ So in original. No subsec. (b) has been enacted.

§239c. Medical benefits

(a) In general

Subject to the succeeding provisions of this section, the Secretary shall make payment or reimbursement for medical items and services as reasonable and necessary to treat a covered injury of an eligible individual, including the services, appliances, and supplies prescribed or recommended by a qualified physician, which the Secretary considers likely to cure, give relief, reduce the degree or the period of disability, or aid in lessening the amount of monthly compensation.

(b) Benefits secondary to other coverage

Payment or reimbursement for services or benefits under subsection (a) shall be secondary to any obligation of the United States or any third party (including any State or local governmental entity, private insurance carrier, or employer) under any other provision of law or contractual agreement, to

pay for or provide such services or benefits.

(July 1, 1944, ch. 373, title II, §264, as added Pub. L. 108–20, §2, Apr. 30, 2003, 117 Stat. 641.)

§239d. Compensation for lost employment income

(a) In general

Subject to the succeeding provisions of this section, the Secretary shall provide compensation to an eligible individual for loss of employment income (based on such income at the time of injury) incurred as a result of a covered injury, at the rate specified in subsection (b).

(b) Amount of compensation

(1) In general

Compensation under subsection (a) shall be at the rate of $\frac{662}{3}$ percent of the relevant pay period (weekly, monthly, or otherwise), except as provided in paragraph (2).

(2) Augmented compensation for dependents

If an eligible individual has one or more dependents, the basic compensation for loss of employment income as described in paragraph (1) shall be augmented at the rate of $\frac{81}{3}$ percent.

(3) Consideration of other programs

(A) In general

The Secretary may consider the provisions of sections 8114, 8115, and 8146a of title 5, and any implementing regulations, in determining the amount of payment under subsection (a) and the circumstances under which such payments are reasonable and necessary.

(B) Minors

With respect to an eligible individual who is a minor, the Secretary may consider the provisions of section 8113 of title 5, and any implementing regulations, in determining the amount of payment under subsection (a) and the circumstances under which such payments are reasonable and necessary.

(4) Treatment of self-employment income

For purposes of this section, the term "employment income" includes income from self-employment.

(c) Limitations

(1) Benefits secondary to other coverage

(A) In general

Any compensation under subsection (a) shall be secondary to the obligation of the United States or any third party (including any State or local governmental entity, private insurance carrier, or employer), under any other law or contractual agreement, to pay compensation for loss of employment income or to provide disability or retirement benefits.

(B) Relation to other obligations

Compensation under subsection (a) shall not be made to an eligible individual to the extent that the total of amounts paid to the individual under such subsection and under the other obligations referred to in subparagraph (A) is an amount that exceeds the rate specified in subsection (b)(1). If under any such other obligation a lump-sum payment is made, such payment shall, for purposes of this paragraph, be deemed to be received over multiple years rather than received in a single year. The Secretary may, in the discretion of the Secretary, determine how to apportion such payment over multiple years.

(2) No benefits in case of death

No payment shall be made under subsection (a) in compensation for loss of employment

income subsequent to the receipt, by the survivor or survivors of an eligible individual, of benefits under section 239e of this title for death.

(3) Limit on total benefits

(A) In general

Except as provided in subparagraph (B)—

(i) total compensation paid to an individual under subsection (a) shall not exceed \$50,000 for any year; and

(ii) the lifetime total of such compensation for the individual may not exceed an amount equal to the amount authorized to be paid under section 239e of this title.

(B) Permanent and total disability

The limitation under subparagraph (A)(ii) does not apply in the case of an eligible individual who is determined to have a covered injury or injuries meeting the definition of disability in section 416(i) of this title.

(4) Waiting period

(A) In general

Except as provided in subparagraph (B), an eligible individual shall not be provided compensation under this section for the first 5 work days of loss of employment income.

(B) Exception

Subparagraph (A) does not apply if the period of loss of employment income of an eligible individual is 10 or more work days.

(5) Termination of benefits

No payment shall be made under subsection (a) in compensation for loss of employment income once the eligible individual involves ¹ reaches the age of 65.

(d) Benefit in addition to medical benefits

A benefit under subsection (a) shall be in addition to any amounts received by an eligible individual under section 239c of this title.

(July 1, 1944, ch. 373, title II, §265, as added Pub. L. 108–20, §2, Apr. 30, 2003, 117 Stat. 642.)

¹ So in original. Probably should be "involved".

§239e. Payment for death

(a) Death benefit

(1) In general

The Secretary shall pay, in the case of an eligible individual whose death is determined to have resulted from a covered injury or injuries, a death benefit in the amount determined under paragraph (2) to the survivor or survivors in the same manner as death benefits are paid pursuant to the Public Safety Officers' Benefits Program under subpart 1 of part L of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3796 et seq.) ¹ with respect to an eligible deceased (except that in the case of an eligible individual who is a minor with no living parent, the legal guardian shall be considered the survivor in the place of the parent).

(2) Benefit amount

(A) In general

The amount of the death benefit under paragraph (1) in a fiscal year shall equal the amount of the comparable benefit calculated under the Public Safety Officers' Benefits Program under

subpart 1 of part L of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3796 et seq.)¹ in such fiscal year, without regard to any reduction attributable to a limitation on appropriations, but subject to subparagraph (B).

(B) Reduction for payments for lost employment income

The amount of the benefit as determined under subparagraph (A) shall be reduced by the total amount of any benefits paid under section 239d of this title with respect to lost employment income.

(3) Limitations

(A) In general

No benefit is payable under paragraph (1) with respect to the death of an eligible individual if—

(i) a disability benefit is paid with respect to such individual under the Public Safety Officers' Benefits Program under subpart 1 of part L of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3796 et seq.);¹ or

(ii) a death benefit is paid or payable with respect to such individual under the Public Safety Officers' Benefits Program under subpart 1 of part L of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3796 et seq.).¹

(B) Exception in the case of a limitation on appropriations for disability benefits under PSOB

In the event that disability benefits available to an eligible individual under the Public Safety Officers' Benefits Program under subpart 1 of part L of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3796 et seq.)¹ are reduced because of a limitation on appropriations, and such reduction would affect the amount that would be payable under subparagraph (A) without regard to this subparagraph, benefits shall be available under paragraph (1) to the extent necessary to ensure that the survivor or survivors of such individual receives a total amount equal to the amount described in paragraph (2).

(b) Election in case of dependents

(1) In general

In the case of an eligible individual whose death is determined to have resulted from a covered injury or injuries, if the individual had one or more dependents under the age of 18, the legal guardian of the dependents may, in lieu of the death benefit under subsection (a), elect to receive on behalf of the aggregate of such dependents payments in accordance with this subsection. An election under the preceding sentence is effective in lieu of a request under subsection (a) by an individual who is not the legal guardian of such dependents.

(2) Amount of payments

Payments under paragraph (1) with respect to an eligible individual described in such paragraph shall be made as if such individual were an eligible individual to whom compensation would be paid under subsection (a) of section 239d of this title, with the rate augmented in accordance with subsection (b)(2) of such section and with such individual considered to be an eligible individual described in subsection (c)(3)(B) of such section.

(3) Limitations

(A) Age of dependents

No payments may be made under paragraph (1) once the youngest of the dependents involved reaches the age of 18.

(B) Benefits secondary to other coverage

(i) In general

Any payment under paragraph (1) shall be secondary to the obligation of the United States

or any third party (including any State or local governmental entity, private insurance carrier, or employer), under any other law or contractual agreement, to pay compensation for loss of employment income or to provide disability benefits, retirement benefits, life insurance benefits on behalf of dependents under the age of 18, or death benefits.

(ii) Relation to other obligations

Payments under paragraph (1) shall not be made to with respect to ² an eligible individual to the extent that the total of amounts paid with respect to the individual under such paragraph and under the other obligations referred to in clause (i) is an amount that exceeds the rate of payment that applies under paragraph (2). If under any such other obligation a lump-sum payment is made, such payment shall, for purposes of this subparagraph, be deemed to be received over multiple years rather than received in a single year. The Secretary may, in the discretion of the Secretary, determine how to apportion such payment over multiple years.

(c) Benefit in addition to medical benefits

A benefit under subsection (a) or (b) shall be in addition to any amounts received by an eligible individual under section 239c of this title.

(July 1, 1944, ch. 373, title II, §266, as added Pub. L. 108–20, §2, Apr. 30, 2003, 117 Stat. 643.)

§239f. Administration

(a) Administration by agreement with other agency or agencies

The Secretary may administer any or all of the provisions of this part through Memorandum of Agreement with the head of any appropriate Federal agency.

(b) Regulations

The head of the agency administering this part or provisions thereof (including any agency head administering such Act ¹ or provisions through a Memorandum of Agreement under subsection (a)) may promulgate such implementing regulations as may be found necessary and appropriate. Initial implementing regulations may be interim final regulations.

PART D—UNITED STATES PUBLIC HEALTH SCIENCES TRACK

§239l. Establishment

(a) United States Public Health Services Track

(1) In general

There is hereby authorized to be established a United States Public Health Sciences Track (referred to in this part as the "Track"), at sites to be selected by the Secretary, with authority to grant appropriate advanced degrees in a manner that uniquely emphasizes team-based service, public health, epidemiology, and emergency preparedness and response. It shall be so organized as to graduate not less than—

- (A) 150 medical students annually, 10 of whom shall be awarded studentships to the Uniformed Services University of Health Sciences;
- (B) 100 dental students annually;
- (C) 250 nursing students annually;
- (D) 100 public health students annually;
- (E) 100 behavioral and mental health professional students annually;
- (F) 100 physician assistant or nurse practitioner students annually; and
- (G) 50 pharmacy students annually.

(2) Locations

The Track shall be located at existing and accredited, affiliated health professions education training programs at academic health centers located in regions of the United States determined appropriate by the Surgeon General, in consultation with the National Health Care Workforce Commission established in section 294q of this title.

(b) Number of graduates

Except as provided in subsection (a), the number of persons to be graduated from the Track shall be prescribed by the Secretary. In so prescribing the number of persons to be graduated from the Track, the Secretary shall institute actions necessary to ensure the maximum number of first-year enrollments in the Track consistent with the academic capacity of the affiliated sites and the needs of the United States for medical, dental, and nursing personnel.

(c) Development

The development of the Track may be by such phases as the Secretary may prescribe subject to the requirements of subsection (a).

(d) Integrated longitudinal plan

The Surgeon General shall develop an integrated longitudinal plan for health professions continuing education throughout the continuum of health-related education, training, and practice. Training under such plan shall emphasize patient-centered, interdisciplinary, and care coordination skills. Experience with deployment of emergency response teams shall be included during the clinical experiences.

(e) Faculty development

The Surgeon General shall develop faculty development programs and curricula in decentralized venues of health care, to balance urban, tertiary, and inpatient venues.

(July 1, 1944, ch. 373, title II, §271, as added Pub. L. 111–148, title V, §5315, Mar. 23, 2010, 124 Stat. 637.)

§239l–1. Administration

(a) In general

The business of the Track shall be conducted by the Surgeon General with funds appropriated for and provided by the Department of Health and Human Services. The National Health Care Workforce Commission shall assist the Surgeon General in an advisory capacity.

(b) Faculty

(1) In general

The Surgeon General, after considering the recommendations of the National Health Care Workforce Commission, shall obtain the services of such professors, instructors, and administrative and other employees as may be necessary to operate the Track, but utilize when possible, existing affiliated health professions training institutions. Members of the faculty and staff shall be employed under salary schedules and granted retirement and other related benefits prescribed by the Secretary so as to place the employees of the Track faculty on a comparable basis with the employees of fully accredited schools of the health professions within the United States.

(2) Titles

The Surgeon General may confer academic titles, as appropriate, upon the members of the faculty.

(3) Nonapplication of provisions

The limitations in section 5373 of title 5 shall not apply to the authority of the Surgeon General under paragraph (1) to prescribe salary schedules and other related benefits.

(c) Agreements

The Surgeon General may negotiate agreements with agencies of the Federal Government to utilize on a reimbursable basis appropriate existing Federal medical resources located in the United States (or locations selected in accordance with section 239l(a)(2) of this title). Under such agreements the facilities concerned will retain their identities and basic missions. The Surgeon General may negotiate affiliation agreements with accredited universities and health professions training institutions in the United States. Such agreements may include provisions for payments for educational services provided students participating in Department of Health and Human Services educational programs.

(d) Programs

The Surgeon General may establish the following educational programs for Track students:

- (1) Postdoctoral, postgraduate, and technological programs.
- (2) A cooperative program for medical, dental, physician assistant, pharmacy, behavioral and mental health, public health, and nursing students.
- (3) Other programs that the Surgeon General determines necessary in order to operate the Track

in a cost-effective manner.

(e) Continuing medical education

The Surgeon General shall establish programs in continuing medical education for members of the health professions to the end that high standards of health care may be maintained within the United States.

(f) Authority of the Surgeon General

(1) In general

The Surgeon General is authorized—

(A) to enter into contracts with, accept grants from, and make grants to any nonprofit entity for the purpose of carrying out cooperative enterprises in medical, dental, physician assistant, pharmacy, behavioral and mental health, public health, and nursing research, consultation, and education;

(B) to enter into contracts with entities under which the Surgeon General may furnish the services of such professional, technical, or clerical personnel as may be necessary to fulfill cooperative enterprises undertaken by the Track;

(C) to accept, hold, administer, invest, and spend any gift, devise, or bequest of personal property made to the Track, including any gift, devise, or bequest for the support of an academic chair, teaching, research, or demonstration project;

(D) to enter into agreements with entities that may be utilized by the Track for the purpose of enhancing the activities of the Track in education, research, and technological applications of knowledge; and

(E) to accept the voluntary services of guest scholars and other persons.

(2) Limitation

The Surgeon General may not enter into any contract with an entity if the contract would obligate the Track to make outlays in advance of the enactment of budget authority for such outlays.

(3) Scientists

Scientists or other medical, dental, or nursing personnel utilized by the Track under an agreement described in paragraph (1) may be appointed to any position within the Track and may be permitted to perform such duties within the Track as the Surgeon General may approve.

(4) Volunteer services

A person who provides voluntary services under the authority of subparagraph (E) of paragraph (1) shall be considered to be an employee of the Federal Government for the purposes of chapter 81 of title 5, relating to compensation for work-related injuries, and to be an employee of the Federal Government for the purposes of chapter 171 of title 28, relating to tort claims. Such a person who is not otherwise employed by the Federal Government shall not be considered to be a Federal employee for any other purpose by reason of the provision of such services.

(July 1, 1944, ch. 373, title II, §272, as added Pub. L. 111–148, title V, §5315, Mar. 23, 2010, 124 Stat. 637.)

§239l–2. Students; selection; obligation

(a) Student selection

(1) In general

Medical, dental, physician assistant, pharmacy, behavioral and mental health, public health, and nursing students at the Track shall be selected under procedures prescribed by the Surgeon General. In so prescribing, the Surgeon General shall consider the recommendations of the National Health Care Workforce Commission.

(2) Priority

In developing admissions procedures under paragraph (1), the Surgeon General shall ensure that such procedures give priority to applicant medical, dental, physician assistant, pharmacy, behavioral and mental health, public health, and nursing students from rural communities and underrepresented minorities.

(b) Contract and service obligation

(1) Contract

Upon being admitted to the Track, a medical, dental, physician assistant, pharmacy, behavioral and mental health, public health, or nursing student shall enter into a written contract with the Surgeon General that shall contain—

(A) an agreement under which—

(i) subject to subparagraph (B), the Surgeon General agrees to provide the student with tuition (or tuition remission) and a student stipend (described in paragraph (2)) in each school year for a period of years (not to exceed 4 school years) determined by the student, during which period the student is enrolled in the Track at an affiliated or other participating health professions institution pursuant to an agreement between the Track and such institution; and

(ii) subject to subparagraph (B), the student agrees—

(I) to accept the provision of such tuition and student stipend to the student;

(II) to maintain enrollment at the Track until the student completes the course of study involved;

(III) while enrolled in such course of study, to maintain an acceptable level of academic standing (as determined by the Surgeon General);

(IV) if pursuing a degree from a school of medicine or osteopathic medicine, dental, public health, or nursing school or a physician assistant, pharmacy, or behavioral and mental health professional program, to complete a residency or internship in a specialty that the Surgeon General determines is appropriate; and

(V) to serve for a period of time (referred to in this part as the "period of obligated service") within the Commissioned Corps of the Public Health Service equal to 2 years for each school year during which such individual was enrolled at the College, reduced as provided for in paragraph (3);

(B) a provision that any financial obligation of the United States arising out of a contract entered into under this part and any obligation of the student which is conditioned thereon, is contingent upon funds being appropriated to carry out this part;

(C) a statement of the damages to which the United States is entitled for the student's breach of the contract; and

(D) such other statements of the rights and liabilities of the Secretary and of the individual, not inconsistent with the provisions of this part.

(2) Tuition and student stipend

(A) Tuition remission rates

The Surgeon General, based on the recommendations of the National Health Care Workforce Commission, shall establish Federal tuition remission rates to be used by the Track to provide reimbursement to affiliated and other participating health professions institutions for the cost of educational services provided by such institutions to Track students. The agreement entered into by such participating institutions under paragraph (1)(A)(i) shall contain an agreement to accept as payment in full the established remission rate under this subparagraph.

(B) Stipend

The Surgeon General, based on the recommendations of the National Health Care Workforce Commission, shall establish and update Federal stipend rates for payment to students under this part.

(3) Reductions in the period of obligated service

The period of obligated service under paragraph (1)(A)(ii)(V) shall be reduced—

(A) in the case of a student who elects to participate in a high-needs speciality residency (as determined by the National Health Care Workforce Commission), by 3 months for each year of such participation (not to exceed a total of 12 months); and

(B) in the case of a student who, upon completion of their residency, elects to practice in a Federal medical facility (as defined in section 781(e)) ¹ that is located in a health professional shortage area (as defined in section 254e of this title), by 3 months for year ² of full-time practice in such a facility (not to exceed a total of 12 months).

(c) Second 2 years of service

During the third and fourth years in which a medical, dental, physician assistant, pharmacy, behavioral and mental health, public health, or nursing student is enrolled in the Track, training should be designed to prioritize clinical rotations in Federal medical facilities in health professional shortage areas, and emphasize a balance of hospital and community-based experiences, and training within interdisciplinary teams.

(d) Dentist, physician assistant, pharmacist, behavioral and mental health professional, public health professional, and nurse training

The Surgeon General shall establish provisions applicable with respect to dental, physician assistant, pharmacy, behavioral and mental health, public health, and nursing students that are comparable to those for medical students under this section, including service obligations, tuition support, and stipend support. The Surgeon General shall give priority to health professions training institutions that train medical, dental, physician assistant, pharmacy, behavioral and mental health, public health, and nursing students for some significant period of time together, but at a minimum have a discrete and shared core curriculum.

(e) Elite Federal disaster teams

The Surgeon General, in consultation with the Secretary, the Director of the Centers for Disease Control and Prevention, and other appropriate military and Federal government agencies, shall develop criteria for the appointment of highly qualified Track faculty, medical, dental, physician assistant, pharmacy, behavioral and mental health, public health, and nursing students, and graduates to elite Federal disaster preparedness teams to train and to respond to public health emergencies, natural disasters, bioterrorism events, and other emergencies.

(f) Student dropped from Track in affiliate school

A medical, dental, physician assistant, pharmacy, behavioral and mental health, public health, or nursing student who, under regulations prescribed by the Surgeon General, is dropped from the Track in an affiliated school for deficiency in conduct or studies, or for other reasons, shall be liable to the United States for all tuition and stipend support provided to the student.

§239l–3. Funding

Beginning with fiscal year 2010, the Secretary shall transfer from the Public Health and Social Services Emergency Fund such sums as may be necessary to carry out this part.

(July 1, 1944, ch. 373, title II, §274, as added Pub. L. 111–148, title V, §5315, Mar. 23, 2010, 124 Stat. 642.)

TRANSFER OF APPROPRIATED FUNDS

Pub. L. 112–10, div. B, title VIII, §1828, Apr. 15, 2011, 125 Stat. 162, provided that: "Hereafter, no funds appropriated by this division or by any previous or subsequent Act shall be available for transfer under section 274 [42 U.S.C. 2391–3] of the PHS Act [Public Health Service Act]."

SUBCHAPTER II—GENERAL POWERS AND DUTIES

PART A—RESEARCH AND INVESTIGATIONS

§241. Research and investigations generally

(a) Authority of Secretary

The Secretary shall conduct in the Service, and encourage, cooperate with, and render assistance to other appropriate public authorities, scientific institutions, and scientists in the conduct of, and promote the coordination of, research, investigations, experiments, demonstrations, and studies relating to the causes, diagnosis, treatment, control, and prevention of physical and mental diseases and impairments of man, including water purification, sewage treatment, and pollution of lakes and streams. In carrying out the foregoing the Secretary is authorized to—

(1) collect and make available through publications and other appropriate means, information as to, and the practical application of, such research and other activities;

(2) make available research facilities of the Service to appropriate public authorities, and to health officials and scientists engaged in special study;

(3) make grants-in-aid to universities, hospitals, laboratories, and other public or private institutions, and to individuals for such research projects as are recommended by the advisory council to the entity of the Department supporting such projects and make, upon recommendation of the advisory council to the appropriate entity of the Department, grants-in-aid to public or nonprofit universities, hospitals, laboratories, and other institutions for the general support of their research;

(4) secure from time to time and for such periods as he deems advisable, the assistance and advice of experts, scholars, and consultants from the United States or abroad;

(5) for purposes of study, admit and treat at institutions, hospitals, and stations of the Service, persons not otherwise eligible for such treatment;

(6) make available, to health officials, scientists, and appropriate public and other nonprofit institutions and organizations, technical advice and assistance on the application of statistical methods to experiments, studies, and surveys in health and medical fields;

(7) enter into contracts, including contracts for research in accordance with and subject to the provisions of law applicable to contracts entered into by the military departments under sections 3861 and 4141 of title 10, except that determination, approval, and certification required thereby shall be by the Secretary of Health and Human Services; and

(8) adopt, upon recommendations of the advisory councils to the appropriate entities of the Department or, with respect to mental health, the National Advisory Mental Health Council, such additional means as the Secretary considers necessary or appropriate to carry out the purposes of this section.

(b) Testing for carcinogenicity, teratogenicity, mutagenicity, and other harmful biological effects; consultation

(1) The Secretary shall conduct and may support through grants and contracts studies and testing of substances for carcinogenicity, teratogenicity, mutagenicity, and other harmful biological effects. In carrying out this paragraph, the Secretary shall consult with entities of the Federal Government, outside of the Department of Health and Human Services, engaged in comparable activities. The Secretary, upon request of such an entity and under appropriate arrangements for the payment of expenses, may conduct for such entity studies and testing of substances for carcinogenicity, teratogenicity, mutagenicity, and other harmful biological effects.

(2)(A) The Secretary shall establish a comprehensive program of research into the biological effects of low-level ionizing radiation under which program the Secretary shall conduct such research and may support such research by others through grants and contracts.

(B) The Secretary shall conduct a comprehensive review of Federal programs of research on the biological effects of ionizing radiation.

(3) The Secretary shall conduct and may support through grants and contracts research and studies on human nutrition, with particular emphasis on the role of nutrition in the prevention and treatment of disease and on the maintenance and promotion of health, and programs for the dissemination of information respecting human nutrition to health professionals and the public. In carrying out activities under this paragraph, the Secretary shall provide for the coordination of such of these activities as are performed by the different divisions within the Department of Health and Human Services and shall consult with entities of the Federal Government, outside of the Department of Health and Human Services, engaged in comparable activities. The Secretary, upon request of such an entity and under appropriate arrangements for the payment of expenses, may conduct and support such activities for such entity.

(4) The Secretary shall publish a biennial report which contains—

(A) a list of all substances (i) which either are known to be carcinogens or may reasonably be anticipated to be carcinogens and (ii) to which a significant number of persons residing in the United States are exposed;

(B) information concerning the nature of such exposure and the estimated number of persons exposed to such substances;

(C) a statement identifying (i) each substance contained in the list under subparagraph (A) for which no effluent, ambient, or exposure standard has been established by a Federal agency, and (ii) for each effluent, ambient, or exposure standard established by a Federal agency with respect to a substance contained in the list under subparagraph (A), the extent to which, on the basis of available medical, scientific, or other data, such standard, and the implementation of such standard by the agency, decreases the risk to public health from exposure to the substance; and

(D) a description of (i) each request received during the year involved—

(I) from a Federal agency outside the Department of Health and Human Services for the Secretary, or

(II) from an entity within the Department of Health and Human Services to any other entity within the Department,

to conduct research into, or testing for, the carcinogenicity of substances or to provide information described in clause (ii) of subparagraph (C), and (ii) how the Secretary and each such other entity, respectively, have responded to each such request.

(5) The authority of the Secretary to enter into any contract for the conduct of any study, testing, program, research, or review, or assessment under this subsection shall be effective for any fiscal year only to such extent or in such amounts as are provided in advance in appropriation Acts.

(c) Diseases not significantly occurring in United States

The Secretary may conduct biomedical research, directly or through grants or contracts, for the identification, control, treatment, and prevention of diseases (including tropical diseases) which do not occur to a significant extent in the United States.

(d) Protection of privacy of individuals who are research subjects

(1)(A) If a person is engaged in biomedical, behavioral, clinical, or other research, in which identifiable, sensitive information is collected (including research on mental health and research on the use and effect of alcohol and other psychoactive drugs), the Secretary, in coordination with other agencies, as applicable—

(i) shall issue to such person a certificate of confidentiality to protect the privacy of individuals who are the subjects of such research if the research is funded wholly or in part by the Federal Government; and

(ii) may, upon application by a person engaged in research, issue to such person a certificate of confidentiality to protect the privacy of such individuals if the research is not so funded.

(B) Except as provided in subparagraph (C), any person to whom a certificate is issued under subparagraph (A) to protect the privacy of individuals described in such subparagraph shall not disclose or provide to any other person not connected with the research the name of such an individual or any information, document, or biospecimen that contains identifiable, sensitive information about such an individual and that was created or compiled for purposes of the research.

(C) The disclosure prohibition in subparagraph (B) shall not apply to disclosure or use that is—

(i) required by Federal, State, or local laws, excluding instances described in subparagraph (D);

(ii) necessary for the medical treatment of the individual to whom the information, document, or biospecimen pertains and made with the consent of such individual;

(iii) made with the consent of the individual to whom the information, document, or biospecimen pertains; or

(iv) made for the purposes of other scientific research that is in compliance with applicable Federal regulations governing the protection of human subjects in research.

(D) Any person to whom a certificate is issued under subparagraph (A) to protect the privacy of an individual described in such subparagraph shall not, in any Federal, State, or local civil, criminal, administrative, legislative, or other proceeding, disclose or provide the name of such individual or any such information, document, or biospecimen that contains identifiable, sensitive information about the individual and that was created or compiled for purposes of the research, except in the circumstance described in subparagraph (C)(iii).

(E) Identifiable, sensitive information protected under subparagraph (A), and all copies thereof, shall be immune from the legal process, and shall not, without the consent of the individual to whom the information pertains, be admissible as evidence or used for any purpose in any action, suit, or other judicial, legislative, or administrative proceeding.

(F) Identifiable, sensitive information collected by a person to whom a certificate has been issued under subparagraph (A), and all copies thereof, shall be subject to the protections afforded by this section for perpetuity.

(G) The Secretary shall take steps to minimize the burden to researchers, streamline the process, and reduce the time it takes to comply with the requirements of this subsection.

(2) The Secretary shall coordinate with the heads of other applicable Federal agencies to ensure that such departments have policies in place with respect to the issuance of a certificate of confidentiality pursuant to paragraph (1) and other requirements of this subsection.

(3) Nothing in this subsection shall be construed to limit the access of an individual who is a subject of research to information about himself or herself collected during such individual's participation in the research.

(4) For purposes of this subsection, the term "identifiable, sensitive information" means information that is about an individual and that is gathered or used during the course of research described in paragraph (1)(A) and—

(A) through which an individual is identified; or

(B) for which there is at least a very small risk, as determined by current scientific practices or statistical methods, that some combination of the information, a request for the information, and other available data sources could be used to deduce the identity of an individual.

(e) Preterm labor and delivery and infant mortality

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall expand, intensify, and coordinate the activities of the Centers for Disease Control and Prevention with respect to preterm labor and delivery, preventable maternal mortality and severe maternal morbidity, and infant mortality.

(f) Exemption of certain biomedical information from disclosure

(1) The Secretary may exempt from disclosure under section 552(b)(3) of title 5 biomedical information that is about an individual and that is gathered or used during the course of biomedical research if—

(A) an individual is identified; or

(B) there is at least a very small risk, as determined by current scientific practices or statistical methods, that some combination of the information, the request, and other available data sources could be used to deduce the identity of an individual.

(2)(A) Each determination of the Secretary under paragraph (1) to exempt information from disclosure shall be made in writing and accompanied by a statement of the basis for the determination.

(B) Each such determination and statement of basis shall be available to the public, upon request, through the Office of the Chief FOIA Officer of the Department of Health and Human Services.

(3) Nothing in this subsection shall be construed to limit a research participant's access to information about such participant collected during the participant's participation in the research.

(g) Inapplicability of Federal information policy

Subchapter I of chapter 35 of title 44 shall not apply to the voluntary collection of information during the conduct of research by the National Institutes of Health.

(h) Availability of substances and living organisms for biomedical and behavioral research

(1) The Secretary may make available to individuals and entities, for biomedical and behavioral research, substances and living organisms. Such substances and organisms shall be made available under such terms and conditions (including payment for them) as the Secretary determines appropriate.

(2) Where research substances and living organisms are made available under paragraph (1) through contractors, the Secretary may direct such contractors to collect payments on behalf of the Secretary for the costs incurred to make available such substances and organisms and to forward amounts so collected to the Secretary, in the time and manner specified by the Secretary.

(3) Amounts collected under paragraph (2) shall be credited to the appropriations accounts that incurred the costs to make available the research substances and living organisms involved, and shall remain available until expended for carrying out activities under such accounts.

EDITORIAL NOTES

AMENDMENTS

2022—Subsec. (e). Pub. L. 117–103 inserted ", preventable maternal mortality and severe maternal morbidity," after "delivery".

2021—Subsec. (a)(7). Pub. L. 117–81 substituted "sections 3861 and 4141" for "sections 2353 and 2354".

2016—Subsec. (a). Pub. L. 114–255, §2043(1), redesignated concluding provisions of subsec. (a) as par. (1) of subsec. (h).

Subsec. (d). Pub. L. 114–255, §2012(a), amended subsec. (d) generally. Prior to amendment, text read as follows: "The Secretary may authorize persons engaged in biomedical, behavioral, clinical, or other research (including research on mental health, including research on the use and effect of alcohol and other psychoactive drugs) to protect the privacy of individuals who are the subject of such research by withholding from all persons not connected with the conduct of such research the names or other identifying characteristics of such individuals. Persons so authorized to protect the privacy of such individuals may not be compelled in any Federal, State, or local civil, criminal, administrative, legislative, or other proceedings to identify such individuals."

Subsec. (f). Pub. L. 114–255, §2013, added subsec. (f).

Subsec. (g). Pub. L. 114–255, §2035, added subsec. (g).

Subsec. (h). Pub. L. 114–255, §2043, redesignated concluding provisions of subsec. (a) as par. (1) of subsec. (h) and added pars. (2) and (3).

2006—Subsec. (e). Pub. L. 109–450 added subsec. (e).

1993—Subsec. (b)(4). Pub. L. 103–43 substituted "a biennial report" for "an annual report" in introductory provisions.

1988—Subsec. (d). Pub. L. 100–607 redesignated concluding provisions of subsec. (a) of section 242a of this title as subsec. (d) of this section, substituted "biomedical, behavioral, clinical, or other research (including research on mental health, including" for "research on mental health, including", and substituted "drugs)" for "drugs,".

1986—Subsec. (a)(3). Pub. L. 99–570 struck out "or, in the case of mental health projects, by the National Advisory Mental Health Council;" after "Department supporting such projects" and struck out "or the National Advisory Mental Health Council" after "appropriate entity of the Department".

Subsec. (c). Pub. L. 99–660 added subsec. (c).

1985—Subsec. (a)(3). Pub. L. 99–158, §3(a)(5)(A), substituted "as are recommended by the advisory council to the entity of the Department supporting such projects or, in the case of mental health projects, by the National Advisory Mental Health Council; and make, upon recommendation of the advisory council to the appropriate entity of the Department or the National Advisory Mental Health Council, grants-in-aid to public or nonprofit universities, hospitals, laboratories, and other institutions for the general support of their research" for "as are recommended by the National Advisory Health Council, or, with respect to cancer, recommended by the National Cancer Advisory Board, or, with respect to mental health, recommended by the National Advisory Mental Health Council, or with respect to heart, blood vessel, lung, and blood diseases and blood resources, recommended by the National Heart, Lung, and Blood Advisory Council, or, with respect to dental diseases and conditions, recommended by the National Advisory Dental Research Council; and include in the grants for any such project grants of penicillin and other antibiotic compounds for use in such project; and make, upon recommendation of the National Advisory Health Council, grants-in-aid to public or nonprofit universities, hospitals, laboratories, and other institutions for the general support of their research: *Provided*, That such uniform percentage, not to exceed 15 per centum, as the Secretary may determine, of the amounts provided for grants for research projects for any fiscal year through the appropriations for the National Institutes of Health may be transferred from such appropriations to a separate account to be available for such research grants-in-aid for such fiscal year".

Subsec. (a)(8). Pub. L. 99–158, §3(a)(5)(B), substituted "recommendations of the advisory councils to the appropriate entities of the Department or, with respect to mental health, the National Advisory Mental Health Council, such additional means as the Secretary considers" for "recommendation of the National Advisory Health Council, or, with respect to cancer, upon recommendation of the National Cancer Advisory Board, or, with respect to mental health, upon recommendation of the National Advisory Mental Health Council, or, with respect to heart, blood vessel, lung, and blood diseases and blood resources, upon recommendation of the

National Heart, Lung and Blood Advisory Council, or, with respect to dental diseases and conditions, upon recommendations of the National Advisory Dental Research Council, such additional means as he deems".

1978—Pub. L. 95–622 designated existing provisions as subsec. (a), redesignated former pars. (a) to (h) as (1) to (8), respectively, substituted "Secretary" for "Surgeon General" wherever appearing, and inserted following par. (8) provisions relating to authority of Secretary to make available to individuals and entities substances and living organisms, and added subsec. (b).

1976—Subsecs. (c), (h). Pub. L. 94–278 substituted "heart, blood vessel, lung, and blood diseases and blood resources" for "heart diseases" and "National Heart, Lung and Blood Advisory Council" for "National Heart and Lung Advisory Council".

1974—Subsec. (c). Pub. L. 93–348, §104(a)(1), redesignated subsec. (d) as (c) and substituted "research projects" for "research or research training projects" in two places, "general support of their research" for "general support of their research and research training programs" and "research grants-in-aid" for "research and research training program grants-in-aid". Former subsec. (c), authorizing Surgeon General to establish and maintain research fellowships in the Public Health Service with such stipends and allowances, including traveling and subsistence expenses, as he may deem necessary to procure the assistance of the most brilliant and promising research fellows from the United States and abroad, was struck out.

Subsec. (d). Pub. L. 93–348, §104(a)(1)(C), redesignated subsec. (e) as (d).

Pub. L. 93–282 substituted "mental health, including research on the use and effect of alcohol and other psychoactive drugs" for "the use and effect of drugs" in former concluding provisions of section 242a(a) of this title. See 1988 Amendment note above.

Subsecs. (e), (f). Pub. L. 93–348, §104(a)(1)(C), redesignated subsecs. (f) and (g) as (e) and (f), respectively. Former subsec. (e) redesignated (d).

Subsec. (g). Pub. L. 93–352 struck out "during the fiscal year ending June 30, 1966, and each of the eight succeeding fiscal years" after "Enter into contracts". Notwithstanding directory language that amendment be made to subsec. (h), the amendment was executed to subsec. (g) to reflect the probable intent of Congress and the intervening redesignation of subsec. (h) as (g) by Pub. L. 93–348.

Pub. L. 93–348, §104(a)(1)(C), redesignated subsec. (h) as (g). Former subsec. (g) redesignated (f).

Subsecs. (h), (i). Pub. L. 93–348, §104(a)(1)(C), redesignated subsecs. (h) and (i) as (g) and (h), respectively.

1972—Subsecs. (d), (i). Pub. L. 92–423 substituted "National Heart and Lung Advisory Council" for "National Advisory Heart Council".

1971—Subsecs. (d), (i). Pub. L. 92–218 substituted "National Cancer Advisory Board" for "National Advisory Cancer Council".

1970—Subsec. (d). Pub. L. 91–513 added subsec. (d). See 1988 Amendment note above.

Subsec. (h). Pub. L. 91–515 substituted "eight" for "five" succeeding fiscal years.

1967—Subsec. (h). Pub. L. 90–174 substituted "five" for "two" succeeding fiscal years.

1965—Subsecs. (h), (i). Pub. L. 89–115 added subsec. (h) and redesignated former subsec. (h) as (i).

1962—Subsec. (d). Pub. L. 87–838 inserted "or research training" in two places.

1960—Subsec. (d). Pub. L. 86–798 authorized the Surgeon General, upon recommendation of the National Advisory Health Council, to make grants to public or non-profit universities, hospitals, laboratories, and other institutions to support research and research training programs, and to make available for such research and research training programs, up to 15 per centum of amounts provided for research grants through the appropriations for the National Institutes of Health.

1956—Subsecs. (g), (h). Act July 3, 1956, added subsec. (g) and redesignated former subsec. (g) as (h).

1948—Subsec. (d). Acts June 16, 1948, §4(e), and June 24, 1948, §4(e), made provisions applicable to the National Advisory Heart Council and the National Advisory Dental Research Council, respectively.

Subsec. (d). Act June 25, 1948, continued in basic legislation the authority to purchase penicillin and other antibiotic compounds for use in research projects.

Subsec. (g). Acts June 16, 1948, §4(f), and June 24, 1948, §4(f), made provisions applicable to the National Advisory Heart Council and the National Advisory Dental Research Council, respectively.

1946—Subsec. (d). Act July 3, 1946, made the National Advisory Mental Health Council the body to make recommendations to the Surgeon General on awarding of grants-in-aid for research projects with respect to mental health.

Subsec. (g). Act July 3, 1946, gave National Advisory Health Council the right to make recommendations to carry out purposes of this section.

CHANGE OF NAME

"Secretary of Health and Human Services" substituted for "Secretary of Health, Education, and Welfare" in subsec. (a)(7), and "Department of Health and Human Services" substituted for "Department of Health, Education, and Welfare" in subsec. (b)(1), (3), and (4)(D)(I), (II), pursuant to section 509(b) of Pub. L. 96–88, which is classified to section 3508(b) of Title 20, Education.

EFFECTIVE DATE OF 1978 AMENDMENT

Sections 261 and 262 of Pub. L. 95–622 provided that the amendments made by those sections are effective Oct. 1, 1978.

EFFECTIVE DATE OF 1974 AMENDMENT

Section 104(b) of Pub. L. 93–348 provided that: "The amendments made by subsection (a) [amending this section and sections 242a, 282, 286a, 286b, 287a, 287b, 287d, 288a, 289c, 289c–1, 289g, 289k, and heading preceding section 289l of this title] shall not apply with respect to commitments made before the date of the enactment of this Act [July 12, 1974] by the Secretary of Health, Education, and Welfare for research training under the provisions of the Public Health Service Act amended or repealed by subsection (a)."

EFFECTIVE DATE OF 1972 AMENDMENT

Amendment by Pub. L. 92–423 effective 60 days after Sept. 19, 1972, or on such prior date after Sept. 19, 1972, as the President shall prescribe and publish in the Federal Register, see section 9 of Pub. L. 92–423, set out as a note under section 218 of this title.

EFFECTIVE DATE OF 1971 AMENDMENT

Amendment by Pub. L. 92–218 effective 60 days after Dec. 23, 1971, or on such prior date after Dec. 23, 1971, as the President shall prescribe and publish in the Federal Register, see section 7 of Pub. L. 92–218, set out as a note under section 218 of this title.

APPLICABILITY OF 2016 AMENDMENT

Pub. L. 114–255, div. A, title II, §2012(b), Dec. 13, 2016, 130 Stat. 1050, provided that: "Beginning 180 days after the date of enactment of this Act [Dec. 13, 2016], all persons engaged in research and authorized by the Secretary of Health and Human Services to protect information under section 301(d) of the Public Health Service Act (42 U.S.C. 241(d)) prior to the date of enactment of this Act shall be subject to the requirements of such section (as amended by this Act)."

PROHIBITION AGAINST REINSTATING INTERDISCIPLINARY REVIEW PROCESS FOR NON-NIH-FUNDED RESEARCHERS

Pub. L. 117–215, title I, §106, Dec. 2, 2022, 136 Stat. 2264, provided that: "The Secretary of Health and Human Services may not—

"(1) reinstate the Public Health Service interdisciplinary review process described in the guidance entitled 'Guidance on Procedures for the Provision of Marijuana for Medical Research' (issued on May 21, 1999); or

"(2) require another review of scientific protocols that is applicable only to research on marijuana or its components."

[For definition of "marijuana" as used in section 106 of Pub. L. 117–215, set out above, see section 2(a) of Pub. L. 117–215, set out as a note under section 801 of Title 21, Food and Drugs.]

DIRECTOR OF ADVANCED RESEARCH PROJECTS FOR HEALTH

Pub. L. 117–328, div. H, title II, Dec. 29, 2022, 136 Stat. 4878, provided in part: "That the President shall appoint in the Department of Health and Human Services a director of advanced research projects for health (Director): *Provided further*, That funds may be used to make or rescind appointments of scientific, medical, and professional personnel without regard to any provision in title 5 governing appointments under the civil service laws: *Provided further*, That funds may be used to fix the compensation of such personnel at a rate to be determined by the Director, up to the amount of annual compensation (excluding expenses) specified in section 102 of title 3, United States Code: *Provided further*, That the Director may use funds made available under this heading to make awards in the form of grants, contracts, cooperative agreements, and cash prizes, and enter into other transactions (as defined in section 319L(a)(3) [42 U.S.C. 247d–7e(a)(3)] of the PHS [Public Health Service] Act): *Provided further*, That activities supported with funds provided under this heading shall not be subject to the requirements of sections 406(a)(3)(A)(ii) or 492 [42 U.S.C. 284a(a)(3)(A)(ii), 289a] of the PHS [Public Health Service] Act: *Provided further*, That the Secretary [of

Health and Human Services] may transfer the Advanced Research Projects Agency for Health, including the functions, personnel, missions, activities, authorities, and funds, within 30 days of enactment of this Act [Dec. 29, 2022] to any agency or office of the Department of Health and Human Services, including the National Institutes of Health: *Provided further*, That the Committees on Appropriations of the House of Representatives and the Senate shall be notified at least 15 days in advance of any transfer pursuant to the preceding proviso."

[For transfer of all functions, personnel, missions, activities, authorities, and funds of the Advanced Research Projects Agency for Health to the Advanced Research Projects Agency–Health within the National Institutes of Health, see section 290c of this title.]

Similar provisions were contained in the following prior appropriation act:
Pub. L. 117–103, div. H, title II, Mar. 15, 2022, 136 Stat. 465.

COORDINATION OF DATA SURVEYS AND REPORTS

Pub. L. 106–113, div. B, §1000(a)(6) [title VII, §703(e)], Nov. 29, 1999, 113 Stat. 1536, 1501A–402, provided that: "The Secretary of Health and Human Services, through the Assistant Secretary for Planning and Evaluation, shall establish a clearinghouse for the consolidation and coordination of all Federal databases and reports regarding children's health."

FEMALE GENITAL MUTILATION

Pub. L. 104–134, title I, §101(d) [title V, §520], Apr. 26, 1996, 110 Stat. 1321–211, 1321–250; renumbered title I, Pub. L. 104–140, §1(a), May 2, 1996, 110 Stat. 1327, provided that:

"(a) Congress finds that—

"(1) the practice of female genital mutilation is carried out by members of certain cultural and religious groups within the United States; and

"(2) the practice of female genital mutilation often results in the occurrence of physical and psychological health effects that harm the women involved.

"(b) The Secretary of Health and Human Services shall do the following:

"(1) Compile data on the number of females living in the United States who have been subjected to female genital mutilation (whether in the United States or in their countries of origin), including a specification of the number of girls under the age of 18 who have been subjected to such mutilation.

"(2) Identify communities in the United States that practice female genital mutilation, and design and carry out outreach activities to educate individuals in the communities on the physical and psychological health effects of such practice. Such outreach activities shall be designed and implemented in collaboration with representatives of the ethnic groups practicing such mutilation and with representatives of organizations with expertise in preventing such practice.

"(3) Develop recommendations for the education of students of schools of medicine and osteopathic medicine regarding female genital mutilation and complications arising from such mutilation. Such recommendations shall be disseminated to such schools.

"(c) For purposes of this section the term 'female genital mutilation' means the removal or infibulation (or both) of the whole or part of the clitoris, the labia minor, or the labia major.

"(d) The Secretary of Health and Human Services shall commence carrying out this section not later than 90 days after the date of enactment of this Act [Apr. 26, 1996]."

SENTINEL DISEASE CONCEPT STUDY

Pub. L. 103–43, title XIX, §1910, June 10, 1993, 107 Stat. 205, directed Secretary of Health and Human Services, in cooperation with Agency for Toxic Substances and Disease Registry and Centers for Disease Control and Prevention, to design and implement a pilot sentinel disease surveillance system for identifying relationship between occupation of household members and incidence of subsequent conditions or diseases in other members of household, and required Director of the National Institutes of Health to prepare and submit to Congress, not later than 4 years after June 10, 1993, a report concerning this project.

STUDY OF THYROID MORBIDITY FOR HANFORD, WASHINGTON

Pub. L. 100–607, title I, §161, Nov. 4, 1988, 102 Stat. 3059, as amended by Pub. L. 102–531, title III, §312(e)(1), Oct. 27, 1992, 106 Stat. 3506, directed Secretary of Health and Human Services, acting through Director of Centers for Disease Control and Prevention, to conduct a study of thyroid morbidity of the population, including Indian tribes and tribal organizations, in vicinity of Hanford, in State of Washington, authorized Director to contract out portions of study, and required Director, not later than 42 months after Nov. 4, 1988, to transmit a report, including such study, to Congress, chief executive officers of States of Oregon and Washington, and governing officials of Indian tribes in vicinity of Hanford, Washington.

NATIONAL COMMISSION ON SLEEP DISORDERS RESEARCH

Pub. L. 100–607, title I, §162, Nov. 4, 1988, 102 Stat. 3060, directed Secretary of Health and Human Services, after consultation with Director of National Institutes of Health, to establish a National Commission on Sleep Disorders Research to conduct a comprehensive study of present state of knowledge of incidence, prevalence, morbidity, and mortality resulting from sleep disorders, and of social and economic impact of such disorders, evaluate public and private facilities and resources (including trained personnel and research activities) available for diagnosis, prevention, and treatment of, and research into, such disorders, and identify programs (including biological, physiological, behavioral, environmental, and social programs) by which improvement in management and research into sleep disorders could be accomplished and, not later than 18 months after initial meeting of Commission, to submit to appropriate Committees of Congress a final report, and provided for termination of the Commission 30 days after submission of final report.

RESEARCH WITH RESPECT TO HEALTH RESOURCES AND SERVICES ADMINISTRATION

Pub. L. 100–607, title VI, §632, Nov. 4, 1988, 102 Stat. 3147, provided that with respect to any program of research pursuant to this chapter, any such program carried out in fiscal year 1987 by an agency other than Health Resources and Services Administration (or appropriate to be carried out by such an agency) could not, for each of fiscal years 1989 through 1991, be carried out by such Administration.

CONTINUING CARE FOR PSYCHIATRIC PATIENTS IN FORMER CLINICAL RESEARCH CENTER AT NATIONAL INSTITUTE ON DRUG ABUSE

Pub. L. 99–117, §10, Oct. 7, 1985, 99 Stat. 494, provided that: "In any fiscal year beginning after September 30, 1981, from funds appropriated for carrying out section 301 of the Public Health Service Act [42 U.S.C. 241] with respect to mental health, the Secretary of Health and Human Services may provide, by contract or otherwise, for the continuing care of psychiatric patients who were under active and continuous treatment at the National Institute on Drug Abuse Clinical Research Center on the date such Clinical Research Center ceased operations."

ANALYSIS OF THYROID CANCER; CREATION AND PUBLICATION OF RADIOEPIDEMIOLOGICAL TABLES

Pub. L. 97–414, §7, Jan. 4, 1983, 96 Stat. 2059, as amended by Pub. L. 109–482, title I, §104(b)(3)(A), Jan. 15, 2007, 120 Stat. 3694, provided that:

"(a) In carrying out section 301 of the Public Health Service Act [42 U.S.C. 241], the Secretary of Health and Human Services shall—

"(1) conduct scientific research and prepare analyses necessary to develop valid and credible assessments of the risks of thyroid cancer that are associated with thyroid doses of Iodine 131;

"(2) conduct scientific research and prepare analyses necessary to develop valid and credible methods to estimate the thyroid doses of Iodine 131 that are received by individuals from nuclear bomb fallout; and

"(3) conduct scientific research and prepare analyses necessary to develop valid and credible assessments of the exposure to Iodine 131 that the American people received from the Nevada atmospheric nuclear bomb tests.

"(b)(1) Within one year after the date of enactment of this Act [Jan. 4, 1983], the Secretary of Health and Human Services shall devise and publish radioepidemiological tables that estimate the likelihood that persons who have or have had any of the radiation related cancers and who have received specific doses prior to the onset of such disease developed cancer as a result of these doses. These tables shall show a probability of causation of developing each radiation related cancer associated with receipt of doses ranging from 1 millirad to 1,000 rads in terms of sex, age at time of exposure, time from exposure to the onset of the cancer in question, and such other categories as the Secretary, after consulting with appropriate scientific experts, determines to be relevant. Each probability of causation shall be calculated and displayed as a single percentage figure.

"(2) At the time the Secretary of Health and Human Services publishes the tables pursuant to paragraph (1), such Secretary shall also publish—

"(A) for the tables of each radiation related cancer, an evaluation which will assess the credibility, validity, and degree of certainty associated with such tables; and

"(B) a compilation of the formulas that yielded the probabilities of causation listed in such tables. Such formulas shall be published in such a manner and together with information necessary to determine the probability of causation of any individual who has or has had a radiation related cancer and has received any given dose.

"(3) The tables specified in paragraph (1) and the formulas specified in paragraph (2) shall be devised from

the best available data that are most applicable to the United States, and shall be devised in accordance with the best available scientific procedures and expertise."

TERMINATION OF ADVISORY COMMITTEES

Pub. L. 93-641, §6, Jan. 4, 1975, 88 Stat. 2275, set out as a note under section 217a of this title, provided that an advisory committee established pursuant to the Public Health Service Act shall terminate at such time as may be specifically prescribed by an Act of Congress enacted after Jan. 4, 1975.

EXECUTIVE DOCUMENTS

EXECUTIVE ORDER NO. 13435

Ex. Ord. No. 13435, June 20, 2007, 72 F.R. 34591, which directed research with stem cells not derived from the creation or destruction of a human embryo or fetus, was revoked by Ex. Ord. No. 13505, §5(b), Mar. 9, 2009, 74 F.R. 10668, set out below.

EX. ORD. NO. 13505. REMOVING BARRIERS TO RESPONSIBLE SCIENTIFIC RESEARCH INVOLVING HUMAN STEM CELLS

Ex. Ord. No. 13505, Mar. 9, 2009, 74 F.R. 10667, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. *Policy.* Research involving human embryonic stem cells and human non-embryonic stem cells has the potential to lead to better understanding and treatment of many disabling diseases and conditions. Advances over the past decade in this promising scientific field have been encouraging, leading to broad agreement in the scientific community that the research should be supported by Federal funds.

For the past 8 years, the authority of the Department of Health and Human Services, including the National Institutes of Health (NIH), to fund and conduct human embryonic stem cell research has been limited by Presidential actions. The purpose of this order is to remove these limitations on scientific inquiry, to expand NIH support for the exploration of human stem cell research, and in so doing to enhance the contribution of America's scientists to important new discoveries and new therapies for the benefit of humankind.

SEC. 2. *Research.* The Secretary of Health and Human Services (Secretary), through the Director of NIH, may support and conduct responsible, scientifically worthy human stem cell research, including human embryonic stem cell research, to the extent permitted by law.

SEC. 3. *Guidance.* Within 120 days from the date of this order, the Secretary, through the Director of NIH, shall review existing NIH guidance and other widely recognized guidelines on human stem cell research, including provisions establishing appropriate safeguards, and issue new NIH guidance on such research that is consistent with this order. The Secretary, through NIH, shall review and update such guidance periodically, as appropriate.

SEC. 4. *General Provisions.* (a) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(b) Nothing in this order shall be construed to impair or otherwise affect:

- (i) authority granted by law to an executive department, agency, or the head thereof; or
- (ii) functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity, by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

SEC. 5. *Revocations.* (a) The Presidential statement of August 9, 2001, limiting Federal funding for research involving human embryonic stem cells, shall have no further effect as a statement of governmental policy.

(b) Executive Order 13435 of June 20, 2007, which supplements the August 9, 2001, statement on human embryonic stem cell research, is revoked.

BARACK OBAMA.

GUIDELINES FOR HUMAN STEM CELL RESEARCH

Memorandum of President of the United States, July 30, 2009, 74 F.R. 38885, provided:

Memorandum for the Heads of Executive Departments and Agencies

As outlined in Executive Order 13505 of March 9, 2009, my Administration is committed to supporting and conducting ethically responsible, scientifically worthy human stem cell research, including human embryonic

stem cell research, to the extent permitted by law. Pursuant to that order, the National Institutes of Health (NIH) published final "National Institutes of Health Guidelines for Human Stem Cell Research" (Guidelines), effective July 7, 2009. These Guidelines apply to the expenditure of NIH funds for research using human embryonic stem cells and certain uses of human induced pluripotent stem cells. The Guidelines are based on the principles that responsible research with human embryonic stem cells has the potential to improve our understanding of human biology and aid in the discovery of new ways to prevent and treat illness, and that individuals donating embryos for research purposes should do so freely, with voluntary and informed consent. These Guidelines will ensure that NIH-funded research adheres to the highest ethical standards.

In order to ensure that all federally funded human stem cell research is conducted according to these same principles and to promote a uniform Federal policy across the executive branch, I hereby direct the heads of executive departments and agencies that support and conduct stem cell research to adopt these Guidelines, to the fullest extent practicable in light of legal authorities and obligations. I also direct those departments and agencies to submit to the Director of the Office of Management and Budget (OMB), within 90 days, proposed additions or revisions to any other guidance, policies, or procedures related to human stem cell research, consistent with Executive Order 13505 and this memorandum. The Director of the OMB shall, in coordination with the Director of NIH, review these proposals to ensure consistent implementation of Executive Order 13505 and this memorandum.

This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person. Executive departments and agencies shall carry out the provisions of this memorandum to the extent permitted by law and consistent with their statutory and regulatory authorities and their enforcement mechanisms.

The Director of the OMB is hereby authorized and directed to publish this memorandum in the Federal Register.

BARACK OBAMA.

ENGAGING IN PUBLIC HEALTH RESEARCH ON THE CAUSES AND PREVENTION OF GUN VIOLENCE

Memorandum of President of the United States, Jan. 16, 2013, 78 F.R. 4295, provided that:
Memorandum for the Secretary of Health and Human Services

In addition to being a law enforcement challenge, gun violence is also a serious public health issue that affects thousands of individuals, families, and communities across the Nation. Each year in the United States there are approximately 30,000 firearm-related deaths, and approximately 11,000 of those deaths result from homicides. Addressing this critical issue requires a comprehensive, multifaceted approach.

Recent research suggests that, in developing such an approach, a broader public health perspective is imperative. Significant strides can be made by assessing the causes of gun violence and the successful efforts in place for preventing the misuse of firearms. Taking these steps will improve our understanding of the gun violence epidemic and will aid in the continued development of gun violence prevention strategies.

Therefore, by the authority vested in me as President by the Constitution and the laws of the United States of America, I hereby direct the following:

SECTION 1. *Research.* The Secretary of Health and Human Services (Secretary), through the Director of the Centers for Disease Control and Prevention and other scientific agencies within the Department of Health and Human Services, shall conduct or sponsor research into the causes of gun violence and the ways to prevent it. The Secretary shall begin by identifying the most pressing research questions with the greatest potential public health impact, and by assessing existing public health interventions being implemented across the Nation to prevent gun violence.

SEC. 2. *General Provisions.* (a) Nothing in this memorandum shall be construed to impair or otherwise affect:

- (i) the authority granted by law to an executive department or agency, or the head thereof; or
- (ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This memorandum shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

SEC. 3. *Publication.* You are hereby authorized and directed to publish this memorandum in the Federal Register.

§242. Studies and investigations on use and misuse of narcotic drugs and other drugs; annual report to Attorney General; cooperation with States

(a) In carrying out the purposes of section 241 of this title with respect to drugs the use or misuse of which might result in drug abuse or dependency, the studies and investigations authorized therein shall include the use and misuse of narcotic drugs and other drugs. Such studies and investigations shall further include the quantities of crude opium, coca leaves, and their salts, derivatives, and preparations, and other drugs subject to control under the Controlled Substances Act [21 U.S.C. 801 et seq.] and Controlled Substances Import and Export Act [21 U.S.C. 951 et seq.], together with reserves thereof, necessary to supply the normal and emergency medicinal and scientific requirements of the United States. The results of studies and investigations of the quantities of narcotic drugs or other drugs subject to control under such Acts, together with reserves of such drugs, that are necessary to supply the normal and emergency medicinal and scientific requirements of the United States, shall be reported not later than the first day of April of each year to the Attorney General, to be used at his discretion in determining manufacturing quotas or importation requirements under such Acts.

(b) The Surgeon General shall cooperate with States for the purpose of aiding them to solve their narcotic drug problems and shall give authorized representatives of the States the benefit of his experience in the care, treatment, and rehabilitation of narcotic addicts to the end that each State may be encouraged to provide adequate facilities and methods for the care and treatment of its narcotic addicts.

(July 1, 1944, ch. 373, title III, §302, 58 Stat. 692; Pub. L. 91–513, title II, §701(j), Oct. 27, 1970, 84 Stat. 1282.)

§242b. General authority respecting research, evaluations, and demonstrations in health statistics, health services, and health care technology

(a) Scope of activities

The Secretary may, through the Agency for Healthcare Research and Quality or the National Center for Health Statistics, or using Ruth L. Kirschstein National Research Service Awards or other appropriate authorities, undertake and support training programs to provide for an expanded and continuing supply of individuals qualified to perform the research, evaluation, and demonstration projects set forth in section 242k of this title and in subchapter VII.

(b) Additional authority; scope of activities

To implement subsection (a) and section 242k of this title, the Secretary may, in addition to any other authority which under other provisions of this chapter or any other law may be used by him to

implement such subsection, do the following:

(1) Utilize personnel and equipment, facilities, and other physical resources of the Department of Health and Human Services, permit appropriate (as determined by the Secretary) entities and individuals to utilize the physical resources of such Department, provide technical assistance and advice, make grants to public and nonprofit private entities and individuals, and, when appropriate, enter into contracts with public and private entities and individuals.

(2) Admit and treat at hospitals and other facilities of the Service persons not otherwise eligible for admission and treatment at such facilities.

(3) Secure, from time to time and for such periods as the Secretary deems advisable but in accordance with section 3109 of title 5, the assistance and advice of consultants from the United States or abroad. The Secretary may for the purpose of carrying out the functions set forth in sections 242c, ¹ 242k, and 242n ¹ of this title, obtain (in accordance with section 3109 of title 5, but without regard to the limitation in such section on the number of days or the period of service) for each of the centers the services of not more than fifteen experts who have appropriate scientific or professional qualifications.

(4) Acquire, construct, improve, repair, operate, and maintain laboratory, research, and other necessary facilities and equipment, and such other real or personal property (including patents) as the Secretary deems necessary; and acquire, without regard to section 8141 of title 40, by lease or otherwise, through the Administrator of General Services, buildings or parts of buildings in the District of Columbia or communities located adjacent to the District of Columbia.

(c) Coordination of activities through units of Department

(1) The Secretary shall coordinate all health services research, evaluations, and demonstrations, all health statistical and epidemiological activities, and all research, evaluations, and demonstrations respecting the assessment of health care technology undertaken and supported through units of the Department of Health and Human Services. To the maximum extent feasible such coordination shall be carried out through the Agency for Healthcare Research and Quality and the National Center for Health Statistics.

(2) The Secretary shall coordinate the health services research, evaluations, and demonstrations, the health statistical and (where appropriate) epidemiological activities, and the research, evaluations, and demonstrations respecting the assessment of health care technology authorized by this chapter through the Agency for Healthcare Research and Quality and the National Center for Health Statistics.

(July 1, 1944, ch. 373, title III, §304, as added July 28, 1955, ch. 417, §3, 69 Stat. 382; amended Aug. 2, 1956, ch. 871, title V, §502, 70 Stat. 930; Pub. Subsec. (d). Pub. L. 96–32, §5(c), substituted "(d)" for "(e)" as designation of subsection added by Pub. L. 95–623, §7, thereby correcting the subsection designation.

1978—Subsec. (a)(1). Pub. L. 95–623, §3(a), substituted provision for the Secretary acting through the National Center for Health Care Technology for such action through other units of the Department of Health, Education, and Welfare and "conduct" for "undertake", included epidemiological activities, and declared as an objective the improvement of the effectiveness, efficiency, and quality of Federal health services.

Subsec. (a)(2). Pub. L. 95–623, §3(a), provided for emphasis to demonstrations, evaluations, and epidemiological activities; redesignated as subpar. (A) former subpar. (C); struck out "technology" and "quality" after "organization," and "utilization," respectively, and end clause "including systems for the delivery of preventive, personal, and mental health care" and former subpar. (A) activities respecting "the determination of an individual's health"; added subpars. (B) through (D); struck out former subpar. (D) activities respecting "individual and community knowledge of individual health and the systems for the delivery of health care"; added subpars. (E) through (I); and redesignated as subpar. (J) former subpar. (B).

Subsec. (a)(3). Pub. L. 95–623, §3(a), added par. (3).

Subsec. (b)(1). Pub. L. 95–623, §3(b), as amended by Pub. L. 96–32, §5(a), substituted ", when appropriate,

enter into contracts with public and private entities and individuals" for "enter into contracts with public and private entities and individuals, for (A) health services research, evaluation, and demonstrations, and (B) health services research and health statistics training, and (C) health statistical activities".

Subsec. (b)(3). Pub. L. 95-623, §3(d), as amended by Pub. L. 96-32, §5(b), substituted "advisable but in accordance with section 3109 of title 5" for "advisable", struck out "experts and" before "consultants", and authorized the Secretary to obtain for the centers the services of experts with appropriate scientific or professional qualifications.

Subsec. (c). Pub. L. 95-623, §3(c), designated existing text as par. (1), substituted "evaluations, and demonstrations, all health statistical and epidemiological activities, and all research, evaluations, and demonstrations respecting the assessment of health care technology" for "evaluation, demonstration, and health statistical activities" before "undertaken and supported", required coordination of activities to also be carried out through the National Center for Health Care Technology, and added par. (2).

Subsec. (d). Pub. L. 95-623, §7, as amended by Pub. L. 96-32, §5(c), added subsec. (d).

1974—Pub. L. 93-353, in revising generally provisions of subsecs. (a) to (c), provided for general authority respecting health statistics and health services research, evaluation, and demonstrations, subsec. (a) relating to scope of activities, subsec. (b) relating to additional authority and scope of activities, and subsec. (c) relating to coordination of activities through units of the Department. Former provisions related to research and demonstrations relating to health facilities and services, subsec. (a) relating to grants and contracts for projects for research, experiments, or demonstrations and related training, cost limitation, wage rates, labor standards, and other conditions, and payments (former subsec. (a)(2) and (3) now being covered by section 242m(h) and (e), respectively), subsec. (b) relating to systems analysis of national health care plans, and cost and coverage report on existing legislative proposals, and subsec. (c) relating to authorization of appropriations.

1973—Subsec. (c)(1). Pub. L. 93-45 authorized appropriations of \$42,617,000 for fiscal year ending June 30, 1974.

1970—Subsec. (a)(1). Pub. L. 91-515, §§201(a)(1), 203, redesignated subsec. (a) as (a)(1), substituted "(A)" and "(B)" for "(1)" and "(2)", and "(i) to (iii)" for "(A) to (C)", and added cls. (iv) and (v).

Subsec. (a)(2). Pub. L. 91-515, §201(a)(2), redesignated subsec. (b) as (a)(2), and substituted "subsection" for "section" wherever appearing.

Subsec. (a)(3). Pub. L. 91-515, §§201(a)(3), 202, redesignated subsec. (c) as (a)(3)(A), substituted "subsection" for "section" wherever appearing, and added subsec. (a)(3)(B).

Subsec. (b). Pub. L. 91-515, §201(a)(2)(A), (b), added subsec. (b). Former subsec. (b) redesignated (a)(2).

Subsecs. (c), (d). Pub. L. 91-515, §§201(a)(3)(A), (c), 202(1), redesignated subsec. (d) as (c), and substituted provisions authorizing appropriations for the fiscal years ending June 30, 1971, June 30, 1972, and June 30, 1973, and authorizing to be appropriated such additional sums for each fiscal year as may be necessary to carry out the provisions of subsec. (b), for provisions authorizing appropriations of \$20,000,000 for the fiscal year ending June 30, 1968, \$40,000,000 for the fiscal year ending June 30, 1969, and \$60,000,000 for the fiscal year ending June 30, 1970. Former subsec. (c) redesignated (a)(3)(A).

Pub. L. 91-296 struck out provisions authorizing use of appropriated funds for evaluation of program authorized by this section. See section 229b of this title.

1967—Pub. L. 90-174 substituted provisions of subsecs. (a) to (d) for research and demonstrations relating to health facilities (incorporated from former section 291n of this title) for provisions of former subsecs. (a) to (d) for mental health study including grants for special projects, conditions thereof, and definition of "organization", authorization of appropriations, terms of grant, availability of amounts otherwise appropriated and noninterference with research and study programs of the National Institute of Mental Health, and acceptance of additional financial support.

1956—Act Aug. 2, 1956, changed heading of section 304 of act July 1, 1944 from "Grants for special projects in mental health" to "Mental health study grants". Section heading has been changed for purposes of codification.

§242c. Appointment and authority of the Director of the Centers for Disease Control and Prevention

(a) In general

The Centers for Disease Control and Prevention (referred to in this section as the "CDC") shall be headed by the Director of the Centers for Disease Control and Prevention (referred to in this section as the "Director"), who shall be appointed by the President, by and with the advice and consent of the Senate. Such individual shall also serve as the Administrator of the Agency for Toxic Substances and Disease Registry consistent with section 9604(i) of this title. The Director shall perform functions provided for in subsection (b) and such other functions as the Secretary may prescribe.

(b) Functions

The Secretary, acting through the Director, shall—

(1) implement and exercise applicable authorities and responsibilities provided for in this chapter or other applicable law related to the investigation, detection, identification, prevention, or control of diseases or conditions to preserve and improve public health domestically and globally and address injuries and occupational and environmental hazards, as appropriate;

(2) be responsible for the overall direction of the CDC and for the establishment and implementation of policies related to the management and operation of programs and activities within the CDC;

(3) coordinate and oversee the operation of centers, institutes, and offices within the CDC;

(4) support, in consultation with the heads of such centers, institutes, and offices, program coordination across such centers, institutes, and offices, including through priority setting reviews and the development of strategic plans, to reduce unnecessary duplication and encourage collaboration between programs;

(5) oversee the development, implementation, and updating of the strategic plan established pursuant to subsection (c);

(6) ensure that appropriate strategic planning, including the use of performance metrics, is conducted by such centers, institutes, and offices to facilitate and improve CDC programs and activities;

(7) communicate, including through convening annual meetings, with public and private entities regarding relevant public health programs and activities, and, as applicable, the strategic plan established pursuant to subsection (c).

(c) Strategic plan

(1) In general

Not later than 1 year after December 29, 2022, and at least every 4 years thereafter, the Director shall develop and submit to the Committee on Health, Education, Labor, and Pensions and the Committee on Appropriations of the Senate and the Committee on Energy and Commerce and the Committee on Appropriations of the House of Representatives, and post on the website of the CDC, a coordinated strategy to provide strategic direction and facilitate collaboration across the centers, institutes, and offices within the CDC. Such strategy shall be known as the "CDC Strategic Plan".

(2) Requirements

The CDC Strategic Plan shall—

(A) identify strategic priorities and objectives related to—

- (i) preventing, reducing, and eliminating the spread of communicable and noncommunicable diseases or conditions, and addressing injuries, and occupational and environmental hazards;
- (ii) supporting the efforts of State, local, and Tribal health departments to prevent and reduce the prevalence of the diseases or conditions under clause (i);
- (iii) containing, mitigating, and ending disease outbreaks;
- (iv) enhancing global and domestic public health capacity, capabilities, and preparedness, including public health data, surveillance, workforce, and laboratory capacity and safety; and
- (v) other priorities, as established by the Director;

(B) describe the capacity and capabilities necessary to achieve the priorities and objectives under subparagraph (A), and progress towards achieving such capacity and capabilities, as appropriate; and

(C) include a description of how the CDC Strategic Plan incorporates—

- (i) strategic communications;
- (ii) partnerships with private sector entities, and State, local, and Tribal health departments, and other public sector entities, as appropriate; and
- (iii) coordination with other agencies and offices of the Department of Health and Human Services and other Federal departments and agencies, as appropriate.

(3) Use of plans

Strategic plans developed and updated by the centers, institutes, and offices of the CDC shall be prepared regularly and in such a manner that such plans will be informed by the CDC Strategic Plan developed and updated under this subsection.

(d) Appearances before Congress

(1) In general

Each fiscal year, the Director shall appear before the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives at hearings on topics such as—

- (A) support for State, local, and Tribal public health preparedness and responses to any recent or ongoing public health emergency, including—
 - (i) any objectives, activities, or initiatives that have been carried out, or are planned, by the Director to prepare for, or respond to, the public health emergency, including relevant strategic communications or partnerships and any gaps or challenges identified in such objectives, activities, or initiatives;
 - (ii) any objectives and planned activities for the upcoming fiscal year to address gaps in, or otherwise improve, State, local, and Tribal public health preparedness; and
 - (iii) other potential all-hazard threats that the Director is preparing to address;

(B) activities related to public health and functions of the Director described in subsection (b); and

(C) updates on other relevant activities supported or conducted by the CDC, or in collaboration or coordination with the heads of other Federal departments, agencies, or stakeholders, as appropriate.

(2) Clarifications

(A) Waiver authority

The Chair of the Committee on Health, Education, Labor, and Pensions of the Senate or the Chair of the Committee on Energy and Commerce of the House of Representatives may waive the requirements of paragraph (1) for the applicable fiscal year with respect to the applicable Committee.

(B) Scope of requirements

The requirements of this subsection shall not be construed to impact the appearance of other Federal officials or the Director at hearings of either Committee described in paragraph (1) at other times and for purposes other than the times and purposes described in paragraph (1).

(3) Closed hearings

Information that is not appropriate for disclosure during an open hearing under paragraph (1) in order to protect national security may instead be discussed in a closed hearing that immediately follows the open hearing.

(e) Other transactions

(1) In general

In carrying out activities of the Centers for Disease Control and Prevention, the Director may enter into transactions other than a contract, grant, or cooperative agreement for purposes of infectious disease research, biosurveillance, infectious disease modeling, and public health preparedness and response.

(2) Written determination

With respect to a project that is expected to cost the Centers for Disease Control and Prevention more than \$40,000,000, the Director may exercise the authority under paragraph (1) only upon a written determination by the Assistant Secretary for Financial Resources of the Department of Health and Human Services, that the use of such authority is essential to promoting the success of the project. The authority of the Assistant Secretary for Financial Resources under this paragraph may not be delegated.

(3) Guidelines

The Director, in consultation with the Secretary, shall establish guidelines regarding the use of the authority under paragraph (1). Such guidelines shall include auditing requirements.

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE

Pub. L. 117–328, div. FF, title II, §2101(b), Dec. 29, 2022, 136 Stat. 5709, provided that: "The first sentence of section 305(a) of the Public Health Service Act [42 U.S.C. 242c(a)], as added by subsection (a), shall take effect on January 20, 2025."

§242c–1. Advisory committee to the Director

(a) In general

Not later than 60 days after December 29, 2022, the Secretary, acting through the Director of the Centers for Disease Control and Prevention (referred to in this section as the "Director"), shall maintain or establish an advisory committee within the Centers for Disease Control and Prevention to advise the Director on policy and strategies that enable the agency to fulfill its mission.

(b) Functions and activities

The Advisory Committee may—

- (1) make recommendations to the Director regarding ways to prioritize the activities of the agency in alignment with the CDC Strategic Plan required under section 242c(c) of this title;
- (2) advise on ways to achieve or improve performance metrics in relation to the CDC Strategic Plan, and other relevant metrics, as appropriate;
- (3) provide advice and recommendations on the development of the CDC Strategic Plan, and any subsequent updates, as appropriate;
- (4) advise on grants, cooperative agreements, contracts, or other transactions, as applicable;
- (5) provide other advice to the Director, as requested, to fulfill duties under sections 241 and 243 of this title; and
- (6) appoint subcommittees.

(c) Membership

(1) In general

The Advisory Committee shall consist of not more than 15 non-Federal members, including the Chair, to be appointed by the Secretary under paragraph (3).

(2) Ex officio members

Any ex officio members of the Advisory Council ¹ may consist of—

- (A) the Secretary;
- (B) the Assistant Secretary for Health;
- (C) the Director; and
- (D) such additional officers or employees of the United States as the Secretary determines necessary for the advisory committee to effectively carry out its functions.

(3) Appointed members

Individuals shall be appointed to the Advisory Committee under paragraph (1) as follows:

(A) Twelve of the members shall be appointed by the Director from among the leading representatives of the health disciplines (including public health, global health, health disparities, biomedical research, public health preparedness, and other fields, as applicable) relevant to the activities of the agency or center, as applicable.

(B) Three of the members may be appointed by the Secretary from the general public and may include leaders in fields of innovation, public policy, public relations, law, economics, or management.

(4) Compensation

Ex officio members of the Advisory Council ¹ who are officers or employees of the United States shall not receive any compensation for service on the advisory committee. The remaining

members of the advisory committee may receive, for each day (including travel time) they are engaged in the performance of the functions of the advisory committee, compensation at rates not to exceed the daily equivalent to the annual rate of basic pay for level III of the Executive Schedule under section 5314 of title 5.

(5) Terms of office

(A) In general

The term of office of a member of the advisory committee appointed under paragraph (3) shall be 4 years, except that any member appointed to fill a vacancy for an unexpired term shall serve for the remainder of such term. The Secretary shall make appointments to the advisory committee in such a manner as to ensure that the terms of the members not all expire in the same year. A member of the advisory committee may serve after the expiration of such member's term until a successor has been appointed and taken office.

(B) Reappointments

A member who has been appointed to the advisory committee for a term of 4 years may not be reappointed to the advisory committee during the 2-year period beginning on the date on which such 4-year term expired.

(C) Time for appointment

If a vacancy occurs in the advisory committee among the members appointed under paragraph (3), the Secretary shall make an appointment to fill such vacancy within 90 days from the date the vacancy occurs.

(d) Chair

The Secretary shall select a member of the advisory committee to serve as the Chair of the committee. The Secretary may so select an individual from among the appointed members. The term of office of the chair shall be 2 years.

(e) Meetings

The advisory committee shall meet at the call of the Chair or upon request of the Director, but in no event less than 2 times during each fiscal year.

(f) Executive secretary and staff

The Director shall designate a member of the staff of the agency to serve as the executive secretary of the advisory committee. The Director shall make available to the advisory committee such staff, information, and other assistance as it may require to carry out its functions. The Director shall provide orientation and training for new members of the advisory committee to provide for their effective participation in the functions of the advisory committee.

§242k. National Center for Health Statistics

(a) Establishment; appointment of Director; statistical and epidemiological activities

There is established in the Department of Health and Human Services the National Center for Health Statistics (hereinafter in this section referred to as the "Center") which shall be under the direction of a Director who shall be appointed by the Secretary. The Secretary, acting through the Center, shall conduct and support statistical and epidemiological activities for the purpose of improving the effectiveness, efficiency, and quality of health services in the United States.

(b) Duties

In carrying out subsection (a), the Secretary, acting through the Center,

(1) shall collect statistics on—

(A) the extent and nature of illness and disability of the population of the United States (or of any groupings of the people included in the population), including life expectancy, the incidence of various acute and chronic illnesses, and infant and maternal morbidity and mortality,

(B) the impact of illness and disability of the population on the economy of the United States and on other aspects of the well-being of its population (or of such groupings),

(C) environmental, social, and other health hazards,

(D) determinants of health,

(E) health resources, including physicians, dentists, nurses, and other health professionals by specialty and type of practice and the supply of services by hospitals, extended care facilities, home health agencies, and other health institutions,

(F) utilization of health care, including utilization of (i) ambulatory health services by specialties and types of practice of the health professionals providing such services, and (ii) services of hospitals, extended care facilities, home health agencies, and other institutions,

(G) health care costs and financing, including the trends in health care prices and cost, the sources of payments for health care services, and Federal, State, and local governmental expenditures for health care services, and

(H) family formation, growth, and dissolution;

(2) shall undertake and support (by grant or contract) research, demonstrations, and evaluations respecting new or improved methods for obtaining current data on the matters referred to in paragraph (1);

(3) may undertake and support (by grant or contract) epidemiological research, demonstrations, and evaluations on the matters referred to in paragraph (1); and

(4) may collect, furnish, tabulate, and analyze statistics, and prepare studies, on matters referred to in paragraph (1) upon request of public and nonprofit private entities under arrangements under which the entities will pay the cost of the service provided.

Amounts appropriated to the Secretary from payments made under arrangements made under paragraph (4) shall be available to the Secretary for obligation until expended.

(c) Statistical and epidemiological compilations and surveys

The Center shall furnish such special statistical and epidemiological compilations and surveys as the Committee on Labor and Human Resources and the Committee on Appropriations of the Senate and the Committee on Energy and Commerce and the Committee on Appropriations of the House of Representatives may request. Such statistical and epidemiological compilations and surveys shall not be made subject to the payment of the actual or estimated cost of the preparation of such compilations and surveys.

(d) Technical aid to States and localities

To insure comparability and reliability of health statistics, the Secretary shall, through the Center, provide adequate technical assistance to assist State and local jurisdictions in the development of model laws dealing with issues of confidentiality and comparability of data.

(e) Cooperative Health Statistics System

For the purpose of producing comparable and uniform health information and statistics, there is established the Cooperative Health Statistics System. The Secretary, acting through the Center, shall—

(1) coordinate the activities of Federal agencies involved in the design and implementation of the System;

(2) undertake and support (by grant or contract) research, development, demonstrations, and evaluations respecting the System;

- (3) make grants to and enter into contracts with State and local health agencies to assist them in meeting the costs of data collection and other activities carried out under the System; and
- (4) review the statistical activities of the Department of Health and Human Services to assure that they are consistent with the System.

States participating in the System shall designate a State agency to administer or be responsible for the administration of the statistical activities within the State under the System. The Secretary, acting through the Center, shall prescribe guidelines to assure that statistical activities within States participating in the system ¹ produce uniform and timely data and assure appropriate access to such data.

(f) Federal-State cooperation

To assist in carrying out this section, the Secretary, acting through the Center, shall cooperate and consult with the Departments of Commerce and Labor and any other interested Federal departments or agencies and with State and local health departments and agencies. For such purpose he shall utilize insofar as possible the services or facilities of any agency of the Federal Government and, without regard to section 6101 of title 41, of any appropriate State or other public agency, and may, without regard to such section, utilize the services or facilities of any private agency, organization, group, or individual, in accordance with written agreements between the head of such agency, organization, or group and the Secretary or between such individual and the Secretary. Payment, if any, for such services or facilities shall be made in such amounts as may be provided in such agreement.

(g) Collection of health data; data collection forms

To secure uniformity in the registration and collection of mortality, morbidity, and other health data, the Secretary shall prepare and distribute suitable and necessary forms for the collection and compilation of such data.

(h) Registration area records

(1) There shall be an annual collection of data from the records of births, deaths, marriages, and divorces in registration areas. The data shall be obtained only from and restricted to such records of the States and municipalities which the Secretary, in his discretion, determines possess records affording satisfactory data in necessary detail and form. The Secretary shall encourage States and registration areas to obtain detailed data on ethnic and racial populations, including subpopulations of Hispanics, Asian Americans, and Pacific Islanders with significant representation in the State or registration area. Each State or registration area shall be paid by the Secretary the Federal share of its reasonable costs (as determined by the Secretary) for collecting and transcribing (at the request of the Secretary and by whatever method authorized by him) its records for such data.

(2) There shall be an annual collection of data from a statistically valid sample concerning the general health, illness, and disability status of the civilian noninstitutionalized population. Specific topics to be addressed under this paragraph, on an annual or periodic basis, shall include the incidence of illness and accidental injuries, prevalence of chronic diseases and impairments, disability, physician visits, hospitalizations, and the relationship between demographic and socioeconomic characteristics and health characteristics.

(i) Technical assistance in effective use of statistics

The Center may provide to public and nonprofit private entities technical assistance in the effective use in such activities of statistics collected or compiled by the Center.

(j) Coordination of health statistical and epidemiological activities

In carrying out the requirements of section 242b(c) of this title and paragraph (1) of subsection (e) of this section, the Secretary shall coordinate health statistical and epidemiological activities of the Department of Health and Human Services by—

- (1) establishing standardized means for the collection of health information and statistics under laws administered by the Secretary;

(2) developing, in consultation with the National Committee on Vital and Health Statistics, and maintaining the minimum sets of data needed on a continuing basis to fulfill the collection requirements of subsection (b)(1);

(3) after consultation with the National Committee on Vital and Health Statistics, establishing standards to assure the quality of health statistical and epidemiological data collection, processing, and analysis;

(4) in the case of proposed health data collections of the Department which are required to be reviewed by the Director of the Office of Management and Budget under section 3509 ² of title 44, reviewing such proposed collections to determine whether they conform with the minimum sets of data and the standards promulgated pursuant to paragraphs (2) and (3), and if any such proposed collection is found not to be in conformance, by taking such action as may be necessary to assure that it will conform to such sets of data and standards, and

(5) periodically reviewing ongoing health data collections of the Department, subject to review under such section 3509, ² to determine if the collections are being conducted in accordance with the minimum sets of data and the standards promulgated pursuant to paragraphs (2) and (3) and, if any such collection is found not to be in conformance, by taking such action as may be necessary to assure that the collection will conform to such sets of data and standards not later than the ninetieth day after the date of the completion of the review of the collection.

(k) National Committee on Vital and Health Statistics; establishment; membership; term of office; compensation; functions; consultations of Secretary with Committee and professional advisory groups

(1) There is established in the Office of the Secretary a committee to be known as the National Committee on Vital and Health Statistics (hereinafter in this subsection referred to as the "Committee") which shall consist of 18 members.

(2) The members of the Committee shall be appointed from among persons who have distinguished themselves in the fields of health statistics, electronic interchange of health care information, privacy and security of electronic information, population-based public health, purchasing or financing health care services, integrated computerized health information systems, health services research, consumer interests in health information, health data standards, epidemiology, and the provision of health services. Members of the Committee shall be appointed for terms of 4 years.

(3) Of the members of the Committee—

(A) 1 shall be appointed, not later than 60 days after August 21, 1996, by the Speaker of the House of Representatives after consultation with the Minority Leader of the House of Representatives;

(B) 1 shall be appointed, not later than 60 days after August 21, 1996, by the President pro tempore of the Senate after consultation with the Minority Leader of the Senate; and

(C) 16 shall be appointed by the Secretary.

(4) Members of the Committee shall be compensated in accordance with section 210(c) of this title.

(5) The Committee—

(A) shall assist and advise the Secretary—

(i) to delineate statistical problems bearing on health and health services which are of national or international interest;

(ii) to stimulate studies of such problems by other organizations and agencies whenever possible or to make investigations of such problems through subcommittees;

(iii) to determine, approve, and revise the terms, definitions, classifications, and guidelines for assessing health status and health services, their distribution and costs, for use (I) within the Department of Health and Human Services, (II) by all programs administered or funded by the Secretary, including the Federal-State-local cooperative health statistics system referred to in subsection (e), and (III) to the extent possible as determined by the head of the agency involved,

by the Department of Veterans Affairs, the Department of Defense, and other Federal agencies concerned with health and health services;

(iv) with respect to the design of and approval of health statistical and health information systems concerned with the collection, processing, and tabulation of health statistics within the Department of Health and Human Services, with respect to the Cooperative Health Statistics System established under subsection (e), and with respect to the standardized means for the collection of health information and statistics to be established by the Secretary under subsection (j)(1);

(v) to review and comment on findings and proposals developed by other organizations and agencies and to make recommendations for their adoption or implementation by local, State, national, or international agencies;

(vi) to cooperate with national committees of other countries and with the World Health Organization and other national agencies in the studies of problems of mutual interest;

(vii) to issue an annual report on the state of the Nation's health, its health services, their costs and distributions, and to make proposals for improvement of the Nation's health statistics and health information systems; and

(viii) in complying with the requirements imposed on the Secretary under part C of title XI of the Social Security Act [42 U.S.C. 1320d et seq.];

(B) shall study the issues related to the adoption of uniform data standards for patient medical record information and the electronic exchange of such information;

(C) shall report to the Secretary not later than 4 years after August 21, 1996, recommendations and legislative proposals for such standards and electronic exchange; and

(D) shall be responsible generally for advising the Secretary and the Congress on the status of the implementation of part C of title XI of the Social Security Act [42 U.S.C. 1320d et seq.].

(6) In carrying out health statistical activities under this part, the Secretary shall consult with, and seek the advice of, the Committee and other appropriate professional advisory groups.

(7) Not later than 1 year after August 21, 1996, and annually thereafter, the Committee shall submit to the Congress, and make public, a report regarding the implementation of part C of title XI of the Social Security Act [42 U.S.C. 1320d et seq.]. Such report shall address the following subjects, to the extent that the Committee determines appropriate:

(A) The extent to which persons required to comply with part C of title XI of the Social Security Act are cooperating in implementing the standards adopted under such part.

(B) The extent to which such entities are meeting the security standards adopted under such part and the types of penalties assessed for noncompliance with such standards.

(C) Whether the Federal and State Governments are receiving information of sufficient quality to meet their responsibilities under such part.

(D) Any problems that exist with respect to implementation of such part.

(E) The extent to which timetables under such part are being met.

(l) Data specific to particular ethnic and racial populations

In carrying out this section, the Secretary, acting through the Center, shall collect and analyze adequate health data that is specific to particular ethnic and racial populations, including data collected under national health surveys. Activities carried out under this subsection shall be in addition to any activities carried out under subsection (m).

(m) Grants for assembly and analysis of data on ethnic and racial populations

(1) The Secretary, acting through the Center, may make grants to public and nonprofit private entities for—

(A) the conduct of special surveys or studies on the health of ethnic and racial populations or subpopulations;

(B) analysis of data on ethnic and racial populations and subpopulations; and

(C) research on improving methods for developing statistics on ethnic and racial populations

and subpopulations.

(2) The Secretary, acting through the Center, may provide technical assistance, standards, and methodologies to grantees supported by this subsection in order to maximize the data quality and comparability with other studies.

(3) Provisions of section 242m(d) of this title do not apply to surveys or studies conducted by grantees under this subsection unless the Secretary, in accordance with regulations the Secretary may issue, determines that such provisions are necessary for the conduct of the survey or study and receives adequate assurance that the grantee will enforce such provisions.

(4)(A) Subject to subparagraph (B), the Secretary, acting through the Center, shall collect data on Hispanics and major Hispanic subpopulation groups and American Indians, and for developing special area population studies on major Asian American and Pacific Islander populations.

(B) The provisions of subparagraph (A) shall be effective with respect to a fiscal year only to the extent that funds are appropriated pursuant to paragraph (3) of subsection (n), and only if the amounts appropriated for such fiscal year pursuant to each of paragraphs (1) and (2) of subsection (n) equal or exceed the amounts so appropriated for fiscal year 1997.

(n) Authorization of appropriations

(1) For health statistical and epidemiological activities undertaken or supported under subsections (a) through (l), there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 1991 through 2003.

(2) For activities authorized in paragraphs (1) through (3) of subsection (m), there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 1999 through 2003. Of such amounts, the Secretary shall use not more than 10 percent for administration and for activities described in subsection (m)(2).

(3) For activities authorized in subsection (m)(4), there are authorized to be appropriated \$1,000,000 for fiscal year 1998, and such sums as may be necessary for each of the fiscal years 1999 through 2002.

Section 3509 of title 44, referred to in subsec. (j)(4), (5), which required submission of certain plans and forms for collection of information to the Director of the Office of Management and Budget for approval, was omitted in the general amendment of chapter 35 of Title 44, Public Printing and Documents, by Pub. L. 96–511, §2(a), Dec. 11, 1980, 94 Stat. 2812. Pub. L. 104–13 subsequently enacted a new section 3509 of Title 44 relating to designation of a central collection agency. Provisions appearing in former section 3509 are contained in section 3507 of Title 44.

The Social Security Act, referred to in subsec. (k)(5)(A)(viii), (D), (7), is act Aug. 14, 1935, ch. 531, 49 Stat. 620. Part C of title XI of the Act is classified generally to part C (§1320d et seq.) of subchapter XI of chapter 7 of this title. For complete classification of this Act to the Code, see section 1305 of this title and Tables.

CODIFICATION

In subsec. (f), "section 6101 of title 41" substituted for "section 3709 of the Revised Statutes (41 U.S.C. 5)" on authority of Pub. L. 111–350, §6(c), Jan. 4, 2011, 124 Stat. 3854, which Act enacted Title 41, Public

Contracts.

PRIOR PROVISIONS

Provisions similar to those comprising subsec. (g) of this section were contained in section 313 of act July 1, 1944, ch. 373, title III, 58 Stat. 693; Oct. 30, 1970, Pub. L. 91-516, title II, §282, 84 Stat. 1308 (formerly classified to section 245 of this title), prior to repeal by Pub. L. 93-353, §102(a).

Provisions similar to those comprising subsec. (h) of this section were contained in section 312a of act July 1, 1944, ch. 373, title III, as added Aug. 31, 1954, ch. 1158, §2, 68 Stat. 1025 (formerly classified to section 244a of this title), prior to repeal by Pub. L. 93-353, §102(a).

AMENDMENTS

1998—Subsec. (m)(4). Pub. L. 105-392, §201(b)(1), added par. (4).

Subsec. (n)(1). Pub. L. 105-340, §201(1), and Pub. L. 105-392, §201(b)(2), amended par. (1) identically, substituting "2003" for "1998".

Subsec. (n)(2). Pub. L. 105-392, §201(b)(3)(A), in first sentence, substituted "paragraphs (1) through (3) of subsection (m)" for "subsection (m)" and substituted "such sums as may be necessary for each of the fiscal years 1999 through 2003." for "\$5,000,000 for fiscal year 1991, \$7,500,000 for fiscal year 1992, \$10,000,000 for fiscal year 1993, and \$10,000,000 for each of the fiscal years 1994 through 2003."

§242l. International cooperation

(a) Cooperative endeavors

The Secretary may participate with other countries in cooperative endeavors in—

(1) biomedical research, health care technology, and the health services research and statistical analysis authorized under section 242k of this title and subchapter VII; and

(2) biomedical research, health care services, health care research, or other related activities in furtherance of the activities, objectives or goals authorized under the Tom Lantos and Henry J. Hyde United States Global Leadership Against HIV/AIDS, Tuberculosis, and Malaria Reauthorization Act of 2008.

(b) Authority of Secretary; building construction prohibition

In connection with the cooperative endeavors authorized by subsection (a), the Secretary may—

(1) make such use of resources offered by participating foreign countries as he may find necessary and appropriate;

(2) establish and maintain fellowships in the United States and in participating foreign countries;

(3) make grants to public institutions or agencies and to nonprofit private institutions or agencies in the United States and in participating foreign countries for the purpose of establishing and maintaining the fellowships authorized by paragraph (2);

(4) make grants or loans of equipment and materials, for use by public or nonprofit private institutions or agencies, or by individuals, in participating foreign countries;

(5) participate and otherwise cooperate in any international meetings, conferences, or other activities concerned with biomedical research, health services research, health statistics, or health care technology;

(6) facilitate the interchange between the United States and participating foreign countries, and among participating foreign countries, of research scientists and experts who are engaged in experiments or programs of biomedical research, health services research, health statistical activities, or health care technology activities, and in carrying out such purpose may pay per diem compensation, subsistence, and travel for such scientists and experts when away from their places of residence at rates not to exceed those provided in section 5703(b) ¹ of title 5 for persons in the Government service employed intermittently;

(7) procure, in accordance with section 3109 of title 5, the temporary or intermittent services of experts or consultants;

(8) enter into contracts with individuals for the provision of services (as defined in section 104 of part 37 of title 48, Code of Federal Regulations (48 CFR 37.104)) in participating foreign countries, which individuals may not be deemed employees of the United States for the purpose of any law administered by the Office of Personnel Management;

(9) provide such funds by advance or reimbursement to the Secretary of State, as may be necessary, to pay the costs of acquisition, lease, construction, alteration, equipping, furnishing or management of facilities outside of the United States; and

(10) in consultation with the Secretary of State, through grant or cooperative agreement, make funds available to public or nonprofit private institutions or agencies in foreign countries in which the Secretary is participating in activities described under subsection (a) to acquire, lease, construct, alter, or renovate facilities in those countries.

(c) Benefits for overseas assignees

The Secretary may provide to personnel appointed or assigned by the Secretary to serve abroad, allowances and benefits similar to those provided under chapter 9 of title I of the Foreign Service Act of 1980 (22 U.S.C. 4081 et seq.). Leaves of absence for personnel under this subsection shall be on the same basis as that provided under subchapter I of chapter 63 of title 5 or section 903 of the Foreign Service Act of 1980 (22 U.S.C. 4083) to individuals serving in the Foreign Service.

(d) Strategies to improve injection safety

In carrying out immunization programs and other programs in developing countries for the prevention, treatment, and control of infectious diseases, including HIV/AIDS, tuberculosis, and malaria, the Director of the Centers for Disease Control and Prevention, in coordination with the Coordinator of United States Government Activities to Combat HIV/AIDS Globally, the National Institutes of Health, national and local government, and other organizations, such as the World Health Organization and the United Nations Children's Fund, shall develop and implement effective strategies to improve injection safety, including eliminating unnecessary injections, promoting sterile injection practices and technologies, strengthening the procedures for proper needle and syringe disposal, and improving the education and information provided to the public and to health professionals.

(July 1, 1944, ch. 373, title III, §307, formerly §308, as added Pub. L. 86-610, §3, July 12, 1960, 74 Stat. 364; renumbered §307 and amended Pub. L. 93-353, title I, §106, July 23, 1974, 88 Stat. 367;

§242m. General provisions respecting effectiveness, efficiency, and quality of health services

(a) Reports to Congress and President; preparation; review by Office of Management and Budget

(1) Not later than March 15 of each year, the Secretary shall submit to the President and Congress the following reports:

(A) A report on health care costs and financing. Such report shall include a description and analysis of the statistics collected under section 242k(b)(1)(G) of this title.

(B) A report on health resources. Such report shall include a description and analysis, by geographical area, of the statistics collected under section 242k(b)(1)(E) of this title.

(C) A report on the utilization of health resources. Such report shall include a description and analysis, by age, sex, income, and geographic area, of the statistics collected under section 242k(b)(1)(F) of this title.

(D) A report on the health of the Nation's people. Such report shall include a description and analysis, by age, sex, income, and geographic area, of the statistics collected under section 242k(b)(1)(A) of this title.

(2) The reports required in paragraph (1) shall be prepared through the National Center for Health Statistics.

(3) The Office of Management and Budget may review any report required by paragraph (1) of this subsection before its submission to Congress, but the Office may not revise any such report or delay its submission beyond the date prescribed for its submission, and may submit to Congress its comments respecting any such report.

(b) Grants or contracts; applications, submittal; application peer review group, findings and recommendations; necessity of favorable recommendation; appointments

(1) No grant or contract may be made under section 242b, 242k, or 242l of this title unless an application therefor has been submitted to the Secretary in such form and manner, and containing such information, as the Secretary may by regulation prescribe and unless a peer review group referred to in paragraph (2) has recommended the application for approval.

(2)(A) Each application submitted for a grant or contract under section 242k of this title in an amount exceeding \$50,000 of direct costs and for a health services research, evaluation, or demonstration project, or for a grant under section 242k(m) of this title, shall be submitted to a peer review group for an evaluation of the technical and scientific merits of the proposals made in each such application. The Director of the National Center for Health Statistics shall establish such peer review groups as may be necessary to provide for such an evaluation of each such application.

(B) A peer review group to which an application is submitted pursuant to subparagraph (A) shall report its finding and recommendations respecting the application to the Secretary, acting through the Director of the National Center for Health Statistics, in such form and manner as the Secretary shall by regulation prescribe. The Secretary may not approve an application described in such subparagraph unless a peer review group has recommended the application for approval.

(C) The Secretary, acting through the Director of the National Center for Health Statistics, shall make appointments to the peer review groups required in subparagraph (A) from among persons who are not officers or employees of the United States and who possess appropriate technical and scientific qualifications, except that peer review groups regarding grants under section 242k(m) of this title may include appropriately qualified such officers and employees.

(c) Development and dissemination of statistics

The Secretary shall take such action as may be necessary to assure that statistics developed under sections 242b and 242k of this title are of high quality, timely, comprehensive as well as specific, standardized, and adequately analyzed and indexed, and shall publish, make available, and disseminate such statistics on as wide a basis as is practicable.

(d) Information; publication restrictions

No information, if an establishment or person supplying the information or described in it is identifiable, obtained in the course of activities undertaken or supported under section 242b, 242k, or 242l of this title may be used for any purpose other than the purpose for which it was supplied unless such establishment or person has consented (as determined under regulations of the Secretary) to its use for such other purpose; and in the case of information obtained in the course of health statistical or epidemiological activities under section 242b or 242k of this title, such information may not be published or released in other form if the particular establishment or person supplying the information or described in it is identifiable unless such establishment or person has consented (as determined under regulations of the Secretary) to its publication or release in other form.

(e) Payment procedures; advances or reimbursement; installments; conditions; reductions

(1) Payments of any grant or under any contract under section 242b, 242k, or 242l of this title may be made in advance or by way of reimbursement, and in such installments and on such conditions, as the Secretary deems necessary to carry out the purposes of such section.

(2) The amounts otherwise payable to any person under a grant or contract made under section 242b, 242k, or 242l of this title shall be reduced by—

(A) amounts equal to the fair market value of any equipment or supplies furnished to such person by the Secretary for the purpose of carrying out the project with respect to which such grant or contract is made, and

(B) amounts equal to the pay, allowances, traveling expenses, and related personnel expenses attributable to the performance of services by an officer or employee of the Government in connection with such project, if such officer or employee was assigned or detailed by the Secretary to perform such services,

but only if such person requested the Secretary to furnish such equipment or supplies, or such services, as the case may be.

(f) Contracts without regard to section 3324 of title 31 and section 6101 of title 41

Contracts may be entered into under section 242b or 242k of this title without regard to section 3324 of title 31 and section 6101 of title 41.

(July 1, 1944, ch. 373, title III, §308, as added Pub. L. 93-353, title I, §107(a), July 23, 1974, 88 Stat. 368; amended Pub. L. 94-273, §7(2), Apr. 21, 1976, 90 Stat. 378; Pub. EDITORIAL NOTES

CODIFICATION

In subsec. (f), "section 6101 of title 41" substituted for "section 3709 of the Revised Statutes (41 U.S.C. 5)" on authority of Pub. L. 111-350, §6(c), Jan. 4, 2011, 124 Stat. 3854, which Act enacted Title 41, Public Contracts.

PRIOR PROVISIONS

Provisions similar to those comprising subsec. (e) of this section were contained in subsec. (a)(3) of section 304 of act July 1, 1944, ch. 373, title III, as added July 28, 1955, ch. 417, §3, 69 Stat. 382, and amended (formerly classified to section 242b(a)(3) of this title), prior to general amendment of section 304 by Pub. L. 93-353, §103.

AMENDMENTS

1998—Subsec. (b)(2)(A), (C). Pub. L. 105-392 substituted "242k(m)" for "242k(n)".

1993—Subsec. (a)(1). Pub. L. 103-183, §501(c)(1)(A), redesignated subpars. (B) to (E) as (A) to (D), respectively, and struck out former subpar. (A) which read as follows: "A report on—

"(i) the administration of sections 242b, 242k, and 242l of this title and subchapter VII of this chapter during the preceding fiscal year; and

"(ii) the current state and progress of health services research, health statistics, and health care technology."

Subsec. (a)(2). Pub. L. 103-183, §501(c)(1)(B), substituted "reports required in paragraph (1) shall be prepared through the National Center" for "reports required by subparagraphs (B) through (E) of paragraph (2) shall be prepared through the Agency for Health Care Policy and Research and the National Center".

Subsec. (c). Pub. L. 103-183, §501(c)(2)(A)–(D), (3), redesignated subsec. (g)(2) as subsec. (c), substituted "shall take" for "shall (A) take" and "and shall publish" for "and (B) publish", and struck out former subsec. (c) which read as follows: "The aggregate number of grants and contracts made or entered into under sections 242b and 242c of this title for any fiscal year respecting a particular means of delivery of health services or another particular aspect of health services may not exceed twenty; and the aggregate amount of funds obligated under grants and contracts under such sections for any fiscal year respecting a particular means of delivery of health services or another particular aspect of health services may not exceed \$5,000,000."

Subsec. (f). Pub. L. 103-183, §501(c)(4), substituted "section 3324 of title 31 and section 5 of title 41" for "sections 3648 and 3709 of the Revised Statutes (31 U.S.C. 529; 41 U.S.C. 5)".

Subsec. (g). Pub. L. 103-183, §501(c)(2)(B), (C), (E), redesignated par. (2) as subsec. (c) and struck out par. (1) which read as follows: "The Secretary shall—

"(A) publish, make available and disseminate, promptly in understandable form and on as broad a basis as practicable, the results of health services research, demonstrations, and evaluations undertaken and supported under sections 242b and 242c of this title;

"(B) make available to the public data developed in such research, demonstrations, and evaluations; and

"(C) provide indexing, abstracting, translating, publishing, and other services leading to a more effective and timely dissemination of information on health services research, demonstrations, and evaluations in health care delivery to public and private entities and individuals engaged in the improvement of health care delivery and the general public; and undertake programs to develop new or improved methods for making such information available."

Subsec. (h). Pub. L. 103-183, §501(c)(5), struck out subsec. (h) which read as follows:

"(1) Except where the Secretary determines that unusual circumstances make a larger percentage necessary in order to effectuate the purposes of section 242k of this title, a grant or contract under any of such sections of this title with respect to any project for construction of a facility or for acquisition of equipment may not provide for payment of more than 50 per centum of so much of the cost of the facility or equipment as the Secretary determines is reasonably attributable to research, evaluation, or demonstration purposes.

"(2) Laborers and mechanics employed by contractors and subcontractors in the construction of such a facility shall be paid wages at rates not less than those prevailing on similar work in the locality, as determined by the Secretary of Labor in accordance with the Act of March 3, 1931 (40 U.S.C. 267a—267a-5, known as the Davis-Bacon Act); and the Secretary of Labor shall have with respect to any labor standards specified in this paragraph the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (5 U.S.C. Appendix) and section 276c of title 40.

"(3) Such grants and contracts shall be subject to such additional requirements as the Secretary may by regulation prescribe."

1990—Subsec. (b)(2)(A). Pub. L. 101–527, §7(b)(2)(A), inserted "or for a grant under section 242k(n) of this title," after "demonstration project,".

Subsec. (b)(2)(C). Pub. L. 101–527, §7(b)(2)(B), inserted before period at end ", except that peer review groups regarding grants under section 242k(n) of this title may include appropriately qualified such officers and employees".

Subsec. (b)(3). Pub. L. 101–527, §7(d), struck out par. (3) which related to applications submitted under section 242k of this title for which a grant or contract may be made under another provision of this chapter.

1989—Pub. L. 101–239, §6103(e)(4)(A), amended section catchline.

Subsec. (a)(1)(A)(i). Pub. L. 101–239, §6103(e)(4)(B)(i), substituted "sections 242b, 242k, and 242l of this title and subchapter VII of this chapter" for "sections 242b, 242c, 242k, and 242l of this title and section 242n of this title".

Subsec. (a)(2). Pub. L. 101–239, §6103(e)(4)(B)(ii), substituted "the Agency for Health Care Policy and Research" for "the National Center for Health Services Research and Health Care Technology Assessment".

Subsec. (b)(1). Pub. L. 101–239, §6103(e)(4)(C)(i), which directed amendment of par. (1) by substituting "section 242b, 242k, or 242l of this title" for "sections 242b, 242c, 242k, 242l, and 242n of this title", was executed by making the substitution for "section 242b, 242c, 242k, 242l, or 242n of this title" as the probable intent of Congress.

Subsec. (b)(2)(A). Pub. L. 101–239, §6103(e)(4)(C)(ii), substituted "under section 242k of this title" for "under section 242b or 242c of this title," in first sentence, struck out second sentence which read as follows: "Each application for a grant, contract, or cooperative agreement in an amount exceeding \$50,000 of direct costs for the dissemination of research findings or the development of research agendas (including conferences, workshops, and meetings) shall be submitted to a standing peer review group with persons with appropriate expertise and shall not be submitted to any peer review group established to review applications for research, evaluation, or demonstration projects.", and amended last sentence generally. Prior to amendment, last sentence read as follows: "The Secretary, acting through the Director of the National Center for Health Services Research and Health Care Technology Assessment (or, as appropriate, through the Director of the National Center for Health Statistics), shall establish such peer review groups as may be necessary to provide for such an evaluation of an application described in the first two sentences of this subparagraph."

Subsec. (b)(2)(B). Pub. L. 101–239, §6103(e)(4)(C)(iii), substituted "the Director of the National Center for Health Statistics" for "the Director involved".

Subsec. (b)(2)(C). Pub. L. 101–239, §6103(e)(4)(C)(iv), substituted "the Director of the National Center for Health Statistics" for "the Directors".

Subsec. (b)(3). Pub. L. 101–239, §6103(e)(4)(C)(v), substituted "submitted under section 242k of this title" for "submitted under section 242b, 242c, or 242k of this title" and "approved under any of such sections" for "approved under section 242b, 242c, or 242k of this title".

Subsec. (d). Pub. L. 101–239, §6103(e)(4)(D), substituted "section 242b, 242k, or 242l of this title" for "section 242b, 242c, 242k, 242l, or 242n of this title", struck out "(1)" after "for such other purpose; and", and substituted "publication or release in other form." for "publication or release in other form, and (2) in the case of information obtained in the course of health services research, evaluations, or demonstrations under section 242b or 242c of this title or in the course of health care technology activities under section 242n of this title, such information may not be published or released in other form if the person who supplied the information or who is described in it is identifiable unless such person has consented (as determined under regulations of the Secretary) to its publication or release in other form."

Subsec. (e)(1), (2). Pub. L. 101–239, §6103(e)(4)(E), substituted "section 242b, 242k, or 242l of this title" for "section 242b, 242c, 242k, 242l, or 242n of this title".

Subsec. (f). Pub. L. 101–239, §6103(e)(4)(F), substituted "section 242b or 242k of this title" for "section 242b, 242c, 242k, or 242n of this title".

Subsec. (g)(1). Pub. L. 101–239, §6103(e)(4)(G)(i), struck out at end "Except as provided in subsection (d) of this section, the Secretary may not restrict the publication and dissemination of data from, and results of projects undertaken by, centers supported under section 242c(d) of this title."

Subsec. (g)(2). Pub. L. 101–239, §6103(e)(4)(G)(ii), substituted "sections 242b and 242k of this title" for "sections 242b, 242c, 242k, and 242n of this title".

Subsec. (h)(1). Pub. L. 101–239, §6103(e)(4)(H), substituted "effectuate the purposes of section 242k of this title" for "effectuate the purposes of section 242b, 242c, 242k, or 242n of this title" and "contract under any of such sections" for "contract under section 242b, 242c, 242k, or 242n of this title".

Subsec. (i). Pub. L. 101–239, §6103(e)(4)(I), struck out subsec. (i) which authorized appropriations for carrying out certain programs under sections 242b, 242c, 242k, and 242n of this title during fiscal years 1988

to 1990.

1988—Subsec. (b)(2)(A). Pub. L. 100–690 inserted after first sentence "Each application for a grant, contract, or cooperative agreement in an amount exceeding \$50,000 of direct costs for the dissemination of research findings or the development of research agendas (including conferences, workshops, and meetings) shall be submitted to a standing peer review group with persons with appropriate expertise and shall not be submitted to any peer review group established to review applications for research, evaluation, or demonstration projects." and substituted "an application described in the first two sentences of this subparagraph" for "each such application" in last sentence.

1987—Subsec. (a)(1), (2). Pub. L. 100–177, §106(a)(1), added pars. (1) and (2) and struck out former pars. (1) and (2) which read as follows:

"(1) Not later than December 1 of each year, the Secretary shall make a report to Congress respecting (A) the administration of sections 242b, 242c, 242k, and 242l and section 242n of this title during the preceding fiscal year, and (B) the current state and progress of health services research and, health statistics, and health care technology.

"(2) The Secretary, acting through the National Center for Health Services Research and the National Center for Health Statistics, shall assemble and submit to the President and the Congress not later than December 1 of each year the following reports:

"(A) A report on health care costs and financing. Such report shall include a description and analysis of the statistics collected under section 242k(b)(1)(G) of this title.

"(B) A report on health resources. Such report shall include a description and analysis, by geographic area, of the statistics collected under section 242k(b)(1)(E) of this title.

"(C) A report on the utilization of health resources. Such report shall include a description and analysis, by age, sex, income, and geographic area, of the statistics collected under section 242k(b)(1)(F) of this title.

"(D) A report on the health of the Nation's people. Such report shall include a description and analysis, by age, sex, income, and geographic area, of the statistics collected under section 242k(b)(1)(A) of this title."

Subsec. (a)(3). Pub. L. 100–177, §106(a)(2), struck out "or (2)" after "paragraph (1)".

Subsec. (b)(1). Pub. L. 100–177, §107(1), inserted "and unless a peer review group referred to in paragraph (2) has recommended the application for approval" before period at end.

Subsec. (b)(2). Pub. L. 100–177, §107(2), added par. (2) and struck out former par. (2) which read as follows: "Each application submitted for a grant or contract under section 242b or 242c of this title, in an amount exceeding \$50,000 of direct costs and for a health services research, evaluation, or demonstration project, shall be submitted by the Secretary for review for scientific merit to a panel of experts appointed by him from persons who are not officers or employees of the United States and who possess qualifications relevant to the project for which the application was made. A panel to which an application is submitted under this paragraph shall report its findings and recommendations respecting the application to the Secretary in such form and manner as the Secretary shall by regulation prescribe."

Subsec. (i). Pub. L. 100–177, §108, amended subsec. (i) generally, substituting provisions authorizing appropriations for fiscal years 1988 to 1990 for carrying out activities under sections 242b, 242c, 242k, and 242n of this title for former provisions authorizing appropriations for fiscal years 1975 to 1987 for carrying out activities under those sections.

1984—Subsec. (i)(1). Pub. L. 98–551, §7(a), inserted provisions authorizing appropriations for fiscal years ending Sept. 30, 1985, 1986, and 1987, inserted "and Health Care Technology Assessment" after "Research", substituted "and at least 10 per centum of such amount or \$1,500,000, whichever is less, shall be available only for the user liaison program and the technical assistance program referred to in section 242c(c)(2) of this title and for dissemination activities directly undertaken through such Center" for "and at least 5 per centum of such amount or \$1,000,000, whichever is less, shall be available only for dissemination activities directly undertaken through such Center", inserted "For health care technology assessment activities undertaken under subsections (b)(5), (e), (f), and (g) of section 242c of this title the Secretary shall obligate from funds appropriated under this paragraph not less than \$3,000,000 for the fiscal year ending September 30, 1985, \$3,500,000 for the fiscal year ending September 30, 1986, and \$4,000,000 for the fiscal year ending September 30, 1987. For grants under section 242n of this title the Secretary shall obligate from funds appropriated under this paragraph not less than \$500,000 for the fiscal year ending September 30, 1985, \$750,000 for the fiscal year ending September 30, 1986, and \$750,000 for the fiscal year ending September 30, 1987.", and in last sentence substituted "for any fiscal year" for "for each of the fiscal years ending September 30, 1982, September 30, 1983, and September 30, 1984,".

Subsec. (i)(2). Pub. L. 98–551, §7(b), inserted provisions authorizing appropriations for fiscal years ending

Sept. 30, 1985, 1986, and 1987.

1983—Subsec. (d). Pub. L. 97–414 inserted ", if an establishment or person supplying the information or described in it is identifiable," after "No information", and substituted "such establishment or person has consented (as determined under regulations of the Secretary) to its use for such other purpose" for "authorized by guidelines in effect under section 242k(1)(2) of this title or under regulations of the Secretary".

1981—Subsec. (a)(2). Pub. L. 97–35, §922(a), substituted "December" for "September", which change had already been made by Pub. L. 94–273.

Subsec. (b)(2). Pub. L. 97–35, §922(b), substituted "\$50,000" for "\$35,000".

Subsec. (d)(2). Pub. L. 97–35, §922(c), inserted applicability to health care technology activities under section 242n of this title.

Subsec. (i)(1). Pub. L. 97–35, §§917(a), 919(a)(2)(B), inserted provisions respecting amounts of and limitations on uses for appropriations for the fiscal years ending Sept. 30, 1982, 1983, and 1984.

Subsec. (i)(2). Pub. L. 97–35, §917(b), inserted provisions respecting appropriations for the fiscal years ending Sept. 30, 1982, 1983, and 1984.

1978—Subsec. (a)(1). Pub. L. 95–623, §6(d)(1), required the report to cover the administration of section 242n of this title and the current state and progress of health care technology.

Subsec. (b)(1). Pub. L. 95–623, §6(d)(2), inserted reference to grant or contract under section 242n of this title.

Subsec. (d). Pub. L. 95–623, §§6(d)(3), 8(b), inserted reference to section 242n of this title and substituted in cl. (1) "statistical or epidemiological activities" for "statistical activities"; and authorized use of information for purposes other than for which supplied when authorized by guidelines in effect under section 242k(1)(2) of this title.

§242s. Centers for Disease Control and Prevention Office of Women's Health

(a) Establishment

There is established within the Office of the Director of the Centers for Disease Control and Prevention, an office to be known as the Office of Women's Health (referred to in this section as the "Office"). The Office shall be headed by a director who shall be appointed by the Director of such Centers.

(b) Purpose

The Director of the Office shall—

- (1) report to the Director of the Centers for Disease Control and Prevention on the current level of the Centers' activity regarding women's health conditions across, where appropriate, age, biological, sociocultural (including among American Indians, Native Hawaiians, and Alaska Natives), and geographical contexts, in all aspects of the Centers' work, including prevention programs, public and professional education, services, and treatment;
- (2) establish short-range and long-range goals and objectives within the Centers for women's health and, as relevant and appropriate, coordinate with other appropriate offices on activities within the Centers that relate to prevention, research, education and training, service delivery, and policy development, for issues of particular concern to women;
- (3) identify projects in women's health that should be conducted or supported by the Centers;
- (4) consult with health professionals, nongovernmental organizations, consumer organizations, women's health professionals, and other individuals and groups, as appropriate, on the policy of the Centers with regard to women; and
- (5) serve as a member of the Department of Health and Human Services Coordinating Committee on Women's Health (established under section 237a(b)(4) of this title).

(c) Definition

As used in this section, the term "women's health conditions", with respect to women of all age, ethnic, and racial groups, means diseases, disorders, and conditions—

- (1) unique to, significantly more serious for, or significantly more prevalent in women; and
- (2) for which the factors of medical risk or type of medical intervention are different for women, or for which there is reasonable evidence that indicates that such factors or types may be different for women.

(d) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2010 through 2014.

(July 1, 1944, ch. 373, title III, §310A, as added Pub. L. 111–148, title III, §3509(b), Mar. 23, 2010, 124 Stat. 533; amended Pub. L. 117–103, div. P, title I, §141(b), Mar. 15, 2022, 136 Stat. 797.)

§242t. CDC surveillance and data collection for child, youth, and adult trauma

(a) Data collection

The Director of the Centers for Disease Control and Prevention (referred to in this section as the "Director") may, in cooperation with the States, collect and report data on adverse childhood experiences through the Behavioral Risk Factor Surveillance System, the Youth Risk Behavior Surveillance System, and other relevant public health surveys or questionnaires.

(b) Timing

The collection of data under subsection (a) may occur biennially.

(c) Data from rural areas

The Director shall encourage each State that participates in collecting and reporting data under subsection (a) to collect and report data from rural areas within such State, in order to generate a statistically reliable representation of such areas.

(d) Data from tribal areas

The Director may, in cooperation with Indian Tribes (as defined in section 5304 of title 25) and pursuant to a written request from an Indian Tribe, provide technical assistance to such Indian Tribe to collect and report data on adverse childhood experiences through the Behavioral Risk Factor Surveillance System, the Youth Risk Behavior Surveillance System, or another relevant public health survey or questionnaire.

(e) Authorization of appropriations

To carry out this section, there is authorized to be appropriated \$2,000,000 for each of fiscal years 2019 through 2023.

EDITORIAL NOTES

CODIFICATION

Section was enacted as part of the Substance Use–Disorder Prevention that Promotes Opioid Recovery and Treatment for Patients and Communities Act, also known as the SUPPORT for Patients and Communities Act, and not as part of the Public Health Service Act which comprises this chapter.

§242u. Improving State, local, and Tribal information sharing

(a) In general

The Secretary may, in consultation with State, local, and Tribal public health officials, carry out activities to improve the availability of appropriate and applicable public health data related to communicable diseases, and information sharing between, the Director of the Centers for Disease Control and Prevention, the Assistant Secretary for Preparedness and Response, and such State, local, and Tribal public health officials, which may include such data from—

- (1) health care providers and facilities;
- (2) public health and clinical laboratories;
- (3) health information exchanges and health information networks; and
- (4) State, local, and Tribal health departments.

(b) Content, form, and manner

The Secretary shall, consistent with the requirements of this section, work with such officials and relevant stakeholders to provide information on the content, form, and manner in which such data, deidentified as applicable, may most effectively support the ability of State, local, and Tribal health departments to respond to such communicable diseases, including related to the collection and reporting of demographic and other relevant data elements. Such form and manner requirements shall align with the standards and implementation specifications adopted by the Secretary under section 300jj–14 of this title, as applicable.

(c) Decreased burden

In facilitating the coordination of efforts under subsection (a), the Secretary shall make reasonable efforts to limit reported public health data to the minimum necessary information needed to accomplish the intended public health purpose.

(d) Exemption of certain public health data from disclosure

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may exempt from disclosure under section 552(b)(3) of title 5 public health data that are gathered under this section if—

- (1) an individual is identified through such data; or
- (2) there is at least a very small risk, as determined by current scientific practices or statistical methods, that some combination of the information, the request, and other available data sources or the application of technology could be used to deduce the identity of an individual.

STATUTORY NOTES AND RELATED SUBSIDIARIES

RULES OF CONSTRUCTION

Pub. L. 117–328, div. FF, title II, §2213(f), Dec. 29, 2022, 136 Stat. 5738, provided that: "Nothing in this section [enacting this section, amending section 300hh–33 of this title, and enacting provisions set out as notes under sections 300hh and 300hh–33 of this title] shall be construed to—

"(1) supplant, in whole or in part, State, local, or Tribal activities or responsibilities related to public health surveillance, as applicable;

"(2) alter the authority of the Secretary with respect to the types of data the Secretary may receive through systems supported or established in this section or other laws; or

"(3) modify applicable Federal or State information privacy or security law."

§242v. Foreign talent recruitment programs

(a) Intramural research

(1) In general

Not later than 60 days after December 29, 2022, the Secretary of Health and Human Services (referred to in sections 242v to 242v–3 of this title as the "Secretary") shall prohibit personnel of the National Institutes of Health engaged in intramural research from participation in foreign talent recruitment programs.

(2) Exemption

Paragraph (1) shall not apply to participation in international conferences or other international exchanges, partnerships, or programs, for which such participation has been approved by the National Institutes of Health. In such circumstances, the National Institutes of Health shall ensure appropriate training is provided to the participant on how to respond to overtures from individuals associated with foreign talent recruitment programs.

(b) Extramural research

The Secretary shall require disclosure of participation in foreign talent recruitment programs, including the provision of copies of all grants, contracts, or other agreements related to such programs, and other supporting documentation related to such programs, as a condition of receipt of Federal extramural biomedical research funding awarded through the Department of Health and Human Services.

(c) Consistency

The Secretary shall ensure that the policies developed, updated, or issued pursuant to subsections (a) and (b) are, to the greatest extent practicable, consistent with the requirements of subtitle D of title VI of division B of Public Law 117–167 (42 U.S.C. 19231 et seq.) related to foreign talent recruitment programs.

§242v–1. Securing identifiable, sensitive information and addressing other national security risks related to research

(a) In general

The Secretary of Health and Human Services, in consultation with the Director of National Intelligence, the Secretary of State, the Secretary of Defense, and other national security experts, as appropriate, shall ensure that biomedical research conducted or supported by the National Institutes of Health and other relevant agencies and offices within the Department of Health and Human Services is conducted or supported in a manner that appropriately considers national security risks, including national security implications related to research involving the sequencing of human genomic information, and collection, analysis, or storage of identifiable, sensitive information, as defined in section 241(d)(4) of this title, and the potential misuse of such data. Not later than 2 years after December 29, 2022, the Secretary shall ensure that the National Institutes of Health and other

relevant agencies and offices within the Department of Health and Human Services, in consultation with the heads of agencies and national security experts, including the Office of the National Security within the Department of Health and Human Services—

(1) develop a comprehensive framework and policies for assessing and managing such national security risks that includes, or review and update, as appropriate, the current (as of the date of review) such framework and policies to include—

(A) criteria for how and when to conduct risk assessments for projects that may have national security implications;

(B) security controls and training for researchers or entities, including peer reviewers, that manage or have access to such data that may present national security risks; and

(C) methods to incorporate risk mitigation in the process for funding such projects that may have national security implications and monitor associated research activities following issuance of an award, including changes in the terms and conditions related to the use of such funds, as appropriate;

(2) not later than 1 year after the framework and policies are developed or reviewed and updated, as applicable, under paragraph (1), develop and implement controls to ensure that—

(A) researchers or entities involved in projects reviewed under the framework and relevant policies, including such projects that manage or have access to sensitive, identifiable information, have complied with the requirements of paragraph (1) and ongoing requirements with such paragraph;

(B) consideration of funding for projects that may have national security implications takes into account the extent to which the country in which the proposed research will be conducted or supported poses a risk to the integrity of the United States biomedical research enterprise; and

(C) data access committees reviewing data access requests for projects that may have national security risks, as appropriate, include members with expertise in current and emerging national security threats, in order to make appropriate decisions, including related to access to such identifiable, sensitive information; and

(3) not later than 2 years after the framework and relevant policies are developed or reviewed and updated, as applicable, under paragraph (1), update data access and sharing policies related to human genomic data, as applicable, based on current and emerging national security threats.

(b) Congressional briefing

Not later than 1 year after December 29, 2022, the Secretary shall provide a briefing to the Committee on Health, Education, Labor, and Pensions and the Select Committee on Intelligence of the Senate and the Committee on Energy and Commerce and the Permanent Select Committee on Intelligence of the House of Representatives on the activities required under subsection (a).

§242v–2. Protecting America's biomedical research enterprise

(a) In general

The Secretary, in consultation with the Assistant to the President for National Security Affairs, the

Director of National Intelligence, the Director of the Federal Bureau of Investigation, and the heads of other relevant departments and agencies, and in consultation with research institutions and research advocacy organizations or other relevant experts, as appropriate, shall—

(1) identify ways to improve the protection of intellectual property and other proprietary information, as well as identifiable, sensitive information of participants in biomedical research and development, from national security risks and other applicable threats, including the identification of gaps in policies and procedures in such areas related to biomedical research and development supported by the Department of Health and Human Services, and make recommendations to institutions of higher education or other entities that have traditionally received Federal funding for biomedical research to protect such information;

(2) identify or develop strategies to prevent, mitigate, and address national security risks and threats in biomedical research and development supported by the Federal Government, including such threats associated with foreign talent programs, by countries seeking to exploit United States technology and other proprietary information as it relates to such biomedical research and development, and make recommendations for additional policies and procedures to protect such information;

(3) identify national security risks and potential misuse of proprietary information, and identifiable, sensitive information of biomedical research participants and other applicable risks, including with respect to peer review, and make recommendations for additional policies and procedures to protect such information;

(4) develop a framework to identify areas of biomedical research and development supported by the Federal Government that are emerging areas of interest for state actors and would compromise national security if they were to be subjected to undue foreign influence; and

(5) regularly review recommendations or policies developed under this section and make additional recommendations or updates, as appropriate.

(b) Report to President and to Congress

Not later than 1 year after December 29, 2022, the Secretary shall prepare and submit, in a manner that does not compromise national security, to the President and the Committee on Health, Education, Labor, and Pensions and the Select Committee on Intelligence of the Senate, the Committee on Energy and Commerce and the Permanent Select Committee on Intelligence of the House of Representatives, and other congressional committees as appropriate, a report on the findings and recommendations pursuant to subsection (a).

§242v–3. Report on progress to address undue foreign influence

Not later than 1 year after December 29, 2022, and annually thereafter, the Secretary shall prepare and submit to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce in the House of Representatives, in a manner that does not

compromise national security, a report on actions taken by the Secretary—

(1) to address cases of noncompliance with disclosure requirements or research misconduct related to foreign influence, including—

(A) the number of potential noncompliance cases investigated by the National Institutes of Health or reported to the National Institutes of Health by a research institution, including relating to undisclosed research support, undisclosed conflicts of interest or other conflicts of commitment, and peer review violations;

(B) the number of cases referred to the Office of Inspector General of the Department of Health and Human Services, the Office of National Security of the Department of Health and Human Services, the Federal Bureau of Investigation, or other law enforcement agencies;

(C) a description of enforcement actions taken for noncompliance related to undue foreign influence; and

(D) any other relevant information; and

(2) to prevent, address, and mitigate instances of noncompliance with disclosure requirements or research misconduct related to foreign influence.

STATUTORY NOTES AND RELATED SUBSIDIARIES

DEFINITION OF "SECRETARY"

"Secretary" means the Secretary of Health and Human Services, see section 242v(a)(1) of this title.

PART B—FEDERAL-STATE COOPERATION

§243. General grant of authority for cooperation

(a) Enforcement of quarantine regulations; prevention of communicable diseases

The Secretary is authorized to accept from State and local authorities any assistance in the enforcement of quarantine regulations made pursuant to this chapter which such authorities may be able and willing to provide. The Secretary shall also assist States and their political subdivisions in the prevention and suppression of communicable diseases and with respect to other public health matters, shall cooperate with and aid State and local authorities in the enforcement of their quarantine and other health regulations, and shall advise the several States on matters relating to the preservation and improvement of the public health.

(b) Comprehensive and continuing planning; training of personnel for State and local health work; fees

The Secretary shall encourage cooperative activities between the States with respect to comprehensive and continuing planning as to their current and future health needs, the establishment and maintenance of adequate public health services, and otherwise carrying out public health activities. The Secretary is also authorized to train personnel for State and local health work. The

Secretary may charge only private entities reasonable fees for the training of their personnel under the preceding sentence.

(c) Development of plan to control epidemics and meet emergencies or problems resulting from disasters; cooperative planning; temporary assistance; reimbursement of United States

(1) The Secretary is authorized to develop (and may take such action as may be necessary to implement) a plan under which personnel, equipment, medical supplies, and other resources of the Service and other agencies under the jurisdiction of the Secretary may be effectively used to control epidemics of any disease or condition and to meet other health emergencies or problems. The Secretary may enter into agreements providing for the cooperative planning between the Service and public and private community health programs and agencies to cope with health problems (including epidemics and health emergencies).

(2) The Secretary may, at the request of the appropriate State or local authority, extend temporary (not in excess of six months) assistance to States or localities in meeting health emergencies of such a nature as to warrant Federal assistance. The Secretary may require such reimbursement of the United States for assistance provided under this paragraph as he may determine to be reasonable under the circumstances. Any reimbursement so paid shall be credited to the applicable appropriation for the Service for the year in which such reimbursement is received.

EDITORIAL NOTES

AMENDMENTS

1985—Subsec. (c)(1). Pub. L. 99-117 struck out "referred to in section 247b(f) of this title" after "epidemics of any disease or condition", "involving or resulting from disasters or any such disease" after "health emergencies or problems" in first sentence, and struck out "resulting from disasters or any disease or condition referred to in section 247b(f) of this title" after "(including epidemics and health emergencies)" in second sentence.

1983—Subsec. (c)(2). Pub. L. 97-414 substituted "six months" for "forty-five days" after "not in excess of".

1981—Subsec. (a). Pub. L. 97-35, §902(c)(1), inserted applicability to other public health matters, and struck out reference to section 246 of this title.

Subsec. (b). Pub. L. 97-35, §902(c)(2), substituted "public health activities" for "the purposes of section 246 of this title".

1976—Subsec. (b). Pub. L. 94-317, §202(c), inserted provision authorizing Secretary to charge only private entities reasonable fees for training of their personnel.

Subsec. (c). Pub. L. 94-317, §202(b), made changes in phraseology and restructured provisions into pars. (1) and (2) and, in par. (1), as so restructured, inserted provisions authorizing Secretary to develop a plan utilizing Public Health Service personnel, equipment, medical supplies and other resources to control epidemics of any disease referred to in section 247b of this title.

1970—Subsecs. (a), (b). Pub. L. 91-515 substituted "Secretary" for "Surgeon General" wherever appearing.

1967—Subsec. (c). Pub. L. 90-174 added subsec. (c).

1966—Pub. L. 89-749 designated existing provisions as subsec. (a), added subsec. (b), and amended subsec. (b) to permit Surgeon General to train personnel for State and local health work.

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE OF 1981 AMENDMENT

Amendment by Pub. L. 97-35 effective Oct. 1, 1981, see section 902(h) of Pub. L. 97-35, set out as a note under section 2381 of this title.

EFFECTIVE DATE OF 1966 AMENDMENT

Pub. L. 89–749, §5(a), Nov. 3, 1966, 80 Stat. 1190, provided that subsec. (b) of this section is effective July 1, 1966.

Pub. L. 89–749, §5(b), Nov. 3, 1966, 80 Stat. 1190, provided that the amendment of subsec. (b) of this section, permitting the Surgeon General to train personnel for State and local health work, is effective July 1, 1967.

FOOD ALLERGENS IN THE FOOD CODE

Pub. L. 108–282, title II, §209, Aug. 2, 2004, 118 Stat. 910, provided that: "The Secretary of Health and Human Services shall, in the Conference for Food Protection, as part of its efforts to encourage cooperative activities between the States under section 311 of the Public Health Service Act (42 U.S.C. 243), pursue revision of the Food Code to provide guidelines for preparing allergen-free foods in food establishments, including in restaurants, grocery store delicatessens and bakeries, and elementary and secondary school cafeterias. The Secretary shall consider guidelines and recommendations developed by public and private entities for public and private food establishments for preparing allergen-free foods in pursuing this revision."

TRAINING OF PRIVATE PERSONS SUBJECT TO REIMBURSEMENT OR ADVANCES TO APPROPRIATIONS

Pub. L. 103–333, title II, Sept. 30, 1994, 108 Stat. 2550, provided in part: "That for fiscal year 1995 and subsequent fiscal years training of private persons shall be made subject to reimbursement or advances to this appropriation for not in excess of the full cost of such training".

§244. Public access defibrillation programs

(a) In general

The Secretary shall award grants to States, political subdivisions of States, Indian tribes, and tribal organizations to develop and implement public access defibrillation programs—

(1) by training and equipping local emergency medical services personnel, including firefighters, police officers, paramedics, emergency medical technicians, and other first responders, to administer immediate care, including cardiopulmonary resuscitation and automated external defibrillation, to cardiac arrest victims;

(2) by purchasing automated external defibrillators, placing the defibrillators in public places where cardiac arrests are likely to occur, and training personnel in such places to administer cardiopulmonary resuscitation and automated external defibrillation to cardiac arrest victims;

(3) by setting procedures for proper maintenance and testing of such devices, according to the guidelines of the manufacturers of the devices;

(4) by providing training to members of the public in cardiopulmonary resuscitation and automated external defibrillation;

(5) by integrating the emergency medical services system with the public access defibrillation programs so that emergency medical services personnel, including dispatchers, are informed about the location of automated external defibrillators in their community; and

(6) by encouraging private companies, including small businesses, to purchase automated external defibrillators and provide training for their employees to administer cardiopulmonary resuscitation and external automated defibrillation to cardiac arrest victims in their community.

(b) Preference

In awarding grants under subsection (a), the Secretary shall give a preference to a State, political subdivision of a State, Indian tribe, or tribal organization that—

(1) has a particularly low local survival rate for cardiac arrests, or a particularly low local response rate for cardiac arrest victims; or

(2) demonstrates in its application the greatest commitment to establishing and maintaining a public access defibrillation program.

(c) Use of funds

A State, political subdivision of a State, Indian tribe, or tribal organization that receives a grant under subsection (a) may use funds received through such grant to—

- (1) purchase automated external defibrillators that have been approved, or cleared for marketing, by the Food and Drug Administration;
- (2) provide automated external defibrillation and basic life support training in automated external defibrillator usage through nationally recognized courses;
- (3) provide information to community members about the public access defibrillation program to be funded with the grant;
- (4) provide information to the local emergency medical services system regarding the placement of automated external defibrillators in public places;
- (5) produce materials to encourage private companies, including small businesses, to purchase automated external defibrillators;
- (6) establish an information clearinghouse, that shall be administered by an organization that has substantial expertise in pediatric education, pediatric medicine, and electrophysiology and sudden death, that provides information to increase public access to defibrillation in schools; and
- (7) further develop strategies to improve access to automated external defibrillators in public places.

(d) Application

(1) In general

To be eligible to receive a grant under subsection (a), a State, political subdivision of a State, Indian tribe, or tribal organization shall prepare and submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may reasonably require.

(2) Contents

An application submitted under paragraph (1) shall—

- (A) describe the comprehensive public access defibrillation program to be funded with the grant and demonstrate how such program would make automated external defibrillation accessible and available to cardiac arrest victims in the community;
- (B) contain procedures for implementing appropriate nationally recognized training courses in performing cardiopulmonary resuscitation and the use of automated external defibrillators;
- (C) contain procedures for ensuring direct involvement of a licensed medical professional and coordination with the local emergency medical services system in the oversight of training and notification of incidents of the use of the automated external defibrillators;
- (D) contain procedures for proper maintenance and testing of the automated external defibrillators, according to the labeling of the manufacturer;
- (E) contain procedures for ensuring notification of local emergency medical services system personnel, including dispatchers, of the location and type of devices used in the public access defibrillation program; and
- (F) provide for the collection of data regarding the effectiveness of the public access defibrillation program to be funded with the grant in affecting the out-of-hospital cardiac arrest survival rate.

(e) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated \$25,000,000 for for ¹ each of fiscal years 2003 through 2014. Not more than 10 percent of amounts received under a grant awarded under this section may be used for administrative expenses.

AMENDMENTS

2010—Subsec. (c)(6). Pub. L. 111–148, §10412(1), inserted ", that shall be administered by an organization that has substantial expertise in pediatric education, pediatric medicine, and electrophysiology and sudden death," after "clearinghouse".

Subsec. (e). Pub. L. 111–148, §10412(2), substituted "for each of fiscal years 2003 through 2014" for "fiscal year 2003, and such sums as may be necessary for each of the fiscal years 2004 through 2006".

2003—Subsec. (c)(6), (7). Pub. L. 108–41 added par. (6) and redesignated former par. (6) as (7).

STATUTORY NOTES AND RELATED SUBSIDIARIES

FINDINGS

Pub. L. 107–188, title I, §159(b), June 12, 2002, 116 Stat. 634, provided that: "Congress makes the following findings:

"(1) Over 220,000 Americans die each year from cardiac arrest. Every 2 minutes, an individual goes into cardiac arrest in the United States.

"(2) The chance of successfully returning to a normal heart rhythm diminishes by 10 percent each minute following sudden cardiac arrest.

"(3) Eighty percent of cardiac arrests are caused by ventricular fibrillation, for which defibrillation is the only effective treatment.

"(4) Sixty percent of all cardiac arrests occur outside the hospital. The average national survival rate for out-of-hospital cardiac arrest is only 5 percent.

"(5) Communities that have established and implemented public access defibrillation programs have achieved average survival rates for out-of-hospital cardiac arrest as high as 50 percent.

"(6) According to the American Heart Association, wide use of defibrillators could save as many as 50,000 lives nationally each year.

"(7) Successful public access defibrillation programs ensure that cardiac arrest victims have access to early 911 notification, early cardiopulmonary resuscitation, early defibrillation, and early advanced care."

§245. Public awareness campaign on the importance of vaccinations

(a) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention and in coordination with other offices and agencies, as appropriate, shall award competitive grants or contracts to one or more public or private entities to carry out a national, evidence-based campaign to increase awareness and knowledge of the safety and effectiveness of vaccines for the prevention and control of diseases, combat misinformation about vaccines, and disseminate scientific and evidence-based vaccine-related information, with the goal of increasing rates of vaccination across all ages, as applicable, particularly in communities with low rates of vaccination, to reduce and eliminate vaccine-preventable diseases.

(b) Consultation

In carrying out the campaign under this section, the Secretary shall consult with appropriate public health and medical experts, including the National Academy of Medicine and medical and public health associations and nonprofit organizations, in the development, implementation, and evaluation of the evidence-based public awareness campaign.

(c) Requirements

The campaign under this section shall—

- (1) be a nationwide, evidence-based media and public engagement initiative;
- (2) include the development of resources for communities with low rates of vaccination, including culturally and linguistically appropriate resources, as applicable;
- (3) include the dissemination of vaccine information and communication resources to public health departments, health care providers, and health care facilities, including such providers and facilities that provide prenatal and pediatric care;
- (4) be complementary to, and coordinated with, any other Federal, State, local, or Tribal efforts, as appropriate; and
- (5) assess the effectiveness of communication strategies to increase rates of vaccination.

(d) Additional activities

The campaign under this section may—

- (1) include the use of television, radio, the internet, and other media and telecommunications technologies;
- (2) include the use of in-person activities;
- (3) be focused to address specific needs of communities and populations with low rates of vaccination; and
- (4) include the dissemination of scientific and evidence-based vaccine-related information, such as—
 - (A) advancements in evidence-based research related to diseases that may be prevented by vaccines and vaccine development;
 - (B) information on vaccinations for individuals and communities, including individuals for whom vaccines are not recommended by the Advisory Committee for Immunization Practices, and the effects of low vaccination rates within a community on such individuals;
 - (C) information on diseases that may be prevented by vaccines; and
 - (D) information on vaccine safety and the systems in place to monitor vaccine safety.

(e) Evaluation

The Secretary shall—

- (1) establish benchmarks and metrics to quantitatively measure and evaluate the awareness

campaign under this section;

(2) conduct qualitative assessments regarding the awareness campaign under this section; and

(3) prepare and submit to the Committee on Health, Education, Labor, and Pensions of the Senate and Committee on Energy and Commerce of the House of Representatives an evaluation of the awareness campaign under this section.

(f) Supplement not supplant

Funds appropriated under this section shall be used to supplement and not supplant other Federal, State, and local public funds provided for activities described in this section.

(g) Authorization of appropriations

There are authorized to be appropriated to carry out this section and subsections (k) and (n) of section 247b of this title, \$15,000,000 for each of fiscal years 2021 through 2025.

(July 1, 1944, ch. 373, title III, §313, as added Pub. L. 116–260, div. BB, title III, §311(a), Dec. 27, 2020, 134 Stat. 2923.)

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE OF REPEAL

Repeal effective Oct. 1, 1977, see section 503(c) of Pub. L. 94–484, set out as a note under section 244–1 of this title.

§246. Grants and services to States

(a) Comprehensive health planning and services

(1) In order to assist the States in comprehensive and continuing planning for their current and future health needs, the Secretary is authorized during the period beginning July 1, 1966, and ending June 30, 1973, to make grants to States which have submitted, and had approved by the Secretary, State plans for comprehensive State health planning. For the purposes of carrying out this subsection, there are hereby authorized to be appropriated \$2,500,000 for the fiscal year ending June 30, 1967, \$7,000,000 for the fiscal year ending June 30, 1968, \$10,000,000 for the fiscal year ending June 30, 1969, \$15,000,000 for the fiscal year ending June 30, 1970, \$15,000,000 for the fiscal year ending June 30, 1971, \$17,000,000 for the fiscal year ending June 30, 1972, \$20,000,000 for the fiscal year ending June 30, 1973, and \$10,000,000 for the fiscal year ending June 30, 1974.

(2) In order to be approved for purposes of this subsection, a State plan for comprehensive State health planning must—

(A) designate, or provide for the establishment of, a single State agency, which may be an interdepartmental agency, as the sole agency for administering or supervising the administration of the State's health planning functions under the plan;

(B) provide for the establishment of a State health planning council, which shall include representatives of Federal, State, and local agencies (including as an ex officio member, if there is located in such State one or more hospitals or other health care facilities of the Department of Veterans Affairs, the individual whom the Secretary of Veterans Affairs shall have designated to serve on such council as the representative of the hospitals or other health care facilities of such Department which are located in such State) and nongovernmental organizations and groups concerned with health (including representation of the regional medical program or programs included in whole or in part within the State), and of consumers of health services, to advise such State agency in carrying out its functions under the plan, and a majority of the membership of such council shall consist of representatives of consumers of health services;

(C) set forth policies and procedures for the expenditure of funds under the plan, which, in the judgment of the Secretary, are designed to provide for comprehensive State planning for health services (both public and private and including home health care), including the facilities and persons required for the provision of such services, to meet the health needs of the people of the State and including environmental considerations as they relate to public health;

(D) provide for encouraging cooperative efforts among governmental or nongovernmental agencies, organizations and groups concerned with health services, facilities, or manpower, and for cooperative efforts between such agencies, organizations, and groups and similar agencies, organizations, and groups in the fields of education, welfare, and rehabilitation;

(E) contain or be supported by assurances satisfactory to the Secretary that the funds paid under this subsection will be used to supplement and, to the extent practicable, to increase the level of funds that would otherwise be made available by the State for the purpose of comprehensive health planning and not to supplant such non-Federal funds;

(F) provide such methods of administration (including methods relating to the establishment and maintenance of personnel standards on a merit basis, except that the Secretary shall exercise no authority with respect to the selection, tenure of office, and compensation of any individual employed in accordance with such methods) as are found by the Secretary to be necessary for the proper and efficient operation of the plan;

(G) provide that the State agency will make such reports, in such form and containing such information, as the Secretary may from time to time reasonably require, and will keep such records and afford such access thereto as the Secretary finds necessary to assure the correctness and verification of such reports;

(H) provide that the State agency will from time to time, but not less often than annually, review its State plan approved under this subsection and submit to the Secretary appropriate modifications thereof;

(I) effective July 1, 1968, (i) provide for assisting each health care facility in the State to

develop a program for capital expenditures for replacement, modernization, and expansion which is consistent with an overall State plan developed in accordance with criteria established by the Secretary after consultation with the State which will meet the needs of the State for health care facilities, equipment, and services without duplication and otherwise in the most efficient and economical manner, and (ii) provide that the State agency furnishing such assistance will periodically review the program (developed pursuant to clause (i)) of each health care facility in the State and recommend appropriate modification thereof;

(J) provide for such fiscal control and fund accounting procedures as may be necessary to assure proper disbursement of and accounting for funds paid to the State under this subsection; and

(K) contain such additional information and assurances as the Secretary may find necessary to carry out the purposes of this subsection.

(3)(A) From the sums appropriated for such purpose for each fiscal year, the several States shall be entitled to allotments determined, in accordance with regulations, on the basis of the population and the per capita income of the respective States; except that no such allotment to any State for any fiscal year shall be less than 1 per centum of the sum appropriated for such fiscal year pursuant to paragraph (1). Any such allotment to a State for a fiscal year shall remain available for obligation by the State, in accordance with the provisions of this subsection and the State's plan approved thereunder, until the close of the succeeding fiscal year.

(B) The amount of any allotment to a State under subparagraph (A) for any fiscal year which the Secretary determines will not be required by the State, during the period for which it is available, for the purposes for which allotted shall be available for reallocation by the Secretary from time to time, on such date or dates as he may fix, to other States with respect to which such a determination has not been made, in proportion to the original allotments to such States under subparagraph (A) for such fiscal year, but with such proportionate amount for any of such other States being reduced to the extent it exceeds the sum the Secretary estimates such State needs and will be able to use during such period; and the total of such reductions shall be similarly reallocated among the States whose proportionate amounts were not so reduced. Any amount so reallocated to a State from funds appropriated pursuant to this subsection for a fiscal year shall be deemed part of its allotment under subparagraph (A) for such fiscal year.

(4) From each State's allotment for a fiscal year under this subsection, the State shall from time to time be paid the Federal share of the expenditures incurred during that year or the succeeding year pursuant to its State plan approved under this subsection. Such payments shall be made on the basis of estimates by the Secretary of the sums the State will need in order to perform the planning under its approved State plan under this subsection, but with such adjustments as may be necessary to take account of previously made underpayments or overpayments. The "Federal share" for any State for purposes of this subsection shall be all, or such part as the Secretary may determine, of the cost of such planning, except that in the case of the allotments for the fiscal year ending June 30, 1970, it shall not exceed 75 per centum of such cost.

(b) Project grants for areawide health planning; authorization of appropriations; prerequisites for grants; application; contents

(1)(A) The Secretary is authorized, during the period beginning July 1, 1966, and ending June 30, 1974, to make, with the approval of the State agency administering or supervising the administration of the State plan approved under subsection (a), project grants to any other public or nonprofit private agency or organization (but with appropriate representation of the interests of local government where the recipient of the grant is not a local government or combination thereof or an agency of such government or combination) to cover not to exceed 75 per centum of the costs of projects for developing (and from time to time revising) comprehensive regional, metropolitan area, or other local area plans for coordination of existing and planned health services, including the facilities and persons required for provision of such services; and including the provision of such services through home health care; except that in the case of project grants made in any State prior to July 1, 1968, approval of such State agency shall be required only if such State has such a State plan in effect at the time of such grants. No grant may be made under this subsection after June 30, 1970,

to any agency or organization to develop or revise health plans for an area unless the Secretary determines that such agency or organization provides means for appropriate representation of the interests of the hospitals, other health care facilities, and practicing physicians serving such area, and the general public. For the purposes of carrying out this subsection, there are hereby authorized to be appropriated \$5,000,000 for the fiscal year ending June 30, 1967, \$7,500,000 for the fiscal year ending June 30, 1968, \$10,000,000 for the fiscal year ending June 30, 1969, \$15,000,000 for the fiscal year ending June 30, 1970, \$20,000,000 for the fiscal year ending June 30, 1971, \$30,000,000 for the fiscal year ending June 30, 1972, \$40,000,000 for the fiscal year ending June 30, 1973, and \$25,100,000 for the fiscal year ending June 30, 1974.

(B) Project grants may be made by the Secretary under subparagraph (A) to the State agency administering or supervising the administration of the State plan approved under subsection (a) with respect to a particular region or area, but only if (i) no application for such a grant with respect to such region or area has been filed by any other agency or organization qualified to receive such a grant, and (ii) such State agency certifies, and the Secretary finds, that ample opportunity has been afforded to qualified agencies and organizations to file application for such a grant with respect to such region or area and that it is improbable that, in the foreseeable future, any agency or organization which is qualified for such a grant will file application therefor.

(2)(A) In order to be approved under this subsection, an application for a grant under this subsection must contain or be supported by reasonable assurances that there has been or will be established, in or for the area with respect to which such grant is sought, an areawide health planning council. The membership of such council shall include representatives of public, voluntary, and nonprofit private agencies, institutions, and organizations concerned with health (including representatives of the interests of local government of the regional medical program for such area, and of consumers of health services). A majority of the members of such council shall consist of representatives of consumers of health services.

(B) In addition, an application for a grant under this subsection must contain or be supported by reasonable assurances that the areawide health planning agency has made provision for assisting health care facilities in its area to develop a program for capital expenditures for replacement, modernization, and expansion which is consistent with an overall State plan which will meet the needs of the State and the area for health care facilities, equipment, and services without duplication and otherwise in the most efficient and economical manner.

(c) Project grants for training, studies, and demonstrations; authorization of appropriations

The Secretary is also authorized, during the period beginning July 1, 1966, and ending June 30, 1974, to make grants to any public or nonprofit private agency, institution, or other organization to cover all or any part of the cost of projects for training, studies, or demonstrations looking toward the development of improved or more effective comprehensive health planning throughout the Nation. For the purposes of carrying out this subsection, there are hereby authorized to be appropriated \$1,500,000 for the fiscal year ending June 30, 1967, \$2,500,000 for the fiscal year ending June 30, 1968, \$5,000,000 for the fiscal year ending June 30, 1969, \$7,500,000 for the fiscal year ending June 30, 1970, \$8,000,000 for the fiscal year ending June 30, 1971, \$10,000,000 for the fiscal year ending June 30, 1972, \$12,000,000 for the fiscal year ending June 30, 1973, and \$4,700,000 for the fiscal year ending June 30, 1974.

EDITORIAL NOTES

AMENDMENTS

1991—Subsec. (a)(2)(B). Pub. L. 102–54 substituted "Department of Veterans Affairs" for "Veterans' Administration", "Secretary of Veterans Affairs" for "Administrator of Veterans' Affairs" and "such Department" for "such Administration".

1985—Subsec. (g). Pub. L. 99–117 directed that subsec. (g) be repealed. Previously, subsec. (g) was repealed by Pub. L. 96–398. See 1980 Amendment note below.

1981—Subsec. (d). Pub. L. 97–35 struck out subsec. (d) which related to grants for services, form, manner, etc., of application, review of activities undertaken, allotments, and authorization of appropriations.

1980—Subsec. (g). Pub. L. 96–398 struck out subsec. (g) which related to application, procedures applicable, amount, etc., for State mental health program grants.

1979—Subsec. (d)(2)(C)(ii). Pub. L. 96–32, §6(e), substituted "uniform national health program reporting system" for "uniform national reporting system".

Subsec. (d)(4)(A). Pub. L. 96–32, §6(f), in provision following subd. (II) of cl. (ii), substituted "the preceding provisions of this subparagraph" for "clauses (i) and (ii)" and "amount" for "amounts" and inserted provision that if the amount appropriated for a fiscal year is equal to or less than the amount appropriated for fiscal year ending Sept. 30, 1979, the total amount of grants for a State health authority shall be an amount which bears the same ratio to the amount appropriated as the total amount of grants received by such authority from appropriations for fiscal year ending Sept. 30, 1979, bears to the amount appropriated for that fiscal year.

Subsec. (g)(2)(D)(iv). Pub. L. 96–79 substituted "a plan which is consistent with the State health plan in effect for the State under section 300m–3(c) of this title and" for "a plan".

1978—Subsec. (d). Pub. L. 95–626, §201(b)(2), completely revised subsec. (d) under which the Secretary is authorized to make grants to State health authorities to assist in meeting the costs of providing comprehensive public health services by including requirements that the States submit an application outlining how funds will be used to supplement non-Federal support for the provision of public health services in the State, by setting out formulae under which funds will be made available to States including definitions of "applicable grant computation percentage" and "State and local expenditures for comprehensive public health services", by requiring implementation of a national health program reporting system to assure accountability for expenditure of funds, and by authorizing appropriations of \$150,000,000 for fiscal year ending Sept. 30, 1980, and \$170,000,000 for fiscal year ending Sept. 30, 1981.

Subsec. (d)(7)(A). Pub. L. 95–626, §201(a)(1), inserted provision authorizing an appropriation of \$103,000,000 for fiscal year ending Sept. 30, 1979.

Subsec. (d)(7)(B). Pub. L. 95–626, §201(a)(2), inserted provision authorizing an appropriation of \$20,000,000 for fiscal year ending Sept. 30, 1979.

Subsec. (f). Pub. L. 95–454 designated existing provisions of section 403 of Pub. L. 91–648 (see 1971 Amendment note below) as subsec. (a) thereof and added subsec. (b) thereto repealing subsec. (f) of this section as subsec. (f) of this section had applied to commissioned officers of the Public Health Service.

Subsec. (g). Pub. L. 95–622 substituted provisions relating to grants for State mental health programs for provisions relating to regulations and amendments with respect to grants to States under subsecs. (a) and (d) and reduction and suspension of subsec. (a) and (d) grant payments.

1977—Subsec. (d)(7)(A). Pub. L. 95–83, §302(a), substituted provision for an appropriation authorization for fiscal year ending Sept. 30, 1977, for prior such authorization for fiscal year 1977, and authorized appropriation of \$106,750,000 for fiscal year ending Sept. 30, 1978.

Subsec. (d)(7)(B). Pub. L. 95–83, §302(b), substituted provision for an appropriation authorization for fiscal

year ending Sept. 30, 1977, for prior such authorization for fiscal year 1977, and authorized appropriation of \$12,680,000 for fiscal year ending Sept. 30, 1978.

1976—Subsec. (g)(4)(B). Pub. L. 94-484 defined "State" to include the Northern Mariana Islands.

1975—Subsec. (d). Pub. L. 94-63, §§102, 701(a), substituted provisions relating to grants made pursuant to allotments to State health and mental health authorities for meeting the costs of providing comprehensive public health services, for provisions relating to grants made pursuant to appropriations for fiscal year ending June 30, 1968 to fiscal year ending June 30, 1975, to State health or mental health authorities to aid in the establishment and maintenance of adequate public health services, including the training of personnel for State and local health work.

Subsec. (e). Pub. L. 94-63, §§501(b), 701(b), struck out subsec. (e) which authorized appropriations from fiscal year ending June 30, 1968 through fiscal year ending June 30, 1975 for project grants for health services and related training, set forth procedures for making such grants, and prohibited grants after the fiscal year ending June 30, 1975, for provisions of this chapter amended by title VII of the Health Revenue Sharing and Health Services Act of 1975.

1973—Subsec. (a)(1). Pub. L. 93-45, §106(a)(1), authorized appropriations of \$10,000,000 for fiscal year ending June 30, 1974.

Subsec. (d)(5). Pub. L. 90-174, §2(d)(2), made Federal share of 662/3 per centum applicable to the Trust Territory of the Pacific Islands.

Subsec. (d)(7). Pub. L. 90-174, §2(d)(3), provided for an allocation of 70 per centum of funds for provision under the State plan of services in communities of the State.

Subsec. (e). Pub. L. 90-174, §§2(e), 3(b)(2), 8(b), increased appropriations authorization for fiscal year ending June 30, 1968, from \$62,500,000 to \$90,000,000, authorized appropriations of \$95,000,000 and \$80,000,000 for fiscal years ending June 30, 1969, and 1970, respectively, inserted "(including related training)" after "providing services" in cl. (1), substituted "developing" for "stimulating" and inserted "(including related training)" after "health services" in cl. (2), struck out cl. (3) which authorized grants to cover part of cost of undertaking studies, demonstrations, or training designed to develop new methods or improve existing methods of providing health services, and made program evaluation funds available for any fiscal year ending after June 30, 1968.

Subsec. (f)(5). Pub. L. 90-174, §12(d)(1), inserted "for" before "the expenses of travel".

Subsec. (f)(6), (8). Pub. L. 90-174, §12(d)(2), substituted "Department" for "Service".

Subsec. (g)(4)(B). Pub. L. 90-174, §2(f), defined "State" to include the Trust Territory of the Pacific Islands.

1966—Subsec. (a). Pub. L. 89-749 substituted provisions authorizing the Surgeon General to make grants to States to assist in comprehensive and continuing planning for their current and future health needs, authorizing appropriations therefor, setting out the requirements for an acceptable State plan for comprehensive State health planning, covering the allotting of the appropriated sums to the States, and the

payment of the allotted funds, for provisions authorizing the Surgeon General, through the use of grants and other assistance, to help local programs of prevention, treatment, and control of venereal diseases, covering the payment of the costs of assistance by personnel of the Public Health Service to assist in carrying out the purposes of the section with respect to venereal disease, and authorizing the appropriation of funds.

Subsec. (b). Pub. L. 89-749 substituted provisions for project grants by the Surgeon General covering the development of comprehensive regional, metropolitan, or local coordination of existing and planned health facilities and persons required for providing services and the authorization of appropriations of \$5,000,000 for fiscal 1967 and \$7,500,000 for fiscal 1968 for provisions authorizing the appropriation of funds to enable the Surgeon General to aid in the development of measures for the local prevention, treatment, and control of tuberculosis.

Subsec. (c). Pub. L. 89-749 substituted provisions for project grants for the development of improved or more effective comprehensive health planning throughout the United States and the authorization of appropriations of \$1,500,000 for fiscal 1967 and \$2,500,000 for fiscal 1968 for provisions authorizing the Surgeon General to assist, through grants and otherwise, in the establishment and maintenance of adequate public health services by States, counties, health districts, and other political subdivisions, authorizing appropriations therefor, and covering the allotment, payment, and allocation of appropriated funds.

Subsec. (d). Pub. L. 89-749 substituted provisions authorizing grants by the Surgeon General to State health or mental health authorities to assist in establishing and maintaining adequate public health services, setting out the requirements for an acceptable State plan for the supplying of public health services, authorizing an appropriation of \$62,500,000 for fiscal 1968, the allotment of appropriated funds, payments to States, and the determination of the Federal share for provisions covering the allotment of appropriated funds among the several States on the basis of population, incidence of venereal disease, tuberculosis, mental health problems, and the financial needs of the various States.

Subsec. (e). Pub. L. 89-749 substituted provisions for project grants for health services development to public or private nonprofit agencies and for the authorization of an appropriation of \$62,500,000 for fiscal 1968 for provisions covering the establishment and maintenance of community programs of heart disease control and the allotments and appropriations therefor.

Subsec. (f). Pub. L. 89-749 substituted provisions covering the interchange of personnel with States, the application of statutes covering Federal employees to interchanged personnel, and the coverage of State officers and employees, for provisions for the determination and certification of amounts paid to each State from allotments thereto.

Subsec. (g). Pub. L. 89-749 substituted provisions for consultation with State health planning agencies concerning regulations and amendments with respect to grants to States, the reduction of payments, cessation of payments for non-compliance, and definitions, for provisions limiting the expending of grant funds for purposes specified by statute and by the agency, organization, or institution to which payment was made.

Subsecs. (h) to (m). Pub. L. 89-749 struck out subsecs. (h) to (m) which dealt, respectively, with requirement that State funds be provided for same purpose as that for which allotted funds are spent, cessation of Federal aid and procedures in connection therewith, promulgation of rules and regulations and consultation with State health authorities precedent thereto, availability of appropriated funds for administrative expenses including printing and travel expenses, applicability of section to Guam and Samoa, and reduction of payments commensurate to expense of detailing of Public Health Service personnel to States.

1965—Subsec. (c). Pub. L. 89-109 substituted "first six fiscal years ending after June 30, 1961" for "first five fiscal years ending after June 30, 1961" and "\$5,000,000" for "\$2,500,000".

1962—Subsec. (l). Pub. L. 87-688 inserted "and American Samoa", "or American Samoa", and "or American Samoa, respectively" after "Guam".

1961—Subsec. (c). Pub. L. 87-395, §2(a)–(c), substituted "of the first five fiscal years ending after June 30, 1961, the sum of \$50,000,000" for "fiscal year a sum not to exceed \$30,000,000", "such amount as may be necessary" for "an amount, not to exceed \$3,000,000", "\$2,500,000" for "\$1,000,000", and provided that when an appropriating act provides that the amounts it specifies are available only for allotments and payments for such services and activities under this subsection as specified in such act, the requirements of subsec. (h) shall apply to such allotments and payments.

Subsec. (m). Pub. L. 87-395, §2(d), added subsec. (m).

1958—Subsec. (c). Pub. L. 85-544 designated existing provisions of second sentence as cl. (1) and added cl. (2).

1956—Subsec. (l). Act Aug. 1, 1956, added subsec. (l).

1948—Subsec. (e). Act June 16, 1948, §5(a), added subsec. (e) to provide for community programs of heart disease control. Former subsec. (e) redesignated (f).

Subsec. (f). Act June 16, 1948, §5(a), (b), redesignated former subsec. (e) as (f) and inserted proviso

relating to determination and certification of amounts to be paid under subsec. (e). Former subsec. (f) redesignated (g).

Subsec. (g). Act June 16, 1948, §5(a), (c), redesignated former subsec. (f) as (g) and brought subsecs. (e) and (f)(1) within the provisions of this subsection. Former subsec. (g) redesignated (h).

Subsec. (h). Act June 16, 1948, §5(a), (d), redesignated former subsec. (g) as (h) and made subsection applicable to agencies, institutions or other organizations specified in subsec. (f)(1). Former subsec. (h) redesignated (i).

Subsec. (i). Act June 16, 1948, §5(a), (e), redesignated former subsec. (h) as (i), made subsection applicable to subsec. (e), and made technical changes as a result of the renumbering of subsections. Former subsec. (i) redesignated (j).

Subsecs. (j), (k). Act June 16, 1948, §5(a), redesignated former subsecs. (i) and (j) as (j) and (k), respectively.

1946—Subsec. (c). Act July 3, 1946, increased annual appropriation from \$20,000,000 to \$30,000,000, and increased annual amount available to provide demonstrations and to train personnel for State and local health work from \$2,000,000 to \$3,000,000.

TRANSFER OF FUNCTIONS

Functions, powers, and duties of Secretary of Health and Human Services under subsecs. (a)(2)(F) and (d)(2)(F) of this section, insofar as relates to the prescription of personnel standards on a merit basis, transferred to Office of Personnel Management, see section 4728(a)(3)(C) of this title.

YEAR 2000 HEALTH OBJECTIVES PLANNING

Pub. L. 101–582, Nov. 15, 1990, 104 Stat. 2867, provided for grants for State plans regarding health objectives for year 2000, prior to repeal by Pub. L. 102–531, title I, §105, Oct. 27, 1992, 106 Stat. 3474.

CONGRESSIONAL FINDINGS AND DECLARATION

Pub. L. 95–626, title II, §201(b)(1), Nov. 10, 1978, 92 Stat. 3570, provided that: "The Congress finds and declares that—

"(A) individual health status can be effectively and economically improved through an adequate investment in community public health programs and services;

"(B) the Federal Government and the States and their communities share in the financial responsibility for funding public health programs;

"(C) the Federal contribution to funds for public health programs should serve as an incentive to an

additional investment by State and local governments;

"(D) existing categorical programs of Federal financial assistance to combat specific public health problems should be supplemented by a national program of stable generic support for such public health activities as the prevention and control of environmental health hazards, prevention and control of diseases, prevention and control of health problems of particularly vulnerable population groups, and development and regulation of health care facilities and health services delivery systems; and

"(E) the States and their communities, not the Federal Government, should have primary responsibility for identifying and measuring the impact of public health problems and the allocation of resources for their amelioration."

Pub. L. 89-749, §2, Nov. 3, 1966, 80 Stat. 1180, provided that:

"(a) The Congress declares that fulfillment of our national purpose depends on promoting and assuring the highest level of health attainable for every person, in an environment which contributes positively to healthful individual and family living; that attainment of this goal depends on an effective partnership, involving close intergovernmental collaboration, official and voluntary efforts, and participation of individuals and organizations; that Federal financial assistance must be directed to support the marshaling of all health resources—national, State, and local—to assure comprehensive health services of high quality for every person, but without interference with existing patterns of private professional practice of medicine, dentistry, and related healing arts.

"(b) To carry out such purpose, and recognizing the changing character of health problems, the Congress finds that comprehensive planning for health services, health manpower, and health facilities is essential at every level of government; that desirable administration requires strengthening the leadership and capacities of State health agencies; and that support of health services provided people in their communities should be broadened and made more flexible."

Act July 3, 1956, ch. 852, §2, 70 Stat. 908, provided that:

"(a) The Congress hereby finds and declares—

"(1) that the latest information on the number and relevant characteristics of persons in the country suffering from heart disease, cancer, diabetes, arthritis and rheumatism, and other diseases, injuries, and handicapping conditions is now seriously out of date; and

"(2) that periodic inventories providing reasonably current information on these matters are urgently needed for purposes such as (A) appraisal of the true state of health of our population (including both adults and children), (B) adequate planning of any programs to improve their health, (C) research in the field of chronic diseases, and (D) measurement of the numbers of persons in the working ages so disabled as to be unable to perform gainful work.

"(b) It is, therefore, the purpose of this Act [see Short Title of 1956 Amendment note set out under section 201 of this title] to provide (1) for a continuing survey and special studies to secure on a non-compulsory basis accurate and current statistical information on the amount, distribution, and effects of illness and disability in the United States and the services received for or because of such conditions; and (2) for studying methods and survey techniques for securing such statistical information, with a view toward their continuing improvement."

LIMITATION ON GRANTS-IN-AID TO SCHOOLS OF PUBLIC HEALTH

Pub. L. 85-544, §2, July 22, 1958, 72 Stat. 401, which had limited the authority of the Surgeon General to make grants-in-aid totaling not to exceed \$1,000,000 annually to schools of public health for fiscal year beginning July 1, 1958, and July 1, 1959, was repealed by section 2 of Pub. L. 86-720, Sept. 8, 1960, 74 Stat. 820.

GRANTS TO STATES TO PROVIDE FOR VACCINATION AGAINST POLIOMYELITIS

APPLICABILITY OF REORGANIZATION PLAN NO. 3 OF 1966

Pub. L. 89-749, §7, Nov. 3, 1966, 80 Stat. 1190, provided that: "The provisions enacted by this Act [amending this section and sections 242g and 243 of this title] shall be subject to the provisions of Reorganization Plan No. 3 of 1966 [42 U.S.C. 202 note]."

EXECUTIVE DOCUMENTS

TRANSFER OF FUNCTIONS

Functions of Federal Security Administrator transferred to Secretary of Health, Education, and Welfare and all agencies of Federal Security Agency transferred to Department of Health, Education, and Welfare by section 5 of Reorg. Plan No. 1 of 1953, set out as a note under section 3501 of this title. Federal Security Agency and office of Administrator abolished by section 8 of Reorg. Plan No. 1 of 1953.

§246a. Bureau of State Services management fund; establishment; advancements; availability

For the purpose of facilitating the economical and efficient conduct of operations in the Bureau of State Services which are financed by two or more appropriations where the costs of operation are not readily susceptible of distribution as charges to such appropriations, there is established the Bureau of State Services management fund. Such amounts as the Secretary may determine to represent a reasonable distribution of estimated costs among the various appropriations involved may be advanced each year to this fund and shall be available for expenditure for such costs under such regulations as may be prescribed by the Secretary: *Provided*, That funds advanced to this fund shall be available only in the fiscal year in which they are advanced: *Provided further*, That final adjustments of advances in accordance with actual costs shall be effected wherever practicable with the appropriations from which such funds are advanced.

EDITORIAL NOTES

CODIFICATION

Section was not enacted as part of the Public Health Service Act which comprises this chapter.

AMENDMENTS

1970—Pub. L. 91-515 substituted "Secretary" for "Surgeon General" wherever appearing.

§247. Assisting veterans with military emergency medical training to meet requirements for becoming civilian health care professionals

(a) Program

(1) In general

The Secretary may establish a program, in consultation with the Secretary of Labor, consisting of awarding demonstration grants to States to streamline State requirements and procedures in order to assist veterans who held certain military occupational specialties related to medical care or who have completed certain medical training while serving in the Armed Forces of the United States to meet certification, licensure, and other requirements applicable to civilian health care professions (such as emergency medical technician, paramedic, licensed practical nurse, registered nurse, physical therapy assistant, or physician assistant professions) in the State.

(2) Consultation and collaboration

In determining the eligible military occupational specialties or training courses and the assistance required as described in paragraph (1), the Secretary shall consult with the Secretary of Defense, the Secretary of Veterans Affairs, and the Assistant Secretary of Labor for Veterans' Employment and Training, and shall collaborate with the initiatives carried out under section 4114 of title 38 and sections 1142 through 1144 of title 10.

(b) Use of funds

Amounts received as a demonstration grant under this section shall be used to—

(1) prepare and implement a plan to streamline State requirements and procedures as described in subsection (a), including by—

(A) determining the extent to which the requirements for the education, training, and skill level of civilian health care professions (such as emergency medical technicians, paramedics, licensed practical nurses, registered nurses, physical therapy assistants, or physician assistants) in the State are equivalent to requirements for the education, training, and skill level of veterans who served in medical related fields while a member of the Armed Forces of the United States; and

(B) identifying methods, such as waivers, for veterans who served in medical related fields while a member of the Armed Forces of the United States to forgo or meet any such equivalent State requirements; and

(2) if necessary to meet workforce shortages or address gaps in education, training, or skill level to meet certification, licensure or other requirements applicable to becoming a civilian health care professional (such as an emergency medical technician, paramedic, licensed practical nurse, registered nurse, physical therapy assistant, or physician assistant professions) in the State, develop or expand career pathways at institutions of higher education to support veterans in meeting such requirements.

(c) Report

Upon the completion of the demonstration program under this section, the Secretary shall submit to Congress a report on the program.

(d) Funding

No additional funds are authorized to be appropriated for the purpose of carrying out this section. This section shall be carried out using amounts otherwise available for such purpose.

(e) Sunset

The demonstration program under this section shall not exceed 5 years.

§247a. Family support groups for Alzheimer's disease patients

(a) Establishment; priorities

Subject to available appropriations, the Secretary, acting through the National Institute of Mental Health, the National Institutes of Health, and the Administration on Aging, shall promote the establishment of family support groups to provide, without charge, educational, emotional, and practical support to assist individuals with Alzheimer's disease or a related memory disorder and

members of the families of such individuals. In promoting the establishment of such groups, the Secretary shall give priority to—

- (1) university medical centers and other appropriate health care facilities which receive Federal funds from the Secretary and which conduct research on Alzheimer's disease or provide services to individuals with such disease; and
- (2) community-based programs which receive funds from the Secretary, acting through the Administration on Aging.

(b) National network to coordinate groups

The Secretary shall promote the establishment of a national network to coordinate the family support groups described in subsection (a).

AMENDMENTS

1993—Subsec. (c). Pub. L. 103–43 struck out subsec. (c) which read as follows: "The Secretary shall report to Congress, not later than one year after May 23, 1986, on family support groups and the network of such groups established pursuant to this section."

§247b. Project grants for preventive health services

(a) Grant authority

The Secretary may make grants to States, and in consultation with State health authorities, to political subdivisions of States and to other public entities to assist them in meeting the costs of establishing and maintaining preventive health service programs.

(b) Application

No grant may be made under section (a) ¹ unless an application therefor has been submitted to, and approved by, the Secretary. Such an application shall be in such form and be submitted in such manner as the Secretary shall by regulation prescribe and shall provide—

- (1) a complete description of the type and extent of the program for which the applicant is seeking a grant under subsection (a);
- (2) with respect to each such program (A) the amount of Federal, State, and other funds obligated by the applicant in its latest annual accounting period for the provision of such program, (B) a description of the services provided by the applicant in such program in such period, (C) the amount of Federal funds needed by the applicant to continue providing such services in such program, and (D) if the applicant proposes changes in the provision of the services in such program, the priorities of such proposed changes, reasons for such changes, and the amount of Federal funds needed by the applicant to make such changes;
- (3) assurances satisfactory to the Secretary that the program which will be provided with funds under a grant under subsection (a) will be provided in a manner consistent with the State health

plan in effect under section 300m-3(c) ² of this title and in those cases where the applicant is a State, that such program will be provided, where appropriate, in a manner consistent with any plans in effect under an application approved under section 247 ² of this title;

(4) assurances satisfactory to the Secretary that the applicant will provide for such fiscal control and fund accounting procedures as the Secretary by regulation prescribes to assure the proper disbursement of and accounting for funds received under grants under subsection (a);

(5) assurances satisfactory to the Secretary that the applicant will provide for periodic evaluation of its program or programs;

(6) assurances satisfactory to the Secretary that the applicant will make such reports (in such form and containing such information as the Secretary may by regulation prescribe) as the Secretary may reasonably require and keep such records and afford such access thereto as the Secretary may find necessary to assure the correctness of, and to verify, such reports;

(7) assurances satisfactory to the Secretary that the applicant will comply with any other conditions imposed by this section with respect to grants; and

(8) such other information as the Secretary may by regulation prescribe.

(c) Approval; annual project review

(1) The Secretary shall not approve an application submitted under subsection (b) for a grant for a program for which a grant was previously made under subsection (a) unless the Secretary determines—

(A) the program for which the application was submitted is operating effectively to achieve its stated purpose,

(B) the applicant complied with the assurances provided the Secretary when applying for such previous grant, and

(C) the applicant will comply with the assurances provided with the application.

(2) The Secretary shall review annually the activities undertaken by each recipient of a grant under subsection (a) to determine if the program assisted by such grant is operating effectively to achieve its stated purposes and if the recipient is in compliance with the assurances provided the Secretary when applying for such grant.

(d) Amount of grant; payment

The amount of a grant under subsection (a) shall be determined by the Secretary. Payments under such grants may be made in advance on the basis of estimates or by the way of reimbursement, with necessary adjustments on account of underpayments or overpayments, and in such installments and on such terms and conditions as the Secretary finds necessary to carry out the purposes of such grants.

(e) Reduction

The Secretary, at the request of a recipient of a grant under subsection (a), may reduce the amount of such grant by—

(1) the fair market value of any supplies (including vaccines and other preventive agents) or equipment furnished the grant recipient, and

(2) the amount of the pay, allowances, and travel expenses of any officer or employee of the Government when detailed to the grant recipient and the amount of any other costs incurred in connection with the detail of such officer or employee,

when the furnishing of such supplies or equipment or the detail of such an officer or employee is for the convenience of and at the request of such grant recipient and for the purpose of carrying out a program with respect to which the grant under subsection (a) is made. The amount by which any such grant is so reduced shall be available for payment by the Secretary of the costs incurred in furnishing the supplies or equipment, or in detailing the personnel, on which the reduction of such grant is based, and such amount shall be deemed as part of the grant and shall be deemed to have been paid to the grant recipient.

(f) Recordkeeping; audit authority

(1) Each recipient of a grant under subsection (a) shall keep such records as the Secretary shall by regulation prescribe, including records which fully disclose the amount and disposition by such recipient of the proceeds of such grant, the total cost of the undertaking in connection with which such grant was made, and the amount of that portion of the cost of the undertaking supplied by other sources, and such other records as will facilitate an effective audit.

(2) The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipient of grants under subsection (a) that are pertinent to such grants.

(g) Use of grant funds; mandatory treatment prohibited

(1) Nothing in this section shall limit or otherwise restrict the use of funds which are granted to a State or to an agency or a political subdivision of a State under provisions of Federal law (other than this section) and which are available for the conduct of preventive health service programs from being used in connection with programs assisted through grants under subsection (a).

(2) Nothing in this section shall be construed to require any State or any agency or political subdivision of a State to have a preventive health service program which would require any person, who objects to any treatment provided under such a program, to be treated or to have any child or ward treated under such program.

(h) Reports

The Secretary shall include, as part of the report required by section 300u-4 of this title, a report on the extent of the problems presented by the diseases and conditions referred to in subsection (j); on the amount of funds obligated under grants under subsection (a) in the preceding fiscal year for each of the programs listed in subsection (j); and on the effectiveness of the activities assisted under grants under subsection (a) in controlling such diseases and conditions.

(i) Technical assistance

The Secretary may provide technical assistance to States, State health authorities, and other public entities in connection with the operation of their preventive health service programs.

(j) Authorization of appropriations

(1) Except for grants for immunization programs the authorization of appropriations for which are established in paragraph (2), for grants under subsections (a) and (k)(1) for preventive health service programs to immunize without charge children, adolescents, and adults against vaccine-preventable diseases, there are authorized to be appropriated such sums as may be necessary. Not more than 10 percent of the total amount appropriated under the preceding sentence for any fiscal year shall be available for grants under subsection (k)(1) for such fiscal year.

(2) For grants under subsection (a) for preventive health service programs for the provision without charge of immunizations with vaccines approved for use, and recommended for routine use, there are authorized to be appropriated such sums as may be necessary.

(k) Additional grants to States, political subdivisions, and other public and nonprofit private entities

(1) The Secretary may make grants to States, political subdivisions of States, and other public and nonprofit private entities for—

(A) research into the prevention and control of diseases that may be prevented through vaccination;

(B) demonstration projects for the prevention and control of such diseases;

(C) public information and education programs for the prevention and control of such diseases;

(D) education, training, and clinical skills improvement activities in the prevention and control of such diseases for health professionals (including allied health personnel);

(E) planning, implementation, and evaluation of activities to address vaccine-preventable diseases, including activities to—

(i) identify communities at high risk of outbreaks related to vaccine-preventable diseases,

including through improved data collection and analysis;

(ii) pilot innovative approaches to improve vaccination rates in communities and among populations with low rates of vaccination;

(iii) reduce barriers to accessing vaccines and evidence-based information about the health effects of vaccines;

(iv) partner with community organizations and health care providers to develop and deliver evidence-based interventions, including culturally and linguistically appropriate interventions, to increase vaccination rates;

(v) improve delivery of evidence-based vaccine-related information to parents and others; and

(vi) improve the ability of State, local, Tribal, and territorial public health departments to engage communities at high risk for outbreaks related to vaccine-preventable diseases, including, as appropriate, with local educational agencies, as defined in section 7801 of title 20; and

(F) research related to strategies for improving awareness of scientific and evidence-based vaccine-related information, including for communities with low rates of vaccination, in order to understand barriers to vaccination, improve vaccination rates, and assess the public health outcomes of such strategies.

(2) The Secretary may make grants to States, political subdivisions of States, and other public and nonprofit private entities for—

(A) research into the prevention and control of diseases and conditions;

(B) demonstration projects for the prevention and control of such diseases and conditions;

(C) public information and education programs for the prevention and control of such diseases and conditions; and

(D) education, training, and clinical skills improvement activities in the prevention and control of such diseases and conditions for health professionals (including allied health personnel).

(3) No grant may be made under this subsection unless an application therefor is submitted to the Secretary in such form, at such time, and containing such information as the Secretary may by regulation prescribe.

(4) Subsections (d), (e), and (f) of this section shall apply to grants under this subsection in the same manner as such subsections apply to grants under subsection (a) of this section.

(l) Authority to purchase recommended vaccines for adults

(1) In general

The Secretary may negotiate and enter into contracts with manufacturers of vaccines for the purchase and delivery of vaccines for adults as provided for under subsection (e).

(2) State purchase

A State may obtain additional quantities of such adult vaccines (subject to amounts specified to the Secretary by the State in advance of negotiations) through the purchase of vaccines from manufacturers at the applicable price negotiated by the Secretary under this subsection.

(m) Demonstration program to improve immunization coverage

(1) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall establish a demonstration program to award grants to States to improve the provision of recommended immunizations for children, adolescents, and adults through the use of evidence-based, population-based interventions for high-risk populations.

(2) State plan

To be eligible for a grant under paragraph (1), a State shall submit to the Secretary an

application at such time, in such manner, and containing such information as the Secretary may require, including a State plan that describes the interventions to be implemented under the grant and how such interventions match with local needs and capabilities, as determined through consultation with local authorities.

(3) Use of funds

Funds received under a grant under this subsection shall be used to implement interventions that are recommended by the Task Force on Community Preventive Services (as established by the Secretary, acting through the Director of the Centers for Disease Control and Prevention) or other evidence-based interventions, including—

- (A) providing immunization reminders or recalls for target populations of clients, patients, and consumers;
- (B) educating targeted populations and health care providers concerning immunizations in combination with one or more other interventions;
- (C) reducing out-of-pocket costs for families for vaccines and their administration;
- (D) carrying out immunization-promoting strategies for participants or clients of public programs, including assessments of immunization status, referrals to health care providers, education, provision of on-site immunizations, or incentives for immunization;
- (E) providing for home visits that promote immunization through education, assessments of need, referrals, provision of immunizations, or other services;
- (F) providing reminders or recalls for immunization providers;
- (G) conducting assessments of, and providing feedback to, immunization providers;
- (H) any combination of one or more interventions described in this paragraph; or
- (I) immunization information systems to allow all States to have electronic databases for immunization records.

(4) Consideration

In awarding grants under this subsection, the Secretary shall consider any reviews or recommendations of the Task Force on Community Preventive Services.

(5) Evaluation

Not later than 3 years after the date on which a State receives a grant under this subsection, the State shall submit to the Secretary an evaluation of progress made toward improving immunization coverage rates among high-risk populations within the State.

(6) Report to Congress

Not later than 4 years after March 23, 2010,² the Secretary shall submit to Congress a report concerning the effectiveness of the demonstration program established under this subsection together with recommendations on whether to continue and expand such program.

(7) Authorization of appropriations

There is authorized to be appropriated to carry out this subsection, such sums as may be necessary for each of fiscal years 2010 through 2014.

(n) Vaccination data

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall expand and enhance, and, as appropriate, establish and improve, programs and conduct activities to collect, monitor, and analyze vaccination coverage data to assess levels of protection from vaccine-preventable diseases, including by assessing factors contributing to underutilization of vaccines and variations of such factors, and identifying communities at high risk of outbreaks associated with vaccine-preventable diseases.

§247b–1. Screenings, referrals, and education regarding lead poisoning

(a) Authority for grants

(1) In general

Subject to paragraph (2), the Secretary, acting through the Director of the Centers for Disease Control and Prevention, may make grants to States and political subdivisions of States for the initiation and expansion of community programs designed—

(A) to provide, for infants and children—

- (i) screening for elevated blood lead levels;
- (ii) referral for treatment of such levels; and
- (iii) referral for environmental intervention associated with such levels; and

(B) to provide education about childhood lead poisoning.

(2) Authority regarding certain entities

With respect to a geographic area with a need for activities authorized in paragraph (1), in any case in which neither the State nor the political subdivision in which such area is located has applied for a grant under paragraph (1), the Secretary may make a grant under such paragraph to any grantee under section 254b, 254b, or 256a of this title ¹ for carrying out such activities in the area.

(3) Provision of all services and activities through each grantee

In making grants under paragraph (1), the Secretary shall ensure that each of the activities described in such paragraph is provided through each grantee under such paragraph. The Secretary may authorize such a grantee to provide the services and activities directly, or through arrangements with other providers.

(b) Status as medicaid provider

(1) In general

Subject to paragraph (2), the Secretary may not make a grant under subsection (a) unless, in the case of any service described in such subsection that is made available pursuant to the State plan approved under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] for the State involved—

- (A) the applicant for the grant will provide the service directly, and the applicant has entered into a participation agreement under the State plan and is qualified to receive payments under

such plan; or

(B) the applicant will enter into an agreement with a provider under which the provider will provide the service, and the provider has entered into such a participation agreement and is qualified to receive such payments.

(2) Waiver regarding certain secondary agreements

(A) In the case of a provider making an agreement pursuant to paragraph (1)(B) regarding the provision of services, the requirement established in such paragraph regarding a participation agreement shall be waived by the Secretary if the provider does not, in providing health care services, impose a charge or accept reimbursement available from any third-party payor, including reimbursement under any insurance policy or under any Federal or State health benefits plan.

(B) A determination by the Secretary of whether a provider referred to in subparagraph (A) meets the criteria for a waiver under such subparagraph shall be made without regard to whether the provider accepts voluntary donations regarding the provision of services to the public.

(c) Priority in making grants

In making grants under subsection (a), the Secretary shall give priority to applications for programs that will serve areas with a high incidence of elevated blood lead levels in infants and children.

(d) Grant application

No grant may be made under subsection (a), unless an application therefor has been submitted to, and approved by, the Secretary. Such an application shall be in such form and shall be submitted in such manner as the Secretary shall prescribe and shall include each of the following:

(1) A complete description of the program which is to be provided by or through the applicant.

(2) Assurances satisfactory to the Secretary that the program to be provided under the grant applied for will include educational programs designed to—

(A) communicate to parents, educators, and local health officials the significance and prevalence of lead poisoning in infants and children (including the sources of lead exposure, the importance of screening young children for lead, and the preventive steps that parents can take in reducing the risk of lead poisoning) which the program is designed to detect and prevent; and

(B) communicate to health professionals and paraprofessionals updated knowledge concerning lead poisoning and research (including the health consequences, if any, of low-level lead burden; the prevalence of lead poisoning among all socioeconomic groupings; the benefits of expanded lead screening; and the therapeutic and other interventions available to prevent and combat lead poisoning in affected children and families).

(3) Assurances satisfactory to the Secretary that the applicant will report on a quarterly basis the number of infants and children screened for elevated blood lead levels, the number of infants and children who were found to have elevated blood lead levels, the number and type of medical referrals made for such infants and children, the outcome of such referrals, and other information to measure program effectiveness.

(4) Assurances satisfactory to the Secretary that the applicant will make such reports respecting the program involved as the Secretary may require.

(5) Assurances satisfactory to the Secretary that the applicant will coordinate the activities carried out pursuant to subsection (a) with related activities and services carried out in the State by grantees under title V or XIX of the Social Security Act [42 U.S.C. 701 et seq., 1396 et seq.].

(6) Assurances satisfactory to the Secretary that Federal funds made available under such a grant for any period will be so used as to supplement and, to the extent practical, increase the level of State, local, and other non-Federal funds that would, in the absence of such Federal funds, be made available for the program for which the grant is to be made and will in no event supplant such State, local, and other non-Federal funds.

(7) Assurances satisfactory to the Secretary that the applicant will ensure complete and consistent reporting of all blood lead test results from laboratories and health care providers to

State and local health departments in accordance with guidelines of the Centers for Disease Control and Prevention for standardized reporting as described in subsection (m).

(8) Such other information as the Secretary may prescribe.

(e) Relationship to services and activities under other programs

(1) In general

A recipient of a grant under subsection (a) may not make payments from the grant for any service or activity to the extent that payment has been made, or can reasonably be expected to be made, with respect to such service or activity—

(A) under any State compensation program, under an insurance policy, or under any Federal or State health benefits program; or

(B) by an entity that provides health services on a prepaid basis.

(2) Applicability to certain secondary agreements for provision of services

Paragraph (1) shall not apply in the case of a provider through which a grantee under subsection (a) provides services under such subsection if the Secretary has provided a waiver under subsection (b)(2) regarding the provider.

(f) Method and amount of payment

The Secretary shall determine the amount of a grant made under subsection (a). Payments under such grants may be made in advance on the basis of estimates or by way of reimbursement, with necessary adjustments on account of underpayments or overpayments, and in such installments and on such terms and conditions as the Secretary finds necessary to carry out the purposes of such grants. Not more than 10 percent of any grant may be obligated for administrative costs.

(g) Supplies, equipment, and employee detail

The Secretary, at the request of a recipient of a grant under subsection (a), may reduce the amount of such grant by—

(1) the fair market value of any supplies or equipment furnished the grant recipient; and

(2) the amount of the pay, allowances, and travel expenses of any officer or employee of the Government when detailed to the grant recipient and the amount of any other costs incurred in connection with the detail of such officer or employee;

when the furnishing of such supplies or equipment or the detail of such an officer or employee is for the convenience of and at the request of such grant recipient and for the purpose of carrying out a program with respect to which the grant under subsection (a) is made. The amount by which any such grant is so reduced shall be available for payment by the Secretary of the costs incurred in furnishing the supplies or equipment, or in detailing the personnel, on which the reduction of such grant is based, and such amount shall be deemed as part of the grant and shall be deemed to have been paid to the grant recipient.

(h) Records

Each recipient of a grant under subsection (a) shall keep such records as the Secretary shall prescribe, including records which fully disclose the amount and disposition by such recipient of the proceeds of such grant, the total cost of the undertaking in connection with which such grant was made, and the amount of that portion of the cost of the undertaking supplied by other sources, and such other records as will facilitate an effective audit.

(i) Audit and examination of records

The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipient of a grant under subsection (a), that are pertinent to such grant.

(j) Annual report

(1) In general

Not later than May 1 of each year, the Secretary shall submit to the Congress a report on the effectiveness during the preceding fiscal year of programs carried out with grants under subsection (a) and of any programs that are carried out by the Secretary pursuant to subsection (1)(2).

(2) Certain requirements

Each report under paragraph (1) shall include, in addition to any other information that the Secretary may require, the following information:

(A) The number of infants and children screened.

(B) Demographic information on the population of infants and children screened, including the age and racial or ethnic status of such population.

(C) The number of screening sites.

(D) A description of the severity of the extent of the blood lead levels of the infants and children screened, expressed in categories of severity.

(E) The sources of payment for the screenings.

(F) The number of grantees that have established systems to ensure mandatory reporting of all blood lead tests from laboratories and health care providers to State and local health departments.

(G) A comparison of the data provided pursuant to subparagraphs (A) through (F) with the equivalent data, if any, provided in the report under paragraph (1) preceding the report involved.

(k) Indian tribes

For purposes of this section, the term "political subdivision" includes Indian tribes.

(l) Funding

(1) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated \$40,000,000 for fiscal year 1993, and such sums as may be necessary for each of the fiscal years 1994 through 2005.

(2) Allocation for other programs

Of the amounts appropriated under paragraph (1) for any fiscal year, the Secretary may reserve not more than 20 percent for carrying out programs regarding the activities described in subsection (a) in addition to the program of grants established in such subsection.

(m) Guidelines for standardized reporting

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall develop national guidelines for the uniform reporting of all blood lead test results to State and local health departments.

A prior section 247b-1, Pub. L. 95-626, title IV, §401, Nov. 10, 1978, 92 Stat. 3590; S. Res. 30, Mar. 7, 1979; Pub. L. 96-88, title V, §509(b), Oct. 17, 1979, 93 Stat. 695; H. Res. 549, Mar. 25, 1980, related to demonstration and evaluation of optimal methods for organizing and delivering comprehensive preventive health services to defined populations, prior to repeal by Pub. L. 97-35, title IX, §902(a), (h), Aug. 13, 1981, 95 Stat. 559, 561, eff. Oct. 1, 1981.

AMENDMENTS

2003—Subsec. (a)(2). Pub. L. 108-163 substituted "254b" for "254c, 254b(h)" before ", or".

2002—Subsec. (a)(2). Pub. L. 107-251 substituted "254b(h)" for "256".

2000—Subsec. (d)(7), (8). Pub. L. 106-310, §2501(a)(1), added par. (7) and redesignated former par. (7) as (8).

Subsec. (j)(2)(F), (G). Pub. L. 106-310, §2501(a)(2), added subpar. (F), redesignated former subpar. (F) as (G), and substituted "(F)" for "(E)".

Subsec. (l)(1). Pub. L. 106-310, §2504, substituted "1994 through 2005" for "1994 through 2002".

Subsec. (m). Pub. L. 106-310, §2501(b), added subsec. (m).

1998—Subsec. (l)(1). Pub. L. 105-392 substituted "2002" for "1998".

1993—Subsec. (l)(1). Pub. L. 103-183 substituted "through 1998" for "through 1997".

1992—Pub. L. 102-531 amended section generally, substituting present provisions for provisions relating to grants to States for lead poisoning prevention, grant applications, conditions for approval, method and amount of payment, reduction of amount, recordkeeping and audits, inclusion of Indian tribes as grant recipients, and authorization of appropriations.

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE OF 2003 AMENDMENT

Amendment by Pub. L. 108-163 deemed to have taken effect immediately after the enactment of Pub. L. 107-251, see section 3 of Pub. L. 108-163, set out as a note under section 233 of this title.

DEVELOPMENT AND IMPLEMENTATION OF EFFECTIVE DATA MANAGEMENT BY THE CENTERS FOR DISEASE CONTROL AND PREVENTION

Pub. L. 106-310, div. A, title XXV, §2501(c), Oct. 17, 2000, 114 Stat. 1161, provided that:

"(1) IN GENERAL.—The Director of the Centers for Disease Control and Prevention shall—

"(A) assist with the improvement of data linkages between State and local health departments and between State health departments and the Centers for Disease Control and Prevention;

"(B) assist States with the development of flexible, comprehensive State-based data management systems for the surveillance of children with lead poisoning that have the capacity to contribute to a national data set;

"(C) assist with the improvement of the ability of State-based data management systems and federally-funded means-tested public benefit programs (including the special supplemental food program for women, infants and children (WIC) under section 17 of the Child Nutrition Act of 1966 (42 U.S.C. 1786) and the early head start program under section 645A of the Head Start Act (42 U.S.C. 9840a(h)) to respond to ad hoc inquiries and generate progress reports regarding the lead blood level screening of children enrolled in those programs;

"(D) assist States with the establishment of a capacity for assessing how many children enrolled in the Medicaid, WIC, early head start, and other federally-funded means-tested public benefit programs are being screened for lead poisoning at age-appropriate intervals;

"(E) use data obtained as result of activities under this section to formulate or revise existing lead blood screening and case management policies; and

"(F) establish performance measures for evaluating State and local implementation of the requirements and improvements described in subparagraphs (A) through (E).

"(2) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this subsection such sums as may be necessary for each [sic] the fiscal years 2001 through 2005.

"(3) EFFECTIVE DATE.—This subsection takes effect on the date of the enactment of this Act [Oct. 17,

2000]."

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE OF REPEAL

Repeal effective Oct. 1, 1981, see section 902(h) of Pub. L. 97–35, set out as an Effective Date of 1981 Amendment note under section 300aaa–12 of this title.

§247b–3. Education, technology assessment, and epidemiology regarding lead poisoning

(a) Prevention

(1) Public education

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall carry out a program to educate health professionals and paraprofessionals and the general public on the prevention of lead poisoning in infants and children. In carrying out the program, the Secretary shall make available information concerning the health effects of low-level lead toxicity, the causes of lead poisoning, and the primary and secondary preventive measures that may be taken to prevent such poisoning.

(2) Interagency Task Force

(A) Not later than 6 months after October 27, 1992, the Secretary shall establish a council to be known as the Interagency Task Force on the Prevention of Lead Poisoning (in this paragraph referred to as the "Task Force"). The Task Force shall coordinate the efforts of Federal agencies to prevent lead poisoning.

(B) The Task Force shall be composed of—

(i) the Secretary, who shall serve as the chair of the Task Force;

(ii) the Secretary of Housing and Urban Development;

(iii) the Administrator of the Environmental Protection Agency; and

(iv) senior staff of each of the officials specified in clauses (i) through (iii), as selected by the officials respectively.

(C) The Task Force shall—

(i) review, evaluate, and coordinate current strategies and plans formulated by the officials serving as members of the Task Force, including—

(I) the plan of the Secretary of Health and Human Services entitled "Strategic Plan for the Elimination of Lead Poisoning", dated February 21, 1991;

(II) the plan of the Secretary of Housing and Urban Development entitled "Comprehensive and Workable Plan for the Abatement of Lead-Based Paint in Privately Owned Housing", dated December 7, 1990; and

(III) the strategy of the Administrator of the Environmental Protection Agency entitled "Strategy for Reducing Lead Exposures", dated February 21, 1991;

(ii) develop a unified implementation plan for programs that receive Federal financial

assistance for activities related to the prevention of lead poisoning;

(iii) establish a mechanism for sharing and disseminating information among the agencies represented on the Task Force;

(iv) identify the most promising areas of research and education concerning lead poisoning;

(v) identify the practical and technological constraints to expanding lead poisoning prevention;

(vi) annually carry out a comprehensive review of Federal programs providing assistance to prevent lead poisoning, and not later than May 1 of each year, submit to the Committee on Labor and Human Resources of the Senate and the Committee on the Environment and Public Works of the Senate, and to the Committee on Energy and Commerce of the House of Representatives, a report that summarizes the findings made as a result of such review and that contains the recommendations of the Task Force on the programs and policies with respect to which the Task Force is established, including related budgetary recommendations; and

(vii) annually review and coordinate departmental and agency budgetary requests with respect to all lead poisoning prevention activities of the Federal Government.

(b) Technology assessment and epidemiology

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall, directly or through grants or contracts—

(1) provide for the development of improved, more cost-effective testing measures for detecting lead toxicity in children;

(2) provide for the development of improved methods of assessing the prevalence of lead poisoning, including such methods as may be necessary to conduct individual assessments for each State;

(3) provide for the collection of data on the incidence and prevalence of lead poisoning of infants and children, on the demographic characteristics of infants and children with such poisoning (including racial and ethnic status), and on the source of payment for treatment for such poisoning (including the extent to which insurance has paid for such treatment); and

(4) provide for any applied research necessary to improve the effectiveness of programs for the prevention of lead poisoning in infants and children.

(July 1, 1944, ch. 373, title III, §317B, as added Pub. L. 102–531, title III, §303(b), Oct. 27, 1992, 106 Stat. 3488; amended Pub. L. 103–43, title XX, §2008(i)(1)(B)(i), June 10, 1993, 107 Stat. 212.)

EDITORIAL NOTES

AMENDMENTS

1993—Pub. L. 103–43 made technical amendment to directory language of Pub. L. 102–531, §303(b), which enacted this section.

STATUTORY NOTES AND RELATED SUBSIDIARIES

CHANGE OF NAME

Committee on Labor and Human Resources of Senate changed to Committee on Health, Education, Labor, and Pensions of Senate by Senate Resolution No. 20, One Hundred Sixth Congress, Jan. 19, 1999.

Committee on Energy and Commerce of House of Representatives treated as referring to Committee on Commerce of House of Representatives by section 1(a) of Pub. L. 104–14, set out as a note preceding section 21 of Title 2, The Congress. Committee on Commerce of House of Representatives changed to Committee on Energy and Commerce of House of Representatives, and jurisdiction over matters relating to securities and exchanges and insurance generally transferred to Committee on Financial Services of House of Representatives by House Resolution No. 5, One Hundred Seventh Congress, Jan. 3, 2001.

§247b–3a. Training and reports by the Health Resources and Services

Administration

(a) Training

The Secretary of Health and Human Services, acting through the Administrator of the Health Resources and Services Administration and in collaboration with the Administrator of the Centers for Medicare & Medicaid Services and the Director of the Centers for Disease Control and Prevention, shall conduct education and training programs for physicians and other health care providers regarding childhood lead poisoning, current screening and treatment recommendations and requirements, and the scientific, medical, and public health basis for those policies.

(b) Report

The Secretary of Health and Human Services, acting through the Administrator of the Health Resources and Services Administration, annually shall report to Congress on the number of children who received services through health centers established under section 254b of this title and received a blood lead screening test during the prior fiscal year, noting the percentage that such children represent as compared to all children who received services through such health centers.

(c) Authorization of appropriations

There are authorized to be appropriated to carry out this section such sums as may be necessary for each ¹ the fiscal years 2001 through 2005.

(Pub. L. 106–310, div. A, title XXV, §2503, Oct. 17, 2000, 114 Stat. 1163; Pub. L. 108–173, title IX, §900(e)(6)(E), Dec. 8, 2003, 117 Stat. 2374.)

EDITORIAL NOTES

CODIFICATION

Section was enacted as part of the Children's Health Act of 2000, and not as part of the Public Health Service Act which comprises this chapter.

AMENDMENTS

2003—Subsec. (a). Pub. L. 108–173 substituted "Centers for Medicare & Medicaid Services" for "Health Care Financing Administration".

¹ So in original. Probably should be followed by "of".

§247b–4. National Center on Birth Defects and Developmental Disabilities

(a) In general

(1) National Center

There is established within the Centers for Disease Control and Prevention a center to be known as the National Center on Birth Defects and Developmental Disabilities (referred to in this section as the "Center"), which shall be headed by a director appointed by the Director of the Centers for Disease Control and Prevention.

(2) General duties

The Secretary shall carry out programs—

(A) to collect, analyze, and make available data on birth defects, developmental disabilities, and disabilities and health (in a manner that facilitates compliance with subsection (c)(2)), including data on the causes of such defects and disabilities and on the incidence and prevalence of such defects and disabilities;

(B) to operate regional centers for the conduct of applied epidemiological research on the prevention of such defects and disabilities;

(C) to provide information and education to the public on the prevention of such defects and

disabilities;

(D) to conduct research on and to promote the prevention of such defects and disabilities, and secondary health conditions among individuals with disabilities; and

(E) to support a National Spina Bifida Program to prevent and reduce suffering from the Nation's most common permanently disabling birth defect.

(3) Folic acid

The Secretary shall carry out section 247b-11 of this title through the Center.

(4) Certain programs

(A) Transfers

All programs and functions described in subparagraph (B) are transferred to the Center, effective upon the expiration of the 180-day period beginning on October 17, 2000.

(B) Relevant programs

The programs and functions described in this subparagraph are all programs and functions that—

(i) relate to birth defects; folic acid; cerebral palsy; intellectual disabilities; child development; newborn screening; autism; fragile X syndrome; fetal alcohol syndrome; pediatric genetic disorders; disability prevention; or other relevant diseases, disorders, or conditions as determined ¹ the Secretary; and

(ii) were carried out through the National Center for Environmental Health as of the day before October 17, 2000.

(C) Related transfers

Personnel employed in connection with the programs and functions specified in subparagraph (B), and amounts available for carrying out the programs and functions, are transferred to the Center, effective upon the expiration of the 180-day period beginning on October 17, 2000. Such transfer of amounts does not affect the period of availability of the amounts, or the availability of the amounts with respect to the purposes for which the amounts may be expended.

(b) Grants and contracts

(1) In general

In carrying out subsection (a), the Secretary may make grants to and enter into contracts with public and nonprofit private entities.

(2) Supplies and services in lieu of award funds

(A) Upon the request of a recipient of an award of a grant or contract under paragraph (1), the Secretary may, subject to subparagraph (B), provide supplies, equipment, and services for the purpose of aiding the recipient in carrying out the purposes for which the award is made and, for such purposes, may detail to the recipient any officer or employee of the Department of Health and Human Services.

(B) With respect to a request described in subparagraph (A), the Secretary shall reduce the amount of payments under the award involved by an amount equal to the costs of detailing personnel and the fair market value of any supplies, equipment, or services provided by the Secretary. The Secretary shall, for the payment of expenses incurred in complying with such request, expend the amounts withheld.

(3) Application for award

The Secretary may make an award of a grant or contract under paragraph (1) only if an application for the award is submitted to the Secretary and the application is in such form, is made in such manner, and contains such agreements, assurances, and information as the Secretary determines to be necessary to carry out the purposes for which the award is to be made.

(c) Biennial report

Not later than February 1 of fiscal year 1999 and of every second such year thereafter, the Secretary shall submit to the Committee on Commerce of the House of Representatives, and the Committee on Labor and Human Resources of the Senate, a report that, with respect to the preceding 2 fiscal years—

(1) contains information regarding the incidence and prevalence of birth defects, developmental disabilities, and the health status of individuals with disabilities and the extent to which these conditions have contributed to the incidence and prevalence of infant mortality and affected quality of life;

(2) contains information under paragraph (1) that is specific to various racial and ethnic groups (including Hispanics, non-Hispanic whites, Blacks, Native Americans, and Asian Americans);

(3) contains an assessment of the extent to which various approaches of preventing birth defects, developmental disabilities, and secondary health conditions among individuals with disabilities have been effective;

(4) describes the activities carried out under this section;

(5) contains information on the incidence and prevalence of individuals living with birth defects and disabilities or developmental disabilities, information on the health status of individuals with disabilities, information on any health disparities experienced by such individuals, and recommendations for improving the health and wellness and quality of life of such individuals;

(6) contains a summary of recommendations from all birth defects research conferences sponsored by the Centers for Disease Control and Prevention, including conferences related to spina bifida; and

(7) contains any recommendations of the Secretary regarding this section.

(d) Applicability of privacy laws

The provisions of this section shall be subject to the requirements of section 552a of title 5. All Federal laws relating to the privacy of information shall apply to the data and information that is collected under this section.

(e) Advisory committee

Notwithstanding any other provision of law, the members of the advisory committee appointed by the Director of the National Center for Environmental Health that have expertise in birth defects, developmental disabilities, and disabilities and health shall be transferred to and shall advise the National Center on Birth Defects and Developmental Disabilities effective on December 3, 2003.

(f) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of fiscal years 2003 through 2007.

(July 1, 1944, ch. 373, title III, §317C, as added Pub. L. 102–531, title III, §306(a), Oct. 27, 1992, 106 Stat. 3494; amended Pub. L. 103–43, title XX, §2008(i)(1)(B)(iii), June 10, 1993, 107 Stat. 213; Pub. L. 105–168, §2, Apr. 21, 1998, 112 Stat. 43; Pub. L. 106–310, div. A, title VI, §611, Oct. 17, 2000, 114 Stat. 1119; Pub. L. 108–154, §2, Dec. 3, 2003, 117 Stat. 1933; Pub. L. 111–256, §2(f)(1), Oct. 5, 2010, 124 Stat. 2644.)

EDITORIAL NOTES

AMENDMENTS

2010—Subsec. (a)(4)(B)(i). Pub. L. 111–256 substituted "intellectual disabilities;" for "mental retardation;".

2003—Subsec. (a)(2)(A). Pub. L. 108–154, §2(1)(A), substituted ", developmental disabilities, and disabilities and health" for "and developmental disabilities" and "subsection (c)(2)" for "subsection (d)(2)".

Subsec. (a)(2)(D), (E). Pub. L. 108–154, §2(1)(B)–(D), added subpars. (D) and (E).

Subsecs. (b), (c). Pub. L. 108–154, §2(2), (4), redesignated subsecs. (c) and (d) as (b) and (c), respectively, and struck out former subsec. (b) which related to additional provisions regarding collection of data.

Subsec. (d). Pub. L. 108–154, §2(4), redesignated subsec. (e) as (d). Former subsec. (d) redesignated (c).

Subsec. (d)(1). Pub. L. 108–154, §2(3)(A), added par. (1) and struck out former par. (1) which read as follows: "contains information regarding the incidence and prevalence of birth defects and the extent to which

birth defects have contributed to the incidence and prevalence of infant mortality;"

Subsec. (d)(3). Pub. L. 108–154, §2(3)(B), inserted ", developmental disabilities, and secondary health conditions among individuals with disabilities" after "defects".

Subsec. (d)(5) to (7). Pub. L. 108–154, §2(3)(C)–(E), added pars. (5) and (6) and redesignated former par. (5) as (7).

Subsec. (e). Pub. L. 108–154, §2(5), added subsec. (e). Former subsec. (e) redesignated (d).

Subsec. (f). Pub. L. 108–154, §2(6) substituted "such sums as may be necessary for each of fiscal years 2003 through 2007." for "\$30,000,000 for fiscal year 1999, \$40,000,000 for fiscal year 2000, and such sums as may be necessary for each of the fiscal years 2001 and 2002."

2000—Pub. L. 106–310, §611(1), substituted "National Center on Birth Defects and Developmental Disabilities" for "Programs regarding birth defects" in section catchline.

Subsec. (a). Pub. L. 106–310, §611(2), added subsec. (a) and struck out heading and text of former subsec. (a) relating to Secretary's responsibility, acting through the Centers for Disease Control and Prevention, to carry out programs regarding birth defects.

Subsec. (b)(1). Pub. L. 106–310, §611(3), substituted "subsection (a)(2)(A) of this section" for "subsection (a)(1) of this section" in introductory provisions.

1998—Pub. L. 105–168 amended section generally, substituting present provisions for provisions which directed Secretary to encourage and assist States in collection and analysis of epidemiological data on birth defects and to establish and maintain National Information Clearinghouse on Birth Defects, required report not later than July 1, 1993, and biennially thereafter, and authorized appropriations for fiscal years 1993, 1994, and 1995.

1993—Pub. L. 103–43 made technical amendment to directory language of Pub. L. 102–531, §306(a), which enacted this section.

STATUTORY NOTES AND RELATED SUBSIDIARIES

CHANGE OF NAME

Committee on Commerce of House of Representatives changed to Committee on Energy and Commerce of House of Representatives, and jurisdiction over matters relating to securities and exchanges and insurance generally transferred to Committee on Financial Services of House of Representatives by House Resolution No. 5, One Hundred Seventh Congress, Jan. 3, 2001.

Committee on Labor and Human Resources of Senate changed to Committee on Health, Education, Labor, and Pensions of Senate by Senate Resolution No. 20, One Hundred Sixth Congress, Jan. 19, 1999.

CONGRESSIONAL FINDINGS

Pub. L. 105–168, §1(b), Apr. 21, 1998, 112 Stat. 43, provided that: "Congress makes the following findings:

"(1) Birth defects are the leading cause of infant mortality, directly responsible for one out of every five infant deaths.

"(2) Thousands of the 150,000 infants born with a serious birth defect annually face a lifetime of chronic disability and illness.

"(3) Birth defects threaten the lives of infants of all racial and ethnic backgrounds. However, some conditions pose excess risks for certain populations. For example, compared to all infants born in the United States, Hispanic-American infants are more likely to be born with anencephaly spina bifida and other neural tube defects and African-American infants are more likely to be born with sickle-cell anemia.

"(4) Birth defects can be caused by exposure to environmental hazards, adverse health conditions during pregnancy, or genetic mutations. Prevention efforts are slowed by lack of information about the number and causes of birth defects. Outbreaks of birth defects may go undetected because surveillance and research efforts are underdeveloped and poorly coordinated.

"(5) Public awareness strategies, such as programs using folic acid vitamin supplements to prevent spina bifida and alcohol avoidance programs to prevent Fetal Alcohol Syndrome, are essential to prevent the heartache and costs associated with birth defects."

DEFINITIONS

For meaning of references to an intellectual disability and to individuals with intellectual disabilities in provisions amended by section 2 of Pub. L. 111–256, see section 2(k) of Pub. L. 111–256, set out as a note under section 1400 of Title 20, Education.

§247b–4a. Early detection, diagnosis, and interventions for newborns and infants with hearing loss

(a) Definitions

For the purposes of this section only, the following terms in this section are defined as follows:

(1) Hearing screening

Newborn and infant hearing screening consists of objective physiologic procedures to detect possible hearing loss and to identify newborns and infants who, after rescreening, require further audiologic and medical evaluations.

(2) Audiologic evaluation

Audiologic evaluation consists of procedures to assess the status of the auditory system; to establish the site of the auditory disorder; the type and degree of hearing loss, and the potential effects of hearing loss on communication; and to identify appropriate treatment and referral options. Referral options should include linkage to State IDEA part C coordinating agencies or other appropriate agencies, medical evaluation, hearing aid/sensory aid assessment, audiologic rehabilitation treatment, national and local consumer, self-help, parent, and education organizations, and other family-centered services.

(3) Medical evaluation

Medical evaluation by a physician consists of key components including history, examination, and medical decision making focused on symptomatic and related body systems for the purpose of diagnosing the etiology of hearing loss and related physical conditions, and for identifying appropriate treatment and referral options.

(4) Medical intervention

Medical intervention is the process by which a physician provides medical diagnosis and direction for medical and/or surgical treatment options of hearing loss and/or related medical disorder associated with hearing loss.

(5) Audiologic rehabilitation

Audiologic rehabilitation (intervention) consists of procedures, techniques, and technologies to facilitate the receptive and expressive communication abilities of a child with hearing loss.

(6) Early intervention

Early intervention (e.g., nonmedical) means providing appropriate services for the child with hearing loss and ensuring that families of the child are provided comprehensive, consumer-oriented information about the full range of family support, training, information services, communication options and are given the opportunity to consider the full range of educational and program placements and options for their child.

(b) Purposes

The purposes of this section are to clarify the authority within the Public Health Service Act [42 U.S.C. 201 et seq.] to authorize statewide newborn and infant hearing screening, evaluation and intervention programs and systems, technical assistance, a national applied research program, and interagency and private sector collaboration for policy development, in order to assist the States in making progress toward the following goals:

(1) All babies born in hospitals in the United States and its territories should have a hearing screening before leaving the birthing facility. Babies born in other countries and residing in the United States via immigration or adoption should have a hearing screening as early as possible.

(2) All babies who are not born in hospitals in the United States and its territories should have a

hearing screening within the first 3 months of life.

(3) Appropriate audiologic and medical evaluations should be conducted by 3 months for all newborns and infants suspected of having hearing loss to allow appropriate referral and provisions for audiologic rehabilitation, medical and early intervention before the age of 6 months.

(4) All newborn and infant hearing screening programs and systems should include a component for audiologic rehabilitation, medical and early intervention options that ensures linkage to any new and existing statewide systems of intervention and rehabilitative services for newborns and infants with hearing loss.

(5) Public policy in regard to newborn and infant hearing screening and intervention should be based on applied research and the recognition that newborns, infants, toddlers, and children who are deaf or hard-of-hearing have unique language, learning, and communication needs, and should be the result of consultation with pertinent public and private sectors.

(c) Statewide newborn and infant hearing screening, evaluation and intervention programs and systems

Under the existing authority of the Public Health Service Act [42 U.S.C. 201 et seq.], the Secretary of Health and Human Services (in this section referred to as the "Secretary"), acting through the Administrator of the Health Resources and Services Administration, shall make awards of grants or cooperative agreements to develop statewide newborn and infant hearing screening, evaluation and intervention programs and systems for the following purposes:

(1) To develop and monitor the efficacy of statewide newborn and infant hearing screening, evaluation and intervention programs and systems. Early intervention includes referral to schools and agencies, including community, consumer, and parent-based agencies and organizations and other programs mandated by part C of the Individuals with Disabilities Education Act [20 U.S.C. 1431 et seq.], which offer programs specifically designed to meet the unique language and communication needs of deaf and hard-of-hearing newborns, infants, toddlers, and children.

(2) To collect data on statewide newborn and infant hearing screening, evaluation and intervention programs and systems that can be used for applied research, program evaluation and policy development.

(d) Technical assistance, data management, and applied research

(1) Centers for Disease Control and Prevention

Under the existing authority of the Public Health Service Act [42 U.S.C. 201 et seq.], the Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall make awards of grants or cooperative agreements to provide technical assistance to State agencies to complement an intramural program and to conduct applied research related to newborn and infant hearing screening, evaluation and intervention programs and systems. The program shall develop standardized procedures for data management and program effectiveness and costs, such as—

(A) to ensure quality monitoring of newborn and infant hearing loss screening, evaluation, and intervention programs and systems;

(B) to provide technical assistance on data collection and management;

(C) to study the costs and effectiveness of newborn and infant hearing screening, evaluation and intervention programs and systems conducted by State-based programs in order to answer issues of importance to State and national policymakers;

(D) to identify the causes and risk factors for congenital hearing loss;

(E) to study the effectiveness of newborn and infant hearing screening, audiologic and medical evaluations and intervention programs and systems by assessing the health, intellectual and social developmental, cognitive, and language status of these children at school age; and

(F) to promote the sharing of data regarding early hearing loss with State-based birth defects and developmental disabilities monitoring programs for the purpose of identifying previously unknown causes of hearing loss.

(2) National Institutes of Health

Under the existing authority of the Public Health Service Act, the Director of the National Institutes of Health, acting through the Director of the National Institute on Deafness and Other Communication Disorders, shall for purposes of this section, continue a program of research and development on the efficacy of new screening techniques and technology, including clinical studies of screening methods, studies on efficacy of intervention, and related research.

(e) Coordination and collaboration

(1) In general

Under the existing authority of the Public Health Service Act [42 U.S.C. 201 et seq.], in carrying out programs under this section, the Administrator of the Health Resources and Services Administration, the Director of the Centers for Disease Control and Prevention, and the Director of the National Institutes of Health shall collaborate and consult with other Federal agencies; State and local agencies, including those responsible for early intervention services pursuant to title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] (Medicaid Early and Periodic Screening, Diagnosis and Treatment Program); title XXI of the Social Security Act [42 U.S.C. 1397aa et seq.], (State Children's Health Insurance Program); title V of the Social Security Act [42 U.S.C. 701 et seq.] (Maternal and Child Health Block Grant Program); and part C of the Individuals with Disabilities Education Act [20 U.S.C. 1431 et seq.]; consumer groups of and that serve individuals who are deaf and hard-of-hearing and their families; appropriate national medical and other health and education specialty organizations; persons who are deaf and hard-of-hearing and their families; other qualified professional personnel who are proficient in deaf or hard-of-hearing children's language and who possess the specialized knowledge, skills, and attributes needed to serve deaf and hard-of-hearing newborns, infants, toddlers, children, and their families; third-party payers and managed care organizations; and related commercial industries.

(2) Policy development

Under the existing authority of the Public Health Service Act, the Administrator of the Health Resources and Services Administration, the Director of the Centers for Disease Control and Prevention, and the Director of the National Institutes of Health shall coordinate and collaborate on recommendations for policy development at the Federal and State levels and with the private sector, including consumer, medical and other health and education professional-based organizations, with respect to newborn and infant hearing screening, evaluation and intervention programs and systems.

(3) State early detection, diagnosis, and intervention programs and systems; data collection

Under the existing authority of the Public Health Service Act, the Administrator of the Health Resources and Services Administration and the Director of the Centers for Disease Control and Prevention shall coordinate and collaborate in assisting States to establish newborn and infant hearing screening, evaluation and intervention programs and systems under subsection (c) and to develop a data collection system under subsection (d).

(f) Rule of construction

Nothing in this section shall be construed to preempt any State law.

(g) Authorization of appropriations

(1) Statewide newborn and infant hearing screening, evaluation and intervention programs and systems

For the purpose of carrying out subsection (c) under the existing authority of the Public Health Service Act [42 U.S.C. 201 et seq.], there are authorized to the Health Resources and Services Administration appropriations in the amount of \$5,000,000 for fiscal year 2000, \$8,000,000 for fiscal year 2001, and such sums as may be necessary for fiscal year 2002.

(2) Technical assistance, data management, and applied research; Centers for Disease Control and Prevention

For the purpose of carrying out subsection (d)(1) under the existing authority of the Public

Health Service Act, there are authorized to the Centers for Disease Control and Prevention, appropriations in the amount of \$5,000,000 for fiscal year 2000, \$7,000,000 for fiscal year 2001, and such sums as may be necessary for fiscal year 2002.

(3) Technical assistance, data management, and applied research; National Institute on Deafness and Other Communication Disorders

For the purpose of carrying out subsection (d)(2) under the existing authority of the Public Health Service Act, there are authorized to the National Institute on Deafness and Other Communication Disorders appropriations for such sums as may be necessary for each of the fiscal years 2000 through 2002.

§247b–4f. Research relating to preterm labor and delivery and the care, treatment, and outcomes of preterm and low birthweight infants

(a) Omitted

(b) Studies and activities on preterm birth

(1) In general

The Secretary of Health and Human Services, acting through the Director of the Centers for Disease Control and Prevention, may, subject to the availability of appropriations—

(A) conduct epidemiological studies on the factors relating to prematurity, such as clinical, biological, social, environmental, genetic, and behavioral factors, and other determinants that contribute to health disparities and are related to prematurity, as appropriate;

(B) conduct activities to improve national data to facilitate tracking the burden of preterm birth; and

(C) continue efforts to prevent preterm birth, including late preterm birth, through the identification of opportunities for prevention and the assessment of the impact of such efforts.

(2) Report

Not later than 2 years after November 27, 2013, and every 2 years thereafter, the Secretary of Health and Human Services, acting through the Director of the Centers for Disease Control and Prevention, shall submit to the appropriate committees of Congress reports regarding activities and studies conducted under paragraph (1), including any applicable analyses of preterm birth. Such report shall be posted on the Internet website of the Department of Health and Human Services..¹

(c) Pregnancy risk assessment monitoring survey

The Secretary of Health and Human Services, acting through the Director of the Centers for Disease Control and Prevention, shall—

(1) continue systems for the collection of maternal-infant clinical and biomedical information, including electronic health records, electronic databases, and biobanks, to link with the Pregnancy Risk Assessment Monitoring System (PRAMS) and other epidemiological studies of prematurity in order to track, to the extent practicable, all pregnancy outcomes and prevent preterm birth; and

(2) provide technical assistance, as appropriate, to support States in improving the collection of information pursuant to this subsection.

(d) Evaluation of existing tools and measures

The Secretary of Health and Human Services shall review existing tools and measures to ensure that such tools and measures include information related to the known risk factors of low birth weight and preterm birth.

(e) Authorization of appropriations

There is authorized to be appropriated to carry out this section, \$2,000,000 for each of fiscal years 2019 through 2023.

EDITORIAL NOTES

CODIFICATION

Section 2 of Pub. L. 115–328, which directed the amendment of section 2 of the Prematurity Research Expansion and Education for Mothers who deliver Infants Early Act (Pub. L. 109–450), was executed to this section, which is section 3 of Pub. L. 109–450, to reflect the probable intent of Congress. See 2018 Amendment notes below.

Section is comprised of section 3 of Pub. L. 109–450. Subsec. (a) of section 3 of Pub. L. 109–450 amended section 241 of this title.

Section was enacted as part of the Prematurity Research Expansion and Education for Mothers who deliver Infants Early Act or the PREEMIE Act, and not as part of the Public Health Service Act which comprises this chapter.

AMENDMENTS

2018—Subsec. (b)(1)(A). Pub. L. 115–328, §2(1)(A), substituted "factors relating to prematurity, such as clinical, biological, social, environmental, genetic, and behavioral factors, and other determinants that contribute to health disparities and are related" for "clinical, biological, social, environmental, genetic, and behavioral factors relating". See Codification note above.

Subsec. (b)(2). Pub. L. 115–328, §2(1)(B), substituted "regarding activities and studies conducted under paragraph (1), including any applicable analyses of preterm birth. Such report shall be posted on the Internet website of the Department of Health and Human Services." for "concerning the progress and any results of studies conducted under paragraph (1)". See Codification note above.

Subsec. (c). Pub. L. 115–328, §2(2), added subsec. (c) and struck out former subsec. (c) which established a pregnancy risk assessment monitoring survey and authorized appropriations. See Codification note above.

Subsec. (e). Pub. L. 115–328, §2(3), substituted "\$2,000,000 for each of fiscal years 2019 through 2023" for "except for subsection (c), \$1,880,000 for each of fiscal years 2014 through 2018". See Codification note above.

2013—Subsec. (b). Pub. L. 113–55, §102(a), added subsec. (b) and struck out former subsec. (b) which related to studies and reports on the relationship between prematurity and birth defects.

Subsec. (e). Pub. L. 113–55, §102(b), substituted "\$1,880,000 for each of fiscal years 2014 through 2018." for "\$5,000,000 for each of fiscal years 2007 through 2011."

ADVISORY COMMITTEE ON INFANT MORTALITY

Pub. L. 113–55, title I, §104(b), Nov. 27, 2013, 127 Stat. 643, as amended by Pub. L. 115–328, §4, Dec. 18, 2018, 132 Stat. 4473, provided that:

"(1) ESTABLISHMENT.—The Secretary of Health and Human Services (referred to in this section [enacting this note and repealing section 247b–4g of this title] as the 'Secretary') may establish an advisory committee known as the 'Advisory Committee on Infant Mortality' (referred to in this section as the 'Advisory Committee').

"(2) DUTIES.—The Advisory Committee shall provide advice, recommendations, or information to the Secretary as may be necessary to improve activities and programs to reduce severe maternal morbidity, maternal mortality, infant mortality, and preterm birth, which may include recommendations, advice, or information related to the following:

"(A) Programs of the Department of Health and Human Services that are directed at reducing infant mortality, preterm birth, and improving the health status of pregnant women and infants, and information on cost-effectiveness and outcomes of such programs.

"(B) Strategies to coordinate the various Federal programs and activities with State, local, and private programs and efforts that address factors that affect infant mortality.

"(C) The Healthy Start program under section 330H of the Public Health Service Act (42 U.S.C. 254c–8) and Healthy People 2020 infant mortality objectives.

"(D) Implementation of Healthy People objectives related to maternal and infant health.

"(E) Strategies to reduce racial, ethnic, geographic, and other health disparities in birth outcomes, including by increasing awareness of Federal programs related to appropriate access to, or information regarding, prenatal care to address risk factors for preterm labor and delivery.

"(F) Strategies, including the implementation of such strategies, to address gaps in Federal research, programs, and education efforts related to the prevention of severe maternal morbidity, maternal mortality, infant mortality, and other adverse birth outcomes.

"(3) MEMBERSHIP.—The Secretary shall ensure that the membership of the Advisory Committee includes the following:

"(A) Representatives provided for in the original charter of the Advisory Committee.

"(B) A representative of the National Center for Health Statistics.

"(4) BIENNIAL REPORT.—Not later than 1 year after the date of enactment of the PREEMIE Reauthorization Act of 2018 [Dec. 18, 2018], and every 2 years thereafter, the Advisory Committee shall—

"(A) publish a report summarizing activities and recommendations of the Advisory Committee since the publication of the previous report;

"(B) submit such report to the Secretary and the appropriate Committees of Congress; and

"(C) post such report on the Internet website of the Department of Health and Human Services."

PURPOSE

Pub. L. 109–450, §2, Dec. 22, 2006, 120 Stat. 3341, provided that: "It is the purpose of this Act [enacting this section and sections 247b–4g and 280g–5 of this title and amending sections 241 and 280g–4 of this title] to—

"(1) reduce rates of preterm labor and delivery;

"(2) work toward an evidence-based standard of care for pregnant women at risk of preterm labor or other serious complications, and for infants born preterm and at a low birthweight; and

"(3) reduce infant mortality and disabilities caused by prematurity."

Section, Pub. L. 109–450, §5, Dec. 22, 2006, 120 Stat. 3343, related to establishment and activities of the Interagency Coordinating Council on Prematurity and Low Birthweight.

§247b–5. Preventive health measures with respect to prostate cancer

(a) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may make grants to States and local health departments for the purpose of enabling such States and departments to carry out programs that may include the following:

(1) To identify factors that influence the attitudes or levels of awareness of men and health care practitioners regarding screening for prostate cancer.

(2) To evaluate, in consultation with the Agency for Health Care Policy and Research and the National Institutes of Health, the effectiveness of screening strategies for prostate cancer.

(3) To identify, in consultation with the Agency for Health Care Policy and Research, issues related to the quality of life for men after prostate ¹ cancer screening and followup.

(4) To develop and disseminate public information and education programs for prostate cancer, including appropriate messages about the risks and benefits of prostate cancer screening for the general public, health care providers, policy makers and other appropriate individuals.

(5) To improve surveillance for prostate cancer.

(6) To address the needs of underserved and minority populations regarding prostate cancer.

(7) Upon a determination by the Secretary, who shall take into consideration recommendations by the United States Preventive Services Task Force and shall seek input, where appropriate, from professional societies and other private and public entities, that there is sufficient consensus on the effectiveness of prostate cancer screening—

(A) to screen men for prostate cancer as a preventive health measure;

(B) to provide appropriate referrals for the medical treatment of men who have been screened under subparagraph (A) and to ensure, to the extent practicable, the provision of appropriate followup services and support services such as case management;

(C) to establish mechanisms through which State and local health departments can monitor the quality of screening procedures for prostate cancer, including the interpretation of such procedures; and

(D) to improve, in consultation with the Health Resources and Services Administration, the education, training, and skills of health practitioners (including appropriate allied health professionals) in the detection and control of prostate cancer.

(8) To evaluate activities conducted under paragraphs (1) through (7) through appropriate surveillance or program monitoring activities.

(b) Requirement of matching funds

(1) In general

The Secretary may not make a grant under subsection (a) unless the applicant involved agrees, with respect to the costs to be incurred by the applicant in carrying out the purpose described in such section, to make available non-Federal contributions (in cash or in kind under paragraph (2)) toward such costs in an amount equal to not less than \$1 for each \$3 of Federal funds provided in the grant. Such contributions may be made directly or through donations from public or private entities.

(2) Determination of amount of non-Federal contribution

(A) Non-Federal contributions required in paragraph (1) may be in cash or in kind, fairly evaluated, including equipment or services (and excluding indirect or overhead costs). Amounts provided by the Federal Government, or services assisted or subsidized to any significant extent by the Federal Government, may not be included in determining the amount of such non-Federal contributions.

(B) In making a determination of the amount of non-Federal contributions for purposes of paragraph (1), the Secretary may include only non-Federal contributions in excess of the average amount of non-Federal contributions made by the applicant involved toward the purpose described in subsection (a) for the 2-year period preceding the fiscal year for which the applicant involved is applying to receive a grant under such subsection.

(C) In making a determination of the amount of non-Federal contributions for purposes of paragraph (1), the Secretary shall, subject to subparagraphs (A) and (B) of this paragraph, include any non-Federal amounts expended pursuant to title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] by the applicant involved toward the purpose described in paragraphs (1) and (2) of subsection (a).

(c) Education on significance of early detection

The Secretary may not make a grant under subsection (a) unless the applicant involved agrees that, in carrying out subsection (a)(3), the applicant will carry out education programs to communicate to men, and to local health officials, the significance of the early detection of prostate cancer.

(d) Requirement of provision of all services by date certain

The Secretary may not make a grant under subsection (a) unless the applicant involved agrees—

(1) to ensure that, initially and throughout the period during which amounts are received pursuant to the grant, not less than 60 percent of the grant is expended to provide each of the services or activities described in paragraphs (1) and (2) of such subsection;

(2) to ensure that, by the end of any second fiscal year of payments pursuant to the grant, each of the services or activities described in such subsection is provided; and

(3) to ensure that not more than 40 percent of the grant is expended to provide the services or activities described in paragraphs (3) through (6) of such section.²

(e) Additional required agreements

(1) Priority for low-income men

The Secretary may not make a grant under subsection (a) unless the applicant involved agrees that low-income men, and men at risk of prostate cancer, will be given priority in the provision of services and activities pursuant to paragraphs (1) and (2) of such subsection.

(2) Limitation on imposition of fees for services

The Secretary may not make a grant under subsection (a) unless the applicant involved agrees that, if a charge is imposed for the provision of services or activities under the grant, such charge—

(A) will be made according to a schedule of charges that is made available to the public;

(B) will be adjusted to reflect the income of the man involved; and
(C) will not be imposed on any man with an income of less than 100 percent of the official poverty line, as established by the Director of the Office of Management and Budget and revised by the Secretary in accordance with section 9902(2) of this title.

(3) Relationship to items and services under other programs

The Secretary may not make a grant under subsection (a) unless the applicant involved agrees that the grant will not be expended to make payment for any item or service to the extent that payment has been made, or can reasonably be expected to be made, with respect to such item or service—

(A) under any State compensation program, under an insurance policy, or under any Federal or State health benefits program; or

(B) by an entity that provides health services on a prepaid basis.

(4) Coordination with other prostate cancer programs

The Secretary may not make a grant under subsection (a) unless the applicant involved agrees that the services and activities funded through the grant will be coordinated with other Federal, State, and local prostate cancer programs.

(5) Limitation on administrative expenses

The Secretary may not make a grant under subsection (a) unless the applicant involved agrees that not more than 10 percent of the grant will be expended for administrative expenses with respect to the grant.

(6) Restrictions on use of grant

The Secretary may not make a grant under subsection (a) unless the applicant involved agrees that the grant will not be expended to provide inpatient hospital services for any individual.

(7) Records and audits

The Secretary may not make a grant under subsection (a) unless the applicant involved agrees that—

(A) the applicant will establish such fiscal control and fund accounting procedures as may be necessary to ensure the proper disbursement of, and accounting for, amounts received by the applicant under such section; ³ and

(B) upon request, the applicant will provide records maintained pursuant to paragraph (1) to the Secretary or the Comptroller of the United States for purposes of auditing the expenditures by the applicant of the grant.

(f) Reports to Secretary

The Secretary may not make a grant under subsection (a) unless the applicant involved agrees to submit to the Secretary such reports as the Secretary may require with respect to the grant.

(g) Description of intended uses of grant

The Secretary may not make a grant under subsection (a) unless—

(1) the applicant involved submits to the Secretary a description of the purposes for which the applicant intends to expend the grant;

(2) the description identifies the populations, areas, and localities in the applicant ⁴ with a need for the services or activities described in subsection (a);

(3) the description provides information relating to the services and activities to be provided, including a description of the manner in which the services and activities will be coordinated with any similar services or activities of public or nonprivate entities; and

(4) the description provides assurances that the grant funds will be used in the most cost-effective manner.

(h) Requirement of submission of application

The Secretary may not make a grant under subsection (a) unless an application for the grant is

submitted to the Secretary, the application contains the description of intended uses required in subsection (g), and the application is in such form, is made in such manner, and contains such agreements, assurances, and information as the Secretary determines to be necessary to carry out this section.

(i) Method and amount of payment

The Secretary shall determine the amount of a grant made under subsection (a). Payments under such grants may be made in advance on the basis of estimates or by way of reimbursement, with necessary adjustments on account of the underpayments or overpayments, and in such installments and on such terms and conditions as the Secretary finds necessary to carry out the purposes of such grants.

(j) Technical assistance and provision of supplies and services in lieu of grant funds

(1) Technical assistance

The Secretary may provide training and technical assistance with respect to the planning, development, and operation of any program or service carried out pursuant to subsection (a). The Secretary may provide such technical assistance directly or through grants to, or contracts with, public and private entities.

(2) Provision of supplies and services in lieu of grant funds

(A) Upon the request of an applicant receiving a grant under subsection (a), the Secretary may, subject to subparagraph (B), provide supplies, equipment, and services for the purpose of aiding the applicant in carrying out such section and, for such purpose, may detail to the applicant any officer or employee of the Department of Health and Human Services.

(B) With respect to a request described in subparagraph (A), the Secretary shall reduce the amount of payments under the grant under subsection (a) to the applicant involved by an amount equal to the costs of detailing personnel (including pay, allowances, and travel expenses) and the fair market value of any supplies, equipment, or services provided by the Secretary. The Secretary shall, for the payment of expenses incurred in complying with such request, expend the amounts withheld.

(k) "Units of local government" defined

For purposes of this section, the term "units of local government" includes Indian tribes.

(l) Authorization of appropriations

(1) In general

For the purpose of carrying out this section, there are authorized to be appropriated \$20,000,000 for fiscal year 1993, and such sums as may be necessary for each of the fiscal years 1994 through 2004.

(2) Allocation for technical assistance

Of the amounts appropriated under paragraph (1) for a fiscal year, the Secretary shall reserve not more than 20 percent for carrying out subsection (j)(1).

(July 1, 1944, ch. 373, title III, §317D, as added Pub. L. 102-531, title III, §308, Oct. 27, 1992, 106 Stat. 3495; amended Pub. §247b–6. National strategy for combating and eliminating tuberculosis

(a) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may make grants to States, political subdivisions, and other public entities for preventive health service programs for the prevention, control, and elimination of tuberculosis.

(b) Research and development; demonstration projects; education and training

With respect to the prevention, treatment, control, and elimination of tuberculosis, the Secretary may, directly or through grants to public or nonprofit private entities, carry out the following:

(1) Research, with priority given to research and development concerning latent tuberculosis infection, strains of tuberculosis resistant to drugs, and research concerning cases of tuberculosis that affect certain populations at risk for tuberculosis.

(2) Research and development and related activities to develop new tools for the elimination of tuberculosis, including drugs, diagnostics, vaccines, and public health interventions, such as directly observed therapy and non-pharmaceutical intervention, and methods to enhance detection

and response to outbreaks of tuberculosis, including multidrug resistant tuberculosis. The Secretary is encouraged to give priority to programmatically relevant research so that new tools can be utilized in public health practice.

(3) Demonstration projects for—

(A) the development of regional capabilities to prevent, control, and eliminate tuberculosis and prevent multidrug resistant and extensively drug resistant strains of tuberculosis;

(B) the intensification of efforts to reduce health disparities in the incidence of tuberculosis;

(C) the intensification of efforts to control tuberculosis along the United States-Mexico border and among United States-Mexico binational populations, including through expansion of the scope and number of programs that—

(i) detect and treat binational cases of tuberculosis; and

(ii) treat high-risk cases of tuberculosis referred from Mexican health departments;

(D) the intensification of efforts to prevent, detect, and treat tuberculosis among foreign-born persons who are in the United States;

(E) the intensification of efforts to prevent, detect, and treat tuberculosis among populations and settings documented as having a high risk for tuberculosis; and

(F) tuberculosis detection, control, and prevention.

(4) Public information and education activities.

(5) Education, training, clinical skills improvement activities, and workplace exposure prevention for health professionals, including allied health personnel and emergency response employees.

(6) Support of Centers to carry out activities under paragraphs (1) through (4).

(7) Collaboration with international organizations and foreign countries in carrying out such activities.

(8) Develop, enhance, and expand information technologies that support tuberculosis control including surveillance and database management systems with cross-jurisdictional capabilities, which shall conform to the standards and implementation specifications for such information technologies as recommended by the Secretary.

(c) Cooperation with providers of primary health services

The Secretary may make a grant under subsection (a) or (b) only if the applicant for the grant agrees that, in carrying out activities under the grant, the applicant will cooperate with public and nonprofit private providers of primary health services or substance abuse services, including entities receiving assistance under section 254b, 254b, or 256a of this title ¹ or under subchapter III–A or XVII.

(d) Application for grant

(1) In general

The Secretary may make a grant under subsection (a) or (b) only if an application for the grant is submitted to the Secretary and the application, subject to paragraph (2), is in such form, is made in such manner, and contains such agreements, assurances, and information as the Secretary determines to be necessary to carry out the subsection involved.

(2) Plan for prevention, control, and elimination

The Secretary may make a grant under subsection (a) only if the application under paragraph (1) contains a plan regarding the prevention, control, and elimination of tuberculosis in the geographic area with respect to which the grant is sought.

(3) Determination of amount of nonfederal contributions

(A) Priority

In awarding grants under subsection (a) or (b), the Secretary shall give highest priority to an applicant that provides assurances that the applicant will contribute non-Federal funds to carry

out activities under this section, which may be provided directly or through donations from public or private entities and may be in cash or in kind, including equipment or services.

(B) Federal amounts not to be included as contributions

Amounts provided by the Federal Government, or services assisted or subsidized to any significant extent by the Federal Government, may not be included in determining the amount of non-Federal contributions as described in subparagraph (A).

(e) Supplies and services in lieu of grant funds

(1) In general

Upon the request of a grantee under subsection (a) or (b), the Secretary may, subject to paragraph (2), provide supplies, equipment, and services for the purpose of aiding the grantee in carrying out the subsection involved and, for such purpose, may detail to the State any officer or employee of the Department of Health and Human Services.

(2) Corresponding reduction in payments

With respect to a request described in paragraph (1), the Secretary shall reduce the amount of payments under the grant involved by an amount equal to the costs of detailing personnel and the fair market value of any supplies, equipment, or services provided by the Secretary. The Secretary shall, for the payment of expenses incurred in complying with such request, expend the amounts withheld.

(f) Advisory Council

(1) In general

The Secretary shall establish an advisory council to be known as the Advisory Council for the Elimination of Tuberculosis (in this subsection referred to as the "Council").

(2) Duties

The Council shall provide advice and recommendations regarding the elimination of tuberculosis to the Secretary. In addition, the Council shall, with respect to eliminating such disease, provide to the Secretary and other appropriate Federal officials advice on—

- (A) coordinating the activities of the Department of Health and Human Services and other Federal agencies that relate to the disease, including activities under subsection (b);
- (B) responding rapidly and effectively to emerging issues in tuberculosis; and
- (C) efficiently utilizing the Federal resources involved.

(3) Comprehensive plan

(A) In general

In carrying out paragraph (2), the Council shall make or update recommendations on the development, revision, and implementation of a comprehensive plan to eliminate tuberculosis in the United States.

(B) Consultation

In carrying out subparagraph (A), the Council may consult with appropriate public and private entities, which may, subject to the direction or discretion of the Secretary, include—

- (i) individuals who are scientists, physicians, laboratorians, and other health professionals, who are not officers or employees of the Federal Government and who represent the disciplines relevant to tuberculosis elimination;
- (ii) members of public-private partnerships or private entities established to address the elimination of tuberculosis;
- (iii) members of national and international nongovernmental organizations whose purpose is to eliminate tuberculosis;
- (iv) members from the general public who are knowledgeable with respect to tuberculosis elimination including individuals who have or have had tuberculosis; and
- (v) scientists, physicians, laboratorians, and other health professionals who reside in a

foreign country with a substantial incidence or prevalence of tuberculosis, and who represent the specialties and disciplines relevant to the research under consideration.

(C) Certain components of plan

In carrying out subparagraph (A), the Council shall, subject to the direction or discretion of the Secretary—

- (i) consider recommendations for the involvement of the United States in continuing global and cross-border tuberculosis control activities in countries where a high incidence of tuberculosis directly affects the United States; and
- (ii) review the extent to which progress has been made toward eliminating tuberculosis.

(4) Biennial report

(A) In general

The Council shall submit a biennial report to the Secretary, as determined necessary by the Secretary, on the activities carried under this section. Each such report shall include the opinion of the Council on the extent to which its recommendations regarding the elimination of tuberculosis have been implemented, including with respect to—

- (i) activities under subsection (b); and
- (ii) the national plan referred to in paragraph (3).

(B) Public

The Secretary shall make a report submitted under subparagraph (A) public.

(5) Composition

The Council shall be composed of—

(A) ex officio representatives from the Centers for Disease Control and Prevention, the National Institutes of Health, the United States Agency for International Development, the Agency for Healthcare Research and Quality, the Health Resources and Services Administration, the United States-Mexico Border Health Commission, and other Federal departments and agencies that carry out significant activities related to tuberculosis;

(B) State and local tuberculosis control and public health officials;

(C) individuals who are scientists, physicians, laboratorians, and other health professionals who represent disciplines relevant to tuberculosis elimination; and

(D) members of national and international nongovernmental organizations established to address the elimination of tuberculosis.

(6) Staff, information, and other assistance

The Secretary shall provide to the Council such staff, information, and other assistance as may be necessary to carry out the duties of the Council.

(g) Federal Tuberculosis Task Force

(1) Duties

The Federal Tuberculosis Task Force (in this subsection referred to as the "Task Force") shall provide to the Secretary and other appropriate Federal officials advice on research into new tools under subsection (b)(2), including advice regarding the efficient utilization of the Federal resources involved.

(2) Comprehensive plan for new tools development

In carrying out paragraph (1), the Task Force shall make recommendations on the development of a comprehensive plan for the creation of new tools for the elimination of tuberculosis, including drugs, diagnostics, and vaccines.

(3) Consultation

In developing the comprehensive plan under paragraph (1),² the Task Force shall consult with external parties including representatives from groups such as—

(A) scientists, physicians, laboratorians, and other health professionals who represent the specialties and disciplines relevant to the research under consideration;

(B) members from public-private partnerships, private entities, or foundations (or both) engaged in activities relevant to research under consideration;

(C) members of national and international nongovernmental organizations established to address tuberculosis elimination;

(D) members from the general public who are knowledgeable with respect to tuberculosis including individuals who have or have had tuberculosis; and

(E) scientists, physicians, laboratorians, and other health professionals who reside in a foreign country with a substantial incidence or prevalence of tuberculosis, and who represent the specialties and disciplines relevant to the research under consideration.

(h) Authorization of appropriations

(1) General program

(A) In general

For the purpose of carrying out this section, there are authorized to be appropriated \$200,000,000 for fiscal year 2009, \$210,000,000 for fiscal year 2010, \$220,500,000 for fiscal year 2011, \$231,525,000 for fiscal year 2012, and \$243,101,250 for fiscal year 2013.

(B) Reservation for emergency grants

Of the amounts appropriated under subparagraph (A) for a fiscal year, the Secretary may reserve not more than 25 percent for emergency grants under subsection (a) for any geographic area, State, political subdivision of a State, or other public entity in which there is, relative to other areas, a substantial number of cases of tuberculosis, multidrug resistant tuberculosis, or extensively drug resistant tuberculosis or a substantial rate of increase in such cases.

(C) Priority

In allocating amounts appropriated under subparagraph (A), the Secretary shall give priority to allocating such amounts for grants under subsection (a).

(D) Allocation of funds

(i) Requirement of formula

Of the amounts appropriated under subparagraph (A), not reserved under subparagraph (B), and allocated by the Secretary for grants under subsection (a), the Secretary shall distribute a portion of such amounts to grantees under subsection (a) on the basis of a formula.

(ii) Relevant factors

The formula developed by the Secretary under clause (i) shall take into account the level of tuberculosis morbidity and case complexity in the respective geographic area and may consider other factors relevant to tuberculosis in such area.

(iii) No change to formula required

This subparagraph does not require the Secretary to modify the formula that was used by the Secretary to distribute funds to grantees under subsection (a) for fiscal year 2009.

(2) Limitation

The authorization of appropriations established in paragraph (1) for a fiscal year is effective only if the amount appropriated under such paragraph for such year equals or exceeds the amount appropriated to carry out this section for fiscal year 2009.

§247b–7. Loan repayment program

(a) In general

(1) Authority

Subject to paragraph (2), the Secretary may carry out a program of entering into contracts with appropriately qualified health professionals under which such health professionals agree to conduct prevention activities or preparedness and response activities, including rapid response to public health emergencies and significant public health threats, as employees of the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry, in consideration of the Federal Government agreeing to repay, for each year of such service, not more than \$50,000 of the principal and interest of the educational loans of such health professionals.

(2) Limitation

The Secretary may not enter into an agreement with a health professional pursuant to paragraph (1) unless such professional—

(A) has a substantial amount of educational loans relative to income; and

(B) agrees to serve as an employee of the Centers for Disease Control and Prevention or the Agency for Toxic Substances and Disease Registry for purposes of paragraph (1) for a period of not less than 2 years.

(b) Applicability of certain provisions

With respect to the National Health Service Corps Loan Repayment Program established in subpart III of part D of this subchapter, the provisions of such subpart shall, except as inconsistent with subsection (a), apply to the program established in this section in the same manner and to the same extent as such provisions apply to the National Health Service Corps Loan Repayment Program.

(c) Authorization of appropriations

(1) In general

For the purpose of carrying out this section, except as described in paragraph (2), there are authorized to be appropriated \$500,000 for fiscal year 1994, and such sums as may be necessary for each of the fiscal years 1995 through 2002.

(2) Epidemic Intelligence Service program

For purposes of carrying out this section with respect to qualified health professionals serving in the Epidemic Intelligence Service, as authorized under section 247b–8 of this title, there is authorized to be appropriated \$1,000,000 for each of fiscal years 2019 through 2023.

(d) Availability of appropriations

Amounts appropriated for a fiscal year for contracts under subsection (a) shall remain available until the expiration of the second fiscal year beginning after the fiscal year for which the amounts were appropriated.

§247b–8. Fellowship and training programs

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall establish fellowship and training programs to be conducted by such Centers to train individuals to develop skills in epidemiology, surveillance, laboratory analysis, and other disease detection and prevention methods. Such programs shall be designed to enable health professionals and health personnel trained under such programs to work, after receiving such training, in local, State, national, and international efforts toward the prevention and control of diseases, injuries, and disabilities. Such fellowships and training may be administered through the use of either appointment or nonappointment procedures.

(July 1, 1944, ch. 373, title III, §317G, as added Pub. L. 105–115, title IV, §408(b)(1), Nov. 21, 1997, 111 Stat. 2371.)

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE

Pub. L. 105–115, title IV, §408(b)(2), Nov. 21, 1997, 111 Stat. 2371, provided that: "The amendment made by this subsection [enacting this section] is deemed to have taken effect July 1, 1995."

§247b–9. Diabetes in children and youth

(a) Surveillance on juvenile diabetes

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall develop a sentinel system to collect data on juvenile diabetes, including with respect to incidence and prevalence, and shall establish a national database for such data.

(b) Type 2 diabetes in youth

The Secretary shall implement a national public health effort to address type 2 diabetes in youth, including—

(1) enhancing surveillance systems and expanding research to better assess the prevalence and incidence of type 2 diabetes in youth and determine the extent to which type 2 diabetes is incorrectly diagnosed as type 1 diabetes among children; and

(2) developing and improving laboratory methods to assist in diagnosis, treatment, and prevention of diabetes including, but not limited to, developing noninvasive ways to monitor blood glucose to prevent hypoglycemia and improving existing glucometers that measure blood glucose.

(c) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2001 through 2005.

(July 1, 1944, ch. 373, title III, §317H, as added Pub. L. 106–310, div. A, title IV, §401, Oct. 17, 2000, 114 Stat. 1112.)

§247b–9a. Better diabetes care

(a) Short title

This section may be cited as the "Catalyst to Better Diabetes Care Act of 2009".

(b) National diabetes report card

(1) In general

The Secretary, in collaboration with the Director of the Centers for Disease Control and Prevention (referred to in this section as the "Director"), shall prepare on a biennial basis a national diabetes report card (referred to in this section as a "Report Card") and, to the extent possible, for each State.¹

(2) Contents

(A) In general

Each Report Card shall include aggregate health outcomes related to individuals diagnosed with diabetes and prediabetes including—

- (i) preventative care practices and quality of care;
- (ii) risk factors; and
- (iii) outcomes.

(B) Updated reports

Each Report Card that is prepared after the initial Report Card shall include trend analysis for the Nation and, to the extent possible, for each State, for the purpose of—

- (i) tracking progress in meeting established national goals and objectives for improving diabetes care, costs, and prevalence (including Healthy People 2010); and
- (ii) informing policy and program development.

(3) Availability

The Secretary, in collaboration with the Director, shall make each Report Card publicly available, including by posting the Report Card on the Internet.

(c) Improvement of vital statistics collection

(1) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention and in collaboration with appropriate agencies and States, shall—

(A) promote the education and training of physicians on the importance of birth and death certificate data and how to properly complete these documents, including the collection of such data for diabetes and other chronic diseases;

(B) encourage State adoption of the latest standard revisions of birth and death certificates; and

(C) work with States to re-engineer their vital statistics systems in order to provide cost-effective, timely, and accurate vital systems data.

(2) Death certificate additional language

In carrying out this subsection, the Secretary may promote improvements to the collection of diabetes mortality data, including the addition of a question for the individual certifying the cause of death regarding whether the deceased had diabetes.

(d) Study on appropriate level of diabetes medical education

(1) In general

The Secretary shall, in collaboration with the Institute of Medicine and appropriate associations and councils, conduct a study of the impact of diabetes on the practice of medicine in the United States and the appropriateness of the level of diabetes medical education that should be required prior to licensure, board certification, and board recertification.

(2) Report

Not later than 2 years after March 23, 2010, the Secretary shall submit a report on the study under paragraph (1) to the Committees on Ways and Means and Energy and Commerce of the House of Representatives and the Committees on Finance and Health, Education, Labor, and Pensions of the Senate.

(e) Authorization of appropriations

There are authorized to be appropriated to carry out this section such sums as may be necessary. (Pub. L. 111–148, title X, §10407, Mar. 23, 2010, 124 Stat. 976.)

EDITORIAL NOTES

CODIFICATION

Section was enacted as part of the Patient Protection and Affordable Care Act, and not as part of the Public Health Service Act which comprises this chapter.

¹ So in original.

§247b–10. Compilation of data on asthma

(a) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall—

- (1) conduct local asthma surveillance activities to collect data on the prevalence and severity of asthma and the quality of asthma management;
- (2) compile and annually publish data on the prevalence of children suffering from asthma in each State; and
- (3) to the extent practicable, compile and publish data on the childhood mortality rate associated with asthma nationally.

(b) Surveillance activities

The Director of the Centers for Disease Control and Prevention, acting through the representative of the Director on the National Asthma Education Prevention Program Coordinating Committee, shall, in carrying out subsection (a), provide an update on surveillance activities at each Committee meeting.

(c) Collaborative efforts

The activities described in subsection (a)(1) may be conducted in collaboration with eligible entities awarded a grant under section 280g of this title.

(d) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2001 through 2005.

(July 1, 1944, ch. 373, title III, §317I, as added Pub. L. 106–310, div. A, title V, §531, Oct. 17, 2000, 114 Stat. 1117.)

§247b–11. Effects of folic acid in prevention of birth defects

(a) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall expand and intensify programs (directly or through grants or contracts) for the following purposes:

(1) To provide education and training for health professionals and the general public for purposes of explaining the effects of folic acid in preventing birth defects and for purposes of encouraging each woman of reproductive capacity (whether or not planning a pregnancy) to consume on a daily basis a dietary supplement that provides an appropriate level of folic acid.

(2) To conduct research with respect to such education and training, including identifying effective strategies for increasing the rate of consumption of folic acid by women of reproductive capacity.

(3) To conduct research to increase the understanding of the effects of folic acid in preventing birth defects, including understanding with respect to cleft lip, cleft palate, and heart defects.

(4) To provide for appropriate epidemiological activities regarding folic acid and birth defects, including epidemiological activities regarding neural tube defects.

(b) Consultations with States and private entities

In carrying out subsection (a), the Secretary shall consult with the States and with other appropriate public or private entities, including national nonprofit private organizations, health professionals, and providers of health insurance and health plans.

(c) Technical assistance

The Secretary may (directly or through grants or contracts) provide technical assistance to public and nonprofit private entities in carrying out the activities described in subsection (a).

(d) Evaluations

The Secretary shall (directly or through grants or contracts) provide for the evaluation of activities under subsection (a) in order to determine the extent to which such activities have been effective in carrying out the purposes of the program under such subsection, including the effects on various demographic populations. Methods of evaluation under the preceding sentence may include surveys of knowledge and attitudes on the consumption of folic acid and on blood folate levels. Such methods may include complete and timely monitoring of infants who are born with neural tube defects.

(e) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2001 through 2005.

(July 1, 1944, ch. 373, title III, §317J, as added Pub. L. 106–310, div. A, title VI, §601, Oct. 17, 2000, 114 Stat. 1118.)

§247b–12. Safe motherhood

(a) Surveillance

(1) Purpose

The purposes of this subsection are to establish or continue a Federal initiative to support State and tribal maternal mortality review committees, to improve data collection and reporting around maternal mortality, and to develop or support surveillance systems at the local, State, and national level to better understand the burden of maternal complications and mortality and to decrease the disparities among populations at risk of death and severe complications from pregnancy.

(2) Activities

For the purpose described in paragraph (1), the Secretary, acting through the Director of the

Centers for Disease Control and Prevention, may carry out the following activities:

(A) The Secretary may continue and improve activities related to a national maternal mortality data collection and surveillance program to identify and support the review of pregnancy-associated deaths and pregnancy-related deaths that occur during, or within 1 year following, pregnancy, including improving disaggregation of data (in a manner consistent with applicable State and Federal privacy laws).

(B) The Secretary may expand the Pregnancy Risk Assessment Monitoring System to provide surveillance and collect data in each State.

(C) The Secretary may expand the Maternal and Child Health Epidemiology Program to provide technical support, financial assistance, or the time-limited assignment of senior epidemiologists to maternal and child health programs in each State.

(D) The Secretary may, in cooperation with States, Indian tribes, and tribal organizations, develop a program to support States, Indian tribes, and tribal organizations in establishing or operating maternal mortality review committees, in accordance with subsection (d).

(b) Prevention research

(1) Purpose

The purpose of this subsection is to provide the Secretary with the authority to further expand research concerning risk factors, prevention strategies, and the roles of the family, health care providers and the community in safe motherhood.

(2) Research

The Secretary may carry out activities to expand research relating to—

(A) prepregnancy counseling, especially for at risk populations such as women with diabetes and women with substance use disorder;

(B) the identification of critical components of prenatal delivery and postpartum care;

(C) the identification of outreach and support services, such as folic acid education, that are available for pregnant women;

(D) the identification of women who are at high risk for complications;

(E) preventing preterm delivery;

(F) preventing urinary tract infections;

(G) preventing unnecessary caesarean sections;

(H) the identification of the determinants of disparities in maternal care, health risks, and health outcomes, including an examination of the higher rates of maternal mortality among African American women and other groups of women with disproportionately high rates of maternal mortality;

(I) activities to reduce disparities in maternity services and outcomes;

(J) an examination of the relationship between interpersonal violence and maternal complications and mortality;

(K) preventing and reducing adverse health consequences that may result from smoking and substance abuse and misuse before, during and after pregnancy;

(L) preventing infections that cause maternal and infant complications;

(M) an examination of the relationship between maternal health and obstetric services in rural areas and outcomes in delivery and postpartum care; and

(N) other areas determined appropriate by the Secretary.

(c) Prevention programs

The Secretary may carry out activities to promote safe motherhood, including—

(1) public education campaigns on healthy pregnancies;

(2) education programs for physicians, nurses and other health care providers;

(3) activities to promote community support services for pregnant women; and

(4) activities to promote physical, mental, and behavioral health during, and up to 1 year following, pregnancy, with an emphasis on prevention of, and treatment for, mental health disorders and substance use disorder.

(d) Maternal mortality review committees

(1) In general

In order to participate in the program under subsection (a)(2)(D), the applicable maternal mortality review committee of the State, Indian tribe, or tribal organization shall—

(A) include multidisciplinary and diverse membership that represents a variety of clinical specialties, State, tribal, or local public health officials, epidemiologists, statisticians, community organizations, geographic regions within the area covered by such committee, and individuals or organizations that represent the populations in the area covered by such committee that are most affected by pregnancy-related deaths or pregnancy-associated deaths and lack of access to maternal health care services; and

(B) demonstrate to the Centers for Disease Control and Prevention that such maternal mortality review committee's methods and processes for data collection and review, as required under paragraph (3), use best practices to reliably determine and include all pregnancy-associated deaths and pregnancy-related deaths, regardless of the outcome of the pregnancy.

(2) Process for confidential reporting

States, Indian tribes, and tribal organizations that participate in the program described in this subsection shall, through the State maternal mortality review committee, develop a process that—

(A) provides for confidential case reporting of pregnancy-associated and pregnancy-related deaths to the appropriate State or tribal health agency, including such reporting by—

- (i) health care professionals;
- (ii) health care facilities;
- (iii) any individual responsible for completing death records, including medical examiners and medical coroners; and
- (iv) other appropriate individuals or entities; and

(B) provides for voluntary and confidential case reporting of pregnancy-associated deaths and pregnancy-related deaths to the appropriate State or tribal health agency by family members of the deceased, and other appropriate individuals, for purposes of review by the applicable maternal mortality review committee; and

(C) shall include—

- (i) making publicly available contact information of the committee for use in such reporting; and
- (ii) conducting outreach to local professional organizations, community organizations, and social services agencies regarding the availability of the review committee.

(3) Data collection and review

States, Indian tribes, and tribal organizations that participate in the program described in this subsection shall—

(A) annually identify pregnancy-associated deaths and pregnancy-related deaths—

(i) through the appropriate vital statistics unit by—

(I) matching each death record related to a pregnancy-associated death or pregnancy-related death in the State or tribal area in the applicable year to a birth certificate of an infant or fetal death record, as applicable;

(II) to the extent practicable, identifying an underlying or contributing cause of each pregnancy-associated death and each pregnancy-related death in the State or tribal area in the applicable year; and

(III) collecting data from medical examiner and coroner reports, as appropriate;

(ii) using other appropriate methods or information to identify pregnancy-associated deaths and pregnancy-related deaths, including deaths from pregnancy outcomes not identified through clause (i)(I);

(B) through the maternal mortality review committee, review data and information to identify adverse outcomes that may contribute to pregnancy-associated death and pregnancy-related death, and to identify trends, patterns, and disparities in such adverse outcomes to allow the State, Indian tribe, or tribal organization to make recommendations to individuals and entities described in paragraph (2)(A), as appropriate, to improve maternal care and reduce pregnancy-associated death and pregnancy-related death;

(C) identify training available to the individuals and entities described in paragraph (2)(A) for accurate identification and reporting of pregnancy-associated and pregnancy-related deaths;

(D) ensure that, to the extent practicable, the data collected and reported under this paragraph is in a format that allows for analysis by the Centers for Disease Control and Prevention; and

(E) publicly identify the methods used to identify pregnancy-associated deaths and pregnancy-related deaths in accordance with this section.

(4) Confidentiality

States, Indian tribes, and tribal organizations participating in the program described in this subsection shall establish confidentiality protections to ensure, at a minimum, that—

(A) there is no disclosure by the maternal mortality review committee, including any individual members of the committee, to any person, including any government official, of any identifying information about any specific maternal mortality case; and

(B) no information from committee proceedings, including deliberation or records, is made public unless specifically authorized under State and Federal law.

(5) Reports to CDC

For fiscal year 2019, and each subsequent fiscal year, each maternal mortality review committee participating in the program described in this subsection shall submit to the Director of the Centers for Disease Control and Prevention a report that includes—

(A) data, findings, and any recommendations of such committee; and

(B) as applicable, information on the implementation during such year of any recommendations submitted by the committee in a previous year.

(6) State partnerships

States may partner with one or more neighboring States to carry out the activities under this subparagraph. With respect to the States in such a partnership, any requirement under this subparagraph relating to the reporting of information related to such activities shall be deemed to be fulfilled by each such State if a single such report is submitted for the partnership.

(7) Appropriate mechanisms for Indian tribes and tribal organizations

The Secretary, in consultation with Indian tribes, shall identify and establish appropriate mechanisms for Indian tribes and tribal organizations to demonstrate, report data, and conduct the activities as required for participation in the program described in this subsection. Such mechanisms may include technical assistance with respect to grant application and submission procedures, and award management activities.

(8) Research availability

The Secretary shall develop a process to ensure that data collected under paragraph (5) is made available, as appropriate and practicable, for research purposes, in a manner that protects individually identifiable or potentially identifiable information and that is consistent with State and Federal privacy law.

(e) Definitions

In this section—

(1) the terms "Indian tribe" and "tribal organization" have the meanings given such terms in section 5304 of title 25;

(2) the term "pregnancy-associated death" means a death of a woman, by any cause, that occurs during, or within 1 year following, her pregnancy, regardless of the outcome, duration, or site of

the pregnancy; and

(3) the term "pregnancy-related death" means a death of a woman that occurs during, or within 1 year following, her pregnancy, regardless of the outcome, duration, or site of the pregnancy—

(A) from any cause related to, or aggravated by, the pregnancy or its management; and

(B) not from accidental or incidental causes.

(f) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated \$58,000,000 for each of fiscal years 2019 through 2023.

(July 1, 1944, ch. 373, title III, §317K, as added Pub. L. 106–310, div. A, title IX, §901, Oct. 17, 2000, 114 Stat. 1125; amended Pub. L. 115–344, §2, Dec. 21, 2018, 132 Stat. 5047; Pub. L. 117–103, div. P, title I, §141(c), Mar. 15, 2022, 136 Stat. 798.)

§247b–13. Prenatal and postnatal health

(a) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall carry out programs—

(1) to collect, analyze, and make available data on prenatal smoking and alcohol and other substance abuse and misuse, including—

(A) data on—

(i) the incidence, prevalence, and implications of such activities; and

(ii) the incidence and prevalence of implications and outcomes, including neonatal abstinence syndrome and other maternal and child health outcomes associated with such activities; and

(B) additional information or data, as appropriate, on family health history, medication exposures during pregnancy, demographic information, such as race, ethnicity, geographic location, and family history, and other relevant information, to inform such analysis;

(2) to conduct applied epidemiological research on the prevention and long-term outcomes associated with prenatal and postnatal smoking, alcohol and other substance abuse and misuse;

(3) to support, conduct, and evaluate the effectiveness of educational, treatment, and cessation programs;

(4) to provide information and education to the public on the prevention and implications of prenatal and postnatal smoking, alcohol and other substance abuse and misuse; and

(5) to issue public reports on the analysis of data described in paragraph (1), including analysis of—

(A) long-term outcomes of children affected by neonatal abstinence syndrome;

(B) health outcomes associated with prenatal smoking, alcohol, and substance abuse and misuse; and

(C) relevant studies, evaluations, or information the Secretary determines to be appropriate.

(b) Grants

In carrying out subsection (a), the Secretary may award grants to and enter into contracts with States, local governments, tribal entities, scientific and academic institutions, federally qualified health centers, and other public and nonprofit entities, and may provide technical and consultative assistance to such entities.

(c) Coordinating activities

To carry out this section, the Secretary may—

(1) provide technical and consultative assistance to entities receiving grants under subsection (b);

(2) ensure a pathway for data sharing between States, tribal entities, and the Centers for Disease Control and Prevention;

(3) ensure data collection under this section is consistent with applicable State, Federal, and Tribal privacy laws; and

(4) coordinate with the National Coordinator for Health Information Technology, as appropriate, to assist States and Tribes in implementing systems that use standards recognized by such National Coordinator, as such recognized standards are available, in order to facilitate interoperability between such systems and health information technology systems, including certified health information technology.

(d) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2019 through 2023.

(July 1, 1944, ch. 373, title III, §317L, as added Pub. L. 106–310, div. A, title IX, §911, Oct. 17, 2000, 114 Stat. 1127; amended Pub. L. 115–271, title VII, §7064, Oct. 24, 2018, 132 Stat. 4021.)

EDITORIAL NOTES

Subsec. (a)(4). Pub. L. 115–271, §7064(1)(D), substituted "other substance abuse and misuse; and" for "illegal drug use."

Subsec. (a)(5). Pub. L. 115–271, §7064(1)(E), added par. (5).

Subsec. (b). Pub. L. 115–271, §7064(2), inserted "tribal entities," after "local governments,".

Subsec. (c). Pub. L. 115–271, §7064(4), added subsec. (c). Former subsec. (c) redesignated (d).

Subsec. (d). Pub. L. 115–271, §7064(3), (5), redesignated subsec. (c) as (d) and substituted "2019 through 2023" for "2001 through 2005".

STATUTORY NOTES AND RELATED SUBSIDIARIES

IMPROVING DATA AND THE PUBLIC HEALTH RESPONSE

Pub. L. 114–91, §4, Nov. 25, 2015, 129 Stat. 725, provided that: "The Secretary [of Health and Human Services] may continue activities, as appropriate, related to—

"(1) providing technical assistance to support States and Federally recognized Indian Tribes in collecting information on neonatal abstinence syndrome through the utilization of existing surveillance systems and collaborating with States and Federally recognized Indian Tribes to improve the quality, consistency, and collection of such data; and

"(2) providing technical assistance to support States in implementing effective public health measures, such as disseminating information to educate the public, health care providers, and other stakeholders on prenatal opioid use and neonatal abstinence syndrome."

§247b–13a. Screening and treatment for maternal mental health and substance use disorders

(a) Grants

The Secretary shall make grants to States, Indian Tribes and Tribal organizations (as such terms are defined in section 5304 of title 25) to establish, improve, or maintain programs for screening, assessment, and treatment services, including culturally and linguistically appropriate services, as appropriate, for women who are postpartum, pregnant, or have given birth within the preceding 12 months, for maternal mental health and substance use disorders.

(b) Application

To seek a grant under this section, an entity listed in subsection (a) shall submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may require. At a minimum, any such application shall include explanations of—

(1) how a program, or programs, will increase the percentage of women screened and treated, as appropriate, for maternal mental health and substance use disorders in 1 or more communities; and

(2) how a program, or programs, if expanded, would increase access to screening and treatment services for maternal mental health and substance use disorders.

(c) Priority

In awarding grants under this section, the Secretary shall, as appropriate, give priority to entities listed in subsection (a) that—

(1) are proposing to create, improve, or enhance screening, prevention, and treatment services

for maternal mental health and substance use disorders in primary care settings;

(2) are currently partnered with, or will partner with, one or more community-based organizations to address maternal mental health and substance use disorders;

(3) are located in, or provide services under this section in, an area with disproportionately high rates of maternal mental health or substance use disorders or other related disparities; and

(4) operate in a health professional shortage area designated under section 254e of this title, including maternity care health professional target areas.

(d) Use of funds

The activities eligible for funding through a grant under subsection (a)—

(1) shall include—

(A) providing appropriate training on maternal mental health and substance use disorder screening, brief intervention, treatment (as applicable for health care providers), and referrals for treatment to health care providers in the primary care setting and, as applicable, relevant health paraprofessionals;

(B) providing information on maternal mental health and substance use disorder screening, brief intervention, treatment (as applicable for health care providers) and referrals for treatment, follow-up support services, and linkages to community-based resources to health care providers in the primary care setting and, as applicable, relevant health paraprofessionals; and

(C) to the extent practicable and appropriate, enabling health care providers (such as obstetrician-gynecologists, nurse practitioners, nurse midwives, pediatricians, psychiatrists, mental and other behavioral health care providers, and adult primary care clinicians) to provide or receive real-time psychiatric consultation (in-person or remotely), including through the use of technology-enabled collaborative learning and capacity building models (as defined in section 254c–20 of this title), to aid in the treatment of pregnant and postpartum women; and

(2) may include—

(A) establishing linkages with and among community-based resources, including mental health resources, primary care resources, and support groups;

(B) utilizing telehealth services, including for rural areas and medically underserved areas (as defined in section 254c–14(a) of this title);

(C) providing assistance to pregnant and postpartum women to receive maternal mental health and substance use disorder treatment, including patient consultation, care coordination, and navigation for such treatment;

(D) coordinating, as appropriate, with maternal and child health programs of State, local, and Tribal governments, including child psychiatric access programs;

(E) conducting public outreach and awareness regarding grants under subsection (a);

(F) creating multistate consortia to carry out the activities required or authorized under this subsection; and

(G) training health care providers in the primary care setting and relevant health paraprofessionals on trauma-informed care, culturally and linguistically appropriate services, and best practices related to training to improve the provision of maternal mental health and substance use disorder care for racial and ethnic minority populations and reduce related disparities in the delivery of such care.

(e) Technical assistance

The Secretary shall provide technical assistance to grantees and entities listed in subsection (a) for carrying out activities pursuant to this section.

(f) Dissemination of best practices

The Secretary, based on evaluation of the activities funded pursuant to this section, shall identify and disseminate evidence-based or evidence-informed practices for screening, assessment, treatment,

and referral to treatment services for maternal mental health and substance use disorders, including culturally and linguistically appropriate services, for women during pregnancy and 12 months following pregnancy.

(g) Matching requirement

The Federal share of the cost of the activities for which a grant is made to an entity under subsection (a) shall not exceed 90 percent of the total cost of such activities.

(h) Authorization of appropriations

To carry out this section, there are authorized to be appropriated \$24,000,000 for each of fiscal years 2023 through 2027.

(July 1, 1944, ch. 373, title III, §317L–1, as added Pub. L. 114–255, div. B, title X, §10005, Dec. 13, 2016, 130 Stat. 1266; amended Pub. L. 117–328, div. FF, title I, §1111, Dec. 29, 2022, 136 Stat. 5640.)

§247b–14. Oral health promotion and disease prevention

(a) Grants to increase resources for community water fluoridation

(1) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may make grants to States and Indian tribes for the purpose of increasing the resources available for community water fluoridation.

(2) Use of funds

A State shall use amounts provided under a grant under paragraph (1)—

(A) to purchase fluoridation equipment;

(B) to train fluoridation engineers;

(C) to develop educational materials on the benefits of fluoridation; or

(D) to support the infrastructure necessary to monitor and maintain the quality of water fluoridation.

(b) Community water fluoridation

(1) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention and in collaboration with the Director of the Indian Health Service, shall establish a demonstration project that is designed to assist rural water systems in successfully implementing the water fluoridation guidelines of the Centers for Disease Control and Prevention that are entitled "Engineering and Administrative Recommendations for Water Fluoridation, 1995" (referred to in this subsection as the "EARWF").

(2) Requirements

(A) Collaboration

In collaborating under paragraph (1), the Directors referred to in such paragraph shall ensure that technical assistance and training are provided to tribal programs located in each of the 12 areas of the Indian Health Service. The Director of the Indian Health Service shall provide coordination and administrative support to tribes under this section.

(B) General use of funds

Amounts made available under paragraph (1) shall be used to assist small water systems in improving the effectiveness of water fluoridation and to meet the recommendations of the EARWF.

(C) Fluoridation specialists

(i) In general

In carrying out this subsection, the Secretary shall provide for the establishment of fluoridation specialist engineering positions in each of the Dental Clinical and Preventive Support Centers through which technical assistance and training will be provided to tribal water operators, tribal utility operators and other Indian Health Service personnel working directly with fluoridation projects.

(ii) Liaison

A fluoridation specialist shall serve as the principal technical liaison between the Indian Health Service and the Centers for Disease Control and Prevention with respect to engineering and fluoridation issues.

(iii) CDC

The Director of the Centers for Disease Control and Prevention shall appoint individuals to

serve as the fluoridation specialists.

(D) Implementation

The project established under this subsection shall be planned, implemented and evaluated over the 5-year period beginning on the date on which funds are appropriated under this section and shall be designed to serve as a model for improving the effectiveness of water fluoridation systems of small rural communities.

(3) Evaluation

In conducting the ongoing evaluation as provided for in paragraph (2)(D), the Secretary shall ensure that such evaluation includes—

(A) the measurement of changes in water fluoridation compliance levels resulting from assistance provided under this section;

(B) the identification of the administrative, technical and operational challenges that are unique to the fluoridation of small water systems;

(C) the development of a practical model that may be easily utilized by other tribal, State, county or local governments in improving the quality of water fluoridation with emphasis on small water systems; and

(D) the measurement of any increased percentage of Native Americans or Alaskan Natives who receive the benefits of optimally fluoridated water.

(c) School-based dental sealant program

(1) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention and in collaboration with the Administrator of the Health Resources and Services Administration, shall award a grant to each of the 50 States and territories and to Indians, Indian tribes, tribal organizations and urban Indian organizations (as such terms are defined in section 1603 of title 25) to provide for the development of school-based dental sealant programs to improve the access of children to sealants.

(2) Use of funds

A State shall use amounts received under a grant under paragraph (1) to provide funds to eligible school-based entities or to public elementary or secondary schools to enable such entities or schools to provide children with access to dental care and dental sealant services. Such services shall be provided by licensed dental health professionals in accordance with State practice licensing laws.

(3) Eligibility

To be eligible to receive funds under paragraph (1), an entity shall—

(A) prepare and submit to the State an application at such time, in such manner and containing such information as the State may require; and

(B) be a public elementary or secondary school—

(i) that is located in an urban area in which and ¹ more than 50 percent of the student population is participating in Federal or State free or reduced meal programs; or

(ii) that is located in a rural area and, with respect to the school district in which the school is located, the district involved has a median income that is at or below 235 percent of the poverty line, as defined in section 9902(2) of this title.

(d) Oral health infrastructure

(1) Cooperative agreements

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall enter into cooperative agreements with State, territorial, and Indian tribes or tribal organizations (as those terms are defined in section 1603 of title 25) to establish oral health leadership and program guidance, oral health data collection and interpretation,² (including

determinants of poor oral health among vulnerable populations), a multi-dimensional delivery system for oral health, and to implement science-based programs (including dental sealants and community water fluoridation) to improve oral health.

(2) Authorization of appropriations

There is authorized to be appropriated such sums as necessary to carry out this subsection for fiscal years 2010 through 2014.

(e) Definitions

For purposes of this section, the term "Indian tribe" means an Indian tribe or tribal organization as defined in section 5304(b) and section 5304(c) ³ of title 25.

(f) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2001 through 2005.

§247b–14a. Identification of interventions that reduce the burden and transmission of oral, dental, and craniofacial diseases in high risk populations; development of approaches for pediatric oral and craniofacial assessment

(a) In general

The Secretary of Health and Human Services, through the Maternal and Child Health Bureau, the Indian Health Service, and in consultation with the National Institutes of Health and the Centers for Disease Control and Prevention, shall—

(1) support community-based research that is designed to improve understanding of the etiology, pathogenesis, diagnosis, prevention, and treatment of pediatric oral, dental, craniofacial diseases and conditions and their sequelae in high risk populations;

(2) support demonstrations of preventive interventions in high risk populations including nutrition, parenting, and feeding techniques; and

(3) develop clinical approaches to assess individual patients for the risk of pediatric dental disease.

(b) Compliance with State practice laws

Treatment and other services shall be provided pursuant to this section by licensed dental health professionals in accordance with State practice and licensing laws.

(c) Authorization of appropriations

There are authorized to be appropriated such sums as may be necessary to carry out this section for each ¹ the fiscal years 2001 through 2005.

§247b–15. Surveillance and education regarding infections associated with illicit drug use and other risk factors

(a) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may (directly or through grants to public and nonprofit private entities) provide for programs for the following:

(1) To cooperate with States and Indian tribes in implementing or maintaining a national system to determine the incidence of infections commonly associated with illicit drug use, such as viral hepatitis, human immunodeficiency virus, and infective endocarditis, and to assist the States in determining the prevalence of such infections, which may include the reporting of cases of such infections.

(2) To identify, counsel, and offer testing to individuals who are at risk of infections described in paragraph (1) resulting from illicit drug use, receiving blood transfusions prior to July 1992, or other risk factors.

(3) To provide appropriate referrals for counseling, testing, and medical treatment of individuals identified under paragraph (2) and to ensure, to the extent practicable, the provision of appropriate follow-up services.

(4) To develop and disseminate public information and education programs for the detection and control of infections described in paragraph (1), with priority given to high-risk populations as determined by the Secretary.

(5) To improve the education, training, and skills of health professionals in the detection and control of infections described in paragraph (1), including to improve coordination of treatment of substance use disorders and infectious diseases, with priority given to substance use disorder treatment providers, pediatricians and other primary care providers, obstetrician-gynecologists, and infectious disease clinicians, including HIV clinicians.

(b) Laboratory procedures

The Secretary may (directly or through grants to public and nonprofit private entities) carry out programs to provide for improvements in the quality of clinical-laboratory procedures regarding infections described in subsection (a)(1).

(c) Definition

In this section, the term "Indian tribe" has the meaning given that term in section 5304 of title 25.

(d) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated \$40,000,000 for each of the fiscal years 2019 through 2023.

(July 1, 1944, ch. 373, title III, §317N, as added Pub. L. 106–310, div. A, title XVIII, §1801, Oct. 17, 2000, 114 Stat. 1152; amended Pub. L. 115–271, title VII, §7141, Oct. 24, 2018, 132 Stat. 4056.)

STATUTORY NOTES AND RELATED SUBSIDIARIES

STUDY AND DEMONSTRATION PROJECTS REGARDING CASES OF HEPATITIS C AMONG CERTAIN EMERGENCY RESPONSE EMPLOYEES

Pub. L. 106–398, §1 [[div. A], title XVII, §1704], Oct. 30, 2000, 114 Stat. 1654, 1654A–365, provided that:

"(a) **STUDY REGARDING PREVALENCE AMONG CERTAIN EMERGENCY RESPONSE EMPLOYEES.**—

"(1) **IN GENERAL.**—The Secretary of Health and Human Services (referred to in this section as the 'Secretary'), in consultation with the Secretary of Labor, shall conduct a study to determine—

"(A) an estimate of the prevalence of hepatitis C among designated emergency response employees in the United States; and

"(B) the likely means through which such employees become infected with such disease in the course of performing their duties as such employees.

"(2) **DESIGNATED EMERGENCY RESPONSE EMPLOYEES.**—For purposes of this section, the term 'designated emergency response employees' means firefighters, paramedics, and emergency medical technicians who are employees or volunteers of units of local government.

"(3) **DATE CERTAIN FOR COMPLETION; REPORT TO CONGRESS.**—The Secretary shall commence the study under paragraph (1) not later than 90 days after the date of the enactment of this Act [Oct. 30, 2000]. Not later than one year after such date, the Secretary shall complete the study and submit to the Congress a report describing the findings of the study.

"(b) **DEMONSTRATION PROJECTS REGARDING TRAINING AND TREATMENT.**—

"(1) **IN GENERAL.**—The Secretary, in consultation with the Secretary of Labor, shall make grants to qualifying local governments for the purpose of carrying out demonstration projects that (directly or through arrangements with nonprofit private entities) carry out each of the following activities:

"(A) Training designated emergency response employees in minimizing the risk of infection with hepatitis C in performing their duties as such employees.

"(B) Testing such employees for infection with the disease.

"(C) Treating the employees for the disease.

"(2) **QUALIFYING LOCAL GOVERNMENTS.**—For purposes of this section, the term 'qualifying local government' means a unit of local government whose population of designated emergency response employees has a prevalence of hepatitis C that is not less than 200 percent of the national average for the prevalence of such disease in such populations.

"(3) **CONFIDENTIALITY.**—A grant may be made under paragraph (1) only if the qualifying local government involved agrees to ensure that information regarding the testing or treatment of designated emergency response employees pursuant to the grant is maintained confidentially in a manner not inconsistent with applicable law.

"(4) **EVALUATIONS.**—The Secretary shall provide for an evaluation of each demonstration project under paragraph (1) in order to determine the extent to which the project has been effective in carry [sic] out the activities described in such paragraph.

"(5) **REPORT TO CONGRESS.**—Not later than 180 days after the date on which all grants under paragraph (1) have been expended, the Secretary shall submit to Congress a report providing—

"(A) a summary of evaluations under paragraph (4); and

"(B) the recommendations of the Secretary for administrative or legislative initiatives regarding

the activities described in paragraph (1).

"(c) AUTHORIZATION OF APPROPRIATIONS.—For the purpose of carrying out this section, there is authorized to be appropriated to the Department of Health and Human Services and the Department of Labor \$10,000,000 for fiscal year 2001."

§247b–16. Grants for lead poisoning related activities

(a) Authority to make grants

(1) In general

The Secretary shall make grants to States to support public health activities in States and localities where data suggests that at least 5 percent of preschool-age children have an elevated blood lead level through—

(A) effective, ongoing outreach and community education targeted to families most likely to be at risk for lead poisoning;

(B) individual family education activities that are designed to reduce ongoing exposures to lead for children with elevated blood lead levels, including through home visits and coordination with other programs designed to identify and treat children at risk for lead poisoning; and

(C) the development, coordination and implementation of community-based approaches for comprehensive lead poisoning prevention from surveillance to lead hazard control.

(2) State match

A State is not eligible for a grant under this section unless the State agrees to expend (through State or local funds) \$1 for every \$2 provided under the grant to carry out the activities described in paragraph (1).

(3) Application

To be eligible to receive a grant under this section, a State shall submit an application to the Secretary in such form and manner and containing such information as the Secretary may require.

(b) Coordination with other children's programs

A State shall identify in the application for a grant under this section how the State will coordinate operations and activities under the grant with—

(1) other programs operated in the State that serve children with elevated blood lead levels, including any such programs operated under title V, XIX, or XXI of the Social Security Act [42 U.S.C. 701 et seq., 1396 et seq., 1397aa et seq.]; and

(2) one or more of the following—

(A) the child welfare and foster care and adoption assistance programs under parts B and E of title IV of such Act [42 U.S.C. 620 et seq., 670 et seq.];

(B) the head start program established under the Head Start Act (42 U.S.C. 9831 et seq.);

(C) the program of assistance under the special supplemental nutrition program for women, infants and children (WIC) under section 1786 of this title;

(D) local public and private elementary or secondary schools; or

(E) public housing agencies, as defined in section 1437a of this title.

(c) Performance measures

The Secretary shall establish needs indicators and performance measures to evaluate the activities carried out under grants awarded under this section. Such indicators shall be commensurate with national measures of maternal and child health programs and shall be developed in consultation with the Director of the Centers for Disease Control and Prevention.

(d) Authorization of appropriations

There are authorized to be appropriated to carry out this section such sums as may be necessary for each of the fiscal years 2001 through 2005.

(July 1, 1944, ch. 373, title III, §317O, as added Pub. L. 106–310, div. A, title XXV, §2502(a), Oct. 17, 2000, 114 Stat. 1162.)

§247b–17. Human papillomavirus (Johanna's Law)

(a) Surveillance

(1) In general

The Secretary, acting through the Centers for Disease Control and Prevention, shall—

(A) enter into cooperative agreements with States and other entities to conduct sentinel surveillance or other special studies that would determine the prevalence in various age groups and populations of specific types of human papillomavirus (referred to in this section as "HPV") in different sites in various regions of the United States, through collection of special specimens for HPV using a variety of laboratory-based testing and diagnostic tools; and

(B) develop and analyze data from the HPV sentinel surveillance system described in subparagraph (A).

(2) Report

The Secretary shall make a progress report to the Congress with respect to paragraph (1) no later than 1 year after the effective date of this section.

(b) Prevention activities; education program

(1) In general

The Secretary, acting through the Centers for Disease Control and Prevention, shall conduct prevention research on HPV, including—

(A) behavioral and other research on the impact of HPV-related diagnosis on individuals;

(B) formative research to assist with the development of educational messages and information for the public, for patients, and for their partners about HPV;

(C) surveys of physician and public knowledge, attitudes, and practices about genital HPV infection; and

(D) upon the completion of and based on the findings under subparagraphs (A) through (C), develop and disseminate educational materials for the public and health care providers regarding HPV and its impact and prevention.

(2) Report; final proposal

The Secretary shall make a progress report to the Congress with respect to paragraph (1) not later than 1 year after the effective date of this section, and shall develop a final report not later than 3 years after such effective date, including a detailed summary of the significant findings and problems and the best strategies to prevent future infections, based on available science.

(c) HPV education and prevention

(1) In general

The Secretary shall prepare and distribute educational materials for health care providers and the public that include information on HPV. Such materials shall address—

- (A) modes of transmission;
- (B) consequences of infection, including the link between HPV and cervical cancer;
- (C) the available scientific evidence on the effectiveness or lack of effectiveness of condoms in preventing infection with HPV; and
- (D) the importance of regular Pap smears, and other diagnostics for early intervention and prevention of cervical cancer purposes in preventing cervical cancer.

(2) Medically accurate information

Educational material under paragraph (1), and all other relevant educational and prevention materials prepared and printed from this date forward for the public and health care providers by the Secretary (including materials prepared through the Food and Drug Administration, the Centers for Disease Control and Prevention, and the Health Resources and Services Administration), or by contractors, grantees, or subgrantees thereof, that are specifically designed to address STDs including HPV shall contain medically accurate information regarding the effectiveness or lack of effectiveness of condoms in preventing the STD the materials are designed to address. Such requirement only applies to materials mass produced for the public and health care providers, and not to routine communications.

(d) Johanna's Law

(1) National public awareness campaign

(A) In general

The Secretary shall carry out a national campaign to increase the awareness and knowledge of health care providers and women with respect to gynecologic cancers.

(B) Written materials

Activities under the national campaign under subparagraph (A) shall include—

- (i) maintaining a supply of written materials that provide information to the public on gynecologic cancers; and
- (ii) distributing the materials to members of the public upon request.

(C) Public service announcements

Activities under the national campaign under subparagraph (A) shall, in accordance with applicable law and regulations, include developing and placing, in telecommunications media, public service announcements intended to encourage women to discuss with their physicians their risks of gynecologic cancers. Such announcements shall inform the public on the manner in which the written materials referred to in subparagraph (B) can be obtained upon request, and shall call attention to early warning signs and risk factors based on the best available medical information.

(2) Report and strategy

(A) Report

Not later than 6 months after January 12, 2007, the Secretary shall submit to the Congress a report including the following:

- (i) A description of the past and present activities of the Department of Health and Human Services to increase awareness and knowledge of the public with respect to different types of cancer, including gynecologic cancers.
- (ii) A description of the past and present activities of the Department of Health and Human Services to increase awareness and knowledge of health care providers with respect to different types of cancer, including gynecologic cancers.
- (iii) For each activity described pursuant to clause (i) or (ii), a description of the following:
 - (I) The funding for such activity for fiscal year 2006 and the cumulative funding for

such activity for previous fiscal years.

(II) The background and history of such activity, including—

- (aa) the goals of such activity;
- (bb) the communications objectives of such activity;
- (cc) the identity of each agency within the Department of Health and Human Services responsible for any aspect of the activity; and
- (dd) how such activity is or was expected to result in change.

(III) How long the activity lasted or is expected to last.

(IV) The outcomes observed and the evaluation methods, if any, that have been, are being, or will be used with respect to such activity.

(V) For each such outcome or evaluation method, a description of the associated results, analyses, and conclusions.

(B) Strategy

(i) Development; submission to Congress

Not later than 3 months after submitting the report required by subparagraph (A), the Secretary shall develop and submit to the Congress a strategy for improving efforts to increase awareness and knowledge of the public and health care providers with respect to different types of cancer, including gynecological cancers.

(ii) Consultation

In developing the strategy under clause (i), the Secretary should consult with qualified private sector groups, including nonprofit organizations.

(3) Full compliance

(A) IN GENERAL.—Not later than March 1, 2008, the Secretary shall ensure that all provisions of this section, including activities directed to be carried out by the Centers for Disease Control and Prevention and the Food and Drug Administration, are fully implemented and being complied with. Not later than April 30, 2008, the Secretary shall submit to Congress a report that certifies compliance with the preceding sentence and that contains a description of all activities undertaken to achieve such compliance.

(B) If the Secretary fails to submit the certification as provided for under subparagraph (A), the Secretary shall, not later than 3 months after the date on which the report is to be submitted under subparagraph (A), and every 3 months thereafter, submit to Congress an explanation as to why the Secretary has not yet complied with the first sentence of subparagraph (A), a detailed description of all actions undertaken within the month for which the report is being submitted to bring the Secretary into compliance with such sentence, and the anticipated date the Secretary expects to be in full compliance with such sentence.

(4) Consultation with nonprofit gynecologic cancer organizations

In carrying out the national campaign under this subsection, the Secretary shall consult with nonprofit gynecologic cancer organizations, with a mission both to conquer ovarian or other gynecologic cancer and to provide outreach to State and local governments and communities, for the purpose of determining the best practices for providing gynecologic cancer information and outreach services to varied populations.

(6) ¹ Authorization of appropriations

For the purpose of carrying out this subsection, there is authorized to be appropriated \$16,500,000 for the period of fiscal years 2007 through 2009 and \$18,000,000 for the period of fiscal years 2012 through 2014.

(July 1, 1944, ch. 373, title III, §317P, as added Pub. L. 106–554, §1(a)(1) [title V, §516(a)], Dec. 21, 2000, 114 Stat. 2763, 2763A–72; amended Pub. L. 109–475, §2, Jan. 12, 2007, 120 Stat. 3565; Pub. L. 111–324, §1, Dec. 22, 2010, 124 Stat. 3536.)

§247b–18. Surveillance and research regarding muscular dystrophy

(a) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may award grants and cooperative agreements to public or nonprofit private entities (including health departments of States and political subdivisions of States, and including universities and other educational entities) for the collection, analysis, and reporting of data on Duchenne and other forms of muscular dystrophy. In making such awards, the Secretary may provide direct technical assistance in lieu of cash.

(b) National muscular dystrophy epidemiology program

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may award grants to public or nonprofit private entities (including health departments of States and political subdivisions of States, and including universities and other educational entities) for the purpose of carrying out epidemiological activities regarding Duchenne and other forms of muscular dystrophies, including collecting and analyzing information on the number, incidence, correlates, and symptoms of cases. In carrying out the preceding sentence, the Secretary shall provide for a national surveillance program and, to the extent possible, ensure that data be representative of all affected populations and shared in a timely manner. In making awards under this subsection, the Secretary may provide direct technical assistance in lieu of cash.

(c) Coordination with centers of excellence

The Secretary shall ensure that epidemiological information under subsections (a) and (b) is made available to centers of excellence supported under section 283g(b) of this title by the Director of the National Institutes of Health.

(d) Data

In carrying out this section, the Secretary may ensure that any data on patients that is collected as part of the Muscular Dystrophy STARnet (under a grant under this section) is regularly updated to reflect changes in patient condition over time.

(e) Reports and study

(1) Annual report

Not later than 18 months after October 8, 2008, and annually thereafter, the Director of the Centers for Disease Control and Prevention shall submit to the appropriate committees of the Congress a report—

(A) concerning the activities carried out by MD STARnet site ¹ funded under this section during the year for which the report is prepared;

(B) containing the data collected and findings derived from the MD STARnet sites each fiscal year (as funded under a grant under this section during fiscal years 2008 through 2012); and

(C) that every 2 years outlines prospective data collection objectives and strategies.

(2) Tracking health outcomes

The Secretary may provide health outcome data on the health and survival of people with muscular dystrophy.

(f) Authorization of appropriations

There are authorized to be appropriated such sums as may be necessary to carry out this section. (July 1, 1944, ch. 373, title III, §317Q, as added Pub. L. 107–84, §4, Dec. 18, 2001, 115 Stat. 828; amended Pub. L. 110–361, §3, Oct. 8, 2008, 122 Stat. 4010; Pub. L. 113–166, §3, Sept. 26, 2014, 128 Stat. 1880.)

STATUTORY NOTES AND RELATED SUBSIDIARIES

FINDINGS

Pub. L. 107–84, §2, Dec. 18, 2001, 115 Stat. 823, provided that: "Congress makes the following findings:

"(1) Of the childhood muscular dystrophies, Duchenne Muscular Dystrophy (DMD) is the world's most common and catastrophic form of genetic childhood disease, and is characterized by a rapidly progressive muscle weakness that almost always results in death, usually by 20 years of age.

"(2) Duchenne muscular dystrophy is genetically inherited, and mothers are the carriers in approximately 70 percent of all cases.

"(3) If a female is a carrier of the dystrophin gene, there is a 50 percent chance per birth that her male offspring will have Duchenne muscular dystrophy, and a 50 percent chance per birth that her female offspring will be carriers.

"(4) Duchenne is the most common lethal genetic disorder of childhood worldwide, affecting approximately 1 in every 3,500 boys worldwide.

"(5) Children with muscular dystrophy exhibit extreme symptoms of weakness, delay in walking, waddling gait, difficulty in climbing stairs, and progressive mobility problems often in combination with muscle hypertrophy.

"(6) Other forms of muscular dystrophy affecting children and adults include Becker, limb girdle, congenital, facioscapulohumeral, myotonic, oculopharyngeal, distal, and Emery-Dreifuss muscular dystrophies.

"(7) Myotonic muscular dystrophy (also known as Steinert's disease and dystrophia myotonica) is the second most prominent form of muscular dystrophy and the type most commonly found in adults. Unlike any of the other muscular dystrophies, the muscle weakness is accompanied by myotonia (delayed relaxation of muscles after contraction) and by a variety of abnormalities in addition to those of muscle.

"(8) Facioscapulohumeral muscular dystrophy (referred to in this section as 'FSHD') is a neuromuscular disorder that is inherited genetically and has an estimated frequency of 1 in 20,000. FSHD,

affecting between 15,000 to 40,000 persons, causes a progressive and sever [sic] loss of skeletal muscle gradually bringing weakness and reduced mobility. Many persons with FSHD become severely physically disabled and spend many decades in a wheelchair.

"(9) FSHD is regarded as a novel genetic phenomenon resulting from a crossover of subtelomeric DNA and may be the only human disease caused by a deletion-mutation.

"(10) Each of the muscular dystrophies, though distinct in progressivity and severity of symptoms, have a devastating impact on tens of thousands of children and adults throughout the United States and worldwide and impose severe physical and economic burdens on those affected.

"(11) Muscular dystrophies have a significant impact on quality of life—not only for the individual who experiences its painful symptoms and resulting disability, but also for family members and caregivers.

"(12) Development of therapies for these disorders, while realistic with recent advances in research, is likely to require costly investments and infrastructure to support gene and other therapies.

"(13) There is a shortage of qualified researchers in the field of neuromuscular research.

"(14) Many family physicians and health care professionals lack the knowledge and resources to detect and properly diagnose the disease as early as possible, thus exacerbating the progressiveness of symptoms in cases that go undetected or misdiagnosed.

"(15) There is a need for efficient mechanisms to translate clinically relevant findings in muscular dystrophy research from basic science to applied work.

"(16) Educating the public and health care community throughout the country about this devastating disease is of paramount importance and is in every respect in the public interest and to the benefit of all communities."

REPORT TO CONGRESS

Pub. L. 107–84, §6, Dec. 18, 2001, 115 Stat. 829, which directed the Secretary of Health and Human Services to prepare and submit to appropriate committees of Congress a report concerning the implementation of Pub. L. 107–84 not later than Jan. 1, 2003, and each Jan. 1 thereafter, was repealed by Pub. L. 109–482, title I, §104(b)(3)(H), Jan. 15, 2007, 120 Stat. 3694.

¹ So in original. Probably should be plural.

§247b–19. Information and education

(a) In general

The Secretary of Health and Human Services (referred to in this Act as the "Secretary") shall establish and implement a program to provide information and education on muscular dystrophy to health professionals and the general public, including information and education on advances in the diagnosis and treatment of muscular dystrophy and training and continuing education through programs for scientists, physicians, medical students, and other health professionals who provide care for patients with muscular dystrophy.

(b) Stipends

The Secretary may use amounts made available under this section provides ¹ stipends for health professionals who are enrolled in training programs under this section.

(c) Requirements

In carrying out this section, the Secretary may—

- (1) partner with leaders in the muscular dystrophy patient community;
- (2) cooperate with professional organizations and the patient community in the development and issuance of care considerations for pediatric and adult patients, including acute care considerations, for Duchenne-Becker muscular dystrophy, and various other forms of muscular dystrophy, and in periodic review and updates, as appropriate;
- (3) in developing and updating care considerations under paragraph (2), incorporate strategies specifically responding to the findings of the national transitions survey of minority, young adult, and adult communities of muscular dystrophy patients; and
- (4) widely disseminate the Duchenne-Becker muscular dystrophy and various other forms of

muscular dystrophy care considerations as broadly as possible, including through partnership opportunities with the muscular dystrophy patient community.

(d) Authorization of appropriations

There are authorized to be appropriated such sums as may be necessary to carry out this section. (Pub. L. 107–84, §5, Dec. 18, 2001, 115 Stat. 828; Pub. L. 110–361, §4, Oct. 8, 2008, 122 Stat. 4011; Pub. L. 113–166, §4, Sept. 26, 2014, 128 Stat. 1880.)

EDITORIAL NOTES

REFERENCES IN TEXT

This Act, referred to in subsec. (a), is Pub. L. 107–84, Dec. 18, 2001, 115 Stat. 823, known as the Muscular Dystrophy Community Assistance, Research and Education Amendments of 2001 and also as the MD–CARE Act. For complete classification of this Act to the Code, see Short Title of 2001 Amendment note set out under section 201 of this title and Tables.

CODIFICATION

Section was enacted as part of the Muscular Dystrophy Community Assistance, Research and Education Amendments of 2001, also known as the MD–CARE Act, and not as part of the Public Health Service Act which comprises this chapter.

AMENDMENTS

2014—Subsec. (c)(2). Pub. L. 113–166, §4(1), inserted "for pediatric and adult patients, including acute care considerations," after "issuance of care considerations" and "various" before "other forms of muscular dystrophy" and struck out "and" at end.

Subsec. (c)(3), (4). Pub. L. 113–166, §4(2)–(4), added par. (3), redesignated former par. (3) as (4), and, in par. (4), inserted "various" before "other forms of muscular dystrophy".

2008—Subsecs. (c), (d). Pub. L. 110–361 added subsec. (c) and redesignated former subsec. (c) as (d).

§247b–20. Food safety grants

(a) In general

The Secretary may award grants to States and Indian tribes (as defined in section 5304(e) of title 25) to expand participation in networks to enhance Federal, State, and local food safety efforts, including meeting the costs of establishing and maintaining the food safety surveillance, technical, and laboratory capacity needed for such participation.

(b) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated \$19,500,000 for fiscal year 2010, and such sums as may be necessary for each of the fiscal years 2011 through 2015.

(July 1, 1944, ch. 373, title III, §317R, as added Pub. L. 107–188, title III, §312, June 12, 2002, 116 Stat. 674; amended Pub. L. 108–75, §2(1), Aug. 15, 2003, 117 Stat. 898; Pub. L. 111–353, title II, §205(d), Jan. 4, 2011, 124 Stat. 3939.)

EDITORIAL NOTES

AMENDMENTS

2011—Subsec. (b). Pub. L. 111–353 substituted "2010" for "2002" and "2011 through 2015" for "2003 through 2006".

2003—Pub. L. 108–75 made technical amendment relating to placement of section within original act.

§247b–21. Mosquito-borne diseases; coordination grants to States; assessment and control grants to political subdivisions

(a) Coordination grants to States; assessment grants to political subdivisions

(1) In general

With respect to mosquito control programs to prevent and control mosquito-borne diseases (referred to in this section as "control programs"), the Secretary, acting through the Director of the Centers for Disease Control and Prevention, may make grants to States for the purpose of—

- (A) coordinating control programs in the State involved; and
- (B) assisting such State in making grants to political subdivisions of the State to conduct assessments to determine the immediate needs in such subdivisions for control programs, including programs to address emerging infectious mosquito-borne diseases, and to develop, on the basis of such assessments, plans for carrying out control programs in the subdivisions or improving existing control programs.

(2) Preference in making grants

In making grants under paragraph (1), the Secretary shall give preference to States that have one or more political subdivisions with an incidence, prevalence, or high risk of mosquito-borne disease, or a population of infected mosquitoes, that is substantial relative to political subdivisions in other States.

(3) Certain requirements

A grant may be made under paragraph (1) only if—

- (A) the State involved has developed, or agrees to develop, a plan for coordinating control programs in the State, and the plan takes into account any assessments or plans described in subsection (b)(3) that have been conducted or developed, respectively, by political subdivisions in the State;
- (B) in developing such plan, the State consulted or will consult (as the case may be under subparagraph (A)) with political subdivisions in the State that are carrying out or planning to carry out control programs;
- (C) the State agrees to monitor control programs in the State in order to ensure that the programs are carried out in accordance with such plan, with priority given to coordination of control programs in political subdivisions described in paragraph (2) that are contiguous;
- (D) the State agrees that the State will make grants to political subdivisions as described in paragraph (1)(B), and that such a grant will not exceed \$10,000; and
- (E) the State agrees that the grant will be used to supplement, and not supplant, State and local funds available for the purpose described in paragraph (1).

(4) Reports to Secretary

A grant may be made under paragraph (1) only if the State involved agrees that, promptly after the end of the fiscal year for which the grant is made, the State will submit to the Secretary a report that—

- (A) describes the activities of the State under the grant; and
- (B) contains an evaluation of whether the control programs of political subdivisions in the State were effectively coordinated with each other, which evaluation takes into account any reports that the State received under subsection (b)(5) from such subdivisions.

(5) Number of grants

A State may not receive more than one grant under paragraph (1).

(b) Prevention and control grants to political subdivisions

(1) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may make grants to political subdivisions of States or consortia of political subdivisions of States,

for the operation, including improvement, of control programs.

(2) Preference in making grants

In making grants under paragraph (1), the Secretary shall give preference to a political subdivision or consortium of political subdivisions that—

(A) has—

- (i) a history of elevated incidence or prevalence of mosquito-borne disease;
- (ii) a population of infected mosquitoes;
- (iii) met criteria determined by the Secretary to suggest an increased risk of elevated incidence or prevalence of mosquito-borne disease in the pending fiscal year, including an emerging infectious mosquito-borne disease that presents a serious public health threat; or
- (iv) a public health emergency due to the incidence or prevalence of a mosquito-borne disease that presents a serious public health threat;

(B) demonstrates to the Secretary that such political subdivision or consortium of political subdivisions will, if appropriate to the mosquito circumstances involved, effectively coordinate the activities of the control programs with contiguous political subdivisions;

(C) demonstrates to the Secretary (directly or through State officials) that the State in which such a political subdivision or consortium of political subdivisions is located has identified or will identify geographic areas in such State that have a significant need for control programs and will effectively coordinate such programs in such areas; and

(D)(i) is located in a State that has received a grant under subsection (a); or

(ii) that ¹ demonstrates to the Secretary that the control program is consistent with existing State mosquito control plans or policies, or other applicable State preparedness plans.

(3) Requirement of assessment and plan

A grant may be made under paragraph (1) only if the political subdivision or consortium of political subdivisions involved—

(A) has conducted an assessment to determine the immediate needs in such subdivision or consortium for a control program, including an entomological survey of potential mosquito breeding areas; and

(B) has, on the basis of such assessment, developed a plan for carrying out such a program.

(4) Requirement of matching funds

(A) In general

With respect to the costs of a control program to be carried out under paragraph (1) by a political subdivision or consortium of political subdivisions, a grant under such paragraph may be made only if the subdivision or consortium agrees to make available (directly or through donations from public or private entities) non-Federal contributions toward such costs in an amount that is not less than 1/3 of such costs (\$1 for each \$2 of Federal funds provided in the grant).

(B) Determination of amount contributed

Non-Federal contributions required in subparagraph (A) may be in cash or in kind, fairly evaluated, including plant, equipment, or services. Amounts provided by the Federal Government, or services assisted or subsidized to any significant extent by the Federal Government, may not be included in determining the amount of such non-Federal contributions.

(C) Waiver

The Secretary may waive the requirement established in subparagraph (A) if the Secretary determines that—

- (i) extraordinary economic conditions in the political subdivision or consortium of political subdivisions involved justify the waiver; or
- (ii) the geographical area covered by a political subdivision or consortium for a grant under paragraph (1) has an extreme mosquito control need due to—

- (I) the size or density of the potentially impacted human population;
- (II) the size or density of a mosquito population that requires heightened control; or
- (III) the severity of the mosquito-borne disease, such that expected serious adverse health outcomes for the human population justify the waiver.

(5) Reports to Secretary

A grant may be made under paragraph (1) only if the political subdivision or consortium of political subdivisions involved agrees that, promptly after the end of the fiscal year for which the grant is made, the subdivision or consortium will submit to the Secretary, and to the State within which the subdivision or consortium is located, a report that describes the control program and contains an evaluation of whether the program was effective.

(6) Number of grants

A political subdivision or a consortium of political subdivisions may not receive more than one grant under paragraph (1).

(c) Applications for grants

A grant may be made under subsection (a) or (b) only if an application for the grant is submitted to the Secretary and the application is in such form, is made in such manner, and contains such agreements, assurances, and information as the Secretary determines to be necessary to carry out this section.

(d) Technical assistance

Amounts appropriated under subsection (f) may be used by the Secretary to provide training and technical assistance with respect to the planning, development, and operation of assessments and plans under subsection (a) and control programs under subsection (b). The Secretary may provide such technical assistance directly or through awards of grants or contracts to public and private entities.

(e) Definition of political subdivision

In this section, the term "political subdivision" means the local political jurisdiction immediately below the level of State government, including counties, parishes, and boroughs. If State law recognizes an entity of general government that functions in lieu of, and is not within, a county, parish, or borough, the Secretary may recognize an area under the jurisdiction of such other entities of general government as a political subdivision for purposes of this section.

(f) Authorization of appropriations

(1) In general

For the purpose of carrying out this section, there are authorized to be appropriated \$100,000,000 for each of fiscal years 2019 through 2023.

(2) Public health emergencies

In the case of control programs carried out in response to a mosquito-borne disease that constitutes a public health emergency, the authorization of appropriations under paragraph (1) is in addition to applicable authorizations of appropriations under this chapter and other medical and public health preparedness and response laws.

(3) Fiscal year 2019 appropriations

For fiscal year 2019, 50 percent or more of the funds appropriated under paragraph (1) shall be used to award grants to political subdivisions or consortia of political subdivisions under subsection (b).

(July 1, 1944, ch. 373, title III, §317S, as added Pub. L. 108–75, §2(2), Aug. 15, 2003, 117 Stat. 898; amended Pub. L. 116–22, title VI, §607(a), June 24, 2019, 133 Stat. 959.)

AMENDMENTS

2019—Subsec. (a)(1)(B). Pub. L. 116–22, §607(a)(1), inserted "including programs to address emerging infectious mosquito-borne diseases," after "subdivisions for control programs," and "or improving existing control programs" after "in the subdivisions".

Subsec. (b)(1). Pub. L. 116–22, §607(a)(2)(A), inserted ", including improvement," after "operation".

Subsec. (b)(2)(A)(iii). Pub. L. 116–22, §607(a)(2)(B)(i)(II), substituted ", including an emerging infectious mosquito-borne disease that presents a serious public health threat; or" for semicolon at end.

Subsec. (b)(2)(A)(iv). Pub. L. 116–22, §607(a)(2)(B)(i)(I), (III), added cl. (iv).

Subsec. (b)(2)(D). Pub. L. 116–22, §607(a)(2)(B)(ii), amended subpar. (D) generally. Prior to amendment, subpar. (D) read as follows: "is located in a State that has received a grant under subsection (a)."

Subsec. (b)(4)(C). Pub. L. 116–22, §607(a)(2)(C), substituted "that—" for "that extraordinary economic conditions in the political subdivision or consortium of political subdivisions involved justify the waiver." and added cls. (i) and (ii).

Subsec. (b)(6). Pub. L. 116–22, §607(a)(2)(D), amended par. (6) generally. Prior to amendment, par. (6) related to amount of grant and number of grants.

Subsec. (f)(1). Pub. L. 116–22, §607(a)(3)(A), substituted "for each of fiscal years 2019 through 2023" for "for fiscal year 2003, and such sums as may be necessary for each of fiscal years 2004 through 2007".

Subsec. (f)(2). Pub. L. 116–22, §607(a)(3)(B), substituted "this chapter and other medical and public health preparedness and response laws" for "the Public Health Security and Bioterrorism Preparedness and Response Act of 2002".

Subsec. (f)(3). Pub. L. 116–22, §607(a)(3)(C), substituted "2019" for "2004" in heading and "2019," for "2004," in text.

§247b–22. Microbicide research

(a) In general

The Director of the Centers for Disease Control and Prevention is strongly encouraged to fully implement the Centers' microbicide agenda to support research and development of microbicides for use to prevent the transmission of the human immunodeficiency virus.

(b) Authorization of appropriations

There are authorized to be appropriated such sums as may be necessary for each of fiscal years 2009 through 2013 to carry out this section.

(July 1, 1944, ch. 373, title III, §317T, as added Pub. L. 110–293, title II, §203(d), July 30, 2008, 122 Stat. 2941.)

§247b–23. National strategy and regional centers of excellence in vector-borne diseases

(a) In general

The Secretary shall—

(1)(A) ensure the development and implementation of a national strategy to address vector-borne diseases, including tick-borne diseases, that—

(i) identifies and assesses gaps and any unnecessary duplication in federally-funded programs; and

(ii) identifies strategic goals to address such diseases and appropriate benchmarks to measure progress toward achieving such goals; and

(B) update such strategy, as appropriate; and

(2) coordinate programs and activities, including related to data collection, research, and the development of diagnostics, treatments, vaccines, and other related activities, to address

vector-borne diseases, including tick-borne diseases, across the Department of Health and Human Services and with other Federal agencies or departments, as appropriate.

(b) Consultation

In carrying out subsection (a)(1), the Secretary shall consult with the Tick-Borne Disease Working Group established under section 284s of this title and other individuals, as appropriate, such as—

- (1) epidemiologists with experience in vector-borne diseases;
- (2) representatives of patient advocacy and research organizations that focus on vector-borne diseases, including such organizations that have demonstrated experience in related research, public health, data collection, or patient access to care;
- (3) health information technology experts or other information management specialists;
- (4) clinicians, entomologists, vector management professionals, public health professionals, and others with expertise in vector-borne diseases; and
- (5) researchers, including researchers with experience conducting translational research.

(c) Centers of excellence

The Secretary, in coordination with the Director of the Centers for Disease Control and Prevention, shall award grants, contracts, or cooperative agreements to institutions of higher education for the establishment or continued support of regional centers of excellence in vector-borne diseases to address vector-borne diseases, including tick-borne diseases, by—

- (1) facilitating collaboration between academia and public health organizations for public health surveillance, prevention, and response activities related to vector-borne diseases, including tick-borne diseases;
- (2) providing training for public health entomologists and other health care professionals, as appropriate, to address vector-borne diseases, including tick-borne diseases;
- (3) conducting research to develop and validate prevention and control tools and methods, including evidence-based and innovative, evidence-informed tools and methods to anticipate and respond to disease outbreaks; or
- (4) preparing for and responding to outbreaks of vector-borne diseases, including tick-borne diseases.

(d) Eligibility

To be eligible to receive a grant, contract, or cooperative agreement under subsection (c), an entity shall submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary may require, including a description of how the entity will conduct the activities described in such subsection.

(e) Reports

(1) Program summary

An entity receiving an award under subsection (c) shall, not later than one year after receiving such award, and annually thereafter, submit to the Secretary a summary of programs and activities funded under the award.

(2) Progress report

Not later than 4 years after December 20, 2019, the Secretary shall submit to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives, a report on the progress made in addressing vector-borne diseases, including tick-borne diseases, through activities carried out under this section.

(f) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated \$10,000,000 for each of fiscal years 2021 through 2025.

(July 1, 1944, ch. 373, title III, §317U, as added Pub. L. 116–94, div. N, title I, §404(b), Dec. 20, 2019, 133 Stat. 3116.)

§247b–24. Addressing factors related to improving health outcomes

(a) In general

The Secretary may, as appropriate, award grants, contracts, or cooperative agreements to eligible entities for the conduct of evidence-based or evidence-informed projects, which may include the development of networks to improve health outcomes by improving the capacity of such entities to address factors that contribute to negative health outcomes in communities.

(b) Eligible entities

To be eligible to receive an award under this section, an entity shall—

(1)(A) be a State, local, or Tribal health department, community-based organization, Indian Tribe or Tribal organization (as such terms are defined in section 5304 of title 25), urban Indian organization (as defined in section 1603 of title 25), or other public or private entity, as the Secretary determines appropriate; or

(B) be a consortia of entities described in subparagraph (A) or a public-private partnership, including a community partnership;

(2) submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary shall require;

(3) in the case of an entity other than a community-based organization, demonstrate a history of successfully working with an established community-based organization to address health outcomes; and

(4) submit a plan to conduct activities described in subsection (a) based on a community needs assessment that takes into account community input.

(c) Use of funds

An entity described in subsection (b) shall use funds received under subsection (a), in consultation with State, local, and Tribal health departments, community-based organizations, entities serving medically underserved communities, and other entities, as applicable, for one or more of the following purposes:

(1) Supporting the implementation, evaluation, and dissemination of strategies, through evidence-informed or evidence-based programs and through the support and use of public health and health care professionals to address factors related to health outcomes.

(2) Establishing, maintaining, or improving, in consultation with State, local, or Tribal health departments, technology platforms or networks to support, in a manner that is consistent with applicable Federal and State privacy law—

(A) coordination among appropriate entities, and, as applicable and appropriate, activities to improve such coordination;

(B) information sharing on health and related social services; and

(C) technical assistance and related support for entities participating in the platforms or networks.

(3) Implementing best practices for improving health outcomes and reducing disease among underserved populations.

(4) Supporting consideration of factors related to health outcomes in preparing for, and responding to, public health emergencies, through outreach, education, research, and other relevant activities.

(d) Best practices and technical assistance

The Secretary, in consultation with the Director of the Office of Minority Health, the National Coordinator for Health Information Technology, and the Administrator of the Administration for Community Living, may award grants, contracts, and cooperative agreements to public or nonprofit

private entities, including minority serving institutions (defined, for purposes of this subsection, as institutions and programs described in section 1063b(e)(1) of title 20 and institutions described in section 1067q(a) of title 20), to—

- (1) identify or facilitate the development of best practices to support improved health outcomes for underserved populations;
- (2) provide technical assistance, training, and evaluation assistance to award recipients under subsection (a);
- (3) disseminate best practices, including to award recipients under subsection (a); and
- (4) leverage, establish, or operate regional centers to develop, evaluate, and disseminate effective strategies on factors related to health outcomes, including supporting research and training related to such strategies.

(e) Award periods

The Secretary shall issue awards under this section for periods of not more than 5 years and may issue extensions of such award periods for an additional period of up to 3 years.

(f) Report

Not later than September 30, 2026, the Secretary shall submit to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives a report that includes information on activities funded under this section. Such report shall include a description of—

- (1) changes in the capacity of public health entities to address factors related to health outcomes in communities, including any applicable platforms or networks developed or utilized to coordinate health and related social services and any changes in workforce capacity or capabilities;
- (2) improvements in health outcomes and in reducing health disparities in medically underserved communities;
- (3) activities conducted to support consideration of factors related to health outcomes in preparing for, and responding to, public health emergencies, through outreach, education, and other relevant activities;
- (4) communities and populations served by recipients of awards under subsection (a);
- (5) activities supported under subsection (e); and
- (6) other relevant activities and outcomes, as determined by the Secretary.

(g) Authorization of appropriations

To carry out this section, there are authorized to be appropriated \$35,000,000 for each of fiscal years 2023 through 2027. Of the amounts appropriated under this subsection for a fiscal year, 5 percent shall be reserved for awards under subsection (a) to Indian Tribes and Tribal organizations (as such terms are defined in section 5304 of title 25), urban Indian organizations (as defined in section 1603 of title 25), and Tribal health departments.

(July 1, 1944, ch. 373, title III, §317V, as added Pub. L. 117–328, div. FF, title II, §2201(a)(1), Dec. 29, 2022, 136 Stat. 5727.)

§247c. Sexually transmitted diseases; prevention and control projects and programs

(a) Technical assistance to public and nonprofit private entities and scientific institutions

The Secretary may provide technical assistance to appropriate public and nonprofit private entities and to scientific institutions for their research in, and training and public health programs for, the prevention and control of sexually transmitted diseases.

(b) Research, demonstration, and public information and education projects

The Secretary may make grants to States, political subdivisions of States, and any other public and

nonprofit private entity for—

- (1) research into the prevention and control of sexually transmitted diseases;
 - (2) demonstration projects for the prevention and control of sexually transmitted diseases;
 - (3) public information and education programs for the prevention and control of such diseases;
- and
- (4) education, training, and clinical skills improvement activities in the prevention and control of such diseases for health professionals (including allied health personnel).

(c) Project grants to States

The Secretary is also authorized to make project grants to States and, in consultation with the State health authority, to political subdivisions of States, for—

- (1) sexually transmitted diseases surveillance activities, including the reporting, screening, and followup of diagnostic tests for, and diagnosed cases of, sexually transmitted diseases;
- (2) casefinding and case followup activities respecting sexually transmitted diseases, including contact tracing of infectious cases of sexually transmitted diseases and routine testing, including laboratory tests and followup systems;
- (3) interstate epidemiologic referral and followup activities respecting sexually transmitted diseases; and
- (4) such special studies or demonstrations to evaluate or test sexually transmitted diseases prevention and control strategies and activities as may be prescribed by the Secretary.

(d) Grants for innovative, interdisciplinary approaches

The Secretary may make grants to States and political subdivisions of States for the development, implementation, and evaluation of innovative, interdisciplinary approaches to the prevention and control of sexually transmitted diseases.

(e) Authorization of appropriations; terms and conditions; payments; recordkeeping; audit; grant reduction; information disclosure

(1) For the purpose of making grants under subsections (b) through (d), there are authorized to be appropriated \$85,000,000 for fiscal year 1994, and such sums as may be necessary for each of the fiscal years 1995 through 1998.

(2) Each recipient of a grant under this section shall keep such records as the Secretary shall prescribe, including records which fully disclose the amount and disposition by such recipient of the proceeds of such grant, the total cost of the project or undertaking in connection with which such grant was given or used, and the amount of that portion of the cost of the project or undertaking supplied by other sources, and such other records as will facilitate an effective audit.

(3) The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipients of grants under this section that are pertinent to such grants.

(4) The Secretary, at the request of a recipient of a grant under this section, may reduce such grant by the fair market value of any supplies or equipment furnished to such recipient and by the amount of pay, allowances, travel expenses, and any other costs in connection with the detail of an officer or employee of the United States to the recipient when the furnishing of such supplies or equipment or the detail of such an officer or employee is for the convenience of and at the request of such recipient and for the purpose of carrying out the program with respect to which the grant under this section is made. The amount by which any such grant is so reduced shall be available for payment by the Secretary of the costs incurred in furnishing the supplies, equipment, or personal services on which the reduction of such grant is based.

(5) All information obtained in connection with the examination, care, or treatment of any individual under any program which is being carried out with a grant made under this section shall not, without such individual's consent, be disclosed except as may be necessary to provide service to him or as may be required by a law of a state or political subdivision of a State. Information derived from any such program may be disclosed—

- (A) in summary, statistical, or other form; or

(B) for clinical or research purposes;

but only if the identity of the individuals diagnosed or provided care or treatment under such program is not disclosed.

(f) Consent of individuals

Nothing in this section shall be construed to require any State or any political subdivision of a State to have a sexually transmitted diseases program which would require any person, who objects to any treatment provided under such a program, to be treated under such a program.

1998—Subsec. (e). Pub. L. 105-392, §401(b)(2), redesignated subsec. (e), relating to consent of individuals, as (f).

Subsec. (e)(5). Pub. L. 105-392, §401(c), made technical amendment to directory language of Pub. L. 103-183, §401(c)(3). See 1993 Amendment note below.

Subsec. (f). Pub. L. 105-392, §401(b)(2), redesignated subsec. (e), relating to consent of individuals, as (f).

1993—Subsec. (b)(3). Pub. L. 103-183, §401(c)(1), substituted "; and" for ", and".

Subsec. (c)(3). Pub. L. 103-183, §401(c)(2), which directed the substitution of "; and" for ", and", could not be executed because ", and" did not appear.

Subsec. (d). Pub. L. 103-183, §401(a)(2), added subsec. (d). Former subsec. (d) redesignated (e).

Subsec. (e). Pub. L. 103-183, §401(a)(1), redesignated subsec. (d), relating to authorization of appropriations, etc., as (e).

Subsec. (e)(1). Pub. L. 103-183, §401(b), amended par. (1) generally. Prior to amendment, par. (1) read as follows: "For the purpose of making grants under subsections (b) and (c) of this section there are authorized to be appropriated \$45,000,000 for the fiscal year ending September 30, 1979, \$51,500,000 for the fiscal year ending September 30, 1980, \$59,000,000 for the fiscal year ending September 30, 1981, \$40,000,000 for the fiscal year ending September 30, 1982, \$46,500,000 for the fiscal year ending September 30, 1983, \$50,000,000 for the fiscal year ending September 30, 1984, \$57,000,000 for the fiscal year ending September 30, 1985, \$62,500,000 for the fiscal year ending September 30, 1986, \$68,000,000 for the fiscal year ending September 30, 1987, \$78,000,000 for fiscal year 1989, and such sums as may be necessary for each of the fiscal years 1990 and 1991. For grants under subsection (b) of this section in any fiscal year, the Secretary shall obligate not less than 10 per centum of the amount appropriated for such fiscal year under the preceding sentence. Grants made under subsection (b) or (c) of this section shall be made on such terms and conditions as the Secretary finds necessary to carry out the purposes of such subsection, and payments under any such grants shall be made in advance or by way of reimbursement and in such installments as the Secretary finds necessary."

Subsec. (e)(5). Pub. L. 103-183, §401(c)(3), as amended by Pub. L. 105-392, §401(c), substituted "form; or" for "form, or" in subpar. (A) and "purposes;" for "purposes," in subpar. (B).

1988—Pub. L. 100-607, §311(1), amended section catchline.

Subsec. (d). Pub. L. 100-607, §311(2), (3), redesignated subsec. (e) as (d) and struck out former subsec. (d) which related to acquired immune deficiency syndrome.

Subsec. (d)(1). Pub. L. 100-607, §311(4), substituted "(b) and (c)" for "(b), (c), and (d)", struck out "and"

after "1986," and inserted ", \$78,000,000 for fiscal year 1989, and such sums as may be necessary for each of the fiscal years 1990 and 1991" before period at end of first sentence; substituted "(b) or (c)" for "(b), (c), or (d)" in third sentence; and struck out at end "If the appropriations under the first sentence for fiscal year 1985 exceed \$50,000,000, one-half of the amount in excess of \$50,000,000 shall be made available for grants under subsection (d) of this section; if the appropriations under the first sentence for fiscal year 1986 exceed \$52,500,000, one-half of the amount in excess of \$52,500,000 shall be made available for such grants; and if the appropriations under the first sentence for fiscal year 1987 exceed \$55,000,000, one-half of the amount in excess of \$55,000,000 shall be made available for such grants."

Subsecs. (e) to (g). Pub. L. 100-607, §311(2), (3), struck out subsec. (f) which related to conditional limitation on use of funds and redesignated subsecs. (e) and (g) as (d) and (e), respectively.

1984—Subsec. (a). Pub. L. 98-555, §3(b)(1), substituted "research in, and training and public health programs for, the prevention and control of sexually transmitted diseases" for "research, training, and public health programs for the prevention and control of venereal disease".

Subsec. (b). Pub. L. 98-555, §3(b)(2), in amending subsec. (b) generally, designated existing provisions as pars. (1) to (3), added par. (4), and substituted references to sexually transmitted diseases for reference to venereal disease.

Subsec. (c). Pub. L. 98-555, §3(b)(3), (6)(A), substituted "sexually transmitted diseases" for "venereal disease" wherever appearing, struck out par. (4) relating to professional venereal disease education, training and clinical skills improvement activities, and redesignated par. (5) as (4).

Subsec. (d). Pub. L. 98-555, §3(b)(5)(A), added subsec. (d). Former subsec. (d) redesignated (e).

Subsec. (e). Pub. L. 98-555, §3(a), (b)(4), (5), redesignated subsec. (d) as (e), and in par. (1) of subsec. (e) as so redesignated, substituted "(b), (c), and (d)" for "(b) and (c)", inserted provisions authorizing appropriations for fiscal years ending Sept. 30, 1985, 1986, and 1987, substituted "10 per centum" for "5 per centum", and inserted provisions directing that one-half the excess of appropriations in fiscal years 1985, 1986, and 1987 over certain amounts be made available for grants under subsec. (d). Notwithstanding language of section 3(b)(5)(B)(ii) directing the substitution of "(b), (c), or (d)" for "(b) or (c)" in second sentence of subsec. (e)(1), the amendment was executed by making the substitution in third sentence of subsec. (e)(1) to reflect the probable intent of Congress because "(b) or (c)" did not appear in second sentence. Former subsec. (e) redesignated (f).

Subsecs. (f), (g). Pub. L. 98-555, §3(b)(5)(A), (6)(A), (C), redesignated subsecs. (e) and (f) as (f) and (g), respectively, in subsecs. (f) and (g) as so redesignated, substituted "sexually transmitted diseases" for "venereal disease", and struck out former subsec. (g) which defined venereal disease.

1981—Subsec. (d)(1). Pub. L. 97-35 inserted provisions authorizing appropriations for fiscal years ending Sept. 30, 1982, 1983, and 1984.

1979—Subsec. (b). Pub. L. 96-32 amended directory language of Pub. L. 95-626, §204(c)(2), and required no change in text. See 1978 Amendment note below.

1978—Subsec. (b). Pub. L. 95-626, §204(c)(2), as amended by Pub. L. 96-32, substituted "research, demonstrations, and public information and education for the prevention and control of venereal disease" for "research, demonstrations, education, and training for the prevention and control of venereal disease", struck out "(1)" preceding provisions thus amended, and struck out par. (2) which authorized appropriation of \$5,000,000 for fiscal year 1976, \$6,600,000 for fiscal year 1977, and \$7,600,000 for fiscal year 1978 for purpose of carrying out this subsection.

Subsec. (c). Pub. L. 95-626, §204(d), struck out "(1)" after "(c)" at beginning of existing provisions, changed designations at beginning of each of the five clauses from "(A)", "(B)", "(C)", "(D)", and "(E)" to "(1)", "(2)", "(3)", "(4)", and "(5)", respectively, substituted "The Secretary is also authorized" for "The Secretary is authorized" in provisions preceding cl. (1) as redesignated, substituted "professional (including appropriate allied health personnel) venereal disease education, training and clinical skills improvement activities" for "professional and public venereal disease education activities" in cl. (4) as redesignated, and struck out former par. (2) which had authorized appropriations of \$32,000,000 for fiscal year 1976, \$41,500,000 for fiscal year 1977, and \$43,500,000 for fiscal year 1978.

Subsec. (d)(1). Pub. L. 95-626, §204(c)(1), inserted provisions authorizing appropriations of \$45,000,000 for fiscal year ending Sept. 30, 1979, \$51,500,000 for fiscal year ending Sept. 30, 1980, and \$59,000,000 for fiscal year ending Sept. 30, 1981, for purpose of making grants under subsecs. (b) and (c) of this section, and inserted provisions directing Secretary to obligate not less than 5 per centum of amount appropriated for any fiscal year.

Subsec. (f). Pub. L. 95-626, §204(b)(1), redesignated subsec. (g) as (f). Former subsec. (f), requiring that not to exceed 50 per centum of amounts appropriated for any fiscal year under subsecs. (b) and (c) of this section could be used by Secretary for grants for such fiscal year under section 247b of this title, was struck

out.

Subsec. (g). Pub. L. 95–626, §204(b)(1), redesignated subsec. (h) as (g). Former subsec. (g) redesignated (f).

1976—Subsec. (a). Pub. L. 94–317, §203(c), substituted "public and nonprofit private entities and to" for "public authorities and".

Subsec. (b)(1). Pub. L. 94–317, §203(i), inserted "education," before "and training".

Subsec. (b)(2). Pub. L. 94–317, §203(b)(1), substituted provisions authorizing appropriations of \$5,000,000 for fiscal year 1976, \$6,600,000 for fiscal year 1977, and \$7,600,000 for fiscal year 1978, for provisions authorizing appropriations of \$7,500,000 for fiscal year ending June 30, 1973, and for each of the next two fiscal years.

Subsec. (c). Pub. L. 94–484, purported to amend former subsec. (c)(1) by defining "State" to include the Northern Mariana Islands. Former subsec. (c) of this section had been previously repealed by section 203(f)(1) of Pub. L. 94–317. See par. below.

Pub. L. 94–317, §203(b)(2), (d), (e), (f)(1), (3), (8), redesignated subsec. (d) as (c), inserted, in par. (1)(B), reference to routine testing, including laboratory tests and followup systems and substituted in par. (1)(E). "prevention and control strategies and activities" for "control" and, in par. (2), provisions authorizing appropriations of \$32,000,000 for fiscal year 1976, \$41,500,000 for fiscal year 1977, and \$43,500,000 for fiscal year 1978, for provisions authorizing appropriations of \$30,000,000 for the fiscal year ending June 30, 1973, and for each of the next two succeeding fiscal years. Former subsec. (c), which provided for authorization of appropriations to enable the Secretary to make grants to state health authorities to establish and maintain programs for diagnosis and treatment of venereal disease was amended by striking out reference to dark-field microscope techniques for diagnosis of both gonorrhea and syphilis, and as so amended, was repealed.

Subsec. (d). Pub. L. 94–317, §203(f)(2), (4), (5), (8), redesignated subsec. (e) as (d), substituted in par. (1) "or (c)" for "or (d)", struck out in par. (4) provisions relating to the amount of reduction of a grant under former subsec. (c) whereby such amount shall be deemed a part of the grant to the recipient of the grant and shall be deemed to have been paid to such recipient, and inserted in par. (5) reference to requirement by law of a State or political subdivision of a state. Former subsec. (d) redesignated (c).

Subsec. (e). Pub. L. 94–317, §203(f)(8), (g), redesignated subsec. (f) as (e) and substituted "247b(g)(2) of this title" for "247b(d)(4) of this title". Former subsec. (e) redesignated (d).

Subsec. (f). Pub. L. 94–317, §203(f)(6), (8), redesignated subsec. (g) as (f) and substituted "and (c)" for ", (c), and (d)". Former subsec. (f) redesignated (e).

Subsec. (g). Pub. L. 94–317, §203(f)(7), (8), redesignated subsec. (h) as (g) and struck out "treated or to have any child or ward of his" after "a program, to be". Former subsec. (g) redesignated (f).

Subsec. (h). Pub. L. 94–317, §203(h), added subsec. (h). Former subsec. (h) redesignated (g).

EFFECTIVE DATE OF 1998 AMENDMENT

Amendment by Pub. L. 105–392 deemed to have taken effect immediately after enactment of Pub. L. 103–183, see section 401(e) of Pub. L. 105–392, set out as a note under section 242m of this title.

DISTRIBUTION OF INFORMATION ON ACQUIRED IMMUNE DEFICIENCY SYNDROME BY DIRECTOR OF CENTERS FOR DISEASE CONTROL TO EVERY AMERICAN HOUSEHOLD

Pub. L. 100–202, §101(h) [title II], Dec. 22, 1987, 101 Stat. 1329–256, 1329–365, provided: "That the Director shall cause to be distributed without necessary clearance of the content by any official, organization or office, an AIDS mailer to every American household by June 30, 1988, as approved and funded by the Congress in Public Law 100–71 [July 11, 1987, 101 Stat. 391]."

CONGRESSIONAL FINDINGS AND DECLARATIONS

Pub. L. 95–626, title II, §204(a), Nov. 10, 1978, 92 Stat. 3582, provided that: "The Congress finds and declares that—

"(1) the number of reported cases of venereal disease persists in epidemic proportions in the United States;

"(2) the number of persons affected by venereal disease and reported to public health authorities is only a fraction of those actually affected;

"(3) the incidence of venereal disease continues to be particularly high among American youth, ages fifteen to twenty-nine, and among populations in metropolitan areas;

"(4) venereal disease accounts for severe permanent disabilities and sometimes death in newborns and causes reproductive dysfunction in women of childbearing age;

"(5) it is conservatively estimated that the public cost of health care for persons suffering from complications of venereal disease exceeds one-half billion dollars annually;

"(6) the number of trained Federal venereal disease prevention and control personnel has fallen to a dangerously inadequate level;

"(7) no vaccine for syphilis, gonorrhea, or any other venereal disease has yet been developed, nor does a blood test for the detection of asymptomatic gonorrhea in women exist, nor are safe and effective therapeutic agents available for some other venereal diseases;

"(8) school health education programs, public information and awareness campaigns, mass diagnostic screening and case followup have all been found to be effective venereal disease prevention and control methodologies;

"(9) skilled and knowledgeable health care providers, informed and concerned individuals and active, well-coordinated voluntary groups are fundamental to venereal disease prevention and control;

"(10) biomedical research toward improved diagnostic and therapeutic tools is of singular importance to the elimination of venereal disease; and

"(11) an increasing number of sexually transmissible diseases besides syphilis and gonorrhea have become a public health hazard."

Pub. L. 94-317, title II, §203(a), June 23, 1976, 90 Stat. 703, provided that: "The Congress finds and declares that—

"(1) the number of reported cases of venereal disease continues in epidemic proportions in the United States;

"(2) the number of patients with venereal disease reported to public health authorities is only a fraction of those actually infected;

"(3) the incidence of venereal disease is particularly high in the 15-29-year age group, and in metropolitan areas;

"(4) venereal disease accounts for needless deaths and leads to such severe disabilities as sterility, insanity, blindness, and crippling conditions;

"(5) the number of cases of congenital syphilis, a preventable disease, tends to parallel the incidence of syphilis in adults;

"(6) it is conservatively estimated that the public cost of care for persons suffering the complications of venereal disease exceed \$80,000,000 annually;

"(7) medical researchers have no successful vaccine for syphilis or gonorrhea, and have no blood test for the detection of gonorrhea among the large reservoir of asymptomatic females;

"(8) school health education programs, public information and awareness campaigns, mass diagnostic screening and case followup activities have all been found to be effective disease intervention methodologies;

"(9) knowledgeable health providers and concerned individuals and groups are fundamental to venereal disease prevention and control;

"(10) biomedical research leading to the development of vaccines for syphilis and gonorrhea is of singular importance for the eventual eradication of these dreaded diseases; and

"(11) a variety of other sexually transmitted diseases, in addition to syphilis and gonorrhea, have become of public health significance."

Pub. L. 92-449, title II, §202, Sept. 30, 1972, 86 Stat. 750, provided that:

"(a) The Congress finds and declares that—

"(1) the number of reported cases of venereal disease has reached epidemic proportions in the United States;

"(2) the number of patients with venereal disease reported to public health authorities is only a fraction of those treated by physicians;

"(3) the incidence of venereal disease is particularly high among individuals in the 20-24 age group, and in metropolitan areas;

"(4) venereal disease accounts for needless deaths and leads to such severe disabilities as sterility, insanity, blindness, and crippling conditions;

"(5) the number of cases of congenital syphilis, a preventable disease, in infants under one year of age increased by 331/3 per centum between 1970 and 1971;

"(6) health education programs in schools and through the mass media may prevent a substantial portion of the venereal disease problem; and

"(7) medical authorities have no successful vaccine for syphilis or gonorrhea and no blood test for the

detection of gonorrhea among the large reservoir of asymptomatic females.

"(b) In order to preserve and protect the health and welfare of all citizens, it is the purpose of this Act [enacting this section, amending sections 247b and 300 of this title, and enacting provisions set out as notes under sections 201 and 247b of this title] to establish a national program for the prevention and control of venereal disease."

§247c–1. Infertility and sexually transmitted diseases

(a) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may make grants to States, political subdivisions of States, and other public or nonprofit private entities for the purpose of carrying out the activities described in subsection (c) regarding any treatable sexually transmitted disease that can cause infertility in women if treatment is not received for the disease.

(b) Authority regarding individual diseases

With respect to diseases described in subsection (a), the Secretary shall, in making a grant under such subsection, specify the particular disease or diseases with respect to which the grant is to be made. The Secretary may not make the grant unless the applicant involved agrees to carry out this section only with respect to the disease or diseases so specified.

(c) Authorized activities

With respect to any sexually transmitted disease described in subsection (a), the activities referred to in such subsection are—

- (1) screening women for the disease and for secondary conditions resulting from the disease, subject to compliance with criteria issued under subsection (f);
- (2) providing treatment to women for the disease;
- (3) providing counseling to women on the prevention and control of the disease (including, in the case of a woman with the disease, counseling on the benefits of locating and providing such counseling to any individual from whom the woman may have contracted the disease and any individual whom the woman may have exposed to the disease);
- (4) providing follow-up services;
- (5) referrals for necessary medical services for women screened pursuant to paragraph (1), including referrals for evaluation and treatment with respect to acquired immune deficiency syndrome and other sexually transmitted diseases;
- (6) in the case of any woman receiving services pursuant to any of paragraphs (1) through (5), providing to the partner of the woman the services described in such paragraphs, as appropriate;
- (7) providing outreach services to inform women of the availability of the services described in paragraphs (1) through (6);
- (8) providing to the public information and education on the prevention and control of the disease, including disseminating such information; and
- (9) providing training to health care providers in carrying out the screenings and counseling described in paragraphs (1) and (3).

(d) Requirement of availability of all services through each grantee

The Secretary may make a grant under subsection (a) only if the applicant involved agrees that each activity authorized in subsection (c) will be available through the applicant. With respect to compliance with such agreement, the applicant may expend the grant to carry out any of the activities directly, and may expend the grant to enter into agreements with other public or nonprofit private entities under which the entities carry out the activities.

(e) Required providers regarding certain services

The Secretary may make a grant under subsection (a) only if the applicant involved agrees that, in expending the grant to carry out activities authorized in subsection (c), the services described in

paragraphs (1) through (7) of such subsection will be provided only through entities that are State or local health departments, grantees under section 254b, 254b, 256a, or 300 of this title,¹ or are other public or nonprofit private entities that provide health services to a significant number of low-income women.

(f) Quality assurance regarding screening for diseases

For purposes of this section, the Secretary shall establish criteria for ensuring the quality of screening procedures for diseases described in subsection (a).

(g) Confidentiality

The Secretary may make a grant under subsection (a) only if the applicant involved agrees, subject to applicable law, to maintain the confidentiality of information on individuals with respect to activities carried out under subsection (c).

(h) Limitation on imposition of fees for services

The Secretary may make a grant under subsection (a) only if the applicant involved agrees that, if a charge is imposed for the provision of services or activities under the grant, such charge—

- (1) will be made according to a schedule of charges that is made available to the public;
- (2) will be adjusted to reflect the income of the individual involved; and
- (3) will not be imposed on any individual with an income of less than 150 percent of the official poverty line, as established by the Director of the Office of Management and Budget and revised by the Secretary in accordance with section 9902(2) of this title.

(i) Limitations on certain expenditures

The Secretary may make a grant under subsection (a) only if the applicant involved agrees that not less than 80 percent of the grant will be expended for the purpose of carrying out paragraphs (1) through (7) of subsection (c).

(j) Reports to Secretary

(1) Collection of data

The Secretary may make a grant under subsection (a) only if the applicant involved agrees, with respect to any disease selected under subsection (b) for the applicant, to submit to the Secretary, for each fiscal year for which the applicant receives such a grant, a report providing—

- (A) the incidence of the disease among the population of individuals served by the applicant;
- (B) the number and demographic characteristics of individuals in such population;
- (C) the types of interventions and treatments provided by the applicant, and the health conditions with respect to which referrals have been made pursuant to subsection (c)(5);
- (D) an assessment of the extent to which the activities carried pursuant to subsection (a) have reduced the incidence of infertility in the geographic area involved; and
- (E) such other information as the Secretary may require with respect to the project carried out with the grant.

(2) Utility and comparability of data

The Secretary shall carry out activities for the purpose of ensuring the utility and comparability of data collected pursuant to paragraph (1).

(k) Maintenance of effort

With respect to activities for which a grant under subsection (a) is authorized to be expended, the Secretary may make such a grant only if the applicant involved agrees to maintain expenditures of non-Federal amounts for such activities at a level that is not less than the average level of such expenditures maintained by the applicant for the 2-year period preceding the fiscal year for which the applicant is applying to receive such a grant.

(l) Requirement of application

(1) In general

The Secretary may make a grant under subsection (a) only if an application for the grant is submitted to the Secretary, the application contains the plan required in paragraph (2), and the application is in such form, is made in such manner, and contains such agreements, assurances, and information as the Secretary determines to be necessary to carry out this section.

(2) Submission of plan for program of grantee

(A) In general

The Secretary may make a grant under subsection (a) only if the applicant involved submits to the Secretary a plan describing the manner in which the applicant will comply with the agreements required as a condition of receiving such a grant, including a specification of the entities through which activities authorized in subsection (c) will be provided.

(B) Participation of certain entities

The Secretary may make a grant under subsection (a) only if the applicant provides assurances satisfactory to the Secretary that the plan submitted under subparagraph (A) has been prepared in consultation with an appropriate number and variety of—

- (i) representatives of entities in the geographic area involved that provide services for the prevention and control of sexually transmitted diseases, including programs to provide to the public information and education regarding such diseases; and
- (ii) representatives of entities in such area that provide family planning services.

(m) Duration of grant

The period during which payments are made to an entity from a grant under subsection (a) may not exceed 3 years. The provision of such payments shall be subject to annual approval by the Secretary of the payments and subject to the availability of appropriations for the fiscal year involved to make the payments in such year. The preceding sentence may not be construed to establish a limitation on the number of grants under such subsection that may be made to an entity.

(n) Technical assistance, and supplies and services in lieu of grant funds

(1) Technical assistance

The Secretary may provide training and technical assistance to grantees under subsection (a) with respect to the planning, development, and operation of any program or service carried out under such subsection. The Secretary may provide such technical assistance directly or through grants or contracts.

(2) Supplies, equipment, and employee detail

The Secretary, at the request of a recipient of a grant under subsection (a), may reduce the amount of such grant by—

- (A) the fair market value of any supplies or equipment furnished the grant recipient; and
- (B) the amount of the pay, allowances, and travel expenses of any officer or employee of the Government when detailed to the grant recipient and the amount of any other costs incurred in connection with the detail of such officer or employee;

when the furnishing of such supplies or equipment or the detail of such an officer or employee is for the convenience of and at the request of such grant recipient and for the purpose of carrying out a program with respect to which the grant under subsection (a) is made. The amount by which any such grant is so reduced shall be available for payment by the Secretary of the costs incurred in furnishing the supplies or equipment, or in detailing the personnel, on which the reduction of such grant is based, and such amount shall be deemed as part of the grant and shall be deemed to have been paid to the grant recipient.

(o) Evaluations and reports by Secretary

(1) Evaluations

The Secretary shall, directly or through contracts with public or private entities, provide for

annual evaluations of programs carried out pursuant to subsection (a) in order to determine the quality and effectiveness of the programs.

(2) Report to Congress

Not later than 1 year after the date on which amounts are first appropriated pursuant to subsection (q), and biennially thereafter, the Secretary shall submit to the Committee on Energy and Commerce of the House of Representatives, and to the Committee on Labor and Human Resources of the Senate, a report—

(A) summarizing the information provided to the Secretary in reports made pursuant to subsection (j)(1), including information on the incidence of sexually transmitted diseases described in subsection (a); and

(B) summarizing evaluations carried out pursuant to paragraph (1) during the preceding fiscal year.

(p) Coordination of Federal programs

The Secretary shall coordinate the program carried out under this section with any similar programs administered by the Secretary (including coordination between the Director of the Centers for Disease Control and Prevention and the Director of the National Institutes of Health).

(q) Authorization of appropriations

For the purpose of carrying out this section, other than subsections (o) and (r), there are authorized to be appropriated \$25,000,000 for fiscal year 1993, and such sums as may be necessary for each of the fiscal years 1994 through 1998.

(r) Separate grants for research on delivery of services

(1) In general

The Secretary may make grants for the purpose of conducting research on the manner in which the delivery of services under subsection (a) may be improved. The Secretary may make such grants only to grantees under such subsection and to public and nonprofit private entities that are carrying out programs substantially similar to programs carried out under such subsection.

(2) Authorization of appropriations

For the purpose of carrying out paragraph (1), there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 1993 through 1998.

(July 1, 1944, ch. 373, title III, §318A, as added Pub. L. 102–531, title III, §304, Oct. 27, 1992, 106 Stat. 3490; amended Pub. §247c–2. Data collection regarding programs under subchapter XXIV

For the purpose of collecting and providing data for program planning and evaluation activities under subchapter XXIV, there are authorized to be appropriated to the Secretary (acting through the Director of the Centers for Disease Control and Prevention) such sums as may be necessary for each of the fiscal years 2001 through 2005. Such authorization of appropriations is in addition to other authorizations of appropriations that are available for such purpose.

(July 1, 1944, ch. 373, title III, §318B, as added Pub. L. 106–345, title IV, §412, Oct. 20, 2000, 114 Stat. 1350.)

§247d. Public health emergencies

(a) Emergencies

If the Secretary determines, after consultation with such public health officials as may be necessary, that—

- (1) a disease or disorder presents a public health emergency; or
- (2) a public health emergency, including significant outbreaks of infectious diseases or bioterrorist attacks, otherwise exists,

the Secretary may take such action as may be appropriate to respond to the public health emergency, including making grants, providing awards for expenses, and entering into contracts and conducting and supporting investigations into the cause, treatment, or prevention of a disease or disorder as described in paragraphs (1) and (2). Any such determination of a public health emergency terminates upon the Secretary declaring that the emergency no longer exists, or upon the expiration of the 90-day period beginning on the date on which the determination is made by the Secretary, whichever occurs first. Determinations that terminate under the preceding sentence may be renewed by the Secretary (on the basis of the same or additional facts), and the preceding sentence applies to each such renewal. Not later than 48 hours after making a determination under this subsection of a public health emergency (including a renewal), the Secretary shall submit to the Congress written notification of the determination.

(b) Public Health Emergency Fund

(1) In general

There is established in the Treasury a fund to be designated as the "Public Health Emergency Fund" to be made available to the Secretary without fiscal year limitation to carry out subsection (a) only if a public health emergency has been declared by the Secretary under such subsection or if the Secretary determines there is the significant potential for a public health emergency, to allow the Secretary to rapidly respond to the immediate needs resulting from such public health emergency or potential public health emergency. The Secretary shall plan for the expedited distribution of funds to appropriate agencies and entities. There is authorized to be appropriated to the Fund such sums as may be necessary.

(2) Uses

The Secretary may use amounts in the Fund established under paragraph (1), to—

(A) facilitate coordination between and among Federal, State, local, Tribal, and territorial entities and public and private health care entities that the Secretary determines may be affected by a public health emergency or potential public health emergency referred to in paragraph (1) (including communication of such entities with relevant international entities, as applicable);

(B) make grants, provide for awards, enter into contracts, and conduct supportive investigations pertaining to a public health emergency or potential public health emergency, including further supporting programs under section 247d–3a, 247d–3b, or 247d–3c of this title;

(C) facilitate and accelerate, as applicable, advanced research and development of security countermeasures (as defined in section 247d–6b of this title), qualified countermeasures (as defined in section 247d–6a of this title), or qualified pandemic or epidemic products (as defined in section 247d–6d of this title), that are applicable to the public health emergency or potential public health emergency under paragraph (1);

(D) strengthen biosurveillance capabilities and laboratory capacity to identify, collect, and analyze information regarding such public health emergency or potential public health emergency, including the systems under section 247d–4 of this title;

(E) support initial emergency operations and assets related to preparation and deployment of intermittent disaster response personnel under section 300hh–11 of this title and the Medical Reserve Corps under section 300hh–15 of this title;

(F) support the initial deployment and distribution of contents of the Strategic National Stockpile, as appropriate; and

(G) carry out other activities, as the Secretary determines applicable and appropriate.

(3) Report

Not later than 90 days after the end of each fiscal year, the Secretary shall prepare and submit to the Committee on Health, Education, Labor, and Pensions and the Committee on Appropriations of the Senate and the Committee on Commerce and the Committee on Appropriations of the House of Representatives a report describing—

(A) the expenditures made from the Public Health Emergency Fund in such fiscal year, including—

(i) the amount obligated;

(ii) the recipient or recipients of such obligated funds;

(iii) the specific response activities such obligated funds will support; and

(iv) the declared or potential public health emergency for which such funds were obligated; and

(B) each public health emergency for which the expenditures were made and the activities undertaken with respect to each emergency which was conducted or supported by expenditures from the Fund.

(4) Review

Not later than 2 years after June 24, 2019, the Secretary, in coordination with the Assistant Secretary for Preparedness and Response, shall conduct a review of the Fund under this section

and provide recommendations to the Committee on Health, Education, Labor, and Pensions and the Committee on Appropriations of the Senate and the Committee on Energy and Commerce and the Committee on Appropriations of the House of Representatives on policies to improve such Fund for the uses described in paragraph (2).

(5) GAO report

Not later than 4 years after June 24, 2019, the Comptroller General of the United States shall—

(A) conduct a review of the Fund under this section, including its uses and the resources available in the Fund; and

(B) submit to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives a report on such review, including recommendations related to such review, as applicable.

(c) Supplement not supplant

Funds appropriated under this section shall be used to rapidly respond to public health emergencies or potential public health emergencies and supplement and not supplant other Federal, State, and local public funds provided for activities under this chapter or funds otherwise provided for emergency response.

(d) Data submittal and reporting deadlines

In any case in which the Secretary determines that, wholly or partially as a result of a public health emergency that has been determined pursuant to subsection (a), individuals or public or private entities are unable to comply with deadlines for the submission to the Secretary of data or reports required under any law administered by the Secretary, the Secretary may, notwithstanding any other provision of law, grant such extensions of such deadlines as the circumstances reasonably require, and may waive, wholly or partially, any sanctions otherwise applicable to such failure to comply. Before or promptly after granting such an extension or waiver, the Secretary shall notify the Congress of such action and publish in the Federal Register a notice of the extension or waiver.

(e) Temporary reassignment of State and local personnel during a public health emergency

(1) Emergency reassignment of federally funded personnel

Notwithstanding any other provision of law, and subject to paragraph (2), upon request by the Governor of a State or a tribal organization or such Governor or tribal organization's designee, the Secretary may authorize the requesting State or Indian tribe to temporarily reassign, for purposes of immediately addressing a public health emergency in the State or Indian tribe, State and local public health department or agency personnel funded in whole or in part through programs authorized under this chapter, as appropriate.

(2) Activation of emergency reassignment

(A) Public health emergency

The Secretary may authorize a temporary reassignment of personnel under paragraph (1) only during the period of a public health emergency determined pursuant to subsection (a).

(B) Contents of request

To seek authority for a temporary reassignment of personnel under paragraph (1), the Governor of a State or a tribal organization shall submit to the Secretary a request for such reassignment flexibility and shall include in the request each of the following:

(i) An assurance that the public health emergency in the geographic area of the requesting State or Indian tribe cannot be adequately and appropriately addressed by the public health workforce otherwise available.

(ii) An assurance that the public health emergency would be addressed more efficiently and effectively through the requested temporary reassignment of State and local personnel described in paragraph (1).

(iii) An assurance that the requested temporary reassignment of personnel is consistent with any applicable All-Hazards Public Health Emergency Preparedness and Response Plan

under section 247d–3a of this title.

(iv) An identification of—

(I) each Federal program from which personnel would be temporarily reassigned pursuant to the requested authority; and

(II) the number of personnel who would be so reassigned from each such program.

(v) Such other information and assurances upon which the Secretary and Governor of a State or tribal organization agree.

(C) Consideration

In reviewing a request for temporary reassignment under paragraph (1), the Secretary shall consider the degree to which the program or programs funded in whole or in part by programs authorized under this chapter would be adversely affected by the reassignment.

(D) Termination and extension

(i) Termination

A State or Indian tribe's temporary reassignment of personnel under paragraph (1) shall terminate upon the earlier of the following:

(I) The Secretary's determination that the public health emergency no longer exists.

(II) Subject to clause (ii), the expiration of the 30-day period following the date on which the Secretary approved the State or Indian tribe's request for such reassignment flexibility.

(ii) Extension of reassignment flexibility

The Secretary may extend reassignment flexibility of personnel under paragraph (1) beyond the date otherwise applicable under clause (i)(II) if the public health emergency still exists as of such date, but only if—

(I) the State or Indian tribe that submitted the initial request for a temporary reassignment of personnel submits a request for an extension of such temporary reassignment; and

(II) the request for an extension contains the same information and assurances necessary for the approval of an initial request for such temporary reassignment pursuant to subparagraph (B).

(3) Voluntary nature of temporary reassignment of State and local personnel

(A) In general

Unless otherwise provided under the law or regulation of the State or Indian tribe that receives authorization for temporary reassignment of personnel under paragraph (1), personnel eligible for reassignment pursuant to such authorization—

(i) shall have the opportunity to volunteer for temporary reassignment; and

(ii) shall not be required to agree to a temporary reassignment.

(B) Prohibition on conditioning Federal awards

The Secretary may not condition the award of a grant, contract, or cooperative agreement under this chapter on the requirement that a State or Indian tribe require that personnel eligible for reassignment pursuant to an authorization under paragraph (1) agree to such reassignment.

(4) Notice to Congress

The Secretary shall give notice to the Congress in conjunction with the approval under this subsection of—

(A) any initial request for temporary reassignment of personnel; and

(B) any request for an extension of such temporary reassignment.

(5) Guidance

The Secretary shall—

(A) not later than 6 months after March 13, 2013, issue proposed guidance on the temporary reassignment of personnel under this subsection; and

(B) after providing notice and a 60-day period for public comment, finalize such guidance.

(6) Report to Congress

Not later than 4 years after March 13, 2013, the Comptroller General of the United States shall conduct an independent evaluation, and submit to the appropriate committees of the Congress a report, on temporary reassignment under this subsection, including—

(A) a description of how, and under what circumstances, such temporary reassignment has been used by States and Indian tribes;

(B) an analysis of how such temporary reassignment has assisted States and Indian tribes in responding to public health emergencies;

(C) an evaluation of how such temporary reassignment has improved operational efficiencies in responding to public health emergencies;

(D) an analysis of the extent to which, if any, Federal programs from which personnel have been temporarily reassigned have been adversely affected by the reassignment; and

(E) recommendations on how medical surge capacity could be improved in responding to public health emergencies and the impact of the reassignment flexibility under this section on such surge capacity.

(7) Definitions

In this subsection—

(A) the terms "Indian tribe" and "tribal organization" have the meanings given such terms in section 5304 of title 25; and

(B) the term "State" includes, in addition to the entities listed in the definition of such term in section 201 of this title, the Freely Associated States.

(8) Sunset

This subsection shall terminate on September 30, 2023.

(f) Determination with respect to Paperwork Reduction Act waiver during a public health emergency

(1) Determination

If the Secretary determines, after consultation with such public health officials as may be necessary, that—

(A)(i) the criteria set forth for a public health emergency under paragraph (1) or (2) of subsection (a) has been met; or

(ii) a disease or disorder, including a novel and emerging public health threat, is significantly likely to become a public health emergency; and

(B) the circumstances of such public health emergency, or potential for such significantly likely public health emergency, including the specific preparation for and response to such public health emergency or threat, necessitate a waiver from the requirements of subchapter I of chapter 35 of title 44 (commonly referred to as the Paperwork Reduction Act),

then the requirements of such subchapter I with respect to voluntary collection of information shall not be applicable during the immediate investigation of, and response to, such public health emergency during the period of such public health emergency or the period of time necessary to determine if a disease or disorder, including a novel and emerging public health threat, will become a public health emergency as provided for in this paragraph. The requirements of such subchapter I with respect to voluntary collection of information shall not be applicable during the immediate postresponse review regarding such public health emergency if such immediate postresponse review does not exceed a reasonable length of time.

(2) Transparency

If the Secretary determines that a waiver is necessary under paragraph (1), the Secretary shall

promptly post on the Internet website of the Department of Health and Human Services a brief justification for such waiver, the anticipated period of time such waiver will be in effect, and the agencies and offices within the Department of Health and Human Services to which such waiver shall apply, and update such information posted on the Internet website of the Department of Health and Human Services, as applicable.

(3) Effectiveness of waiver

Any waiver under this subsection shall take effect on the date on which the Secretary posts information on the Internet website as provided for in this subsection.

(4) Termination of waiver

Upon determining that the circumstances necessitating a waiver under paragraph (1) no longer exist, the Secretary shall promptly update the Internet website of the Department of Health and Human Services to reflect the termination of such waiver.

(5) Limitations

(A) Period of waiver

The period of a waiver under paragraph (1) shall not exceed the period of time for the related public health emergency, including a public health emergency declared pursuant to subsection (a), and any immediate postresponse review regarding the public health emergency consistent with the requirements of this subsection.

(B) Subsequent compliance

An initiative subject to a waiver under paragraph (1) that is ongoing after the date on which the waiver expires, shall be subject to the requirements of subchapter I of chapter 35 of title 44 and the Secretary shall ensure that compliance with such requirements occurs in as timely a manner as possible based on the applicable circumstances, but not to exceed 30 calendar days after the expiration of the applicable waiver.

(g) Certain appointments to support public health emergency responses

(1) In general

In order to support the initial response to a public health emergency declared by the Secretary under this section, the Secretary may, subject to paragraph (2) and without regard to sections 3309 through 3318 of title 5, appoint individuals directly to positions in the Department of Health and Human Services for which the Secretary has provided public notice in order to—

(A) address a critical hiring need directly related to responding to a public health emergency declared by the Secretary under this section; or

(B) address a severe shortage of candidates that impacts the operational capacity of the Department of Health and Human Services to respond in the event of a public health emergency declared by the Secretary under this section.

(2) Number of appointments

Each fiscal year in which the Secretary makes a determination of a public health emergency under subsection (a) (not including a renewal), the Secretary may directly appoint not more than—

(A) 400 individuals under paragraph (1)(A); and

(B) 100 individuals under paragraph (1)(B).

(3) Compensation

The annual rate of basic pay of an individual appointed under this subsection shall be determined in accordance with chapter 51 and subchapter III of chapter 53 of title 5.

(4) Reporting

The Secretary shall establish and maintain records regarding the use of the authority under this subsection, including—

(A) the number of positions filled through such authority;

(B) the types of appointments of such positions;

- (C) the titles, occupational series, and grades of such positions;
- (D) the number of positions publicly noticed to be filled under such authority;
- (E) the number of qualified applicants who apply for such positions;
- (F) the qualification criteria for such positions; and
- (G) the demographic information of individuals appointed to such positions.

(5) Notification to Congress

In the event the Secretary, within a single fiscal year, directly appoints more than 50 percent of the individuals allowable under either subparagraph (A) or (B) of paragraph (2), the Secretary shall, not later than 15 days after the date of such action, notify the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives. Such notification shall, in a manner that protects personal privacy, to the extent required by applicable Federal and State privacy law, at a minimum, include—

- (A) information on each such appointment within such fiscal year;
- (B) a description of how each such position relates to the requirements of subparagraph (A) or (B) of paragraph (1); and
- (C) the additional number of personnel, if any, the Secretary anticipates to be necessary to adequately support a response to a public health emergency declared under this section using the authorities described in paragraph (1) within such fiscal year.

(6) Reports to Congress

Not later than September 30, 2023, and annually thereafter for each fiscal year in which the authority under this subsection is used, the Secretary shall submit to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives a report describing the total number of appointments filled under this subsection within the fiscal year and a description of how the positions relate to the requirements of subparagraph (A) or (B) of paragraph (1).

(7) Sunset

The authority under this subsection shall expire on September 30, 2028.

(h) Stockpile depletion reporting

The Secretary shall, not later than 30 days after the deployment of contents of the Strategic National Stockpile under section 247d–6b(a) of this title to respond to a public health emergency declared by the Secretary under this section or an emergency or major disaster declared by the President under the Robert T. Stafford Disaster Relief and Emergency Assistance Act [42 U.S.C. 5121 et seq.], and every 30 days thereafter until the expiration or termination of such public health emergency, emergency, or major disaster, submit a report to the Committee on Health, Education, Labor, and Pensions and the Committee on Appropriations of the Senate and the Committee on Energy and Commerce and the Committee on Appropriations of the House of Representatives on—

- (1) the deployment of the contents of the stockpile in response to State, local, and Tribal requests;
- (2) the amount of such products that remain within the stockpile following such deployment; and
- (3) plans to replenish such products, as appropriate, including related timeframes and any barriers or limitations to replenishment.

Pub. L. 117–2, title II, §2301, Mar. 11, 2021, 135 Stat. 37, provided that:

"(a) IN GENERAL.—In addition to amounts otherwise available, there is appropriated to the Secretary of Health and Human Services (in this subtitle [subtitle D (§§2301–2305) of title II of Pub. L. 117–2, see Tables for classification] referred to as the 'Secretary') for fiscal year 2021, out of any money in the Treasury not otherwise appropriated, \$7,500,000,000, to remain available until expended, to carry out activities to plan, prepare for, promote, distribute, administer, monitor, and track COVID–19 vaccines.

"(b) USE OF FUNDS.—The Secretary, acting through the Director of the Centers for Disease Control and Prevention, and in consultation with other agencies, as applicable, shall, in conducting activities referred to in subsection (a)—

"(1) conduct activities to enhance, expand, and improve nationwide COVID–19 vaccine distribution and administration, including activities related to distribution of ancillary medical products and supplies related to vaccines; and

"(2) provide technical assistance, guidance, and support to, and award grants or cooperative agreements to, State, local, Tribal, and territorial public health departments for enhancement of COVID–19 vaccine distribution and administration capabilities, including—

"(A) the distribution and administration of vaccines licensed under section 351 of the Public Health Service Act (42 U.S.C. 262) or authorized under section 564 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360bbb–3) and ancillary medical products and supplies related to vaccines;

"(B) the establishment and expansion, including staffing support, of community vaccination centers, particularly in underserved areas;

"(C) the deployment of mobile vaccination units, particularly in underserved areas;

"(D) information technology, standards-based data, and reporting enhancements, including improvements necessary to support standards-based sharing of data related to vaccine distribution and vaccinations and systems that enhance vaccine safety, effectiveness, and uptake, particularly among underserved populations;

"(E) facilities enhancements;

"(F) communication with the public regarding when, where, and how to receive COVID–19 vaccines; and

"(G) transportation of individuals to facilitate vaccinations, including at community vaccination centers and mobile vaccination units, particularly for underserved populations.

"(c) SUPPLEMENTAL FUNDING FOR STATE VACCINATION GRANTS.—

"(1) DEFINITIONS.—In this subsection:

"(A) BASE FORMULA.—The term 'base formula' means the allocation formula that applied to the Public Health Emergency Preparedness cooperative agreement in fiscal year 2020.

"(B) ALTERNATIVE ALLOCATION.—The term 'alternative allocation' means an allocation to each State, territory, or locality calculated using the percentage derived from the allocation received by such State, territory, or locality of the aggregate amount of fiscal year 2020 Public Health Emergency Preparedness cooperative agreement awards under section 319C–1 of the Public Health Service Act (42 U.S.C. 247d–3a).

"(2) SUPPLEMENTAL FUNDING.—

"(A) IN GENERAL.—Not later than 21 days after the date of enactment of this Act [Mar. 11, 2021], the Secretary shall, out of amounts described in subsection (a), provide supplemental funding to any State, locality, or territory that received less of the amounts that were appropriated under title III of division M of Public Law 116–260 [see Tables for classification] for vaccination grants to be issued by the Centers for Disease Control and Prevention than such State, locality, or territory would have received had such amounts been allocated using the alternative allocation.

"(B) AMOUNT.—The amount of supplemental funding provided under this subsection shall be equal to the difference between—

"(i) the amount the State, locality, or territory received, or would receive, under the base formula; and

"(ii) the amount the State, locality, or territory would receive under the alternative allocation."

FUNDING FOR COVID–19 TESTING, CONTACT TRACING, AND MITIGATION ACTIVITIES

Pub. L. 117–2, title II, §2401, Mar. 11, 2021, 135 Stat. 40, provided that:

"(a) IN GENERAL.—In addition to amounts otherwise available, there is appropriated to the Secretary of Health and Human Services (in this subtitle [subtitle E (§§2401–2404) of title II of Pub. L. 117–2, see Tables for classification] referred to as the 'Secretary') for fiscal year 2021, out of any money in the Treasury not otherwise appropriated, \$47,800,000,000, to remain available until expended, to carry out activities to detect, diagnose, trace, and monitor SARS–CoV–2 and COVID–19 infections and related strategies to mitigate the spread of COVID–19.

"(b) USE OF FUNDS.—From amounts appropriated by subsection (a), the Secretary shall—

"(1) implement a national, evidence-based strategy for testing, contact tracing, surveillance, and mitigation with respect to SARS–CoV–2 and COVID–19, including through activities authorized under section 319(a) of the Public Health Service Act [42 U.S.C. 247d(a)];

"(2) provide technical assistance, guidance, and support, and award grants or cooperative agreements to State, local, and territorial public health departments for activities to detect, diagnose, trace, and monitor SARS–CoV–2 and COVID–19 infections and related strategies and activities to mitigate the spread of COVID–19;

"(3) support the development, manufacturing, procurement, distribution, and administration of tests to detect or diagnose SARS–CoV–2 and COVID–19, including through—

"(A) support for the development, manufacture, procurement, and distribution of supplies necessary for administering tests, such as personal protective equipment; and

"(B) support for the acquisition, construction, alteration, or renovation of non-federally owned facilities for the production of diagnostics and ancillary medical products and supplies where the Secretary determines that such an investment is necessary to ensure the production of sufficient amounts of such supplies;

"(4) establish and expand Federal, State, local, and territorial testing and contact tracing capabilities, including—

"(A) through investments in laboratory capacity, such as—

"(i) academic and research laboratories, or other laboratories that could be used for processing of COVID–19 testing;

"(ii) community-based testing sites and community-based organizations; or

"(iii) mobile health units, particularly in medically underserved areas; and

"(B) with respect to quarantine and isolation of contacts;

"(5) enhance information technology, data modernization, and reporting, including improvements necessary to support sharing of data related to public health capabilities;

"(6) award grants to, or enter into cooperative agreements or contracts with, State, local, and territorial public health departments to establish, expand, and sustain a public health workforce; and

"(7) to cover administrative and program support costs necessary to conduct activities related to subparagraph (a)."

IMPORTANCE OF THE BLOOD SUPPLY

Pub. L. 116–136, div. A, title III, §3226, Mar. 27, 2020, 134 Stat. 383, provided that:

"(a) IN GENERAL.—The Secretary of Health and Human Services (referred to in this section as the 'Secretary') shall carry out a national campaign to improve awareness of, and support outreach to the public and health care providers about the importance and safety of blood donation and the need for donations for the blood supply during the public health emergency declared by the Secretary under section 319 of the Public Health Service Act (42 U.S.C. 247d) with respect to COVID–19.

"(b) AWARENESS CAMPAIGN.—In carrying out subsection (a), the Secretary may enter into contracts with one or more public or private nonprofit entities, to establish a national blood donation awareness campaign that may include television, radio, internet, and newspaper public service announcements, and other activities to provide for public and professional awareness and education.

"(c) CONSULTATION.—In carrying out subsection (a), the Secretary shall consult with the Commissioner of Food and Drugs, the Assistant Secretary for Health, the Director of the Centers for Disease Control and Prevention, the Director of the National Institutes of Health, and the heads of other relevant Federal agencies, and relevant accrediting bodies and representative organizations.

"(d) REPORT TO CONGRESS.—Not later than 2 years after the date of enactment of this Act [Mar. 27, 2020], the Secretary shall submit to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives, a report that shall include—

"(1) a description of the activities carried out under subsection (a);

"(2) a description of trends in blood supply donations; and

"(3) an evaluation of the impact of the public awareness campaign, including any geographic or population variations."

REPORTING BY LABORATORIES OF RESULTS OF TESTS TO DETECT SARS-COV-2 OR TO DIAGNOSE COVID-19

Pub. L. 116–136, div. B, title VIII, §18115(a)–(c), Mar. 27, 2020, 134 Stat. 574, provided that:

"(a) IN GENERAL.—Every laboratory that performs or analyzes a test that is intended to detect SARS-CoV-2 or to diagnose a possible case of COVID-19 shall report the results from each such test, to the Secretary of Health and Human Services in such form and manner, and at such timing and frequency, as the Secretary may prescribe until the end of the Secretary's Public Health Emergency declaration with respect to COVID-19 or any extension of such declaration.

"(b) LABORATORIES COVERED.—The Secretary may prescribe which laboratories must submit reports pursuant to this section.

"(c) IMPLEMENTATION.—The Secretary may make prescriptions under this section by regulation, including by interim final rule, or by guidance, and may issue such regulations or guidance without regard to the procedures otherwise required by section 553 of title 5, United States Code."

EXECUTIVE DOCUMENTS

EX. ORD. NO. 13987. ORGANIZING AND MOBILIZING THE UNITED STATES GOVERNMENT TO PROVIDE A UNIFIED AND EFFECTIVE RESPONSE TO COMBAT COVID-19 AND TO PROVIDE UNITED STATES LEADERSHIP ON GLOBAL HEALTH AND SECURITY

Ex. Ord. No. 13987, Jan. 20, 2021, 86 F.R. 7019, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. Purpose. The Federal Government must act swiftly and aggressively to combat coronavirus disease 2019 (COVID-19). To that end, this order creates the position of Coordinator of the COVID-19 Response and Counselor to the President and takes other steps to organize the White House and activities of the Federal Government to combat COVID-19 and prepare for future biological and pandemic threats.

SEC. 2. Organizing the White House to Combat COVID-19. (a) In order to effectively, fully, and immediately respond to COVID-19, there is established within the Executive Office of the President the position of Coordinator of the COVID-19 Response and Counselor to the President (COVID-19 Response Coordinator) and the position of Deputy Coordinator of the COVID-19 Response. The COVID-19 Response Coordinator shall report directly to the President; advise and assist the President and executive departments and agencies (agencies) in responding to the COVID-19 pandemic; coordinate all elements of the COVID-19 response; and perform such duties as the President may otherwise direct. These duties shall include:

(i) coordinating a Government-wide effort to reduce disparities in the response, care, and treatment of COVID-19, including racial and ethnic disparities;

(ii) coordinating the Federal Government's efforts to produce, supply, and distribute personal protective equipment, vaccines, tests, and other supplies for the Nation's COVID-19 response, including through the use of the Defense Production Act, as amended (50 U.S.C. 4501 et seq.);

(iii) coordinating the Federal Government's efforts to expand COVID-19 testing and the use of testing as an effective public health response;

(iv) coordinating the Federal Government's efforts to support the timely, safe, and effective delivery of COVID-19 vaccines to the United States population;

(v) coordinating the Federal Government's efforts to support the safe reopening and operation of schools, child care providers, and Head Start programs, and to help ensure the continuity of educational and other services for young children and elementary and secondary students during the COVID-19 pandemic; and

(vi) coordinating, as appropriate, with State, local, Tribal, and territorial authorities.

(b) The COVID-19 Response Coordinator shall have the authority to convene principals from relevant agencies, in consultation with the Assistant to the President for Domestic Policy (APDP) on matters involving the domestic COVID-19 response, and in consultation with the Assistant to the President for National Security Affairs (APNSA) on matters involving the global COVID-19 response. The COVID-19 Response Coordinator shall also coordinate any corresponding deputies and interagency processes.

(c) The COVID-19 Response Coordinator may act through designees in performing these or any other duties.

SEC. 3. United States Leadership on Global Health and Security and the Global COVID-19 Response.

(a) *Preparing to Respond to Biological Threats and Pandemics.* To identify, monitor, prepare for, and, if necessary, respond to emerging biological and pandemic threats:

(i) The APNSA shall convene the National Security Council (NSC) Principals Committee as necessary to coordinate the Federal Government's efforts to address such threats and to advise the President on the global response to and recovery from COVID-19, including matters regarding: the intersection of the COVID-19 response and other national security equities; global health security; engaging with and strengthening the World Health Organization; public health, access to healthcare, and the secondary impacts of COVID-19; and emerging biological risks and threats, whether naturally occurring, deliberate, or accidental.

(ii) Within 180 days of the date of this order [Jan. 20, 2021], the APNSA shall, in coordination with relevant agencies, the COVID-19 Response Coordinator, and the APDP, complete a review of and recommend actions to the President concerning emerging domestic and global biological risks and national biopreparedness policies. The review and recommended actions shall incorporate lessons from the COVID-19 pandemic and, among other things, address: the readiness of the pandemic supply chain, healthcare workforce, and hospitals; the development of a framework of pandemic readiness with specific triggers for when agencies should take action in response to large-scale biological events; pandemic border readiness; the development and distribution of medical countermeasures; epidemic forecasting and modeling; public health data modernization; bio-related intelligence; bioeconomic investments; biotechnology risks; the development of a framework for coordinating with and distributing responsibilities as between the Federal Government and State, local, Tribal, and territorial authorities; and State, local, Tribal, and territorial preparedness for biological events.

(b) *NSC Directorate on Global Health Security and Biodefense.* There shall be an NSC Directorate on Global Health Security and Biodefense, which shall be headed by a Senior Director for Global Health Security and Biodefense. The Senior Director shall be responsible for monitoring current and emerging biological threats, and shall report concurrently to the APNSA and to the COVID-19 Response Coordinator on matters relating to COVID-19. The Senior Director shall oversee the Global Health Security Agenda Interagency Review Council, which was established pursuant to Executive Order 13747 of November 4, 2016 (Advancing the Global Health Security Agenda To Achieve a World Safe and Secure From Infectious Disease Threats) [50 U.S.C. 3021 note], and is hereby reconvened as described in that order.

(c) *Responsibility for National Biodefense Preparedness.* Notwithstanding any statements in the National Security Presidential Memorandum-14 of September 18, 2018 (Support for National Biodefense), the APNSA shall be responsible for coordinating the Nation's biodefense preparedness efforts, and, as stated in sections 1 and 2 of this order, the COVID-19 Response Coordinator shall be responsible for coordinating the Federal Government's response to the COVID-19 pandemic.

SEC. 4. Prompt Resolution of Issues Related to the United States COVID-19 Response. The heads of agencies shall, as soon as practicable, bring any procedural, departmental, legal, or funding obstacle to the COVID-19 response to the attention of the COVID-19 Response Coordinator. The COVID-19 Response Coordinator shall, in coordination with relevant agencies, the APDP, and the APNSA, as appropriate, immediately bring to the President's attention any issues that require Presidential guidance or decision-making.

SEC. 5. General Provisions. (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural,

enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

J.R. BIDEN, JR.

EX. ORD. NO. 13991. PROTECTING THE FEDERAL WORKFORCE AND REQUIRING MASK-WEARING

Ex. Ord. No. 13991, Jan. 20, 2021, 86 F.R. 7045, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, including section 7902(c) of title 5, United States Code, it is hereby ordered as follows:

SECTION 1. *Policy.* It is the policy of my Administration to halt the spread of coronavirus disease 2019 (COVID–19) by relying on the best available data and science-based public health measures. Such measures include wearing masks when around others, physical distancing, and other related precautions recommended by the Centers for Disease Control and Prevention (CDC). Put simply, masks and other public health measures reduce the spread of the disease, particularly when communities make widespread use of such measures, and thus save lives.

Accordingly, to protect the Federal workforce and individuals interacting with the Federal workforce, and to ensure the continuity of Government services and activities, on-duty or on-site Federal employees, on-site Federal contractors, and other individuals in Federal buildings and on Federal lands should all wear masks, maintain physical distance, and adhere to other public health measures, as provided in CDC guidelines.

SEC. 2. *Immediate Action Regarding Federal Employees, Contractors, Buildings, and Lands.* (a) The heads of executive departments and agencies (agencies) shall immediately take action, as appropriate and consistent with applicable law, to require compliance with CDC guidelines with respect to wearing masks, maintaining physical distance, and other public health measures by: on-duty or on-site Federal employees; on-site Federal contractors; and all persons in Federal buildings or on Federal lands.

(b) The Director of the Office of Management and Budget (OMB), the Director of the Office of Personnel Management (OPM), and the Administrator of General Services, in coordination with the President's Management Council and the Coordinator of the COVID–19 Response and Counselor to the President (COVID–19 Response Coordinator), shall promptly issue guidance to assist heads of agencies with implementation of this section.

(c) Heads of agencies shall promptly consult, as appropriate, with State, local, Tribal, and territorial government officials, Federal employees, Federal employee unions, Federal contractors, and any other interested parties concerning the implementation of this section.

(d) Heads of agencies may make categorical or case-by-case exceptions in implementing subsection (a) of this section to the extent that doing so is necessary or required by law, and consistent with applicable law. If heads of agencies make such exceptions, they shall require appropriate alternative safeguards, such as additional physical distancing measures, additional testing, or reconfiguration of workspace, consistent with applicable law. Heads of agencies shall document all exceptions in writing.

(e) Heads of agencies shall review their existing authorities and, to the extent permitted by law and subject to the availability of appropriations and resources, seek to provide masks to individuals in Federal buildings when needed.

(f) The COVID–19 Response Coordinator shall coordinate the implementation of this section. Heads of the agencies listed in 31 U.S.C. 901(b) shall update the COVID–19 Response Coordinator on their progress in implementing this section, including any categorical exceptions established under subsection (d) of this section, within 7 days of the date of this order [Jan. 20, 2021] and regularly thereafter. Heads of agencies are encouraged to bring to the attention of the COVID–19 Response Coordinator any questions regarding the scope or implementation of this section.

SEC. 3. *Encouraging Masking Across America.* (a) The Secretary of Health and Human Services (HHS), including through the Director of CDC, shall engage, as appropriate, with State, local, Tribal, and territorial officials, as well as business, union, academic, and other community leaders, regarding mask-wearing and other public health measures, with the goal of maximizing public compliance with, and addressing any obstacles to, mask-wearing and other public health best practices identified by CDC.

(b) The COVID–19 Response Coordinator, in coordination with the Secretary of HHS, the Secretary of Homeland Security, and the heads of other relevant agencies, shall promptly identify and inform agencies of options to incentivize, support, and encourage widespread mask-wearing consistent with CDC guidelines and applicable law.

SEC. 4. *Safer Federal Workforce Task Force.*

(a) *Establishment.* There is hereby established the Safer Federal Workforce Task Force (Task Force).

(b) *Membership.* The Task Force shall consist of the following members:

- (i) the Director of OPM, who shall serve as Co-Chair;
- (ii) the Administrator of General Services, who shall serve as Co-Chair;
- (iii) the COVID-19 Response Coordinator, who shall serve as Co-Chair;
- (iv) the Director of OMB;
- (v) the Director of the Federal Protective Service;
- (vi) the Director of the United States Secret Service;
- (vii) the Administrator of the Federal Emergency Management Agency;
- (viii) the Director of CDC; and
- (ix) the heads of such other agencies as the Co-Chairs may individually or jointly invite to participate.

(c) *Organization.* A member of the Task Force may designate, to perform the Task Force functions of the member, a senior-level official who is a full-time officer or employee of the member's agency. At the direction of the Co-Chairs, the Task Force may establish subgroups consisting exclusively of Task Force members or their designees, as appropriate.

(d) *Administration.* The General Services Administration shall provide funding and administrative support for the Task Force to the extent permitted by law and within existing appropriations. The Co-Chairs shall convene regular meetings of the Task Force, determine its agenda, and direct its work.

(e) *Mission.* The Task Force shall provide ongoing guidance to heads of agencies on the operation of the Federal Government, the safety of its employees, and the continuity of Government functions during the COVID-19 pandemic. Such guidance shall be based on public health best practices as determined by CDC and other public health experts, and shall address, at a minimum, the following subjects as they relate to the Federal workforce:

- (i) testing methodologies and protocols;
- (ii) case investigation and contact tracing;
- (iii) requirements of and limitations on physical distancing, including recommended occupancy and density standards;
- (iv) equipment needs and requirements, including personal protective equipment;
- (v) air filtration;
- (vi) enhanced environmental disinfection and cleaning;
- (vii) safe commuting and telework options;
- (viii) enhanced technological infrastructure to support telework;
- (ix) vaccine prioritization, distribution, and administration;
- (x) approaches for coordinating with State, local, Tribal, and territorial health officials, as well as business, union, academic, and other community leaders;
- (xi) any management infrastructure needed by agencies to implement public health guidance; and
- (xii) circumstances under which exemptions might appropriately be made to agency policies in accordance with CDC guidelines, such as for mission-critical purposes.

(f) *Agency Cooperation.* The head of each agency listed in 31 U.S.C. 901(b) shall, consistent with applicable law, promptly provide the Task Force a report on COVID-19 safety protocols, safety plans, or guidance regarding the operation of the agency and the safety of its employees, and any other information that the head of the agency deems relevant to the Task Force's work.

SEC. 5. *Federal Employee Testing.* The Secretary of HHS, through the Director of CDC, shall promptly develop and submit to the COVID-19 Response Coordinator a testing plan for the Federal workforce. This plan shall be based on community transmission metrics and address the populations to be tested, testing types, frequency of testing, positive case protocols, and coordination with local public health authorities for contact tracing.

SEC. 6. *Research and Development.* The Director of the Office of Science and Technology Policy, in consultation with the Secretary of HHS (through the National Science and Technology Council), the Director of OMB, the Director of CDC, the Director of the National Institutes of Health, the Director of the National Science Foundation, and the heads of any other appropriate agencies, shall assess the availability of Federal research grants to study best practices for implementing, and innovations to better implement, effective mask-wearing and physical distancing policies, with respect to both the Federal workforce and the general public.

SEC. 7. *Scope.* (a) For purposes of this order:

(i) "Federal employees" and "Federal contractors" mean employees (including members of the Armed Forces and members of the National Guard in Federal service) and contractors (including such contractors' employees) working for the executive branch;

(ii) "Federal buildings" means buildings, or office space within buildings, owned, rented, or leased by the executive branch of which a substantial portion of occupants are Federal employees or Federal contractors;

and

(iii) "Federal lands" means lands under executive branch control.

(b) The Director of OPM and the Administrator of General Services shall seek to consult, in coordination with the heads of any other relevant agencies and the COVID–19 Response Coordinator, with the Sergeants at Arms of the Senate and the House of Representatives and the Director of the Administrative Office of the United States Courts (or such other persons designated by the Majority and Minority Leaders of the Senate, the Speaker and Minority Leader of the House, or the Chief Justice of the United States, respectively), to promote mask-wearing, physical distancing, and adherence to other public health measures within the legislative and judicial branches, and shall provide requested technical assistance as needed to facilitate compliance with CDC guidelines.

SEC. 8. *General Provisions.* (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) Independent agencies are strongly encouraged to comply with the requirements of this order.

(d) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

J.R. BIDEN, JR.

EX. ORD. NO. 13994. ENSURING A DATA-DRIVEN RESPONSE TO COVID–19 AND FUTURE HIGH-CONSEQUENCE PUBLIC HEALTH THREATS

Ex. Ord. No. 13994, Jan. 21, 2021, 86 F.R. 7189, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. *Policy.* It is the policy of my Administration to respond to the coronavirus disease 2019 (COVID–19) pandemic through effective approaches guided by the best available science and data, including by building back a better public health infrastructure. This stronger public health infrastructure must help the Nation effectively prevent, detect, and respond to future biological threats, both domestically and internationally.

Consistent with this policy, the heads of all executive departments and agencies (agencies) shall facilitate the gathering, sharing, and publication of COVID–19-related data, in coordination with the Coordinator of the COVID–19 Response and Counselor to the President (COVID–19 Response Coordinator), to the extent permitted by law, and with appropriate protections for confidentiality, privacy, law enforcement, and national security. These efforts shall assist Federal, State, local, Tribal, and territorial authorities in developing and implementing policies to facilitate informed community decision-making, to further public understanding of the pandemic and the response, and to deter the spread of misinformation and disinformation.

SEC. 2. *Enhancing Data Collection and Collaboration Capabilities for High-Consequence Public Health Threats, Such as the COVID–19 Pandemic.* (a) The Secretary of Defense, the Attorney General, the Secretary of Commerce, the Secretary of Labor, the Secretary of Health and Human Services (HHS), the Secretary of Education, the Director of the Office of Management and Budget (OMB), the Director of National Intelligence, the Director of the Office of Science and Technology Policy (OSTP), and the Director of the National Science Foundation shall each promptly designate a senior official to serve as their agency's lead to work on COVID–19- and pandemic-related data issues. This official, in consultation with the COVID–19 Response Coordinator, shall take steps to make data relevant to high-consequence public health threats, such as the COVID–19 pandemic, publicly available and accessible.

(b) The COVID–19 Response Coordinator shall, as necessary, convene appropriate representatives from relevant agencies to coordinate the agencies' collection, provision, and analysis of data, including key equity indicators, regarding the COVID–19 response, as well as their sharing of such data with State, local, Tribal, and territorial authorities.

(c) The Director of OMB, in consultation with the Director of OSTP, the United States Chief Technology Officer, and the COVID–19 Response Coordinator, shall promptly review the Federal Government's existing approaches to open data, and shall issue supplemental guidance, as appropriate and consistent with applicable law, concerning how to de-identify COVID–19-related data; how to make data open to the public in human-

and machine-readable formats as rapidly as possible; and any other topic the Director of OMB concludes would appropriately advance the policy of this order. Any guidance shall include appropriate protections for the information described in section 5 of this order.

(d) The Director of the Office of Personnel Management, in consultation with the Director of OMB, shall promptly:

(i) review the ability of agencies to hire personnel expeditiously into roles related to information technology and the collection, provision, analysis, or other use of data to address high-consequence public health threats, such as the COVID-19 pandemic; and

(ii) take action, as appropriate and consistent with applicable law, to support agencies in such efforts.

SEC. 3. *Public Health Data Systems.* The Secretary of HHS, in consultation with the COVID-19 Response Coordinator and the heads of relevant agencies, shall promptly:

(a) review the effectiveness, interoperability, and connectivity of public health data systems supporting the detection of and response to high-consequence public health threats, such as the COVID-19 pandemic;

(b) review the collection of morbidity and mortality data by State, local, Tribal, and territorial governments during high-consequence public health threats, such as the COVID-19 pandemic; and

(c) issue a report summarizing the findings of the reviews detailed in subsections (a) and (b) of this section and any recommendations for addressing areas for improvement identified in the reviews.

SEC. 4. *Advancing Innovation in Public Health Data and Analytics.* The Director of OSTP, in coordination with the National Science and Technology Council, as appropriate, shall develop a plan for advancing innovation in public health data and analytics in the United States.

SEC. 5. *Privileged Information.* Nothing in this order shall compel or authorize the disclosure of privileged information, law-enforcement information, national-security information, personal information, or information the disclosure of which is prohibited by law.

SEC. 6. *General Provisions.* (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

EX. ORD. NO. 13995. ENSURING AN EQUITABLE PANDEMIC RESPONSE AND RECOVERY

Ex. Ord. No. 13995, Jan. 21, 2021, 86 F.R. 7193, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, and in order to address the disproportionate and severe impact of coronavirus disease 2019 (COVID-19) on communities of color and other underserved populations, it is hereby ordered as follows:

SECTION 1. *Purpose.* The COVID-19 pandemic has exposed and exacerbated severe and pervasive health and social inequities in America. For instance, people of color experience systemic and structural racism in many facets of our society and are more likely to become sick and die from COVID-19. The lack of complete data, disaggregated by race and ethnicity, on COVID-19 infection, hospitalization, and mortality rates, as well as underlying health and social vulnerabilities, has further hampered efforts to ensure an equitable pandemic response. Other communities, often obscured in the data, are also disproportionately affected by COVID-19, including sexual and gender minority groups, those living with disabilities, and those living at the margins of our economy. Observed inequities in rural and Tribal communities, territories, and other geographically isolated communities require a place-based approach to data collection and the response. Despite increased State and local efforts to address these inequities, COVID-19's disparate impact on communities of color and other underserved populations remains unrelenting.

Addressing this devastating toll is both a moral imperative and pragmatic policy. It is impossible to change the course of the pandemic without tackling it in the hardest-hit communities. In order to identify and eliminate health and social inequities resulting in disproportionately higher rates of exposure, illness, and death, I am directing a Government-wide effort to address health equity. The Federal Government must take swift action to prevent and remedy differences in COVID-19 care and outcomes within communities of color and other underserved populations.

SEC. 2. *COVID-19 Health Equity Task Force.* There is established within the Department of Health and Human Services (HHS) a COVID-19 Health Equity Task Force (Task Force).

(a) *Membership.* The Task Force shall consist of the Secretary of HHS; an individual designated by the Secretary of HHS to Chair the Task Force (COVID–19 Health Equity Task Force Chair); the heads of such other executive departments, agencies, or offices (agencies) as the Chair may invite; and up to 20 members from sectors outside of the Federal Government appointed by the President.

(i) Federal members may designate, to perform the Task Force functions of the member, a senior-level official who is a part of the member's agency and a full-time officer or employee of the Federal Government.

(ii) Nonfederal members shall include individuals with expertise and lived experience relevant to groups suffering disproportionate rates of illness and death in the United States; individuals with expertise and lived experience relevant to equity in public health, health care, education, housing, and community-based services; and any other individuals with expertise the President deems relevant. Appointments shall be made without regard to political affiliation and shall reflect a diverse set of perspectives.

(iii) Members of the Task Force shall serve without compensation for their work on the Task Force, but members shall be allowed travel expenses, including per diem in lieu of subsistence, as authorized by law for persons serving intermittently in the Government service (5 U.S.C. 5701–5707).

(iv) At the direction of the Chair, the Task Force may establish subgroups consisting exclusively of Task Force members or their designees under this section, as appropriate.

(b) *Mission and Work.*

(i) Consistent with applicable law and as soon as practicable, the Task Force shall provide specific recommendations to the President, through the Coordinator of the COVID–19 Response and Counselor to the President (COVID–19 Response Coordinator), for mitigating the health inequities caused or exacerbated by the COVID–19 pandemic and for preventing such inequities in the future. The recommendations shall include:

(A) recommendations for how agencies and State, local, Tribal, and territorial officials can best allocate COVID–19 resources, in light of disproportionately high rates of COVID–19 infection, hospitalization, and mortality in certain communities and disparities in COVID–19 outcomes by race, ethnicity, and other factors, to the extent permitted by law;

(B) recommendations for agencies with responsibility for disbursing COVID–19 relief funding regarding how to disburse funds in a manner that advances equity; and

(C) recommendations for agencies regarding effective, culturally aligned communication, messaging, and outreach to communities of color and other underserved populations.

(ii) The Task Force shall submit a final report to the COVID–19 Response Coordinator addressing any ongoing health inequities faced by COVID–19 survivors that may merit a public health response, describing the factors that contributed to disparities in COVID–19 outcomes, and recommending actions to combat such disparities in future pandemic responses.

(c) *Data Collection.* To address the data shortfalls identified in section 1 of this order, and consistent with applicable law, the Task Force shall:

(i) collaborate with the heads of relevant agencies, consistent with the Executive Order entitled "Ensuring a Data-Driven Response to COVID–19 and Future High-Consequence Public Health Threats," [Ex. Ord. No. 13994, set out above] to develop recommendations for expediting data collection for communities of color and other underserved populations and identifying data sources, proxies, or indices that would enable development of short-term targets for pandemic-related actions for such communities and populations;

(ii) develop, in collaboration with the heads of relevant agencies, a set of longer-term recommendations to address these data shortfalls and other foundational data challenges, including those relating to data intersectionality, that must be tackled in order to better prepare and respond to future pandemics; and

(iii) submit the recommendations described in this subsection to the President, through the COVID–19 Response Coordinator.

(d) *External Engagement.* Consistent with the objectives set out in this order and with applicable law, the Task Force may seek the views of health professionals; policy experts; State, local, Tribal, and territorial health officials; faith-based leaders; businesses; health providers; community organizations; those with lived experience with homelessness, incarceration, discrimination, and other relevant issues; and other stakeholders.

(e) *Administration.* Insofar as the Federal Advisory Committee Act, as amended ([former] 5 U.S.C. App.) [see 5 U.S.C. 1001 et seq.], may apply to the Task Force, any functions of the President under the Act, except for those in section 6 of the Act, shall be performed by the Secretary of HHS in accordance with the guidelines that have been issued by the Administrator of General Services. HHS shall provide funding and administrative support for the Task Force to the extent permitted by law and within existing appropriations. The Chair shall convene regular meetings of the Task Force, determine its agenda, and direct its work. The Chair shall designate an Executive Director of the Task Force, who shall coordinate the work of the Task Force and head any staff assigned to the Task Force.

(f) *Termination.* Unless extended by the President, the Task Force shall terminate within 30 days of accomplishing the objectives set forth in this order, including the delivery of the report and recommendations specified in this section, or 2 years from the date of this order [Jan. 21, 2021], whichever comes first.

SEC. 3. *Ensuring an Equitable Pandemic Response.* To address the inequities identified in section 1 of this order, it is hereby directed that:

(a) The Secretary of Agriculture, the Secretary of Labor, the Secretary of HHS, the Secretary of Housing and Urban Development, the Secretary of Education, the Administrator of the Environmental Protection Agency, and the heads of all other agencies with authorities or responsibilities relating to the pandemic response and recovery shall, as appropriate and consistent with applicable law:

(i) consult with the Task Force to strengthen equity data collection, reporting, and use related to COVID-19;

(ii) assess pandemic response plans and policies to determine whether personal protective equipment, tests, vaccines, therapeutics, and other resources have been or will be allocated equitably, including by considering:

(A) the disproportionately high rates of COVID-19 infection, hospitalization, and mortality in certain communities; and

(B) any barriers that have restricted access to preventive measures, treatment, and other health services for high-risk populations;

(iii) based on the assessments described in subsection (a)(ii) of this section, modify pandemic response plans and policies to advance equity, with consideration to:

(A) the effect of proposed policy changes on the distribution of resources to, and access to health care by, communities of color and other underserved populations;

(B) the effect of proposed policy changes on agencies' ability to collect, analyze, and report data necessary to monitor and evaluate the impact of pandemic response plans and policies on communities of color and other underserved populations; and

(C) policy priorities expressed by communities that have suffered disproportionate rates of illness and death as a result of the pandemic;

(iv) strengthen enforcement of anti-discrimination requirements pertaining to the availability of, and access to, COVID-19 care and treatment; and

(v) partner with States, localities, Tribes, and territories to explore mechanisms to provide greater assistance to individuals and families experiencing disproportionate economic or health effects from COVID-19, such as by expanding access to food, housing, child care, or income support.

(b) The Secretary of HHS shall:

(i) provide recommendations to State, local, Tribal, and territorial leaders on how to facilitate the placement of contact tracers and other workers in communities that have been hardest hit by the pandemic, recruit such workers from those communities, and connect such workers to existing health workforce training programs and other career advancement programs; and

(ii) conduct an outreach campaign to promote vaccine trust and uptake among communities of color and other underserved populations with higher levels of vaccine mistrust due to discriminatory medical treatment and research, and engage with leaders within those communities.

SEC. 4. *General Provisions.* (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

EX. ORD. NO. 13996. ESTABLISHING THE COVID-19 PANDEMIC TESTING BOARD AND ENSURING A SUSTAINABLE PUBLIC HEALTH WORKFORCE FOR COVID-19 AND OTHER BIOLOGICAL THREATS

Ex. Ord. No. 13996, Jan. 21, 2021, 86 F.R. 7197, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, including section 301 of title 3, United States Code, it is hereby ordered as follows:

SECTION 1. *Policy.* It is the policy of my Administration to control coronavirus disease 2019 (COVID-19) by using a Government-wide, unified approach that includes: establishing a national COVID-19 testing and

public health workforce strategy; working to expand the supply of tests; working to bring test manufacturing to the United States, where possible; working to enhance laboratory testing capacity; working to expand the public health workforce; supporting screening testing for schools and priority populations; and ensuring a clarity of messaging about the use of tests and insurance coverage.

SEC. 2. COVID-19 Pandemic Testing Board.

(a) *Establishment and Membership.* There is established a COVID-19 Pandemic Testing Board (Testing Board), chaired by the Coordinator of the COVID-19 Response and Counselor to the President (COVID-19 Response Coordinator) or his designee. The Testing Board shall include representatives from executive departments and agencies (agencies) that are designated by the President. The heads of agencies so designated shall designate officials from their respective agencies to represent them on the Testing Board.

(b) *Mission and Functions.* To support the implementation and oversight of the policy laid out in section 1 of this order, the Testing Board shall:

(i) coordinate Federal Government efforts to promote COVID-19 diagnostic, screening, and surveillance testing;

(ii) make recommendations to the President with respect to prioritizing the Federal Government's assistance to State, local, Tribal, and territorial authorities, in order to expand testing and reduce disparities in access to testing;

(iii) identify barriers to access and use of testing in, and coordinate Federal Government efforts to increase testing for:

(A) priority populations, including healthcare workers and other essential workers;

(B) communities with major shortages in testing availability and use;

(C) at-risk settings, including long-term care facilities, correctional facilities, immigration custodial settings, detention facilities, schools, child care settings, and food processing and manufacturing facilities; and

(D) high-risk groups, including people experiencing homelessness, migrants, and seasonal workers;

(iv) identify methods to expand State, local, Tribal, and territorial capacity to conduct testing, contact tracing, and isolation and quarantine, in order for schools, businesses, and travel to be conducted safely;

(v) provide guidance on how to enhance the clarity, consistency, and transparency of Federal Government communication with the public about the goals and purposes of testing;

(vi) identify options for the Federal Government to maximize testing capacity of commercial labs and academic labs; and

(vii) propose short- and long-term reforms for the Federal Government to: increase State, local, Tribal, and territorial capacity to conduct testing; expand genomic sequencing; and improve the effectiveness and speed of the Federal Government's response to future pandemics and other biological emergencies.

(d) The Chair of the Testing Board shall coordinate with the Secretary of Health and Human Services (HHS) and the heads of other relevant agencies or their designees, as necessary, to ensure that the Testing Board's work is coordinated with the Public Health Emergency Countermeasures Enterprise within HHS.

SEC. 3. Actions to Address the Cost of COVID-19 Testing. (a) The Secretary of the Treasury, the Secretary of HHS, and the Secretary of Labor, in coordination with the COVID-19 Response Coordinator, shall promptly, and as appropriate and consistent with applicable law:

(i) facilitate the provision of COVID-19 testing free of charge to those who lack comprehensive health insurance; and

(ii) clarify group health plans' and health insurance issuers' obligations to provide coverage for COVID-19 testing.

(b) The Secretary of HHS, the Secretary of Education, and the Secretary of Homeland Security, through the Administrator of the Federal Emergency Management Agency (FEMA), in coordination with the COVID-19 Response Coordinator, shall promptly, and as appropriate and consistent with applicable law:

(i) provide support for surveillance tests for settings such as schools; and

(ii) expand equitable access to COVID-19 testing.

SEC. 4. Establishing a Public Health Workforce Program. (a) The Secretary of HHS and the Secretary of Labor shall promptly consult with State, local, Tribal, and territorial leaders to understand the challenges they face in pandemic response efforts, including challenges recruiting and training sufficient personnel to ensure adequate and equitable community-based testing, and testing in schools and high-risk settings.

(b) The Secretary of HHS shall, as appropriate and consistent with applicable law, as soon as practicable:

(i) provide technical support to State, local, Tribal, and territorial public health agencies with respect to testing and contact-tracing efforts; and

(ii) assist such authorities in the training of public health workers. This may include technical assistance to non-Federal public health workforces in connection with testing, contact tracing, and mass vaccinations, as

well as other urgent public health workforce needs, such as combating opioid use.

(c) The Secretary of HHS shall submit to the President, through the COVID–19 Response Coordinator, the Assistant to the President for Domestic Policy (APDP), and the Assistant to the President for National Security Affairs (APNSA), a plan detailing:

(i) how the Secretary of HHS would deploy personnel in response to future high-consequence public health threats; and

(ii) five-year targets and budget requirements for achieving a sustainable public health workforce, as well as options for expanding HHS capacity, such as by expanding the U.S. Public Health Service Commissioned Corps and Epidemic Intelligence Service, so that the Department can better respond to future pandemics and other biological threats.

(d) The Secretary of HHS, the Secretary of Homeland Security, the Secretary of Labor, the Secretary of Education, and the Chief Executive Officer of the Corporation for National and Community Service, in coordination with the COVID–19 Response Coordinator, the APDP, and the APNSA, shall submit a plan to the President for establishing a national contact tracing and COVID–19 public health workforce program, to be known as the U.S. Public Health Job Corps, which shall be modeled on or developed as a component of the FEMA Corps program. Such plan shall include means by which the U.S. Public Health Job Corps can be part of the National Civilian Community Corps program, as well as recommendations about whether it would be appropriate for the U.S. Public Health Job Corps to immediately assign personnel from any of the agencies involved in the creation of the plan, including existing AmeriCorps members, to join or aid the U.S. Public Health Job Corps. The U.S. Public Health Job Corps will:

(i) conduct and train individuals in contact tracing related to the COVID–19 pandemic;

(ii) assist in outreach for vaccination efforts, including by administering vaccination clinics;

(iii) assist with training programs for State, local, Tribal, and territorial governments to provide testing, including in schools; and

(iv) provide other necessary services to Americans affected by the COVID–19 pandemic.

SEC. 5. *General Provisions.* (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

J.R. BIDEN, JR.

EX. ORD. NO. 13997. IMPROVING AND EXPANDING ACCESS TO CARE AND TREATMENTS FOR COVID–19

Ex. Ord. No. 13997, Jan. 21, 2021, 86 F.R. 7201, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. *Policy.* It is the policy of my Administration to improve the capacity of the Nation's healthcare systems to address coronavirus disease 2019 (COVID–19), to accelerate the development of novel therapies to treat COVID–19, and to improve all Americans' access to quality and affordable healthcare.

SEC. 2. *Accelerating the Development of Novel Therapies.* To enhance the Nation's ability to quickly develop the most promising COVID–19 interventions, the Secretary of Health and Human Services (HHS), in consultation with the Director of the National Institutes of Health, shall:

(a) develop a plan for supporting a range of studies, including large-scale randomized trials, for identifying optimal clinical management strategies, and for supporting the most promising treatments for COVID–19 and future high-consequence public health threats, that can be easily manufactured, distributed, and administered, both domestically and internationally;

(b) develop a plan, in consultation with non-governmental partners, as appropriate, to support research:

(i) in rural hospitals and other rural locations; and

(ii) that studies the emerging evidence concerning the long-term impact of COVID–19 on patient health; and

(c) consider steps to ensure that clinical trials include populations that have been historically underrepresented in such trials.

SEC. 3. *Improving the Capacity of the Nation's Healthcare Systems to Address COVID–19.* To bolster the

capacity of the Nation's healthcare systems to support healthcare workers and patients:

(a) The Secretary of Defense, the Secretary of HHS, the Secretary of Veterans Affairs, and the heads of other relevant executive departments and agencies (agencies), in coordination with the Coordinator of the COVID-19 Response and Counselor to the President (COVID-19 Response Coordinator), shall promptly, as appropriate and consistent with applicable law, provide targeted surge assistance to critical care and long-term care facilities, including nursing homes and skilled nursing facilities, assisted living facilities, intermediate care facilities for individuals with disabilities, and residential treatment centers, in their efforts to combat the spread of COVID-19.

(b) The COVID-19 Response Coordinator, in coordination with the Secretary of Defense, the Secretary of HHS, the Secretary of Veterans Affairs, and the heads of other relevant agencies, shall review the needs of Federal facilities providing care to COVID-19 patients and develop recommendations for further actions such facilities can take to support active military personnel, veterans, and Tribal nations during this crisis.

(c) The Secretary of HHS shall promptly:

(i) issue recommendations on how States and healthcare providers can increase the capacity of their healthcare workforces to address the COVID-19 pandemic; and

(ii) through the Administrator of the Health Resources and Services Administration and the Administrator of the Substance Abuse and Mental Health Services Administration, take appropriate actions, as consistent with applicable law, to expand access to programs and services designed to meet the long-term health needs of patients recovering from COVID-19, including through technical assistance and support to community health centers.

SEC. 4. *Improving Access to Quality and Affordable Healthcare.* (a) To facilitate the equitable and effective distribution of therapeutics and bolster clinical care capacity where needed to support patient care, the Secretary of Defense, the Secretary of HHS, and the Secretary of Veterans Affairs, in coordination with the COVID-19 Response Coordinator, shall establish targets for the production, allocation, and distribution of COVID-19 treatments. To meet those targets, the Secretary of Defense, the Secretary of HHS, and the Secretary of Veterans Affairs shall consider prioritizing, including through grants for research and development, investments in therapeutics that can be readily administered and scaled.

(b) To facilitate the utilization of existing COVID-19 treatments, the Secretary of HHS shall identify barriers to maximizing the effective and equitable use of existing COVID-19 treatments and shall, as appropriate and consistent with applicable law, provide support to State, local, Tribal, and territorial authorities aimed at overcoming those barriers.

(c) To address the affordability of treatments and clinical care, the Secretary of HHS shall, promptly and as appropriate and consistent with applicable law:

(i) evaluate the COVID-19 Uninsured Program, operated by the Health Resources and Services Administration within HHS, and take any available steps to promote access to treatments and clinical care for those without adequate coverage, to support safety-net providers in delivering such treatments and clinical care, and to make the Program easy to use and accessible for patients and providers, with information about the Program widely disseminated; and

(ii) evaluate Medicare, Medicaid, group health plans, and health insurance issuers, and take any available steps to promote insurance coverage for safe and effective COVID-19 treatments and clinical care.

SEC. 5. *General Provisions.* (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

EX. ORD. NO. 13998. PROMOTING COVID-19 SAFETY IN DOMESTIC AND INTERNATIONAL TRAVEL

Ex. Ord. No. 13998, Jan. 21, 2021, 86 F.R. 7205, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. *Policy.* Science-based public health measures are critical to preventing the spread of coronavirus disease 2019 (COVID-19) by travelers within the United States and those who enter the country

from abroad. The Centers for Disease Control and Prevention (CDC), the Surgeon General, and the National Institutes of Health have concluded that mask-wearing, physical distancing, appropriate ventilation, and timely testing can mitigate the risk of travelers spreading COVID-19. Accordingly, to save lives and allow all Americans, including the millions of people employed in the transportation industry, to travel and work safely, it is the policy of my Administration to implement these public health measures consistent with CDC guidelines on public modes of transportation and at ports of entry to the United States.

SEC. 2. Immediate Action to Require Mask-Wearing on Certain Domestic Modes of Transportation.

(a) *Mask Requirement.* The Secretary of Labor, the Secretary of Health and Human Services (HHS), the Secretary of Transportation (including through the Administrator of the Federal Aviation Administration (FAA)), the Secretary of Homeland Security (including through the Administrator of the Transportation Security Administration (TSA) and the Commandant of the United States Coast Guard), and the heads of any other executive departments and agencies (agencies) that have relevant regulatory authority (heads of agencies) shall immediately take action, to the extent appropriate and consistent with applicable law, to require masks to be worn in compliance with CDC guidelines in or on:

- (i) airports;
- (ii) commercial aircraft;
- (iii) trains;
- (iv) public maritime vessels, including ferries;
- (v) intercity bus services; and
- (vi) all forms of public transportation as defined in section 5302 of title 49, United States Code.

(b) *Consultation.* In implementing this section, the heads of agencies shall consult, as appropriate, with interested parties, including State, local, Tribal, and territorial officials; industry and union representatives from the transportation sector; and consumer representatives.

(c) *Exceptions.* The heads of agencies may make categorical or case-by-case exceptions to policies developed under this section, consistent with applicable law, to the extent that doing so is necessary or required by law. If the heads of agencies do make exceptions, they shall require alternative and appropriate safeguards, and shall document all exceptions in writing.

(d) *Preemption.* To the extent permitted by applicable law, the heads of agencies shall ensure that any action taken to implement this section does not preempt State, local, Tribal, and territorial laws or rules imposing public health measures that are more protective of public health than those required by the heads of agencies.

(e) *Coordination.* The Coordinator of the COVID-19 Response and Counselor to the President (COVID-19 Response Coordinator) shall coordinate the implementation of this section. The heads of agencies shall update the COVID-19 Response Coordinator on their progress in implementing this section, including any categorical exceptions established under subsection (c) of this section, within 7 days of the date of this order [Jan. 21, 2021] and regularly thereafter. The heads of agencies are encouraged to bring to the attention of the COVID-19 Response Coordinator any questions regarding the scope or implementation of this section.

SEC. 3. Action to Implement Additional Public Health Measures for Domestic Travel.

(a) *Recommendations.* The Secretary of Transportation (including through the Administrator of the FAA) and the Secretary of Homeland Security (including through the Administrator of the TSA and the Commandant of the Coast Guard), in consultation with the Director of CDC, shall promptly provide to the COVID-19 Response Coordinator recommendations concerning how their respective agencies may impose additional public health measures for domestic travel.

(b) *Consultation.* In implementing this section, the Secretary of Transportation and the Secretary of Homeland Security shall engage with interested parties, including State, local, Tribal, and territorial officials; industry and union representatives from the transportation sector; and consumer representatives.

SEC. 4. Support for State, Local, Tribal, and Territorial Authorities. The COVID-19 Response Coordinator, in coordination with the Secretary of Transportation and the heads of any other relevant agencies, shall promptly identify and inform agencies of options to incentivize, support, and encourage widespread mask-wearing and physical distancing on public modes of transportation, consistent with CDC guidelines and applicable law.

SEC. 5. International Travel.

(a) *Policy.* It is the policy of my Administration that, to the extent feasible, travelers seeking to enter the United States from a foreign country shall be:

- (i) required to produce proof of a recent negative COVID-19 test prior to entry; and
- (ii) required to comply with other applicable CDC guidelines concerning international travel, including recommended periods of self-quarantine or self-isolation after entry into the United States.

(b) *Air Travel.*

(i) The Secretary of HHS, including through the Director of CDC, and in coordination with the Secretary of Transportation (including through the Administrator of the FAA) and the Secretary of Homeland Security (including through the Administrator of the TSA), shall, within 14 days of the date of this order [Jan. 21, 2021], assess the CDC order of January 12, 2021, regarding the requirement of a negative COVID–19 test result for airline passengers traveling into the United States, in light of subsection (a) of this section. Based on such assessment, the Secretary of HHS and the Secretary of Homeland Security shall take any further appropriate regulatory action, to the extent feasible and consistent with CDC guidelines and applicable law. Such assessment and regulatory action shall include consideration of:

(A) the timing and types of COVID–19 tests that should satisfy the negative test requirement, including consideration of additional testing immediately prior to departure;

(B) the proof of test results that travelers should be required to provide;

(C) the feasibility of implementing alternative and sufficiently protective public health measures, such as testing, self-quarantine, and self-isolation on arrival, for travelers entering the United States from countries where COVID–19 tests are inaccessible, particularly where such inaccessibility of tests would affect the ability of United States citizens and lawful permanent residents to return to the United States; and

(D) measures to prevent fraud.

(ii) The Secretary of HHS, in coordination with the Secretary of Transportation (including through the Administrator of the FAA) and the Secretary of Homeland Security (including through the Administrator of the TSA), shall promptly provide to the President, through the COVID–19 Response Coordinator, a plan for how the Secretary and other Federal Government actors could implement the policy stated in subsection (a) of this section with respect to CDC-recommended periods of self-quarantine or self-isolation after a flight to the United States from a foreign country, as he deems appropriate and consistent with applicable law. The plan shall identify agencies' tools and mechanisms to assist travelers in complying with such policy.

(iii) The Secretary of State, in consultation with the Secretary of HHS (including through the Director of CDC), the Secretary of Transportation (including through the Administrator of the FAA), and the Secretary of Homeland Security, shall seek to consult with foreign governments, the World Health Organization, the International Civil Aviation Organization, the International Air Transport Association, and any other relevant stakeholders to establish guidelines for public health measures associated with safe international travel, including on aircraft and at ports of entry. Any such guidelines should address quarantine, testing, COVID–19 vaccination, follow-up testing and symptom-monitoring, air filtration requirements, environmental decontamination standards, and contact tracing.

(c) *Land Travel.* The Secretary of State, in consultation with the Secretary of HHS, the Secretary of Transportation, the Secretary of Homeland Security, and the Director of CDC, shall immediately commence diplomatic outreach to the governments of Canada and Mexico regarding public health protocols for land ports of entry. Based on this diplomatic engagement, within 14 days of the date of this order, the Secretary of HHS (including through the Director of CDC), the Secretary of Transportation, and the Secretary of Homeland Security shall submit to the President a plan to implement appropriate public health measures at land ports of entry. The plan should implement CDC guidelines, consistent with applicable law, and take into account the operational considerations relevant to the different populations who enter the United States by land.

(d) *Sea Travel.* The Secretary of Homeland Security, through the Commandant of the Coast Guard and in consultation with the Secretary of HHS and the Director of CDC, shall, within 14 days of the date of this order, submit to the President a plan to implement appropriate public health measures at sea ports. The plan should implement CDC guidelines, consistent with applicable law, and take into account operational considerations.

(e) *International Certificates of Vaccination or Prophylaxis.* Consistent with applicable law, the Secretary of State, the Secretary of HHS, and the Secretary of Homeland Security (including through the Administrator of the TSA), in coordination with any relevant international organizations, shall assess the feasibility of linking COVID–19 vaccination to International Certificates of Vaccination or Prophylaxis (ICVP) and producing electronic versions of ICVPs.

(f) *Coordination.* The COVID–19 Response Coordinator, in consultation with the Assistant to the President for National Security Affairs and the Assistant to the President for Domestic Policy, shall coordinate the implementation of this section. The Secretary of State, the Secretary of HHS, the Secretary of Transportation, and the Secretary of Homeland Security shall update the COVID–19 Response Coordinator on their progress in implementing this section within 7 days of the date of this order and regularly thereafter. The heads of all agencies are encouraged to bring to the attention of the COVID–19 Response Coordinator any questions regarding the scope or implementation of this section.

SEC. 6. *General Provisions.* (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or
(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

J.R. BIDEN, JR.

EX. ORD. NO. 13999. PROTECTING WORKER HEALTH AND SAFETY

Ex. Ord. No. 13999, Jan. 21, 2021, 86 F.R. 7211, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. *Policy.* Ensuring the health and safety of workers is a national priority and a moral imperative. Healthcare workers and other essential workers, many of whom are people of color and immigrants, have put their lives on the line during the coronavirus disease 2019 (COVID–19) pandemic. It is the policy of my Administration to protect the health and safety of workers from COVID–19.

The Federal Government must take swift action to reduce the risk that workers may contract COVID–19 in the workplace. That will require issuing science-based guidance to help keep workers safe from COVID–19 exposure, including with respect to mask-wearing; partnering with State and local governments to better protect public employees; enforcing worker health and safety requirements; and pushing for additional resources to help employers protect employees.

SEC. 2. *Protecting Workers from COVID–19 Under the Occupational Safety and Health Act.* The Secretary of Labor, acting through the Assistant Secretary of Labor for Occupational Safety and Health, in furtherance of the policy described in section 1 of this order and consistent with applicable law, shall:

(a) issue, within 2 weeks of the date of this order [Jan. 21, 2021] and in conjunction or consultation with the heads of any other appropriate executive departments and agencies (agencies), revised guidance to employers on workplace safety during the COVID–19 pandemic;

(b) consider whether any emergency temporary standards on COVID–19, including with respect to masks in the workplace, are necessary, and if such standards are determined to be necessary, issue them by March 15, 2021;

(c) review the enforcement efforts of the Occupational Safety and Health Administration (OSHA) related to COVID–19 and identify any short-, medium-, and long-term changes that could be made to better protect workers and ensure equity in enforcement;

(d) launch a national program to focus OSHA enforcement efforts related to COVID–19 on violations that put the largest number of workers at serious risk or are contrary to anti-retaliation principles; and

(e) coordinate with the Department of Labor's Office of Public Affairs and Office of Public Engagement and all regional OSHA offices to conduct, consistent with applicable law, a multilingual outreach campaign to inform workers and their representatives of their rights under applicable law. This campaign shall include engagement with labor unions, community organizations, and industries, and place a special emphasis on communities hit hardest by the pandemic.

SEC. 3. *Protecting Other Categories of Workers from COVID–19.* (a) The Secretary of Labor, acting through the Assistant Secretary of Labor for Occupational Safety and Health and consistent with applicable law, shall:

(i) coordinate with States that have occupational safety and health plans approved under section 18 of the Occupational Safety and Health Act (Act) (29 U.S.C. 667) to seek to ensure that workers covered by such plans are adequately protected from COVID–19, consistent with any revised guidance or emergency temporary standards issued by OSHA; and

(ii) in States that do not have such plans, consult with State and local government entities with responsibility for public employee safety and health and with public employee unions to bolster protection from COVID–19 for public sector workers.

(b) The Secretary of Agriculture, the Secretary of Labor, the Secretary of Health and Human Services, the Secretary of Transportation, and the Secretary of Energy, in consultation with the heads of any other appropriate agencies, shall, consistent with applicable law, explore mechanisms to protect workers not protected under the Act [29 U.S.C. 651 et seq.] so that they remain healthy and safe on the job during the COVID–19 pandemic.

(c) The Secretary of Labor, acting through the Assistant Secretary of Labor for Mine Safety and Health,

shall consider whether any emergency temporary standards on COVID–19 applicable to coal and metal or non-metal mines are necessary, and if such standards are determined to be necessary and consistent with applicable law, issue them as soon as practicable.

SEC. 4. *General Provisions.* (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

EX. ORD. NO. 14000. SUPPORTING THE REOPENING AND CONTINUING OPERATION OF SCHOOLS AND EARLY CHILDHOOD EDUCATION PROVIDERS

Ex. Ord. No. 14000, Jan. 21, 2021, 86 F.R. 7215, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, to ensure that students receive a high-quality education during the coronavirus disease 2019 (COVID–19) pandemic, and to support the safe reopening and continued operation of schools, child care providers, Head Start programs, and institutions of higher education, it is hereby ordered as follows:

SECTION 1. *Policy.* Every student in America deserves a high-quality education in a safe environment. This promise, which was already out of reach for too many, has been further threatened by the COVID–19 pandemic. School and higher education administrators, educators, faculty, child care providers, custodians and other staff, and families have gone above and beyond to support children's and students' learning and meet their needs during this crisis. Students and teachers alike have found new ways to teach and learn. Many child care providers continue to provide care and learning opportunities to children in homes and centers across the country. However, leadership and support from the Federal Government is needed. Two principles should guide the Federal Government's response to the COVID–19 crisis with respect to schools, child care providers, Head Start programs, and higher education institutions. First, the health and safety of children, students, educators, families, and communities is paramount. Second, every student in the United States should have the opportunity to receive a high-quality education, during and beyond the pandemic.

Accordingly, it is the policy of my Administration to provide support to help create the conditions for safe, in-person learning as quickly as possible; ensure high-quality instruction and the delivery of essential services often received by students and young children at school, institutions of higher education, child care providers, and Head Start programs; mitigate learning loss caused by the pandemic; and address educational disparities and inequities that the pandemic has created and exacerbated.

SEC. 2. *Agency Roles and Responsibilities.* The following assignments of responsibility shall be exercised in furtherance of the policy described in section 1 of this order:

(a) The Secretary of Education shall, consistent with applicable law:

(i) provide, in consultation with the Secretary of Health and Human Services, evidence-based guidance to assist States and elementary and secondary schools in deciding whether and how to reopen, and how to remain open, for in-person learning; and in safely conducting in-person learning, including by implementing mitigation measures such as cleaning, masking, proper ventilation, and testing;

(ii) provide, in consultation with the Secretary of Health and Human Services, evidence-based guidance to institutions of higher education on safely reopening for in-person learning, which shall take into account considerations such as the institution's setting, resources, and the population it serves;

(iii) provide advice to State, local, Tribal, and territorial educational authorities, institutions of higher education, local education agencies, and elementary and secondary schools regarding distance and online learning, blended learning, and in-person learning; and the promotion of mental health, social-emotional well-being, and communication with parents and families;

(iv) develop a Safer Schools and Campuses Best Practices Clearinghouse to enable schools and institutions of higher education to share lessons learned and best practices for operating safely during the pandemic;

(v) provide technical assistance to schools and institutions of higher education so that they can ensure high-quality learning during the pandemic;

(vi) direct the Department of Education's Assistant Secretary for Civil Rights to deliver a report as soon as practicable on the disparate impacts of COVID–19 on students in elementary, secondary, and higher education, including those attending historically black colleges and universities, Tribal colleges and

universities, Hispanic-serving institutions, and other minority-serving institutions;

(vii) coordinate with the Director of the Institute of Education Sciences to facilitate, consistent with applicable law, the collection of data necessary to fully understand the impact of the COVID–19 pandemic on students and educators, including data on the status of in-person learning. These data shall be disaggregated by student demographics, including race, ethnicity, disability, English-language-learner status, and free or reduced lunch status or other appropriate indicators of family income; and

(viii) consult with those who have been struggling for months with the enormous challenges the COVID–19 pandemic poses for education, including students; educators; unions; families; State, local, Tribal, and territorial officials; and members of civil rights and disability rights organizations, in carrying out the directives in this order.

(b) The Secretary of Health and Human Services shall, consistent with applicable law:

(i) facilitate the collection of data needed to inform the safe reopening and continued operation of elementary and secondary schools, child care providers, and Head Start programs, and ensure that such data are readily available to State, local, Tribal, and territorial leaders and the public, consistent with privacy interests, and that such data are disaggregated by race, ethnicity, and other factors as appropriate;

(ii) ensure, in coordination with the Coordinator of the COVID–19 Response and Counselor to the President (COVID–19 Response Coordinator) and other relevant agencies, that COVID–19-related supplies the Secretary administers, including testing materials, are equitably allocated to elementary and secondary schools, child care providers, and Head Start programs to support in-person care and learning;

(iii) to the maximum extent possible, support the development and operation of contact tracing programs at the State, local, Tribal, and territorial level, by providing guidance and technical support to ensure that contact tracing is available to facilitate the reopening and safe operation of elementary and secondary schools, child care providers, Head Start programs, and institutions of higher education;

(iv) provide guidance needed for child care providers and Head Start programs for safely reopening and operating, including procedures for mitigation measures such as cleaning, masking, proper ventilation, and testing, as well as guidance related to meeting the needs of children, families, and staff who have been affected by the COVID–19 pandemic, including trauma-informed care, behavioral and mental health support, and family support, as appropriate; and

(v) provide technical assistance to States, localities, Tribes, and territories to support the accelerated distribution of Federal COVID–19 relief funds to child care providers, and identify strategies to help child care providers safely remain open during the pandemic and beyond while the sector experiences widespread financial disruption due to increased costs and less revenue.

(c) The Secretary of Education and the Secretary of Health and Human Services shall submit a report to the Assistant to the President for Domestic Policy and the COVID–19 Response Coordinator identifying strategies to address the impact of COVID–19 on educational outcomes, especially along racial and socioeconomic lines, and shall share those strategies with State, local, Tribal, and territorial officials. In developing these strategies, the Secretaries shall, as appropriate and consistent with applicable law, consult with such officials, as well as with education experts; educators; unions; civil rights advocates; Tribal education experts; public health experts; child development experts; early educators, including child care providers; Head Start staff; school technology practitioners; foundations; families; students; community advocates; and others.

(d) The Federal Communications Commission is encouraged, consistent with applicable law, to increase connectivity options for students lacking reliable home broadband, so that they can continue to learn if their schools are operating remotely.

SEC. 3. General Provisions. (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

ADDRESSING THE LONG-TERM EFFECTS OF COVID–19

Memorandum of President of the United States, Apr. 5, 2022, 87 F.R. 20995, provided:
Memorandum for the Heads of Executive Departments and Agencies

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. *Policy.* My Administration has made combating the coronavirus disease 2019 (COVID-19) pandemic, and guiding the Nation through the worst public health crisis in more than a century, our top priority. When I came into office, COVID-19 was wreaking havoc on our country—closing our businesses, keeping our kids out of school, and forcing us into isolation. Today, America has the tools to protect against COVID-19 and to dramatically decrease its risks. We move towards a future in which COVID-19 does not disrupt our daily lives and is something we prevent, protect against, and treat.

As we chart the path forward, we remember the more than 950,000 people in the United States lost to COVID-19. They were beloved parents, grandparents, children, siblings, spouses, neighbors, and friends. More than 200,000 children in the United States have lost a parent or caregiver to the disease. Each soul is irreplaceable, and the families and communities left behind are still reeling from profound loss. Many families and communities have already received support from Federal programs that help with the loss they have experienced. As we move forward, we commit to ensuring that families and communities can access these support programs and connect to resources they may need to help with their healing, health, and well-being.

At the same time, many of our family members, neighbors, and friends continue to experience negative long-term effects of COVID-19. Many individuals report debilitating, long-lasting effects of having been infected with COVID-19, often called "long COVID." These symptoms can happen to anyone who has had COVID-19—including individuals across ages, races, genders, and ethnicities; individuals with or without disabilities; individuals with or without underlying health conditions; and individuals whether or not they had initial symptoms. Individuals experiencing long COVID report experiencing new or recurrent symptoms, which can include anxiety and depression, fatigue, shortness of breath, difficulty concentrating, heart palpitations, disordered sleep, chest and joint pain, headaches, and other symptoms. These symptoms can persist long after the acute COVID-19 infection has resolved. Even young people and otherwise healthy people have reported long COVID symptoms that last for many months. These symptoms may be affecting individuals' ability to work, conduct daily activities, engage in educational activities, and participate in their communities. Our world-class research and public health organizations have begun the difficult work of understanding these new conditions, their causes, and potential prevention and treatment options. Our health care and support programs are working to help meet the needs of individuals experiencing the lasting effects of COVID-19. To organize the Federal Government's response, executive departments and agencies (agencies) must work together to use the expertise, resources, and benefit programs of the Federal Government to ensure that we are accelerating scientific progress and providing individuals with the support and services they need.

In addition, the American public is grappling with a mental health crisis exacerbated by the pandemic. Too many have felt the effects of social isolation, sickness, economic insecurity, increased caregiver burdens, and grief. My Administration has made significant investments in mental health as well as substance use disorder prevention, treatment, and recovery support for the American public, including by expanding access to community-based behavioral health services. We are committed to advancing these behavioral health efforts in order to better identify the effects of the pandemic on mental health, substance use, and well-being, and to take steps to address these effects for the people we serve.

Our Nation can continue to protect the public—and spare countless families from the deepest pain imaginable—if everybody does their part. Today, we have numerous tools to protect ourselves and our loved ones from COVID-19—from vaccines to tests, treatments, masks, and more. My Administration recognizes the toll of this pandemic on the American public and commits to redoubling our efforts to support the American people in addressing the long-term effects of COVID-19 on their lives and on society.

SEC. 2. *Organizing the Government-Wide Response to the Long-Term Effects of COVID-19.* (a) The Secretary of Health and Human Services (Secretary) shall coordinate the Government-wide response to the long-term effects of COVID-19. My Administration will harness the full potential of the Federal Government, in coordination with public- and private-sector partners, to mount a full and effective response. The Secretary shall report on the coordination efforts to the Coordinator of the COVID-19 Response and Counselor to the President and to the Assistant to the President for Domestic Policy.

(b) The heads of agencies shall assist and provide information to the Secretary, consistent with applicable law, as may be necessary to carry out the Secretary's duties described in subsection (a) of this section.

(c) In performing the duties described in subsection (a) of this section, the Secretary shall seek information from relevant nongovernmental experts, organizations, and stakeholders, including individuals affected directly by the long-term effects of COVID-19. The Secretary shall consider using all available legal authorities, as appropriate and consistent with applicable law, to assist in gathering relevant information, including a waiver under 42 U.S.C. 247d(f).

SEC. 3. *Report on the Long-Term Effects of COVID-19.* The Secretary, supported within the Department of Health and Human Services by the Assistant Secretary for Health and the Assistant Secretary for Mental Health and Substance Use, shall publish a public report within 120 days of the date of this memorandum [Apr. 5, 2022] outlining services and mechanisms of support across agencies to assist the American public in the face of the far-reaching and long-term effects of COVID-19. The report shall outline Federal Government services to support individuals experiencing long COVID, individuals and families experiencing a loss due to COVID-19, and all those grappling with mental health and substance use issues in the wake of this pandemic. The report shall also specifically address the long-term effects of COVID-19 on underserved communities and efforts to address disparities in availability and adoption of services and support for such communities.

SEC. 4. *National Research Action Plan on Long COVID.* (a) Coordinated efforts across the public and private sectors are needed to advance progress in prevention, diagnosis, treatment, and provision of services for individuals experiencing long COVID. The Secretary, supported by the Assistant Secretary for Health and in collaboration with the Secretary of Defense, the Secretary of Labor, the Secretary of Energy, and the Secretary of Veterans Affairs, shall coordinate a Government-wide effort to develop the first-ever interagency national research agenda on long COVID, to be reflected in a National Research Action Plan. The National Research Action Plan will build on ongoing efforts across the Federal Government, including the landmark RECOVER Initiative implemented by the National Institutes of Health. The Secretary shall release the jointly developed National Research Action Plan within 120 days of the date of this memorandum.

(b) The National Research Action Plan shall build upon existing research efforts and include strategies to:

(i) help measure and characterize long COVID in both children and adults, including with respect to its frequency, severity, duration, risk factors, and trends over time;

(ii) support the development of estimates on prevalence and incidence of long COVID disaggregated by demographic groups and symptoms;

(iii) better understand the epidemiology, course of illness, risk factors, and vaccine effectiveness in prevention of long COVID;

(iv) advance our understanding of the health and socioeconomic burdens on individuals affected by long COVID, including among different race and ethnicity groups, pregnant people, and those with underlying disabilities;

(v) foster development of new treatments and care models for long COVID based on a better understanding of the pathophysiological mechanisms of the SARS-CoV-2 virus;

(vi) inform decisions related to high-quality support, services, and interventions for long COVID;

(vii) improve data-sharing between agencies and academic and industry researchers about long COVID, to the extent permitted by law; and

(viii) specifically account for the pandemic's effect on underserved communities and rural populations.

SEC. 5. *General Provisions.* (a) Nothing in this memorandum shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This memorandum shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

(d) The Secretary is authorized and directed to publish this memorandum in the Federal Register.

J.R. BIDEN, JR.

§247d-1. Vaccine tracking and distribution

(a) Tracking

The Secretary, together with relevant manufacturers, wholesalers, and distributors as may agree to cooperate, may track the initial distribution of federally purchased influenza vaccine in an influenza pandemic, or other federally purchased vaccine to address another pandemic. Such tracking information shall be used to inform Federal, State, local, and tribal decision makers during an influenza pandemic or other pandemic.

(b) Distribution

The Secretary shall promote communication between State, local, and tribal public health officials and such manufacturers, wholesalers, and distributors as agree to participate, regarding the effective distribution of seasonal influenza vaccine. Such communication shall include estimates of high priority populations, as determined by the Secretary, in State, local, and tribal jurisdictions in order to inform Federal, State, local, and tribal decision makers during vaccine shortages and supply disruptions.

(c) Confidentiality

The information submitted to the Secretary or its contractors, if any, under this section or under any other section of this chapter related to vaccine distribution information shall remain confidential in accordance with the exception from the public disclosure of trade secrets, commercial or financial information, and information obtained from an individual that is privileged and confidential, as provided for in section 552(b)(4) of title 5, and subject to the penalties and exceptions under sections 1832 and 1833 of title 18 relating to the protection and theft of trade secrets, and subject to privacy protections that are consistent with the regulations promulgated under section 264(c) of the Health Insurance Portability and Accountability Act of 1996. None of such information provided by a manufacturer, wholesaler, or distributor shall be disclosed without its consent to another manufacturer, wholesaler, or distributor, or shall be used in any manner to give a manufacturer, wholesaler, or distributor a proprietary advantage.

(d) Guidelines

The Secretary, in order to maintain the confidentiality of relevant information and ensure that none of the information contained in the systems involved may be used to provide proprietary advantage within the vaccine market, while allowing State, local, and tribal health officials access to such information to maximize the delivery and availability of vaccines to high priority populations, during times of influenza pandemics or other pandemics, vaccine shortages, and supply disruptions, in consultation with manufacturers, distributors, wholesalers and State, local, and tribal health departments, shall develop guidelines for subsections (a) and (b).

(e) Authorization of appropriations

There are authorized to be appropriated to carry out this section, \$30,800,000 for each of fiscal years 2019 through 2023.

(f) Report to Congress

As part of the National Health Security Strategy described in section 300hh–1 of this title, the Secretary shall provide an update on the implementation of subsections (a) through (d).

§247d–3a. Improving State and local public health security

(a) In general

To enhance the security of the United States with respect to public health emergencies, the Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall award cooperative agreements to eligible entities to enable such entities to conduct the activities described in subsection (d).

(b) Eligible entities

To be eligible to receive an award under subsection (a), an entity shall—

(1)(A) be a State;

(B) be a political subdivision determined by the Secretary to be eligible for an award under this section (based on criteria described in subsection (h)(4)); or

(C) be a consortium of States; and

(2) prepare and submit to the Secretary an application at such time, and in such manner, and containing such information as the Secretary may require, including—

(A) an All-Hazards Public Health Emergency Preparedness and Response Plan which shall include—

(i) a description of the activities such entity will carry out under the agreement to meet the

goals identified under section 300hh–1 of this title, including with respect to chemical, biological, radiological, or nuclear threats, whether naturally occurring, unintentional, or deliberate;

(ii) a description of the activities such entity will carry out with respect to pandemic influenza, as a component of the activities carried out under clause (i), and consistent with the requirements of paragraphs (2) and (5) of subsection (g);

(iii) preparedness and response strategies and capabilities that take into account the medical and public health needs of at-risk individuals in the event of a public health emergency;

(iv) a description of the mechanism the entity will implement to utilize the Emergency Management Assistance Compact, or other mutual aid agreement, for medical and public health mutual aid, and, as appropriate, the activities such entity will implement pursuant to section 247d–7b of this title to improve enrollment and coordination of volunteer health care professionals seeking to provide medical services during a public health emergency, which may include—

(I) providing a public method of communication for purposes of volunteer coordination (such as a phone number);

(II) providing for optional registration to participate in volunteer services during processes related to State medical licensing, registration, or certification or renewal of such licensing, registration, or certification; or

(III) other mechanisms as the State determines appropriate;

(v) a description of how the entity will include the State Unit on Aging in public health emergency preparedness;

(vi) a description of how, as appropriate, the entity may partner with relevant public and private stakeholders, including public health agencies with specific expertise that may be relevant to public health security, such as environmental health agencies, in public health emergency preparedness and response;

(vii) a description of how, as applicable, such entity may integrate information to account for individuals with behavioral health needs during and following a public health emergency;

(viii) a description of how the entity, as applicable and appropriate, will coordinate with State emergency preparedness and response plans in public health emergency preparedness, including State education agencies ¹ (as defined in section 7801 of title 20), State child care lead agencies (designated under section 9858b of this title), and other relevant State agencies ²

(ix) in the case of entities that operate on the United States-Mexico border or the United States-Canada border, a description of the activities such entity will carry out under the agreement that are specific to the border area including disease detection, identification, investigation, and preparedness and response activities related to emerging diseases and infectious disease outbreaks whether naturally occurring or due to bioterrorism, consistent with the requirements of this section;

(x) a description of any activities that such entity will use to analyze real-time clinical specimens for pathogens of public health or bioterrorism significance, including any utilization of poison control centers;

(xi) a description of how the entity will partner with health care facilities, including hospitals and nursing homes and other long-term care facilities, to promote and improve public health preparedness and response;

(xii) a description of how the entity will provide technical assistance to improve public health preparedness and response, as appropriate, to agencies or other entities that operate facilities within the entity's jurisdiction in which there is an increased risk of infectious disease outbreaks in the event of a public health emergency declared under section 247d of this title, such as residential care facilities, group homes, and other similar settings; and

(xiii) a description of how, as appropriate and practicable, the entity will include critical

infrastructure partners, such as utility companies within the entity's jurisdiction, in planning pursuant to this subparagraph to help ensure that critical infrastructure will remain functioning during, or return to function as soon as practicable after, a public health emergency;

(B) an assurance that the entity will report to the Secretary on an annual basis (or more frequently as determined by the Secretary) on the evidence-based benchmarks and objective standards established by the Secretary to evaluate the preparedness and response capabilities of such entity under subsection (g);

(C) an assurance that the entity will conduct, on at least an annual basis, an exercise or drill that meets any criteria established by the Secretary to test the preparedness and response capabilities of such entity, including addressing the needs of at-risk individuals, and that the entity will report back to the Secretary within the application of the following year on the strengths and weaknesses identified through such exercise or drill, and corrective actions taken to address material weaknesses;

(D) an assurance that the entity will require relevant staff to complete relevant preparedness and response trainings, including trainings related to efficient and effective operation during an incident or event within an Incident Command System;

(E) an assurance that the entity will provide to the Secretary the data described under section 247d-4(c)(3) of this title as determined feasible by the Secretary;

(F) an assurance that the entity will conduct activities to inform and educate the hospitals within the jurisdiction of such entity on the role of such hospitals in the plan required under subparagraph (A);

(G) an assurance that the entity, with respect to the plan described under subparagraph (A), has developed and will implement an accountability system to ensure that such entity makes satisfactory annual improvement and describes such system in the plan under subparagraph (A);

(H) a description of the means by which to obtain public comment and input on the plan described in subparagraph (A) and on the implementation of such plan, that shall include an advisory committee or other similar mechanism for obtaining comment from the public and from other State, local, and tribal stakeholders; and

(I) as relevant, a description of the process used by the entity to consult with local departments of public health to reach consensus, approval, or concurrence on the relative distribution of amounts received under this section.

(c) Limitation

Beginning in fiscal year 2009, the Secretary may not award a cooperative agreement to a State unless such State is a participant in the Emergency System for Advance Registration of Volunteer Health Professionals described in section 247d-7b of this title.

(d) Use of funds

(1) In general

An award under subsection (a) shall be expended for activities to achieve the preparedness goals described under paragraphs (1), (2), (4), (5), and (6) of section 300hh-1(b) of this title.

(2) Effect of section

Nothing in this subsection may be construed as establishing new regulatory authority or as modifying any existing regulatory authority.

(e) Coordination with local response capabilities

An entity shall, to the extent practicable, ensure that activities carried out under an award under subsection (a) are coordinated with activities of relevant Metropolitan Medical Response Systems, local public health departments, the Cities Readiness Initiative, local emergency plans, and any regional health care emergency preparedness and response system established pursuant to the applicable guidelines under section 247d-3c of this title.

(f) Consultation with Homeland Security

In making awards under subsection (a), the Secretary shall consult with the Secretary of Homeland Security to—

- (1) ensure maximum coordination of public health and medical preparedness and response activities with the Metropolitan Medical Response System, and other relevant activities;
- (2) minimize duplicative funding of programs and activities; and
- (3) analyze activities, including exercises and drills, conducted under this section to develop recommendations and guidance on best practices for such activities.

(g) Achievement of measurable evidence-based benchmarks and objective standards

(1) In general

Not later than 180 days after December 19, 2006, the Secretary shall develop or where appropriate adopt, and require the application of, measurable evidence-based benchmarks and objective standards that measure levels of preparedness with respect to the activities described in this section and with respect to activities described in section 247d–3b of this title. In developing such benchmarks and standards, the Secretary shall consult with and seek comments from State, local, and tribal officials and private entities, as appropriate. Where appropriate, the Secretary shall incorporate existing objective standards. Such benchmarks and standards shall—

- (A) include outcome goals representing operational achievements of the National Preparedness Goals developed under section 300hh–1(b) of this title with respect to all-hazards, including chemical, biological, radiological, or nuclear threats; and
- (B) at a minimum, require entities to—
 - (i) measure progress toward achieving the outcome goals; and
 - (ii) at least annually, test, exercise, and rigorously evaluate the public health and medical emergency preparedness and response capabilities of the entity, and report to the Secretary on such measured and tested capabilities and measured and tested progress toward achieving outcome goals, based on criteria established by the Secretary.

(2) Criteria for pandemic influenza plans

(A) In general

Not later than 180 days after December 19, 2006, the Secretary shall develop and disseminate to the chief executive officer of each State criteria for an effective State plan for responding to pandemic influenza. The Secretary shall periodically update, as necessary and appropriate, such pandemic influenza plan criteria and shall require the integration of such criteria into the benchmarks and standards described in paragraph (1).

(B) Rule of construction

Nothing in this section shall be construed to require the duplication of Federal efforts with respect to the development of criteria or standards, without regard to whether such efforts were carried out prior to or after December 19, 2006.³

(3) Technical assistance

The Secretary shall, as determined appropriate by the Secretary, provide to a State, upon request, technical assistance in meeting the requirements of this section, including the provision of advice by experts in the development of high-quality assessments, the setting of State objectives and assessment methods, the development of measures of satisfactory annual improvement that are valid and reliable, and other relevant areas.

(4) Notification of failures

The Secretary shall develop and implement a process to notify entities that are determined by the Secretary to have failed to meet the requirements of paragraph (1) or (2). Such process shall provide such entities with the opportunity to correct such noncompliance. An entity that fails to correct such noncompliance shall be subject to paragraph (5).

(5) Withholding of amounts from entities that fail to achieve benchmarks or submit

influenza plan

Beginning with fiscal year 2019, and in each succeeding fiscal year, the Secretary shall—

(A) withhold from each entity that has failed substantially to meet the benchmarks and performance measures described in paragraph (1) for either of the 2 immediately preceding fiscal years (beginning with fiscal year 2018), pursuant to the process developed under paragraph (4), the amount described in paragraph (6); and

(B) withhold from each entity that has failed to submit to the Secretary a plan for responding to pandemic influenza that meets the criteria developed under paragraph (2), the amount described in paragraph (6).

(6) Amounts described

(A) In general

The amounts described in this paragraph are the following amounts that are payable to an entity for activities described in this section or section 247d–3b of this title:

(i) For no more than one of each of the first 2 fiscal years immediately following a fiscal year in which an entity experienced a failure described in subparagraph (A) or (B) of paragraph (5), an amount equal to 10 percent of the amount the entity was eligible to receive for the respective fiscal year.

(ii) For no more than one of the first 2 fiscal years immediately following the third consecutive fiscal year in which an entity experienced such a failure, in lieu of applying clause (i), an amount equal to 15 percent of the amount the entity was eligible to receive for the respective fiscal year.

(B) Separate accounting

Each failure described in subparagraph (A) or (B) of paragraph (5) shall be treated as a separate failure for purposes of calculating amounts withheld under subparagraph (A).

(7) Reallocation of amounts withheld

(A) In general

The Secretary shall make amounts withheld under paragraph (6) available for making awards under section 247d–3b of this title to entities described in subsection (b)(1) of such section.

(B) Preference in reallocation

In making awards under section 247d–3b of this title with amounts described in subparagraph (A), the Secretary shall give preference to eligible entities (as described in section 247d–3b(b)(1) of this title) that are located in whole or in part in States from which amounts have been withheld under paragraph (6).

(8) Waive or reduce withholding

The Secretary may waive or reduce the withholding described in paragraph (6), for a single entity or for all entities in a fiscal year, if the Secretary determines that mitigating conditions exist that justify the waiver or reduction.

(h) Funding

(1) Authorization of appropriations

(A) In general

For the purpose of carrying out this section, there is authorized to be appropriated \$685,000,000 for each of fiscal years 2019 through 2023 for awards pursuant to paragraph (3) (subject to the authority of the Secretary to make awards pursuant to paragraphs (4) and (5)).

(B) Requirement for State matching funds

Beginning in fiscal year 2009, in the case of any State or consortium of two or more States, the Secretary may not award a cooperative agreement under this section unless the State or consortium of States agree that, with respect to the amount of the cooperative agreement

awarded by the Secretary, the State or consortium of States will make available (directly or through donations from public or private entities) non-Federal contributions in an amount equal to—

(i) for the first fiscal year of the cooperative agreement, not less than 5 percent of such costs (\$1 for each \$20 of Federal funds provided in the cooperative agreement); and

(ii) for any second fiscal year of the cooperative agreement, and for any subsequent fiscal year of such cooperative agreement, not less than 10 percent of such costs (\$1 for each \$10 of Federal funds provided in the cooperative agreement).

(C) Determination of amount of non-Federal contributions

As determined by the Secretary, non-Federal contributions required in subparagraph (B) may be provided directly or through donations from public or private entities and may be in cash or in kind, fairly evaluated, including plant, equipment or services. Amounts provided by the Federal government, or services assisted or subsidized to any significant extent by the Federal government, may not be included in determining the amount of such non-Federal contributions.

(2) Maintaining State funding

(A) In general

An entity that receives an award under this section shall maintain expenditures for public health security at a level that is not less than the average level of such expenditures maintained by the entity for the preceding 2 year period.

(B) Rule of construction

Nothing in this section shall be construed to prohibit the use of awards under this section to pay salary and related expenses of public health and other professionals employed by State, local, or tribal public health agencies who are carrying out activities supported by such awards (regardless of whether the primary assignment of such personnel is to carry out such activities).

(3) Determination of amount

(A) In general

The Secretary shall award cooperative agreements under subsection (a) to each State or consortium of 2 or more States that submits to the Secretary an application that meets the criteria of the Secretary for the receipt of such an award and that meets other implementation conditions established by the Secretary for such awards.

(B) Base amount

In determining the amount of an award pursuant to subparagraph (A) for a State, the Secretary shall first determine an amount the Secretary considers appropriate for the State (referred to in this paragraph as the "base amount"), except that such amount may not be greater than the minimum amount determined under subparagraph (D).

(C) Increase on basis of population

After determining the base amount for a State under subparagraph (B), the Secretary shall increase the base amount by an amount equal to the product of—

(i) the amount appropriated under paragraph (1)(A) for the fiscal year, less an amount equal to the sum of all base amounts determined for the States under subparagraph (B), and less the amount, if any, reserved by the Secretary under paragraphs (4) and (5); and

(ii) subject to paragraph (4)(C), the percentage constituted by the ratio of an amount equal to the population of the State over an amount equal to the total population of the States (as indicated by the most recent data collected by the Bureau of the Census).

(D) Minimum amount

Subject to the amount appropriated under paragraph (1)(A), an award pursuant to subparagraph (A) for a State shall be the greater of the base amount as increased under subparagraph (C), or the minimum amount under this subparagraph. The minimum amount

under this subparagraph is—

(i) in the case of each of the several States, the District of Columbia, and the Commonwealth of Puerto Rico, an amount equal to the lesser of—

(I) \$5,000,000; or

(II) if the amount appropriated under paragraph (1)(A) is less than \$667,000,000, an amount equal to 0.75 percent of the amount appropriated under such paragraph, less the amount, if any, reserved by the Secretary under paragraphs (4) and (5); or

(ii) in the case of each of American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, and the Virgin Islands, an amount determined by the Secretary to be appropriate, except that such amount may not exceed the amount determined under clause (i).

(4) Certain political subdivisions

(A) In general

For fiscal year 2007, the Secretary may, before making awards pursuant to paragraph (3) for such year, reserve from the amount appropriated under paragraph (1) for the year an amount determined necessary by the Secretary to make awards under subsection (a) to political subdivisions that have a substantial number of residents, have a substantial local infrastructure for responding to public health emergencies, and face a high degree of risk from bioterrorist attacks or other public health emergencies. Not more than three political subdivisions may receive awards pursuant to this subparagraph.

(B) Coordination with Statewide plans

An award pursuant to subparagraph (A) may not be made unless the application of the political subdivision involved is in coordination with, and consistent with, applicable Statewide plans described in subsection (b).

(C) Relationship to formula grants

In the case of a State that will receive an award pursuant to paragraph (3), and in which there is located a political subdivision that will receive an award pursuant to subparagraph (A), the Secretary shall, in determining the amount under paragraph (3)(C) for the State, subtract from the population of the State an amount equal to the population of such political subdivision.

(D) Continuity of funding

In determining whether to make an award pursuant to subparagraph (A) to a political subdivision, the Secretary may consider, as a factor indicating that the award should be made, that the political subdivision received public health funding from the Secretary for fiscal year 2006.

(5) Significant unmet needs; degree of risk

(A) In general

For fiscal year 2007, the Secretary may, before making awards pursuant to paragraph (3) for such year, reserve from the amount appropriated under paragraph (1) for the year an amount determined necessary by the Secretary to make awards under subsection (a) to eligible entities that—

(i) have a significant need for funds to build capacity to identify, detect, monitor, and respond to a bioterrorist or other threat to the public health, which need will not be met by awards pursuant to paragraph (3); and

(ii) face a particularly high degree of risk of such a threat.

(B) Recipients of grants

Awards pursuant to subparagraph (A) may be supplemental awards to States that receive awards pursuant to paragraph (3), or may be awards to eligible entities described in subsection (b)(1)(B) within such States.

(C) Finding with respect to District of Columbia

The Secretary shall consider the District of Columbia to have a significant unmet need for purposes of subparagraph (A), and to face a particularly high degree of risk for such purposes, on the basis of the concentration of entities of national significance located within the District.

(6) Funding of local entities

The Secretary shall, in making awards under this section, ensure that with respect to the cooperative agreement awarded, the entity make available appropriate portions of such award to political subdivisions and local departments of public health through a process involving the consensus, approval or concurrence with such local entities.

(7) Availability of cooperative agreement funds

(A) In general

Amounts provided to an eligible entity under a cooperative agreement under subsection (a) for a fiscal year and remaining unobligated at the end of such year shall remain available to such entity for the next fiscal year for the purposes for which such funds were provided.

(B) Funds contingent on achieving benchmarks

The continued availability of funds under subparagraph (A) with respect to an entity shall be contingent upon such entity achieving the benchmarks and submitting the pandemic influenza plan as described in subsection (g).

(i) Administrative and fiscal responsibility

(1) Annual reporting requirements

Each entity shall prepare and submit to the Secretary annual reports on its activities under this section and section 247d–3b of this title. Each such report shall be prepared by, or in consultation with, the health department. In order to properly evaluate and compare the performance of different entities assisted under this section and section 247d–3b of this title and to assure the proper expenditure of funds under this section and section 247d–3b of this title, such reports shall be in such standardized form and contain such information as the Secretary determines and describes within 180 days of December 19, 2006 (after consultation with the States) to be necessary to—

(A) secure an accurate description of those activities;

(B) secure a complete record of the purposes for which funds were spent, and of the recipients of such funds;

(C) describe the extent to which the entity has met the goals and objectives it set forth under this section or section 247d–3b of this title;

(D) determine the extent to which funds were expended consistent with the entity's application transmitted under this section or section 247d–3b of this title; and

(E) publish such information on a Federal Internet website consistent with subsection (j).

(2) Audits; implementation

(A) In general

Each entity receiving funds under this section or section 247d–3b of this title shall, not less often than once every 2 years, audit its expenditures from amounts received under this section or section 247d–3b of this title. Such audits shall be conducted by an entity independent of the agency administering a program funded under this section or section 247d–3b of this title in accordance with the Comptroller General's standards for auditing governmental organizations, programs, activities, and functions and generally accepted auditing standards. Within 30 days following the completion of each audit report, the entity shall submit a copy of that audit report to the Secretary.

(B) Repayment

Each entity shall repay to the United States amounts found by the Secretary, after notice and

opportunity for a hearing to the entity, not to have been expended in accordance with this section or section 247d–3b of this title and, if such repayment is not made, the Secretary may offset such amounts against the amount of any allotment to which the entity is or may become entitled under this section or section 247d–3b of this title or may otherwise recover such amounts.

(C) Withholding of payment

The Secretary may, after notice and opportunity for a hearing, withhold payment of funds to any entity which is not using its allotment under this section or section 247d–3b of this title in accordance with such section. The Secretary may withhold such funds until the Secretary finds that the reason for the withholding has been removed and there is reasonable assurance that it will not recur.

(j) Compilation and availability of data

The Secretary shall compile the data submitted under this section and make such data available in a timely manner on an appropriate Internet website in a format that is useful to the public and to other entities and that provides information on what activities are best contributing to the achievement of the outcome goals described in subsection (g).

(k) Evaluation

(1) In general

Not later than 2 years after June 24, 2019, and every 2 years thereafter, the Secretary shall conduct an evaluation of the evidence-based benchmarks and objective standards required under subsection (g). Such evaluation shall be submitted to the congressional committees of jurisdiction together with the National Health Security Strategy under section 300hh–1 of this title, at such time as such strategy is submitted.

(2) Content

The evaluation under this paragraph shall include—

(A) a review of evidence-based benchmarks and objective standards, and associated metrics and targets;

(B) a discussion of changes to any evidence-based benchmarks and objective standards, and the effect of such changes on the ability to track whether entities are meeting or making progress toward the goals under this section and, to the extent practicable, the applicable goals of the National Health Security Strategy under section 300hh–1 of this title;

(C) a description of amounts received by eligible entities described in subsection (b) and section 247d–3b(b) of this title, and amounts received by subrecipients and the effect of such funding on meeting evidence-based benchmarks and objective standards; and

(D) recommendations, as applicable and appropriate, to improve evidence-based benchmarks and objective standards to more accurately assess the ability of entities receiving awards under this section to better achieve the goals under this section and section 300hh–1 of this title.

EDITORIAL NOTES

CODIFICATION

December 19, 2006, referred to in subsec. (g)(2)(B), was in the original "the date of enactment of this section", which was translated as meaning the date of enactment of Pub. L. 109–417, which enacted subsec. (g) of this section, to reflect the probable intent of Congress.

AMENDMENTS

2022—Subsec. (b)(2)(A)(vii). Pub. L. 117–328, §2111(a)(1)(A), inserted "during and" before "following a public health emergency".

Subsec. (b)(2)(A)(viii). Pub. L. 117–328, §2111(a)(1)(B), amended cl. (viii) generally. Prior to amendment, cl. (viii) read as follows: "a description of how the entity, as applicable and appropriate, will coordinate with State emergency preparedness and response plans in public health emergency preparedness, including State educational agencies (as defined in section 7801 of title 20) and State child care lead agencies (designated under section 9858b of this title);".

Subsec. (b)(2)(A)(xii), (xiii). Pub. L. 117–328, §2111(a)(1)(C)–(E), added cl. (xii) and redesignated former cl. (xii) as (xiii).

Subsec. (b)(2)(D) to (I). Pub. L. 117–328, §2111(a)(2), (3), added subpar. (D) and redesignated former subpars. (D) to (H) as (E) to (I), respectively.

2019—Subsec. (a). Pub. L. 116–22, §202(a)(1), inserted ", acting through the Director of the Centers for Disease Control and Prevention," after "the Secretary".

Subsec. (b)(2)(A)(iv). Pub. L. 116–22, §207(b), amended cl. (iv) generally. Prior to amendment, cl. (iv) read as follows: "a description of the mechanism the entity will implement to utilize the Emergency Management Assistance Compact or other mutual aid agreements for medical and public health mutual aid;".

Subsec. (b)(2)(A)(vi). Pub. L. 116–22, §202(a)(2)(A), inserted ", including public health agencies with specific expertise that may be relevant to public health security, such as environmental health agencies," after "stakeholders".

Subsec. (b)(2)(A)(vii) to (x). Pub. L. 116–22, §202(a)(2)(B), (C), added cl. (vii) and redesignated former cls. (vii) to (ix) as (viii) to (x), respectively.

Subsec. (b)(2)(A)(xi), (xii). Pub. L. 116–22, §202(a)(2)(D), (E), added cls. (xi) and (xii).

Subsec. (b)(2)(C). Pub. L. 116–22, §705(b)(1), substituted "individuals," for "individuals,,".

Subsec. (b)(2)(F). Pub. L. 116–22, §705(b)(2), substituted "makes satisfactory annual improvement and describes" for "make satisfactory annual improvement and describe".

Subsec. (e). Pub. L. 116–22, §203(e)(1), substituted ", local emergency plans, and any regional health care emergency preparedness and response system established pursuant to the applicable guidelines under section 247d–3c of this title." for ", and local emergency plans."

Subsec. (g)(5). Pub. L. 116–22, §202(b)(1)(A)(i), substituted "Beginning with fiscal year 2019" for "Beginning with fiscal year 2009" in introductory provisions.

Subsec. (g)(5)(A). Pub. L. 116–22, §202(b)(1)(A)(ii), substituted "for either of the 2 immediately preceding fiscal years" for "for the immediately preceding fiscal year" and "2018" for "2008".

Subsec. (g)(6)(A). Pub. L. 116–22, §202(b)(1)(B), amended subpar. (A) generally. Prior to amendment, subpar. (A) consisted of cls. (i) to (iv) describing amounts payable to an entity for the fiscal year immediately following one to four fiscal years in which the entity experienced a failure described in subsec. (g)(5)(A) or (B).

Subsec. (h)(1)(A). Pub. L. 116–22, §202(d), substituted "\$685,000,000 for each of fiscal years 2019 through 2023 for awards pursuant to paragraph (3) (subject to the authority of the Secretary to make awards pursuant to paragraphs (4) and (5))." for "\$641,900,000 for fiscal year 2014 for awards pursuant to paragraph (3) (subject to the authority of the Secretary to make awards pursuant to paragraphs (4) and (5)), and \$641,900,000 for each of fiscal years 2015 through 2018."

Subsec. (k). Pub. L. 116–22, §201(a), added subsec. (k).

2015—Subsec. (b)(2)(A)(vii). Pub. L. 114–95 substituted "including State educational agencies (as defined in section 7801 of title 20)" for "including State educational agencies (as defined in section 7801(41) of title 20)".

2013—Subsec. (b)(1)(B). Pub. L. 113–5, §202(c)(1), substituted "subsection (h)(4)" for "subsection (i)(4)".

Subsec. (b)(1)(C). Pub. L. 113–5, §202(a)(1), substituted "consortium of States" for "consortium of entities described in subparagraph (A)".

Subsec. (b)(2)(A)(i), (ii). Pub. L. 113–5, §202(a)(2)(A)(i), added cls. (i) and (ii) and struck out former cls. (i) and (ii) which read as follows:

"(i) a description of the activities such entity will carry out under the agreement to meet the goals identified under section 300hh–1 of this title;

"(ii) a pandemic influenza plan consistent with the requirements of paragraphs (2) and (5) of subsection (g);".

Subsec. (b)(2)(A)(vi) to (ix). Pub. L. 113–5, §202(a)(2)(A)(ii), (iii), added cls. (vi) to (ix).

Subsec. (b)(2)(C). Pub. L. 113–5, §202(a)(2)(B), inserted ", including addressing the needs of at-risk individuals," after "capabilities of such entity".

Subsec. (b)(2)(D). Pub. L. 113–5, §204(b), substituted "section 247d–4(c)(3)" for "section 247d–4(d)(3)".

Subsec. (f)(2) to (4). Pub. L. 113–5, §202(a)(3), inserted "and" at end of par. (2), substituted period for "; and" at end of par. (3), and struck out par. (4) which read as follows: "disseminate such recommendations and guidance, including through expanding existing lessons learned information systems to create a single Internet-based point of access for sharing and distributing medical and public health best practices and lessons learned from drills, exercises, disasters, and other emergencies."

Subsec. (g)(1)(A). Pub. L. 113–5, §202(a)(4)(A), added subpar. (A) and struck out former subpar. (A) which read as follows: "include outcome goals representing operational achievement of the National Preparedness Goals developed under section 300hh–1(b) of this title; and".

Subsec. (g)(2)(A). Pub. L. 113–5, §202(a)(4)(B), inserted at end "The Secretary shall periodically update, as necessary and appropriate, such pandemic influenza plan criteria and shall require the integration of such criteria into the benchmarks and standards described in paragraph (1)."

Subsec. (h). Pub. L. 113–5, §202(a)(5), (6), redesignated subsec. (i) as (h) and struck out former subsec. (h) which related to grants for real-time disease detection improvement.

Subsec. (h)(1)(A). Pub. L. 113–5, §202(a)(7)(A)(i), substituted "\$641,900,000 for fiscal year 2014" for "\$824,000,000 for fiscal year 2007, of which \$35,000,000 shall be used to carry out subsection (h)," and "\$641,900,000 for each of fiscal years 2015 through 2018" for "such sums as may be necessary for each of fiscal years 2008 through 2011".

Subsec. (h)(1)(B) to (D). Pub. L. 113–5, §202(a)(7)(A)(ii)–(iv), redesignated subpars. (C) and (D) as (B) and (C), respectively, substituted "subparagraph (B)" for "subparagraph (C)" in subpar. (C), and struck out former subpar. (B). Prior to amendment, text of subpar. (B) read as follows: "There are authorized to be appropriated, \$10,000,000 for fiscal year 2007 to carry out subsection (f)(4) of this section and section 300hh–16 of this title."

Subsec. (h)(3)(C), (D). Pub. L. 113–5, §202(a)(7)(B), substituted "paragraph (1)(A)" for "paragraph (1)(A)(i)(I)" wherever appearing.

Subsec. (h)(4)(B). Pub. L. 113–5, §202(a)(7)(C), substituted "subsection (b)" for "subsection (c)".

Subsec. (h)(7). Pub. L. 113–5, §202(a)(7)(D), added par. (7).

Subsec. (i). Pub. L. 113–5, §202(a)(6), redesignated subsec. (j) as (i). Former subsec. (i) redesignated (h).

Subsec. (i)(1)(E). Pub. L. 113–5, §202(a)(8)(A), substituted "subsection (j)" for "subsection (k)".

Subsec. (i)(3). Pub. L. 113–5, §202(a)(8)(B), struck out par. (3) which related to maximum amount of an award under this section that may be carried over to the succeeding fiscal year.

Subsecs. (j), (k). Pub. L. 113–5, §202(a)(6), redesignated subsec. (k) as (j). Former subsec. (j) redesignated (i).

2006—Pub. L. 109–417, §201(1), substituted "Improving State and local public health security" for "Grants to improve State, local, and hospital preparedness for and response to bioterrorism and other public health emergencies" in section catchline.

Subsecs. (a) to (h). Pub. L. 109–417, §201(2), added subsecs. (a) to (h) and struck out former subsecs. (a) to (h) which related to grants to improve State, local, and hospital preparedness for and response to bioterrorism and other public health emergencies.

Subsec. (i). Pub. L. 109–417, §201(3), redesignated subsec. (j) as (i).

Pub. L. 109–417, §201(2), struck out subsec. (i) which defined "eligible entity".

Subsec. (i)(1) to (3)(A). Pub. L. 109–417, §201(4)(A), added pars. (1) to (3)(A) and struck out former pars. (1) to (3)(A) which related to appropriations for fiscal years 2003 through 2006, use of amounts to supplement and not supplant other funds, and conditions for receipt of award in fiscal year 2003.

Subsec. (i)(4)(A). Pub. L. 109–417, §201(4)(B), substituted "fiscal year 2007" for "fiscal year 2003" and struck out "(A)(i)(I)" after "paragraph (1)".

Subsec. (i)(4)(D). Pub. L. 109–417, §201(4)(C), substituted "fiscal year 2006" for "fiscal year 2002".

Subsec. (i)(5)(A). Pub. L. 109–417, §201(4)(D), in introductory provisions, substituted "fiscal year 2007" for "fiscal year 2003" and struck out "(A)(i)(I)" after "paragraph (1)".

Subsec. (i)(6). Pub. L. 109–417, §201(4)(E), added par. (6) and struck out heading and text of former par. (6). Text read as follows: "For fiscal year 2003, the Secretary shall in making awards under this section ensure that appropriate portions of such awards are made available to political subdivisions, local departments of public health, hospitals (including children's hospitals), clinics, health centers, or primary care facilities, or consortia of such entities."

§247d–3b. Partnerships for State and regional hospital preparedness to improve surge capacity

(a) In general

The Secretary, acting through the Assistant Secretary for Preparedness and Response, shall award competitive grants or cooperative agreements to eligible entities to enable such entities to improve surge capacity and enhance community and hospital preparedness for, and response to, public health emergencies in accordance with subsection (c), including, as appropriate, capacity and preparedness to address the needs of children and other at-risk individuals.

(b) Eligibility

To be eligible for an award under subsection (a), an entity shall—

(1)(A) be a coalition that includes—

- (i) one or more hospitals, at least one of which shall be a designated trauma center, consistent with section 300d–13(c) of this title;
- (ii) one or more other local health care facilities, including clinics, health centers, community health centers, primary care facilities, mental health centers, mobile medical assets, or nursing homes;
- (iii)(I) one or more political subdivisions;
- (II) one or more States; or
- (III) one or more States and one or more political subdivisions; and
- (iv) one or more emergency medical service organizations or emergency management organizations; and

(B) prepare, in consultation with the Chief Executive Officer and the lead health officials of the State, District, or territory in which the hospital and health care facilities described in subparagraph (A) are located, and submit to the Secretary, an application at such time, in such manner, and containing such information as the Secretary may require; or

(2)(A) be an entity described in section 247d–3a(b)(1) of this title; and

(B) submit an application at such time, in such manner, and containing such information as the Secretary may require, including the information or assurances required under section 247d–3a(b)(2) of this title and an assurance that the State will adhere to any applicable guidelines established by the Secretary.

(c) Use of funds

An award under subsection (a) shall be expended for activities to achieve the preparedness goals described under paragraphs (1), (3), (4), (5), and (6) of section 300hh–1(b) of this title with respect to all-hazards, including chemical, biological, radiological, or nuclear threats.

(d) Preferences

(1) Regional coordination

In making awards under subsection (a), the Secretary shall give preference to eligible entities that submit applications that, in the determination of the Secretary—

- (A) will enhance coordination—
 - (i) among the entities described in subsection (b)(1)(A)(i);
 - (ii) among one or more facilities in a regional health care emergency system under section 247d–3c of this title; and
 - (iii) between such entities and the entities described in subsection (b)(1)(A)(ii); and

(B) include, in the coalition described in subsection (b)(1)(A), a significant percentage of the hospitals and health care facilities within the geographic area served by such coalition.

(2) Other preferences

In making awards under subsection (a), the Secretary shall give preference to eligible entities that, in the determination of the Secretary—

- (A) include one or more hospitals that are participants in the National Disaster Medical System;
- (B) are located in a geographic area that faces a high degree of risk, as determined by the Secretary in consultation with the Secretary of Homeland Security; or
- (C) have a significant need for funds to achieve the preparedness and response goals described in section 300hh–1(b)(3) of this title.

(e) Consistency of planned activities

The Secretary may not award a cooperative agreement to an eligible entity described in subsection (b)(1) unless the application submitted by the entity is coordinated and consistent with an applicable State All-Hazards Public Health Emergency Preparedness and Response Plan and relevant local plans, as determined by the Secretary in consultation with relevant State health officials.

(f) Limitation on awards

A political subdivision shall not participate in more than one coalition described in subsection (b)(1).

(g) Coordination

(1) Local response capabilities

An eligible entity shall, to the extent practicable, ensure that activities carried out under an award under subsection (a) are coordinated with activities of relevant local Metropolitan Medical Response Systems, local Medical Reserve Corps, the local Cities Readiness Initiative, and local emergency plans.

(2) National collaboration

Coalitions consisting of one or more eligible entities under this section may, to the extent practicable, collaborate with other coalitions consisting of one or more eligible entities under this section for purposes of national coordination and collaboration with respect to activities to achieve the preparedness and response goals described under paragraphs (1), (3), (4), (5), and (6) of section 300hh-1(b) of this title.

(h) Maintenance of funding

(1) In general

An entity that receives an award under this section shall maintain expenditures for health care preparedness at a level that is not less than the average level of such expenditures maintained by the entity for the preceding 2 year period.

(2) Rule of construction

Nothing in this section shall be construed to prohibit the use of awards under this section to pay salary and related expenses of public health and other professionals employed by State, local, or tribal agencies who are carrying out activities supported by such awards (regardless of whether the primary assignment of such personnel is to carry out such activities).

(i) Performance and accountability

(1) In general

The requirements of section 247d-3a(g), (i), (j), and (k) of this title shall apply to entities receiving awards under this section (regardless of whether such entities are described under subsection (b)(1)(A) or (b)(2)(A)) in the same manner as such requirements apply to entities under section 247d-3a of this title. In submitting reports under this paragraph, a coalition shall include information on the progress that the coalition has made toward the implementation of section 247d-3c of this title (or barriers to progress, if any). A coalition described in subsection (b)(1)(A) shall make such reports available to the lead health official of the State in which such coalition is located.

(2) Meeting goals of National Health Security Strategy

The Secretary shall implement objective, evidence-based metrics to ensure that entities receiving awards under this section are meeting, to the extent practicable, the applicable goals of the National Health Security Strategy under section 300hh-1 of this title.

(j) Authorization of appropriations

(1) In general

(A) Authorization of appropriations

For purposes of carrying out this section and section 247d-3c of this title, in accordance with subparagraph (B), there is authorized to be appropriated \$385,000,000 for each of fiscal years 2019 through 2023.

(B) Reservation of amounts for regional systems

(i) In general

Subject to clause (ii), of the amount appropriated under subparagraph (A) for a fiscal year, the Secretary may reserve up to 5 percent for the purpose of carrying out section 247d–3c of this title.

(ii) Reservation contingent on continued appropriations for this section

If for fiscal year 2019 or a subsequent fiscal year, the amount appropriated under subparagraph (A) is such that, after application of clause (i), the amount remaining for the purpose of carrying out this section would be less than the amount available for such purpose for the previous fiscal year, the amount that may be reserved under clause (i) shall be reduced such that the amount remaining for the purpose of carrying out this section is not less than the amount available for such purpose for the previous fiscal year.

(iii) Sunset

The authority to reserve amounts under clause (i) shall expire on September 30, 2023.

(2) Reservation of amounts for partnerships

Prior to making awards described in paragraph (3), the Secretary may reserve from the amount appropriated under paragraph (1)(A) for a fiscal year and not reserved for the purpose described in paragraph (1)(B)(i), an amount determined appropriate by the Secretary for making awards to entities described in subsection (b)(1)(A).

(3) Awards to States and political subdivisions

(A) In general

From amounts appropriated for a fiscal year under paragraph (1)(A) and not reserved under paragraph (1)(B)(i) or (2), the Secretary shall make awards to entities described in subsection (b)(2)(A) that have completed an application as described in subsection (b)(2)(B).

(B) Amount

The Secretary shall determine the amount of an award to each entity described in subparagraph (A) in the same manner as such amounts are determined under section 247d–3a(h) of this title.

(4) Availability of cooperative agreement funds

(A) In general

Amounts provided to an eligible entity under a cooperative agreement under subsection (a) for a fiscal year and remaining unobligated at the end of such year shall remain available to such entity for the next fiscal year for the purposes for which such funds were provided.

(B) Funds contingent on achieving benchmarks

The continued availability of funds under subparagraph (A) with respect to an entity shall be contingent upon such entity achieving the benchmarks and submitting the pandemic influenza plan as required under subsection (i).

2006—Pub. L. 109–417 amended section catchline and text generally. Prior to amendment, section consisted of subssecs. (a) to (i) relating to partnerships for community and hospital preparedness.

§247d–3c. Guidelines for regional health care emergency preparedness and response systems

(a) Purpose

It is the purpose of this section to identify and provide guidelines for regional systems of hospitals, health care facilities, and other public and private sector entities, with varying levels of capability to treat patients and increase medical surge capacity during, in advance of, and immediately following a

public health emergency, including threats posed by one or more chemical, biological, radiological, or nuclear agents, including emerging infectious diseases.

(b) Guidelines

The Assistant Secretary for Preparedness and Response, in consultation with the Director of the Centers for Disease Control and Prevention, the Administrator of the Centers for Medicare & Medicaid Services, the Administrator of the Health Resources and Services Administration, the Commissioner of Food and Drugs, the Assistant Secretary for Mental Health and Substance Use, the Assistant Secretary of Labor for Occupational Safety and Health, the Secretary of Veterans Affairs, the heads of such other Federal agencies as the Secretary determines to be appropriate, and State, local, Tribal, and territorial public health officials, shall, not later than 2 years after June 24, 2019—

(1) identify and develop a set of guidelines relating to practices and protocols for all-hazards public health emergency preparedness and response for hospitals and health care facilities to provide appropriate patient care during, in advance of, or immediately following, a public health emergency, resulting from one or more chemical, biological, radiological, or nuclear agents, including emerging infectious diseases (which may include existing practices, such as trauma care and medical surge capacity and capabilities), with respect to—

(A) a regional approach to identifying hospitals and health care facilities based on varying capabilities and capacity to treat patients affected by such emergency, including—

(i) the manner in which the system will coordinate with and integrate the partnerships and health care coalitions established under section 247d–3b(b) of this title; and

(ii) informing and educating appropriate first responders and health care supply chain partners of the regional emergency preparedness and response capabilities and medical surge capacity of such hospitals and health care facilities in the community;

(B) physical and technological infrastructure, laboratory capacity, staffing, blood supply, and other supply chain needs, taking into account resiliency, geographic considerations, and rural considerations;

(C) protocols or best practices for the safety and personal protection of workers who handle human remains and health care workers (including with respect to protective equipment and supplies, waste management processes, and decontamination), sharing of specialized experience among the health care workforce, behavioral health, psychological resilience, and training of the workforce, as applicable;

(D) in a manner that allows for disease containment (within the meaning of section 300hh–1(b)(2)(B) of this title), coordinated medical triage, treatment, and transportation of patients, based on patient medical need (including patients in rural areas), to the appropriate hospitals or health care facilities within the regional system or, as applicable and appropriate, between systems in different States or regions; and

(E) the needs of children and other at-risk individuals;

(2) make such guidelines available on the internet website of the Department of Health and Human Services in a manner that does not compromise national security; and

(3) update such guidelines as appropriate, including based on input received pursuant to subsections (c) and (e) and information resulting from applicable reports required under the Pandemic and All-Hazards Preparedness and Advancing Innovation Act of 2019 (including any amendments made by such Act), to address new and emerging public health threats.

(c) Considerations

In identifying, developing, and updating guidelines under subsection (b), the Assistant Secretary for Preparedness and Response shall—

(1) include input from hospitals and health care facilities (including health care coalitions under section 247d–3b of this title), State, local, Tribal, and territorial public health departments, and health care or subject matter experts (including experts with relevant expertise in chemical, biological, radiological, or nuclear threats, including emerging infectious diseases), as the

Assistant Secretary determines appropriate, to meet the goals under section 300hh–1(b)(3) of this title;

(2) consult and engage with appropriate health care providers and professionals, including physicians, nurses, first responders, health care facilities (including hospitals, primary care clinics, community health centers, mental health facilities, ambulatory care facilities, and dental health facilities), pharmacies, emergency medical providers, trauma care providers, environmental health agencies, public health laboratories, poison control centers, blood banks, tissue banks, and other experts that the Assistant Secretary determines appropriate, to meet the goals under section 300hh–1(b)(3) of this title;

(3) consider feedback related to financial implications for hospitals, health care facilities, public health agencies, laboratories, blood banks, tissue banks, and other entities engaged in regional preparedness planning to implement and follow such guidelines, as applicable; and

(4) consider financial requirements and potential incentives for entities to prepare for, and respond to, public health emergencies as part of the regional health care emergency preparedness and response system.

(d) Technical assistance

The Assistant Secretary for Preparedness and Response, in consultation with the Director of the Centers for Disease Control and Prevention and the Assistant Secretary of Labor for Occupational Safety and Health, may provide technical assistance and consultation toward meeting the guidelines described in subsection (b).

(e) Demonstration project for regional health care preparedness and response systems

(1) In general

The Assistant Secretary for Preparedness and Response may establish a demonstration project pursuant to the development and implementation of guidelines under subsection (b) to award grants to improve medical surge capacity for all hazards, build and integrate regional medical response capabilities, improve specialty care expertise for all-hazards response, and coordinate medical preparedness and response across State, local, Tribal, territorial, and regional jurisdictions.

(2) Sunset

The authority under this subsection shall expire on September 30, 2023.

(July 1, 1944, ch. 373, title III, §319C–3, as added Pub. L. 116–22, title II, §203(a), June 24, 2019, 133 Stat. 911.)

REFERENCES IN TEXT

The Pandemic and All-Hazards Preparedness and Advancing Innovation Act of 2019, referred to in subsec. (b)(3), is Pub. L. 116–22, June 24, 2019, 133 Stat. 905. For complete classification of this Act to the Code, see Short Title of 2019 Amendment note set out under section 201 of this title and Tables.

§247d–4. Facilities and capacities of the Centers for Disease Control and Prevention

(a) In general

(1) Findings

Congress finds that the Centers for Disease Control and Prevention has an essential role in defending against and combatting public health threats domestically and abroad and requires

secure and modern facilities, and expanded, improved, and appropriately maintained capabilities related to bioterrorism and other public health emergencies, sufficient to enable such Centers to conduct this important mission.

(2) Facilities

(A) In general

The Director of the Centers for Disease Control and Prevention may design, construct, and equip new facilities, renovate existing facilities (including laboratories, laboratory support buildings, scientific communication facilities, transshipment complexes, secured and isolated parking structures, office buildings, and other facilities and infrastructure), and upgrade security of such facilities, in order to better conduct the capacities described in section 247d–1 of this title, and for supporting public health activities.

(B) Multiyear contracting authority

For any project of designing, constructing, equipping, or renovating any facility under subparagraph (A), the Director of the Centers for Disease Control and Prevention may enter into a single contract or related contracts that collectively include the full scope of the project, and the solicitation and contract shall contain the clause "availability of funds" found at section 52.232–18 of title 48, Code of Federal Regulations.

(3) Improving the capacities of the Centers for Disease Control and Prevention

The Secretary shall expand, improve, enhance, and appropriately maintain the capabilities of the Centers for Disease Control and Prevention relating to preparedness for and responding effectively to bioterrorism and other public health emergencies, by—

(A) expanding or enhancing the training of personnel;

(B) improving communications facilities and networks, including delivery of necessary information to rural areas;

(C) improving capabilities for public health surveillance and reporting activities, taking into account the integrated system or systems of public health alert communications and surveillance networks under subsection (b); and

(D) improving laboratory facilities related to bioterrorism, infectious disease outbreaks, and other public health emergencies, including increasing the security of such facilities.

(4) Study of resources for facilities and capacities

Not later than June 1, 2022, the Comptroller General of the United States shall conduct a study on Federal spending in fiscal years 2013 through 2018 for activities authorized under this subsection. Such study shall include a review and assessment of obligations and expenditures directly related to each activity under paragraphs (2) and (3), including a specific accounting of, and delineation between, obligations and expenditures incurred for the construction, renovation, equipping, and security upgrades of facilities and associated contracts under this subsection, and the obligations and expenditures incurred to establish and improve the situational awareness and biosurveillance network under subsection (b), and shall identify the agency or agencies incurring such obligations and expenditures.

(b) Establishment of systems of public health communications and surveillance networks

(1) In general

The Secretary, directly or through awards of grants, contracts, or cooperative agreements, shall provide for the establishment of an integrated system or systems of public health alert communications and surveillance networks between and among—

(A) Federal, State, local, and Tribal public health officials; and

(B) public and private health-related laboratories, hospitals, poison control centers, immunization information systems, and other health care facilities; ¹

(2) Requirements

The Secretary shall develop a plan to, and ensure that networks under paragraph (1) allow for

the timely sharing and discussion, in a secure manner and in a form readily usable for analytical approaches, of essential, deidentified information concerning bioterrorism or another public health emergency, or recommended methods for responding to such an attack or emergency, allowing for coordination to maximize all-hazards medical and public health preparedness and response and to minimize duplication of effort. The Secretary shall ensure that the activities carried out pursuant to the previous sentence are conducted in a manner that protects personal privacy, to the extent required by applicable Federal and State information privacy or security law, at a minimum.

(3) Standards

(A) In general

Not later than 1 year after June 24, 2019, the Secretary, in cooperation with health care providers, State, local, Tribal, and territorial public health officials, and relevant Federal agencies (including the Office of the National Coordinator for Health Information Technology and the National Institute of Standards and Technology), shall, as necessary, adopt technical and reporting standards, including standards for interoperability as defined by section 300jj of this title, for networks under paragraph (1) and update such standards as necessary. Such standards shall be made available on the internet website of the Department of Health and Human Services, in a manner that does not compromise national security.

(B) Deference to standards development organizations

In adopting and implementing standards under this subsection and subsection (c), the Secretary shall give deference to standards published by standards development organizations and voluntary consensus-based standards entities.

(c) Modernizing public health situational awareness and biosurveillance

(1) In general

The Secretary, in collaboration with State, local, and Tribal public health officials, shall establish, modernize, and improve as applicable and appropriate, a near real-time electronic nationwide public health situational awareness capability through an interoperable network of systems to share data and information that is deidentified, as applicable, to enhance early detection of, rapid response to, and management of, potentially catastrophic infectious disease outbreaks, novel emerging threats, and other public health emergencies that originate domestically or abroad. Such network shall be built on existing State situational awareness systems or enhanced systems that enable such interoperability, to the extent practicable. The Secretary shall ensure that the activities carried out pursuant to this paragraph are conducted in a manner that protects personal privacy, to the extent required by applicable Federal and State information privacy or security law, at a minimum.

(2) Coordination and consultation

In establishing and improving the network under paragraph (1), the Secretary shall—

(A) facilitate coordination among agencies within the Department of Health and Human Services that provide, or have the potential to provide, information and data to, and analyses for, the situational awareness and biosurveillance network under paragraph (1), including coordination among relevant agencies related to health care services, the facilitation of health information exchange (including the Office of the National Coordinator for Health Information Technology), and public health emergency preparedness and response; and

(B) consult with the Secretary of Agriculture, the Secretary of Commerce (and the Director of the National Institute of Standards and Technology), the Secretary of Defense, the Secretary of Homeland Security, the Secretary of Veterans Affairs, and the heads of other Federal agencies, as the Secretary determines appropriate.

(3) Elements

(A) In general

The network described in paragraph (1) shall include data and information transmitted in a

standardized format from—

- (i) State, local, and Tribal public health entities, including public health laboratories;
- (ii) Federal health agencies;
- (iii) zoonotic disease monitoring systems; and
- (iv) public and private sector health care entities, hospitals, pharmacies, poison control centers or professional organizations in the field of poison control, immunization information systems, community health centers, health centers, clinical laboratories, and public environmental health agencies, to the extent practicable and provided that such data are voluntarily provided simultaneously to the Secretary and appropriate State, local, and Tribal public health agencies.

(B) Review

Not later than 2 years after June 24, 2019, and every 6 years thereafter, the Secretary shall conduct a review of the elements described in subparagraph (A). Such review shall include a discussion of the addition of any elements pursuant to clause (v), including elements added to advancing new technologies, and identify any challenges in the incorporation of elements under subparagraph (A), and make recommendations to improve the quality of data collected pursuant to subparagraph (A) to ensure complete, accurate, and timely sharing of such data, as appropriate, across such elements as described in subparagraph (A). The Secretary shall provide such review to the congressional committees of jurisdiction.

(4) Rule of construction

Paragraph (3) shall not be construed as requiring separate reporting of data and information from each source listed.

(5) Required activities

(A) In general

In establishing, operating, and updating, as appropriate, the network described in paragraph (1), the Secretary shall—

- (i) utilize applicable interoperability standards as adopted by the Secretary, and in consultation with the Office of the National Coordinator for Health Information Technology and the National Institute of Standards and Technology, through a joint public and private sector process;
- (ii) define minimal data elements for such network;
- (iii) in collaboration with State, local, and Tribal public health officials, integrate and build upon existing State, local, and Tribal capabilities, ensuring simultaneous sharing of data, information, and analyses that is deidentified, as applicable, from the network described in paragraph (1) with State, local, and Tribal public health agencies in accordance with applicable Federal and State privacy and security law;
- (iv) in collaboration with State, local, and Tribal public health officials, develop procedures and standards for the collection, analysis, and interpretation of data that States, regions, or other entities collect and report to the network described in paragraph (1);
- (v) pilot test standards and implementation specifications, consistent with the process described in section 300jj–12(b)(3)(C) of this title, which State, local, Tribal, and territorial public health entities may utilize, on a voluntary basis, as a part of the network; and
- (vi) in collaboration with State, local, and Tribal public health officials, integrate and update applicable existing public health data systems and networks of the Department of Health and Human Services to reflect technological advancements, consistent with section 300hh–33 of this title, as applicable.

(B) Public meeting

(i) In general

Not later than 180 days after June 24, 2019, and 180 days after December 29, 2022, the Secretary shall convene a public meeting for purposes of discussing and providing input on

the potential goals, functions, and uses of the network described in paragraph (1) and incorporating the elements described in paragraph (3)(A).

(ii) Experts

The public meeting shall include representatives of relevant Federal agencies (including representatives from the Office of the National Coordinator for Health Information Technology and the National Institute of Standards and Technology); State, local, Tribal, and territorial public health officials; stakeholders with expertise in biosurveillance and situational awareness; stakeholders with expertise in capabilities relevant to biosurveillance and situational awareness, such as experts in informatics and data analytics (including experts in prediction, modeling, or forecasting); experts in State-based public health data systems; experts in standards and implementation specifications, including transaction standards; and experts in privacy and data security.

(iii) Topics

Such public meeting shall include a discussion of—

- (I) data elements, including minimal or essential data elements, that are voluntarily provided for such network, which may include elements from public health and public and private health care entities, to the extent practicable;
- (II) standards and implementation specifications that may improve the collection, analysis, and interpretation of data during a public health emergency;
- (III) strategies to encourage the access, exchange, and use of information;
- (IV) considerations for State, local, Tribal, and territorial capabilities and infrastructure related to data exchange and interoperability, including existing public health data systems;
- (V) privacy and security protections provided at the Federal, State, local, Tribal, and territorial levels, and by nongovernmental stakeholders;
- (VI) opportunities for the incorporation of innovative technologies to improve the network;
- (VII) strategies to integrate laboratory and public health data systems and capabilities to support rapid and accurate reporting of laboratory test results and associated relevant data;
- (VIII) strategies to improve the collection, reporting, and dissemination of relevant, aggregated, deidentified demographic data to inform responses to public health emergencies, including identification of at-risk populations and to address potential health disparities; and
- (IX) strategies to improve the electronic exchange of health information, as appropriate, between State and local health departments and health care providers and facilities to improve the detection of, and responses to, potentially catastrophic infectious disease outbreaks.

(6) Strategy and implementation plan

(A) In general

Not later than 18 months after June 24, 2019, and every 5 years thereafter, the Secretary shall submit to the congressional committees of jurisdiction a coordinated strategy and an accompanying implementation plan that—

- (i) is informed by the public meeting under paragraph (5)(B);
- (ii) includes a review and assessment of existing capabilities of the network and related infrastructure, including input provided by the public meeting under paragraph (5)(B);
- (iii) identifies and demonstrates the measurable steps the Secretary will carry out to—
 - (I) develop, implement, and evaluate the network described in paragraph (1), utilizing elements described in paragraph (3)(A);
 - (II) modernize and enhance biosurveillance activities, including strategies to include innovative technologies and analytical approaches (including prediction and forecasting for pandemics and all-hazards) from public and private entities;
 - (III) improve information sharing, coordination, and communication among disparate

biosurveillance systems supported by the Department of Health and Human Services, including the identification of methods to improve accountability, better utilize resources and workforce capabilities, and incorporate innovative technologies within and across agencies;

(IV) test and evaluate capabilities of the interoperable network of systems to improve situational awareness and biosurveillance capabilities;

(V) improve coordination and collaboration, as appropriate, with other Federal departments to improve the capabilities of the network and reduce administrative burden on State, local, and Tribal entities; and

(VI) implement applicable lessons learned from recent public health emergencies to address gaps in situational awareness and biosurveillance capabilities;

(iv) includes performance measures and the metrics by which performance measures will be assessed with respect to the measurable steps under clause (iii);

(v) establishes dates by which each measurable step under clause (iii) will be implemented, including a description of how such steps will further the goals of the network, consistent with paragraph (1); and

(vi) identifies and demonstrates measurable steps the Secretary will take to further develop and integrate infectious disease detection, support rapid, accurate, and secure sharing of laboratory test results, deidentified as appropriate, during a public health emergency, and improve coordination and collaboration with State, local, and Tribal public health officials, clinical laboratories, and other entities with expertise in public health surveillance.

(B) Annual budget plan

Not later than 2 years after June 24, 2019, and on an annual basis thereafter, in accordance with the strategy and implementation plan under this paragraph, the Secretary shall, taking into account recommendations provided by the National Biodefense Science Board, develop a budget plan based on the strategy and implementation plan under this section. Such budget plan shall include—

(i) a summary of resources previously expended to establish, improve, and utilize the nationwide public health situational awareness and biosurveillance network under paragraph (1);

(ii) estimates of costs and resources needed to establish and improve the network under paragraph (1) according to the strategy and implementation plan under subparagraph (A);

(iii) the identification of gaps and inefficiencies in nationwide public health situational awareness and biosurveillance capabilities, resources, and authorities needed to address such gaps; and

(iv) a strategy to minimize and address such gaps and improve inefficiencies.

(7) Consultation with the National Biodefense Science Board

In carrying out this section and consistent with section 247d–7g of this title, the National Biodefense Science Board shall provide expert advice and guidance, including recommendations, regarding the measurable steps the Secretary should take to modernize and enhance biosurveillance activities pursuant to the efforts of the Department of Health and Human Services to ensure comprehensive, real-time, all-hazards biosurveillance capabilities. In complying with the preceding sentence, the National Biodefense Science Board shall—

(A) identify the steps necessary to achieve a national biosurveillance system for human health (taking into account zoonotic disease, including gaps in scientific understanding of the interactions between human, animal, and environmental health), with international connectivity, where appropriate, that is predicated on State, regional, and community level capabilities and creates a networked system to allow for two-way information flow between and among Federal, State, and local government public health authorities and clinical health care providers;

(B) identify any duplicative surveillance programs and gaps in surveillance programs under the authority of the Secretary, or changes that are necessary to existing programs, in order to

enhance and modernize such activities, minimize duplication, strengthen and streamline such activities under the authority of the Secretary, and achieve real-time and appropriate data that relate to disease activity, both human and zoonotic;

(C) coordinate with applicable existing advisory committees of the Director of the Centers for Disease Control and Prevention, including such advisory committees consisting of representatives from State, local, and Tribal public health authorities and appropriate public and private sector health care entities, animal health organizations related to zoonotic disease, and academic institutions, in order to provide guidance on public health surveillance activities; and

(D) provide recommendations to the Secretary on policies and procedures to complete the steps described in this paragraph in a manner that is consistent with section 300hh-1 of this title.

(8) Situational awareness and biosurveillance as a national security priority

The Secretary, on a periodic basis as applicable and appropriate, shall meet with the Director of National Intelligence to inform the development and capabilities of the nationwide public health situational awareness and biosurveillance network.

(9) Rules of construction

(A) Nothing in this subsection shall be construed to supplant, in whole or in part, State, local, or Tribal activities or responsibilities related to public health surveillance.

(B) Nothing in this subsection shall be construed to alter the authority of the Secretary with respect to the types of data the Secretary may receive through systems supported or established under this section.

(d) State and regional systems to enhance situational awareness in public health emergencies

(1) In general

To implement the network described in subsection (c), the Secretary may award grants to States or consortia of States to enhance the ability of such States or consortia of States to establish or operate a coordinated public health situational awareness system for regional or Statewide early detection of, rapid response to, and management of potentially catastrophic infectious disease outbreaks and public health emergencies, in collaboration with appropriate public health agencies, environmental health agencies, sentinel hospitals, clinical laboratories, pharmacies, poison control centers, immunization programs, other health care organizations, and animal health organizations within such States.

(2) Eligibility

To be eligible to receive a grant under paragraph (1), the State or consortium of States shall submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary may require, including an assurance that the State or consortium of States will submit to the Secretary—

(A) reports of such deidentified data, information, and metrics as the Secretary may require, in consultation with such State or consortium of States;

(B) a report on the effectiveness of the systems funded under the grant;

(C) a description of the manner in which grant funds will be used to enhance the timelines and comprehensiveness of efforts to detect, respond to, and manage potentially catastrophic infectious disease outbreaks and public health emergencies, including any public-private partnerships or other partnerships entered into to improve such capacity; and

(D) an implementation plan that may include measurable steps to achieve the purposes described in paragraph (1).

(3) Use of funds

A State or consortium of States that receives an award under this subsection—

(A) shall establish, enhance, or operate a coordinated public health situational awareness system for regional or Statewide early detection of, rapid response to, and management of potentially catastrophic infectious disease outbreaks and public health emergencies;

(B) may award grants or contracts to entities described in paragraph (1) within or serving such State to assist such entities in improving the operation of information technology systems, facilitating the secure exchange of data and information, and training personnel to enhance the operation of the system described in subparagraph (A); and

(C) may conduct a pilot program for the development of multi-State telehealth network test beds that build on, enhance, and securely link existing State and local telehealth programs to prepare for, monitor, respond to, and manage the events of public health emergencies, facilitate coordination and communication among medical, public health, and emergency response agencies, and provide medical services through telehealth initiatives within the States that are involved in such a multi-State telehealth network test bed.

(4) Limitation

Information technology systems acquired or implemented using grants awarded under this section must be compliant with—

- (A) interoperability and other technological standards, as determined by the Secretary; and
- (B) data collection and reporting requirements for the network described in subsection (c).

(5) Technical assistance

The Secretary may provide technical assistance to States, localities, Tribes, and territories or a consortium of States, localities, Tribes, and territories receiving an award under this subsection regarding interoperability and the technical standards set forth by the Secretary.

(6) Non-duplication of effort

The Secretary shall ensure that activities carried out under an award under this subsection do not unnecessarily duplicate efforts of other agencies and offices within the Department of Health and Human Services.

(e) Personnel authorities

(1) Specially qualified personnel

In addition to any other personnel authorities, to carry out subsections (b) and (c), the Secretary may—

(A) appoint highly qualified individuals to scientific or professional positions at the Centers for Disease Control and Prevention, not to exceed 30 such employees at any time (specific to positions authorized by this subsection), with expertise in capabilities relevant to biosurveillance and situational awareness, such as experts in informatics and data analytics (including experts in prediction, modeling, or forecasting), and other related scientific or technical fields; and

(B) compensate individuals appointed under subparagraph (A) in the same manner and subject to the same terms and conditions in which individuals appointed under 9903 ² of title 5 are compensated, without regard to the provisions of chapter 51 and subchapter III of chapter 53 of such title relating to classification and General Schedule pay rates.

(2) Limitations

The Secretary shall exercise the authority under paragraph (1) in a manner that is consistent with the limitations described in section 247d–6a(e)(2) of this title.

(f) Timeline

The Secretary shall accomplish the purposes under subsections (b) and (c) no later than September 30, 2023, and shall provide a justification to the congressional committees of jurisdiction for any missed or delayed implementation of measurable steps identified under subsection (c)(6)(A)(iii).

(g) Independent evaluation

Not later than 3 years after June 24, 2019, the Comptroller General of the United States shall conduct an independent evaluation and submit to the Secretary and the congressional committees of jurisdiction a report concerning the activities conducted under subsections (b) and (c), and provide

recommendations, as applicable and appropriate, on necessary improvements to the biosurveillance and situational awareness network.

(h) Authorization of appropriations

There are authorized to be appropriated—

- (1) to carry out subsection (a), \$25,000,000 for each of fiscal years 2022 and 2023; and
- (2) to carry out subsections (b), (c), and (d), \$136,800,000 for each of fiscal years 2022 and 2023.

(i) Definition

For purposes of this section the term "biosurveillance" means the process of gathering near real-time biological data that relates to human and zoonotic disease activity and threats to human or animal health, in order to achieve early warning and identification of such health threats, early detection and prompt ongoing tracking of health events, and overall situational awareness of disease activity.

Subsec. (a)(3)(D). Pub. L. 117–328, §2211(1)(B), inserted ", infectious disease outbreaks," after "bioterrorism".

Subsec. (b)(1)(A). Pub. L. 117–328, §2211(2)(A)(i)(I), substituted ", local, and Tribal" for ", and local".

Subsec. (b)(1)(C). Pub. L. 117–328, §2211(2)(A)(i)(II)–(iii), struck out subpar. (C) which read as follows: "any other entities determined appropriate by the Secretary."

Subsec. (b)(2). Pub. L. 117–328, §2211(2)(B), inserted ", deidentified" before "information" and "The Secretary shall ensure that the activities carried out pursuant to the previous sentence are conducted in a manner that protects personal privacy, to the extent required by applicable Federal and State information privacy or security law, at a minimum." at end.

Subsec. (c)(1). Pub. L. 117–328, §2211(3)(A), inserted "modernize," after "establish,", "that is deidentified, as applicable," after "share data and information", ", to the extent practicable" after "interoperability", and "The Secretary shall ensure that the activities carried out pursuant to this paragraph are conducted in a manner that protects personal privacy, to the extent required by applicable Federal and State information privacy or security law, at a minimum." at end.

Subsec. (c)(3)(A)(v). Pub. L. 117–328, §2211(3)(B)(i), struck out cl. (v) which read as follows: "such other sources as the Secretary may deem appropriate."

Subsec. (c)(3)(B). Pub. L. 117–328, §2211(3)(B)(ii), inserted ", and make recommendations to improve the quality of data collected pursuant to subparagraph (A) to ensure complete, accurate, and timely sharing of such data, as appropriate, across such elements as described in subparagraph (A)" after "under subparagraph (A)".

Subsec. (c)(5)(A). Pub. L. 117–328, §2211(3)(C)(i)(I), substituted ", operating, and updating, as appropriate," for "and operating" in introductory provisions.

Subsec. (c)(5)(A)(iii). Pub. L. 117–328, §2211(3)(C)(i)(II), inserted "that is deidentified, as applicable," after "analyses" and "in accordance with applicable Federal and State privacy and security law" after "agencies".

Subsec. (c)(5)(A)(vi). Pub. L. 117–328, §2211(3)(C)(i)(III)–(V), added cl. (vi).

Subsec. (c)(5)(B)(i). Pub. L. 117–328, §2211(3)(C)(ii)(I), inserted "and 180 days after December 29, 2022," after "June 24, 2019,".

Subsec. (c)(5)(B)(ii). Pub. L. 117–328, §2211(3)(C)(ii)(II), substituted "experts in State-based public health

data systems; experts in standards and implementation specifications, including transaction standards; and experts in privacy and data security" for "and other representatives as the Secretary determines appropriate".

Subsec. (c)(5)(B)(iii)(IV). Pub. L. 117–328, §2211(3)(C)(ii)(III)(aa), inserted ", including existing public health data systems" after "interoperability".

Subsec. (c)(5)(B)(iii)(VII) to (IX). Pub. L. 117–328, §2211(3)(C)(ii)(III)(bb)–(dd), added subcls. (VII) to (IX).

Subsec. (c)(6)(A). Pub. L. 117–328, §2211(3)(D)(i), inserted "and every 5 years thereafter," after "June 24, 2019," in introductory provisions.

Subsec. (c)(6)(A)(iii)(V), (VI). Pub. L. 117–328, §2211(3)(D)(ii), added subcls. (V) and (VI).

Subsec. (c)(6)(A)(v). Pub. L. 117–328, §2211(3)(D)(iv), substituted ", including a description of how such steps will further the goals of the network, consistent with paragraph (1); and" for period at end.

Subsec. (c)(6)(A)(vi). Pub. L. 117–328, §2211(3)(D)(iii), (v), added cl. (vi).

Subsec. (c)(9). Pub. L. 117–328, §2211(3)(E), added par. (9).

Subsec. (d)(2)(A). Pub. L. 117–328, §2211(4)(A)(i), inserted "deidentified" before "data, information" and ", in consultation with such State or consortium of States" after "require".

Subsec. (d)(2)(C). Pub. L. 117–328, §2211(4)(A)(ii), inserted ", including any public-private partnerships or other partnerships entered into to improve such capacity" after "emergencies".

Subsec. (d)(6). Pub. L. 117–328, §2211(4)(B), added par. (6).

Subsecs. (e) to (g). Pub. L. 117–328, §2211(5), (6), redesignated subsecs. (f) to (h) as (e) to (g), respectively, and struck out former subsec. (e) which related to telehealth enhancements for emergency response.

Subsec. (h). Pub. L. 117–328, §2211(7), added subsec. (h) and struck out former subsec. (h). Prior to amendment, text read as follows: "There are authorized to be appropriated to carry out this section, \$161,800,000 for each of fiscal years 2019 through 2023."

Pub. L. 117–328, §2211(6), redesignated subsec. (i) as (h).

Subsecs. (i), (j). Pub. L. 117–328, §2211(6), redesignated subsecs. (i) and (j) as (h) and (i), respectively.

2019—Pub. L. 116–22, §205(a)(1), substituted "Facilities and capacities of" for "Revitalizing" in section catchline.

Subsec. (a). Pub. L. 116–22, §205(a)(2)(A), substituted "In general" for "Facilities; capacities" in heading.

Subsec. (a)(1). Pub. L. 116–22, §205(a)(2)(B), substituted ", improved, and appropriately maintained" for "and improved".

Subsec. (a)(3). Pub. L. 116–22, §205(a)(2)(C), substituted "expand, improve, enhance, and appropriately maintain" for "expand, enhance, and improve" in introductory provisions.

Subsec. (a)(4). Pub. L. 116–22, §205(a)(2)(D), added par. (4).

Subsec. (b). Pub. L. 116–22, §205(a)(3)(A), substituted "Establishment of systems of public health" for "National" in heading.

Subsec. (b)(1)(B). Pub. L. 116–22, §205(a)(3)(B), inserted "immunization information systems," after "centers,".

Subsec. (b)(2). Pub. L. 116–22, §205(a)(3)(C), inserted "develop a plan to, and" after "The Secretary shall" and "and in a form readily usable for analytical approaches" after "in a secure manner".

Subsec. (b)(3). Pub. L. 116–22, §205(a)(3)(D), amended par. (3) generally. Prior to amendment, text read as follows: "Not later than one year after June 12, 2002, the Secretary, in cooperation with health care providers and State and local public health officials, shall establish any additional technical and reporting standards (including standards for interoperability) for networks under paragraph (1) and update such standards as necessary."

Subsec. (c)(1). Pub. L. 116–22, §205(a)(4)(A), substituted "The Secretary" for "Not later than 2 years after March 13, 2013, the Secretary" and "such interoperability" for "such connectivity" and inserted ", and improve as applicable and appropriate," after "shall establish" and a comma after "detection of".

Subsec. (c)(2). Pub. L. 116–22, §205(a)(4)(B), amended par. (2) generally. Prior to amendment, par. (2) related to a coordinated strategy and an accompanying implementation plan.

Subsec. (c)(3). Pub. L. 116–22, §205(a)(4)(C), designated existing provisions as subpar. (A) and inserted heading; redesignated former subpars. (A) to (E) as cls. (i) to (v), respectively, of subpar. (A) and realigned margins; in cl. (iv), inserted "immunization information systems," after "poison control," and substituted ", clinical laboratories, and public environmental health agencies" for "and clinical laboratories"; and added subpar. (B).

Subsec. (c)(5)(A). Pub. L. 116–22, §205(a)(4)(D)(i), (ii), designated existing provisions as subpar. (A), inserted heading, redesignated former subpars. (A) to (D) as (i) to (iv), respectively, of subpar. (A) and realigned margins.

Subsec. (c)(5)(A)(i). Pub. L. 116–22, §205(a)(4)(D)(iv)(I), substituted "as adopted" for "as determined" and inserted "and the National Institute of Standards and Technology" after "Office of the National Coordinator for Health Information Technology".

Subsec. (c)(5)(A)(v). Pub. L. 116–22, §205(a)(4)(D)(iv)(II)–(IV), added cl. (v).

Subsec. (c)(5)(B). Pub. L. 116–22, §205(a)(4)(D)(iii), added subpar. (B). Former subpar. (B) redesignated cl. (ii) of subpar. (A).

Subsec. (c)(6). Pub. L. 116–22, §205(a)(4)(F), added par. (6). Former par. (6) redesignated (7).

Subsec. (c)(7). Pub. L. 116–22, §205(a)(4)(E), redesignated par. (6) as (7).

Subsec. (c)(7)(A). Pub. L. 116–22, §205(a)(4)(G)(i), inserted "(taking into account zoonotic disease, including gaps in scientific understanding of the interactions between human, animal, and environmental health)" after "human health".

Subsec. (c)(7)(B). Pub. L. 116–22, §205(a)(4)(G)(ii), inserted "and gaps in surveillance programs" after "surveillance programs" and substituted "zoonotic;" for "zoonotic; and".

Subsec. (c)(7)(C). Pub. L. 116–22, §205(a)(4)(G)(iii), inserted ", animal health organizations related to zoonotic disease," after "health care entities" and substituted "activities; and" for "activities."

Subsec. (c)(7)(D). Pub. L. 116–22, §205(a)(4)(G)(iv), added subpar. (D).

Subsec. (c)(8). Pub. L. 116–22, §205(a)(4)(H), added par. (8).

Subsec. (d)(1). Pub. L. 116–22, §205(a)(5)(A), inserted "environmental health agencies," after "public health agencies," and "immunization programs," after "poison control centers,".

Subsec. (d)(2)(D). Pub. L. 116–22, §205(a)(5)(B), added subpar. (D).

Subsec. (d)(5). Pub. L. 116–22, §205(a)(5)(C), added par. (5) and struck out former par. (5) which required an independent evaluation and report from the Government Accountability Office no later than 3 years after Mar. 13, 2013.

Subsecs. (f) to (h). Pub. L. 116–22, §205(a)(7), added subsecs. (f) to (h). Former subsecs. (f) and (g) redesignated (i) and (j), respectively.

Subsec. (i). Pub. L. 116–22, §205(a)(6), (b), redesignated subsec. (f) as (i) and substituted "\$161,800,000 for each of fiscal years 2019 through 2023" for "\$138,300,000 for each of fiscal years 2014 through 2018".

Subsec. (j). Pub. L. 116–22, §205(a)(6), redesignated subsec. (g) as (j).

2013—Subsec. (b)(1)(B). Pub. L. 113–5, §204(a)(1)(A), inserted "poison control centers," after "hospitals,".

Subsec. (b)(2). Pub. L. 113–5, §204(a)(1)(B), inserted ", allowing for coordination to maximize all-hazards medical and public health preparedness and response and to minimize duplication of effort" before period at end.

Subsec. (b)(3). Pub. L. 113–5, §204(a)(1)(C), inserted "and update such standards as necessary" before period at end.

Subsec. (c). Pub. L. 113–5, §204(a)(4)(A), substituted "Modernizing public health situational awareness and biosurveillance" for "Public health situational awareness" in heading.

Pub. L. 113–5, §204(a)(2), (3), redesignated subsec. (d) as (c) and struck out former subsec. (c) which related to authorization of appropriations for fiscal years 2002 through 2006.

Subsec. (c)(1). Pub. L. 113–5, §204(a)(4)(B), substituted "March 13, 2013" for "December 19, 2006" and inserted ", novel emerging threats," after "disease outbreaks".

Subsec. (c)(2). Pub. L. 113–5, §204(a)(4)(C), added par. (2) and struck out former par. (2). Prior to amendment, text read as follows: "Not later than 180 days after December 19, 2006, the Secretary shall submit to the appropriate committees of Congress, a strategic plan that demonstrates the steps the Secretary will undertake to develop, implement, and evaluate the network described in paragraph (1), utilizing the elements described in paragraph (3)."

Subsec. (c)(3)(D). Pub. L. 113–5, §204(a)(4)(D), inserted "community health centers, health centers" after "of poison control,".

Subsec. (c)(5)(A). Pub. L. 113–5, §204(a)(4)(E), added subpar. (A) and struck out former subpar. (A) which read as follows: "utilize applicable interoperability standards as determined by the Secretary through a joint public and private sector process;".

Subsec. (c)(6). Pub. L. 113–5, §204(a)(4)(F), added par. (6).

Subsec. (d). Pub. L. 113–5, §204(a)(3), redesignated subsec. (e) as (d). Former subsec. (d) redesignated (c).

Subsec. (d)(1), (4)(B). Pub. L. 113–5, §204(a)(5)(A), (B), substituted "subsection (c)" for "subsection (d)".

Subsec. (d)(5). Pub. L. 113–5, §204(a)(5)(C), substituted "3 years after March 13, 2013" for "4 years after December 19, 2006" and "subsection (c)" for "subsection (d)".

Subsec. (e). Pub. L. 113–5, §204(a)(3), redesignated subsec. (f) as (e). Former subsec. (e) redesignated (d).

Subsec. (f). Pub. L. 113–5, §204(a)(3), (6), redesignated subsec. (g) as (f) and substituted "\$138,300,000 for each of fiscal years 2014 through 2018" for "such sums as may be necessary in each of fiscal years 2007

through 2011". Former subsec. (f) redesignated (e).

Subsec. (g). Pub. L. 113–5, §204(a)(7), added subsec. (g). Former subsec. (g) redesignated (f).

2006—Subsec. (a)(1). Pub. L. 109–417, §202(1), inserted "domestically and abroad" after "public health threats".

Subsec. (a)(3). Pub. L. 109–417, §204(b)(2), struck out ", taking into account evaluations under section 247d–2(a) of this title," after "The Secretary" in introductory provisions.

Subsecs. (d) to (g). Pub. L. 109–417, §202(2), added subsecs. (d) to (g).

2002—Pub. L. 107–188 reenacted section catchline without change and amended text generally, substituting detailed provisions relating to facilities, capacities, and national communications and surveillance networks for provisions relating to findings of need for secure and modern facilities.

STATUTORY NOTES AND RELATED SUBSIDIARIES

WORKING CAPITAL FUND

Pub. L. 113–76, div. H, title II, Jan. 17, 2014, 128 Stat. 368, provided in part: "That to facilitate the implementation of the permanent Working Capital Fund ('WCF') authorized under this heading [CDC-WIDE ACTIVITIES AND PROGRAM SUPPORT] in division F of Public Law 112–74 [see note below], on or after enactment of this Act [Jan. 17, 2014], unobligated balances of amounts appropriated for business services for fiscal year 2013 shall be transferred to the WCF: *Provided further*, That on or after enactment of this Act, CDC shall transfer amounts available for business services to other CDC appropriations consistent with the benefit each appropriation received from the business services appropriation in fiscal year 2013: *Provided further*, That once the WCF is implemented in fiscal year 2014, assets purchased in any prior fiscal year with funds appropriated for or reimbursed to business services may be transferred to the WCF and customers billed for depreciation of those assets: *Provided further*, That CDC shall, consistent with the authorities provided in 42 U.S.C. 231, ensure that the WCF is used only for administrative support services and not for programmatic activities: *Provided further*, That CDC shall notify the Committees on Appropriations of the House of Representatives and the Senate not later than 15 days prior to any transfers made with funds provided under this heading."

Similar provisions were contained in the following prior appropriation act:

Pub. L. 113–6, div. F, title V, §1507, Mar. 26, 2013, 127 Stat. 423.

Pub. L. 112–74, div. F, title II, Dec. 23, 2011, 125 Stat. 1070, provided in part: "That CDC [Centers for Disease Control and Prevention] may establish a Working Capital Fund, with the authorities equivalent to those provided in 42 U.S.C. 231, to improve the provision of supplies and service."

§247d–4a. Infectious Diseases Rapid Response Reserve Fund

There is established in the Treasury a reserve fund to be known as the "Infectious Diseases Rapid Response Reserve Fund" (the "Reserve Fund"): *Provided*, That of the funds provided under the heading "CDC-Wide Activities and Program Support" [132 Stat. 3073], \$50,000,000, to remain available until expended, shall be available to the Director of the CDC for deposit in the Reserve Fund: *Provided further*, That amounts in the Reserve Fund shall be for carrying out titles II, III, and XVII of the PHS Act [42 U.S.C. 201 et seq., 241 et seq., 300u et seq.] to prevent, prepare for, or respond to an infectious disease emergency, including, in connection with such activities, to purchase or lease and provide for the insurance of passenger motor vehicles for official use in foreign countries: *Provided further*, That amounts in the Reserve Fund may only be provided for an infectious disease emergency if the infectious disease emergency (1) is declared by the Secretary of Health and Human Services under section 319 of the PHS Act [42 U.S.C. 247d] to be a public health emergency; or (2) as determined by the Secretary, has significant potential to imminently occur and potential, on occurrence, to affect national security or the health and security of United States citizens, domestically or internationally: *Provided further*, That amounts in the Reserve Fund may be

transferred by the Director of the CDC to other accounts of the CDC, to accounts of the NIH, or to the Public Health and Social Services Emergency Fund, to be merged with such accounts or Fund for the purposes provided in this section: *Provided further*, That the Committees on Appropriations of the House of Representatives and the Senate shall be notified in advance of any transfer or obligation made under the authority provided in this section, including notification on the anticipated uses of such funds by program, project, or activity: *Provided further*, That not later than 15 days after notification of the planned use of the Reserve Fund, the Director shall provide a detailed spend plan of anticipated uses of funds, including estimated personnel and administrative costs, to the Committees on Appropriations of the House of Representatives and the Senate: *Provided further*, That such plans shall be updated and submitted every 90 days thereafter until funds have been fully expended which should include the unobligated balances in the Reserve Fund and all the actual obligations incurred to date: *Provided further*, That amounts in the Reserve Fund shall be in addition to amounts otherwise available to the Department of Health and Human Services for the purposes provided in this section: *Provided further*, That the transfer authorities in this section are in addition to any transfer authority otherwise available to the Department of Health and Human Services: *Provided further*, That products purchased using amounts in the Reserve Fund may, at the discretion of the Secretary of Health and Human Services, be deposited in the Strategic National Stockpile under section 319F–2 of the PHS Act [42 U.S.C. 247d–6b]: *Provided further*, That this section shall be in effect as of September 28, 2018, through each fiscal year hereafter.

CODIFICATION

Section was enacted as part of the Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2019, and not as part of the Public Health Service Act which comprises this chapter.

STATUTORY NOTES AND RELATED SUBSIDIARIES

REPORTS REQUIRED

Pub. L. 116–136, div. B, title VIII, Mar. 27, 2020, 134 Stat. 555, provided in part: "That the Secretary of Health and Human Services, in consultation with the Director of the CDC [Centers for Disease Control and Prevention], shall provide a report to the Committees on Appropriations of the House of Representatives and the Senate every 14 days, for one year from the date from any such declaration or determination described in the third proviso of section 231 of division B of Public Law 115–245 [42 U.S.C. 247d–4a], that details commitment and obligation information for the [Infectious Diseases Rapid Response] Reserve Fund during the prior two weeks, as long as such report would detail obligations in excess of \$5,000,000, and upon the request by such Committees".

§247d–4b. Children's Preparedness Unit

(a) Enhancing emergency preparedness for children

The Secretary, acting through the Director of the Centers for Disease Control and Prevention (referred to in this subsection as the "Director"), shall maintain an internal team of experts, to be

known as the Children's Preparedness Unit (referred to in this subsection as the "Unit"), to work collaboratively to provide guidance on the considerations for, and the specific needs of, children before, during, and after public health emergencies. The Unit shall inform the Director regarding emergency preparedness and response efforts pertaining to children at the Centers for Disease Control and Prevention.

(b) Expertise

The team described in subsection (a) shall include one or more pediatricians, which may be a developmental-behavioral pediatrician, and may also include behavioral scientists, child psychologists, epidemiologists, biostatisticians, health communications staff, and individuals with other areas of expertise, as the Secretary determines appropriate.

(c) Duties

The team described in subsection (a) may—

(1) assist State, local, Tribal, and territorial emergency planning and response activities related to children, which may include developing, identifying, and sharing best practices;

(2) provide technical assistance, training, and consultation to Federal, State, local, Tribal, and territorial public health officials to improve preparedness and response capabilities with respect to the needs of children, including providing such technical assistance, training, and consultation to eligible entities in order to support the achievement of measurable evidence-based benchmarks and objective standards applicable to sections 247d–3a and 247d–3b of this title;

(3) improve the utilization of methods to incorporate the needs of children in planning for and responding to a public health emergency, including public awareness of such methods;

(4) coordinate with, and improve, public-private partnerships, such as health care coalitions pursuant to sections 247d–3b and 247d–3c of this title, to address gaps and inefficiencies in emergency preparedness and response efforts for children;

(5) provide expertise and input during the development of guidance and clinical recommendations to address the needs of children when preparing for, and responding to, public health emergencies, including pursuant to section 247d–3c of this title; and

(6) carry out other duties related to preparedness and response activities for children, as the Secretary determines appropriate.

(July 1, 1944, ch. 373, title III, §319D–1, as added Pub. L. 116–22, title III, §304, June 24, 2019, 133 Stat. 936.)

§247d–5. Combating antimicrobial resistance

(a) Task force

(1) In general

The Secretary shall establish an Antimicrobial Resistance Task Force to provide advice and recommendations to the Secretary and coordinate Federal programs relating to antimicrobial resistance. The Secretary may appoint or select a committee, or other organization in existence as of November 13, 2000, to serve as such a task force, if such committee, or other organization meets the requirements of this section.

(2) Members of task force

The task force described in paragraph (1) shall be composed of representatives from such Federal agencies, and shall seek input from public health constituencies, manufacturers, veterinary and medical professional societies and others, as determined to be necessary by the Secretary, to develop and implement a comprehensive plan to address the public health threat of antimicrobial resistance.

(3) Agenda

(A) In general

The task force described in paragraph (1) shall consider factors the Secretary considers appropriate, including—

- (i) public health factors contributing to increasing antimicrobial resistance;
- (ii) public health needs to detect and monitor antimicrobial resistance;
- (iii) detection, prevention, and control strategies for resistant pathogens;
- (iv) the need for improved information and data collection;
- (v) the assessment of the risk imposed by pathogens presenting a threat to the public health; and
- (vi) any other issues which the Secretary determines are relevant to antimicrobial resistance.

(B) Detection and control

The Secretary, in consultation with the task force described in paragraph (1) and State and local public health officials, shall—

- (i) develop, improve, coordinate or enhance participation in a surveillance plan to detect and monitor emerging antimicrobial resistance; and
- (ii) develop, improve, coordinate or enhance participation in an integrated information system to assimilate, analyze, and exchange antimicrobial resistance data between public health departments.

(4) Meetings

The task force described under paragraph (1) shall convene not less than twice a year, or more frequently as the Secretary determines to be appropriate.

(b) Research and development of new antimicrobial drugs and diagnostics

The Secretary and the Director of Agricultural Research Services, consistent with the recommendations of the task force established under subsection (a), shall directly or through awards of grants or cooperative agreements to public or private entities provide for the conduct of research, investigations, experiments, demonstrations, and studies in the health sciences that are related to—

- (1) the development of new therapeutics, including vaccines and antimicrobials, against resistant pathogens;
- (2) the development or testing of medical diagnostics to detect pathogens resistant to antimicrobials;
- (3) the epidemiology, mechanisms, and pathogenesis of antimicrobial resistance;
- (4) the sequencing of the genomes, or other DNA analysis, or other comparative analysis, of priority pathogens (as determined by the Director of the National Institutes of Health in consultation with the task force established under subsection (a)), in collaboration and coordination with the activities of the Department of Defense and the Joint Genome Institute of the Department of Energy; and
- (5) other relevant research areas.

(c) Education of medical and public health personnel

The Secretary, after consultation with the Assistant Secretary for Health, the Surgeon General, the Director of the Centers for Disease Control and Prevention, the Administrator of the Health Resources and Services Administration, the Director of the Agency for Healthcare Research and Quality, members of the task force described in subsection (a), professional organizations and societies, and such other public health officials as may be necessary, shall—

- (1) develop and implement educational programs to increase the awareness of the general public with respect to the public health threat of antimicrobial resistance and the appropriate use of antibiotics;
- (2) develop and implement educational programs to instruct health care professionals in the prudent use of antibiotics; and
- (3) develop and implement programs to train laboratory personnel in the recognition or identification of resistance in pathogens.

(d) Grants

(1) In general

The Secretary shall award competitive grants to eligible entities to enable such entities to increase the capacity to detect, monitor, and combat antimicrobial resistance.

(2) Eligible entities

Eligible entities for grants under paragraph (1) shall be State or local public health agencies, Indian tribes or tribal organizations, or other public or private nonprofit entities.

(3) Use of funds

An eligible entity receiving a grant under paragraph (1) shall use funds from such grant for activities that are consistent with the factors identified by the task force under subsection (a)(3), which may include activities that—

(A) provide training to enable such entity to identify patterns of resistance rapidly and accurately;

(B) develop, improve, coordinate or enhance participation in information systems by which data on resistant infections can be shared rapidly among relevant national, State, and local health agencies and health care providers; and

(C) develop and implement policies to control the spread of antimicrobial resistance.

(e) Grants for demonstration programs

(1) In general

The Secretary shall award competitive grants to eligible entities to establish demonstration programs to promote judicious use of antimicrobial drugs or control the spread of antimicrobial-resistant pathogens.

(2) Eligible entities

Eligible entities for grants under paragraph (1) may include hospitals, clinics, institutions of long-term care, professional medical societies, schools or programs that train medical laboratory personnel, or other public or private nonprofit entities.

(3) Technical assistance

The Secretary shall provide appropriate technical assistance to eligible entities that receive grants under paragraph (1).

(f) Monitoring at Federal health care facilities

The Secretary shall encourage reporting on aggregate antimicrobial drug use and antimicrobial resistance to antimicrobial drugs and the implementation of antimicrobial stewardship programs by health care facilities of the Department of Defense, the Department of Veterans Affairs, and the Indian Health Service and shall provide technical assistance to the Secretary of Defense and the Secretary of Veterans Affairs, as appropriate and upon request.

(g) Report on antimicrobial resistance in humans and use of antimicrobial drugs

Not later than 1 year after December 13, 2016, and annually thereafter, the Secretary shall prepare and make publicly available data and information concerning—

(1) aggregate national and regional trends of antimicrobial resistance in humans to antimicrobial drugs, including such drugs approved under section 356(h) of title 21;

(2) antimicrobial stewardship, which may include summaries of State efforts to address antimicrobial resistance in humans to antimicrobial drugs and antimicrobial stewardship; and

(3) coordination between the Director of the Centers for Disease Control and Prevention and the Commissioner of Food and Drugs with respect to the monitoring of—

(A) any applicable resistance under paragraph (1); and

(B) drugs approved under section 356(h) of title 21.

(h) Information related to antimicrobial stewardship programs

The Secretary shall, as appropriate, disseminate guidance, educational materials, or other appropriate materials related to the development and implementation of evidence-based antimicrobial stewardship programs or practices at health care facilities, such as nursing homes and other long-term care facilities, ambulatory surgical centers, dialysis centers, outpatient clinics, and hospitals, including community and rural hospitals.

(i) Supporting State-based activities to combat antimicrobial resistance

The Secretary shall continue to work with State and local public health departments on statewide or regional programs related to antimicrobial resistance. Such efforts may include activities to related to—

- (1) identifying patterns of bacterial and fungal resistance in humans to antimicrobial drugs;
- (2) preventing the spread of bacterial and fungal infections that are resistant to antimicrobial drugs; and
- (3) promoting antimicrobial stewardship.

(j) Antimicrobial resistance and stewardship activities

(1) In general

For the purposes of supporting stewardship activities, examining changes in antimicrobial resistance, and evaluating the effectiveness of section 356(h) of title 21, the Secretary shall—

- (A) provide a mechanism for facilities to report data related to their antimicrobial stewardship activities (including analyzing the outcomes of such activities); and
- (B) evaluate—
 - (i) antimicrobial resistance data using a standardized approach; and
 - (ii) trends in the utilization of drugs approved under such section 356(h) of title 21 with respect to patient populations.

(2) Use of systems

The Secretary shall use available systems, including the National Healthcare Safety Network or other systems identified by the Secretary, to fulfill the requirements or conduct activities under this section.

(k) Network of antibiotic resistance regional laboratories

(1) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall, as appropriate, maintain a network of antibiotic resistance laboratory sites to ensure the maintenance of appropriate capabilities, within existing laboratory capacity maintained or supported by the Centers for Disease Control and Prevention, to—

- (A) identify and monitor the emergence and changes in the patterns of antimicrobial-resistant pathogens;
- (B) detect, identify, confirm, and isolate such resistant pathogens, including, as appropriate, performing such activities upon the request of another laboratory and providing related technical assistance, and, as applicable, support efforts to respond to local or regional outbreaks of such resistant pathogens; and
- (C) perform activities to support the diagnosis of such resistant pathogens and determine the susceptibility of relevant pathogen samples to applicable treatments.

(2) Geographic distribution

The Secretary shall ensure that such capacity and capabilities are appropriately distributed among the geographical regions of the United States.

(3) Partnerships and nonduplication of current domestic capacity

Activities supported under this subsection may be based in an academic center, a State health department, or other facility operated by a public or private entity that carries out relevant laboratory or public health surveillance activities.

(l) International collaboration

(1) In general

The Secretary, in coordination with heads of other relevant Federal departments and agencies, shall support activities related to addressing antimicrobial resistance internationally, including by—

(A) supporting basic, translational, epidemiological, and clinical research related to antimicrobial-resistant pathogens, including such pathogens that have not yet been detected in the United States, and improving related public health surveillance systems, and laboratory and other response capacity; and

(B) providing technical assistance related to antimicrobial resistant infection and control activities.

(2) Awards

In carrying out paragraph (1), the Secretary may award grants, contracts, or cooperative agreements to public and private entities, including nongovernmental organizations, with applicable expertise, for purposes of supporting new and innovative approaches to the prevention, detection, and mitigation of antimicrobial-resistant pathogens.

(m) Antimicrobial

For purposes of subsections (f) through (j), the term "antimicrobial" includes any antibacterial or antifungal drugs, and may include drugs that eliminate or inhibit the growth of other microorganisms, as appropriate.

(n) Supplement not supplant

Funds appropriated under this section shall be used to supplement and not supplant other Federal, State, and local public funds provided for activities under this section.

(o) Authorization of appropriations

There are authorized to be appropriated to carry out this section, \$40,000,000 for fiscal year 2001, \$25,000,000 for each of the fiscal years 2002 and 2003, and such sums as may be necessary for each of the fiscal years 2004 through 2006.

(July 1, 1944, ch. 373, title III, §319E, as added Pub. L. 106–505, title I, §102, Nov. 13, 2000, 114 Stat. 2318; amended Pub. L. 107–188, title I, §109, June 12, 2002, 116 Stat. 610; Pub. L. 114–255, div. A, title III, §3041(a), Dec. 13, 2016, 130 Stat. 1111; Pub. L. 117–328, div. FF, title II, §2234, Dec. 29, 2022, 136 Stat. 5754.)

EDITORIAL NOTES

AMENDMENTS

2022—Subsecs. (k) to (o). Pub. L. 117–328 added subsecs. (k) and (l) and redesignated former subsecs. (k) to (m) as (m) to (o), respectively.

2016—Subsecs. (f) to (m). Pub. L. 114–255 added subsecs. (f) to (k) and redesignated former subsecs. (f) and (g) as (l) and (m), respectively.

2002—Subsec. (b). Pub. L. 107–188, §109(1)(A), in introductory provisions, substituted "shall directly or through awards of grants or cooperative agreements to public or private entities provide for the conduct of" for "shall conduct and support".

Subsec. (b)(4). Pub. L. 107–188, §109(1)(B), amended par. (4) generally. Prior to amendment, par. (4) read as follows: "the sequencing of the genomes of priority pathogens as determined by the Director of the National Institutes of Health in consultation with the task force established under subsection (a) of this section; and".

Subsec. (e)(2). Pub. L. 107–188, §109(2), inserted "schools or programs that train medical laboratory personnel," after "professional medical societies,".

Subsec. (g). Pub. L. 107–188, §109(3), substituted "\$25,000,000 for each of the fiscal years 2002 and 2003, and such sums as may be necessary for each of the fiscal years 2004 through 2006" for "and such sums as may be necessary for each subsequent fiscal year through 2006".

STATUTORY NOTES AND RELATED SUBSIDIARIES

CONSTRUCTION OF 2016 AMENDMENT

Nothing in amendment by Pub. L. 114–255 to be construed to restrict the prescribing of antimicrobial drugs or other products, including drugs approved under section 356(h) of Title 21, Food and Drugs, by health care professionals, or to limit the practice of health care, see section 3043 of Pub. L. 114–255, set out as a note under section 356 of Title 21.

ADDITIONAL STRATEGIES FOR COMBATING ANTIBIOTIC RESISTANCE

Pub. L. 116–22, title V, §505, June 24, 2019, 133 Stat. 951, provided that:

"(a) **ADVISORY COUNCIL.**—The Secretary of Health and Human Services (referred to in this section as the 'Secretary') may continue the Presidential Advisory Council on Combating Antibiotic-Resistant Bacteria, referred to in this section as the 'Advisory Council'.

"(b) **DUTIES.**—The Advisory Council shall advise and provide information and recommendations to the Secretary regarding programs and policies intended to reduce or combat antibiotic-resistant bacteria that may present a public health threat and improve capabilities to prevent, diagnose, mitigate, or treat such resistance. Such advice, information, and recommendations may be related to improving—

"(1) the effectiveness of antibiotics;

"(2) research and advanced research on, and the development of, improved and innovative methods for combating or reducing antibiotic resistance, including new treatments, rapid point-of-care diagnostics, alternatives to antibiotics, including alternatives to animal antibiotics, and antimicrobial stewardship activities;

"(3) surveillance of antibiotic-resistant bacterial infections, including publicly available and up-to-date information on resistance to antibiotics;

"(4) education for health care providers and the public with respect to up-to-date information on antibiotic resistance and ways to reduce or combat such resistance to antibiotics related to humans and animals;

"(5) methods to prevent or reduce the transmission of antibiotic-resistant bacterial infections, including stewardship programs; and

"(6) coordination with respect to international efforts in order to inform and advance United States capabilities to combat antibiotic resistance.

"(c) **MEETINGS AND COORDINATION.**—

"(1) **MEETINGS.**—The Advisory Council shall meet not less than biannually and, to the extent practicable, in coordination with meetings of the Antimicrobial Resistance Task Force established in section 319E(a) of the Public Health Service Act [42 U.S.C. 247d–5(a)].

"(2) **COORDINATION.**—The Advisory Council shall, to the greatest extent practicable, coordinate activities carried out by the Council with the Antimicrobial Resistance Task Force established under section 319E(a) of the Public Health Service Act (42 U.S.C. 247d–5(a)).

"(d) **FACA.**—The Federal Advisory Committee Act ([former] 5 U.S.C. App.) [see 5 U.S.C. 1001 et seq.] shall apply to the activities and duties of the Advisory Council.

"(e) **EXTENSION OF ADVISORY COUNCIL.**—Not later than October 1, 2022, the Secretary shall submit to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives a recommendation on whether the Advisory Council should be extended, and in addition, identify whether there are other committees, councils, or task forces that have overlapping or similar duties to that of the Advisory Council, and whether such committees, councils, or task forces should be combined, including with respect to section 319E(a) of the Public Health Service Act (42 U.S.C. 247d–5(a))."

AVAILABILITY OF DATA

Pub. L. 114–255, div. A, title III, §3041(b), Dec. 13, 2016, 130 Stat. 1112, provided that: "The Secretary shall make the data collected pursuant to this subsection [probably refers to the amendments made to this section by section 3041(a) of Pub. L. 114–255] public. Nothing in this subsection shall be construed as authorizing the Secretary to disclose any information that is a trade secret or confidential information subject to section 552(b)(4) of title 5, United States Code, or section 1905 of title 18, United States Code."

EXECUTIVE DOCUMENTS

EX. ORD. NO. 13676. COMBATING ANTIBIOTIC-RESISTANT BACTERIA

Ex. Ord. No. 13676, Sept. 18, 2014, 79 F.R. 56931, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, I hereby order as follows:

SECTION 1. *Policy.* The discovery of antibiotics in the early 20th century fundamentally transformed human and veterinary medicine. Antibiotics save millions of lives each year in the United States and around the world. The rise of antibiotic-resistant bacteria, however, represents a serious threat to public health and the economy. The Centers for Disease Control and Prevention (CDC) in the Department of Health and Human Services (HHS) estimates that annually at least two million illnesses and 23,000 deaths are caused by antibiotic-resistant bacteria in the United States alone.

Detecting, preventing, and controlling antibiotic resistance requires a strategic, coordinated, and sustained effort. It also depends on the engagement of governments, academia, industry, healthcare providers, the general public, and the agricultural community, as well as international partners. Success in this effort will require significant efforts to: minimize the emergence of antibiotic-resistant bacteria; preserve the efficacy of new and existing antibacterial drugs; advance research to develop improved methods for combating antibiotic resistance and conducting antibiotic stewardship; strengthen surveillance efforts in public health and agriculture; develop and promote the use of new, rapid diagnostic technologies; accelerate scientific research and facilitate the development of new antibacterial drugs, vaccines, diagnostics, and other novel therapeutics; maximize the dissemination of the most up-to-date information on the appropriate and proper use of antibiotics to the general public and healthcare providers; work with the pharmaceutical industry to include information on the proper use of over-the-counter and prescription antibiotic medications for humans and animals; and improve international collaboration and capabilities for prevention, surveillance, stewardship, basic research, and drug and diagnostics development.

The Federal Government will work domestically and internationally to detect, prevent, and control illness and death related to antibiotic-resistant infections by implementing measures that reduce the emergence and spread of antibiotic-resistant bacteria and help ensure the continued availability of effective therapeutics for the treatment of bacterial infections.

SEC. 2. *Oversight and Coordination.* Combating antibiotic-resistant bacteria is a national security priority. The National Security Council staff, in collaboration with the Office of Science and Technology Policy, the Domestic Policy Council, and the Office of Management and Budget, shall coordinate the development and implementation of Federal Government policies to combat antibiotic-resistant bacteria, including the activities, reports, and recommendations of the Task Force for Combating Antibiotic-Resistant Bacteria established in section 3 of this order.

SEC. 3. *Task Force for Combating Antibiotic-Resistant Bacteria.* There is hereby established the Task Force for Combating Antibiotic-Resistant Bacteria (Task Force), to be co-chaired by the Secretaries of Defense, Agriculture, and HHS.

(a) **Membership.** In addition to the Co-Chairs, the Task Force shall consist of representatives from:

- (i) the Department of State;
- (ii) the Department of Justice;
- (iii) the Department of Veterans Affairs;
- (iv) the Department of Homeland Security;
- (v) the Environmental Protection Agency;
- (vi) the United States Agency for International Development;
- (vii) the Office of Management and Budget;
- (viii) the Domestic Policy Council;
- (ix) the National Security Council staff;
- (x) the Office of Science and Technology Policy;
- (xi) the National Science Foundation; and
- (xii) such executive departments, agencies, or offices as the Co-Chairs may designate.

Each executive department, agency, or office represented on the Task Force (Task Force agency) shall designate an employee of the Federal Government to perform the functions of the Task Force. In performing its functions, the Task Force may make use of existing interagency task forces on antibiotic resistance.

(b) **Mission.** The Task Force shall identify actions that will provide for the facilitation and monitoring of implementation of this order and the National Strategy for Combating Antibiotic-Resistant Bacteria (Strategy).

(c) **Functions.**

(i) By February 15, 2015, the Task Force shall submit a 5-year National Action Plan (Action Plan) to the President that outlines specific actions to be taken to implement the Strategy. The Action Plan shall include

goals, milestones, and metrics for measuring progress, as well as associated timelines for implementation. The Action Plan shall address recommendations made by the President's Council of Advisors on Science and Technology regarding combating antibiotic resistance.

(ii) Within 180 days of the release of the Action Plan and each year thereafter, the Task Force shall provide the President with an update on Federal Government actions to combat antibiotic resistance consistent with this order, including progress made in implementing the Strategy and Action Plan, plans for addressing any barriers preventing full implementation of the Strategy and Action Plan, and recommendations for new or modified actions. Annual updates shall include specific goals, milestones, and metrics for all proposed actions and recommendations. The Task Force shall take Federal Government resources into consideration when developing these proposed actions and recommendations.

(iii) In performing its functions, the Task Force shall review relevant statutes, regulations, policies, and programs, and shall consult with relevant domestic and international organizations and experts, as necessary.

(iv) The Task Force shall conduct an assessment of progress made towards achieving the milestones and goals outlined in the Strategy in conjunction with the Advisory Council established pursuant to section 4 of this order.

SEC. 4. *Presidential Advisory Council on Combating Antibiotic-Resistant Bacteria.* (a) The Secretary of HHS (Secretary), in consultation with the Secretaries of Defense and Agriculture, shall establish the Presidential Advisory Council on Combating Antibiotic-Resistant Bacteria (Advisory Council). The Advisory Council shall be composed of not more than 30 members to be appointed or designated by the Secretary.

(b) The Secretary shall designate a chairperson from among the members of the Advisory Council.

(c) The Advisory Council shall provide advice, information, and recommendations to the Secretary regarding programs and policies intended to: preserve the effectiveness of antibiotics by optimizing their use; advance research to develop improved methods for combating antibiotic resistance and conducting antibiotic stewardship; strengthen surveillance of antibiotic-resistant bacterial infections; prevent the transmission of antibiotic-resistant bacterial infections; advance the development of rapid point-of-care and agricultural diagnostics; further research on new treatments for bacterial infections; develop alternatives to antibiotics for agricultural purposes; maximize the dissemination of up-to-date information on the appropriate and proper use of antibiotics to the general public and human and animal healthcare providers; and improve international coordination of efforts to combat antibiotic resistance. The Secretary shall provide the President with all written reports created by the Advisory Council.

(d) Task Force agencies shall, to the extent permitted by law, provide the Advisory Council with such information as it may require for purposes of carrying out its functions.

(e) To the extent permitted by law, and subject to the availability of appropriations, HHS shall provide the Advisory Council with such funds and support as may be necessary for the performance of its functions.

SEC. 5. *Improved Antibiotic Stewardship.* (a) By the end of calendar year 2016, HHS shall review existing regulations and propose new regulations or other actions, as appropriate, that require hospitals and other inpatient healthcare delivery facilities to implement robust antibiotic stewardship programs that adhere to best practices, such as those identified by the CDC. HHS shall also take steps to encourage other healthcare facilities, such as ambulatory surgery centers and dialysis facilities, to adopt antibiotic stewardship programs.

(b) Task Force agencies shall, as appropriate, define, promulgate, and implement stewardship programs in other healthcare settings, including office-based practices, outpatient settings, emergency departments, and institutional and long-term care facilities such as nursing homes, pharmacies, and correctional facilities.

(c) By the end of calendar year 2016, the Department of Defense (DoD) and the Department of Veterans Affairs (VA) shall review their existing regulations and, as appropriate, propose new regulations and other actions that require their hospitals and long-term care facilities to implement robust antibiotic stewardship programs that adhere to best practices, such as those defined by the CDC. DoD and the VA shall also take steps to encourage their other healthcare facilities, such as ambulatory surgery centers and outpatient clinics, to adopt antibiotic stewardship programs.

(d) Task Force agencies shall, as appropriate, monitor improvements in antibiotic use through the National Healthcare Safety Network and other systems.

(e) The Food and Drug Administration (FDA) in HHS, in coordination with the Department of Agriculture (USDA), shall continue taking steps to eliminate the use of medically important classes of antibiotics for growth promotion purposes in food-producing animals.

(f) USDA, the Environmental Protection Agency (EPA), and FDA shall strengthen coordination in common program areas, such as surveillance of antibiotic use and resistance patterns in food-producing animals, inter-species disease transmissibility, and research findings.

(g) DoD, HHS, and the VA shall review existing regulations and propose new regulations and other actions, as appropriate, to standardize the collection and sharing of antibiotic resistance data across all their healthcare

settings.

SEC. 6. *Strengthening National Surveillance Efforts for Resistant Bacteria.* (a) The Task Force shall ensure that the Action Plan includes procedures for creating and integrating surveillance systems and laboratory networks to provide timely, high-quality data across healthcare and agricultural settings, including detailed genomic and other information, adequate to track resistant bacteria across diverse settings. The network-integrated surveillance systems and laboratory networks shall include common information requirements, repositories for bacteria isolates and other samples, a curated genomic database, rules for access to samples and scientific data, standards for electronic health record-based reporting, data transparency, budget coordination, and international coordination.

(b) Task Force agencies shall, as appropriate, link data from Federal Government sample isolate repositories for bacteria strains to an integrated surveillance system, and, where feasible, the repositories shall enhance their sample collections and further interoperable data systems with national surveillance efforts.

(c) USDA, EPA, and FDA shall work together with stakeholders to monitor and report on changes in antibiotic use in agriculture and their impact on the environment.

(d) Task Force agencies shall, as appropriate, monitor antibiotic resistance in healthcare settings through the National Healthcare Safety Network and related systems.

SEC. 7. *Preventing and Responding to Infections and Outbreaks with Antibiotic-Resistant Organisms.* (a) Task Force agencies shall, as appropriate, utilize the enhanced surveillance activities described in section 6 of this order to prevent antibiotic-resistant infections by: actively identifying and responding to antibiotic-resistant outbreaks; preventing outbreaks and transmission of antibiotic-resistant infections in healthcare, community, and agricultural settings through early detection and tracking of resistant organisms; and identifying and evaluating additional strategies in the healthcare and community settings for the effective prevention and control of antibiotic-resistant infections.

(b) Task Force agencies shall take steps to implement the measures and achieve the milestones outlined in the Strategy and Action Plan.

(c) DoD, HHS, and the VA shall review and, as appropriate, update their hospital and long-term care infectious disease protocols for identifying, isolating, and treating antibiotic-resistant bacterial infection cases.

SEC. 8. *Promoting New and Next Generation Antibiotics and Diagnostics.* (a) As part of the Action Plan, the Task Force shall describe steps that agencies can take to encourage the development of new and next-generation antibacterial drugs, diagnostics, vaccines, and novel therapeutics for both the public and agricultural sectors, including steps to develop infrastructure for clinical trials and options for attracting greater private investment in the development of new antibiotics and rapid point-of-care diagnostics. Task Force agency efforts shall focus on addressing areas of unmet medical need for individuals, including those antibiotic-resistant bacteria CDC has identified as public and agricultural health threats.

(b) Together with the countermeasures it develops for biodefense threats, the Biomedical Advanced Research Development Authority in HHS shall develop new and next-generation countermeasures that target antibiotic-resistant bacteria that present a serious or urgent threat to public health.

(c) The Public Health Emergency Medical Countermeasures Enterprise in HHS shall, as appropriate, coordinate with Task Force agencies' efforts to promote new and next-generation countermeasures to target antibiotic-resistant bacteria that present a serious or urgent threat to public health.

SEC. 9. *International Cooperation.* Within 30 days of the date of this order, the Secretaries of State, USDA, and HHS shall designate representatives to engage in international action to combat antibiotic-resistant bacteria, including the development of the World Health Organization (WHO) Global Action Plan for Antimicrobial Resistance with the WHO, Member States, and other relevant organizations. The Secretaries of State, USDA, and HHS shall conduct a review of international collaboration activities and partnerships, and identify and pursue opportunities for enhanced prevention, surveillance, research and development, and policy engagement. All Task Force agencies with research and development activities related to antibiotic resistance shall, as appropriate, expand existing bilateral and multilateral scientific cooperation and research pursuant to the Action Plan.

SEC. 10. *General Provisions.* (a) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(b) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

(d) Insofar as the Federal Advisory Committee Act, as amended ([former] 5 U.S.C. App.) [see 5 U.S.C. 1001 et seq.] (the "Act"), may apply to the Advisory Council, any functions of the President under the Act, except for that of reporting to the Congress, shall be performed by the Secretary in accordance with the guidelines issued by the Administrator of General Services.

BARACK OBAMA.

EXTENSION OF TERM OF PRESIDENTIAL ADVISORY COUNCIL ON COMBATING ANTIBIOTIC-RESISTANT BACTERIA

Term of Presidential Advisory Council on Combating Antibiotic-Resistant Bacteria extended until Sept. 30, 2019, by Ex. Ord. No. 13811, Sept. 29, 2017, 82 F.R. 46363, formerly set out as a note under section 1013 of Title 5, Government Organization and Employees.

Previous extension of term of Presidential Advisory Council on Combating Antibiotic-Resistant Bacteria was contained in the following prior Executive Order:

Ex. Ord. No. 13708, Sept. 30, 2015, 80 F.R. 60271, extended term until Sept. 30, 2017.

DELEGATION OF AUTHORITY TO RE-ESTABLISH THE PRESIDENTIAL ADVISORY COUNCIL ON COMBATING ANTIBIOTIC-RESISTANT BACTERIA

Memorandum of President of the United States, Mar. 3, 2020, 85 F.R. 13469, provided:

Memorandum for the Secretary of Health and Human Services

By the authority vested in me as President by the Constitution and the laws of the United States of America, including section 301 of title 3, United States Code, it is hereby ordered as follows:

SECTION 1. *Delegation of Re-establishment Authority.* The Secretary of Health and Human Services is delegated the authority under section 9(a)(1) of the Federal Advisory Committee Act, as amended ([former] 5 U.S.C. App.) [see 5 U.S.C. 1008(a)(1)], to re-establish the Presidential Advisory Council on Combating Antibiotic-Resistant Bacteria (Council). In exercising this authority, the Secretary may direct the Council to perform duties consistent with those assigned to the Council in section 505(b) of Public Law 116–22 [42 U.S.C. 247d–5 note], and may, at the Secretary's discretion, specify the membership of the Council, consistent with the requirements of the Federal Advisory Committee Act, as amended ([former] 5 U.S.C. App.) [see 5 U.S.C. 1001 et seq.].

SEC. 2. *General Provisions.* (a) Nothing in this memorandum shall be construed to impair or otherwise affect:

- (i) the authority granted by law to an executive department or agency, or the head thereof; or
- (ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This memorandum shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

(d) You are hereby authorized and directed to publish this memorandum in the Federal Register.

DONALD J. TRUMP.

§247d–5a. Repealed. Pub. L. 114–255, div. A, title III, §3044(b)(1), Dec. 13, 2016, 130 Stat. 1121

Section, Pub. L. 110–85, title XI, §1111, Sept. 27, 2007, 121 Stat. 975, related to identification of clinically susceptible concentrations of antimicrobials. See section 360a–2 of Title 21, Food and Drugs.

§247d–6. Public health countermeasures to a bioterrorist attack

(a) All-hazards public health and medical response curricula and training

(1) In general

The Secretary, in collaboration with the Secretary of Defense, and in consultation with relevant public and private entities, shall develop core health and medical response curricula and trainings

by adapting applicable existing curricula and training programs to improve responses to public health emergencies.

(2) Curriculum

The public health and medical response training program may include course work related to—

- (A) medical management of casualties, taking into account the needs of at-risk individuals;
- (B) public health aspects of public health emergencies;
- (C) mental health aspects of public health emergencies;
- (D) national incident management, including coordination among Federal, State, local, tribal, international agencies, and other entities; and
- (E) protecting health care workers and health care first responders from workplace exposures during a public health emergency.

(3) Peer review

On a periodic basis, products prepared as part of the program shall be rigorously tested and peer-reviewed by experts in the relevant fields.

(4) Credit

The Secretary and the Secretary of Defense shall—

- (A) take into account continuing professional education requirements of public health and healthcare professions; and
- (B) cooperate with State, local, and tribal accrediting agencies and with professional associations in arranging for students enrolled in the program to obtain continuing professional education credit for program courses.

(5) Dissemination and training

(A) In general

The Secretary may provide for the dissemination and teaching of the materials described in paragraphs (1) and (2) by appropriate means, as determined by the Secretary.

(B) Certain entities

The education and training activities described in subparagraph (A) may be carried out by Federal public health, medical, or dental entities, appropriate educational entities, professional organizations and societies, private accrediting organizations, and other nonprofit institutions or entities meeting criteria established by the Secretary.

(C) Grants and contracts

In carrying out this subsection, the Secretary may carry out activities directly or through the award of grants and contracts, and may enter into interagency agreements with other Federal agencies.

(b) Advice to the Federal Government

(1) Required advisory committees

In coordination with the working group under subsection (a), the Secretary shall establish advisory committees in accordance with paragraphs (2) and (3) to provide expert recommendations to assist such working groups in carrying out their respective responsibilities under subsections (a) and (b).

(2) National Advisory Committee on At-Risk Individuals and Public Health Emergencies

(A) In general

For purposes of paragraph (1), the Secretary shall establish an advisory committee to be known as the National Advisory Committee on At-Risk Individuals and Public Health Emergencies (referred to in this paragraph as the "Advisory Committee").

(B) Duties

The Advisory Committee shall provide recommendations regarding—

- (i) the preparedness of the health care (including mental health care) system to respond to public health emergencies as they relate to at-risk individuals;
- (ii) needed changes to the health care and emergency medical service systems and emergency medical services protocols to meet the special needs of at-risk individuals; and
- (iii) changes, if necessary, to the national stockpile under section 300hh-12 of this title to meet the emergency health security of at-risk individuals.

(C) Composition

The Advisory Committee shall be composed of such Federal officials as may be appropriate to address the special needs of the diverse population groups of at-risk populations.

(D) Termination

The Advisory Committee terminates six years after June 12, 2002.

(3) Emergency Public Information and Communications Advisory Committee

(A) In general

For purposes of paragraph (1), the Secretary shall establish an advisory committee to be known as the Emergency Public Information and Communications Advisory Committee (referred to in this paragraph as the "EPIC Advisory Committee").

(B) Duties

The EPIC Advisory Committee shall make recommendations to the Secretary and report on appropriate ways to communicate public health information regarding bioterrorism and other public health emergencies to the public.

(C) Composition

The EPIC Advisory Committee shall be composed of individuals representing a diverse group of experts in public health, medicine, communications, behavioral psychology, and other areas determined appropriate by the Secretary.

(D) Dissemination

The Secretary shall review the recommendations of the EPIC Advisory Committee and ensure that appropriate information is disseminated to the public.

(E) Termination

The EPIC Advisory Committee terminates one year after June 12, 2002.

(c) Expansion of Epidemic Intelligence Service Program

The Secretary may establish 20 officer positions in the Epidemic Intelligence Service Program, in addition to the number of the officer positions offered under such Program in 2006, for individuals who agree to participate, for a period of not less than 2 years, in the Career Epidemiology Field Officer program in a State, local, or tribal health department that serves a health professional shortage area (as defined under section 254e(a) of this title), a medically underserved population (as defined under section 254b(b)(3) of this title), or a medically underserved area or area at high risk of a public health emergency as designated by the Secretary.

(d) Centers for Public Health Preparedness and Response

(1) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may award grants, contracts, or cooperative agreements to institutions of higher education, including accredited schools of public health, or other nonprofit private entities to establish or maintain a network of Centers for Public Health Preparedness and Response (referred to in this subsection as "Centers").

(2) Eligibility

To be eligible to receive an award under this subsection, an entity shall submit to the Secretary

an application containing such information as the Secretary may require, including a description of how the entity will—

(A) coordinate relevant activities with applicable State, local, and Tribal health departments and officials, health care facilities, and health care coalitions to improve public health preparedness and response, as informed by the public health preparedness and response needs of the community, or communities, involved;

(B) prioritize efforts to implement evidence-informed or evidence-based practices to improve public health preparedness and response, including by helping to reduce the transmission of emerging infectious diseases; and

(C) use funds awarded under this subsection, including by carrying out any activities described in paragraph (3).

(3) Use of funds

The Centers established or maintained under this subsection shall use funds awarded under this subsection to carry out activities to advance public health preparedness and response capabilities, which may include—

(A) identifying, translating, and disseminating promising research findings or strategies into evidence-informed or evidence-based practices to inform preparedness for, and responses to, chemical, biological, radiological, or nuclear threats, including emerging infectious diseases, and other public health emergencies, which may include conducting research related to public health preparedness and response systems;

(B) improving awareness of such evidence-informed or evidence-based practices and other relevant scientific or public health information among health care professionals, public health professionals, other stakeholders, and the public, including through the development, evaluation, and dissemination of trainings and training materials, consistent with section 300hh-1(b)(2) of this title, as applicable and appropriate, and with consideration given to existing training materials, to support preparedness for, and responses to, such threats;

(C) utilizing and expanding relevant technological and analytical capabilities to inform public health and medical preparedness and response efforts;

(D) expanding activities, including through public-private partnerships, related to public health preparedness and response, including participation in drills and exercises and training public health experts, as appropriate; and

(E) providing technical assistance and expertise that relies on evidence-based practices, as applicable, related to responses to public health emergencies, as appropriate, to State, local, and Tribal health departments and other entities pursuant to paragraph (2)(A).

(4) Distribution of awards

In awarding grants, contracts, or cooperative agreements under this subsection, the Secretary shall support not fewer than 10 Centers, subject to the availability of appropriations, and ensure that such awards are equitably distributed among the geographical regions of the United States.

(e) Accelerated research and development on priority pathogens and countermeasures

(1) In general

With respect to pathogens of potential use in a bioterrorist attack, and other agents that may cause a public health emergency, the Secretary, taking into consideration any recommendations of the working group under subsection (a), shall conduct, and award grants, contracts, or cooperative agreements for, research, investigations, experiments, demonstrations, and studies in the health sciences relating to—

(A) the epidemiology and pathogenesis of such pathogens;

(B) the sequencing of the genomes, or other DNA analysis, or other comparative analysis, of priority pathogens (as determined by the Director of the National Institutes of Health in consultation with the working group established in subsection (a)), in collaboration and coordination with the activities of the Department of Defense and the Joint Genome Institute of the Department of Energy;

- (C) the development of priority countermeasures; and
- (D) other relevant areas of research;

with consideration given to the needs of children and other vulnerable populations.

(2) Priority

The Secretary shall give priority under this section to the funding of research and other studies related to priority countermeasures.

(3) Role of Department of Veterans Affairs

In carrying out paragraph (1), the Secretary shall consider using the biomedical research and development capabilities of the Department of Veterans Affairs, in conjunction with that Department's affiliations with health-professions universities. When advantageous to the Government in furtherance of the purposes of such paragraph, the Secretary may enter into cooperative agreements with the Secretary of Veterans Affairs to achieve such purposes.

(4) Priority countermeasures

For purposes of this section, the term "priority countermeasure" means a drug, biological product, device, vaccine, vaccine adjuvant, antiviral, or diagnostic test that the Secretary determines to be—

(A) a priority to treat, identify, or prevent infection by a biological agent or toxin listed pursuant to section 262a(a)(1) of this title, or harm from any other agent that may cause a public health emergency; or

(B) a priority to treat, identify, or prevent conditions that may result in adverse health consequences or death and may be caused by the administering of a drug, biological product, device, vaccine, vaccine adjuvant, antiviral, or diagnostic test that is a priority under subparagraph (A).

(f) Authorization of appropriations

(1) Fiscal year 2007

There are authorized to be appropriated to carry out this section for fiscal year 2007—

(A) to carry out subsection (a)—

(i) \$5,000,000 to carry out paragraphs (1) through (4); and

(ii) \$7,000,000 to carry out paragraph (5);

(B) to carry out subsection (c), \$3,000,000; and

(C) to carry out subsection (d), \$31,000,000.

(2) Subsequent fiscal years

There are authorized to be appropriated such sums as may be necessary to carry out this section for fiscal year 2008 and each subsequent fiscal year.

(July 1, 1944, ch. 373, title III, §319F, as added Pub. L. 106–505, title I, §102, Nov. 13, 2000, 114 Stat. 2321; amended Pub. EDITORIAL NOTES

AMENDMENTS

2022—Subsec. (d). Pub. L. 117–328, §2231(a)(1), added subsec. (d) and struck out former subsec. (d) which authorized Secretary to establish Centers for Public Health Preparedness at accredited schools of public health.

Subsec. (f)(1)(C). Pub. L. 117–328, §2231(a)(2), struck out ", of which \$5,000,000 shall be used to carry

out paragraphs (3) through (5) of such subsection" after "\$31,000,000".

2013—Subsec. (a)(5)(B). Pub. L. 113–5 substituted "public health, medical, or dental" for "public health or medical".

2006—Subsec. (a). Pub. L. 109–417, §304(1), added subsec. (a) and struck out heading and text of former subsec. (a) which established a working group on bioterrorism and other public health emergencies.

Subsec. (b)(2). Pub. L. 109–417, §301(d)(1), substituted "At-Risk Individuals and Public Health Emergencies" for "Children and Terrorism" in heading.

Subsec. (b)(2)(A). Pub. L. 109–417, §301(d)(2), substituted "At-Risk Individuals and Public Health Emergencies" for "Children and Terrorism".

Subsec. (b)(2)(B)(i). Pub. L. 109–417, §301(d)(3)(A), substituted "public health emergencies as they relate to at-risk individuals" for "bioterrorism as it relates to children".

Subsec. (b)(2)(B)(ii), (iii). Pub. L. 109–417, §301(d)(3)(B), (C), substituted "at-risk individuals" for "children".

Subsec. (b)(2)(C). Pub. L. 109–417, §301(d)(4), substituted "at-risk populations" for "children, and child health experts on infectious disease, environmental health, toxicology, and other relevant professional disciplines".

Subsec. (b)(2)(D). Pub. L. 109–417, §301(d)(5), substituted "six years" for "one year".

Subsec. (b)(3)(B). Pub. L. 109–417, §301(e), struck out "and the working group under subsection (a) of this section" after "Secretary".

Subsecs. (c) to (h). Pub. L. 109–417, §304(2)–(4), added subsecs. (c), (d), and (f), redesignated subsec. (h) as (e), and struck out former subsecs. (c) to (g), which related to: in subsec. (c), development of communication strategy; in subsec. (d), Federal Internet site on bioterrorism; in subsec. (e), grants to increase capacity to detect, diagnose, and respond to acts of bioterrorism; in subsec. (f), assistance to State and local health agencies to enable effective response to attacks; and, in subsec. (g), education and training activities.

Subsecs. (i), (j). Pub. L. 109–417, §304(5), struck out subsecs. (i) and (j) which related to report to congressional committees on public health and medical consequences of a bioterrorist attack and the supplementary nature of funds appropriated under this section, respectively.

2004—Subsec. (a)(1). Pub. L. 108–276, §2(d)(1), inserted "the Secretary of Homeland Security," after "Management Agency," in introductory provisions.

Subsec. (h)(4)(B). Pub. L. 108–276, §2(d)(2), substituted "to treat, identify, or prevent conditions" for "to diagnose conditions".

2002—Subsec. (a). Pub. L. 107–188, §108, added subsec. (a) and struck out heading and text of former subsec. (a). Text read as follows: "The Secretary, in coordination with the Secretary of Defense, shall establish a joint interdepartmental working group on preparedness and readiness for the medical and public health effects of a bioterrorist attack on the civilian population. Such joint working group shall—

"(1) coordinate research on pathogens likely to be used in a bioterrorist attack on the civilian population as well as therapies to treat such pathogens;

"(2) coordinate research and development into equipment to detect pathogens likely to be used in a bioterrorist attack on the civilian population and protect against infection from such pathogens;

"(3) develop shared standards for equipment to detect and to protect against infection from pathogens likely to be used in a bioterrorist attack on the civilian population; and

"(4) coordinate the development, maintenance, and procedures for the release of, strategic reserves of vaccines, drugs, and medical supplies which may be needed rapidly after a bioterrorist attack upon the civilian population."

Subsec. (b). Pub. L. 107–188, §104(a)(1), (3), added subsec. (b) and struck out former subsec. (b) which related to establishment, functions, membership, and coordination of a working group on the public health and medical consequences of bioterrorism.

Subsecs. (c), (d). Pub. L. 107–188, §104(a)(3), added subsecs. (c) and (d). Former subsecs. (c) and (d) redesignated (e) and (f), respectively.

Subsec. (e). Pub. L. 107–188, §104(a)(2), redesignated subsec. (c) as (e). Former subsec. (e) redesignated (g).

Subsec. (e)(2). Pub. L. 107–188, §111(3), which directed the amendment of section 391F(e)(2) of the Public Health Service Act by striking out "or" after "clinic," and inserting before period ", professional organization or society, school or program that trains medical laboratory personnel, private accrediting organization, or other nonprofit private institution or entity meeting criteria established by the Secretary", was executed to subsec. (e)(2) of this section, which is section 319F(e)(2) of the Act, to reflect the probable intent of Congress.

Subsec. (f). Pub. L. 107–188, §104(a)(2), redesignated subsec. (d) as (f). Former subsec. (f) redesignated

(h).

Subsec. (g). Pub. L. 107–188, §105, amended heading and text of subsec. (g) generally. Prior to amendment, text read as follows: "The Secretary, in collaboration with members of the working group described in subsection (b) of this section, and professional organizations and societies, shall—

"(1) develop and implement educational programs to instruct public health officials, medical professionals, and other personnel working in health care facilities in the recognition and care of victims of a bioterrorist attack; and

"(2) develop and implement programs to train laboratory personnel in the recognition and identification of a potential bioweapon."

Pub. L. 107–188, §104(a)(2), redesignated subsec. (e) as (g). Former subsec. (g) redesignated (i).

Subsec. (h). Pub. L. 107–188, §125, amended heading and text of subsec. (h) generally. Prior to amendment, text read as follows: "The Secretary shall consult with the working group described in subsection (a) of this section, to develop priorities for and conduct research, investigations, experiments, demonstrations, and studies in the health sciences related to—

"(1) the epidemiology and pathogenesis of potential bioweapons;

"(2) the development of new vaccines or other therapeutics against pathogens likely to be used in a bioterrorist attack;

"(3) the development of medical diagnostics to detect potential bioweapons; and

"(4) other relevant research areas."

Pub. L. 107–188, §104(a)(2), redesignated subsec. (f) as (h). Former subsec. (h) redesignated (j).

Subsec. (i). Pub. L. 107–188, §104(a)(1), (2), redesignated subsec. (g) as (i) and struck out heading and text of former subsec. (i). Text read as follows: "There are authorized to be appropriated to carry out this section \$215,000,000 for fiscal year 2001, and such sums as may be necessary for each subsequent fiscal year through 2006."

Subsec. (j). Pub. L. 107–188, §104(a)(2), redesignated subsec. (h) as (j).

Pub. L. 107–188, title I, §101(b)(1), June 12, 2002, 116 Stat. 598, provided that:

"(1) **IN GENERAL.**—Not later than one year after the date of the enactment of this Act [June 12, 2002], the Secretary of Health and Human Services (referred to in this subsection as the 'Secretary') shall submit to the Committee on Energy and Commerce of the House of Representatives, and the Committee on Health, Education, Labor, and Pensions of the Senate, a report concerning—

"(A) the recommendations and findings of the National Advisory Committee on Children and Terrorism under section 319F(c)(2) of the Public Health Service Act [probably means section 319F(b)(2), 42 U.S.C. 247d–6(b)(2)];

"(B) the recommendations and findings of the EPIC Advisory Committee under section 319F(c)(3) of such Act [probably means section 319F(b)(3), 42 U.S.C. 247d–6(b)(3)];

"(C) the characteristics that may render a rural community uniquely vulnerable to a biological attack, including distance, lack of emergency transport, hospital or laboratory capacity, lack of integration of Federal or State public health networks, workforce deficits, or other relevant characteristics;

"(D) the characteristics that may render areas or populations designated as medically underserved populations (as defined in section 330 of such Act [42 U.S.C. 254b]) uniquely vulnerable to a biological attack, including significant numbers of low-income or uninsured individuals, lack of affordable and accessible health care services, insufficient public and primary health care resources, lack of integration of Federal or State public health networks, workforce deficits, or other relevant characteristics;

"(E) the recommendations of the Secretary with respect to additional legislative authority that the Secretary determines is necessary to effectively strengthen rural communities, or medically underserved populations (as defined in section 330 of such Act); and

"(F) the need for and benefits of a National Disaster Response Medical Volunteer Service that would be a private-sector, community-based rapid response corps of medical volunteers."

STUDY REGARDING COMMUNICATIONS ABILITIES OF PUBLIC HEALTH AGENCIES

Pub. L. 107–188, title I, §104(b), June 12, 2002, 116 Stat. 606, provided that: "The Secretary of Health and Human Services, in consultation with the Federal Communications Commission, the National Telecommunications and Information Administration, and other appropriate Federal agencies, shall conduct a study to determine whether local public health entities have the ability to maintain communications in the

event of a bioterrorist attack or other public health emergency. The study shall examine whether redundancies are required in the telecommunications system, particularly with respect to mobile communications, for public health entities to maintain systems operability and connectivity during such emergencies. The study shall also include recommendations to industry and public health entities about how to implement such redundancies if necessary."

§247d–6a. Authority for use of certain procedures regarding qualified countermeasure research and development activities

(a) In general

(1) Authority

In conducting and supporting research and development activities regarding countermeasures under section 247d–6(e) of this title, the Secretary may conduct and support such activities in accordance with this section and, in consultation with the Director of the National Institutes of Health, as part of the program under section 285f of this title, if the activities concern qualified countermeasures.

(2) Definitions

In this section:

(A) Qualified countermeasure

The term "qualified countermeasure" means a drug (as that term is defined by section 321(g)(1) of title 21), biological product (as that term is defined by section 262(i) of this title), or device (as that term is defined by section 321(h) of title 21), that the Secretary determines to be a priority (consistent with sections 182(2) and 184(a) of title 6)—

(i) to diagnose, mitigate, prevent, or treat harm from any biological agent (including organisms that cause an infectious disease) or toxin, chemical, radiological, or nuclear agent that may cause a public health emergency affecting national security;

(ii) to diagnose, mitigate, prevent, or treat harm from a condition that may result in adverse health consequences or death and may be caused by administering a drug, biological product, or device that is used as described in this subparagraph; or

(iii) is a product or technology intended to enhance the use or effect of a drug, biological product, or device described in clause (i) or (ii).

(B) Infectious disease

The term "infectious disease" means a disease potentially caused by a pathogenic organism (including a bacteria, virus, fungus, or parasite) that is acquired by a person and that reproduces in that person.

(3) Interagency cooperation

(A) In general

In carrying out activities under this section, the Secretary is authorized, subject to subparagraph (B), to enter into interagency agreements and other collaborative undertakings with other agencies of the United States Government.

(B) Limitation

An agreement or undertaking under this paragraph shall not authorize another agency to exercise the authorities provided by this section.

(4) Availability of facilities to the Secretary

In any grant, contract, or cooperative agreement entered into under the authority provided in this section with respect to a biocontainment laboratory or other related or ancillary specialized research facility that the Secretary determines necessary for the purpose of performing, administering, or supporting qualified countermeasure research and development, the Secretary

may provide that the facility that is the object of such grant, contract, or cooperative agreement shall be available as needed to the Secretary to respond to public health emergencies affecting national security.

(5) Transfers of qualified countermeasures

Each agreement for an award of a grant, contract, or cooperative agreement under section 247d–6(e) of this title for the development of a qualified countermeasure shall provide that the recipient of the award will comply with all applicable export-related controls with respect to such countermeasure.

(b) Expedited procurement authority

(1) Increased simplified acquisition threshold for qualified countermeasure procurements

(A) In general

For any procurement by the Secretary of property or services for use (as determined by the Secretary) in performing, administering, or supporting qualified countermeasure research or development activities under this section that the Secretary determines necessary to respond to pressing research and development needs under this section, the amount specified in section 134 of title 41, as applicable pursuant to section 3101(b)(1)(A) of title 41, shall be deemed to be \$25,000,000 in the administration, with respect to such procurement, of—

- (i) section 3305(a)(1) of title 41 and its implementing regulations; and
- (ii) section 3101(b)(1)(B) of title 41 and its implementing regulations.

(B) Application of certain provisions

Notwithstanding subparagraph (A) and the provision of law and regulations referred to in such subparagraph, each of the following provisions shall apply to procurements described in this paragraph to the same extent that such provisions would apply to such procurements in the absence of subparagraph (A):

- (i) Chapter 37 of title 40 (relating to contract work hours and safety standards).
- (ii) Section 8703(a) of title 41.
- (iii) Section 4706 of title 41 (relating to the examination of contractor records).
- (iv) Section 3131 of title 40 (relating to bonds of contractors of public buildings or works).
- (v) Section 3901 of title 41 (relating to contingent fees to middlemen).
- (vi) Section 6962 of this title.
- (vii) Section 1354 of title 31 (relating to the limitation on the use of appropriated funds for contracts with entities not meeting veterans employment reporting requirements).

(C) Internal controls to be instituted

The Secretary shall institute appropriate internal controls for procurements that are under this paragraph, including requirements with regard to documenting the justification for use of the authority in this paragraph with respect to the procurement involved.

(D) Authority to limit competition

In conducting a procurement under this paragraph, the Secretary may not use the authority provided for under subparagraph (A) to conduct a procurement on a basis other than full and open competition unless the Secretary determines that the mission of the BioShield Program under the Project BioShield Act of 2004 would be seriously impaired without such a limitation.

(2) Procedures other than full and open competition

(A) In general

In using the authority provided in section 3304(a)(1) of title 41 to use procedures other than competitive procedures in the case of a procurement described in paragraph (1) of this subsection, the phrase "available from only one responsible source" in such section 3304(a)(1) shall be deemed to mean "available from only one responsible source or only from a limited number of responsible sources".

(B) Relation to other authorities

The authority under subparagraph (A) is in addition to any other authority to use procedures other than competitive procedures.

(C) Applicable government-wide regulations

The Secretary shall implement this paragraph in accordance with government-wide regulations implementing such section 3304(a)(1) (including requirements that offers be solicited from as many potential sources as is practicable under the circumstances, that required notices be published, and that submitted offers be considered), as such regulations apply to procurements for which an agency has authority to use procedures other than competitive procedures when the property or services needed by the agency are available from only one responsible source or only from a limited number of responsible sources and no other type of property or services will satisfy the needs of the agency.

(3) Increased micropurchase threshold

(A) In general

For a procurement described by paragraph (1), the amount specified in subsections (a), (d), and (e) of section 1902 of title 41 shall be deemed to be \$15,000 in the administration of that section with respect to such procurement.

(B) Internal controls to be instituted

The Secretary shall institute appropriate internal controls for purchases that are under this paragraph and that are greater than \$2,500.

(C) Exception to preference for purchase card mechanism

No provision of law establishing a preference for using a Government purchase card method for purchases shall apply to purchases that are under this paragraph and that are greater than \$2,500.

(4) Review

(A) Review allowed

Notwithstanding subsection (f), section 1491 of title 28, and section 3556 of title 31, review of a contracting agency decision relating to a procurement described in paragraph (1) may be had only by filing a protest—

- (i) with a contracting agency; or
- (ii) with the Comptroller General under subchapter V of chapter 35 of title 31.

(B) Override of stay of contract award or performance committed to agency discretion

Notwithstanding section 1491 of title 28 and section 3553 of title 31, the following authorizations by the head of a procuring activity are committed to agency discretion:

- (i) An authorization under section 3553(c)(2) of title 31 to award a contract for a procurement described in paragraph (1) of this subsection.
- (ii) An authorization under section 3553(d)(3)(C) of such title to perform a contract for a procurement described in paragraph (1) of this subsection.

(c) Authority to expedite peer review

(1) In general

The Secretary may, as the Secretary determines necessary to respond to pressing qualified countermeasure research and development needs under this section, employ such expedited peer review procedures (including consultation with appropriate scientific experts) as the Secretary, in consultation with the Director of NIH, deems appropriate to obtain assessment of scientific and technical merit and likely contribution to the field of qualified countermeasure research, in place of the peer review and advisory council review procedures that would be required under sections 241(a)(3), 284(b)(1)(B), 284(b)(2), 284a(a)(3)(A), 289a, and 289c of this title, as applicable to a grant, contract, or cooperative agreement—

(A) that is for performing, administering, or supporting qualified countermeasure research and development activities; and

(B) the amount of which is not greater than \$1,500,000.

(2) Subsequent phases of research

The Secretary's determination of whether to employ expedited peer review with respect to any subsequent phases of a research grant, contract, or cooperative agreement under this section shall be determined without regard to the peer review procedures used for any prior peer review of that same grant, contract, or cooperative agreement. Nothing in the preceding sentence may be construed to impose any requirement with respect to peer review not otherwise required under any other law or regulation.

(d) Authority for personal services contracts

(1) In general

For the purpose of performing, administering, or supporting qualified countermeasure research and development activities, the Secretary may, as the Secretary determines necessary to respond to pressing qualified countermeasure research and development needs under this section, obtain by contract (in accordance with section 3109 of title 5, but without regard to the limitations in such section on the period of service and on pay) the personal services of experts or consultants who have scientific or other professional qualifications, except that in no case shall the compensation provided to any such expert or consultant exceed the daily equivalent of the annual rate of compensation for the President.

(2) Federal Tort Claims Act coverage

(A) In general

A person carrying out a contract under paragraph (1), and an officer, employee, or governing board member of such person, shall, subject to a determination by the Secretary, be deemed to be an employee of the Department of Health and Human Services for purposes of claims under sections 1346(b) and 2672 of title 28 for money damages for personal injury, including death, resulting from performance of functions under such contract.

(B) Exclusivity of remedy

The remedy provided by subparagraph (A) shall be exclusive of any other civil action or proceeding by reason of the same subject matter against the entity involved (person, officer, employee, or governing board member) for any act or omission within the scope of the Federal Tort Claims Act.

(C) Recourse in case of gross misconduct or contract violation

(i) In general

Should payment be made by the United States to any claimant bringing a claim under this paragraph, either by way of administrative determination, settlement, or court judgment, the United States shall have, notwithstanding any provision of State law, the right to recover against any entity identified in subparagraph (B) for that portion of the damages so awarded or paid, as well as interest and any costs of litigation, resulting from the failure of any such entity to carry out any obligation or responsibility assumed by such entity under a contract with the United States or from any grossly negligent or reckless conduct or intentional or willful misconduct on the part of such entity.

(ii) Venue

The United States may maintain an action under this subparagraph against such entity in the district court of the United States in which such entity resides or has its principal place of business.

(3) Internal controls to be instituted

(A) In general

The Secretary shall institute appropriate internal controls for contracts under this subsection, including procedures for the Secretary to make a determination of whether a person, or an officer, employee, or governing board member of a person, is deemed to be an employee of the Department of Health and Human Services pursuant to paragraph (2).

(B) Determination of employee status to be final

A determination by the Secretary under subparagraph (A) that a person, or an officer, employee, or governing board member of a person, is or is not deemed to be an employee of the Department of Health and Human Services shall be final and binding on the Secretary and the Attorney General and other parties to any civil action or proceeding.

(4) Number of personal services contracts limited

The number of experts and consultants whose personal services are obtained under paragraph (1) shall not exceed 30 at any time.

(e) Streamlined personnel authority

(1) In general

In addition to any other personnel authorities, the Secretary may, as the Secretary determines necessary to respond to pressing qualified countermeasure research and development needs under this section, without regard to those provisions of title 5 governing appointments in the competitive service, and without regard to the provisions of chapter 51 and subchapter III of chapter 53 of such title relating to classification and General Schedule pay rates, appoint professional and technical employees, not to exceed 30 such employees at any time, to positions in the National Institutes of Health to perform, administer, or support qualified countermeasure research and development activities in carrying out this section.

(2) Limitations

The authority provided for under paragraph (1) shall be exercised in a manner that—

(A) recruits and appoints individuals based solely on their abilities, knowledge, and skills;

(B) does not discriminate for or against any applicant for employment on any basis described in section 2302(b)(1) of title 5;

(C) does not allow an official to appoint an individual who is a relative (as defined in section 3110(a)(3) of such title) of such official;

(D) does not discriminate for or against an individual because of the exercise of any activity described in paragraph (9) or (10) of section 2302(b) of such title; and

(E) accords a preference, among equally qualified persons, to persons who are preference eligibles (as defined in section 2108(3) of such title).

(3) Internal controls to be instituted

The Secretary shall institute appropriate internal controls for appointments under this subsection.

(f) Actions committed to agency discretion

Actions by the Secretary under the authority of this section are committed to agency discretion.

OUTREACH

Pub. L. 108–276, §6, July 21, 2004, 118 Stat. 862, provided that: "The Secretary of Health and Human Services shall develop outreach measures to ensure to the extent practicable that diverse institutions, including Historically Black Colleges and Universities and those serving large proportions of Black or African Americans, American Indians, Appalachian Americans, Alaska Natives, Asians, Native Hawaiians, other Pacific Islanders, Hispanics or Latinos, or other underrepresented populations, are meaningfully aware of available research and development grants, contracts, cooperative agreements, and procurements conducted under sections 2 and 3 of this Act [enacting this section and section 320 of Title 6, Domestic Security, amending sections 247d–6, 247d–6b, 287a–2, and 300aa–6 of this title and sections 312 and 313 of Title 6, renumbering section 300hh–12 of this title as section 247d–6b of this title, and enacting provisions set out as notes under this section and section 247d–6b of this title]."

RECOMMENDATION FOR EXPORT CONTROLS ON CERTAIN BIOMEDICAL COUNTERMEASURES

Pub. L. 108–276, §7, July 21, 2004, 118 Stat. 863, provided that: "Upon the award of any grant, contract, or cooperative agreement under section 2 or 3 of this Act [enacting this section and section 320 of Title 6, Domestic Security, amending sections 247d–6, 247d–6b, 287a–2, and 300aa–6 of this title and sections 312 and 313 of Title 6, renumbering section 300hh–12 of this title as section 247d–6b of this title, and enacting provisions set out as notes under this section and section 247d–6b of this title] for the research, development, or procurement of a qualified countermeasure or a security countermeasure (as those terms are defined in this Act [see Short Title of 2004 Amendments note set out under section 201 of this title]), the Secretary of Health and Human Services shall, in consultation with the heads of other appropriate Federal agencies, determine whether the countermeasure involved in such grant, contract, or cooperative agreement is subject to existing export-related controls and, if not, may make a recommendation to the appropriate Federal agency or agencies that such countermeasure should be included on the list of controlled items subject to such controls."

ENSURING COORDINATION, COOPERATION AND THE ELIMINATION OF UNNECESSARY DUPLICATION IN PROGRAMS DESIGNED TO PROTECT THE HOMELAND FROM BIOLOGICAL, CHEMICAL, RADIOLOGICAL, AND NUCLEAR AGENTS

Pub. L. 108–276, §8, July 21, 2004, 118 Stat. 863, provided that:

"(a) **ENSURING COORDINATION OF PROGRAMS.**—The Secretary of Health and Human Services, the Secretary of Homeland Security, and the Secretary of Defense shall ensure that the activities of their respective Departments coordinate, complement, and do not unnecessarily duplicate programs to identify potential domestic threats from biological, chemical, radiological or nuclear agents, detect domestic incidents involving such agents, analyze such incidents, and develop necessary countermeasures. The aforementioned Secretaries shall further ensure that information and technology possessed by the Departments relevant to these activities are shared with the other Departments.

"(b) **DESIGNATION OF AGENCY COORDINATION OFFICER.**—The Secretary of Health and Human Services, the Secretary of Homeland Security, and the Secretary of Defense shall each designate an officer or employee of their respective Departments who shall coordinate, through regular meetings and communications, with the other aforementioned Departments such programs and activities carried out by their Departments."

§247d–6b. Strategic National Stockpile and security countermeasure procurements

(a) Strategic National Stockpile

(1) In general

The Secretary, in collaboration with the Assistant Secretary for Preparedness and Response and the Director of the Centers for Disease Control and Prevention, and in coordination with the Secretary of Homeland Security (referred to in this section as the "Homeland Security Secretary"), shall maintain a stockpile or stockpiles of drugs, vaccines and other biological products, medical devices, and other supplies (including personal protective equipment, ancillary medical supplies, and other applicable supplies required for the administration of drugs, vaccines and other biological products, medical devices, and diagnostic tests in the stockpile) in such numbers, types, and amounts as are determined consistent with section 300hh–10 of this title by the Secretary to be appropriate and practicable, taking into account other available sources, to provide for and optimize the emergency health security of the United States, including the emergency health security of children and other vulnerable populations, in the event of a bioterrorist attack or other public health emergency and, as informed by existing recommendations of, or consultations with, the Public Health Emergency Medical Countermeasure Enterprise established under section 300hh–10a of this title, make necessary additions or modifications to the contents of such stockpile or stockpiles based on the review conducted under paragraph (2).

(2) Threat-based review

(A) In general

The Secretary shall conduct an annual threat-based review (taking into account at-risk individuals) of the contents of the stockpile under paragraph (1), including non-pharmaceutical supplies, and, in consultation with the Public Health Emergency Medical Countermeasures Enterprise established under section 300hh–10a of this title, review contents within the stockpile and assess whether such contents are consistent with the recommendations made pursuant to section 300hh–10a(c)(1)(A) of this title. Such review shall be submitted on June 15, 2019, and on March 15 of each year thereafter, to the Committee on Health, Education, Labor, and Pensions and the Committee on Appropriations of the Senate and the Committee on Energy and Commerce and the Committee on Appropriations of the House of Representatives, in a manner that does not compromise national security.

(B) Additions, modifications, and replenishments

Each annual threat-based review under subparagraph (A) shall, for each new or modified countermeasure procurement or replenishment, provide—

(i) information regarding—

(I) the quantities of the additional or modified countermeasure procured for, or contracted to be procured for, the stockpile;

(II) planning considerations for appropriate manufacturing capacity and capability to meet the goals of such additions or modifications (without disclosing proprietary information), including—

(aa) consideration of the effect such additions or modifications may have on the availability of such products and ancillary medical supplies on the health care system; and

(bb) an assessment of the current supply chain for such products, including information on supply chain redundancies, any known domestic manufacturing capacity for such products, and any related vulnerabilities;

(III) the presence or lack of a commercial market for the countermeasure at the time of

procurement;

(IV) the emergency health security threat or threats such countermeasure procurement is intended to address, including whether such procurement is consistent with meeting emergency health security needs associated with such threat or threats;

(V) an assessment of whether the emergency health security threat or threats described in subclause (IV) could be addressed in a manner that better utilizes the resources of the stockpile and permits the greatest possible increase in the level of emergency preparedness to address such threats;

(VI) whether such countermeasure is replenishing an expiring or expired countermeasure, is a different countermeasure with the same indication that is replacing an expiring or expired countermeasure, or is a new addition to the stockpile;

(VII) a description of how such additions or modifications align with projected investments under previous countermeasures budget plans under section 300hh–10(b)(7) of this title, including expected life-cycle costs, expenditures related to countermeasure procurement to address the threat or threats described in subclause (IV), replenishment dates (including the ability to extend the maximum shelf life of a countermeasure), and the manufacturing capacity required to replenish such countermeasure; and

(VIII) appropriate protocols and processes for the deployment, distribution, or dispensing of the countermeasure at the State and local level, including plans for relevant capabilities of State and local entities to dispense, distribute, and administer the countermeasure; and

(ii) an assurance, which need not be provided in advance of procurement, that for each countermeasure procured or replenished under this subsection, the Secretary completed a review addressing each item listed under this subsection in advance of such procurement or replenishment.

(3) Procedures

The Secretary, in managing the stockpile under paragraph (1), shall—

(A) consult with the working group under section 247d–6(a) of this title and the Public Health Emergency Medical Countermeasures Enterprise established under section 300hh–10a of this title;

(B) ensure that adequate procedures are followed, regularly reviewed, and updated with respect to such stockpile for inventory management and accounting, and for the physical security of the stockpile;

(C) in consultation with Federal, State, local, and Tribal officials, take into consideration the timing and location of special events, and the availability, deployment, dispensing, and administration of countermeasures;

(D) review and revise, as appropriate, the contents of the stockpile on a regular basis to ensure that—

(i) emerging threats, advanced technologies, and new countermeasures are adequately considered;

(ii) the potential depletion of countermeasures currently in the stockpile is identified and appropriately addressed, including through necessary replenishment; and

(iii) such contents are in working condition or usable, as applicable, and are ready for deployment, which may include conducting maintenance services on such contents of the stockpile and disposing of such contents that are no longer in working condition, or usable, as applicable;

(E) devise plans for effective and timely supply-chain management of the stockpile, in consultation with the Director of the Centers for Disease Control and Prevention, the Assistant Secretary for Preparedness and Response, the Secretary of Transportation, the Secretary of Homeland Security, the Secretary of Veterans Affairs, and the heads of other appropriate Federal agencies; State, local, Tribal, and territorial agencies; and the public and private health

care infrastructure, as applicable, taking into account the manufacturing capacity and other available sources of products and appropriate alternatives to supplies in the stockpile;

(F) deploy the stockpile at the discretion of the Secretary, in consultation with, or at the request of, the Secretary of Homeland Security, to respond to an actual or potential emergency;

(G) deploy the stockpile at the discretion of the Secretary to respond to an actual or potential public health emergency or other situation in which deployment is necessary to protect the public health or safety;

(H) ensure the adequate physical security of the stockpile;

(I) ensure that each countermeasure or product under consideration for procurement pursuant to this subsection receives the same consideration regardless of whether such countermeasure or product receives or had received funding under section 247d–7e of this title, including with respect to whether the countermeasure or product is most appropriate to meet the emergency health security needs of the United States;

(J) provide assistance, including technical assistance, to maintain and improve State ¹ local, and Tribal public health preparedness capabilities to distribute and dispense medical countermeasures and products from the stockpile, as appropriate; and

(K) convene meetings, not less than once per year, with representatives from State, local, and Tribal health departments or officials, relevant industries, other Federal agencies, and other appropriate stakeholders, in a manner that does not compromise national security, to coordinate and share information related to maintenance and use of the stockpile, including a description of future countermeasure needs and additions, modifications, and replenishments of the contents of the stockpile, and considerations related to the manufacturing and procurement of products consistent with the requirements of the with the requirements of ² chapter 83 of title 41 (commonly referred to as the "Buy American Act"), as appropriate.

(4) Utilization guidelines

The Secretary shall ensure timely and accurate recommended utilization guidelines for qualified countermeasures (as defined in section 247d–6a of this title), qualified pandemic and epidemic products (as defined in section 247d–6d of this title), and security countermeasures (as defined in subsection (c)), including for such products in the stockpile.

(5) Vendor-managed inventory and warm-base surge capacity

(A) In general

For the purposes of maintaining the stockpile under paragraph (1) and carrying out procedures under paragraph (3), the Secretary may enter into contracts or cooperative agreements with vendors, which may include manufacturers or distributors of medical products, with respect to medical products intended to be delivered to the ownership of the Federal Government. Each such contract or cooperative agreement shall be subject to such terms and conditions as the Secretary may specify, including terms and conditions with respect to—

(i) procurement, maintenance, storage, and delivery of products, in alignment with inventory management and other applicable best practices, under such contract or cooperative agreement, which may consider, as appropriate, costs of transporting and handling such products; or

(ii) maintenance of domestic manufacturing capacity and capabilities of such products to ensure additional reserved production capacity and capabilities are available, and that such capacity and capabilities are able to support the rapid manufacture, purchase, storage, and delivery of such products, as required by the Secretary to prepare for, or respond to, an existing or potential public health emergency.

(B) Report

Not later than 2 years after December 29, 2022, and annually thereafter, the Secretary shall submit to the Committee on Health, Education, Labor, and Pensions and the Committee on Appropriations of the Senate and the Committee on Energy and Commerce and the Committee on Appropriations of the House of Representatives a report on any contracts or cooperative

agreements entered into under subparagraph (A) for purposes of establishing and maintaining vendor-managed inventory or reserve manufacturing capacity and capabilities for products intended for the stockpile, including a description of—

- (i) the amount of each award;
- (ii) the recipient of each award;
- (iii) the product or products covered through each award; and
- (iv) how the Secretary works with each recipient to ensure situational awareness related to the manufacturing capacity for, or inventory of, such products and coordinates the distribution and deployment of such products, as appropriate and applicable.

(6) GAO report

(A) In general

Not later than 3 years after June 24, 2019, and every 5 years thereafter, the Comptroller General of the United States shall conduct a review of any changes to the contents or management of the stockpile since January 1, 2015. Such review shall include—

- (i) an assessment of the comprehensiveness and completeness of each annual threat-based review under paragraph (2), including whether all newly procured or replenished countermeasures within the stockpile were described in each annual review, and whether, consistent with paragraph (2)(B), the Secretary conducted the necessary internal review in advance of such procurement or replenishment;
- (ii) an assessment of whether the Secretary established health security and science-based justifications, and a description of such justifications for procurement decisions related to health security needs with respect to the identified threat, for additions or modifications to the stockpile based on the information provided in such reviews under paragraph (2)(B), including whether such review was conducted prior to procurement, modification, or replenishment;
- (iii) an assessment of the plans developed by the Secretary for the deployment, distribution, and dispensing of countermeasures procured, modified, or replenished under paragraph (1), including whether such plans were developed prior to procurement, modification, or replenishment;
- (iv) an accounting of countermeasures procured, modified, or replenished under paragraph (1) that received advanced research and development funding from the Biomedical Advanced Research and Development Authority;
- (v) an analysis of how such procurement decisions made progress toward meeting emergency health security needs related to the identified threats for countermeasures added, modified, or replenished under paragraph (1);
- (vi) a description of the resources expended related to the procurement of countermeasures (including additions, modifications, and replenishments) in the stockpile, and how such expenditures relate to the ability of the stockpile to meet emergency health security needs;
- (vii) an assessment of the extent to which additions, modifications, and replenishments reviewed under paragraph (2) align with previous relevant reports or reviews by the Secretary or the Comptroller General;
- (viii) with respect to any change in the Federal organizational management of the stockpile, an assessment and comparison of the processes affected by such change, including planning for potential countermeasure deployment, distribution, or dispensing capabilities and processes related to procurement decisions, use of stockpiled countermeasures, and use of resources for such activities;
- (ix) an assessment of whether the processes and procedures described by the Secretary pursuant to section 403(b) of the Pandemic and All-Hazards Preparedness and Advancing Innovation Act of 2019 are sufficient to ensure countermeasures and products under consideration for procurement pursuant to subsection (a) receive the same consideration regardless of whether such countermeasures and products receive or had received funding under section 247d–7e of this title, including with respect to whether such countermeasures

and products are most appropriate to meet the emergency health security needs of the United States; and

(x) with respect to reports issued in 2027 or any subsequent year, an assessment of selected contracts or cooperative agreements entered into pursuant to paragraph (5).

(B) Submission

Not later than 6 months after completing a classified version of the review under subparagraph (A), the Comptroller General shall submit an unclassified version of the review to the congressional committees of jurisdiction.

(7) Reimbursement for certain supplies

(A) In general

The Secretary may, at appropriate intervals, make available for purchase excess contents procured for, and maintained within, the stockpile under paragraph (1) to any Federal agency or State, local, or Tribal government. The Secretary shall make such contents available for purchase only if—

- (i) such contents are in excess of what is required for appropriate maintenance of such stockpile;
- (ii) the Secretary determines that the costs for maintaining such excess contents are not appropriate to expend to meet the needs of the stockpile; and
- (iii) the Secretary determines that such action does not compromise national security and is in the national interest.

(B) Reimbursement and collection

The Secretary may require reimbursement for contents that are made available under subparagraph (A), in an amount that reflects the cost of acquiring and maintaining such contents and the costs incurred to make available such contents in the time and manner specified by the Secretary. Amounts collected under this subsection shall be credited to the appropriations account or fund that incurred the costs to procure such contents, and shall remain available, without further appropriation, until expended, for the purposes of the appropriation account or fund so credited.

(C) Rule of construction

This paragraph shall not be construed to preclude transfers of contents in the stockpile under other authorities.

(D) Report

Not later than 2 years after December 29, 2022, and annually thereafter, the Secretary shall submit to the Committee on Health, Education, Labor, and Pensions and the Committee on Appropriations of the Senate and the Committee on Energy and Commerce and the Committee on Appropriations of the House of Representatives a report on the use of the authority provided under this paragraph, including details of each action taken pursuant to this paragraph, the account or fund to which any collected amounts have been credited, and how the Secretary has used such amounts.

(E) Sunset

The authority under this paragraph shall terminate on September 30, 2028.

(b) Smallpox vaccine development

(1) In general

The Secretary shall award contracts, enter into cooperative agreements, or carry out such other activities as may reasonably be required in order to ensure that the stockpile under subsection (a) includes an amount of vaccine against smallpox as determined by such Secretary to be sufficient to meet the health security needs of the United States.

(2) Rule of construction

Nothing in this section shall be construed to limit the private distribution, purchase, or sale of vaccines from sources other than the stockpile described in subsection (a).

(c) Additional authority regarding procurement of certain countermeasures; availability of special reserve fund

(1) In general

(A) Use of fund

A security countermeasure may, in accordance with this subsection, be procured with amounts in the special reserve fund as defined in subsection (h).

(B) Security countermeasure

For purposes of this subsection, the term "security countermeasure" means a drug (as that term is defined by section 201(g)(1) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321(g)(1))), biological product (as that term is defined by section 262(i) of this title), or device (as that term is defined by section 201(h) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321(h))) that—

(i)(I) the Secretary determines to be a priority (consistent with sections 182(2) and 184(a) of title 6) to diagnose, mitigate, prevent, or treat harm from any biological, chemical, radiological, or nuclear agent identified as a material threat under paragraph (2)(A)(ii), or to diagnose, mitigate, prevent, or treat harm from a condition that may result in adverse health consequences or death and may be caused by administering a drug, biological product, or device against such an agent;

(II) the Secretary determines under paragraph (2)(B)(ii) to be a necessary countermeasure; and

(III)(aa) is approved or cleared under chapter V of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 351 et seq.] or licensed under section 262 of this title; or

(bb) is a countermeasure for which the Secretary determines that sufficient and satisfactory clinical experience or research data (including data, if available, from pre-clinical and clinical trials) support a reasonable conclusion that the countermeasure will qualify for approval or licensing within 10 years after the date of a determination under paragraph (5); or

(ii) is authorized for emergency use under section 564 of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 360bbb–3].

(2) Determination of material threats

(A) Material threat

The Homeland Security Secretary, in consultation with the Secretary and the heads of other agencies as appropriate, shall on an ongoing basis—

(i) assess current and emerging threats of chemical, biological, radiological, and nuclear agents; and

(ii) determine which of such agents present a material threat against the United States population sufficient to affect national security.

(B) Public health impact; necessary countermeasures

The Secretary shall on an ongoing basis—

(i) assess the potential public health consequences for the United States population of exposure to agents identified under subparagraph (A)(ii); and

(ii) determine, on the basis of such assessment, the agents identified under subparagraph (A)(ii) for which countermeasures are necessary to protect the public health.

(C) Notice to Congress

The Secretary and the Secretary of Homeland Security shall send to Congress, not later than March 15 of each year, all current material threat determinations and shall promptly notify the Committee on Health, Education, Labor, and Pensions and the Committee on Homeland Security and Governmental Affairs of the Senate and the Committee on Energy and Commerce

and the Committee on Homeland Security of the House of Representatives that a determination has been made pursuant to subparagraph (A) or (B).

(D) Assuring access to threat information

In making the assessment and determination required under subparagraph (A), the Homeland Security Secretary shall use all relevant information to which such Secretary is entitled under section 122 of title 6, including but not limited to information, regardless of its level of classification, relating to current and emerging threats of chemical, biological, radiological, and nuclear agents.

(3) Assessment of availability and appropriateness of countermeasures

(A) In general

The Secretary, in consultation with the Homeland Security Secretary, shall assess on an ongoing basis the availability and appropriateness of specific countermeasures to address specific threats identified under paragraph (2).

(B) Information

The Secretary shall institute a process for making publicly available the results of assessments under subparagraph (A) while withholding such information as—

- (i) would, in the judgment of the Secretary, tend to reveal public health vulnerabilities; or
- (ii) would otherwise be exempt from disclosure under section 552 of title 5.

(4) Call for development of countermeasures; commitment for recommendation for procurement

(A) Proposal to the President

If, pursuant to an assessment under paragraph (3), the Homeland Security Secretary and the Secretary make a determination that a countermeasure would be appropriate but is either currently not developed or unavailable for procurement as a security countermeasure or is approved, licensed, or cleared only for alternative uses, such Secretaries may jointly submit to the President a proposal to—

- (i) issue a call for the development of such countermeasure; and
- (ii) make a commitment that, upon the first development of such countermeasure that meets the conditions for procurement under paragraph (5), the Secretaries will, based in part on information obtained pursuant to such call, and subject to the availability of appropriations, make available the special reserve fund as defined in subsection (h) for procurement of such countermeasure, as applicable.

(B) Countermeasure specifications

The Homeland Security Secretary and the Secretary shall, to the extent practicable, include in the proposal under subparagraph (A)—

- (i) estimated quantity of purchase (in the form of number of doses or number of effective courses of treatments regardless of dosage form);
- (ii) necessary measures of minimum safety and effectiveness;
- (iii) estimated price for each dose or effective course of treatment regardless of dosage form; and
- (iv) other information that may be necessary to encourage and facilitate research, development, and manufacture of the countermeasure or to provide specifications for the countermeasure.

(C) Presidential approval

If the President approves a proposal under subparagraph (A), the Homeland Security Secretary and the Secretary shall make known to persons who may respond to a call for the countermeasure involved—

- (i) the call for the countermeasure;
- (ii) specifications for the countermeasure under subparagraph (B); and

(iii) the commitment described in subparagraph (A)(ii).

(5) Secretary's determination of countermeasures appropriate for funding from special reserve fund

(A) In general

The Secretary, in accordance with the provisions of this paragraph, shall identify specific security countermeasures that the Secretary determines, in consultation with the Homeland Security Secretary, to be appropriate for inclusion in the stockpile under subsection (a) pursuant to procurements made with amounts in the special reserve fund as defined in subsection (h) (referred to in this subsection individually as a "procurement under this subsection").

(B) Requirements

In making a determination under subparagraph (A) with respect to a security countermeasure, the Secretary shall determine and consider the following:

- (i) The quantities of the product that will be needed to meet the stockpile needs.
- (ii) The feasibility of production and delivery within 10 years of sufficient quantities of the product.
- (iii) Whether there is a lack of a significant commercial market for the product at the time of procurement, other than as a security countermeasure.

(6) Recommendations for procurement

(A) Notice to appropriate congressional committees

The Secretary shall notify the Committee on Appropriations and the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Appropriations and the Committee on Energy and Commerce of the House of Representatives of each decision to make available the special reserve fund as defined in subsection (h) for procurement of a security countermeasure, including, where available, the number of, the nature of, and other information concerning potential suppliers of such countermeasure, and whether other potential suppliers of the same or similar countermeasures were considered and rejected for procurement under this section and the reasons for each such rejection.

(B) Subsequent specific countermeasures

Procurement under this subsection of a security countermeasure for a particular purpose does not preclude the subsequent procurement under this subsection of any other security countermeasure for such purpose if the Secretary has determined under paragraph (5)(A) that such countermeasure is appropriate for inclusion in the stockpile and if, as determined by the Secretary, such countermeasure provides improved safety or effectiveness, or for other reasons enhances preparedness to respond to threats of use of a biological, chemical, radiological, or nuclear agent. Such a determination by the Secretary is committed to agency discretion.

(7) Procurement

(A) Payments from special reserve fund

The special reserve fund as defined in subsection (h) shall be available for payments made by the Secretary to a vendor for procurement of a security countermeasure in accordance with the provisions of this paragraph.

(B) Procurement

(i) In general

The Secretary shall be responsible for—

- (I) arranging for procurement of a security countermeasure, including negotiating terms (including quantity, production schedule, and price) of, and entering into, contracts and cooperative agreements, and for carrying out such other activities as may reasonably be required, including advanced research and development, in accordance with the provisions of this subparagraph; and

(II) promulgating such regulations as the Secretary determines necessary to implement the provisions of this subsection.

(ii) Contract terms

A contract for procurements under this subsection shall (or, as specified below, may) include the following terms:

(I) Payment conditioned on delivery

The contract shall provide that no payment may be made until delivery of a portion, acceptable to the Secretary, of the total number of units contracted for, except that, notwithstanding any other provision of law, the contract may provide that, if the Secretary determines (in the Secretary's discretion) that an advance payment, partial payment for significant milestones, or payment to increase manufacturing capacity is necessary to ensure success of a project, the Secretary shall pay an amount, not to exceed 10 percent of the contract amount, in advance of delivery. The Secretary shall, to the extent practicable, make the determination of advance payment at the same time as the issuance of a solicitation. The contract shall provide that such advance payment is required to be repaid if there is a failure to perform by the vendor under the contract. The contract may also provide for additional advance payments of 5 percent each for meeting the milestones specified in such contract, except that such payments shall not exceed 50 percent of the total contract amount. If the specified milestones are reached, the advanced payments of 5 percent shall not be required to be repaid. Nothing in this subclause shall be construed as affecting the rights of vendors under provisions of law or regulation (including the Federal Acquisition Regulation) relating to the termination of contracts for the convenience of the Government.

(II) Discounted payment

The contract may provide for a discounted price per unit of a product that is not licensed, cleared, or approved as described in paragraph (1)(B)(i)(III)(aa) at the time of delivery, and may provide for payment of an additional amount per unit if the product becomes so licensed, cleared, or approved before the expiration date of the contract (including an additional amount per unit of product delivered before the effective date of such licensing, clearance, or approval).

(III) Contract duration

The contract shall be for a period not to exceed five years, except that, in first awarding the contract, the Secretary may provide for a longer duration, not exceeding 10 years, if the Secretary determines that complexities or other difficulties in performance under the contract justify such a period. The contract shall be renewable for additional periods, none of which shall exceed five years. The Secretary shall notify the vendor within 90 days of a determination by the Secretary to renew, extend, or terminate such contract.

(IV) Storage by vendor

The contract may provide that the vendor will provide storage for stocks of a product delivered to the ownership of the Federal Government under the contract, for such period and under such terms and conditions as the Secretary may specify, and in such case amounts from the special reserve fund as defined in subsection (h) shall be available for costs of shipping, handling, storage, and related costs for such product.

(V) Product approval

The contract shall provide that the vendor seek approval, clearance, or licensing of the product from the Secretary; for a timetable for the development of data and other information to support such approval, clearance, or licensing; and that the Secretary may waive part or all of this contract term on request of the vendor or on the initiative of the Secretary.

(VI) Non-stockpile transfers of security countermeasures

The contract shall provide that the vendor will comply with all applicable export-related controls with respect to such countermeasure.

(VII) Sales exclusivity

The contract may provide that the vendor is the exclusive supplier of the product to the Federal Government for a specified period of time, not to exceed the term of the contract, on the condition that the vendor is able to satisfy the needs of the Government. During the agreed period of sales exclusivity, the vendor shall not assign its rights of sales exclusivity to another entity or entities without approval by the Secretary. Such a sales exclusivity provision in such a contract shall constitute a valid basis for a sole source procurement under section 3304(a)(1) of title 41.

(VIII) Warm based surge capacity

The contract may provide that the vendor establish domestic manufacturing capacity of the product to ensure that additional production of the product is available in the event that the Secretary determines that there is a need to quickly purchase additional quantities of the product. Such contract may provide a fee to the vendor for establishing and maintaining such capacity in excess of the initial requirement for the purchase of the product. Additionally, the cost of maintaining the domestic manufacturing capacity shall be an allowable and allocable direct cost of the contract.

(IX) Contract terms

The Secretary, in any contract for procurement under this section—

(aa) may specify—

(AA) the dosing and administration requirements for the countermeasure to be developed and procured;

(BB) the amount of funding that will be dedicated by the Secretary for advanced research, development, and procurement of the countermeasure; and

(CC) the specifications the countermeasure must meet to qualify for procurement under a contract under this section; and

(bb) shall provide a clear statement of defined Government purpose limited to uses related to a security countermeasure, as defined in paragraph (1)(B).

(iii) Availability of simplified acquisition procedures

(I) In general

If the Secretary determines that there is a pressing need for a procurement of a specific countermeasure, the amount of the procurement under this subsection shall be deemed to be below the threshold amount specified in section 134 of title 41, for purposes of application to such procurement, pursuant to section 3101(b)(1)(A) of title 41, of—

(aa) section 3305(a)(1) of title 41 and its implementing regulations; and

(bb) section 3101(b)(1)(B) of title 41 and its implementing regulations.

(II) Application of certain provisions

Notwithstanding subclause (I) and the provision of law and regulations referred to in such clause, each of the following provisions shall apply to procurements described in this clause to the same extent that such provisions would apply to such procurements in the absence of subclause (I):

(aa) Chapter 37 of title 40 (relating to contract work hours and safety standards).

(bb) Section 8703(a) of title 41.

(cc) Section 4706 of title 41 (relating to the examination of contractor records).

(dd) Section 3131 of title 40 (relating to bonds of contractors of public buildings or works).

(ee) Section 3901 of title 41 (relating to contingent fees to middlemen).

(ff) Section 6962 of this title.

(gg) Section 1354 of title 31 (relating to the limitation on the use of appropriated funds for contracts with entities not meeting veterans employment reporting requirements).

(III) Internal controls to be established

The Secretary shall establish appropriate internal controls for procurements made under this clause, including requirements with respect to documentation of the justification for the use of the authority provided under this paragraph with respect to the procurement involved.

(IV) Authority to limit competition

In conducting a procurement under this subparagraph, the Secretary may not use the authority provided for under subclause (I) to conduct a procurement on a basis other than full and open competition unless the Secretary determines that the mission of the BioShield Program under the Project BioShield Act of 2004 would be seriously impaired without such a limitation.

(iv) Procedures other than full and open competition

(I) In general

In using the authority provided in section 3304(a)(1) of title 41 to use procedures other than competitive procedures in the case of a procurement under this subsection, the phrase "available from only one responsible source" in such section 3304(a)(1) shall be deemed to mean "available from only one responsible source or only from a limited number of responsible sources".

(II) Relation to other authorities

The authority under subclause (I) is in addition to any other authority to use procedures other than competitive procedures.

(III) Applicable government-wide regulations

The Secretary shall implement this clause in accordance with government-wide regulations implementing such section 3304(a)(1) (including requirements that offers be solicited from as many potential sources as is practicable under the circumstances, that required notices be published, and that submitted offers be considered), as such regulations apply to procurements for which an agency has authority to use procedures other than competitive procedures when the property or services needed by the agency are available from only one responsible source or only from a limited number of responsible sources and no other type of property or services will satisfy the needs of the agency.

(v) Premium provision in multiple award contracts

(I) In general

If, under this subsection, the Secretary enters into contracts with more than one vendor to procure a security countermeasure, such Secretary may, notwithstanding any other provision of law, include in each of such contracts a provision that—

(aa) identifies an increment of the total quantity of security countermeasure required, whether by percentage or by numbers of units; and

(bb) promises to pay one or more specified premiums based on the priority of such vendors' production and delivery of the increment identified under item (aa), in accordance with the terms and conditions of the contract.

(II) Determination of Government's requirement not reviewable

If the Secretary includes in each of a set of contracts a provision as described in subclause (I), such Secretary's determination of the total quantity of security countermeasure required, and any amendment of such determination, is committed to

agency discretion.

(vi) Extension of closing date for receipt of proposals not reviewable

A decision by the Secretary to extend the closing date for receipt of proposals for a procurement under this subsection is committed to agency discretion.

(vii) Limiting competition to sources responding to request for information

In conducting a procurement under this subsection, the Secretary may exclude a source that has not responded to a request for information under section 3306(a)(1)(B) of title 41 if such request has given notice that the Secretary may so exclude such a source.

(viii) Flexibility

In carrying out this section, the Secretary may, consistent with the applicable provisions of this section, enter into contracts and other agreements that are in the best interest of the Government in meeting identified security countermeasure needs, including with respect to reimbursement of the cost of advanced research and development as a reasonable, allowable, and allocable direct cost of the contract involved.

(8) Interagency cooperation

(A) In general

In carrying out activities under this section, the Homeland Security Secretary and the Secretary are authorized, subject to subparagraph (B), to enter into interagency agreements and other collaborative undertakings with other agencies of the United States Government. Such agreements may allow other executive agencies to order qualified and security countermeasures under procurement contracts or other agreements established by the Secretary. Such ordering process (including transfers of appropriated funds between an agency and the Department of Health and Human Services as reimbursements for such orders for countermeasures) may be conducted under the authority of section 1535 of title 31, except that all such orders shall be processed under the terms established under this subsection for the procurement of countermeasures.

(B) Limitation

An agreement or undertaking under this paragraph shall not authorize another agency to exercise the authorities provided by this section to the Homeland Security Secretary or to the Secretary.

(d) Disclosures

No Federal agency may disclose under section 552 of title 5 any information identifying the location at which materials in the stockpile described in subsection (a) are stored, or other information regarding the contents or deployment capability of the stockpile that could compromise national security.

(e) Definition

For purposes of subsection (a), the term "stockpile" includes—

(1) a physical accumulation (at one or more locations) of the supplies described in subsection (a); or

(2) a contractual agreement between the Secretary and a vendor or vendors under which such vendor or vendors agree to provide to such Secretary supplies described in subsection (a).

(f) Authorization of appropriations

(1) Strategic National Stockpile

For the purpose of carrying out subsection (a), there are authorized to be appropriated \$610,000,000 for each of fiscal years 2019 through 2021, and \$750,000,000 for each of fiscal years 2022 and 2023, to remain available until expended. Such authorization is in addition to amounts in the special reserve fund referred to in subsection (h).

(2) Smallpox vaccine development

For the purpose of carrying out subsection (b), there are authorized to be appropriated \$509,000,000 for fiscal year 2002, and such sums as may be necessary for each of fiscal years 2003 through 2006.

(g) Special reserve fund

(1) Authorization of appropriations

In addition to amounts appropriated to the special reserve fund prior to March 13, 2013, there is authorized to be appropriated, for the procurement of security countermeasures under subsection (c) and for carrying out section 247d–7e of this title (relating to the Biomedical Advanced Research and Development Authority), \$7,100,000,000 for the period of fiscal years 2019 through 2028, to remain available until expended.

(2) Use of special reserve fund for advanced research and development

The Secretary may utilize not more than 50 percent of the amounts authorized to be appropriated under paragraph (1) to carry out section 247d–7e of this title (related to the Biomedical Advanced Research and Development Authority). Amounts authorized to be appropriated under this subsection to carry out section 247d–7e of this title are in addition to amounts otherwise authorized to be appropriated to carry out such section.

(3) Restrictions on use of funds

Amounts in the special reserve fund shall not be used to pay costs other than payments made by the Secretary to a vendor for advanced development (under section 247d–7e of this title) or for procurement of a security countermeasure under subsection (c)(7).

(4) Report on security countermeasure procurement

Not later than March 1 of each year in which the Secretary determines that the amount of funds available for procurement of security countermeasures is less than \$1,500,000,000, the Secretary shall submit to the Committee on Appropriations and the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Appropriations and the Committee on Energy and Commerce of the House of Representatives a report detailing the amount of such funds available for procurement and the impact such amount of funding will have—

(A) in meeting the security countermeasure needs identified under this section; and

(B) on the annual Public Health Emergency Medical Countermeasures Enterprise and Strategy Implementation Plan (pursuant to section 300hh–10(d) of this title).

(5) Clarification on contracting authority

The Secretary, acting through the Director of the Biomedical Advanced Research and Development Authority, shall carry out the programs funded by the special reserve fund (for the procurement of security countermeasures under subsection (c) and for carrying out section 247d–7e of this title), including the execution of procurement contracts, grants, and cooperative agreements pursuant to this section and section 247d–7e of this title.

(h) Definitions

In this section:

(1) The term "advanced research and development" has the meaning given such term in section 247d–7e(a) of this title.

(2) The term "special reserve fund" means the "Biodefense Countermeasures" appropriations account, any appropriation made available pursuant to section 321j(a) of title 6, and any appropriation made available pursuant to subsection (g)(1).

(i) Pilot program to support State medical stockpiles

(1) In general

The Secretary, in consultation with the Assistant Secretary for Preparedness and Response and the Director of the Centers for Disease Control and Prevention, shall award grants or cooperative

agreements to not fewer than 5 States, or consortia of States, with consideration given to distribution among the geographical regions of the United States, to establish, expand, or maintain a stockpile of appropriate drugs, vaccines and other biological products, medical devices, and other medical supplies determined by the State to be necessary to respond to a public health emergency declared by the Governor of a State or by the Secretary under section 247d of this title, or a major disaster or emergency declared by the President under section 5170 or 5191, respectively, of this title, in order to support the preparedness goals described in paragraphs (2) through (6) and (8) of section 300hh-1(b) of this title. A recipient of such an award may not use award funds to support the stockpiling of security countermeasures (as defined in subsection (c)(1),³ unless the eligible entity provides justification for maintaining such countermeasures and the Secretary determines such justification is appropriate and applicable.

(2) Requirements

(A) Application

To be eligible to receive an award under paragraph (1), an entity shall prepare, in consultation with appropriate health care entities and health officials within the jurisdiction of such State or States, and submit to the Secretary an application that contains such information as the Secretary may require, including—

- (i) a plan for such stockpile, consistent with paragraph (4), including—
 - (I) a description of the activities such entity will carry out under the agreement;
 - (II) an assurance that such entity will use funds under such award in alignment with the requirements of chapter 83 of title 41 (commonly referred to as the "Buy American Act"); and
 - (III) an outline of proposed expenses; and

- (ii) a description of how such entity will coordinate with relevant entities in receipt of an award under section 247d-3a or 247d-3b of this title pursuant to paragraph (4), including through promoting alignment between the stockpile plan established pursuant to clause (i) and applicable plans that are established by such entity pursuant to section 247d-3a or 247d-3b of this title.

(B) Matching funds

(i) Subject to clause (ii), the Secretary may not make an award under this subsection unless the applicant agrees, with respect to the costs to be incurred by the applicant in carrying out the purpose described in this subsection, to make available non-Federal contributions toward such costs in an amount equal to—

- (I) for each of fiscal years 2023 and 2024, not less than \$1 for each \$20 of Federal funds provided in the award; and
- (II) for fiscal year 2025 and each fiscal year thereafter, not less than \$1 for each \$10 of Federal funds provided in the award.

(ii) **WAIVER.**—The Secretary may, upon the request of a State, waive the requirement under clause (i), in whole or in part, if the Secretary determines that extraordinary economic conditions in the State in the fiscal year involved or in the previous fiscal year justify the waiver. A waiver provided by the Secretary under this subparagraph shall apply only to the fiscal year involved.

(C) Administrative expenses

Not more than 10 percent of amounts received by an entity pursuant to an award under this subsection may be used for administrative expenses.

(3) Lead entity

An entity in receipt of an award under paragraph (1) may designate a lead entity, which may be a public or private entity, as appropriate, to manage the stockpile at the direction of the State or consortium of States.

(4) Use of funds

An entity in receipt of an award under paragraph (1) shall use such funds to—

(A) purchase, store, and maintain a stockpile of appropriate drugs, vaccines and other biological products, medical devices, and other medical supplies to be used during a public health emergency, major disaster, or emergency described in paragraph (1), in such numbers, types, and amounts as the entity determines necessary, consistent with such entity's stockpile plan established pursuant to paragraph (2)(A)(i);

(B) deploy the stockpile as required by the entity to respond to an actual or potential public health emergency, major disaster, or other emergency described in paragraph (1);

(C) replenish and make necessary additions or modifications to the contents of such stockpile, including to address potential depletion;

(D) in consultation with Federal, State, and local officials, take into consideration the availability, deployment, dispensing, and administration requirements of medical products within the stockpile;

(E) ensure that procedures are followed for inventory management and accounting, and for the physical security of the stockpile, as appropriate;

(F) review and revise, as appropriate, the contents of the stockpile on a regular basis to ensure that, to the extent practicable, new technologies and medical products are considered;

(G) carry out exercises, drills, and other training for purposes of stockpile deployment, dispensing, and administration of medical products, and for purposes of assessing the capability of such stockpile to address the medical supply needs of public health emergencies, major disasters, or other emergencies described in paragraph (1) of varying types and scales, which may be conducted in accordance with requirements related to exercises, drills, and other training for recipients of awards under section 247d–3a or 247d–3b of this title, as applicable; and

(H) carry out other activities related to the State strategic stockpile as the entity determines appropriate, to support State efforts to prepare for, and respond to, public health threats.

(5) Supplement not supplant

Awards under paragraph (1) shall supplement, not supplant, the maintenance and use of the Strategic National Stockpile by the Secretary under subsection (a).

(6) Guidance for States

Not later than 180 days after December 29, 2022, the Secretary, in consultation with States, health officials, and other relevant stakeholders, as appropriate, shall issue guidance, and update such guidance as appropriate, for States related to maintaining and replenishing a stockpile of medical products, which may include strategies and best practices related to—

(A) types of medical products and medical supplies that are critical to respond to public health emergencies, and may be appropriate for inclusion in a stockpile by States, with consideration of threats that require the large-scale and simultaneous deployment of stockpiles, including the stockpile maintained by the Secretary pursuant to subsection (a), and long-term public health and medical response needs;

(B) appropriate management of the contents of a stockpile, including management by vendors of reserve amounts of medical products and supplies intended to be delivered to the ownership of the State and appropriate disposition of excess products, as applicable; and

(C) the procurement of medical products and medical supplies consistent with the requirements of chapter 83 of title 41 (commonly referred to as the "Buy American Act").

(7) Technical assistance

The Secretary shall provide assistance to States, including technical assistance, as appropriate, in establishing, maintaining, improving, and utilizing a medical stockpile, including appropriate inventory management and disposition of products.

(8) Reporting

(A) State reports

Each entity receiving an award under paragraph (1) shall update, as appropriate, the plan established pursuant to paragraph (2)(A)(i) and submit to the Secretary an annual report on implementation of such plan, including any changes to the contents of the stockpile supported under such award. The Secretary shall use information obtained from such reports to inform the maintenance and management of the Strategic National Stockpile pursuant to subsection (a).

(B) Reports to Congress

Not later than 1 year after the initial issuance of awards pursuant to paragraph (1), and annually thereafter for the duration of the program established under this subsection, the Secretary shall submit to the Committee on Health, Education, Labor, and Pensions and the Committee on Appropriations of the Senate and the Committee on Energy and Commerce and the Committee on Appropriations of the House of Representatives a report on such program, including—

- (i) Federal and State expenditures to support stockpiles under such program;
- (ii) activities conducted pursuant to paragraph (4); and
- (iii) any additional information from the States that the Secretary determines relevant.

(9) Authorization of appropriations

To carry out this subsection, there is authorized to be appropriated \$3,500,000,000 for each of fiscal years 2023 and 2024, to remain available until expended.

2016—Subsec. (a)(3). Pub. L. 114–255, §3081(1), added par. (3).

Subsec. (c)(4)(A)(ii). Pub. L. 114–255, §3085(1), substituted "and subject to the availability of appropriations, make available the special reserve fund as defined in subsection (h) for procurement of such countermeasure, as applicable" for "make a recommendation under paragraph (6) that the special reserve fund as defined in subsection (h) be made available for the procurement of such countermeasure".

Subsec. (c)(6). Pub. L. 114–255, §3085(2)(D), substituted "Recommendations for procurement" for "Recommendation for President's approval" in heading.

Subsec. (c)(6)(A). Pub. L. 114–255, §3085(2)(C), amended subpar. (A) generally. Prior to amendment, text read as follows: "The Secretary and the Homeland Security Secretary shall notify the appropriate congressional committees of each decision of the President to approve a recommendation under subparagraph

(A). Such notice shall include an explanation of the decision to make available the special reserve fund as defined in subsection (h) for procurement of such a countermeasure, including, where available, the number of, nature of, and other information concerning potential suppliers of such countermeasure, and whether other potential suppliers of the same or similar countermeasures were considered and rejected for procurement under this section and the reasons therefor."

Pub. L. 114–255, §3085(2)(A), (B), redesignated subpar. (C) as (A) and struck out former subpar. (A). Text of former subpar. (A) read as follows: "In the case of a security countermeasure that the Secretary has, in accordance with paragraphs (3) and (5), determined to be appropriate for procurement under this subsection, the Homeland Security Secretary and the Secretary shall jointly submit to the President, in coordination with the Director of the Office of Management and Budget, a recommendation that the special reserve fund as defined in subsection (h) be made available for the procurement of such countermeasure."

Subsec. (c)(6)(B). Pub. L. 114–255, §3085(2)(A), (B), redesignated subpar. (D) as (B) and struck out former subpar. (B). Text of former subpar. (B) read as follows: "The special reserve fund as defined in subsection (h) is available for a procurement of a security countermeasure only if the President has approved a recommendation under subparagraph (A) regarding the countermeasure."

Subsec. (c)(6)(C), (D). Pub. L. 114–255, §3085(2)(B), redesignated subpars. (C) and (D) as (A) and (B), respectively.

Subsec. (c)(6)(E). Pub. L. 114–255, §3085(2)(A), struck out subpar. (E). Text read as follows: "Recommendations and approvals under this paragraph apply solely to determinations that the special reserve fund as defined in subsection (h) will be made available for a procurement of a security countermeasure, and not to the substance of contracts for such procurement or other matters relating to awards of such contracts."

Subsec. (c)(7)(A). Pub. L. 114–255, §3085(3)(A), added subpar. (A) and struck out former subpar. (A). Text of former subpar. (A) read as follows: "For purposes of a procurement under this subsection that is approved by the President under paragraph (6), the Homeland Security Secretary and the Secretary shall have responsibilities in accordance with subparagraphs (B) and (C)."

Subsec. (c)(7)(B), (C). Pub. L. 114–255, §3085(3), redesignated subpar. (C) as (B) and struck out former subpar. (B). Text of former subpar. (B) read as follows: "The Homeland Security Secretary shall enter into an agreement with the Secretary for procurement of a security countermeasure in accordance with the provisions of this paragraph. The special reserve fund as defined in subsection (h) shall be available for payments made by the Secretary to a vendor for such procurement."

Subsec. (g)(4). Pub. L. 114–255, §3081(2), amended par. (4) generally. Prior to amendment, text read as follows: "Not later than 30 days after any date on which the Secretary determines that the amount of funds in the special reserve fund available for procurement is less than \$1,500,000,000, the Secretary shall submit to the appropriate committees of Congress a report detailing the amount of such funds available for procurement and the impact such reduction in funding will have—

"(A) in meeting the security countermeasure needs identified under this section; and

"(B) on the annual Public Health Emergency Medical Countermeasures Enterprise and Strategy Implementation Plan (pursuant to section 300hh–10(d) of this title)."

Subsec. (g)(5). Pub. L. 114–255, §3082(a), added par. (5).

2013—Subsec. (a)(1). Pub. L. 113–5, §403(1)(A), inserted "consistent with section 300hh–10 of this title" after "amounts as are determined" and "and shall submit such review annually to the appropriate congressional committees of jurisdiction to the extent that disclosure of such information does not compromise national security" after "based on such review".

Subsec. (a)(2)(D). Pub. L. 113–5, §403(1)(B), inserted "and that the potential depletion of countermeasures currently in the stockpile is identified and appropriately addressed, including through necessary replenishment" before semicolon at end.

Subsec. (c). Pub. L. 113–5, §401(b)(1)(A), substituted "special reserve fund as defined in subsection (h)" for "special reserve fund under paragraph (10)" wherever appearing.

Subsec. (c)(1)(B)(i)(III)(bb). Pub. L. 113–5, §401(a)(1), substituted "10 years" for "eight years".

Subsec. (c)(2)(C). Pub. L. 113–5, §401(a)(2), substituted "the appropriate committees of Congress" for "the designated congressional committees (as defined in paragraph (10))".

Subsec. (c)(5)(B)(ii). Pub. L. 113–5, §401(a)(3), substituted "10 years" for "eight years".

Subsec. (c)(6)(C). Pub. L. 113–5, §401(a)(4), substituted "appropriate congressional committees" for "designated congressional committees" in heading and in text.

Subsec. (c)(7)(C)(i)(I). Pub. L. 113–5, §401(a)(5)(A), inserted "including advanced research and development," after "as may reasonably be required,".

Subsec. (c)(7)(C)(ii)(III). Pub. L. 113–5, §401(a)(5)(B)(i), substituted "10 years" for "eight years".

Subsec. (c)(7)(C)(ii)(IX). Pub. L. 113–5, §401(a)(5)(B)(ii), added subcl. (IX) and struck out former subcl.

(IX). Prior to amendment, text read as follows: "The Secretary, in any contract for procurement under this section, may specify—

"(aa) the dosing and administration requirements for countermeasures to be developed and procured;

"(bb) the amount of funding that will be dedicated by the Secretary for development and acquisition of the countermeasure; and

"(cc) the specifications the countermeasure must meet to qualify for procurement under a contract under this section."

Subsec. (c)(7)(C)(viii). Pub. L. 113–5, §401(a)(5)(C), added cl. (viii).

Subsec. (c)(9), (10). Pub. L. 113–5, §401(b)(1)(B), struck out pars. (9) and (10) which described restrictions on the use of funds and defined "special reserve fund" and "designated congressional committees".

Subsec. (f)(1). Pub. L. 113–5, §403(2), substituted "\$533,800,000 for each of fiscal years 2014 through 2018. Such authorization is in addition to amounts in the special reserve fund referred to in subsection (h)." for "\$640,000,000 for fiscal year 2002, and such sums as may be necessary for each of fiscal years 2003 through 2006. Such authorization is in addition to amounts in the special reserve fund referred to in subsection (c)(10)(A) of this section."

Subsecs. (g), (h). Pub. L. 113–5, §401(b)(2), added subsecs. (g) and (h).

2006—Pub. L. 109–417, §406(1), inserted "and security countermeasure procurements" after "Stockpile" in section catchline.

Subsec. (a)(1). Pub. L. 109–417, §102(c), inserted "in collaboration with the Director of the Centers for Disease Control and Prevention, and" after "The Secretary," and inserted at end "The Secretary shall conduct an annual review (taking into account at-risk individuals) of the contents of the stockpile, including non-pharmaceutical supplies, and make necessary additions or modifications to the contents based on such review."

Subsec. (c). Pub. L. 109–417, §406(2)(A), struck out "biomedical" before "countermeasures" in heading.

Subsec. (c)(1)(B)(i)(I). Pub. L. 109–417, §403(b), which directed amendment of section 319F–2(c)(1)(B) by substituting "diagnose, mitigate, prevent, or treat" for "treat, identify, or prevent" wherever appearing, was executed by making the substitution in two places in subsec. (c)(1)(B)(i)(I) of this section, which is section 319F–2 of the Public Health Service Act, to reflect the probable intent of Congress.

Subsec. (c)(3). Pub. L. 109–417, §406(2)(B), designated existing provisions as subpar. (A), inserted heading, and added subpar. (B).

Subsec. (c)(4)(A). Pub. L. 109–417, §406(2)(C), inserted "not developed or" after "currently" in introductory provisions.

Subsec. (c)(5)(B)(i). Pub. L. 109–417, §406(2)(D), substituted "to meet the stockpile needs" for "to meet the needs of the stockpile".

Subsec. (c)(7)(B). Pub. L. 109–417, §406(2)(E), substituted "cost" for "costs" in subpar. heading, struck out cl. (i) designation and heading before "The Homeland", and struck out heading and text of cl. (ii). Text read as follows: "The actual costs to the Secretary under this section, other than the costs described in clause (i), shall be paid from the appropriation provided for under subsection (f)(1) of this section."

Subsec. (c)(7)(C)(ii)(I). Pub. L. 109–417, §406(2)(F)(i), amended heading and text of subcl. (I) generally. Prior to amendment, text read as follows: "The contract shall provide that no payment may be made until delivery has been made of a portion, acceptable to the Secretary, of the total number of units contracted for, except that, notwithstanding any other provision of law, the contract may provide that, if the Secretary determines (in the Secretary's discretion) that an advance payment is necessary to ensure success of a project, the Secretary may pay an amount, not to exceed 10 percent of the contract amount, in advance of delivery. The contract shall provide that such advance payment is required to be repaid if there is a failure to perform by the vendor under the contract. Nothing in this subclause may be construed as affecting rights of vendors under provisions of law or regulation (including the Federal Acquisition Regulation) relating to termination of contracts for the convenience of the Government."

Subsec. (c)(7)(C)(ii)(VII) to (IX). Pub. L. 109–417, §406(2)(F)(ii), added subcls. (VII) to (IX).

Subsec. (c)(8)(A). Pub. L. 109–417, §406(2)(G), inserted at end "Such agreements may allow other executive agencies to order qualified and security countermeasures under procurement contracts or other agreements established by the Secretary. Such ordering process (including transfers of appropriated funds between an agency and the Department of Health and Human Services as reimbursements for such orders for countermeasures) may be conducted under the authority of section 1535 of title 31, except that all such orders shall be processed under the terms established under this subsection for the procurement of countermeasures."

2004—Pub. L. 108–276, §3(a)(2), amended section generally. Prior to amendment, text related in subsec. (a) to Strategic National Stockpile, in subsec. (b) to smallpox vaccine development, in subsec. (c) to disclosures, in subsec. (d) to definition of "stockpile", and in subsec. (e) to authorization of appropriations.

2002—Subsec. (a)(1). Pub. L. 107–296, §1705(a)(1), substituted "The Secretary of Homeland Security" for "The Secretary of Health and Human Services" and inserted "the Secretary of Health and Human Services and" after "in coordination with" and "of Health and Human Services" after "as are determined by the Secretary".

Subsecs. (a)(2), (b)(1). Pub. L. 107–296, §1705(a)(2), inserted "of Health and Human Services" after "Secretary" wherever appearing.

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE OF 2002 AMENDMENT

Pub. L. 107–296, title XVII, §1705(b), Nov. 25, 2002, 116 Stat. 2316, provided that: "The amendments made by this section [amending this section] shall take effect on the date of transfer of the Strategic National Stockpile of the Department of Health and Human Services to the Department [of Homeland Security]."

IMPROVING TRANSPARENCY AND PREDICTABILITY OF PROCESSES OF THE STRATEGIC NATIONAL STOCKPILE

Pub. L. 117–328, div. FF, title II, §2404(a), Dec. 29, 2022, 136 Stat. 5785, provided that: "Not later than 60 days after the date of enactment of this Act [Dec. 29, 2022], the Secretary of Health and Human Services (referred to in this section as the 'Secretary') shall issue guidance describing the processes by which the Secretary deploys the contents of the Strategic National Stockpile under section 319F–2(a) of the Public Health Service Act (42 U.S.C. 247d–6b(a)), or otherwise distributes medical countermeasures, as applicable, to States, territories, Indian Tribes and Tribal organizations (as such terms are defined under section 4 of the Indian Self-Determination and Education Assistance Act [25 U.S.C. 5304]), and other applicable entities. Such guidance shall include information related to processes by which to request access to the contents of the Strategic National Stockpile, factors considered by the Secretary when making deployment or distribution decisions, and processes and points of contact through which entities may contact the Secretary to address any issues related to products requested or received by such entity from the stockpile, and on other relevant topics."

INCREASED MANUFACTURING CAPACITY FOR CERTAIN CRITICAL ANTIBIOTIC DRUGS

Pub. L. 117–328, div. FF, title II, §2411, Dec. 29, 2022, 136 Stat. 5793, provided that:

"(a) PROGRAM.—

"(1) IN GENERAL.—The Secretary, in consultation with the Assistant Secretary for Preparedness and Response and Commissioner of Food and Drugs, may award contracts to increase the domestic manufacturing capacity of certain antibiotic drugs with identified supply chain vulnerabilities, or the active pharmaceutical ingredient or key starting material of such antibiotic drugs.

"(2) ELIGIBLE ENTITIES.—To be eligible to receive an award under this subsection, an entity shall—

"(A) be a manufacturer that is in compliance with, or demonstrates capability to comply with, the relevant requirements of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.); and

"(B) prepare and submit to the Secretary an application at such time, and in such manner, and containing such information as the Secretary may require, including—

"(i) a description of proposed activities to be supported by an award under this subsection to increase manufacturing capacity for such antibiotic drug or drugs;

"(ii) the antibiotic drug or drugs, or related active pharmaceutical ingredients or key starting materials for such drug or drugs, that such entity intends to manufacture with any increased manufacturing capacity supported by an award under this subsection;

"(iii) any additional products such increased manufacturing capacity could be used to manufacture;

"(iv) a description of the current supply chain for such antibiotic drugs, including any existing and applicable manufacturing facilities, known vulnerabilities in the supply chain, known or potential supply limitations, such as foreign export restrictions, or subsidies from foreign governments, as applicable;

"(v) a description of how such entity may use advanced or flexible manufacturing in carrying out the terms of an award under this subsection; and

"(vi) a strategic plan regarding the maintenance, operation, and sustainment of such increased manufacturing capacity following the expiration of a contract under this subsection.

"(3) USE OF FUNDS.—A recipient of an award under this subsection shall use such funds to build,

expand, upgrade, modify, or recommission a facility located in the United States, which may include the purchase or upgrade of equipment, as applicable, to support increased manufacturing capacity of certain antibiotic drugs for which supply chain vulnerabilities exist, or the active pharmaceutical ingredient or key starting material of such antibiotic drugs.

"(4) REPORTS.—An entity in receipt of an award under this subsection shall submit to the Secretary such reports as the Secretary may require related to increasing domestic manufacturing capacity of antibiotic drugs pursuant to a contract under this subsection, including actions taken to implement the strategic plan required under paragraph (2)(B)(vi).

"(5) CONTRACT TERMS.—The following shall apply to a contract to support increased domestic manufacturing capacity under this subsection:

"(A) MILESTONE-BASED PAYMENTS.—The Secretary may provide payment, including advance payment or partial payment for significant milestones, if the Secretary makes a determination that such payment is necessary and appropriate.

"(B) REPAYMENT.—The contract shall provide that such payment is required to be repaid if there is a failure to perform by the manufacturer under the contract; if the specified milestones are reached, an advance or partial payment shall not be required to be repaid.

"(C) CONTRACT DURATION.—

"(i) IN GENERAL.—Each contract shall be for a period not to exceed 5 years.

"(ii) NON-RENEWABILITY.—A contract shall not be renewable.

"(iii) NOTIFICATIONS OF EXTENSIONS AND TERMINATIONS.—If the Secretary decides to terminate a contract prior to its expiration, the Secretary shall notify the manufacturer within 90 days of such determination.

"(D) ADDITIONAL TERMS.—The Secretary, in any contract under this subsection—

"(i) may specify—

"(I) the amount of funding that will be dedicated by the Secretary for supporting increased manufacturing capacity under such contract; and

"(II) the amount of manufacturing capacity that such eligible entity must meet; and

"(ii) shall provide a clear statement of defined Federal Government purpose limited to uses related to increasing domestic manufacturing capacity for antibiotic drugs to address identified supply chain vulnerabilities and challenges to establishing and maintaining domestic manufacturing capacity.

"(E) SUSTAINMENT.—Each contract shall provide for the eligible entity to update the strategic plan required under paragraph (2)(B)(vi) throughout the duration of such contract, as required by the Secretary.

"(b) REPORT.—Not later than 2 years after the date of enactment of this Act [Dec. 29, 2022] and every year thereafter until the termination or expiration of all such contracts, the Secretary shall submit to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives a report on any activities supported under subsection (a), including—

"(1) the antibiotic drugs for which the Secretary prioritized awards under subsection (a), including a description of how the Secretary consulted with stakeholders to inform such prioritization;

"(2) information regarding each contract awarded pursuant to subsection (a), including—

"(A) the recipient of each such contract, including any recipients of a subaward;

"(B) the milestone and performance requirements pursuant to each such contract;

"(C) the duration of each such contract;

"(D) the amount of funding provided by the Secretary pursuant to each such contract, including any advanced or partial payments;

"(E) the antibiotic drugs supported through each such contract, including a description of the medical necessity of each such antibiotic drug and any supply chain vulnerabilities, limitations, and related characteristics identified pursuant to subsection (a)(2)(B)(iv) for each such antibiotic drug; and

"(F) the amount of increased manufacturing capacity for such antibiotic drug that each such contract supports; and

"(3) a description of how such contracts address supply chain vulnerabilities, including increasing manufacturing capacity of antibiotic drugs in the United States; and

"(4) a description of the strategic plan submitted pursuant to subsection (a)(2)(B)(vi) by each recipient of an award under subsection (a).

"(c) RULE OF CONSTRUCTION.—Nothing in this section shall be construed—

"(1) to limit, directly or indirectly, or otherwise impact the private distribution, purchase, or sale of antibiotic drugs or active pharmaceutical ingredients or key starting materials; or

"(2) to authorize the Secretary to disclose any information that is a trade secret, or other privileged or confidential information subject to section 552(b)(4) of title 5, United States Code, or section 1905 of title 18, United States Code.

"(d) DEFINITIONS.—For purposes of this section:

"(1) ACTIVE PHARMACEUTICAL INGREDIENT.—The term 'active pharmaceutical ingredient' has the meaning given such term in section 744A of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 379j–41).

"(2) ANTIBIOTIC DRUG.—The term 'antibiotic drug' means an antibacterial or antifungal drug approved by the Food and Drug Administration under section 505(j) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(j)) that is of significant priority to providing health care and is medically necessary to have available at all times in an amount adequate to serve patient needs.

"(3) KEY STARTING MATERIAL.—The term 'key starting material' means any component of a drug that the Secretary determines to be necessary to the safety and effectiveness of the drug.

"(4) SECRETARY.—The term 'Secretary' means the Secretary of Health and Human Services.

"(e) SUNSET.—The authority to enter into new contracts under this section shall cease to be effective 3 years after the date of enactment of this Act [Dec. 29, 2022], and, beginning on the date that is 8 years after the date of enactment of this Act, this section shall have no force or effect."

FIRST RESPONDER ANTHRAX PREPAREDNESS

Pub. L. 114–268, Dec. 14, 2016, 130 Stat. 1387, provided that:

"SECTION 1. SHORT TITLE.

"This Act may be cited as the 'First Responder Anthrax Preparedness Act'.

"SEC. 2. VOLUNTARY PRE-EVENT ANTHRAX VACCINATION PILOT PROGRAM FOR EMERGENCY RESPONSE PROVIDERS.

"(a) PILOT PROGRAM.—

"(1) ESTABLISHMENT.—The Secretary of Homeland Security, in coordination with the Secretary of Health and Human Services, shall carry out a pilot program to provide eligible anthrax vaccines from the Strategic National Stockpile under section 319F–2(a) of the Public Health Service Act (42 U.S.C. 247d–6b(a)) that will be nearing the end of their labeled dates of use at the time such vaccines are made available to States for administration to emergency response providers who would be at high risk of exposure to anthrax if such an attack should occur and who voluntarily consent to such administration.

"(2) DETERMINATION.—The Secretary of Health and Human Services shall determine whether an anthrax vaccine is eligible to be provided to the Secretary of Homeland Security for the pilot program described in paragraph (1) based on—

"(A) a determination that the vaccine is not otherwise allotted for other purposes;

"(B) a determination that the provision of the vaccine will not reduce, or otherwise adversely affect, the capability to meet projected requirements for this product during a public health emergency, including a significant reduction of available quantities of vaccine in the Strategic National Stockpile; and

"(C) such other considerations as determined appropriate by the Secretary of Health and Human Services.

"(3) PRELIMINARY REQUIREMENTS.—Before implementing the pilot program required under this subsection, the Secretary of Homeland Security, in coordination with the Secretary of Health and Human Services, shall—

"(A) establish a communication platform for the pilot program;

"(B) develop and deliver education and training for the pilot program;

"(C) conduct economic analysis of the pilot program, including a preliminary estimate of total costs and expected benefits;

"(D) create a logistical platform for the anthrax vaccine request process under the pilot program;

"(E) establish goals and desired outcomes for the pilot program; and

"(F) establish a mechanism to reimburse the Secretary of Health and Human Services for—

"(i) the costs of shipment and transportation of such vaccines provided to the Secretary of Homeland Security from the Strategic National Stockpile under such pilot program, including staff time directly supporting such shipment and transportation; and

"(ii) the amount, if any, by which the warehousing costs of the Strategic National Stockpile are increased in order to operate such pilot program.

"(4) LOCATION.—

"(A) IN GENERAL.—In carrying out the pilot program required under this subsection, the Secretary of Homeland Security shall select not fewer than 2 nor more than 5 States for voluntary participation in the pilot program.

"(B) REQUIREMENT.—Each State that participates in the pilot program under this subsection shall ensure that such participation is consistent with the All-Hazards Public Health Emergency Preparedness and Response Plan of the State developed under section 319C–1 of the Public Health Service Act (42 U.S.C. 247d–3a).

"(5) GUIDANCE FOR SELECTION.—To ensure that participation in the pilot program under this subsection strategically increases State and local response readiness in the event of an anthrax release, the Secretary of Homeland Security, in coordination with the Secretary of Health and Human Services, shall provide guidance to participating States and units of local government on identifying emergency response providers who are at high risk of exposure to anthrax.

"(6) DISTRIBUTION OF INFORMATION.—The Secretary of Homeland Security shall require that each State that participates in the pilot program under this subsection submit a written certification to the Secretary of Homeland Security stating that each emergency response provider within the State that participates in the pilot program is provided with disclosures and educational materials designated by the Secretary of Health and Human Services, which may include—

"(A) materials regarding the associated benefits and risks of any vaccine provided under the pilot program, and of exposure to anthrax;

"(B) additional material consistent with the Centers for Disease Control and Prevention's clinical guidance; and

"(C) notice that the Federal Government is not obligated to continue providing anthrax vaccine after the date on which the pilot program ends.

"(7) MEMORANDUM OF UNDERSTANDING.—Before implementing the pilot program under this subsection, the Secretary of Homeland Security shall enter into a memorandum of understanding with the Secretary of Health and Human Services to—

"(A) define the roles and responsibilities of each Department for the pilot program; and

"(B) establish other performance metrics and policies for the pilot program, as appropriate.

"(8) REPORT.—

"(A) IN GENERAL.—Notwithstanding subsection (c), not later than 1 year after the date on which the initial vaccines are administered under this section, and annually thereafter until 1 year after the completion of the pilot program under this section, the Secretary of Homeland Security, in coordination with the Secretary of Health and Human Services, shall submit to the Committee on Homeland Security and the Committee on Energy and Commerce of the House of Representatives and the Committee on Homeland Security and Governmental Affairs and the Committee on Health, Education, Labor, and Pensions of the Senate a report on the progress and results of the pilot program, including—

"(i) a detailed tabulation of the costs to administer the program, including—

"(I) total costs for management and administration;

"(II) total costs to ship vaccines;

"(III) total number of full-time equivalents allocated to the program; and

"(IV) total costs to the Strategic National Stockpile;

"(ii) the number and percentage of eligible emergency response providers, as determined by each pilot location, that volunteer to participate;

"(iii) the degree to which participants complete the vaccine regimen;

"(iv) the total number of doses of vaccine administered; and

"(v) recommendations to improve initial and recurrent participation in the pilot program.

"(B) FINAL REPORT.—The final report required under subparagraph (A) shall—

"(i) consider whether the pilot program required under this subsection should continue after the date described in subsection (c); and

"(ii) include—

"(I) an analysis of the costs and benefits of continuing the program to provide anthrax vaccines to emergency response providers;

"(II) an explanation of the economic, health, and other risks and benefits of administering vaccines through the pilot program rather than post-event treatment; and

"(III) in the case of a recommendation under clause (i) to continue the pilot program after the date described in subsection (c), a plan under which the pilot program could be continued.

"(b) DEADLINE FOR IMPLEMENTATION.—Not later than 1 year after the date of enactment of this Act

[Dec. 14, 2016], the Secretary of Homeland Security shall begin implementing the pilot program under this section.

"(c) SUNSET.—The authority to carry out the pilot program under this section shall expire on the date that is 5 years after the date of enactment of this Act [Dec. 14, 2016]."

STOCKPILE FUNCTIONS TRANSFERRED

Pub. L. 108–276, §3(c)(1), (2), July 21, 2004, 118 Stat. 853, provided that:

"(1) IN GENERAL.—Except as provided in paragraph (2), there shall be transferred to the Secretary of Health and Human Services the functions, personnel, assets, unexpended balances, and liabilities of the Strategic National Stockpile, including the functions of the Secretary of Homeland Security relating thereto.

"(2) EXCEPTIONS.—

"(A) FUNCTIONS.—The transfer of functions pursuant to paragraph (1) shall not include such functions as are explicitly assigned to the Secretary of Homeland Security by this Act [see Short Title of 2004 Amendments note set out under section 201 of this title] (including the amendments made by this Act).

"(B) ASSETS AND UNEXPENDED BALANCES.—The transfer of assets and unexpended balances pursuant to paragraph (1) shall not include the funds appropriated under the heading 'BIODEFENSE COUNTERMEASURES' in the Department of Homeland Security Appropriations Act, 2004 (Public Law 108–90 [117 Stat. 1148])."

POTASSIUM IODIDE

Pub. L. 107–188, title I, §127, June 12, 2002, 116 Stat. 615, provided that:

"(a) IN GENERAL.—Through the national stockpile under section 121 [now section 319F–2 of act July 1, 1944, 42 U.S.C. 247d–6b], the President, subject to subsections (b) and (c), shall make available to State and local governments potassium iodide tablets for stockpiling and for distribution as appropriate to public facilities, such as schools and hospitals, in quantities sufficient to provide adequate protection for the population within 20 miles of a nuclear power plant.

"(b) STATE AND LOCAL PLANS.—

"(1) IN GENERAL.—Subsection (a) applies with respect to a State or local government, subject to paragraph (2), if the government involved meets the following conditions:

"(A) Such government submits to the President a plan for the stockpiling of potassium iodide tablets, and for the distribution and utilization of potassium iodide tablets in the event of a nuclear incident.

"(B) The plan is accompanied by certifications by such government that the government has not already received sufficient quantities of potassium iodide tablets from the Federal Government.

"(2) LOCAL GOVERNMENTS.—Subsection (a) applies with respect to a local government only if, in addition to the conditions described in paragraph (1), the following conditions are met:

"(A) The State in which the locality involved is located—

"(i) does not have a plan described in paragraph (1)(A); or

"(ii) has a plan described in such paragraph, but the plan does not address populations at a distance greater than 10 miles from the nuclear power plant involved.

"(B) The local government has petitioned the State to modify the State plan to address such populations, not exceeding 20 miles from such plant, and 60 days have elapsed without the State modifying the State plan to address populations at the full distance sought by the local government through the petition.

"(C) The local government has submitted its local plan under paragraph (1)(A) to the State, and the State has approved the plan and certified that the plan is not inconsistent with the State emergency plan.

"(c) GUIDELINES.—Not later than one year after the date of the enactment of this Act [June 12, 2002], the President, in consultation with individuals representing appropriate Federal, State, and local agencies, shall establish guidelines for the stockpiling of potassium iodide tablets, and for the distribution and utilization of potassium iodide tablets in the event of a nuclear incident. Such tablets may not be made available under subsection (a) until such guidelines have been established.

"(d) INFORMATION.—The President shall carry out activities to inform State and local governments of the program under this section.

"(e) REPORTS.—

"(1) PRESIDENT.—Not later than six months after the date on which the guidelines under subsection (c) are issued, the President shall submit to the Congress a report—

"(A) on whether potassium iodide tablets have been made available under subsection (a) or other

Federal, State, or local programs, and the extent to which State and local governments have established stockpiles of such tablets; and

"(B) the measures taken by the President to implement this section.

"(2) NATIONAL ACADEMY OF SCIENCES.—

"(A) IN GENERAL.—The President shall request the National Academy of Sciences to enter into an agreement with the President under which the Academy conducts a study to determine what is the most effective and safe way to distribute and administer potassium iodide tablets on a mass scale. If the Academy declines to conduct the study, the President shall enter into an agreement with another appropriate public or nonprofit private entity to conduct the study.

"(B) REPORT.—The President shall ensure that, not later than six months after the date of the enactment of this Act [June 12, 2002], the study required in subparagraph (A) is completed and a report describing the findings made in the study is submitted to the Congress.

"(f) APPLICABILITY.—Subsections (a) and (d) cease to apply as requirements if the President determines that there is an alternative and more effective prophylaxis or preventive measures for adverse thyroid conditions that may result from the release of radionuclides from nuclear power plants."

[Memorandum of President of the United States, July 3, 2007, 72 F.R. 37627, provided:

[Memorandum for the Secretary of Health and Human Services[,] the Secretary of Energy[,] the Secretary of Homeland Security[,] the Chairman of the Nuclear Regulatory Commission[, and] the Director of the Office of Science and Technology Policy

[By the authority vested in me as President by the Constitution and the laws of the United States, including section 301 of title 3, United States Code, and section 204(b) of the National Science and Technology Policy, Organization, and Priorities Act of 1976, as amended (42 U.S.C. 6613(b)), the functions of the President under section 127 of the Public Health Security and Bioterrorism Preparedness and Response Act of 2002 (Public Law 107–188) (42 U.S.C. 247d–6b note) are assigned as follows:

[(1) the function of making a determination under subsection 127(f) of Public Law 107–188 is assigned to the Director of the Office of Science and Technology Policy; and

[(2) the functions of the President under section 127 of Public Law 107–188 other than that assigned under subsection 127(f) are assigned to the Chairman of the Nuclear Regulatory Commission.

[In the performance of such functions the Chairman and the Director should consult each other and the Secretaries of Health and Human Services, Energy, and Homeland Security, as appropriate.

EXECUTIVE DOCUMENTS

EX. ORD. NO. 13944. COMBATING PUBLIC HEALTH EMERGENCIES AND STRENGTHENING NATIONAL SECURITY BY ENSURING ESSENTIAL MEDICINES, MEDICAL COUNTERMEASURES, AND CRITICAL INPUTS ARE MADE IN THE UNITED STATES

Ex. Ord. No. 13944, Aug. 6, 2020, 85 F.R. 49929, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. *Policy.* The United States must protect our citizens, critical infrastructure, military forces, and economy against outbreaks of emerging infectious diseases and chemical, biological, radiological, and nuclear (CBRN) threats. To achieve this, the United States must have a strong Public Health Industrial Base with resilient domestic supply chains for Essential Medicines, Medical Countermeasures, and Critical Inputs deemed necessary for the United States. These domestic supply chains must be capable of meeting national security requirements for responding to threats arising from CBRN threats and public health emergencies, including emerging infectious diseases such as COVID–19. It is critical that we reduce our dependence on foreign manufacturers for Essential Medicines, Medical Countermeasures, and Critical Inputs to ensure sufficient and reliable long-term domestic production of these products, to minimize potential shortages, and to mobilize our Nation's Public Health Industrial Base to respond to these threats. It is therefore the policy of the United States to:

(a) accelerate the development of cost-effective and efficient domestic production of Essential Medicines and Medical Countermeasures and have adequate redundancy built into the domestic supply chain for Essential Medicines, Medical Countermeasures, and Critical Inputs;

(b) ensure long-term demand for Essential Medicines, Medical Countermeasures, and Critical Inputs that are produced in the United States;

(c) create, maintain, and maximize domestic production capabilities for Critical Inputs, Finished Drug Products, and Finished Devices that are essential to protect public safety and human health and to provide for

the national defense; and

(d) combat the trafficking of counterfeit Essential Medicines, Medical Countermeasures, and Critical Inputs over e-commerce platforms and from third-party online sellers involved in the government procurement process.

I am therefore directing each executive department and agency involved in the procurement of Essential Medicines, Medical Countermeasures, and Critical Inputs (agency) to consider a variety of actions to increase their domestic procurement of Essential Medicines, Medical Countermeasures, and Critical Inputs, and to identify vulnerabilities in our Nation's supply chains for these products. Under this order, agencies will have the necessary flexibility to increase their domestic procurement in appropriate and responsible ways, while protecting our Nation's service members, veterans, and their families from increases in drug prices and without interfering with our Nation's ability to respond to the spread of COVID-19.

SEC. 2. Maximizing Domestic Production in Procurement. (a) Agencies shall, as appropriate, to the maximum extent permitted by applicable law, and in consultation with the Commissioner of Food and Drugs (FDA Commissioner) with respect to Critical Inputs, use their respective authorities under section 2304(c) of title 10, United States Code [now 10 U.S.C. 3204(a)]; section 3304(a) of title 41, United States Code; and subpart 6.3 of the Federal Acquisition Regulation, title 48, Code of Federal Regulations, to conduct the procurement of Essential Medicines, Medical Countermeasures, and Critical Inputs by:

(i) using procedures to limit competition to only those Essential Medicines, Medical Countermeasures, and Critical Inputs that are produced in the United States; and

(ii) dividing procurement requirements among two or more manufacturers located in the United States, as appropriate.

(b) Within 90 days of the date of this order [Aug. 6, 2020], the Director of the Office of Management and Budget (OMB), in consultation with appropriate agency heads, shall:

(i) review the authority of each agency to limit the online procurement of Essential Medicines and Medical Countermeasures to e-commerce platforms that have:

(A) adopted, and certified their compliance with, the applicable best practices published by the Department of Homeland Security in its Report to the President on "Combating Trafficking in Counterfeit and Pirated Goods," dated January 24, 2020; and

(B) agreed to permit the Department of Homeland Security's National Intellectual Property Rights Coordination Center to evaluate and confirm their compliance with such best practices; and

(ii) report its findings to the President.

(c) Within 90 days of the date of this order, the head of each agency shall, in consultation with the FDA Commissioner, develop and implement procurement strategies, including long-term contracts, consistent with law, to strengthen and mobilize the Public Health Industrial Base in order to increase the manufacture of Essential Medicines, Medical Countermeasures, and Critical Inputs in the United States.

(d) No later than 30 days after the FDA Commissioner has identified, pursuant to section 3(c) of this order, the initial list of Essential Medicines, Medical Countermeasures, and Critical Inputs, the United States Trade Representative shall, to the extent permitted by law, take all appropriate action to modify United States Federal procurement product coverage under all relevant Free Trade Agreements and the World Trade Organization Agreement on Government Procurement to exclude coverage of Essential Medicines, Medical Countermeasures, and Critical Inputs. The United States Trade Representative shall further modify United States Federal procurement product coverage, as appropriate, to reflect updates by the FDA Commissioner. After the modifications to United States Federal procurement coverage take effect, the United States Trade Representative shall make any necessary, corresponding modifications of existing waivers under section 301 of the Trade Agreements Act of 1979 [19 U.S.C. 2511]. The United States Trade Representative shall notify the President, through the Director of OMB, once it has taken the actions described in this subsection.

(e) No later than 60 days after the FDA Commissioner has identified, pursuant to section 3(c) of this order, the initial list of Essential Medicines, Medical Countermeasures, and Critical Inputs, and notwithstanding the public interest exception in subsection (f)(i)(1) of this section, the Secretary of Defense shall, to the maximum extent permitted by applicable law, use his authority under section 225.872-1(c) of the Defense Federal Acquisition Regulation Supplement to restrict the procurement of Essential Medicines, Medical Countermeasures, and Critical Inputs to domestic sources and to reject otherwise acceptable offers of such products from sources in Qualifying Countries in instances where considered necessary for national defense reasons.

(f) Subsections (a), (d), and (e) of this section shall not apply:

(i) where the head of the agency determines in writing, with respect to a specific contract or order, that (1) their application would be inconsistent with the public interest; (2) the relevant Essential Medicines, Medical Countermeasures, and Critical Inputs are not produced in the United States in sufficient and reasonably

available commercial quantities and of a satisfactory quality; or (3) their application would cause the cost of the procurement to increase by more than 25 percent, unless applicable law requires a higher percentage, in which case such higher percentage shall apply;

(ii) with respect to the procurement of items that are necessary to respond to any public health emergency declared under section 319 of the Public Health Service Act (42 U.S.C. 247d), any major disaster or emergency declared under the Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.), or any national emergency declared under the National Emergencies Act (50 U.S.C. 1601 et seq.).

(g) To the maximum extent permitted by law, any public interest determination made pursuant to section 2(f)(i)(1) of this order shall be construed to maximize the procurement and use of Essential Medicines and Medical Countermeasures produced in the United States.

(h) The head of an agency who makes any determination pursuant to section 2(f)(i) of this order shall submit an annual report to the President, through the Director of OMB and the Assistant to the President for Trade and Manufacturing Policy, describing the justification for each such determination.

SEC. 3. *Identifying Vulnerabilities in Supply Chains.* (a) Within 180 days of the date of this order, the Secretary of Health and Human Services, through the FDA Commissioner and in consultation with the Director of OMB, shall take all necessary and appropriate action, consistent with law, to identify vulnerabilities in the supply chain for Essential Medicines, Medical Countermeasures, and Critical Inputs and to mitigate those vulnerabilities, including by:

(i) considering proposing regulations or revising guidance on the collection of the following information from manufacturers of Essential Medicines and Medical Countermeasures as part of the application and regulatory approval process:

(A) the sources of Finished Drug Products, Finished Devices, and Critical Inputs;

(B) the use of any scarce Critical Inputs; and

(C) the date of the last FDA inspection of the manufacturer's regulated facilities and the results of such inspection;

(ii) entering into written agreements, pursuant to section 20.85 of title 21, Code of Federal Regulations, with the National Security Council, Department of State, Department of Defense, Department of Veterans Affairs, and other interested agencies, as appropriate, to disclose records regarding the security and vulnerabilities of the supply chains for Essential Medicines, Medical Countermeasures, and Critical Inputs;

(iii) recommending to the President any changes in applicable law that may be necessary to accomplish the objectives of this subsection; and

(iv) reviewing FDA regulations to determine whether any of those regulations may be a barrier to domestic production of Essential Medicines, Medical Countermeasures, and Critical Inputs, and by advising the President whether such regulations should be repealed or amended.

(b) The Secretary of Health and Human Services, through the FDA Commissioner, shall take all appropriate action, consistent with applicable law, to:

(i) accelerate FDA approval or clearance, as appropriate, for domestic producers of Essential Medicines, Medical Countermeasures, and Critical Inputs, including those needed for infectious disease and CBRN threat preparedness and response;

(ii) issue guidance with recommendations regarding the development of Advanced Manufacturing techniques;

(iii) negotiate with countries to increase site inspections and increase the number of unannounced inspections of regulated facilities manufacturing Essential Medicines, Medical Countermeasures, and Critical Inputs; and

(iv) refuse admission, as appropriate, to imports of Essential Medicines, Medical Countermeasures, and Critical Inputs if the facilities in which they are produced refuse or unreasonably delay an inspection.

(c) Within 90 days of the date of this order, and periodically updated as appropriate, the FDA Commissioner, in consultation with the Director of OMB, the Assistant Secretary for Preparedness and Response in the Department of Health and Human Services, the Assistant to the President for Economic Policy, and the Director of the Office of Trade and Manufacturing Policy, shall identify the list of Essential Medicines, Medical Countermeasures, and their Critical Inputs that are medically necessary to have available at all times in an amount adequate to serve patient needs and in the appropriate dosage forms.

(d) Within 180 days of the date of this order, the Secretary of Defense, in consultation with the Director of OMB, shall take all necessary and appropriate action, consistent with law, to identify vulnerabilities in the supply chain for Essential Medicines, Medical Countermeasures, and Critical Inputs necessary to meet the unique needs of the United States Armed Forces and to mitigate the vulnerabilities identified in subsection (a) of this section. The Secretary of Defense shall provide to the Secretary of Health and Human Services, the FDA Commissioner, the Director of OMB, and the Director of the Office of Trade and Manufacturing Policy

a list of defense-specific Essential Medicines, Medical Countermeasures, and Critical Inputs that are medically necessary to have available for defense use in adequate amounts and in appropriate dosage forms. The Secretary of Defense shall, as appropriate, periodically update this list.

SEC. 4. *Streamlining Regulatory Requirements.* Consistent with law, the Administrator of the Environmental Protection Agency shall take all appropriate action to identify relevant requirements and guidance documents that can be streamlined to provide for the development of Advanced Manufacturing facilities and the expeditious domestic production of Critical Inputs, including by accelerating siting and permitting approvals.

SEC. 5. *Priorities and Allocation of Essential Medicines, Medical Countermeasures, and Critical Inputs.* The Secretary of Health and Human Services shall, as appropriate and in accordance with the delegation of authority under Executive Order 13603 of March 16, 2012 (National Defense Resources Preparedness) [50 U.S.C. 4553 note], use the authority under section 101 of the Defense Production Act of 1950, as amended (50 U.S.C. 4511), to prioritize the performance of Federal Government contracts or orders for Essential Medicines, Medical Countermeasures, or Critical Inputs over performance of any other contracts or orders, and to allocate such materials, services, and facilities as the Secretary deems necessary or appropriate to promote the national defense.

SEC. 6. *Reporting.* (a) No later than December 15, 2021, and annually thereafter, the head of each agency shall submit a report to the President, through the Director of OMB and the Assistant to the President for Trade and Manufacturing Policy, detailing, for the preceding three fiscal years:

- (i) the Essential Medicines, Medical Countermeasures, and Critical Inputs procured by the agency;
- (ii) the agency's annual itemized and aggregated expenditures for all Essential Medicines, Medical Countermeasures, and Critical Inputs;
- (iii) the sources of these products and inputs; and
- (iv) the agency's plan to support domestic production of such products and inputs in the next fiscal year.

(b) Within 180 days of the date of this order, the Secretary of Commerce shall submit a report to the Director of OMB, the Assistant to the President for National Security Affairs, the Director of the National Economic Council, and the Director of the Office of Trade and Manufacturing Policy, describing any change in the status of the Public Health Industrial Base and recommending initiatives to strengthen the Public Health Industrial Base.

(c) To the maximum extent permitted by law, and with the redaction of any information protected by law from disclosure, each agency's report shall be published in the Federal Register and on each agency's official website.

SEC. 7. *Definitions.* As used in this order:

(a) "Active Pharmaceutical Ingredient" has the meaning set forth in section 207.1 of title 21, Code of Federal Regulations.

(b) "Advanced Manufacturing" means any new medical product manufacturing technology that can improve drug quality, address shortages of medicines, and speed time to market, including continuous manufacturing and 3D printing.

(c) "API Starting Material" means a raw or intermediate material that is used in the manufacturing of an API, that is incorporated as a significant structural fragment into the structure of the API, and that is determined by the FDA Commissioner to be relevant in assessing the safety and effectiveness of Essential Medicines and Medical Countermeasures.

(d) "Critical Inputs" means API, API Starting Material, and other ingredients of drugs and components of medical devices that the FDA Commissioner determines to be critical in assessing the safety and effectiveness of Essential Medicines and Medical Countermeasures.

(e) "Essential Medicines" are those Essential Medicines deemed necessary for the United States pursuant to section 3(c) of this order.

(f) "Finished Device" has the meaning set forth in section 820.3(l) of title 21, Code of Federal Regulations.

(g) "Finished Drug Product" has the meaning set forth in section 207.1 of title 21, Code of Federal Regulations.

(h) "Healthcare and Public Health Sector" means the critical infrastructure sector identified in Presidential Policy Directive 21 of February 12, 2013 (Critical Infrastructure Security and Resilience), and the National Infrastructure Protection Plan of 2013.

(i) An Essential Medicine or Medical Countermeasure is "produced in the United States" if the Critical Inputs used to produce the Essential Medicine or Medical Countermeasures are produced in the United States and if the Finished Drug Product or Finished Device, are manufactured, prepared, propagated, compounded, or processed, as those terms are defined in section 360(a)(1) of title 21, United States Code, in the United States.

(j) "Medical Countermeasures" means items that meet the definition of "qualified countermeasure" in section 247d-6a(a)(2)(A) of title 42, United States Code; "qualified pandemic or epidemic product" in section 247d-6d(i)(7) of title 42, United States Code; "security countermeasure" in section 247d-6b(c)(1)(B) of title 42, United States Code; or personal protective equipment described in part 1910 of title 29, Code of Federal Regulations.

(k) "Public Health Industrial Base" means the facilities and associated workforces within the United States, including research and development facilities, that help produce Essential Medicines, Medical Countermeasures, and Critical Inputs for the Healthcare and Public Health Sector.

(l) "Qualifying Countries" has the meaning set forth in section 225.003, Defense Federal Acquisition Regulation Supplement.

SEC. 8. *Rule of Construction.* Nothing in this order shall be construed to impair or otherwise affect:

(a) the ability of State, local, tribal, or territorial governments to timely procure necessary resources to respond to any public health emergency declared under section 319 of the Public Health Service Act (42 U.S.C. 247d), any major disaster or emergency declared under the Stafford Act (42 U.S.C. 5121 et seq.), or any national emergency declared under the National Emergencies Act (50 U.S.C. 1601 et seq.);

(b) the ability or authority of any agency to respond to the spread of COVID-19; or

(c) the authority of the Secretary of Veterans Affairs to take all necessary steps, including those necessary to implement the policy set forth in section 1 of this order, to ensure that service members, veterans, and their families continue to have full access to Essential Medicines at reasonable and affordable prices.

SEC. 9. *Severability.* If any provision of this order, or the application of any provision to any person or circumstance, is held to be invalid, the remainder of this order and the application of any of its other provisions to any other persons or circumstances shall not be affected thereby.

SEC. 10. *General Provisions.* (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of OMB relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

DONALD J. TRUMP.

EX. ORD. NO. 13962. ENSURING ACCESS TO UNITED STATES GOVERNMENT COVID-19 VACCINES

Ex. Ord. No. 13962, Dec. 8, 2020, 85 F.R. 79777, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. *Purpose.* Through unprecedented collaboration across the United States Government, industry, and international partners, the United States expects to soon have safe and effective COVID-19 vaccines available for the American people. To ensure the health and safety of our citizens, to strengthen our economy, and to enhance the security of our Nation, we must ensure that Americans have priority access to COVID-19 vaccines developed in the United States or procured by the United States Government ("United States Government COVID-19 Vaccines").

SEC. 2. *Policy.* It is the policy of the United States to ensure Americans have priority access to free, safe, and effective COVID-19 vaccines. After ensuring the ability to meet the vaccination needs of the American people, it is in the interest of the United States to facilitate international access to United States Government COVID-19 Vaccines.

SEC. 3. *American Access to COVID-19 Vaccines.* (a) The Secretary of Health and Human Services, through Operation Warp Speed and with the support of the Secretary of Defense, shall ensure safe and effective COVID-19 vaccines are available to the American people, coordinating with public and private entities—including State, territorial, and tribal governments, where appropriate—to enable the timely distribution of such vaccines.

(b) The Secretary of Health and Human Services, in consultation with the Secretary of Defense and the heads of other executive departments and agencies (agencies), as appropriate, shall ensure that Americans have priority access to United States Government COVID-19 Vaccines, and shall ensure that the most vulnerable United States populations have first access to such vaccines.

(c) The Secretary of Health and Human Services shall ensure that a sufficient supply of COVID-19 vaccine doses is available for all Americans who choose to be vaccinated in order to safeguard America from

COVID-19.

SEC. 4. *International Access to United States Government COVID-19 Vaccines.* After determining that there exists a sufficient supply of COVID-19 vaccine doses for all Americans who choose to be vaccinated, as required by section 3(b) of this order, the Secretary of Health and Human Services and the Secretary of State, in coordination with the Administrator of the United States Agency for International Development, the Chief Executive Officer of the United States International Development Finance Corporation, the Chairman and President of the Export-Import Bank of the United States, and the heads of other agencies, shall facilitate international access to United States Government COVID-19 Vaccines for allies, partners, and others, as appropriate and consistent with applicable law.

SEC. 5. *Coordination of International Access to United States Government COVID-19 Vaccines.* Within 30 days of the date of this order [Dec. 8, 2020], the Assistant to the President for National Security Affairs shall coordinate development of an interagency strategy for the implementation of section 4 of this order.

SEC. 6. *General Provisions.* (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

DONALD J. TRUMP.

EX. ORD. NO. 14001. A SUSTAINABLE PUBLIC HEALTH SUPPLY CHAIN

Ex. Ord. No. 14001, Jan. 21, 2021, 86 F.R. 7219, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, including the Defense Production Act of 1950, as amended (50 U.S.C. 4501 *et seq.*), sections 319 and 361 of the Public Health Service Act (42 U.S.C. 247d and 264), sections 306 and 307 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5149 and 5150), and section 301 of title 3, United States Code, it is hereby ordered as follows:

SECTION 1. *Purpose.* The Federal Government must act urgently and effectively to combat the coronavirus disease 2019 (COVID-19) pandemic. To that end, this order directs immediate actions to secure supplies necessary for responding to the pandemic, so that those supplies are available, and remain available, to the Federal Government and State, local, Tribal, and territorial authorities, as well as to America's health care workers, health systems, and patients. These supplies are vital to the Nation's ability to reopen its schools and economy as soon and safely as possible.

SEC. 2. *Immediate Inventory of Response Supplies and Identification of Emergency Needs.* (a) The Secretary of State, the Secretary of Defense, the Secretary of Health and Human Services, the Secretary of Homeland Security, and the heads of appropriate executive departments and agencies (agencies), in coordination with the COVID-19 Response Coordinator, shall:

(i) immediately review the availability of critical materials, treatments, and supplies needed to combat COVID-19 (pandemic response supplies), including personal protective equipment (PPE) and the resources necessary to effectively produce and distribute tests and vaccines at scale; and

(ii) assess, including by reviewing prior such assessments, whether United States industry can be reasonably expected to provide such supplies in a timely manner.

(b) Where a review and assessment described in section 2(a)(i) of this order identifies shortfalls in the provision of pandemic response supplies, the head of the relevant agency shall:

(i) promptly revise its operational assumptions and planning factors being used to determine the scope and prioritization, acquisition, and distribution of such supplies; and

(ii) take appropriate action using all available legal authorities, including the Defense Production Act, to fill those shortfalls as soon as practicable by acquiring additional stockpiles, improving distribution systems, building market capacity, or expanding the industrial base.

(c) Upon completing the review and assessment described in section 2(a)(i) of this order, the Secretary of Health and Human Services shall provide to the President, through the COVID-19 Response Coordinator, a report on the status and inventory of the Strategic National Stockpile.

(d) The Secretary of State, the Secretary of Defense, the Secretary of Health and Human Services, the Secretary of Homeland Security, and the heads of any other agencies relevant to inventorying pandemic response supplies shall, as soon as practicable, provide to the President, through the COVID-19 Response

Coordinator, a report consisting of:

(i) an assessment of the need for, and an inventory of current supplies of, key pandemic response supplies;

(ii) an analysis of their agency's capacity to produce, provide, and distribute pandemic response supplies;

(iii) an assessment of their agency's procurement of pandemic response supplies on the availability of such supplies on the open market;

(iv) an account of all existing or ongoing agency actions, contracts, and investment agreements regarding pandemic response supplies;

(v) a list of any gaps between the needs identified in section 2(a)(i) of this order and supply chain delivery, and recommendations on how to close such gaps; and

(vi) a compilation and summary of their agency's existing distribution and prioritization plans for pandemic response supplies, which shall include any assumptions or planning factors used to determine such needs and any recommendations for changes to such assumptions or factors.

(e) The COVID-19 Response Coordinator, in coordination with the heads of appropriate agencies, shall review the report described in section 2(d) of this order and submit recommendations to the President that address:

(i) whether additional use of the Defense Production Act, by the President or agencies exercising delegated authority under the Act, would be helpful; and

(ii) the extent to which liability risk, regulatory requirements, or other factors impede the development, production, and procurement of pandemic response supplies, and any actions that can be taken, consistent with law, to remove those impediments.

(f) The heads of agencies responsible for completing the requirements of this section, as appropriate and in coordination with the COVID-19 Response Coordinator, shall consult with State, local, Tribal, and territorial authorities, as well as with other entities critical to assessing the availability of and need for pandemic response supplies.

SEC. 3. *Pricing*. To take steps to address the pricing of pandemic response supplies:

(a) The Secretary of Health and Human Services shall promptly recommend to the President, through the COVID-19 Response Coordinator, whether any changes should be made to the authorities delegated to the Secretary by Executive Order 13910 of March 23, 2020 (Preventing Hoarding of Health and Medical Resources To Respond to the Spread of COVID-19) [50 U.S.C. 4512 note], with respect to scarce materials or materials the supply of which would be threatened by accumulation for the purpose of hoarding or price gouging.

(b) The Secretary of Defense, the Secretary of Health and Human Services, and the Secretary of Homeland Security shall promptly review and provide to the President, through the COVID-19 Response Coordinator, recommendations for how to address the pricing of pandemic response supplies, including whether and how to direct the use of reasonable pricing clauses in Federal contracts and investment agreements, or other related vehicles, and whether to use General Services Administration Schedules to facilitate State, local, Tribal, and territorial government buyers and compacts in purchasing pandemic response supplies using Federal supply schedules.

SEC. 4. *Pandemic Supply Chain Resilience Strategy*. Within 180 days of the date of this order [Jan. 21, 2021], the Secretary of Defense, the Secretary of Health and Human Services, and the Secretary of Homeland Security, in coordination with the Assistant to the President for National Security Affairs (APNSA), the Assistant to the President for Domestic Policy, the COVID-19 Response Coordinator, and the heads of any agencies or entities selected by the APNSA and COVID-19 Response Coordinator, shall provide to the President a strategy to design, build, and sustain a long-term capability in the United States to manufacture supplies for future pandemics and biological threats. This strategy shall include:

(a) mechanisms to respond to emergency supply needs of State, local, Tribal, and territorial authorities, which should include standards and processes to prioritize requests and delivery and to ensure equitable distribution based on public health criteria;

(b) an analysis of the role of foreign supply chains in America's pandemic supply chain, America's role in the international public health supply chain, and options for strengthening and better coordinating global supply chain systems in future pandemics;

(c) mechanisms to address points of failure in the supply chains and to ensure necessary redundancies;

(d) the roles of the Strategic National Stockpile and other Federal and military stockpiles in providing pandemic supplies on an ongoing or emergency basis, including their roles in allocating supplies across States, localities, tribes, and territories, sustaining supplies during a pandemic, and in contingency planning to ensure adequate preparedness for future pandemics and public health emergencies;

(e) approaches to assess and maximize the value and efficacy of public/private partnerships and the value of Federal investments in latent manufacturing capacity; and

(f) an approach to develop a multi-year implementation plan for domestic production of pandemic supplies.

SEC. 5. *Access to Strategic National Stockpile.* The Secretary of Health and Human Services shall consult with Tribal authorities and take steps, as appropriate and consistent with applicable law, to facilitate access to the Strategic National Stockpile for federally recognized Tribal governments, Indian Health Service healthcare providers, Tribal health authorities, and Urban Indian Organizations.

SEC. 6. *General Provisions.* (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

Section, Pub. L. 108-276, §5, July 21, 2004, 118 Stat. 860, related to reports regarding authorities under the Project BioShield Act of 2004.

§247d-6d. Targeted liability protections for pandemic and epidemic products and security countermeasures

(a) Liability protections

(1) In general

Subject to the other provisions of this section, a covered person shall be immune from suit and liability under Federal and State law with respect to all claims for loss caused by, arising out of, relating to, or resulting from the administration to or the use by an individual of a covered countermeasure if a declaration under subsection (b) has been issued with respect to such countermeasure.

(2) Scope of claims for loss

(A) Loss

For purposes of this section, the term "loss" means any type of loss, including—

- (i) death;
- (ii) physical, mental, or emotional injury, illness, disability, or condition;
- (iii) fear of physical, mental, or emotional injury, illness, disability, or condition, including any need for medical monitoring; and
- (iv) loss of or damage to property, including business interruption loss.

Each of clauses (i) through (iv) applies without regard to the date of the occurrence, presentation, or discovery of the loss described in the clause.

(B) Scope

The immunity under paragraph (1) applies to any claim for loss that has a causal relationship with the administration to or use by an individual of a covered countermeasure, including a causal relationship with the design, development, clinical testing or investigation, manufacture, labeling, distribution, formulation, packaging, marketing, promotion, sale, purchase, donation, dispensing, prescribing, administration, licensing, or use of such countermeasure.

(3) Certain conditions

Subject to the other provisions of this section, immunity under paragraph (1) with respect to a covered countermeasure applies only if—

(A) the countermeasure was administered or used during the effective period of the declaration that was issued under subsection (b) with respect to the countermeasure;

(B) the countermeasure was administered or used for the category or categories of diseases, health conditions, or threats to health specified in the declaration; and

(C) in addition, in the case of a covered person who is a program planner or qualified person with respect to the administration or use of the countermeasure, the countermeasure was administered to or used by an individual who—

(i) was in a population specified by the declaration; and

(ii) was at the time of administration physically present in a geographic area specified by the declaration or had a connection to such area specified in the declaration.

(4) Applicability of certain conditions

With respect to immunity under paragraph (1) and subject to the other provisions of this section:

(A) In the case of a covered person who is a manufacturer or distributor of the covered countermeasure involved, the immunity applies without regard to whether such countermeasure was administered to or used by an individual in accordance with the conditions described in paragraph (3)(C).

(B) In the case of a covered person who is a program planner or qualified person with respect to the administration or use of the covered countermeasure, the scope of immunity includes circumstances in which the countermeasure was administered to or used by an individual in circumstances in which the covered person reasonably could have believed that the countermeasure was administered or used in accordance with the conditions described in paragraph (3)(C).

(5) Effect of distribution method

The provisions of this section apply to a covered countermeasure regardless of whether such countermeasure is obtained by donation, commercial sale, or any other means of distribution, except to the extent that, under paragraph (2)(E) of subsection (b), the declaration under such subsection provides that subsection (a) applies only to covered countermeasures obtained through a particular means of distribution.

(6) Rebuttable presumption

For purposes of paragraph (1), there shall be a rebuttable presumption that any administration or use, during the effective period of the emergency declaration by the Secretary under subsection (b), of a covered countermeasure shall have been for the category or categories of diseases, health conditions, or threats to health with respect to which such declaration was issued.

(b) Declaration by Secretary

(1) Authority to issue declaration

Subject to paragraph (2), if the Secretary makes a determination that a disease or other health condition or other threat to health constitutes a public health emergency, or that there is a credible risk that the disease, condition, or threat may in the future constitute such an emergency, the Secretary may make a declaration, through publication in the Federal Register, recommending, under conditions as the Secretary may specify, the manufacture, testing, development, distribution, administration, or use of one or more covered countermeasures, and stating that subsection (a) is in effect with respect to the activities so recommended.

(2) Contents

In issuing a declaration under paragraph (1), the Secretary shall identify, for each covered countermeasure specified in the declaration—

(A) the category or categories of diseases, health conditions, or threats to health for which the Secretary recommends the administration or use of the countermeasure;

(B) the period or periods during which, including as modified by paragraph (3), subsection (a) is in effect, which period or periods may be designated by dates, or by milestones or other description of events, including factors specified in paragraph (6);

(C) the population or populations of individuals for which subsection (a) is in effect with respect to the administration or use of the countermeasure (which may be a specification that such subsection applies without geographic limitation to all individuals);

(D) the geographic area or areas for which subsection (a) is in effect with respect to the administration or use of the countermeasure (which may be a specification that such subsection applies without geographic limitation), including, with respect to individuals in the populations identified under subparagraph (C), a specification, as determined appropriate by the Secretary, of whether the declaration applies only to individuals physically present in such areas or whether in addition the declaration applies to individuals who have a connection to such areas, which connection is described in the declaration; and

(E) whether subsection (a) is effective only to a particular means of distribution as provided in subsection (a)(5) for obtaining the countermeasure, and if so, the particular means to which such subsection is effective.

(3) Effective period of declaration

(A) Flexibility of period

The Secretary may, in describing periods under paragraph (2)(B), have different periods for different covered persons to address different logistical, practical or other differences in responsibilities.

(B) Additional time to be specified

In each declaration under paragraph (1), the Secretary, after consulting, to the extent the Secretary deems appropriate, with the manufacturer of the covered countermeasure, shall also specify a date that is after the ending date specified under paragraph (2)(B) and that allows what the Secretary determines is—

(i) a reasonable period for the manufacturer to arrange for disposition of the covered countermeasure, including the return of such product to the manufacturer; and

(ii) a reasonable period for covered persons to take such other actions as may be appropriate to limit administration or use of the covered countermeasure.

(C) Additional period for certain strategic national stockpile countermeasures

With respect to a covered countermeasure that is in the stockpile under section 247d–6b of this title, if such countermeasure was the subject of a declaration under paragraph (1) at the time that it was obtained for the stockpile, the effective period of such declaration shall include a period when the countermeasure is administered or used pursuant to a distribution or release from the stockpile.

(4) Amendments to declaration

The Secretary may through publication in the Federal Register amend any portion of a declaration under paragraph (1). Such an amendment shall not retroactively limit the applicability of subsection (a) with respect to the administration or use of the covered countermeasure involved.

(5) Certain disclosures

In publishing a declaration under paragraph (1) in the Federal Register, the Secretary is not required to disclose any matter described in section 552(b) of title 5.

(6) Factors to be considered

In deciding whether and under what circumstances or conditions to issue a declaration under paragraph (1) with respect to a covered countermeasure, the Secretary shall consider the desirability of encouraging the design, development, clinical testing or investigation, manufacture, labeling, distribution, formulation, packaging, marketing, promotion, sale, purchase, donation, dispensing, prescribing, administration, licensing, and use of such countermeasure.

(7) Judicial review

No court of the United States, or of any State, shall have subject matter jurisdiction to review, whether by mandamus or otherwise, any action by the Secretary under this subsection.

(8) Preemption of State law

During the effective period of a declaration under subsection (b), or at any time with respect to conduct undertaken in accordance with such declaration, no State or political subdivision of a State may establish, enforce, or continue in effect with respect to a covered countermeasure any provision of law or legal requirement that—

(A) is different from, or is in conflict with, any requirement applicable under this section; and

(B) relates to the design, development, clinical testing or investigation, formulation, manufacture, distribution, sale, donation, purchase, marketing, promotion, packaging, labeling, licensing, use, any other aspect of safety or efficacy, or the prescribing, dispensing, or administration by qualified persons of the covered countermeasure, or to any matter included in a requirement applicable to the covered countermeasure under this section or any other provision of this chapter, or under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.].

(9) Report to Congress

Within 30 days after making a declaration under paragraph (1), the Secretary shall submit to the appropriate committees of the Congress a report that provides an explanation of the reasons for issuing the declaration and the reasons underlying the determinations of the Secretary with respect to paragraph (2). Within 30 days after making an amendment under paragraph (4), the Secretary shall submit to such committees a report that provides the reasons underlying the determination of the Secretary to make the amendment.

(c) Definition of willful misconduct

(1) Definition

(A) In general

Except as the meaning of such term is further restricted pursuant to paragraph (2), the term "willful misconduct" shall, for purposes of subsection (d), denote an act or omission that is taken—

(i) intentionally to achieve a wrongful purpose;

(ii) knowingly without legal or factual justification; and

(iii) in disregard of a known or obvious risk that is so great as to make it highly probable that the harm will outweigh the benefit.

(B) Rule of construction

The criterion stated in subparagraph (A) shall be construed as establishing a standard for

liability that is more stringent than a standard of negligence in any form or recklessness.

(2) Authority to promulgate regulatory definition

(A) In general

The Secretary, in consultation with the Attorney General, shall promulgate regulations, which may be promulgated through interim final rules, that further restrict the scope of actions or omissions by a covered person that may qualify as "willful misconduct" for purposes of subsection (d).

(B) Factors to be considered

In promulgating the regulations under this paragraph, the Secretary, in consultation with the Attorney General, shall consider the need to define the scope of permissible civil actions under subsection (d) in a way that will not adversely affect the public health.

(C) Temporal scope of regulations

The regulations under this paragraph may specify the temporal effect that they shall be given for purposes of subsection (d).

(D) Initial rulemaking

Within 180 days after December 30, 2005, the Secretary, in consultation with the Attorney General, shall commence and complete an initial rulemaking process under this paragraph.

(3) Proof of willful misconduct

In an action under subsection (d), the plaintiff shall have the burden of proving by clear and convincing evidence willful misconduct by each covered person sued and that such willful misconduct caused death or serious physical injury.

(4) Defense for acts or omissions taken pursuant to Secretary's declaration

Notwithstanding any other provision of law, a program planner or qualified person shall not have engaged in "willful misconduct" as a matter of law where such program planner or qualified person acted consistent with applicable directions, guidelines, or recommendations by the Secretary regarding the administration or use of a covered countermeasure that is specified in the declaration under subsection (b), provided either the Secretary, or a State or local health authority, was provided with notice of information regarding serious physical injury or death from the administration or use of a covered countermeasure that is material to the plaintiff's alleged loss within 7 days of the actual discovery of such information by such program planner or qualified person.

(5) Exclusion for regulated activity of manufacturer or distributor

(A) In general

If an act or omission by a manufacturer or distributor with respect to a covered countermeasure, which act or omission is alleged under subsection (e)(3)(A) to constitute willful misconduct, is subject to regulation by this chapter or by the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.], such act or omission shall not constitute "willful misconduct" for purposes of subsection (d) if—

- (i) neither the Secretary nor the Attorney General has initiated an enforcement action with respect to such act or omission; or
- (ii) such an enforcement action has been initiated and the action has been terminated or finally resolved without a covered remedy.

Any action or proceeding under subsection (d) shall be stayed during the pendency of such an enforcement action.

(B) Definitions

For purposes of this paragraph, the following terms have the following meanings:

(i) Enforcement action

The term "enforcement action" means a criminal prosecution, an action seeking an injunction, a seizure action, a civil monetary proceeding based on willful misconduct, a mandatory recall of a product because voluntary recall was refused, a proceeding to compel repair or replacement of a product, a termination of an exemption under section 505(i) or 520(g) of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 355(i), 360j(g)], a debarment proceeding, an investigator disqualification proceeding where an investigator is an employee or agent of the manufacturer, a revocation, based on willful misconduct, of an authorization under section 564 of such Act [21 U.S.C. 360bbb–3], or a suspension or withdrawal, based on willful misconduct, of an approval or clearance under chapter V of such Act [21 U.S.C. 351 et seq.] or of a licensure under section 262 of this title.

(ii) Covered remedy

The term "covered remedy" means an outcome—

(I) that is a criminal conviction, an injunction, or a condemnation, a civil monetary payment, a product recall, a repair or replacement of a product, a termination of an exemption under section 505(i) or 520(g) of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 355(i), 360j(g)], a debarment, an investigator disqualification, a revocation of an authorization under section 564 of such Act [21 U.S.C. 360bbb–3], or a suspension or withdrawal of an approval or clearance under chapter 5¹ of such Act or of a licensure under section 262 of this title; and

(II) that results from a final determination by a court or from a final agency action.

(iii) Final

The terms "final" and "finally"—

(I) with respect to a court determination, or to a final resolution of an enforcement action that is a court determination, mean a judgment from which an appeal of right cannot be taken or a voluntary or stipulated dismissal; and

(II) with respect to an agency action, or to a final resolution of an enforcement action that is an agency action, mean an order that is not subject to further review within the agency and that has not been reversed, vacated, enjoined, or otherwise nullified by a final court determination or a voluntary or stipulated dismissal.

(C) Rules of construction

(i) In general

Nothing in this paragraph shall be construed—

(I) to affect the interpretation of any provision of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.], of this chapter, or of any other applicable statute or regulation; or

(II) to impair, delay, alter, or affect the authority, including the enforcement discretion, of the United States, of the Secretary, of the Attorney General, or of any other official with respect to any administrative or court proceeding under this chapter, under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.], under title 18, or under any other applicable statute or regulation.

(ii) Mandatory recalls

A mandatory recall called for in the declaration is not a Food and Drug Administration enforcement action.

(d) Exception to immunity of covered persons

(1) In general

Subject to subsection (f), the sole exception to the immunity from suit and liability of covered persons set forth in subsection (a) shall be for an exclusive Federal cause of action against a covered person for death or serious physical injury proximately caused by willful misconduct, as

defined pursuant to subsection (c), by such covered person. For purposes of section 2679(b)(2)(B) of title 28, such a cause of action is not an action brought for violation of a statute of the United States under which an action against an individual is otherwise authorized.

(2) Persons who can sue

An action under this subsection may be brought for wrongful death or serious physical injury by any person who suffers such injury or by any representative of such a person.

(e) Procedures for suit

(1) Exclusive Federal jurisdiction

Any action under subsection (d) shall be filed and maintained only in the United States District Court for the District of Columbia.

(2) Governing law

The substantive law for decision in an action under subsection (d) shall be derived from the law, including choice of law principles, of the State in which the alleged willful misconduct occurred, unless such law is inconsistent with or preempted by Federal law, including provisions of this section.

(3) Pleading with particularity

In an action under subsection (d), the complaint shall plead with particularity each element of the plaintiff's claim, including—

(A) each act or omission, by each covered person sued, that is alleged to constitute willful misconduct relating to the covered countermeasure administered to or used by the person on whose behalf the complaint was filed;

(B) facts supporting the allegation that such alleged willful misconduct proximately caused the injury claimed; and

(C) facts supporting the allegation that the person on whose behalf the complaint was filed suffered death or serious physical injury.

(4) Verification, certification, and medical records

(A) In general

In an action under subsection (d), the plaintiff shall verify the complaint in the manner stated in subparagraph (B) and shall file with the complaint the materials described in subparagraph (C). A complaint that does not substantially comply with subparagraphs (B) and (C) shall not be accepted for filing and shall not stop the running of the statute of limitations.

(B) Verification requirement

(i) In general

The complaint shall include a verification, made by affidavit of the plaintiff under oath, stating that the pleading is true to the knowledge of the deponent, except as to matters specifically identified as being alleged on information and belief, and that as to those matters the plaintiff believes it to be true.

(ii) Identification of matters alleged upon information and belief

Any matter that is not specifically identified as being alleged upon the information and belief of the plaintiff, shall be regarded for all purposes, including a criminal prosecution, as having been made upon the knowledge of the plaintiff.

(C) Materials required

In an action under subsection (d), the plaintiff shall file with the complaint—

(i) an affidavit, by a physician who did not treat the person on whose behalf the complaint was filed, certifying, and explaining the basis for such physician's belief, that such person suffered the serious physical injury or death alleged in the complaint and that such injury or death was proximately caused by the administration or use of a covered countermeasure; and

(ii) certified medical records documenting such injury or death and such proximate causal connection.

(5) Three-judge court

Any action under subsection (d) shall be assigned initially to a panel of three judges. Such panel shall have jurisdiction over such action for purposes of considering motions to dismiss, motions for summary judgment, and matters related thereto. If such panel has denied such motions, or if the time for filing such motions has expired, such panel shall refer the action to the chief judge for assignment for further proceedings, including any trial. Section 1253 of title 28 and paragraph (3) of subsection (b) of section 2284 of title 28 shall not apply to actions under subsection (d).

(6) Civil discovery

(A) Timing

In an action under subsection (d), no discovery shall be allowed—

(i) before each covered person sued has had a reasonable opportunity to file a motion to dismiss;

(ii) in the event such a motion is filed, before the court has ruled on such motion; and

(iii) in the event a covered person files an interlocutory appeal from the denial of such a motion, before the court of appeals has ruled on such appeal.

(B) Standard

Notwithstanding any other provision of law, the court in an action under subsection (d) shall permit discovery only with respect to matters directly related to material issues contested in such action, and the court shall compel a response to a discovery request (including a request for admission, an interrogatory, a request for production of documents, or any other form of discovery request) under Rule 37, Federal Rules of Civil Procedure, only if the court finds that the requesting party needs the information sought to prove or defend as to a material issue contested in such action and that the likely benefits of a response to such request equal or exceed the burden or cost for the responding party of providing such response.

(7) Reduction in award of damages for collateral source benefits

(A) In general

In an action under subsection (d), the amount of an award of damages that would otherwise be made to a plaintiff shall be reduced by the amount of collateral source benefits to such plaintiff.

(B) Provider of collateral source benefits not to have lien or subrogation

No provider of collateral source benefits shall recover any amount against the plaintiff or receive any lien or credit against the plaintiff's recovery or be equitably or legally subrogated to the right of the plaintiff in an action under subsection (d).

(C) Collateral source benefit defined

For purposes of this paragraph, the term "collateral source benefit" means any amount paid or to be paid in the future to or on behalf of the plaintiff, or any service, product, or other benefit provided or to be provided in the future to or on behalf of the plaintiff, as a result of the injury or wrongful death, pursuant to—

(i) any State or Federal health, sickness, income-disability, accident, or workers' compensation law;

(ii) any health, sickness, income-disability, or accident insurance that provides health benefits or income-disability coverage;

(iii) any contract or agreement of any group, organization, partnership, or corporation to provide, pay for, or reimburse the cost of medical, hospital, dental, or income disability benefits; or

(iv) any other publicly or privately funded program.

(8) Noneconomic damages

In an action under subsection (d), any noneconomic damages may be awarded only in an amount directly proportional to the percentage of responsibility of a defendant for the harm to the plaintiff. For purposes of this paragraph, the term "noneconomic damages" means damages for losses for physical and emotional pain, suffering, inconvenience, physical impairment, mental anguish, disfigurement, loss of enjoyment of life, loss of society and companionship, loss of consortium, hedonic damages, injury to reputation, and any other nonpecuniary losses.

(9) Rule 11 sanctions

Whenever a district court of the United States determines that there has been a violation of Rule 11 of the Federal Rules of Civil Procedure in an action under subsection (d), the court shall impose upon the attorney, law firm, or parties that have violated Rule 11 or are responsible for the violation, an appropriate sanction, which may include an order to pay the other party or parties for the reasonable expenses incurred as a direct result of the filing of the pleading, motion, or other paper that is the subject of the violation, including a reasonable attorney's fee. Such sanction shall be sufficient to deter repetition of such conduct or comparable conduct by others similarly situated, and to compensate the party or parties injured by such conduct.

(10) Interlocutory appeal

The United States Court of Appeals for the District of Columbia Circuit shall have jurisdiction of an interlocutory appeal by a covered person taken within 30 days of an order denying a motion to dismiss or a motion for summary judgment based on an assertion of the immunity from suit conferred by subsection (a) or based on an assertion of the exclusion under subsection (c)(5).

(f) Actions by and against the United States

Nothing in this section shall be construed to abrogate or limit any right, remedy, or authority that the United States or any agency thereof may possess under any other provision of law or to waive sovereign immunity or to abrogate or limit any defense or protection available to the United States or its agencies, instrumentalities, officers, or employees under any other law, including any provision of chapter 171 of title 28 (relating to tort claims procedure).

(g) Severability

If any provision of this section, or the application of such provision to any person or circumstance, is held to be unconstitutional, the remainder of this section and the application of such remainder to any person or circumstance shall not be affected thereby.

(h) Rule of construction concerning National Vaccine Injury Compensation Program

Nothing in this section, or any amendment made by the Public Readiness and Emergency Preparedness Act, shall be construed to affect the National Vaccine Injury Compensation Program under subchapter XIX of this chapter.

(i) Definitions

In this section:

(1) Covered countermeasure

The term "covered countermeasure" means—

- (A) a qualified pandemic or epidemic product (as defined in paragraph (7));
- (B) a security countermeasure (as defined in section 247d–6b(c)(1)(B) of this title);
- (C) a drug (as such term is defined in section 201(g)(1) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321(g)(1)), biological product (as such term is defined by section 262(i) of this title), or device (as such term is defined by section 201(h) of the Federal Food, Drug and Cosmetic Act (21 U.S.C. 321(h)) that is authorized for emergency use in accordance with section 564, 564A, or 564B of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 360bbb–3, 360bbb–3a, 360bbb–3b]; or
- (D) a respiratory protective device that is approved by the National Institute for Occupational Safety and Health under part 84 of title 42, Code of Federal Regulations (or any successor

regulations), and that the Secretary determines to be a priority for use during a public health emergency declared under section 247d of this title.

(2) Covered person

The term "covered person", when used with respect to the administration or use of a covered countermeasure, means—

- (A) the United States; or
- (B) a person or entity that is—
 - (i) a manufacturer of such countermeasure;
 - (ii) a distributor of such countermeasure;
 - (iii) a program planner of such countermeasure;
 - (iv) a qualified person who prescribed, administered, or dispensed such countermeasure; or
 - (v) an official, agent, or employee of a person or entity described in clause (i), (ii), (iii), or (iv).

(3) Distributor

The term "distributor" means a person or entity engaged in the distribution of drugs, biologics, or devices, including but not limited to manufacturers; repackers; common carriers; contract carriers; air carriers; own-label distributors; private-label distributors; jobbers; brokers; warehouses, and wholesale drug warehouses; independent wholesale drug traders; and retail pharmacies.

(4) Manufacturer

The term "manufacturer" includes—

- (A) a contractor or subcontractor of a manufacturer;
- (B) a supplier or licensor of any product, intellectual property, service, research tool, or component or other article used in the design, development, clinical testing, investigation, or manufacturing of a covered countermeasure; and
- (C) any or all of the parents, subsidiaries, affiliates, successors, and assigns of a manufacturer.

(5) Person

The term "person" includes an individual, partnership, corporation, association, entity, or public or private corporation, including a Federal, State, or local government agency or department.

(6) Program planner

The term "program planner" means a State or local government, including an Indian tribe, a person employed by the State or local government, or other person who supervised or administered a program with respect to the administration, dispensing, distribution, provision, or use of a security countermeasure or a qualified pandemic or epidemic product, including a person who has established requirements, provided policy guidance, or supplied technical or scientific advice or assistance or provides a facility to administer or use a covered countermeasure in accordance with a declaration under subsection (b).

(7) Qualified pandemic or epidemic product

The term "qualified pandemic or epidemic product" means a drug (as such term is defined in section 201(g)(1) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321(g)(1)),² biological product (as such term is defined by section 262(i) of this title), or device (as such term is defined by section 201(h) of the Federal Food, Drug and Cosmetic Act (21 U.S.C. 321(h))² that is—

- (A)(i) a product manufactured, used, designed, developed, modified, licensed, or procured—
 - (I) to diagnose, mitigate, prevent, treat, or cure a pandemic or epidemic; or
 - (II) to limit the harm such pandemic or epidemic might otherwise cause;
- (ii) a product manufactured, used, designed, developed, modified, licensed, or procured to diagnose, mitigate, prevent, treat, or cure a serious or life-threatening disease or condition

caused by a product described in clause (i); or

(iii) a product or technology intended to enhance the use or effect of a drug, biological product, or device described in clause (i) or (ii); and

(B)(i) approved or cleared under chapter V of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 351 et seq.] or licensed under section 262 of this title;

(ii) the object of research for possible use as described by subparagraph (A) and is the subject of an exemption under section 505(i) or 520(g) of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 355(i), 360j(g)]; or

(iii) authorized for emergency use in accordance with section 564, 564A, or 564B of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 360bbb–3, 360bbb–3a, 360bbb–3b].

(8) Qualified person

The term "qualified person", when used with respect to the administration or use of a covered countermeasure, means—

(A) a licensed health professional or other individual who is authorized to prescribe, administer, or dispense such countermeasures under the law of the State in which the countermeasure was prescribed, administered, or dispensed; or

(B) a person within a category of persons so identified in a declaration by the Secretary under subsection (b).

(9) Security countermeasure

The term "security countermeasure" has the meaning given such term in section 247d–6b(c)(1)(B) of this title.

(10) Serious physical injury

The term "serious physical injury" means an injury that—

(A) is life threatening;

(B) results in permanent impairment of a body function or permanent damage to a body structure; or

(C) necessitates medical or surgical intervention to preclude permanent impairment of a body function or permanent damage to a body structure.

§247d-6e. Covered countermeasure process

(a) Establishment of Fund

Upon the issuance by the Secretary of a declaration under section 247d-6d(b) of this title, there is hereby established in the Treasury an emergency fund designated as the "Covered Countermeasure Process Fund" for purposes of providing timely, uniform, and adequate compensation to eligible individuals for covered injuries directly caused by the administration or use of a covered countermeasure pursuant to such declaration, which Fund shall consist of such amounts designated as emergency appropriations under section 402 of H. Con. Res. 95 of the 109th Congress, this emergency designation shall remain in effect through October 1, 2006.

(b) Payment of compensation

(1) In general

If the Secretary issues a declaration under 247d-6d(b) of this title, the Secretary shall, after amounts have by law been provided for the Fund under subsection (a), provide compensation to an eligible individual for a covered injury directly caused by the administration or use of a covered countermeasure pursuant to such declaration.

(2) Elements of compensation

The compensation that shall be provided pursuant to paragraph (1) shall have the same elements, and be in the same amount, as is prescribed by sections 239c, 239d, and 239e of this title in the case of certain individuals injured as a result of administration of certain countermeasures against smallpox, except that section 239e(a)(2)(B) of this title shall not apply.

(3) Rule of construction

Neither reasonable and necessary medical benefits nor lifetime total benefits for lost employment income due to permanent and total disability shall be limited by section 239e of this title.

(4) Determination of eligibility and compensation

Except as provided in this section, the procedures for determining, and for reviewing a determination of, whether an individual is an eligible individual, whether such individual has sustained a covered injury, whether compensation may be available under this section, and the amount of such compensation shall be those stated in section 239a of this title (other than in subsection (d)(2) of such section), in regulations issued pursuant to that section, and in such additional or alternate regulations as the Secretary may promulgate for purposes of this section. In

making determinations under this section, other than those described in paragraph (5)(A) as to the direct causation of a covered injury, the Secretary may only make such determination based on compelling, reliable, valid, medical and scientific evidence.

(5) Covered countermeasure injury table

(A) In general

The Secretary shall by regulation establish a table identifying covered injuries that shall be presumed to be directly caused by the administration or use of a covered countermeasure and the time period in which the first symptom or manifestation of onset of each such adverse effect must manifest in order for such presumption to apply. The Secretary may only identify such covered injuries, for purpose of inclusion on the table, where the Secretary determines, based on compelling, reliable, valid, medical and scientific evidence that administration or use of the covered countermeasure directly caused such covered injury.

(B) Amendments

The provisions of section 239b of this title (other than a provision of subsection (a)(2) of such section that relates to accidental vaccinia inoculation) shall apply to the table established under this section.

(C) Judicial review

No court of the United States, or of any State, shall have subject matter jurisdiction to review, whether by mandamus or otherwise, any action by the Secretary under this paragraph.

(6) Meanings of terms

In applying sections 239a, 239b, 239c, 239d, and 239e of this title for purposes of this section—

(A) the terms "vaccine" and "smallpox vaccine" shall be deemed to mean a covered countermeasure;

(B) the terms "smallpox vaccine injury table" and "table established under section 239b of this title" shall be deemed to refer to the table established under paragraph (4); and

(C) other terms used in those sections shall have the meanings given to such terms by this section.

(c) Voluntary program

The Secretary shall ensure that a State, local, or Department of Health and Human Services plan to administer or use a covered countermeasure is consistent with any declaration under 247d–6d of this title and any applicable guidelines of the Centers for Disease Control and Prevention and that potential participants are educated with respect to contraindications, the voluntary nature of the program, and the availability of potential benefits and compensation under this part.

(d) Exhaustion; exclusivity; election

(1) Exhaustion

Subject to paragraph (5), a covered individual may not bring a civil action under section 247d–6d(d) of this title against a covered person (as such term is defined in section 247d–6d(i)(2) of this title) unless such individual has exhausted such remedies as are available under subsection (a), except that if amounts have not by law been provided for the Fund under subsection (a), or if the Secretary fails to make a final determination on a request for benefits or compensation filed in accordance with the requirements of this section within 240 days after such request was filed, the individual may seek any remedy that may be available under section 247d–6d(d) of this title.

(2) Tolling of statute of limitations

The time limit for filing a civil action under section 247d–6d(d) of this title for an injury or death shall be tolled during the pendency of a claim for compensation under subsection (a).

(3) Rule of construction

This section shall not be construed as superseding or otherwise affecting the application of a requirement, under chapter 171 of title 28, to exhaust administrative remedies.

(4) Exclusivity

The remedy provided by subsection (a) shall be exclusive of any other civil action or proceeding for any claim or suit this section encompasses, except for a proceeding under section 247d–6d of this title.

(5) Election

If under subsection (a) the Secretary determines that a covered individual qualifies for compensation, the individual has an election to accept the compensation or to bring an action under section 247d–6d(d) of this title. If such individual elects to accept the compensation, the individual may not bring such an action.

(e) Definitions

For purposes of this section, the following terms shall have the following meanings:

(1) Covered countermeasure

The term "covered countermeasure" has the meaning given such term in section 247d–6d of this title.

(2) Covered individual

The term "covered individual", with respect to administration or use of a covered countermeasure pursuant to a declaration, means an individual—

(A) who is in a population specified in such declaration, and with respect to whom the administration or use of the covered countermeasure satisfies the other specifications of such declaration; or

(B) who uses the covered countermeasure, or to whom the covered countermeasure is administered, in a good faith belief that the individual is in the category described by subparagraph (A).

(3) Covered injury

The term "covered injury" means serious physical injury or death.

(4) Declaration

The term "declaration" means a declaration under section 247d–6d(b) of this title.

(5) Eligible individual

The term "eligible individual" means an individual who is determined, in accordance with subsection (b), to be a covered individual who sustains a covered injury.

§247d–6f. Provision of medical countermeasures to Indian programs and facilities

In the event that the Secretary deploys the contents of the Strategic National Stockpile under section 247d–6b(a) of this title, or otherwise distributes medical countermeasures to States to respond to a public health emergency declared by the Secretary under section 247d of this title, the Secretary shall, in consultation with the applicable States, make such contents or countermeasures

directly available to Indian Tribes and Tribal organizations (as such terms are defined in section 5304 of title 25), which may include through health programs or facilities operated by the Indian Health Service, that are affected by such public health emergency.

§247d–7a. Grants regarding training and education of certain health professionals

(a) In general

The Secretary may make awards of grants and cooperative agreements to appropriate public and nonprofit private health or educational entities, including health professions schools and programs as defined in section 295p of this title, for the purpose of providing low-interest loans, partial scholarships, partial fellowships, revolving loan funds, or other cost-sharing forms of assistance for the education and training of individuals in any category of health professions for which there is a shortage that the Secretary determines should be alleviated in order to prepare for or respond effectively to bioterrorism and other public health emergencies.

(b) Authority regarding non-Federal contributions

The Secretary may require as a condition of an award under subsection (a) that a grantee under such subsection provide non-Federal contributions toward the purpose described in such subsection.

(c) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2002 through 2006.

(July 1, 1944, ch. 373, title III, §319H, as added Pub. L. 107–188, title I, §106, June 12, 2002, 116 Stat. 607.)

§247d–7b. Emergency system for advance registration of volunteer health professional

(a) In general

Not later than 12 months after December 19, 2006, the Secretary shall link existing State verification systems to maintain a single national interoperable network of systems, each system being maintained by a State or group of States, for the purpose of verifying the credentials and licenses of health care professionals who volunteer to provide health services during a public health emergency. Such health care professionals may include members of the National Disaster Medical System, members of the Medical Reserve Corps, and individual health care professionals.

(b) Requirements

The interoperable network of systems established under subsection (a) (referred to in this section as the "verification network") shall include—

- (1) with respect to each volunteer health professional included in the verification network—
 - (A) information necessary for the rapid identification of, and communication with, such professionals; and
 - (B) the credentials, certifications, licenses, and relevant training of such individuals; and

- (2) the name of each member of the Medical Reserve Corps, the National Disaster Medical System, and any other relevant federally-sponsored or administered programs determined necessary by the Secretary.

(c) Other assistance

The Secretary may make grants and provide technical assistance to States and other public or nonprofit private entities for activities relating to the verification network developed under subsection (a).

(d) Accessibility

The Secretary shall ensure that the verification network is electronically accessible by State, local, and tribal health departments and can be linked with the identification cards under section 300hh–15 of this title.

(e) Confidentiality

The Secretary shall establish and require the application of and compliance with measures to ensure the effective security of, integrity of, and access to the data included in the verification network.

(f) Coordination

The Secretary shall coordinate with the Secretary of Veterans Affairs and the Secretary of Homeland Security to assess the feasibility of integrating the verification network under this section with the VetPro system of the Department of Veterans Affairs and the National Emergency Responder Credentialing System of the Department of Homeland Security. The Secretary shall, if feasible, integrate the verification network under this section with such VetPro system and the National Emergency Responder Credentialing System.

(g) Updating of information

The States that are participants in the verification network shall, on at least a quarterly basis, work with the Director to provide for the updating of the information contained in the verification network.

(h) Clarification

Inclusion of a health professional in the verification network shall not constitute appointment of such individual as a Federal employee for any purpose, either under section 300hh–11(c) of this title or otherwise. Such appointment may only be made under section 300hh–11 or 300hh–15 of this title.

(i) Health care provider licenses

The Secretary shall encourage States to establish and implement mechanisms to waive the application of licensing requirements applicable to health professionals, who are seeking to provide medical services (within their scope of practice), during a national, State, local, or tribal public health emergency upon verification that such health professionals are licensed and in good standing in another State and have not been disciplined by any State health licensing or disciplinary board. In order to inform the development of such mechanisms by States, the Secretary shall make available information and material provided by States that have developed mechanisms to waive the application of licensing requirements to applicable health professionals seeking to provide medical services during a public health emergency. Such information shall be made publicly available in a manner that does not compromise national security.

(j) Rule of construction

This section may not be construed as authorizing the Secretary to issue requirements regarding the provision by the States of credentials, licenses, accreditations, or hospital privileges.

(k) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated \$5,000,000 for each of fiscal years 2019 through 2023.

(July 1, 1944, ch. 373, title III, §319I, as added Pub. L. 107–188, title I, §107, June 12, 2002, 116 Stat. 608; amended Pub. L. 109–417, title III, §303(b), Dec. 19, 2006, 120 Stat. 2857; Pub. AMENDMENTS

2019—Pub. L. 116–22, §207(a)(1), substituted "volunteer health professional" for "health professions volunteers" in section catchline.

Subsec. (a). Pub. L. 116–22, §207(a)(2), inserted at end "Such health care professionals may include members of the National Disaster Medical System, members of the Medical Reserve Corps, and individual health care professionals."

Subsec. (i). Pub. L. 116–22, §207(a)(3), inserted at end "In order to inform the development of such mechanisms by States, the Secretary shall make available information and material provided by States that have developed mechanisms to waive the application of licensing requirements to applicable health professionals seeking to provide medical services during a public health emergency. Such information shall be made publicly available in a manner that does not compromise national security."

Subsec. (k). Pub. L. 116–22, §207(a)(4), substituted "2019 through 2023" for "2014 through 2018".

2013—Subsec. (k). Pub. L. 113–5 substituted "\$5,000,000 for each of fiscal years 2014 through 2018" for "\$2,000,000 for fiscal year 2002, and such sums as may be necessary for each of the fiscal years 2003 through 2011".

2006—Subsecs. (a), (b). Pub. L. 109–417, §303(b)(2), added subsecs. (a) and (b) and struck out former subsecs. (a) and (b) which related to establishment of a verification system and provisions regarding its promptness and efficiency.

Subsec. (c). Pub. L. 109–417, §303(b)(3), substituted "network" for "system".

Subsecs. (d) to (k). Pub. L. 109–417, §303(b)(1), (4), (5), added subsecs. (d) to (i), redesignated former subsecs. (e) and (f) as (j) and (k), respectively, substituted "2011" for "2006" in subsec. (k), and struck out heading and text of former subsec. (d). Text read as follows: "The Secretary may encourage each State to provide legal authority during a public health emergency for health professionals authorized in another State to provide certain health services to provide such health services in the State."

§247d–7c. Supplies and services in lieu of award funds

(a) In general

Upon the request of a recipient of an award under any of sections 247d through 247d–7b of this title or section 247d–7d of this title, the Secretary may, subject to subsection (b), provide supplies, equipment, and services for the purpose of aiding the recipient in carrying out the purposes for which the award is made and, for such purposes, may detail to the recipient any officer or employee of the Department of Health and Human Services.

(b) Corresponding reduction in payments

With respect to a request described in subsection (a), the Secretary shall reduce the amount of payments under the award involved by an amount equal to the costs of detailing personnel and the fair market value of any supplies, equipment, or services provided by the Secretary. The Secretary shall, for the payment of expenses incurred in complying with such request, expend the amounts withheld.

(July 1, 1944, ch. 373, title III, §319J, as added Pub. L. 107–188, title I, §110, June 12, 2002, 116 Stat. 611.)

§247d–7d. Security for countermeasure development and production

(a) In general

The Secretary, in consultation with the Attorney General and the Secretary of Defense, may provide technical or other assistance to provide security to persons or facilities that conduct development, production, distribution, or storage of priority countermeasures (as defined in section 247d–6(e)(4) of this title).

(b) Guidelines

The Secretary may develop guidelines to enable entities eligible to receive assistance under subsection (a) to secure their facilities against potential terrorist attack.

(July 1, 1944, ch. 373, title III, §319K, as added Pub. L. 107–188, title I, §124, June 12, 2002, 116 Stat. 614; amended Pub. L. 116–22, title VII, §705(a)(2), June 24, 2019, 133 Stat. 964.)

EDITORIAL NOTES

AMENDMENTS

2019—Subsec. (a). Pub. L. 116–22 substituted "section 247d–6(e)(4)" for "section 247d–6(h)(4)".

§247d–7e. Biomedical Advanced Research and Development Authority

(a) Definitions

In this section:

(1) BARDA

The term "BARDA" means the Biomedical Advanced Research and Development Authority.

(2) Fund

The term "Fund" means the Biodefense Medical Countermeasure Development Fund established under subsection (d).

(3) Other transactions

The term "other transactions" means transactions, other than procurement contracts, grants, and cooperative agreements.

(4) Qualified countermeasure

The term "qualified countermeasure" has the meaning given such term in section 247d–6a of this title.

(5) Qualified pandemic or epidemic product

The term "qualified pandemic or epidemic product" has the meaning given the term in section 247d–6d of this title.

(6) Advanced research and development

(A) In general

The term "advanced research and development" means, with respect to a product that is or may become a qualified countermeasure or a qualified pandemic or epidemic product, activities that predominantly—

- (i) are conducted after basic research and preclinical development of the product; and
- (ii) are related to manufacturing the product on a commercial scale and in a form that satisfies the regulatory requirements under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.] or under section 262 of this title.

(B) Activities included

The term under subparagraph (A) includes—

(i) testing of the product to determine whether the product may be approved, cleared, or licensed under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.] or under section 262 of this title for a use that is or may be the basis for such product becoming a qualified countermeasure or qualified pandemic or epidemic product, or to help obtain such approval, clearance, or license;

(ii) design and development of tests or models, including animal models, for such testing;

(iii) activities to facilitate manufacture of the product on a commercial scale with consistently high quality, as well as to improve and make available new technologies to increase manufacturing surge capacity;

(iv) activities to support, maintain, and improve domestic manufacturing surge capacity and capabilities, as appropriate, including through the utilization of advanced manufacturing and platform technologies, to increase the availability of products that are or may become qualified countermeasures or qualified pandemic or epidemic products;

(v) activities to improve the shelf-life of the product or technologies for administering the product; and

(vi) such other activities as are part of the advanced stages of testing, refinement, improvement, manufacturing, or preparation of the product for such use and as are specified by the Secretary.

(7) Security countermeasure

The term "security countermeasure" has the meaning given such term in section 247d–6b of this title.

(8) Research tool

The term "research tool" means a device, technology, biological material (including a cell line or an antibody), reagent, animal model, computer system, computer software, or analytical technique that is developed to assist in the discovery, development, or manufacture of qualified countermeasures or qualified pandemic or epidemic products.

(9) Program manager

The term "program manager" means an individual appointed to carry out functions under this section and authorized to provide project oversight and management of strategic initiatives.

(10) Person

The term "person" includes an individual, partnership, corporation, association, entity, or public or private corporation, and a Federal, State, or local government agency or department.

(b) Strategic plan for countermeasure research, development, and procurement

(1) In general

Not later than 6 months after December 19, 2006, the Secretary shall develop and make public a strategic plan to integrate biodefense and emerging infectious disease requirements with the advanced research and development, strategic initiatives for innovation, support for domestic manufacturing surge capacity and capabilities, and the procurement of qualified countermeasures and qualified pandemic or epidemic products. The Secretary shall carry out such activities as may be practicable to disseminate the information contained in such plan to persons who may have the capacity to substantially contribute to the activities described in such strategic plan. The Secretary shall update and incorporate such plan as part of the National Health Security Strategy described in section 300hh–1 of this title.

(2) Content

The strategic plan under paragraph (1) shall guide—

(A) research and development, conducted or supported by the Department of Health and Human Services, of qualified countermeasures and qualified pandemic or epidemic products against possible biological, chemical, radiological, and nuclear agents and to emerging infectious diseases;

(B) innovation in technologies that may assist advanced research and development of qualified countermeasures and qualified pandemic or epidemic products (such research and development referred to in this section as "countermeasure and product advanced research and development");

(C) activities to support, maintain, and improve domestic manufacturing surge capacity and capabilities, as appropriate, including through the utilization of advanced manufacturing and platform technologies, to increase the availability of products that are or may become qualified countermeasures or qualified pandemic or epidemic products; and

(D) procurement of such qualified countermeasures and qualified pandemic or epidemic products by such Department.

(c) Biomedical Advanced Research and Development Authority

(1) Establishment

There is established within the Department of Health and Human Services the Biomedical Advanced Research and Development Authority.

(2) In general

Based upon the strategic plan described in subsection (b), the Secretary shall coordinate the acceleration of countermeasure and product advanced research and development by—

(A) facilitating collaboration between the Department of Health and Human Services and other Federal agencies, relevant industries, academia, and other persons, with respect to such advanced research and development;

(B) promoting countermeasure and product advanced research and development, including through the establishment and maintenance of domestic manufacturing surge capacity and capabilities, consistent with subsection (a)(6)(B)(iv);

(C) facilitating contacts between interested persons and the offices or employees authorized by the Secretary to advise such persons regarding requirements under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.] and under section 262 of this title; and

(D) promoting innovation to reduce the time and cost of countermeasure and product advanced research and development.

(3) Director

The BARDA shall be headed by a Director (referred to in this section as the "Director") who shall be appointed by the Secretary and to whom the Secretary shall delegate such functions and authorities as necessary to implement this section, including the execution of procurement contracts, grants, and cooperative agreements pursuant to this section.

(4) Duties

(A) Collaboration

To carry out the purpose described in paragraph (2)(A), the Secretary shall—

(i) facilitate and increase the expeditious and direct communication between the Department of Health and Human Services and relevant persons with respect to countermeasure and product advanced research and development, including by—

(I) facilitating such communication regarding the processes for procuring such advanced research and development with respect to qualified countermeasures and qualified pandemic or epidemic products of interest;

(II) soliciting information about and data from research on potential qualified countermeasures and qualified pandemic or epidemic products and related technologies;

(III) facilitating such communication, as appropriate, regarding manufacturing surge capacity and capabilities with respect to qualified countermeasures and qualified pandemic or epidemic products to prepare for, or respond to, a public health emergency or potential public health emergency; and

(IV) facilitating such communication, as appropriate and in a manner that does not compromise national security, with respect to potential eligibility for the material threat

medical countermeasure priority review voucher program under section 565A of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 360bbb-4a];

(ii) at least annually—

(I) convene meetings with representatives from relevant industries, academia, other Federal agencies, international agencies as appropriate, and other interested persons;

(II) sponsor opportunities to demonstrate the operation and effectiveness of relevant biodefense countermeasure technologies; and

(III) convene such working groups on countermeasure and product advanced research and development as the Secretary may determine are necessary to carry out this section;

(iii) communicate regularly with entities in receipt of an award pursuant to subparagraph (B)(v), and facilitate communication between such entities and other entities in receipt of an award pursuant to subparagraph (B)(iv), as appropriate, for purposes of planning and response regarding the availability of countermeasures and the maintenance of domestic manufacturing surge capacity and capabilities, including any planned uses of such capacity and capabilities in the near- and mid-term, and identification of any significant challenges related to the long-term maintenance of such capacity and capabilities; and

(iv) carry out the activities described in section 247d-7f of this title.

(B) Support advanced research and development

To carry out the purpose described in paragraph (2)(B), the Secretary shall—

(i) conduct ongoing searches for, and support calls for, potential qualified countermeasures and qualified pandemic or epidemic products;

(ii) direct and coordinate the countermeasure and product advanced research and development activities of the Department of Health and Human Services;

(iii) establish strategic initiatives to accelerate countermeasure and product advanced research and development (which may include advanced research and development for purposes of fulfilling requirements under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.] or section 262 of this title) and innovation in such areas as the Secretary may identify as priority unmet need areas;

(iv) award contracts, grants, cooperative agreements, and enter into other transactions, for countermeasure and product advanced research and development; and

(v) award contracts, grants, and cooperative agreements and enter into other transactions to support, maintain, and improve domestic manufacturing surge capacity and capabilities, including through supporting flexible or advanced manufacturing, to ensure that additional capacity is available to rapidly manufacture products that are or may become qualified countermeasures or qualified pandemic or epidemic products in the event of a public health emergency declaration or significant potential for a public health emergency.

(C) Facilitating advice

To carry out the purpose described in paragraph (2)(C) the Secretary shall—

(i) connect interested persons with the offices or employees authorized by the Secretary to advise such persons regarding the regulatory requirements under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.] and under section 262 of this title related to the approval, clearance, or licensure of qualified countermeasures or qualified pandemic or epidemic products;

(ii) with respect to persons performing countermeasure and product advanced research and development funded under this section, enable such offices or employees to provide to the extent practicable such advice in a manner that is ongoing and that is otherwise designed to facilitate expeditious development of qualified countermeasures and qualified pandemic or epidemic products that may achieve such approval, clearance, or licensure; and

(iii) consult with the Commissioner of Food and Drugs, pursuant to section 565(b)(2) of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 360bbb-4(b)(2)], to ensure that

facilities performing manufacturing, pursuant to an award under subparagraph (B)(v), are in compliance with applicable requirements under such Act and this chapter, as appropriate, including current good manufacturing practice pursuant to section 501(a)(2)(B) of the Food, Drug, and Cosmetic Act [21 U.S.C. 351(a)(2)(B)]; and

(D) Supporting innovation

To carry out the purpose described in paragraph (2)(D), the Secretary may award contracts, grants, and cooperative agreements, or enter into other transactions, such as prize payments, to promote—

- (i) innovation in technologies that may assist countermeasure and product advanced research and development, including to improve manufacturing capacities and capabilities for medical countermeasures;
- (ii) research on and development of research tools and other devices and technologies; and
- (iii) research to promote strategic initiatives, such as rapid diagnostics, broad spectrum antimicrobials, vaccine-manufacturing technologies, dose-sparing technologies, efficacy-increasing technologies, platform technologies, technologies to administer countermeasures, and technologies to improve storage and transportation of countermeasures.

(E) Medical countermeasures innovation partner

(i) In general

To support the purposes described in paragraph (2), the Secretary, acting through the Director of BARDA, may enter into an agreement (including through the use of grants, contracts, cooperative agreements, or other transactions as described in paragraph (5)) with an independent, nonprofit entity to—

- (I) foster and accelerate the development and innovation of medical countermeasures and technologies that may assist advanced research and the development of qualified countermeasures and qualified pandemic or epidemic products, including through the use of strategic venture capital practices and methods;
- (II) promote the development of new and promising technologies that address urgent medical countermeasure needs, as identified by the Secretary;
- (III) address unmet public health needs that are directly related to medical countermeasure requirements, such as novel antimicrobials for multidrug resistant organisms and multiuse platform technologies for diagnostics, prophylaxis, vaccines, and therapeutics; and
- (IV) provide expert consultation and advice to foster viable medical countermeasure innovators, including helping qualified countermeasure innovators navigate unique industry challenges with respect to developing chemical, biological, radiological, and nuclear countermeasure products.

(ii) Eligibility

(I) In general

To be eligible to enter into an agreement under clause (i) an entity shall—

- (aa) be an independent, nonprofit entity;
- (bb) have a demonstrated record of being able to create linkages between innovators and investors and leverage such partnerships and resources for the purpose of addressing identified strategic needs of the Federal Government;
- (cc) have experience in promoting novel technology innovation;
- (dd) be problem-driven and solution-focused based on the needs, requirements, and problems identified by the Secretary under clause (iv);
- (ee) demonstrate the ability, or the potential ability, to promote the development of medical countermeasure products;
- (ff) demonstrate expertise, or the capacity to develop or acquire expertise, related to technical and regulatory considerations with respect to medical countermeasures; and
- (gg) not be within the Department of Health and Human Services.

(II) Partnering experience

In selecting an entity with which to enter into an agreement under clause (i), the Secretary shall place a high value on the demonstrated experience of the entity in partnering with the Federal Government to meet identified strategic needs.

(iii) Not agency

An entity that enters into an agreement under clause (i) shall not be deemed to be a Federal agency for any purpose, including for any purpose under title 5.

(iv) Direction

Pursuant to an agreement entered into under this subparagraph, the Secretary, acting through the Director of BARDA, shall provide direction to the entity that enters into an agreement under clause (i). As part of this agreement the Director of BARDA shall—

(I) communicate the medical countermeasure needs, requirements, and problems to be addressed by the entity under the agreement;

(II) develop a description of work to be performed by the entity under the agreement;

(III) provide technical feedback and appropriate oversight over work carried out by the entity under the agreement, including subsequent development and partnerships consistent with the needs and requirements set forth in this subparagraph;

(IV) ensure fair consideration of products developed under the agreement in order to maintain competition to the maximum practical extent, as applicable and appropriate under applicable provisions of this section; and

(V) ensure, as a condition of the agreement that the entity—

(aa) has in place a comprehensive set of policies that demonstrate a commitment to transparency and accountability;

(bb) protects against conflicts of interest through a comprehensive set of policies that address potential conflicts of interest, ethics, disclosure, and reporting requirements;

(cc) provides monthly accounting on the use of funds provided under such agreement; and

(dd) provides on a quarterly basis, reports regarding the progress made toward meeting the identified needs set forth in the agreement.

(v) Supplement not supplant

Activities carried out under this subparagraph shall supplement, and not supplant, other activities carried out under this section.

(vi) No establishment of entity

To prevent unnecessary duplication and target resources effectively, nothing in this subparagraph shall be construed to authorize the Secretary to establish within the Department of Health and Human Services an entity for the purposes of carrying out this subparagraph.

(vii) Transparency and oversight

Upon request, the Secretary shall provide to Congress the information provided to the Secretary under clause (iv)(V)(dd).

(viii) Independent evaluation

Not later than 4 years after December 13, 2016, the Comptroller General of the United States shall conduct an independent evaluation, and submit to the Secretary and the appropriate committees of Congress a report, concerning the activities conducted under this subparagraph. Such report shall include recommendations with respect to any agreement or activities carried out pursuant to this subparagraph.

(ix) Sunset

This subparagraph shall have no force or effect after September 30, 2028.

(F) Strategic initiatives

The Secretary, acting through the Director of BARDA, may implement strategic initiatives, including by building on existing programs and by awarding contracts, grants, and cooperative agreements, or entering into other transactions, to support innovative candidate products in preclinical and clinical development that address priority, naturally occurring and man-made threats that, as determined by the Secretary, pose a significant level of risk to national security based on the characteristics of a chemical, biological, radiological or nuclear threat, or existing capabilities to respond to such a threat (including medical response and treatment capabilities and manufacturing infrastructure). Such initiatives shall accelerate and support the advanced research, development, and procurement of countermeasures and products, as applicable, to address areas including—

(i) chemical, biological, radiological, or nuclear threats, including emerging infectious diseases, for which insufficient approved, licensed, or authorized countermeasures exist, or for which such threat, or the result of an exposure to such threat, may become resistant to countermeasures or existing countermeasures may be rendered ineffective;

(ii) threats that consistently exist or continually circulate and have a significant potential to become a pandemic, such as pandemic influenza, which may include the advanced research and development, manufacturing, and appropriate stockpiling of qualified pandemic or epidemic products, and products, technologies, or processes to support the advanced research and development of such countermeasures (including multiuse platform technologies for diagnostics, vaccines, and therapeutics; virus seeds; clinical trial lots; novel virus strains; and antigen and adjuvant material); and

(iii) threats that may result primarily or secondarily from a chemical, biological, radiological, or nuclear agent, or emerging infectious diseases, and which may present increased treatment complications such as the occurrence of resistance to available countermeasures or potential countermeasures, including antimicrobial resistant pathogens.

(G) Annual reports by award recipients

As a condition of receiving an award under subparagraph (B)(v), a recipient shall develop and submit to the Secretary annual reports related to the maintenance of such capacity and capabilities, including ensuring that such capacity and capabilities are able to support the rapid manufacture of countermeasures as required by the Secretary.

(5) Transaction authorities

(A) Other transactions

(i) In general

The Secretary shall have the authority to enter into other transactions (as defined in subsection (a)(3)) under this subsection.

(ii) Limitations on authority

(I) In general

To the maximum extent practicable, competitive procedures shall be used when entering into transactions to carry out projects under this subsection.

(II) Written determinations required

The authority of this subparagraph may be exercised for a project that is expected to cost the Department of Health and Human Services in excess of \$100,000,000 only upon a written determination by the Assistant Secretary for Financial Resources, that the use of such authority is essential to promoting the success of the project. The authority of the Assistant Secretary for Financial Resources under this subclause may not be delegated.

(iii) Authority during a public health emergency

(I) In general

Notwithstanding clause (ii), the Secretary, shall, to the maximum extent practicable, use competitive procedures when entering into transactions to carry out projects under this

subsection for purposes of a public health emergency declared by the Secretary under section 247d of this title. Any such transactions entered into during such public health emergency shall not be terminated solely due to the expiration of such public health emergency, if such public health emergency ends before the completion of the terms of such agreement.

(II) Report

After the expiration of the public health emergency declared by the Secretary under section 247d of this title, the Secretary shall provide a report to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives regarding the use of any funds pursuant to the authority under subclause (I), including any outcomes, benefits, and risks associated with the use of such funds, and a description of the reasons for the use of such authority for the project or projects.

(iv) Guidelines

The Secretary shall establish guidelines regarding the use of the authority under clause (i). Such guidelines shall include auditing requirements.

(B) Expedited authorities

(i) In general

In awarding contracts, grants, and cooperative agreements, and in entering into other transactions under subparagraph (B) or (D) of paragraph (4), the Secretary shall have the expedited procurement authorities, the authority to expedite peer review, and the authority for personal services contracts, supplied by subsections (b), (c), and (d) of section 247d–6a of this title.

(ii) Application of provisions

Provisions in such section 247d–6a of this title that apply to such authorities and that require institution of internal controls, limit review, provide for Federal Tort Claims Act coverage of personal services contractors, and commit decisions to the discretion of the Secretary shall apply to the authorities as exercised pursuant to this paragraph.

(iii) Authority to limit competition

For purposes of applying section 247d–6a(b)(1)(D) of this title to this paragraph, the phrase "BioShield Program under the Project BioShield Act of 2004" shall be deemed to mean the countermeasure and product advanced research and development program under this section.

(iv) Availability of data

The Secretary shall require that, as a condition of being awarded a contract, grant, cooperative agreement, or other transaction under subparagraph (B) or (D) of paragraph (4), a person make available to the Secretary on an ongoing basis, and submit upon request to the Secretary, all data related to or resulting from countermeasure and product advanced research and development carried out pursuant to this section.

(C) Advance payments; advertising

The Secretary may waive the requirements of section 3324(a) of title 31 or section 6101 of title 41 upon the determination by the Secretary that such waiver is necessary to obtain countermeasures or products under this section.

(D) Milestone-based payments allowed

In awarding contracts, grants, and cooperative agreements, and in entering into other transactions, under this section, the Secretary may use milestone-based awards and payments.

(E) Foreign nationals eligible

The Secretary may under this section award contracts, grants, and cooperative agreements to,

and may enter into other transactions with, highly qualified foreign national persons outside the United States, alone or in collaboration with American participants, when such transactions may inure to the benefit of the American people.

(F) Establishment of research centers

The Secretary may assess the feasibility and appropriateness of establishing, through contract, grant, cooperative agreement, or other transaction, an arrangement with an existing research center in order to achieve the goals of this section. If such an agreement is not feasible and appropriate, the Secretary may establish one or more federally-funded research and development centers, or university-affiliated research centers, in accordance with section 3304(a)(3) of title 41.

(G) Government purpose

In awarding contracts, grants, and cooperative agreements under this section, the Secretary shall provide a clear statement of defined Government purpose related to activities included in subsection (a)(6)(B) for a qualified countermeasure or qualified pandemic or epidemic product.

(H) Supporting warm-base and surge capacity and capabilities

Pursuant to an award under subparagraph (B)(v),¹ the Secretary may make payments for activities necessary to maintain domestic manufacturing surge capacity and capabilities supported under such award to ensure that such capacity and capabilities are able to support the rapid manufacture of countermeasures as required by the Secretary to prepare for, or respond to, an existing or potential public health emergency or otherwise address threats that pose a significant level of risk to national security. The Secretary may support the utilization of such capacity and capabilities under awards for countermeasure and product advanced research and development, as appropriate, to provide for the maintenance of such capacity and capabilities.

(6) At-risk individuals

In carrying out the functions under this section, the Secretary may give priority to the advanced research and development of qualified countermeasures and qualified pandemic or epidemic products that are likely to be safe and effective with respect to children, pregnant women, older adults, and other at-risk individuals with relevant characteristics that warrant consideration during the process of researching and developing such countermeasures and products.

(7) Personnel authorities

(A) Specially qualified scientific and professional personnel

(i) In general

In addition to any other personnel authorities, the Secretary may—

(I) without regard to those provisions of title 5 governing appointments in the competitive service, appoint highly qualified individuals to scientific or professional positions in BARDA, such as program managers, to carry out this section; and

(II) compensate them in the same manner and subject to the same terms and conditions in which individuals appointed under section 9903 of such title are compensated, without regard to the provisions of chapter 51 and subchapter III of chapter 53 of such title relating to classification and General Schedule pay rates.

(ii) Manner of exercise of authority

The authority provided for in this subparagraph shall be exercised subject to the same limitations described in section 247d–6a(e)(2) of this title.

(iii) Term of appointment

The term limitations described in section 9903(c) of title 5 shall apply to appointments under this subparagraph, except that the references to the "Secretary" and to the "Department

of Defense's national security missions" shall be deemed to be to the Secretary of Health and Human Services and to the mission of the Department of Health and Human Services under this section.

(B) Special consultants

In carrying out this section, the Secretary may appoint special consultants pursuant to section 209(f) of this title.

(C) Limitation

(i) In general

The Secretary may hire up to 100 highly qualified individuals, or up to 50 percent of the total number of employees, whichever is less, under the authorities provided for in subparagraphs (A) and (B).

(ii) Report

The Secretary shall report to Congress on a biennial basis on the implementation of this subparagraph.

(d) Fund

(1) Establishment

There is established the Biodefense Medical Countermeasure Development Fund, which shall be available to carry out this section in addition to such amounts as are otherwise available for this purpose.

(2) Funding

To carry out the purposes of this section, there is authorized to be appropriated to the Fund \$611,700,000 for each of fiscal years 2019 through 2023, such amounts to remain available until expended.

(e) Inapplicability of certain provisions

(1) Disclosure

(A) Nondisclosure of information

(i) In general

Information described in clause (ii) shall be deemed to be information described in section 552(b)(3) of title 5.

(ii) Information described

The information described in this clause is information relevant to programs of the Department of Health and Human Services that could compromise national security and reveal significant and not otherwise publicly known vulnerabilities of existing medical or public health defenses against chemical, biological, radiological, or nuclear threats, and is comprised of—

(I) specific technical data or scientific information that is created or obtained during the countermeasure and product advanced research and development carried out under subsection (c);

(II) information pertaining to the location security, personnel, and research materials and methods of high-containment laboratories conducting research with select agents, toxins, or other agents with a material threat determination under section 247d–6b(c)(2) of this title; or

(III) security and vulnerability assessments.

(B) Review

Information subject to nondisclosure under subparagraph (A) shall be reviewed by the Secretary every 5 years, or more frequently as determined necessary by the Secretary, to

determine the relevance or necessity of continued nondisclosure.

(C) Reporting

One year after June 24, 2019, and annually thereafter, the Secretary shall report to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives on the number of instances in which the Secretary has used the authority under this subsection to withhold information from disclosure, as well as the nature of any request under section 552 of title 5 that was denied using such authority.

(D) Sunset

This paragraph shall cease to have force or effect on the date that is 17 years after December 19, 2006.

(2) Review

Notwithstanding section 1013 of title 5, a working group of BARDA under this section and the National Biodefense Science Board under section 247d–7g of this title shall each terminate on the date that is 5 years after the date on which each such group or Board, as applicable, was established. Such 5-year period may be extended by the Secretary for one or more additional 5-year periods if the Secretary determines that any such extension is appropriate.

(f) Independent evaluation

(1) In general

Not later than 180 days after December 29, 2022, the Comptroller General of the United States shall conduct an independent evaluation of the activities carried out to facilitate flexible manufacturing capacity pursuant to this section.

(2) Report

Not later than 1 year after December 29, 2022, the Comptroller General of the United States shall submit to the appropriate committees of Congress a report concerning the results of the evaluation conducted under paragraph (1). Such report shall review and assess—

(A) the extent to which flexible manufacturing capacity under this section is dedicated to chemical, biological, radiological, and nuclear threats;

(B) the activities supported by flexible manufacturing initiatives;

(C) the ability of flexible manufacturing activities carried out under this section to—

(i) secure and leverage leading technical expertise with respect to countermeasure advanced research, development, and manufacturing processes; and

(ii) meet the surge manufacturing capacity needs presented by novel and emerging threats, including chemical, biological, radiological, and nuclear agents; and

(D) plans for the near-, mid-, and long-term sustainment of manufacturing activities carried out under this section, including such activities pursuant to subsection (c)(5)(H), specific actions to regularly assess the ability of recipients of an award under subsection (c)(4)(B)(v) to rapidly manufacture countermeasures as required by the Secretary, and recommendations to address challenges, if any, related to such activities.

REFERENCES IN TEXT

The Federal Food, Drug, and Cosmetic Act, referred to in subsecs. (a)(6)(A)(ii), (B)(i) and (c)(2)(C), (4)(B)(iii), (C)(i), (iii), is act June 25, 1938, ch. 675, 52 Stat. 1040, which is classified generally to chapter 9 (§301 et seq.) of Title 21, Food and Drugs. For complete classification of this Act to the Code, see section 301 of Title 21 and Tables.

The Federal Tort Claims Act, referred to in subsec. (c)(5)(B)(ii), is title IV of act Aug. 2, 1946, ch. 753, 60 Stat. 842, which was classified principally to chapter 20 (§§921, 922, 931–934, 941–946) of former Title 28, Judicial Code and Judiciary. Title IV of act Aug. 2, 1946, was substantially repealed and reenacted as sections 1346(b) and 2671 et seq. of Title 28, Judiciary and Judicial Procedure, by act June 25, 1948, ch. 646, 62 Stat. 992, the first section of which enacted Title 28. The Federal Tort Claims Act is also commonly used to refer to chapter 171 of Title 28, Judiciary and Judicial Procedure. For complete classification of title IV to the Code, see Tables. For distribution of former sections of Title 28 into the revised Title 28, see Table at the beginning of Title 28.

CODIFICATION

In subsec. (c)(5)(F), "section 3304(a)(3) of title 41" substituted for "section 303(c)(3) of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 253(c)(3))" on authority of Pub. L. 111–350, §6(c), Jan. 4, 2011, 124 Stat. 3854, which Act enacted Title 41, Public Contracts.

AMENDMENTS

2022—Subsec. (a)(6)(B)(iv), (v). Pub. L. 117–328, §2401(a)(1)(A), (B), added cl. (iv) and redesignated former cl. (iv) as (v). Former cl. (v) redesignated (vi).

Subsec. (a)(6)(B)(vi). Pub. L. 117–328, §2401(a)(1)(A), (C), redesignated cl. (v) as (vi) and inserted "manufacturing," after "improvement,".

Subsec. (b)(1). Pub. L. 117–328, §2401(a)(2)(A), inserted "support for domestic manufacturing surge capacity and capabilities," after "initiatives for innovation,".

Subsec. (b)(2)(C), (D). Pub. L. 117–328, §2401(a)(2)(B), added subpar. (C) and redesignated former subpar. (C) as (D).

Subsec. (c)(2)(B). Pub. L. 117–328, §2401(a)(3)(A), inserted ", including through the establishment and maintenance of domestic manufacturing surge capacity and capabilities, consistent with subsection (a)(6)(B)(iv)" after "development".

Subsec. (c)(4)(A)(i)(III), (IV). Pub. L. 117–328, §2401(a)(3)(B)(i)(I), added subcls. (III) and (IV).

Subsec. (c)(4)(A)(iii), (iv). Pub. L. 117–328, §2401(a)(3)(B)(i)(II)–(IV), added cl. (iii) and redesignated former cl. (iii) as (iv).

Subsec. (c)(4)(B)(v). Pub. L. 117–328, §2401(a)(3)(B)(ii), added cl. (v).

Subsec. (c)(4)(C)(iii). Pub. L. 117–328, §2401(a)(3)(B)(iii), added cl. (iii).

Subsec. (c)(4)(D)(i). Pub. L. 117–328, §2401(a)(3)(B)(iv), inserted ", including to improve manufacturing capacities and capabilities for medical countermeasures" after "development".

Subsec. (c)(4)(E)(ix). Pub. L. 117–328, §2401(a)(3)(B)(v), substituted "2028" for "2023".

Subsec. (c)(4)(G). Pub. L. 117–328, §2401(a)(3)(B)(vi), added subpar. (G).

Subsec. (c)(5)(H). Pub. L. 117–328, §2401(a)(3)(C), added subpar. (H).

Subsec. (e)(2). Pub. L. 117–286 substituted "section 1013 of title 5," for "section 14 of the Federal Advisory Committee Act,".

Subsec. (f)(1). Pub. L. 117–328, §2401(a)(4)(A), substituted "Not later than 180 days after December 29, 2022" for "Not later than 180 days after March 13, 2013".

Subsec. (f)(2). Pub. L. 117–328, §2401(a)(4)(B)(i), substituted "December 29, 2022" for "March 13, 2013" in introductory provisions.

Subsec. (f)(2)(D). Pub. L. 117–328, §2401(a)(4)(B)(ii)–(C), added subpar. (D).

2020—Subsec. (c)(5)(A)(iii), (iv). Pub. L. 116–136 added cl. (iii) and redesignated former cl. (iii) as (iv).

2019—Subsec. (a)(3). Pub. L. 116–22, §602(1), struck out ", such as the Secretary of Defense may enter into under section 2371 of title 10" before period at end.

Subsec. (c)(4)(A)(iii). Pub. L. 116–22, §701(e)(2)(B), substituted "section 247d–7f of this title" for "section 405 of the Pandemic and All-Hazards Preparedness Act".

Subsec. (c)(4)(D)(iii). Pub. L. 116–22, §601, substituted "platform technologies, technologies to administer countermeasures, and technologies to improve storage and transportation of countermeasures" for "and

platform technologies".

Subsec. (c)(4)(E)(ix). Pub. L. 116–22, §701(d), substituted "2023" for "2022".

Subsec. (c)(4)(F). Pub. L. 116–22, §404(a), added subpar. (F).

Subsec. (c)(5)(A)(i). Pub. L. 116–22, §602(2)(A), substituted "(as defined in subsection (a)(3)) under this subsection" for "under this subsection in the same manner as the Secretary of Defense enters into such transactions under section 2371 of title 10".

Subsec. (c)(5)(A)(ii)(I). Pub. L. 116–22, §602(2)(B)(i), amended subcl. (I) generally. Prior to amendment, text read as follows: "Subsections (b), (c), and (h) of section 845 of the National Defense Authorization Act for Fiscal Year 1994 (10 U.S.C. 2371 note) shall apply to other transactions under this subparagraph as if such transactions were for prototype projects described by subsection (a) of such section 845."

Subsec. (c)(5)(A)(ii)(II). Pub. L. 116–22, §602(2)(B)(ii), substituted "\$100,000,000" for "\$20,000,000", "Assistant Secretary for Financial Resources" for "senior procurement executive for the Department (as designated for purpose of section 16(c) of the Office of Federal Procurement Policy Act (41 U.S.C. 414(c)))", and "Assistant Secretary for Financial Resources under" for "senior procurement executive under".

Subsec. (c)(6). Pub. L. 116–22, §303(b), substituted "older adults" for "elderly" and inserted "with relevant characteristics that warrant consideration during the process of researching and developing such countermeasures and products" before period at end.

Subsec. (d)(2). Pub. L. 116–22, §504(b), substituted "\$611,700,000 for each of fiscal years 2019 through 2023" for "\$415,000,000 for each of fiscal years 2014 through 2018".

Subsec. (e)(1)(A). Pub. L. 116–22, §701(f)(1), amended subpar. (A) generally. Prior to amendment, text read as follows: "The Secretary shall withhold from disclosure under section 552 of title 5 specific technical data or scientific information that is created or obtained during the countermeasure and product advanced research and development carried out under subsection (c) that reveals significant and not otherwise publicly known vulnerabilities of existing medical or public health defenses against biological, chemical, nuclear, or radiological threats. Such information shall be deemed to be information described in section 552(b)(3) of title 5."

Subsec. (e)(1)(C). Pub. L. 116–22, §701(f)(3), added subpar. (C). Former subpar. (C) redesignated (D).

Subsec. (e)(1)(D). Pub. L. 116–22, §701(f)(2), (4), redesignated subpar. (C) as (D) and substituted "17" for "12".

2016—Subsec. (c)(3). Pub. L. 114–255, §3082(b), inserted ", including the execution of procurement contracts, grants, and cooperative agreements pursuant to this section" before period at end.

Subsec. (c)(4)(E). Pub. L. 114–255, §3084, added subpar. (E).

2013—Subsec. (c)(4)(B)(iii). Pub. L. 113–5, §402(a)(1), inserted "(which may include advanced research and development for purposes of fulfilling requirements under the Federal Food, Drug, and Cosmetic Act or section 262 of this title)" after "research and development".

Subsec. (c)(4)(D)(iii). Pub. L. 113–5, §402(a)(2), substituted "vaccine-manufacturing technologies, dose-sparing technologies, efficacy-increasing technologies, and platform technologies" for "and vaccine manufacturing technologies".

Subsec. (c)(5)(G). Pub. L. 113–5, §402(b), added subpar. (G).

Subsec. (d)(2). Pub. L. 113–5, §402(c), amended par. (2) generally. Prior to amendment, text read as follows: "To carry out the purposes of this section, there are authorized to be appropriated to the Fund—

"(A) \$1,070,000,000 for fiscal years 2006 through 2008, the amounts to remain available until expended; and

"(B) such sums as may be necessary for subsequent fiscal years, the amounts to remain available until expended."

Subsec. (e)(1)(C). Pub. L. 113–5, §402(d), substituted "12 years" for "7 years".

Subsec. (f). Pub. L. 113–5, §402(f), added subsec. (f).

EXECUTIVE DOCUMENTS

EX. ORD. NO. 13887. MODERNIZING INFLUENZA VACCINES IN THE UNITED STATES TO PROMOTE NATIONAL SECURITY AND PUBLIC HEALTH

Ex. Ord. No. 13887, Sept. 19, 2019, 84 F.R. 49935, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, including section 301 of title 3, United States Code, it is hereby ordered as follows:

SECTION 1. *Findings.* (a) Influenza viruses are constantly changing as they circulate globally in humans and animals. Relatively minor changes in these viruses cause annual seasonal influenza outbreaks, which result in millions of illnesses, hundreds of thousands of hospitalizations, and tens of thousands of deaths each

year in the United States. Periodically, new influenza A viruses emerge from animals, including birds and pigs, that can spread efficiently and have sustained transmission among humans. This situation is called an influenza pandemic (pandemic). Unlike seasonal influenza, a pandemic has the potential to spread rapidly around the globe, infect higher numbers of people, and cause high rates of illness and death in populations that lack prior immunity. While it is not possible to predict when or how frequently a pandemic may occur, there have been 4 pandemics in the last 100 years. The most devastating pandemic occurred in 1918–1919 and is estimated to have killed more than 50 million people worldwide, including 675,000 Americans.

(b) Vaccination is the most effective defense against influenza. Despite recommendations by the Centers for Disease Control and Prevention (CDC) that nearly every American should receive the influenza vaccine annually, however, seasonal influenza vaccination levels in the United States have currently reached only about 45 percent of CDC goals.

(c) All influenza vaccines presently in use have been developed for circulating or anticipated influenza viruses. These vaccines must be reformulated for each influenza season as well as in the event of a pandemic. Additional research is needed to develop influenza vaccines that provide more effective and longer-lasting protection against many or all influenza viruses.

(d) The current domestic enterprise for manufacturing influenza vaccines has critical shortcomings. Most influenza vaccines are made in chicken eggs, using a 70-year-old process that requires months-long production timelines, limiting their utility for pandemic control; rely on a potentially vulnerable supply chain of eggs; require the use of vaccine viruses adapted for growth in eggs, which could introduce mutations of the influenza vaccine virus that may render the final product less effective; and are unsuitable for efficient and scalable continuous manufacturing platforms.

(e) The seasonal influenza vaccine market rewards manufacturers that deliver vaccines in time for the influenza season, without consideration of the speed or scale of these manufacturers' production processes. This approach is insufficient to meet the response needs in the event of a pandemic, which can emerge rapidly and with little warning. Because the market does not sufficiently reward speed, and because a pandemic has the potential to overwhelm or compromise essential government functions, including defense and homeland security, the Government must take action to promote faster and more scalable manufacturing platforms.

SEC. 2. Policy. It is the policy of the United States to modernize the domestic influenza vaccine enterprise to be highly responsive, flexible, scalable, and more effective at preventing the spread of influenza viruses. This is a public health and national security priority, as influenza has the potential to significantly harm the United States and our interests, including through large-scale illness and death, disruption to military operations, and damage to the economy. This order directs actions to reduce the United States' reliance on egg-based influenza vaccine production; to expand domestic capacity of alternative methods that allow more agile and rapid responses to emerging influenza viruses; to advance the development of new, broadly protective vaccine candidates that provide more effective and longer lasting immunities; and to support the promotion of increased influenza vaccine immunization across recommended populations.

SEC. 3. National Influenza Vaccine Task Force. (a) There is hereby established a National Influenza Vaccine Task Force (Task Force). The Task Force shall identify actions to achieve the objectives identified in section 2 of this order and monitor and report on the implementation and results of those actions. The Task Force shall be co-chaired by the Secretary of Defense and the Secretary of Health and Human Services, or their designees.

(b) In addition to the Co-Chairs, the Task Force shall consist of a senior official from the following executive branch departments, agencies, and offices:

- (i) the Department of Defense (DOD);
- (ii) the Department of Justice;
- (iii) the Department of Agriculture;
- (iv) the Department of Veterans Affairs (VA);
- (v) the Department of Homeland Security;
- (vi) the United States Food and Drug Administration;
- (vii) the Centers for Disease Control and Prevention;
- (viii) the National Institutes of Health (NIH);
- (ix) the Centers for Medicare and Medicaid Services (CMS); and
- (x) the Biomedical Advanced Research and Development Authority (BARDA).

(c) The Co-Chairs may jointly invite additional Federal Government representatives, with the consent of the applicable executive department, agency, or office head, to attend meetings of the Task Force or to become members of the Task Force, as appropriate.

(d) The staffs of the Department of State, the Office of Management and Budget (OMB), the National Security Council, the Council of Economic Advisers, the Domestic Policy Council, the National Economic

Council, and the Office of Science and Technology Policy (OSTP) may attend and participate in any Task Force meetings or discussions.

(e) The Task Force may consult with State, local, tribal, and territorial government officials and private sector representatives, as appropriate and consistent with applicable law.

(f) Within 120 days of the date of this order [Sept. 19, 2019], the Task Force shall submit a report to the President, through the Assistant to the President for National Security Affairs, the Assistant to the President for Domestic Policy, the Director of the Office of Management and Budget, and the Director of the Office of Science and Technology Policy. The report shall include:

(i) a 5-year national plan (Plan) to promote the use of more agile and scalable vaccine manufacturing technologies and to accelerate development of vaccines that protect against many or all influenza viruses;

(ii) recommendations for encouraging non-profit, academic, and private-sector influenza vaccine innovation; and

(iii) recommendations for increasing influenza vaccination among the populations recommended by the CDC and for improving public understanding of influenza risk and informed influenza vaccine decision-making.

(g) Not later than June 1 of each of the 5 years following submission of the report described in subsection (f) of this section, the Task Force shall submit an update on implementation of the Plan and, as appropriate, new recommendations for achieving the policy objectives set forth in section 2 of this order.

SEC. 4. *Agency Implementation.* The heads of executive departments and agencies shall also implement the policy objectives defined in section 2 of this order, consistent with existing authorities and appropriations, as follows:

(a) The Secretary of HHS shall:

(i) through the Assistant Secretary for Preparedness and Response and BARDA:

(A) estimate the cost of expanding and diversifying domestic vaccine-manufacturing capacity to use innovative, faster, and more scalable technologies, including cell-based and recombinant vaccine manufacturing, through cost-sharing agreements with the private sector, which shall include an agreed-upon pricing strategy during a pandemic;

(B) estimate the cost of expanding domestic production capacity of adjuvants in order to combine such adjuvants with both seasonal and pandemic influenza vaccines;

(C) estimate the cost of expanding domestic fill-and-finish capacity to rapidly fulfill antigen and adjuvant needs for pandemic response;

(D) estimate the cost of developing, evaluating, and implementing delivery systems to augment limited supplies of needles and syringes and to enable the rapid and large-scale administration of pandemic influenza vaccines;

(E) evaluate incentives for the development and production of vaccines by private manufacturers and public-private partnerships, including, in emergency situations, the transfer of technology to public-private partnerships—such as the HHS Centers for Innovation and Advanced Development and Manufacturing or other domestic manufacturing facilities—in advance of a pandemic, in order to be able to ensure adequate domestic pandemic manufacturing capacity and capability;

(F) support, in coordination with the DOD, NIH, and VA, a suite of clinical studies featuring different adjuvants to support development of improved vaccines and further expand vaccine supply by reducing the dose of antigen required; and

(G) update, in coordination with other relevant public health agencies, the research agenda to dramatically improve the effectiveness, efficiency, and reliability of influenza vaccine production;

(ii) through the Director of NIH, provide to the Task Force estimated timelines for implementing NIH's strategic plan and research agenda for developing influenza vaccines that can protect individuals over many years against multiple types of influenza viruses;

(iii) through the Commissioner of Food and Drugs:

(A) further implement vaccine production process improvements to reduce the time required for vaccine production (e.g., through the use of novel technologies for vaccine seed virus development and through implementation of improved potency and sterility assays);

(B) develop, in conjunction with the CDC, proposed alternatives for the timing of vaccine virus selection to account for potentially shorter timeframes associated with non-egg based manufacturing and to facilitate vaccines optimally matched to the circulating strains;

(C) further support the conduct, in collaboration with the DOD, BARDA, and CDC, of applied scientific research regarding developing cell lines and expression systems that markedly increase the yield of cell-based and recombinant influenza vaccine manufacturing processes; and

(D) assess, in coordination with BARDA and relevant vaccine manufacturers, the use and potential

effects of using advanced manufacturing platforms for influenza vaccines;

(iv) through the Director of the CDC:

(A) expand vaccine effectiveness studies to more rapidly evaluate the effectiveness of cell-based and recombinant influenza vaccines relative to egg-based vaccines;

(B) explore options to expand the production capacity of cell-based vaccine candidates used by industry;

(C) develop a plan to expand domestic capacity for whole genome characterization of influenza viruses;

(D) increase influenza vaccine use through enhanced communication and by removing barriers to vaccination; and

(E) enhance communication to healthcare providers about the performance of influenza vaccines, in order to assist them in promoting the most effective vaccines for their patient populations; and

(v) through the Administrator of CMS, examine the current legal, regulatory, and policy framework surrounding payment for influenza vaccines and assess adoption of domestically manufactured vaccines that have positive attributes for pandemic response (such as scalability and speed of manufacturing).

(b) The Secretary of Defense shall:

(i) provide OMB with a cost estimate for transitioning DOD's annual procurement of influenza vaccines to vaccines manufactured both domestically and through faster, more scalable, and innovative technologies;

(ii) direct, in coordination with the VA, CDC, and other components of HHS, the conduct of epidemiological studies of vaccine effectiveness to improve knowledge of the clinical effect of the currently licensed influenza vaccines;

(iii) use DOD's network of clinical research sites to evaluate the effectiveness of licensed influenza vaccines, including methods of boosting their effectiveness;

(iv) identify opportunities to use DOD's vaccine research and development enterprise, in collaboration with HHS, to include both early discovery and design of influenza vaccines as well as later-stage evaluation of candidate influenza vaccines;

(v) investigate, in collaboration with HHS, alternative correlates of immune protection that could facilitate development of next-generation influenza vaccines;

(vi) direct the conduct of a study to assess the feasibility of using DOD's advanced manufacturing facility for manufacturing cell-based or recombinant influenza vaccines during a pandemic; and

(vii) accelerate, in collaboration with HHS, research regarding rapidly scalable prophylactic influenza antibody approaches to complement a universal vaccine initiative and address gaps in current vaccine coverage.

(c) The Secretary of VA shall provide OMB with a cost estimate for transitioning its annual procurement of influenza vaccines to vaccines manufactured both domestically and with faster, more scalable, and innovative technologies.

SEC. 5. *Termination.* The Task Force shall terminate upon direction from the President or, with the approval of the President, upon direction from the Task Force Co-Chairs.

SEC. 6. *General Provisions.* (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

DONALD J. TRUMP.

§247d–7f. Collaboration and coordination

(a) Limited antitrust exemption

(1) Meetings and consultations to discuss security countermeasures, qualified countermeasures, or qualified pandemic or epidemic product development

(A) Authority to conduct meetings and consultations

The Secretary, in coordination with the Attorney General and the Secretary of Homeland Security, may conduct meetings and consultations with persons engaged in the development of a security countermeasure (as defined in section 247d–6b of this title), a qualified countermeasure (as defined in section 247d–6a of this title), or a qualified pandemic or epidemic product (as defined in section 247d–6d of this title) for the purpose of the development, manufacture, distribution, purchase, or storage of a countermeasure or product. The Secretary may convene such meeting or consultation at the request of the Secretary of Homeland Security, the Attorney General, the Chairman of the Federal Trade Commission (referred to in this section as the "Chairman"), or any interested person, or upon initiation by the Secretary. The Secretary shall give prior notice of any such meeting or consultation, and the topics to be discussed, to the Attorney General, the Chairman, and the Secretary of Homeland Security.

(B) Meeting and consultation conditions

A meeting or consultation conducted under subparagraph (A) shall—

- (i) be chaired or, in the case of a consultation, facilitated by the Secretary;
- (ii) be open to persons involved in the development, manufacture, distribution, purchase, or storage of a countermeasure or product, as determined by the Secretary;
- (iii) be open to the Attorney General, the Secretary of Homeland Security, and the Chairman;
- (iv) be limited to discussions involving covered activities; and
- (v) be conducted in such manner as to ensure that no national security, confidential commercial, or proprietary information is disclosed outside the meeting or consultation.

(C) Limitation

The Secretary may not require participants to disclose confidential commercial or proprietary information.

(D) Transcript

The Secretary shall maintain a complete verbatim transcript of each meeting or consultation conducted under this subsection. Such transcript (or a portion thereof) shall not be disclosed under section 552 of title 5 to the extent that the Secretary, in consultation with the Attorney General and the Secretary of Homeland Security, determines that disclosure of such transcript (or portion thereof) would pose a threat to national security. The transcript (or portion thereof) with respect to which the Secretary has made such a determination shall be deemed to be information described in subsection (b)(3) of such section 552.

(E) Exemption

(i) In general

Subject to clause (ii), it shall not be a violation of the antitrust laws for any person to participate in a meeting or consultation conducted in accordance with this paragraph.

(ii) Limitation

Clause (i) shall not apply to any agreement or conduct that results from a meeting or consultation and that is not covered by an exemption granted under paragraph (4).

(2) Submission of written agreements

The Secretary shall submit each written agreement regarding covered activities that is made pursuant to meetings or consultations conducted under paragraph (1) to the Attorney General and the Chairman for consideration. In addition to the proposed agreement itself, any submission shall include—

- (A) an explanation of the intended purpose of the agreement;
- (B) a specific statement of the substance of the agreement;
- (C) a description of the methods that will be utilized to achieve the objectives of the

agreement;

(D) an explanation of the necessity for a cooperative effort among the particular participating persons to achieve the objectives of the agreement; and

(E) any other relevant information determined necessary by the Attorney General, in consultation with the Chairman and the Secretary.

(3) Exemption for conduct under approved agreement

It shall not be a violation of the antitrust laws for a person to engage in conduct in accordance with a written agreement to the extent that such agreement has been granted an exemption under paragraph (4), during the period for which the exemption is in effect.

(4) Action on written agreements

(A) In general

The Attorney General, in consultation with the Chairman, shall grant, deny, grant in part and deny in part, or propose modifications to an exemption request regarding a written agreement submitted under paragraph (2), in a written statement to the Secretary, within 15 business days of the receipt of such request. An exemption granted under this paragraph shall take effect immediately.

(B) Extension

The Attorney General may extend the 15-day period referred to in subparagraph (A) for an additional period of not to exceed 10 business days.

(C) Determination

An exemption shall be granted regarding a written agreement submitted in accordance with paragraph (2) only to the extent that the Attorney General, in consultation with the Chairman and the Secretary, finds that the conduct that will be exempted will not have any substantial anticompetitive effect that is not reasonably necessary for ensuring the availability of the countermeasure or product involved.

(5) Limitation on and renewal of exemptions

An exemption granted under paragraph (4) shall be limited to covered activities, and such exemption shall be renewed (with modifications, as appropriate, consistent with the finding described in paragraph (4)(C)), on the date that is 3 years after the date on which the exemption is granted unless the Attorney General in consultation with the Chairman determines that the exemption should not be renewed (with modifications, as appropriate) considering the factors described in paragraph (4).

(6) Authority to obtain information

Consideration by the Attorney General for granting or renewing an exemption submitted under this section shall be considered an antitrust investigation for purposes of the Antitrust Civil Process Act (15 U.S.C. 1311 et seq.).

(7) Limitation on parties

The use of any information acquired under an agreement for which an exemption has been granted under paragraph (4), for any purpose other than specified in the exemption, shall be subject to the antitrust laws and any other applicable laws.

(8) Report

Not later than one year after the date of enactment of this Act¹ and biannually thereafter, the Attorney General and the Chairman shall report to Congress on the use of the exemption from the antitrust laws provided by this subsection.

(b) Sunset

The applicability of this section shall expire at the end of the 17-year period that begins on the date of enactment of this Act.¹

(c) Definitions

In this section:

(1) Antitrust laws

The term "antitrust laws"—

(A) has the meaning given such term in subsection (a) of section 12 of title 15, except that such term includes section 45 of title 15 to the extent such section 45 of title 15 applies to unfair methods of competition; and

(B) includes any State law similar to the laws referred to in subparagraph (A).

(2) Countermeasure or product

The term "countermeasure or product" refers to a security countermeasure, qualified countermeasure, or qualified pandemic or epidemic product (as those terms are defined in subsection (a)(1)).

(3) Covered activities

(A) In general

Except as provided in subparagraph (B), the term "covered activities" includes any activity relating to the development, manufacture, distribution, purchase, or storage of a countermeasure or product.

(B) Exception

The term "covered activities" shall not include, with respect to a meeting or consultation conducted under subsection (a)(1) or an agreement for which an exemption has been granted under subsection (a)(4), the following activities involving 2 or more persons:

(i) Exchanging information among competitors relating to costs, profitability, or distribution of any product, process, or service if such information is not reasonably necessary to carry out covered activities—

(I) with respect to a countermeasure or product regarding which such meeting or consultation is being conducted; or

(II) that are described in the agreement as exempted.

(ii) Entering into any agreement or engaging in any other conduct—

(I) to restrict or require the sale, licensing, or sharing of inventions, developments, products, processes, or services not developed through, produced by, or distributed or sold through such covered activities; or

(II) to restrict or require participation, by any person participating in such covered activities, in other research and development activities, except as reasonably necessary to prevent the misappropriation of proprietary information contributed by any person participating in such covered activities or of the results of such covered activities.

(iii) Entering into any agreement or engaging in any other conduct allocating a market with a competitor that is not expressly exempted from the antitrust laws under subsection (a)(4).

(iv) Exchanging information among competitors relating to production (other than production by such covered activities) of a product, process, or service if such information is not reasonably necessary to carry out such covered activities.

(v) Entering into any agreement or engaging in any other conduct restricting, requiring, or otherwise involving the production of a product, process, or service that is not expressly exempted from the antitrust laws under subsection (a)(4).

(vi) Except as otherwise provided in this subsection, entering into any agreement or engaging in any other conduct to restrict or require participation by any person participating in such covered activities, in any unilateral or joint activity that is not reasonably necessary to carry out such covered activities.

(vii) Entering into any agreement or engaging in any other conduct restricting or setting the

price at which a countermeasure or product is offered for sale, whether by bid or otherwise. (July 1, 1944, ch. 373, title III, §319L–1, as added Pub. L. 116–22, title VII, §701(e)(1)(C), (D), June 24, 2019, 133 Stat. 961.)

§247d–7g. National Biodefense Science Board and working groups

(a) In general

(1) Establishment and function

The Secretary shall establish the National Biodefense Science Board (referred to in this section as the "Board") to provide expert advice and guidance to the Secretary on scientific, technical and other matters of special interest to the Department of Health and Human Services regarding current and future chemical, biological, nuclear, and radiological agents, whether naturally occurring, accidental, or deliberate.

(2) Membership

The membership of the Board shall be comprised of individuals who represent the Nation's preeminent scientific, public health, and medical experts, as follows—

- (A) such Federal officials as the Secretary may determine are necessary to support the functions of the Board;
- (B) four individuals representing the pharmaceutical, biotechnology, and device industries;
- (C) four individuals representing academia; and
- (D) five other members as determined appropriate by the Secretary, of whom—
 - (i) one such member shall be a practicing healthcare professional;
 - (ii) one such member shall be an individual from an organization representing healthcare consumers;
 - (iii) one such member shall be an individual with pediatric subject matter expertise; and
 - (iv) one such member shall be a State, tribal, territorial, or local public health official.

Nothing in this paragraph shall preclude a member of the Board from satisfying two or more of the requirements described in subparagraph (D).

(3) Term of appointment

A member of the Board described in subparagraph (B), (C), or (D) of paragraph (2) shall serve for a term of 3 years, except that the Secretary may adjust the terms of the initial Board appointees in order to provide for a staggered term of appointment for all members.

(4) Consecutive appointments; maximum terms

A member may be appointed to serve not more than 3 terms on the Board and may serve not more than 2 consecutive terms.

(5) Duties

The Board shall—

- (A) advise the Secretary on current and future trends, challenges, and opportunities presented by advances in biological and life sciences, biotechnology, and genetic engineering with respect to threats posed by naturally occurring infectious diseases and chemical, biological, radiological, and nuclear agents;
- (B) at the request of the Secretary, review and consider any information and findings received from the working groups established under subsection (b);
- (C) at the request of the Secretary, provide recommendations and findings for expanded, intensified, and coordinated biodefense research and development activities; and
- (D) provide any recommendation, finding, or report provided to the Secretary under this paragraph to the appropriate committees of Congress.

(6) Meetings

(A) Initial meeting

Not later than one year after December 19, 2006, the Secretary shall hold the first meeting of the Board.

(B) Subsequent meetings

The Board shall meet at the call of the Secretary, but in no case less than twice annually.

(7) Vacancies

Any vacancy in the Board shall not affect its powers, but shall be filled in the same manner as the original appointment.

(8) Chairperson

The Secretary shall appoint a chairperson from among the members of the Board.

(9) Powers

(A) Hearings

The Board may hold such hearings, sit and act at such times and places, take such testimony, and receive such evidence as the Board considers advisable to carry out this subsection.

(B) Postal services

The Board may use the United States mails in the same manner and under the same conditions as other departments and agencies of the Federal Government.

(10) Personnel

(A) Employees of the Federal Government

A member of the Board that is an employee of the Federal Government may not receive additional pay, allowances, or benefits by reason of the member's service on the Board.

(B) Other members

A member of the Board that is not an employee of the Federal Government may be compensated at a rate not to exceed the daily equivalent of the annual rate of basic pay prescribed for level IV of the Executive Schedule under section 5315 of title 5 for each day (including travel time) during which the member is engaged in the actual performance of duties as a member of the Board.

(C) Travel expenses

Each member of the Board shall receive travel expenses, including per diem in lieu of subsistence, in accordance with applicable provisions under subchapter I of chapter 57 of title 5.

(D) Detail of Government employees

Any Federal Government employee may be detailed to the Board with the approval for the contributing agency without reimbursement, and such detail shall be without interruption or loss of civil service status or privilege.

(b) Other working groups

The Secretary may establish a working group of experts, or may use an existing working group or advisory committee, to—

(1) identify innovative research with the potential to be developed as a qualified countermeasure or a qualified pandemic or epidemic product;

(2) identify accepted animal models for particular diseases and conditions associated with any biological, chemical, radiological, or nuclear agent, any toxin, or any potential pandemic infectious disease, and identify strategies to accelerate animal model and research tool development and validation; and

(3) obtain advice regarding supporting and facilitating advanced research and development related to qualified countermeasures and qualified pandemic or epidemic products that are likely to be safe and effective with respect to children, pregnant women, and other vulnerable populations, and other issues regarding activities under this section that affect such populations.

(c) Definitions

Any term that is defined in section 247d–7e of this title and that is used in this section shall have the same meaning in this section as such term is given in section 247d–7e of this title.

(d) Authorization of appropriations

There are authorized to be appropriated \$1,000,000 to carry out this section for fiscal year 2007 and each fiscal year thereafter.

(July 1, 1944, ch. 373, title III, §319M, as added Pub. L. 109–417, title IV, §402, Dec. 19, 2006, 120 Stat. 2872; amended Pub. L. 113–5, title IV, §404, Mar. 13, 2013, 127 Stat. 197.)

AMENDMENTS

2013—Subsec. (a)(2). Pub. L. 113–5, §404(1)(B), inserted concluding provisions.
Subsec. (a)(2)(D)(iii), (iv). Pub. L. 113–5, §404(1)(A), added cls. (iii) and (iv).
Subsec. (a)(5)(D). Pub. L. 113–5, §404(2), added subpar. (D).

§247d–8. Coordinated program to improve pediatric oral health

(a) In general

The Secretary, acting through the Administrator of the Health Resources and Services Administration, shall establish a program to fund innovative oral health activities that improve the oral health of children under 6 years of age who are eligible for services provided under a Federal health program, to increase the utilization of dental services by such children, and to decrease the incidence of early childhood and baby bottle tooth decay.

(b) Grants

The Secretary shall award grants to or enter into contracts with public or private nonprofit schools of dentistry or accredited dental training institutions or programs, community dental programs, and programs operated by the Indian Health Service (including federally recognized Indian tribes that receive medical services from the Indian Health Service, urban Indian health programs funded under title V of the Indian Health Care Improvement Act [25 U.S.C. 1651 et seq.], and tribes that contract with the Indian Health Service pursuant to the Indian Self-Determination and Education Assistance Act [25 U.S.C. 5301 et seq.]) to enable such schools, institutions, and programs to develop programs of oral health promotion, to increase training of oral health services providers in accordance with State practice laws, or to increase the utilization of dental services by eligible children.

(c) Distribution

In awarding grants under this section, the Secretary shall, to the extent practicable, ensure an equitable national geographic distribution of the grants, including areas of the United States where the incidence of early childhood caries is highest.

(d) Authorization of appropriations

There is authorized to be appropriated to carry out this section \$10,000,000 for each ¹ the fiscal years 2001 through 2005.

(July 1, 1944, ch. 373, title III, §320A, as added Pub. L. 106–310, div. A, title XVI, §1603, Oct. 17, 2000, 114 Stat. 1151.)

CODIFICATION

Section was enacted as part of the Children's Health Insurance Program Reauthorization Act of 2009, and not as part of the Public Health Service Act which comprises this chapter.

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE

Section effective Apr. 1, 2009, and applicable to child health assistance and medical assistance provided on or after that date, with certain exceptions, see section 3 of Pub. L. 111–3, set out as a note under section 1396 of this title.

DEFINITION OF "SECRETARY"

"Secretary" means the Secretary of Health and Human Services, see section 1(c)(3) of Pub. L. 111–3, set out as a note under section 1396 of this title.

§247d–10. Pilot program for public health laboratories to detect fentanyl and other synthetic opioids

(a) Grants

The Secretary of Health and Human Services (referred to in this section as the "Secretary") shall award grants to, or enter into cooperative agreements with, Federal, State, and local agencies to improve coordination between public health laboratories and laboratories operated by law enforcement agencies, such as Customs and Border Protection and the Drug Enforcement Administration, to improve detection of synthetic opioids, including fentanyl and its analogues, as described in subsection (b).

(b) Detection activities

The Secretary, in consultation with the Director of the National Institute of Standards and Technology, the Director of the Centers for Disease Control and Prevention, the Attorney General of the United States, and the Administrator of the Drug Enforcement Administration, shall, for purposes of this section, develop or identify—

- (1) best practices for safely handling and testing synthetic opioids, including fentanyl and its analogues, including with respect to reference materials, instrument calibration, and quality control protocols;

- (2) reference materials and quality control standards related to synthetic opioids, including fentanyl and its analogues, to enhance—
- (A) clinical diagnostics;
 - (B) postmortem data collection; and
 - (C) portable testing equipment utilized by law enforcement and public health officials; and

(3) procedures for the identification of new and emerging synthetic opioid formulations and procedures for reporting those findings to appropriate law enforcement agencies and Federal, State, and local public health laboratories and health departments, as appropriate.

(c) Laboratories

The Secretary shall require recipients of grants or cooperative agreements under subsection (a) to—

(1) follow the best practices established under subsection (b) and have the appropriate capabilities to provide laboratory testing of controlled substances, such as synthetic fentanyl, and biospecimens for the purposes of aggregating and reporting public health information to Federal, State, and local public health officials, laboratories, and other entities the Secretary deems appropriate;

(2) work with law enforcement agencies and public health authorities, as practicable;

(3) provide early warning information to Federal, State, and local law enforcement agencies and public health authorities regarding trends or other data related to the supply of synthetic opioids, including fentanyl and its analogues;

(4) provide biosurveillance capabilities with respect to identifying trends in adverse health outcomes associated with non-fatal exposures; and

(5) provide diagnostic testing, as appropriate and practicable, for non-fatal exposures of emergency personnel, first responders, and other individuals.

(d) Authorization of appropriations

To carry out this section, there is authorized to be appropriated \$15,000,000 for each of fiscal years 2019 through 2023.

CODIFICATION

Section was enacted as part of the Substance Use–Disorder Prevention that Promotes Opioid Recovery and Treatment for Patients and Communities Act, also known as the SUPPORT for Patients and Communities Act, and not as part of the Public Health Service Act which comprises this chapter.

§247d–11. State All Payer Claims Databases

(a) In general

The Secretary shall make one-time grants to eligible States for the purposes described in subsection (b).

(b) Uses

A State may use a grant received under subsection (a) for one of the following purposes:

(1) To establish a State All Payer Claims Database.

(2) To improve an ¹existing State All Payer Claims Databases.¹

(c) Eligibility

To be eligible to receive a grant under subsection (a), a State shall submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary specifies, including, with respect to a State All Payer Claims Database, at least specifics on how the State will

ensure uniform data collection and the privacy and security of such data.

(d) Grant period and amount

Grants awarded under this section shall be for a period of 3-years,² and in an amount of \$2,500,000, of which \$1,000,000 shall be made available to the State for each of the first 2 years of the grant period, and \$500,000 shall be made available to the State for the third year of the grant period.

(e) Authorized users

(1) Application

An entity desiring authorization for access to a State All Payer Claims Database that has received a grant under this section shall submit to the State All Payer Claims Database an application for such access, which shall include—

(A) in the case of an entity requesting access for research purposes—

- (i) a description of the uses and methodologies for evaluating health system performance using such data; and
- (ii) documentation of approval of the research by an institutional review board, if applicable for a particular plan of research; or

(B) in the case of an entity such as an employer, health insurance issuer, third-party administrator, or health care provider, requesting access for the purpose of quality improvement or cost-containment, a description of the intended uses for such data.

(2) Requirements

(A) Access for research purposes

Upon approval of an application for research purposes under paragraph (1)(A), the authorized user shall enter into a data use and confidentiality agreement with the State All Payer Claims Database that has received a grant under this subsection, which shall include a prohibition on attempts to reidentify and disclose individually identifiable health information and proprietary financial information.

(B) Customized reports

Employers and employer organizations may request customized reports from a State All Payer Claims Database that has received a grant under this section, at cost, subject to the requirements of this section with respect to privacy, security, and proprietary financial information.

(C) Non-customized reports

A State All Payer Claims Database that has received a grant under this section shall make available to all authorized users aggregate data sets available through the State All Payer Claims Database, free of charge.

(3) Waivers

The Secretary may waive the requirements of this subsection of a State All Payer Claims Database to provide access of entities to such database if such State All Payer Claims Database is substantially in compliance with this subsection.

(f) Expanded access

(1) Multi-State applications

The Secretary may prioritize applications submitted by a State whose application demonstrates that the State will work with other State All Payer Claims Databases to establish a single application for access to data by authorized users across multiple States.

(2) Expansion of data sets

The Secretary may prioritize applications submitted by a State whose application demonstrates

that the State will implement the reporting format for self-insured group health plans described in section 1191d of title 29.

(g) Definitions

In this section—

(1) the term "individually identifiable health information" has the meaning given such term in section 1320d(6) of this title;

(2) the term "proprietary financial information" means data that would disclose the terms of a specific contract between an individual health care provider or facility and a specific group health plan, managed care entity (as defined in section 1396u–2(a)(1)(B) of this title) or other managed care organization, or health insurance issuer offering group or individual health insurance coverage; and

(3) the term "State All Payer Claims Database" means, with respect to a State, a database that may include medical claims, pharmacy claims, dental claims, and eligibility and provider files, which are collected from private and public payers.

(h) Authorization of appropriations

To carry out this section, there is authorized to be appropriated \$50,000,000 for each of fiscal years 2022 and 2023, and \$25,000,000 for fiscal year 2024, to remain available until expended.

§247e. National Hansen's Disease Programs Center

(a) Care and treatment

(1) At or through the National Hansen's Disease Programs Center (located in the State of Louisiana), the Secretary shall without charge provide short-term care and treatment, including outpatient care, for Hansen's disease and related complications to any person determined by the Secretary to be in need of such care and treatment. The Secretary may not at or through such Center provide long-term care for any such disease or complication.

(2) The Center referred to in paragraph (1) shall conduct training in the diagnosis and management of Hansen's disease and related complications, and shall conduct and promote the coordination of research (including clinical research), investigations, demonstrations, and studies relating to the causes, diagnosis, treatment, control, and prevention of Hansen's disease and other mycobacterial diseases and complications related to such diseases.

(3) Paragraph (1) is subject to section 211 of the Department of Health and Human Services Appropriations Act, 1998.

(b) Additional sites authorized

In addition to the Center referred to in subsection (a), the Secretary may establish sites regarding persons with Hansen's disease. Each such site shall provide for the outpatient care and treatment for Hansen's disease and related complications to any person determined by the Secretary to be in need of such care and treatment.

(c) Agency designated by Secretary

The Secretary shall carry out subsections (a) and (b) acting through an agency of the Service. For

purposes of the preceding sentence, the agency designated by the Secretary shall carry out both activities relating to the provision of health services and activities relating to the conduct of research.

(d) Payments to Board of Health of Hawaii

The Secretary shall make payments to the Board of Health of the State of Hawaii for the care and treatment (including outpatient care) in its facilities of persons suffering from Hansen's disease at a rate determined by the Secretary. The rate shall be approximately equal to the operating cost per patient of such facilities, except that the rate may not exceed the comparable costs per patient with Hansen's disease for care and treatment provided by the Center referred to in subsection (a).

Payments under this subsection are subject to the availability of appropriations for such purpose.

EDITORIAL NOTES

REFERENCES IN TEXT

Section 211 of the Department of Health and Human Services Appropriations Act, 1998, referred to in subsec. (a)(3), is section 211 of Pub. L. 105-78, which enacted this section and provisions set out as notes below.

CODIFICATION

Section was classified to section 255 of this title prior to its renumbering by Pub. L. 95-626.

AMENDMENTS

2002—Subsec. (a)(1). Pub. L. 107-220 substituted "National Hansen's Disease Programs Center" for "Gillis W. Long Hansen's Disease Center".

1997—Pub. L. 105-78 amended section catchline and text generally, substituting present provisions for former provisions which related to: in subsec. (a), care and treatment; and in subsec. (b), payments to Board of Health of Hawaii.

1985—Pub. L. 99-117 substituted "Hansen's disease program" for "Receipt, apprehension, detention, treatment, and release of lepers" in section catchline.

Subsec. (a). Pub. L. 99-117 amended subsec. (a) generally. Prior to amendment, subsec. (a) read as follows: "The Service shall, in accordance with regulations, receive into any hospital of the Service suitable for his accommodation any person afflicted with leprosy who presents himself for care, detention, or treatment, or who may be apprehended under subsection (b) of this section or section 264 of this title, and any person afflicted with leprosy duly consigned to the care of the Service by the proper health authority of any State. The Surgeon General is authorized, upon the request of any health authority, to send for any person within the jurisdiction of such authority who is afflicted with leprosy and to convey such person to the appropriate hospital for detention and treatment. When the transportation of any such person is undertaken for the protection of the public health the expense of such removal shall be met from funds available for the maintenance of hospitals of the Service. Such funds shall also be available, subject to regulations, for transportation of recovered indigent leper patients to their homes, including subsistence allowance while traveling. When so provided in appropriations available for any fiscal year for the maintenance of hospitals of the Service, the Surgeon General is authorized and directed to make payments to the Board of Health of Hawaii for the care and treatment in its facilities of persons afflicted with leprosy at a per diem rate, determined from time to time by the Surgeon General, which shall, subject to the availability of appropriations, be approximately equal to the per diem operating cost per patient of such facilities, except that such per diem rate shall not be greater than the comparable per diem operating cost per patient at the National Leprosarium, Carville, Louisiana."

Subsec. (b). Pub. L. 99-117 amended subsec. (b) generally. Prior to amendment, subsec. (b) read as follows: "The Surgeon General may provide by regulation for the apprehension, detention, treatment, and

release of persons being treated by the Service for leprosy."

1979—Subsec. (a). Pub. L. 96–32 substituted "apprehended under subsection (b) of this section or section 264 of this title" for "apprehended under section 256 or 264 of this title".

1978—Pub. L. 95–626 designated existing provisions as subsec. (a) and added subsec. (b).

1960—Pub. L. 86–624 struck out ", Territory, or the District of Columbia" after "proper health authority of any State", and substituted "Board of Health of Hawaii" for "Board of Health of the Territory of Hawaii".

1952—Act June 25, 1952, provided for payments to Hawaiian Board of Health for expenditures made by them in care and treatment of patients.

1948—Act June 25, 1948, authorized payment of travel expenses of indigent leper patients.

STATUTORY NOTES AND RELATED SUBSIDIARIES

CHANGE OF NAME

Pub. L. 107–220, §§1(b), 2, Aug. 21, 2002, 116 Stat. 1332, provided that:

"(b) PUBLIC LAW 105–78.—References in section 211 of Public Law 105–78 [amending this section and enacting provisions set out as a note under this section], and in deeds, agreements, or other documents under such section, to the Gillis W. Long Hansen's Disease Center shall be deemed to be references to the National Hansen's Disease Programs Center.

"SEC. 2. OTHER REFERENCES.

"Any reference in a law, map, regulation, document, paper, or other record of the United States to the Gillis W. Long Hansen's Disease Center shall be deemed to be a reference to the 'National Hansen's Disease Programs Center'".

EFFECTIVE DATE OF 1960 AMENDMENT

Amendment by Pub. L. 86–624 effective Aug. 21, 1959, see section 47(f) of Pub. L. 86–624, set out as a note under section 201 of this title.

RELOCATION OF NATIONAL HANSEN'S DISEASE PROGRAMS CENTER

Pub. L. 105–78, title II, §211(a)–(g), Nov. 13, 1997, 111 Stat. 1489, as amended by Pub. L. 107–220, §1(b), Aug. 21, 2002, 116 Stat. 1332, provided that:

"(a) The Secretary of Health and Human Services may in accordance with this section provide for the relocation of the Federal facility known as the National Hansen's Disease Programs Center (located in the vicinity of Carville, in the State of Louisiana), including the relocation of the patients of the Center.

"(b)(1) Subject to paragraph (2), in relocating the Center the Secretary may on behalf of the United States transfer to the State of Louisiana, without charge, title to the real property and improvements that as of the date of the enactment of this Act [Nov. 13, 1997] constitute the Center. Such real property is a parcel consisting of approximately 330 acres. The exact acreage and legal description used for purposes of the transfer shall be in accordance with a survey satisfactory to the Secretary.

"(2) Any conveyance under paragraph (1) is not effective unless the deed or other instrument of conveyance contains the conditions specified in subsection (d); the instrument specifies that the United States and the State of Louisiana agree to such conditions; and the instrument specifies that, if the State engages in a material breach of the conditions, title to the real property and improvements involved reverts to the United States at the election of the Secretary.

"(c)(1) With respect to Federal equipment and other items of Federal personal property that are in use at the Center as of the date of the enactment of this Act [Nov. 13, 1997], the Secretary may, subject to paragraph (2), transfer to the State such items as the Secretary determines to be appropriate, if the Secretary makes the transfer under subsection (b).

"(2) A transfer of equipment or other items may be made under paragraph (1) only if the State agrees that, during the 30-year period beginning on the date on which the transfer under subsection (b) is made, the items will be used exclusively for purposes that promote the health or education of the public, except that the Secretary may authorize such exceptions as the Secretary determines to be appropriate.

"(d) For purposes of subsection (b)(2), the conditions specified in this subsection with respect to a transfer of title are the following:

"(1) During the 30-year period beginning on the date on which the transfer is made, the real property and improvements referred to in subsection (b)(1) (referred to in this subsection as the 'transferred property') will be used exclusively for purposes that promote the health or education of the public, with such incidental exceptions as the Secretary may approve.

"(2) For purposes of monitoring the extent to which the transferred property is being used in accordance with paragraph (1), the Secretary will have access to such documents as the Secretary determines to be necessary, and the Secretary may require the advance approval of the Secretary for such contracts, conveyances of real or personal property, or other transactions as the Secretary determines to be necessary.
